drug usage & education & punishment & treatment & prevention, youth, report of World Health Organization, 844

drug usage, psychopathology, adolescents, 11308

drug use & abuse in army environment, 5023

drug use for pleasure as complex social problem, 861

drug use patterns, Greenwich Village residents in 1950s vs 1970s, 869

drug use patterns, Mexican-Americans vs Anglo-Americans, 856

drug use, Great Britain, 10982

factor analysis, self-reported drug use, junior & senior high school students, 6986

hallucinogenic drugs, cerebral deficit, drug users vs. nonusers, 1183

illicit drug usage, methadone maintenance patients, 5678

individual differences, Haight-Ashbury drug-using subculture & MMPI psychopathic scale, addicts in detoxification program, 5647

inhalation of volatile drugs, adolescents, catamnestic study, 1357

life stresses & drug use patterns, middle-class housewives, 850

life style determined by selected living unit, drug usage & attitudes toward marihuana legalization, college students, 8970

- locus of control & ambiguity tolerance & authoritarianism & conformity, drug usage female college students, 10970
- LSD & psychedelic drug use, college students, 866
- medical-psychiatric & legal-penal comments, Spanish legislation on drug use, 8980
- medicinal usage & mood-modification & tripping, typology of drug use, high school students, 901
- mood modifying drug usage, 4-H & non-4-H 12-16 yr olds, 7000
- nonmedical use of cannabis & LSD & mescaline & amphetamines & barbiturates, medical students in 1970 & 1972, 2915
- parent vs peer drug usage, marihuana & other psychotropic drug use, high school students, 4997
- parental drug use & personal problems & negative view of world, drug use patterns, high school students, 6956
- perceived availability of drug in school, abuse of marihuana & LSD & barbiturates & amphetamine, junior high & high school students, 8990
- perceived dimensions for combinations of drug substances, 17 24 yr old male experienced street drug users, 8749
- personal & social characteristics, drug usage, Swiss 19 yr olds, 4966
- personal & social predictors, patterns of drug usage, college students, 6989
- personalities as measured by MMPI, LSD users vs. nonusers, 1093
- personality characteristics & drug usage attitudes, 12th grade habitual vs. occasional vs. non-drug users, implications for research & drug education & preventive & therapeutic services, 895
- personality characteristics, use of marihuana & hashish, 17 23 yr olds in Canada vs U.S., 6963
- personality traits & drug knowledge, frequency of drug use, college students, 847
- pharmacology & physiological & psychological effects & usage patterns & motivations & laws, drug education, students, 4974
- prevalence of drugs & drug usage attitudes, high school students, Germany, 4996
- prevention & management guidelines & treatment, psychotropic drug overdose, 5626
- psychological characteristics, drug abuse, clients of community drug program—marihuana users & opiate & nonopiate user—staff members, 11768
- psychosis associated with psychedelic drug use, 3 case histories, 1240
- race & minority group status, drug usage, black & white & American Indian & oriental college students, 5020
- rating scale, measuring severity of multidrug use, psychiatric patients, 9364
- rehabilitation as defense strategy & attorney role in rehabilitative process, legal aspects of drug use, 11383
- self concept on Tennessee Self Concept Scale, young adult psychedelic & hallucinogenic drug users, 854
- social & drug using backgrounds, help-seeking, drug patients, 3464
- thebaine derivative CI 110,393, effects, drug users, 2581
- type of drug & usage rate & method of use & duration of drug involvement & age first used, construction of drug involvement scale, US Navy & Marine Corps enlisted men, 11362
- understanding of self & others & acceptance of societal values, use of LSD, 16 28 yr old users vs nonusers, 6973
- use & abuse of psychostimulants & other drugs, medical students, 10948
- use of tobacco & alcohol & marihuana vs. opiates & LSD & amphetamines & peer & parent & sibling drug use, drug use patterns, urban high school students, 884
- Drug Usage Attitudes**
- attitudes about marihuana legalization vs political views, high school & college student users & nonusers of marihuana, 2878
- attitudes toward drug users, law students vs nurses vs members of police drug squad, 5077
- attitudes toward drug-related behaviors, nontreated vs methadone maintenance treated heroin addicts vs mental health therapists, 7399
- authoritarianism & alienation, prediction of ethnic intolerance & drug use tolerance attitude change after changing schools, high school students, 873
- demographic & background characteristics & social attitudes & perceived consequences, marihuana use, college students, 4977
- demographic characteristics & values, attitudes toward use of tranquilizers in general & specific situations, 5653
- drug usage & attitudes, adolescents, 8958
- guidelines, drug education programs, 1598
- IQ & sex & father's occupation & adjustment, drug attitudes after drug prevention education program, 7th graders, 1816
- knowledge & attitudes toward drug usage, implications for drug education & prevention programs, 6980
- level of involvement with marihuana, attitudes toward marihuana, high school students, 907
- life style determined by selected living unit, drug usage & attitudes toward marihuana legalization, college students, 8970
- modified form of A. Marcus's Alcoholism Questionnaire, attitude toward drug abuse & abusers, college students & heroin addicts in methadone treatment program, 7366
- personality characteristics & drug usage attitudes, 12th grade habitual vs. occasional vs. non-drug users, implications for research & drug education & preventive & therapeutic services, 895
- prevalence of drugs & drug usage attitudes, high school students, Germany, 4996
- self-reported patterns, marihuana use, college students, 2883
- suburban & inner city & rural environments, knowledge of drugs & their effects, high school students & counselors, 9863
- urban environment & grade level & race & socioeconomic status & sex, knowledge & attitudes toward drugs, 5th 11th graders, 851
- Drug Withdrawal**
- abrupt withdrawal of chlordiazepoxide, anxious neurotic outpatients, 5623
- alcohol & barbiturate & bromide withdrawal syndromes, mice, 6613
- alcohol intoxication & withdrawal, mice, 6621
- alcohol-induced sensory superactivity, hallucinations during alcohol withdrawal, 2604
- alcoholic withdrawal period, sensorial vs motor vs reactive vs vestibular sleep insufficiency, chronic alcoholics, 9388
- amphetamine-barbiturate mixture treatment termination at different training stages, bar-pressing responses, rats, 4581
- antipsychotic medication removal vs active medication, phenomenological stages during decompensation & reintegration, chronic schizophrenics, 9259
- drug use patterns, French patients hospitalized during withdrawal, 7363
- ethanol, withdrawal syndrome, monkeys & dogs, 6607
- experimental alcoholization & withdrawal, affective changes, 2630
- inherited differences in alcohol withdrawal reaction intensity, male vs female mice, 10668
- naloxone, pentazocine dependence & withdrawal, hospitalized patients, 3660
- physiological discrimination of imagined withdrawal & high states, narcotic addicts under treatment, 5616
- pilocarpine, drinking behavior following acute & chronic diisopropylfluorophosphate treatment & during withdrawal, rats, 4642
- recovery & clinical symptomatology, acute alcoholization & withdrawal, 3398
- role of central noradrenergic neurons in alcohol withdrawal states, 6656
- signs & symptoms associated with withdrawal during continuous observation of experimental intoxication & withdrawal, 2602
- stimulus control of morphine-withdrawal hypothermia, rats, 589
- urinary biogenic amines & sleep stages, chronic alcoholism & withdrawal, 3343
- urinary excretion of monoamines & metabolites before & during & after withdrawal from barbiturates, barbiturate-dependent Ss, 3458
- 4 & 6 days of experimental alcoholization & withdrawal, sleep changes, humans, 2605
- Drug Withdrawal Effects**
- abrupt imipramine withdrawal, akathisia-like syndrome, 1 female & 2 male patients, 5371
- alcohol abstinence, personality & intelligence changes, jailed alcoholics, 9650
- alcohol withdrawal, sleep patterns & psychological & clinical changes, nicotinamide-adenine dinucleotide-treated alcoholics, 1623
- criteria, animal model of alcoholism, 8716
- demographic & cultural variables, hallucinations & clouding of sensorium, alcohol withdrawal patients, 1326
- diphenylhydantoin & chlordiazepoxide, prevention of alcohol withdrawal seizures, patients with histories of chronic alcoholism, 11665
- heroin & methadone addicted mothers, withdrawal, neonates, 5453
- hypomagnesemia & respiratory alkalosis, genesis of alcohol withdrawal symptoms, 6677

long-term administration & withdrawal of tetrahydrocannabinols, open-field behavior, rats, 6667

mesoridazine vs chlorpromazine, alcohol withdrawal syndrome, 11620

methaqualone abuse, addiction & withdrawal, 3417

methaqualone cessation, withdrawal symptoms, 10701

morphine, addiction & dependence & withdrawal effects, rats with posterior medial forebrain bundle lesions, 6532

neuroleptic drug withdrawal, clinical effects, schizophrenic children, 7660

self-administration of morphine before & during morphine dependence & after 1-6 mos of abstinence, relapse to morphine use, dogs, 2613

**Drugs (See Also Related Terms)**

a-dimethyltyrosine, induction of body color yellow mutant phenocopy & male courtship behavior, *Drosophila* strains, 4569

a-methyl-para-tyrosine & reserpine & levodopa induced catecholamine depletion, hyperactivity, neonatal rats, 8684

acetaldehyde or 4-methylpyrazole & ethanol, catecholamine metabolism & motor activity, mice, 8752

acetoxycycloheximide, retention of instrumental task, mice, 6674

allylglycine-induced epileptic seizures, neuronal loss & gliosis in hippocampus, 4511

amphetamine & centrophoxene & echinopsine & bemegride & hydrocortisone & pyridoxine, ethyl alcohol action, rabbits & mice, 10688

chemistry of polycyclic psycho-active drugs, 603

chlorodiethylphosphate, EEG, rabbits, 529

dimenhydrinate & temazepam, spiral aftereffect as measure of motion sickness susceptibility, college students, 6603

diphenylhydantoin vs. metronidazole vs. multivitamins, alcoholism, 25 58 yr. old alcoholics, 1595

disulfiram maintenance, outpatient treatment, alcoholics, 3639

disulfoton poisoning, maze performance, rats, 6600

gonadectomy & goldthioglucose injections, sex differences in body weight, mice, 10603

group psychotherapy & vocational & pastoral counseling & vs. disulfiram therapy, alcoholic 40 65 yr. old veterans, follow-up study, 1478

liothyronine sodium vs dextroamphetamine, psychotic & severely disturbed nonpsychotic euthyroid preschoolers, 9643

meglumine iohalamate, cerebrovascular permeability, 10684

methamphetamine & disulfiram, olfactory forebrain seizures, cats, 6606

morphine & sodium pentobarbital & chlorpromazine & naloxone, morphine specific seizure & death, polydextrolysine treated mice, 10675

neurotropic drugs, conditioning responses, 6680

perceived dimensions for combinations of drug substances, 17 24 yr old male experienced street drug users, 8749

psychoactive properties & chemical structure & pharmacological activity & therapeutic classification, psychotropic drugs, book, 600

pyrithioxine & EMD 17246 & diethanolamine-rutin, acute alcoholic intoxication, rats, 4602

saline vs methamphetamine hydrochloride vs hydroxydione sodium succinate vs amobarbital sodium vs methamphetamine hydrochloride & amobarbital sodium mixture, memories & feelings & reactions to drug interview, adult psychiatric patients, 9246

SQ-20,881 injected into preoptic or anterior hypothalamus, angiotensin I or II-induced water drinking, rats, 4472

trimebutine, psychomotricity & cognitive processes & sleep & mood & vigilance, 4571

vincristine, sensory disorder & weakness & motor conduction velocity & sensory action potential, patients, 7631

1-methyl-6-methoxy- 1,2,3,4-tetrahydro- 2-carboline & 5-hydroxytryptophan, ethanol drinking, rats, 6618

3,3-dimethyl-1-butanol carbamate, potentiation of nicotine-induced convulsions, mice, 4679

**Drunkenness (See Alcohol Intoxication)**

**Dualism**

dualistic hypotheses, recall & recognition, research review, 6294

mind body dualism implications of philosophical theories of person, misinterpretations of psychologists, 11157

**Ducks**

chronic dietary exposure to dieldrin, depletion of brain serotonin & norepinephrine & dopamine, ducks, 8743

distress-call vs pole-peck contingent reinforcement, distress vocalizations, ducklings, 4727

monocular vs binocular viewing, imprinted preference for 3-dimensional objects, ducklings, 4815

stimulus & environmental familiarity, visual imprinting, newly hatched ducklings, 4726

**Duodenum (See Intestines)**

**Duration (Response) (See Response Duration)**

**Duration (Stimulus) (See Stimulus Duration)**

**Dwarfism (Pituitary) (See Hypopituitarism)**

**Dyads**

anxiety & gaze aversion, dyadic encounters, college students, 2979

degree of intimacy & acquaintance, conforming behavior patterns, college students, 5046

ingratiation, Machiavellianism in 2-person interaction situation, 7031

opponent's cooperation & honesty, perception accuracy in cooperative behavior on Prisoner's Dilemma Game, same-sex pairs of college students, 9037

sex differences, interpersonal perception, male vs female dyads, 9052

shared vs. divided labor strategies in dyads, task performance effectiveness & efficiency, Army soldiers, 2005

similarity of needs, dyadic attraction & rejection, college students, 2986

social attraction & reciprocity norm, mutual self-disclosure in dyadic relationships, female college students, 2970

**Dying (See Death And Dying)**

**Dying Patients (See Terminally Ill Patients)**

**Dysarthria (See also Stammering, Stuttering)**

dysarthria severity & speech intelligibility, oral sensation & perception, dysarthric adults, 9468

dysarthria, verbal communication during course of neurocerebral attack, bilingual professor, 3102

hereditary disorder with abnormal copper metabolism & dementia & spastic dysarthria & vertical eye movement paresis & gait disturbance & splenomegaly, case report of 2 brothers, 11505

pronunciation, anarthric speech production, patients, 7485

**Dyskinesia**

antipsychotic drug therapy, tardive dyskinesia vs neurological conditions, 5670

attention concentration with vs without voluntary movements, dyskinesia & rabbit syndrome, schizophrenic patients, 9284

bucco-lingual vs bucco-linguo-masticatory dyskinesia vs rabbit syndrome, presence vs absence during NREM vs REM sleep vs sleep onset vs wakefulness, chronic schizophrenics, 5384

methylphenidate, tardive dyskinesia, 7639

pharmacology of striatum & pathophysiology, Parkinsonism & chorea & tardive dyskinesia, 7518

psychotherapeutic techniques, bronchial asthma & duodenal ulcer & arterial hypertension & nocturnal enuresis & biliary dyskinesia, general practitioners, 9607

thiopropazate, management of tardive dyskinesia, 7634

**Dyslexia**

auditory & visual perception test scores, learning rate & achievement, 9 13 yr old severely disabled readers, 9438

crossed laterality, visual defects, children with dyslexic-type reading problems vs normal readers, 11402

dyslexia, reading & writing, book, 5472

Marianne Frostig Developmental Test of Visual Perception & therapy program, diagnosis & treatment of dyslexia & stuttering & stammering & retardation of speech development & dysgrammatism, 5-9 yr olds, 11426

phenomenology & etiology, syndrome of specific dyslexia, book, 1384

psycholinguistic approach to error patterns, visual & grapheme-phoneme & syntactic-semantic dyslexia, 7114

reading difficulty, dyslexic children, 5465

self-esteem, 8 14 yr olds with dyslexia, 11494

**Dysmorphophobia**

obesity vs bulimia vs dysmorphobia, psychosomatic categories of dieters' questions, 9202

**Dysphonia**

acoustic impedance measurement of middle ear muscle dysfunction, spasmodic dysphonia patients, 7526

**Dysphoria (See Restlessness)**

**Dyspnea (See also Asthma)**

personality traits, self-rating of dyspnea, asthmatics vs patients with psychogenic respiratory disturbances, 9486

**Dysthymia (See Depression (Emotion))**

**Dystrophy (Muscular) (See Muscular Dystrophy)**

**Ear (Anatomy)** (See also Cochlea, External Ear, Middle Ear, Vestibular Apparatus)  
**Ear Canal** (See External Ear)  
**Ear Disorders** (See also Motion Sickness)  
 pure-tone acuity & speech-reception thresholds, sensorineural vs cochlear disorders, review, 5529  
 study of deaths on metropolitan hospital otolaryngology service, implications for care of dying patients, 5804  
**Ear Ossicles** (See Middle Ear)  
**Early Childhood** (See Preschool Age Children)  
**Early Childhood Development**  
 attitudes toward childrearing & quality of childhood experiences, agreement with women's liberation, male & female college students & women in continuing education, 5006  
 behavior patterns which help animals to learn, application to early childhood learning, 608  
 behavioral maturity, Anglo-American vs Mexican-American 3.5 yr olds, 6876  
 behavioral observations, nondestructive vs destructive aggression, neonates & mothers, 778  
 child-rearing practices, social & intellectual competence, birth to 6 yrs, 2823  
 childhood autonomy crises, psychosocial development & aggression, 2.3 yr old Utku Eskimo children, 2811  
 day care programs in U.S.A. vs other nations, infant & early childhood development policies, book of readings, 713  
 determining relevant environments for intervention programs, childhood development, challenge for developmental psychologists, 2774  
 development in early childhood, musical perception & ability, 745  
 development of retrieval strategies, 3.5-6.5 yr olds, 10876  
 developmental rotation in mental development, 1.6 yr olds, 8895  
 disturbed mother-child relationship in pregenital phase, psychosomatic disorders, 5285  
 early childhood environment, cognitive development, 11 yr olds in Guatemala vs U.S., 10865  
 early childhood experiences, achievement motivation, females, 10885  
 early experience & childhood parental absence, depression & marital & family-building problems, women, 10898  
 early life experiences, suicidal children & adolescents, preventive role of teacher, 7410  
 extreme dependency of infants, development of mature heterosexual relationship, psychoanalytic theory, 757  
 family & mother-child relations, obese girls, 5302  
 family background & childhood experiences, development of prostitutional behavior, 20-46 yr old women suspected of prostitution & venereal disease, 5297  
 imitation & interpretation, early language development, 748  
 logical inference & coordination of experiences, children under 7 yrs, 724  
 onset of smiling & sitting alone, early mental retardation diagnoses, 5 mo to 6 yr olds referred for developmental problems, 1400  
 parental control, development of independent behavior, young children, 6881  
 parental relationships & early social experiences, young activist male homosexuals & heterosexuals, 9420  
 parental use of LSD, physical & mental & motor development, infants, 6610  
 relatives with hyperactive childhoods or presently alcoholic, hyperactivity, children, 3288  
 response index choice & effects on conclusions drawn from experiment, multivariate approach to early learning, 749  
 school psychologist role, early childhood education programs, 3822  
 separation from parent in childhood, predicting infant management difficulties, mothers, 10897  
 separation-individuation process, adolescent development, 712  
 separation-individuation process, infant & childhood development, implications for determining mental health & therapeutic potential, 715  
 severe early childhood croup, later parent-child relations, 3560  
 sleeping position, motor & mental development, 7 mo olds, 741  
 stimulus novelty, visual & factual inspection of objects, 6-14 mo old infants, 10864  
 structured vs unstructured activity, development of rhythmic behavior, preschool children, 755  
**Early Experience**  
 alcohol & rearing under maternal & peer deprivation, growth rate & physical dependence & oral preference, infant monkeys, 6645

amount of original escape training, onset of 24-hr memory capacity, neonatal mice, 4746  
 anosmia & rearing with female littermates vs social isolation, development of sexual behavior, male rats, 10796  
 artificial mothers & visual experience, adrenal responsiveness, infant monkeys, 6439  
 childhood experiences, excerpts from autobiographies of celebrities, 10830  
 complex vs social vs isolated rearing environments, dendritic branching in frontolateral & temporal cortex, rats, 8507  
 continuous illumination from birth, spine density of neurons in visual cortex, rats, 6361  
 corticosterone in infancy, increased reactivity & impaired adaptability in operant lill  
 developmental trends vs patterns taught for forming letters, stroke direction & sequence in copying geometric shapes, American vs Israeli children vs adults, 6931  
 early deprivation of nest materials, development of nest-building behavior, weaverbirds, 4684  
 early enrichment vs deprivation, learning, monkeys, 4713  
 early environmental influences, loss of depth avoidance, chicks, 4821  
 early experience, drinking-tube preference, chicks, 6699  
 early experience, establishment & modification of food & taste preferences, animals, implications for food preferences in man, 6703  
 early hunger & thirst & mother litter separation, late effects on learning & memory, male rats, 10754  
 early impoverished rearing in restricted laboratory, long-term cognitive deficits, chimpanzees, 4704  
 early social experience, sexual receptivity to other species, guinea pigs, 6771  
 early social isolation & repeated exposure to testing situation, imitative pecking, chicks, 8832  
 early social isolation, basal cortisol levels & adrenal cortex reactivity to ACTH injection or novel environment stress, rhesus monkeys, 8566  
 early socialization, species awareness, chicks, 6780  
 early stimulation, growth & development & emotional reactivity & learning & adaptive responses, rodents, critical review of present interpretations, 8766  
 enriched social vs restricted individual cage rearing before surgery, exploration & fluid consumption & learning, septal lesioned rats, 8614  
 enriched vs deprived vs normal environmental rearing conditions, ethanol consumption, rats, 633  
 experience & estradiol benzoate & progesterone, receptivity, rats, 8700  
 first experiences, determining subjective states, high school students, 9121  
 free environment as enrichment experience, reversibility of learning deficits due to early environmental restriction, rats, 10721  
 gamma irradiation during embryological development, radiosensitive period of pecking response after birth, chicks, 6578  
 genotype & neonatal irradiation, diallel genetic analysis of open-field locomotion & elimination, mice, 455  
 handling in infancy, open-field activity & exploratory behavior & stimulus approach behavior, rabbits, 2683  
 handling vs no handling in infancy, frustration- & fear-motivated behavior, rats, 10729  
 home environment & parental rejection, personal & social adjustment, schizophrenics & male juvenile delinquents, Chile, 7344  
 incubated vs nonincubated maternal separation, emotional reactivity, mice, 2730  
 infantile faradic stimulation or handling & postweaning intermittent fasting & feeding regime, development & life span, female rats, 6688  
 infantile handling, plasma catecholamine response to acute noxious stimulation, adult mice, 6440  
 infantile stimulation, exploratory behavior, rats, 6766  
 isolated vs crowded conditions at weaning vs activity in open-field conditions, rats, 6798  
 learning constraints, learning to discriminate food & nonfood items, chicks, 626  
 light- vs dark-rearing, depth discrimination, rats, 8861  
 litter size & postweaning isolation vs grouping, adult emotionality, male vs female mice, 6743

- maternal & littermate separation, behavioral & cardiac rate responses, 2-wk-old rats, 413
- maternal dependency, aggressive behavior, rats, 4791
- maternal stress, fertility & sex ratio, rats, implications for sex ratios of schizophrenic mothers, 4408
- mother-infant separation, induction of adrenal catecholamine-synthesizing enzymes, infant monkeys, 10553
- negative childhood experiences, homosexuality genesis, lesbians & heterosexual females, 5423
- neonatal sodium levothyroxine stimulation, motor performance & physical growth & maze & avoidance learning, rats, 6604
- neonatal starvation, somatosensory evoked responses during development, rats, 4367
- neonatal undernutrition without maternal & social deprivation, adult behavior deficits, rats, 458
- neonatal undernutrition, brain cell number & motor activity, rats, 6502
- nutrition, change in weight & cardiac & respiratory rate & independence of behavior, rat pups separated from their mothers, 8551
- parental deprivation in early childhood, depression, 5329
- parental early drug experience with trifluoperazine & cross-fostering, learning ability, rats, 2600
- postweaning handling & prior learning sophistication & shock intensity, avoidance conditioning, wild vs domestic Norway rats, 8628
- premating vs. postnatal exposure to shock, adult offspring avoidance conditioning performance, male vs. female mice, 650
- prior exposure to novel environment & animate objects, approach tendency, chicks, 677
- profound environmental deprivation early in development, response to subsequent deprivation, monkeys, 8806
- reactivity of target S manipulated by injections of chlorpromazine, attack-fighting behavior & generalization to nontreated conspecifics, isolation-raised male mice, 8828
- rearing from birth with mothers & subsequent separation at 60 vs 90 vs 120 days of age & housing alone vs in pairs, behavior, monkeys, 4794
- rearing in captivity, species-specific behavior patterns & time of appearance in ontogeny, male antelopes, 10715
- rearing in enriched vs standard environment, open-field activity & defecation & running wheel activity & exploration, mice, 6731
- rearing in partial isolation, dominance-submissiveness behaviors, monkeys, 10786
- rearing in social isolation, stereotyped movements, sighted vs severe visual acuity deficit macaques, 4763
- rearing in standard vs enriched laboratory cages, brain & body weights, mice, 8767
- rearing with temporal auditory pattern, subsequent preference for pattern, rats, 2747
- reinstatement of specific vs nonspecific early experiences, later learning, rats, analog for human development, 6759
- separation from mothers, activity & contact & mixed & sex play & object manipulation, group-reared infant monkeys, 6783
- sex role identification during early life experiences, transsexualism, 2 Chinese brothers who underwent sex-change surgery to female status, case report, 5332
- shock thresholds, low- vs high-protein-reared rhesus monkeys, 2559
- social behavior & aggressiveness, stump-tail vs rhesus monkeys born in laboratory & separated from mothers within 24 hrs, 2728
- social development, infant monkeys raised with peers vs raised with mothers vs raised with mother surrogates, 4766
- social isolation during development, sexual behavior, rats, 6778
- stimulus & environmental familiarity, visual imprinting, newly hatched ducklings, 4726
- testosterone propionate vs. estradiol benzoate after postnatal Day 10, precocious mating without vs effects on sexual clasping or ambulation, male rats, 530
- total social isolation for 1st 6 mo. of life & subsequent exposure to surrogate & housing in pairs, social behavior, monkeys, 678
- toy assortment & company of other rats vs individual compartments without toys & maze testing after age 509 days, brain weight & cerebral dimension changes, rats, 6376
- variable-temperature surrogate mother apparatus, attachment studies, infant monkeys, 667
- weaning age & adult handling, avoidance conditioning & open-field behavior & plasma corticosterone, rats, 4324
- Early Infantile Autism**
- chromosome anomalies & viral infections & intrauterine & perinatal factors & epilepsy & infantile autism & mental illness, mental retardation & developmental disability, review of research, 1195
- diagnosis & differential diagnosis, infantile autism, 3360
- East German Democratic Republic**
- dissertations as system parameters in German psychology from 1885 1969, 10139
- German Democratic Republic Penal Code & importance of expert testimony of psychiatrist, sexual offenders, 5410
- psychiatric misjudgments in German restitution proceedings, claimants who were infants during Nazi regime, 8991
- societal vs family influence, socialization, East German children, 10835
- Eating**
- attendant operated feeding program, severely & profoundly retarded adult females, 9440
- degree of obesity & food deprivation & palatability, eating behavior, obese vs normal weight Ss, 7253
- meal eating, pleasantness of food & nonfood odors, 4808
- Eating Patterns**
- crash diet weight loss, severe psychotic disturbances, 9322
- daily eating habits & emotional states, success in maintaining weight loss, overweight persons, 11371
- feeding regimen for correction of infantile feeding habits, handicapped children, 7514
- free food intake before lunch, judging consequent consumption & role of internal cues in food control, 46 yr olds, 6822
- liquid & solid preloads, eating behavior, obese & normal college students, 7402
- massed electrical aversion therapy, compulsive eating, 2 female patients, 3724
- self-reinforcement & systematic isolation from associated stimuli, overeating control, obese 55-yr-old woman, 3707
- Echolalia**
- echolalia similarities, delayed acquisition of language meaning & structure systems, autistic children & blind infants, 7242
- Echolocation**
- electrical brain stimulation & location of stimulation electrodes in dorsal part of reticular formation in midbrain or lateral part of central gray matter, evocation of orientation sounds, echolocating bats, 10637
- Ecological Factors** (See also Pollution)
- biological & ecological variables & socialization, body-build stereotypes in cross-cultural perspective, 8930

**Educable Mentally Retarded**

ability to learn to read, mentally retarded 17-20 yr olds, 11983

academic integration vs segregation, self-concept, 14-16 yr old inner-city educable mentally retarded, 7988

acoustic impedance measurements, 5-14 yr old hard of hearing educable mentally retarded, 3511

attitudes toward placement in special class, 8 17 yr old educable mentally retarded, 5955

auditory vs visual perceptual training, learning efficiency in language & perceptual & academic skills, educable mental retardates, 5949

auditory vs visual stimulus & oral vs written response modes, activity levels in easy vs hard tasks, mildly retarded 11-15 yr olds, 5479

background music, task relevant & irrelevant learning, educable mentally retarded, 3489

Bender Visual Motor Gestalt Test performance, reading & arithmetic achievement, 9 15 yr old retardates, 7990

career education needs, secondary level educable retarded students, 3931

channel capacity, educable mental retardates, 1402

color modality, incidental learning, mildly retarded vs normal children, extension of H. Goldstein & C. Kass's findings, 5478

counting & tracking of sequential visual stimuli, educable mentally retarded vs younger boys with comparable MA, 5484

current desired activities, accepted vs rejected educable mentally retarded 11 14 yr old boys, 7450

digit span, idiot savants vs educable retardates, 7469

elaboration vs highlighting vs no special instructions, individual picture vs display recognition, junior high school educable mental retardates, 7983

group processes, educable retardates, 5470

hand function measurement, 12-14 yr old educable mentally retarded vs normal girls, 7465

integrated vs segregated traditional vs no-interior-wall schools, social position & acceptance, educable mental retardates, 5941

integration &/or segregation system, special education & class placement, educable mentally retarded children, 1909

intellectual development & perceptual salience, intentional & incidental recall, 1st & 4th & 6th grade mildly retarded & average IQ children, 7462

isolation as punishing stimulus, disruptive behavior, 8-yr-old retarded girl in preschool classroom setting, 11974

Language Improvement to Facilitate Education using Perceptual Training & Thinking Activities Programs, 8 12 yr old mildly retarded children with severe or profound hearing impairment, 5954

Let's Look at Children Written Exercises, measuring intelligence, educable mentally retarded 1st graders, 9942

live & film-mediated modeling, imitation learning of use of telephone, institutionalized educable mentally retarded, 7471

Make-A-Picture Story test, self-identification, educable mentally retarded vs normal 10-yr-old boys, 5486

mediational & paired-associate learning pretraining, long-term retention, educable mentally retarded, 5948

modeling & verbal cues, learning, educable mental retardates, 9943

perceptual ability & stimulus identifiability, paired-associate learning, 10-14 yr old educable mental retardates, 3486

perceptual tempo manipulated by instructions to use reflective vs impulsive responding style, visual perceptual accuracy, black vs white male vs female 7-12 yr old educable mental retardates, 9446

performance charts & money, comprehension of instructional filmstrips, educable mentally retarded 12 15 yr olds, 3933

personality characteristics & inappropriate environmental attitudes, delinquent mildly mentally retarded male adults, 5476

photography & mirrors & films & videotape, extension of self-awareness & self-concept, learning disabled vs gifted vs educable mentally retarded pre-adolescents, 5939

reading achievement, educable or reading mentally retarded 5th 10th vs normal 6th 7th graders, implications for regular vs special education classroom placement in Denmark, 5952

regular vs special education classroom placement, WISC & reading achievement, male vs female brain-injured vs educable mentally retarded vs psychologically evaluated elementary school students, 9947

reliability & validity of items & whole test, pictorial nonreading vocational preference test, educable mentally retarded youth, 5933

self-ratings vs teacher ratings, 9-15 yr old educable mental retardates, educational implications, 9951

serial recognition of whole vs half faces in upright vs inverted procedure, educable mental retardates, 3482

sex & competitive vs noncompetitive instructions & presence vs absence of social stimulation, simple motor performance, educable mentally retarded, 5481

social acceptance, educable mentally retarded in regular school classes, 9955

stimulus alternation, sequential information processing, 15-yr-old educable mental retardates & 10-yr-old normals, 9449

surrogate vs natural parents, social position & influence on language habilitation, institutionalized vs noninstitutionalized educable mental retardates, 5475

teacher practices, cognitive performance & emotional behavior, children in educable special classes, 7986

total body movement training, understanding geometric forms, educable mentally retarded 8 13 yr olds, 9946

training in situational problem solving & planning in small group discussion & table games & craft activities, cognitive skills, educable mental retardates, 5947

training mothers in behavior modification principles, play interaction, 4-10 yr old educable mental retardates, 9734

typewriting, reading & spelling achievement & motor development, educable mentally retarded 8 15 yr olds, 5940

vocational evaluation & placement program establishment, responsibility of school systems to educable mentally retarded, 3932

WISC vs WAIS IQ scores, institutionalized educable mentally retarded adolescents, 5489

Written Exercises for First Graders, test appropriateness, educable mentally retarded children, 1389

- preconditioning train stimuli to center median nucleus, cortically-induced peripheral motor nerve activity, cats & monkeys, 6516
- receptive-field organization of neurons in superior colliculus, cats, 8510
- recording from specific folia of cerebellar vermis by direct visualization of area, awake cats & monkeys, 8537
- repeated lingual gustatory stimulations, chorda tympani fiber impulse discharges, female rats, 8522
- rest vs activity, electric reactivity of vestibular system, mentally retarded girls, 11407
- rhythmic positive & background temporal spikes & posterior temporal sharp waves, normal vs abnormal EEG patterns found in epilepsy & behavioral disorders, 1193
- S-protein system, electrophysiological phenomena, rats & schizophrenics & nonschizophrenics, 7266
- serotonin & catecholamines & ponto-geniculo-occipital wave activity, paradoxical sleep & waking & sleep & dreaming, 383
- shock-induced anxiety, noise in visual system, postgraduate & college students & faculty members, examination of D. Vickers & T. Nettelbeck & R. Wilson's noise index, 2536
- sleep & wakefulness, parietal association cortex neurons discharge, monkeys, 4341
- sleep & waking, cortical interneurons, monkeys, 4371
- sound signals with interaural differences, impulse activity of auditory cortex, cats, 4330
- spontaneous activity & single unit responses of bulbar raphe nuclei & mesencephalic reticular formation, unanesthetized cats, 6366
- static electrical field, functional condition of CNS, rabbits, 6408
- stimulation & depression of lateral geniculate body & mesencephalic reticular formation, synaptic organization of neuronal background activity in visual cortex, rabbits, 4545
- stimulus frequency, synchronization of auditory nerve discharges, monkeys, 10512
- stimulus movement, retinal ganglion cells responses, cats, 2486
- strain differences & Metrazol, elicitation of photically evoked after-discharge, rats, 8575
- strain differences, body weight & tail length & caudal nerve conduction, mice, 436
- strychnine applied to postcruciate arm cortex, primary evoked response & corticofugal reflex discharge, cats, 2577
- target location variation, on-center retinal ganglion cell peripheral responses, cats, 2513
- temperature stimulation, activity of slowly adapting mechanoreceptors of cutaneous dorsal root fibers from receptive fields on proximal-lateral portions of hind limb, cats, 8502
- thalamic & transcallosal & pyramidal stimulation, neuron responses in pericruciate cortex, cats, 4535
- trimethaphan-induced hypotension, electrocorticogram & intracranial pressure & central venous pressure & carotid blood flow, dogs, 365
- variants of single call type, single neuron responses in auditory cortex, monkeys, 6402
- visual cortex, integration of auditory information, cats, 2482
- visually guided discrimination task, single lateral geniculate cell responses, cats, 8517
- voluntary & automatic behavior including barpressing on continuous reinforcement & fixed-ratio schedule, hippocampal slow waves & firing of theta cells, rats, 8506
- walking & running on treadmill, activity of rubrospinal neurons giving axons to lumbosacral spinal cord, thalamic cats, 6561
- walking & running on treadmill, activity of vestibulospinal neurons giving axons to lumbosacral spinal cord, mesencephalic & thalamic cats, 6560
- 6-hydroxydopamine, CNS & electrical activity of brain, literature review, 6639

## Electrical Brain Stimulation

- adrenergic cerebral structures, unspecific response to stimulus, rats, 6570
- alcohol preference following electrical stimulation of lateral hypothalamus & subsequent alcohol deprivation, diazepam vs hashish intake, rats, 464
- ambient temperatures, stimulus-bound-eating, rats implanted with electrodes in perifornical lateral hypothalamic area, rats, 8579
- analog-to-digital converter, dynamics of intracranially reinforced barpressing response, 520
- antidepressive & antianxiety & antiepileptic & neuroleptic & stimulating drugs, seizures induced by sensitization with low intensity brain stimulation, rats, 4444
- antiepileptic effects of tetrahydrocannabinol, clinical & electrographic seizure activity evoked by electrical stimulation of amygdala, rats, 4582
- arousal effect of olfactory stimulation, neocortical & hippocampal electrical activities, cats, 6399
- associative bonding between stimuli of brain & environment where self-stimulation occurs, test of I. I. Lenzner's model of intracranial reinforcement, rats, 8652
- aversive footshock stimulation, inhibition & facilitation of self-stimulation of hypothalamus, rats, 468
- basal preoptic hypogenic area stimulation, extracellular positive field potential in brain stem & thalamic activating system, encephale isole cats, 6519
- behavioral thermoregulation, self-stimulation of preoptic & lateral hypothalamus, rats, 4549
- bilateral mesodiencephalic lesions, orienting response & EEG desynchronization elicited by stimulation of intralaminar thalamic nuclei, cats, 8667
- bilateral single-pulse stimulation of caudate nucleus or ventral hippocampus, neuroanatomical localization of memory disruption, mice, 6584
- brain electrical stimulation, agonistic behavior, juvenile gulls, 4479

- brief tetanic stimulation of hippocampal perforant path into dentate area, synaptic plasticity of stimulated fibers, rabbits, 6515
- caudate stimulation, classical leg flexion conditioning, cats, 6563
- cerebral cortex electrical stimulation, arousal response, cats, 6583
- cerebral self-stimulation, oscillatory evoked potentials, rats, 8621
- cerebral stimulation, formation of behavioral responses, cats, 4461
- chemical & electrical self-stimulation of lateral hypothalamus, drinking behavior, male rats, 10626
- chlorpromazine & phentolamine & propranolol hydrochloride, electrical self-stimulation, rats, 8706
- conditioned taste aversion, disruption of eating induced by lateral hypothalamic electrical stimulation, rats, 10641
- contact method, simple technique for electrical self-stimulation without external leads, rats, 8668
- cortical spreading depression, behavior elicited by electrical stimulation of lateral hypothalamus, rats, 6540
- cortical stimulation intensity location, production of seizures & retrograde amnesia, rats, 482
- dextroamphetamine sulphate & chlorpromazine hydrochloride &  $\alpha$ -methyl-p-tyrosine & pimozide, self-stimulation of noradrenergic cell concentrations of locus coeruleus at 21 sites, male rats, 8655
- dextroamphetamine, fixed interval performance maintained by electrical stimulation of brain vs food reinforcement, rats, 10655
- dextrotubocurarine induced paralysis, electrical brain stimulation as reward for changing firing rate of sciatic nerves, rats, 452
- differential response training to 2 different tones, response transfer with electrical stimulation at 2 different pulse repetition rates, cats, 8607
- direct electrical stimulation of cortex, training & task-related differences in retrograde amnesia thresholds, rats, 4486
- double-pulse stimulating technique & behavioral measurements of elicited response, estimation of refractory period of hypothalamic thirst pathway, male rats, 8627
- EEG recording during acquisition & performance of conditioning avoidance task, differentiation of electrical rhythms & functional specificity of hippocampus, rats, 10527
- electrical & airborne odor stimulation, unit responses of ventrolateral fasciculus of medial forebrain bundle in lateral hypothalamus, rats, 4529
- electrical brain stimulation & location of stimulation electrodes in dorsal part of reticular formation in midbrain or lateral part of central gray matter, evocation of orientation sounds, echolocating bats, 10637
- electrical brain stimulation & strain & interstimulation interval effects, motor seizure development rate, male rats, 6566
- electrical brain stimulation as Pavlovian conditioned inhibitor, rabbits, 500
- electrical brain stimulation, effectiveness as reinforcement of food consumption, aphagic cats, 6523
- electrical brain stimulation, intracellular recording of unit activity of primordial hippocampus, frogs, 4544
- electrical lateral hypothalamus stimulation & arousal & food deprivation, initiation of hoarding behavior, rats, 6517
- electrical stimulation & scopolamine, retrograde amnesia & cholinergic systems in caudate-putamen complex & dorsal hippocampus, rats, 4449
- electrical stimulation of anterior limbic cortex or amygdala, attenuation of anticonvulsant properties of tetrahydrocannabinol, rats, 8620
- electrical stimulation of caudate nucleus, inhibition of affective or stalking attack behavior elicited by hypothalamic stimulation, cats, 8650
- electrical stimulation of diencephalon evocation of calls, male chicks, 6509
- electrical stimulation of lateral hypothalamus, ethanol consumption, rats, 2579
- electrical stimulation of periaqueductal gray matter, analgesia & inhibition of spinal cord interneurons, cats, 4501
- electrical stimulation of pontine tegmentum, attack & grooming & threat, cats, 4469
- electrical stimulation of prefrontal cortex, behavioral deficits, monkeys, 4538
- electrical stimulation of pyriform cortex, hypothalamically-elicited aggression, cats, 4532
- electrical stimulation of raphe dorsalis vs pontis & magnus nuclei, ponto-geniculate-occipital cortex wave suppression during REM sleep & mild arousal & orienting responses & feeding suppression when deprived of food, cats, 8630
- electrical stimulation of septal region or hypothalamus & anesthetization & stimulus frequency & pulse-train duration, cardiovascular responses, rabbits, 10617
- electrical stimulation of substantia nigra pars compacta, memory disruption, rats, 2572
- electrical stimulation of substantia nigra, feeding & drinking & gnawing & self-stimulation, rats, 10634
- electrical stimulation of substantia nigra, induced motor responses, cats, 8670
- electrical stimulation of torus semicircularis, evoked vocal patterns, redwinged blackbirds, 4514
- electrical stimulation of ventral fornix columns, reinforcing properties, male rats, 4470
- electrical stimulation of ventral midbrain extension of hypothalamic medial forebrain bundle, copulation & ejaculation, rats, 477
- electrical stimulation of visual system, photically oriented conditioned reflexes, cats, 10622
- electrically elicited behavior & self-stimulation & species characteristic behavior patterns & reinforcement, properties of reinforcing stimuli, 621
- electrosleep vs application of electrodes, activity level & conditioning, rats, 8598
- electrosleep, insomnia, EEG study, 9582
- electrosleep, sleep & anxiety & depression, psychiatric patients, 9549
- ethanol, intracranially reinforced response amplitude & duration & rate, rats, 8757
- hippocampal stimulation, rebound eating & grooming & self-stimulation, hamsters, 502
- hypothalamic stimulation, producing defensive emotional behavior & motivation for aversive learning, cats, 4548
- inductive neural stimulation, neural electrical stimulation without surgical exposure or passage of current from outside to inside of living system, 8584
- intracranial stimulation by train of pulse pairs in central pain systems, poststimulation excitability evidenced in instrumental escape responding, rats, 490
- intracranial stimulation reinforcement, schedule-induced polydipsia & polyphagia, rats, 4464
- lateral hypothalamic self-stimulation, neocortical & hippocampal EEG & brain temperature, rats, 6547
- lateral hypothalamic stimulation, rewarding & analgesic effects, rats, 8671
- lateral hypothalamic vs dorsal raphe vs locus coeruleus dorsal brain stem site electrical stimulation, escape from rewarding stimulation, rats, 8821
- lithium chloride vs dextroamphetamine sulfate, threshold of reinforcing effect of electrical self-stimulation of brain, rats, 2588
- low-intensity electrical stimulation unilaterally to amygdala until clonic convulsions resulted, electrophoretic pattern of prealbumin range acidic proteins, rats, 479
- low-intensity stimulation of amygdala, transfer & interference & spontaneous recovery of kindled convulsions, rats, 6551
- medio-lateral vs antero-posterior alignment of bipolar electrodes & pulse length of sinusoidal current, self-stimulation & -reinforcement, rats, 8823
- medio-lateral vs anteroposteriorly aligned electrode tips in electrical stimulation of posterior hypothalamus & ventral tegmentum of midbrain, response variability in intracranial self-stimulation, rats, 4542
- mesencephalic reticular formation electrical stimulation, neuron firing rate in pericruciate cortex, cats, 4534
- motor cortex modulation of knee flexor & extensor fusimotor neurons, cats, 4487
- motor cortex stimulation reinforcement & interreinforcement time interval, classically conditioned limb reflexes, cats, 8801
- narcotic analgesics, sensitivity to pain produced by hypothalamic stimulation, rabbits, 6682
- positive-reinforcing vs movement-producing vs no intracranial stimulation, avoidance counterconditioning, rats, 8629
- posttrial hippocampal stimulation, operant learning retention, mice, 475
- preference for ecologically significant objects, obtaining electrical stimulation in feeding-drinking-gnawing area of lateral hypothalamus, rats, 2570
- primitive biological mechanism, intracerebral self-stimulation, rats, 8644
- radiostimulation of caudate nucleus & central gray, inhibition of spontaneous & instrumental behavior, rhesus monkeys, 2564

- rate & pattern of central stimulation, strength of electrically elicited eating behavior, rats, 486
- rewarding & aversive components of intracranial stimulation, free-operant locomotor response, rats, 10606
- rewarding vs aversive intracranial stimulation, response prevention, rats, 466
- rostral fastigial nucleus electrical stimulation intensity & availability of suitable goal objects, grooming & feeding & attack behaviors & hypertension, cats, 10635
- self-stimulation in or near midbrain central gray matter, determination of anatomical substrate of reward, rats, 10628
- sensorimotor cortex cooling, spontaneous activity of neurons of mesencephalic reticular formation & response to stimulation of lateral hypothalamic zones & sciatic nerve, cats under pentobarbital anesthesia, 4555
- static electrical field, functional condition of CNS, rabbits, 6408
- stimulation of receptive field periphery, center & surround response mechanism of retinal ganglion cells, cats, 4427
- stimulation of red nucleus, photically evoked potentials in visual cortex, cats, 6541
- stimulus parameters & apomorphine, intracranial self-stimulation, rats, 2578
- terminating hypothalamic stimulation, rats, 498
- thalamic & transcallosal & pyramidal stimulation, neuron responses in perirhinate cortex, cats, 4535
- topographical distribution, evoked potentials in striatum elicited by cortical stimuli, cats, 8516
- unilateral & 2-stage bilateral neocortical ablations, eating elicited by hypothalamic stimulation, rats, 2571
- unilateral pleasure-center stimulation from ventral mesencephalic reticular formation to preoptic region, pattern discrimination learning, cats, 4553
- 6-hydroxydopamine &/or phentolamine vs haloperidol vs FLA-63, self-stimulation, rats, role of dopamine in mediation of positive reinforcement, 8718
- Electrical Injuries**
- differential diagnosis between organic & psychogenic stupor & rare incidence of delayed death, patient with accidental electrocution, 11471
- Electrical Properties (Skin)** (See Skin Electrical Properties)
- Electrical Stimulation** (See also Electrical Brain Stimulation, Electroconvulsive Shock)
- acetyl-b-methylcholine applied to cerebral cortex, somatosensory evoked potentials, rats stimulated on forepaw, 10609
- amplitude & subject vs experimenter initiated trials, contingent negative variation, right-handed 21-35 yr olds, 2487
- apparatus allowing avoidance of aversive electrical stimulus, investigation of precognition, jirds, 610
- bilateral removal or disconnection of entire telencephalon & continuous electrical stimulation of peripheral nerves, hatching climax movements, chicks, 10608
- calcium involvement, contractility, ciliated protozoa, 422
- cognitive dissonance, electric shock energizing effect on reaction-time task, 8471
- constant-current square-wave pulses to median nerve at wrist, afferent action potentials & somesthetic evoked responses, full-term newborns vs college students, 6378
- cutaneous electrical stimulation, threshold of intolerance for electrical shock-elicited pain & somatosensory cortical evoked potentials, 8183
- electrical & mechanical stimuli, latency characteristics of primary somatosensory potential, 2507
- electrical stimulation of hair follicles on forearm by microelectrodes, evocation of vibratory & pain sensations, female Ss, 10195
- electrically induced middle-ear reflex, loudness change, 15 52 yr olds, 10213
- electrosleep, natural sleep onset, college students, 10615
- electrosleep, sleep & mood & urinary steroid level, chronic primary insomnia patients, 9552
- electrostimulation, pure tone threshold & speech discrimination, 12-80 yr olds with bilateral sensori-neural hearing loss, 5151
- faradic disruption, obsessive ideation & compulsive behavior, 1663
- frequency modulated sound & electrical stimulation of auditory nerve, behavioral thresholds, cats, 4474
- high frequency acoustical stimulation & electrical stimulation of nervous processes in osseous spiral laminae of cochlea, single unit neural response of inferior colliculus, cats, 4466
- indirect stimulation in median nerve, antidromic & orthodromic responses or prepotential wave, 20-40 yr olds, 4484
- infantile faradic stimulation or handling & postweaning intermittent fasting & feeding regime, development & life span, female rats, 6688
- information from electrically wired grid vs random-number generator & complex logic circuitry in standard automated apparatus, ESP, hamsters & mice, 4817
- input-output relations for auditory & visual & electrical stimuli, isotonic muscular effort from thenar muscles during simple reaction time tasks, 2252
- massed electrical aversion therapy, compulsive eating, 2 female patients, 3724
- monosynaptic testing, vestibulospinal influences, newborns, 4463
- motor movement, evoked lemniscal response to electrical stimulation, cats, 6601
- photic & acoustic & electrodermal stimulation & isotonic glucose injection, spontaneous & evoked activity in ventromedial nucleus & lateral hypothalamus, rabbits, 6393
- physical danger & emotional harm & dehumanization & effectiveness, aversive stimulation therapy, 3721
- REM sleep deprivation, electric shock threshold, rats, 2741
- sensorimotor cortex cooling, spontaneous activity of neurons of mesencephalic reticular formation & response to stimulation of lateral hypothalamic zones & sciatic nerve, cats under pentobarbital anesthesia, 4555
- systematic desensitization & aversive conditioning & nonaversive electric shock & operant reinforcement, behavior therapy clinical applications, 1639
- timidity, skin conductance response to electric shock, college students, 370
- variable- vs fixed-trial intervals between electrical stimulation in standard automated cage, ESP, hamsters, 4816
- varying light intensities & electric shock, phototactic responding, worker bees, 6695
- vibratory & electrical stimulation, habituation, protozoa, 421
- Electro Oculography**
- EEG & EKG & electro-oculogram & pneumoencephalogram recordings, patients undergoing cerebral vascular coma up to clinical death, 9483
- EEG & electrooculogram during sleep, 70-yr-old female insomniac, 5294
- repeated simulated sonic booms, sleep behavior & heart rate & EEG & EMG & EOG & EKG & basal skin resistance, 21 26, 40 45, 60 72 yr old Ss, 4475
- Electrocardiography**
- D-9-tetrahydrocannabinol, EKG, 24 28 yr olds, 2618
- EEG & EKG & electro-oculogram & pneumoencephalogram recordings, patients undergoing cerebral vascular coma up to clinical death, 9483
- EEG & EKG patterns, apneic spells, infants with apnea vs premature infants with no respiratory pauses, 1425
- environmental stress, electrocardiographic & cardiac morphological changes, monkeys, 8541
- factor analysis & frequency analysis, interval times between heart beats, information content of EKG, 420
- hand scoring of electrocardiogram intervals, apparatus, 6395
- repeated simulated sonic booms, sleep behavior & heart rate & EEG & EMG & EOG & EKG & basal skin resistance, 21 26, 40 45, 60 72 yr old Ss, 4475
- single & simultaneous stimulation of pairs of limbic nuclei, behavioral & motor & EKG responses, chronic cats, 4533
- Electroconvulsive Shock** (See also Electroconvulsive Shock Therapy)
- anesthetic drugs, electroplexic events relating to clonus & respiration, 11683
- antecedent footshock & current intensity, ECS-produced motor seizures, rats, 8649
- chronic ECS administration, mouse-killing activity & brain monoamines, female rats, 8665
- cortical stimulation intensity location, production of seizures & retrograde amnesia, rats, 482
- cycloheximide & ECS, time variables affecting permanence of induced amnesia, mice, 6492
- cycloheximide, neural & behavioral responses to ECS, mice, 6641
- ECS & seizures, conditioned responses, rats, 6571
- ECS following UCS, disruption of association formation in conditioned taste aversion paradigm, rats, 491
- ECS following 1-trial appetitive learning, retention & amnesia, rats, 8616
- ECS induced amnesia, cue-dependent maze learning, rats, 6549

- ECS intensity, retrograde amnesia gradients for passive avoidance task, mice, 4489
- ECS-induced retrograde amnesia, altered cerebrospinal fluid constituents, rats, 497
- ECS, amine metabolism, rat brains, 10614
- ECS, disruption of go no-go discrimination, rats, 2568
- ECS, performance on 1-way active avoidance response with or without scopolamine, rats, support for J. A. Deutsch's memory model, 8605
- ECS, prolonged & reversible malfunction of hippocampus, rats, 476
- ECS, recovery of partial reinforcement effect, rats, 523
- ECS, retrograde & proactive effects on active & passive avoidance, rats, 629
- familiarization, ECS- or hypoxia-induced retrograde amnesia, rats, 8589
- multiple ECS treatments, inhibition of aggression, mice, 9811
- nicotine, biphasic effects on ECS-induced retrograde amnesia, mice, 2597
- passive avoidance training & ECS & repeated testing, progressive development of avoidance response, rats, 10636
- pretraining, retention of passive avoidance task following posttraining ECS, rats, 6539
- proactive ECS, Kamin effect, rats, 8642
- single exposure to training environment, recovery from hypoxia & ECS-induced amnesia, rats, 514
- task characteristics & electroshock parameters, length of ECS-induced retrograde amnesia, literature review, 6550
- training-trial footshock vs noncontingent footshock, subsequent ECS induced amnesias, rats, 4481
- transcorneal ECS & noncontingent footshock, generalization to inhibitory avoidance training task, mice, 4490
- Electroconvulsive Shock Therapy**
- additional ECS therapy after full symptomatic relief, relapse rates, 18 78 yr olds with primary depressive illness, 9539
- anterior bifrontal vs unilateral ECS therapy, depression & memory change & posttreatment confusion, hospitalized depressed patients, 1456
- bilateral or unilateral electroconvulsive therapy, errors in picture recognition, depressives vs normal student nurses, 11809
- ECS therapy, state vs trait anxiety, female psychiatric inpatients, 3765
- electroconvulsive shock therapy & retention interval, short-term memory, psychiatric patients, 1502
- electroconvulsive therapy & tricyclic antidepressants, recurrent vital depressions, clinic patients & outpatients, follow-up study, 1504
- electroconvulsive therapy, clinical predictors of improvement, patients with schizophrenia & neurotic reactions & affective disorders, 7562
- L-tryptophan & phenelzine vs amitriptyline vs L-tryptophan & amethylidopa & ECS therapy, blood 5-hydroxytryptamine levels, endogenous depressive patients, 1581
- lithium Ludiomil drug therapy & ECS therapy & psychosurgical interventions, depression, 1590
- manifestations of depressive disorders in infancy & childhood & adolescence & adulthood & old age & treatment forms, 1496
- multiple unilateral & bilateral ECS therapy, EEG seizure patterns, 24 82 yr olds with depressive psychosis or schizophrenia, 1209
- present status, unilateral shock treatments, 7807
- testing for dysphasia after unilateral electroconvulsive therapy, assessment of language laterality, left-handed depressed patients, 11808
- unilateral & bilateral electroconvulsive therapy, memory, depressed patients, 9554
- unilateral vs bilateral ECS therapy, therapeutic effect, endogenously depressed patients, 5567
- unilateral vs bilateral ECT, schizophrenia, 5549
- unilateral vs conventional ECS therapy, memory & postparoxysmal confusion & psychomotor changes, patients, 5555
- Electrodermal Response** (See Galvanic Skin Response)
- Electrodes**
- analytical electrochemistry, future horizons in neurophysiology of mental retardation, 7434
- medio-lateral vs antero-posterior alignment of bipolar electrodes & pulse length of sinusoidal current, self-stimulation & -reinforcement, rats, 8823
- medio-lateral vs anteroposteriorly aligned electrode tips in electrical stimulation of posterior hypothalamus & ventral tegmentum of midbrain, response variability in intracranial self-stimulation, rats, 4542
- microelectrode assembly for recording from freely-moving rats, 4375
- simple EEG electrode, intrauterine signal analysis of human fetus, 6407
- subcortical electrolytic lesions with Baltimore Rat Stereotaxic Instrument, electrode, apparatus, 2567
- Electroencephalography**
- acoustic feedback, operant control of EEG alpha waves, 381
- acute & long-term administration of lithium carbonate, EEG & seizure frequency & behavior, patients with temporal epilepsy, 1594
- aircraft noise & sonic booms, EEG during sleep, 29 49 yr. old females, book, 387
- alcoholic beverages, EEG measures of mixed depressant & stimulant actions, 6648
- aluminum induced neurofibrillary degeneration, EEG & visual evoked potentials & conditioned avoidance response acquisition, cats, 8609
- amplitude & subject vs experimenter initiated trials, contingent negative variation, right-handed 21 35 yr olds, 2487
- antibrain antibodies, hypothalamic & visual & sensorimotor cortex EEG, rabbits, 10666
- anxiety, EEG tracings, 3 16 yr olds, 9336
- auditory & visual vigilance tasks, intermodal & intra-S consistency in EEG recordings, college students, 6387
- auditory frequencies equated for subjective loudness, responsiveness during sleep, college students, 385
- averaged electroencephalic audiometric sensitivity procedure, estimation of auditory sensitivity, 10535
- avoidance training, EEG activity, good vs bad learning rats, 4342
- behavioral thermoregulation, central & peripheral temperatures & EEG changes, pigs, 8498
- bilateral mesodiencephalic lesions, orienting response & EEG desynchronization elicited by stimulation of intralaminar thalamic nuclei, cats, 8667
- binocular vision & motor & cognitive development & EEG, school age children referred to neuropsychiatric vs ophthalmological department, 8871
- blink reflex vs masseter reflex vs flexor reflex, EEG differences during REM sleep, 4334
- brain biogenic amine depletion, acute EEG & behavioral arousal effects of morphine, rats, 540
- brain stimulation via amphetamine & furane derivatives, excitability of neuron populations in various cerebral structures, rabbits, 10605
- brainstem EEG during deep sleep, 372
- cannabinol & cannabidiol & D-tetrahydrocannabinol & 7-OH-D-tetrahydrocannabinol & 7-acetoxy-D-tetrahydrocannabinol acetate, EEG & behavior, rabbits, 8760
- cannabis smoke inhalation vs oral vs interperitoneal injections of D-tetrahydrocannabinol, EEG & open field activity, rats, 4594
- CKK-179 treatment, symptomatology & correlated EEG changes, 59 79 yr olds with cerebral vascular insufficiency, 9638
- chlorodiethylphosphate, EEG, rabbits, 529
- click & flash stimuli pairs, EEG & eye movements, patients in deep coma, 3576
- clinical EEG study, dysphoric states, epileptic patients, 9497
- clinical picture & seizure types & EEG findings & neuropsychologic testing & anatomic consideration of lesions, laughing & running epilepsy, 11438
- clinical use of spectral analysis, extraction of features from EEGs with slow waves, patients with localized supratentorial brain lesions, 9498
- cognitive test performance, EEG frequency & latency of components of visual evoked response, 17-24 yr old right-handed males, 4346
- compensated high-pressure breathing, brain bioelectrical activity organization, 6398
- computer diagnostics, systemic brain activity on EEG, schizophrenics, 9307
- computer, simulation, wake-sleep EEG, rats, 10524
- contingent negative variations, objective speech audiometry, college students, 6171
- control of eye potential artefacts in multichannel contingent negative variation recordings, apparatus, 2499
- convulsive disorder & EEG abnormalities, language disorder, 7 21 yr olds, 7439
- copulation, hippocampal & cortical activity, male rats, 8515

- cortical EEG during waking vs slow-wave sleep vs REM sleep, cats, 4336
- cortical habituation response recovery time, estimation of stimulus duration, 6365
- coupling sound of low intensity with intense light flash, conditioning of averaged evoked potentials, 6 14 yr old autistic & normal children, 3350
- cycloheximide induced inhibition of protein synthesis, sleep EEGs, mice, 10691
- D-tetrahydrocannabinol, epileptiform EEG activity, cats, 8696
- debrumyl, heart rhythm during sleep or waking & cerebral electrogenesis & vision & mental calculation, 4572
- delayed-alternation & visual discrimination learning, EEG correlates, female rhesus monkeys, 4329
- diazepam & dipotassium clorazepate & tranquilizing vs stimulating set instructions, EEG & mood & attentiveness, 4624
- diazepam, epileptiform patterns of brain bioelectrical activity induced of fluostigmine, rabbits, 10695
- EEG & alcoholism research, 7458
- EEG & EKG & electro-oculogram & pneumoencephalogram recordings, patients undergoing cerebral vascular coma up to clinical death, 9483
- EEG & EKG patterns, apneic spells, infants with apnea vs premature infants with no respiratory pauses, 1425
- EEG & electrooculogram during sleep, 70-yr-old female insomniac, 5294
- EEG & polygraphic alterations in cerebral vascular comas up to & after clinical death, 10513
- EEG & visual evoked response changes, patients with Jakob-Creutzfeldt disease, 5519
- EEG activity during sleep, epileptic activity, patients with temporal epilepsy, 9527
- EEG as diagnostic tool, herpetic encephalitis, 7507
- EEG background rhythms, syndrome of dynamism of nervous system, 8 9 & 14 15 yr olds, 7537
- EEG classification & time of diagnosis of reading disabilities in elementary & junior high school students, high school reading performance, 11960
- EEG diagnosed epileptic symptoms, attention disorders, female 16 yr old, 1436
- EEG diagnosis & prognosis, patients with generalized bilateral synchronous spikes & waves at frequency over 2.5 sec, 2475
- EEG examinations, ascertaining fitness to drive motor vehicles, general public & Ss with nervous or physical disorders, 8496
- EEG patterns in somatic & vegetative alterations in sleep phases & dream activity & memory, 399
- EEG photosensitivity, clinical convulsive disorders, 11491
- EEG recording during acquisition & performance of conditioning avoidance task, differentiation of electrical rhythms & functional specificity of hippocampus, rats, 10527
- EEG rhythms, monozygotic & dizygotic twins, 6415
- EEG sleep profiles & 2 days ad lib alcohol drinking, sleep, chronic alcoholics, 3422
- EEG studies of sleep deprivation & dreaming & sleep disorders & sleep induced by drugs, REM & NREM sleep, literature review, 423
- EEG, brain development, normal 3-15 vs mentally retarded 7-18 yr olds, 5471
- EEG, clinical psychiatry, 1466
- EEGs, epileptics, 11460
- electronic filter, EEG alpha frequency identification, 6389
- electrosleep, insomnia, EEG study, 9582
- English edition of Adolf Beck's 1891 doctoral thesis, discovery of electrical brain currents, 4333
- evoked visual & somatosensory cortical potentials, 3 84 yr old unconscious artificially respiring patients with isoelectric EEGs, 9224
- exerted force during voluntary arm movements, EEG & motor potentials, 8536
- extended conditioning session, maintenance of EEG alpha rhythm percentage, high alpha Ss, 10531
- extracellular unit activity in hippocampal penicillin foci, cats, 2481
- factor analysis, correlated EEG data during relaxed wakefulness, 6379
- feedback control using time series analysis, collection of EEG alpha, 2484
- fenfluramine & other monoaminergic modulating drugs, sleep-waking patterns, cats, 8763
- flunitrazepam, sleep cycle, healthy adults, 8730
- frontal lobe, functions & anatomy & physiology & activity regulation & EEG use, humans & animals, book, 382
- frontal lobes, role in regulation of fast orienting reactions & slow changes in vigilance levels, normals & patients with frontal lobe lesions & other brain lesions, 8626
- frontal vs temporal vs occipital lobe EEGs, 6400
- generalized sharp & slow wave complexes in EEG, mental development, clinical features & longterm followups, 6839
- hypnotic dose of butobarbitone sodium & flurazepam, mood & EEG & auditory evoked responses & reaction time & cognitive processes, 23 30 yr olds, 6594
- hypoxia & recovery, electroencephalographic changes, rabbits, 6409
- imagining & suppression & concentration & search & choice, REMs & EEG alpha & tonic heart rate, female college students, 4407
- instantaneous computer analysis, EEG recordings, 6392
- institutional bias in reading EEGs, diagnosis & treatment of hysteria, 9560
- intra- & interrater reliability measurement, EEG activity of hippocampus vs superior colliculus, rats, 395
- intraindividually variable acoustic stimulation, EEG changes & nonsense syllable learning, young adults, 390
- ketamine anesthesia, EEG, brain-damaged epileptics, 1561
- ketamine, reliable EEG changes & diagnostic uses, epileptic patients, 7502
- lateral hypothalamic self-stimulation, neocortical & hippocampal EEG & brain temperature, rats, 6547
- levodopa or amantadine therapy, sleep spindles, Parkinsonian patients, 9689
- linguistic & musical tasks of varying difficulty, bilateral alpha activity over temporal-parietal sites, college students, 2497
- lithium treatment, EEG changes, 19 53 yr old hospitalized patients, 5635
- lithium-induced EEG changes, lithium levels in serum & red blood cells, 19 60 yr old manic & depressive patients, 9709
- localization of ponto-geniculo-occipital electrical waves in brain-stem during deep sleep, 373
- longitudinal-sleep EEG & telemetric activity measurement, 54-yr-old female psychotic depressive, 9289
- marihuana vs synthetic D-trans-tetrahydrocannabinol, auditory evoked responses & background EEG, young male chronic users, 4652
- mental & emotional stress, convulsive readiness, epileptic patients with different localizations of epileptogenic focus, 9522
- methylphenidate, neurological examinations & EEG findings & behavioral responses, hyperactive 5 10 yr old boys, 9694
- modalities & degrees of visual form discrimination on Witkin's Embedded Figures Test & EEG concomitants, 153
- molidone vs chlorpromazine, EEG changes, chronic schizophrenics, 9695
- morphine & methadone & meperidine & codeine & nalorphine & pentazocine, EEG & EMG & behavior, rats, 4578
- morphine, EEG & EMG & associated behavior, rats, 580
- multiple unilateral & bilateral ECS therapy, EEG seizure patterns, 24-82 yr olds with depressive psychosis or schizophrenia, 1209
- myelography with meglumine iohalamate vs meglumine iocarmate, epileptic seizures & EEG changes, 14-yr-old boy, 1424
- natural sleep & arousal, brain temperature & dorsal hippocampal & neocortical EEG & EMG of neck muscles, rats, 6394
- neuronal population model, spatio-temporal evoked EEG, 2478
- nocturnal penile tumescence & sleep EEG & eye movement, convicted rapists vs other prisoners, 7288
- nonspecific mediothalamic-frontocortical system, synchronous activity & sensory evoked potentials & slow potentials in frontal regions & complex task performance, cats, 4370
- nurses' estimates & patients' self-reports of duration & quality of patients' sleep vs EEG measures of sleep, nurses & patients, 4374
- phenmetrazine, gross behavioral & electrographic alterations, cats & rats & dogs, 2649
- photic stimulation under appetitive & nonappetitive conditions, averaged visually evoked responses at cortex & hippocampal slow-wave rhythms & behavioral activity, male rats, 8532
- physiological features of sleep-states & dreams & classification of sleep disorders, 378
- potassium chloride application on cortical dura, sexual behavior & cortical EEG, ovariectomized rats, 512
- propranolol, visual evoked potentials & background EEGs, refractory chronic schizophrenics, 582
- psychodiagnostic typology, EEG changes over 10 yr, schizophrenic patients, 7277

- psychological aspects, physiological effects of sedation, 10672  
 quantitative analysis of EEG recordings, computer applications, 2515  
 reaction time experiment with paired vs random sound light sequences, sequential analysis of conditioned EEG arousal, maladjusted 8-13 yr olds, 10520  
 recovery from hypothermia hypoxia, ontogenesis of EEG seizure patterns, chick, 8523  
 repeated simulated sonic booms, sleep behavior & heart rate & EEG & EMG & EOG & EKG & basal skin resistance, 21-26, 40-45, 60-72 yr old Ss, 4475  
 respiration & heart rate & systolic blood pressure changes, EEG patterns of human sleep, 397  
 rhythmic positive & background temporal spikes & posterior temporal sharp waves, normal vs abnormal EEG patterns found in epilepsy & behavioral disorders, 1193  
 rumination, cortical EEG, goats & sheep, 8500  
 scopolamine, epileptic anomaly activation in EEG, patients with chronic vs acute cerebral circulatory insufficiency, 5560  
 section of corpus callosum, independent epileptiform activity, 9 yr old severely retarded boy, 7814  
 sensory overload vs deprivation, EEG & polygraphic recordings, college students, 2495  
 simple EEG electrode, intrauterine signal analysis of human fetus, 6407  
 single & multiple doses of amphetamine, multiple unit activity, 5-day-old White Leghorn cockerels, 596  
 sleep behavior, electrographic correlates, armadillos, 392  
 sleep EEG & eye-movement patterns, young vs aged vs patients with chronic brain syndrome, 1428  
 sleep EEG & eye-movement patterns, young vs aged Ss vs patients with chronic brain syndrome, 1429  
 sleep EEG patterns, long-term schizophrenic patients, 5338  
 spirolactone derivative potassium canrenoate, EEG changes & clinical symptoms, female multiple sclerosis patients & dogs, 4658  
 spontaneous motility bursts during sleep, phasic paradoxical cerebral bioelectric activity, chicks, 4339  
 spontaneous whole brain slow potential changes, method for evaluation of recovery from neurosurgical trauma or other brain injuries, rats, 4494  
 stability of attention in letter-cancellation task, alpha-rhythm frequency of EEG, 4366  
 Steer's Figure-Ground Test & Steer's Beatty Closure Test & House-Tree-Person Test & Benton Visual Retention Test performance & EEG vs rheoencephalograph, 7-18 yr old mentally retarded children vs normals, 7437  
 stimulus predictability, attention enhancement of visual average evoked response, college students, 2480  
 stress situations caused by delayed feedback, EEG changes, college students, 394  
 structure of intellect factors derived from J. P. Guilford's unified theory of intelligence & possible EEG correlation, scientific creativity test construction, 4265  
 strychnine & hypothermia, EEG changes & retrograde amnesia for passive avoidance, rats, 8595  
 sydnocarb & amphetamine, motor activity & CRs & EEG & toxicity, rats & mice & dogs & cats & rabbits, 6586  
 tapping ability & personality & intelligence indices, EEG alpha-frequency, male college students, 396  
 temporal & spectral & correlation analyses, EEGs during sleep & waking, turtles & hens, 6391  
 tetrahydrocannabinols, sleep EEG, rats, 4631  
 therapeutically applied tactile stimulation, seizures & changes in EEG activity, 6-12 yr olds, 11515  
 time of day & adaptation to recording chamber & individual vs group recording conditions & strain differences, EEG & behavioral measurement of sleep, rats, 4373  
 transcendental meditation, spectral analysis of EEG, 23-52 yr olds, 4332  
 tryptophol & 5-methoxytryptophol & 5-hydroxyindoleacetic acid, behavioral & EEG signs of sleep, cats, 4632  
 unilateral ablations of inferotemporal cortex vs implantation of aluminum hydroxide on temporal cortex bilaterally or unilaterally, behavioral impairment & visual task performance, rats, 6558  
 verbal stimulation during sleep, sleep learning & perception & perceptual distortions & EEG, female young adults, 8393  
 viminol vs morphine, locomotor activity & operant & conflict behavior & EEG, rats, 4558  
 visual & motor conditions, EEG, 20-47 yr olds, 10521  
 visual perceptual ability testing, psychodiagnosis of birth & EEG abnormalities & hyperactivity &/or distractibility, reading-retarded children with high vs low visual perception, 3467  
 visual stimulator apparatus for EEG activation, 8535  
 voluntary movement & articulated speech, slow waves of EEG, 19-23 yr old students, 4350  
 4-channel long-term EEG recordings, acquisition by telemetry & computer analysis, 2492  
**Electrolytes** (See also Potassium Ions, Sodium Ions)  
 adrenocortical steroid hormones & electrolytes & catecholamines, psychobiology of affective disorders, literature review, 3353  
 electrolyte concentration & hydration, skin potential level & response amplitude, college students, 6382  
 electrolyte metabolism, psychiatric disorders, 1214  
 hypothalamic metallic ion deposition, experimental obesity, rats, 6527  
 ion concentration changes in extracellular space of mammalian brain, review of A. L. Hodgkin & A. F. Huxley's nerve theory, 4344  
**Electromyography**  
 effector organization, gradation of response in hand cranking task using strain-gauge & EMG recording techniques, male adults, 8294  
 electromyographic signals measuring frequency & amplitude of jaw tremor, adult male stutterers, 4361  
 EMG & movements detected by photoelectric technique, conditioned & unconditioned eyelid responses, rats, 4721  
 EMG feedback & contingent cutaneous shock, spasmodic torticollis, 11696  
 exerted force during voluntary arm movements, EEG & motor potentials, 8536  
 force of isometric reflex contraction in mechanically elicited stretch reflex, EMG, adults, 6375  
 habituation of flexor withdrawal reflex, conscious rats, 389  
 levodopa, depressive syndrome & EMG, parkinsonian patients, 11656  
 listener's intelligence & content of material, EMG responses, 4th graders & college students, 10516  
 long-term levodopa therapy, EMG recordings of gait, Parkinsonian patients with vs without dystonia, 5613  
 morphine & methadone & meperidine & codeine & nalorphine & pentazocine, EEG & EMG & behavior, rats, 4578  
 morphine, EEG & EMG & associated behavior, rats, 580  
 natural sleep & arousal, brain temperature & dorsal hippocampal & neocortical EEG & EMG of neck muscles, rats, 6394  
 repeated simulated sonic booms, sleep behavior & heart rate & EEG & EMG & EOG & EKG & basal skin resistance, 21-26, 40-45, 60-72 yr old Ss, 4475  
 skin resistance & EMG activity, concept identification, male alcoholics, 3441  
 taped verbal relaxation instructions & response-contingent EMG feedback training, suggestibility or hypnotic susceptibility, college students, 4426  
 task complexity increase, errors & muscle action potentials in concept identification tasks, chronic undifferentiated schizophrenics vs normals, 9314  
 tuning of spinal reciprocal inhibition system during organization preceding voluntary movement, supraspinal control over segmental centers of antagonist muscles, 6223  
**Electrophysiology** (See also Alpha Rhythm, Auditory Evoked Potentials, Basal Skin Resistance, Cortical Evoked Potentials, Electrical Activity, Electrical Brain Stimulation, Electro Oculography, Electrocardiography, Electroencephalography, Electromyography, Electroretinography, Evoked Potentials, Galvanic Skin Response, Olfactory Evoked Potentials, Rheoencephalography, Skin Electrical Properties, Skin Potential, Skin Resistance, Somatosensory Evoked Potentials, Theta Rhythm, Visual Evoked Potentials)  
 analysis in terms of spectral region within which response transitions occur, electrophysiological responses from single color-coded red-green ganglion cells, goldfish retina, 8227  
 analytical electrochemistry, future horizons in neurophysiology of mental retardation, 7434  
 automatic apparatus, recording rotational behavior, rats with brain lesions, 4465  
 classical conditioning procedure, learning leg position through shock upon learning & investigation of electrical activity in neuropile, headless cockroach, 10746

- correlation analysis, electrosubcorticograms & electrograms during drowsiness & sleep stages, patients, 4354
- deficiency in early visual input, organization of visual pathways, astigmatic & nonastigmatic Ss, 1430
- electrophysiological study, tooth-grinding during sleep, 19 48 yr olds, 8530
- ethanol & dextroamphetamine & disulfiram & p-chlorophenylalanine, evoked responses during predatory attack, cats, 573
- extracellular unit activity in hippocampal penicillin foci, cats, 2481
- high frequency acoustical stimulation & electrical stimulation of nervous processes in osseous spiral laminae of cochlea, single unit neural response of inferior colliculus, cats, 4466
- identical brief flash-stimuli, intrinsic timing variability in responses of retinal ganglion cells, cats, 386
- individual differences in bioelectric parameters of nervous system, memory in intentional & incidental learning, 6385
- masking action potentials, cochlear adaptation, guinea pigs, 4810

- Piagetian theory, psychometry & implications for preschool & elementary school programs & handicapped children, 3841
- Elementary School Students** (See also Primary School Students)
- achievement vs IQ vs other tests, reading ability predictions, black & white 7 & 8 yr olds, 12014
- acquisition & use of morphological rules, high-risk vs learning disabled vs achieving 3.7 10.2 yr olds, 5491
- age & reading achievement, hemifield differences in word recognition, 2nd & 4th & 6th graders & college students, 5915
- age & sex & social influences, perception of sex roles & cooperation readiness, 4th & 6th graders with female teachers, 11065
- age & test anxiety level & reading ability & advance vs concurrent organization for detailed verbal passages, reading achievement, 6th graders, 5919
- age, attainment of classification & seriation concepts, blind & sighted 6-14 yr olds, 11979
- aggression, reading achievement, 1st & 3rd graders, 9941
- allowing referring back to reading section during reading comprehension test, 6th graders, 9933
- annual trends in reading achievement since 1962, Scottish 7 yr olds, follow-up study of reading disabilities of 10 11 yr olds, 7949
- anxiety, perception of word phrases, 5th & 6th graders, 1889
- attitudes toward school counselors, elementary school students, 12018
- auditory figure-ground ability, academic achievement, kindergartners & 1st-3rd graders, 7964
- Barclay Classroom Climate Inventory, development & use for describing suspected problems, elementary school students, 5961
- behavior modification program, hyperactivity in classroom, 9 yr olds in elementary art class, 5884
- behavior modification, speaking classroom, mute 3rd grader, 1849
- behavior problem frequency & cause & treatment, primary & secondary & special education students, report on 1967 1971 West German survey, 5427
- Bender Gestalt Test in kindergarten, achievement & scholastic aptitude in elementary school, 9-yr study, 5911
- bilingual instruction, linguistic & cognitive development & intergroup attitudes, 5th graders, 5879
- bilingual vs monolingual instruction, physical education, Spanish-speaking & non-Spanish-speaking 4th & 5th graders, 7914
- birth order, academic achievement, male vs female 1st graders, 1885
- black studies curriculum material, self-concept & achievement & school attendance, black 3rd & 6th graders from inner-city schools, 3855
- Children's Personality Questionnaire, disabled vs nondisabled reader discrimination, 8 12 yr old students, 1860
- class & race & intelligence & visual discrimination & motivation, perceptual-motor development, advantaged vs. disadvantaged white vs. black 1st graders, 1923
- class size, mathematics achievement, 4th graders, 1876
- classroom behavior management via behavioral consultation vs with model-reinforcement group counseling vs no treatment, on-task behavior & grade point average & attitudes, inattentive 5th & 6th graders, 7926
- classroom behaviors of attending & working & volunteering & looking around, reading achievement, 1st graders, 7948
- classroom conduct, promotion & retention, elementary school students, 3893
- classroom management methods, classroom interaction, 5th graders, 5891
- classroom visual fatigue, academic achievement, elementary school children, 5903
- cloze procedure with visual & auditory presentation, reading & listening comprehension, 3rd graders, 11912
- cognitive ability, simultaneous & successive cognitive processing, Canadian & Indian 4th graders, 2311
- cognitive correlates, under- & overachievement in reading, rural black vs white 1st graders, 3884
- color & underlining & word shape cues, word structure detection, kindergarten to 3rd grade students, 11914
- comparative study of beginning reading programs, Spanish-speaking children, 11939
- competitive success & failure, task preferences, 3rd graders, 9935
- completing 3 grades in 2 yrs, academic acceleration, elementary & junior high school students, 1873
- composition training with vs. without vocabulary-building conversation, free written story-telling ability & quality, 3rd graders, 1822
- computer-assisted remedial education program, identification of handicapping conditions in children, inservice preschool & elementary school teachers, 5936
- conceptually-based & topically-oriented social studies program & prompting, anthropological concept attainment & conceptual understanding, 1st graders, 1850
- conservation, reading readiness, 1st graders, 7944
- construct validity, subtests of Illinois Test of Psycholinguistic Abilities, 3rd graders, 5977
- content analysis scheme including vocabulary indices & written language mastery & syntax complexity & density, written themes, elementary school students, 3980
- contingency reinforcement, modifying sentence structure & creativity in writing, 4th-6th graders, 11922
- contingent social isolation, punishment for disruptive behavior, emotionally disturbed 9 11 yr olds, 11977
- continued informal classroom exposure to authentic art works, composition & drawing & selection & appreciation, 7 8 yr old students, 11924
- cooperative vs competitive classroom environment, attitudes & achievement in social studies inquiry activities, 5th & 6th graders, 11970
- correlation of Leiter International Performance Scale & visual subtests of Illinois Test of Psycholinguistic Abilities, deaf 3-10 yr olds, 1449
- correlations among Stanford Achievement Test scores & intelligence & mental age, 3rd & 6th graders, 6298
- creative thinking & intelligence, teacher ratings of personal & social adjustment & academic achievement, blind 6 12 yr olds, 11980
- creativity, arithmetic achievement, elementary school students, 9924

- crystallized vs fluid intelligence & memory, Caucasian vs Negro vs Mexican-American 4th-6th graders, 6939
- curricular advance-organizer vs inquiry strategy, teacher-student interaction & pupil feelings, 6th grade classrooms, 3830
- curriculum unit using pictures of multiethnic interaction, changing attitudes toward blacks, white elementary school students, 9893
- Developing Understanding of Self & Others program, self concept, 2nd graders, 1828
- deviant behavior & reading inability, elementary school children, implications for community health nurse role, 1896
- direct discourse in beginning basal readers, 8 13 yr old profoundly deaf children, 5942
- direct practice of adjunct questions, short- & long-term recall of prose, 5th & 6th graders, 2431
- discovery vs expository teaching methods, economic concepts & social studies achievement, 1st graders, 5890
- disturbed binocular functioning, recognition function in reading, 5th graders, 11399
- economic & educational level of parents, scholastic achievement, 4th & 6th & 8th graders, Bosnia, 3896
- educational materials, teaching mathematics fractions, blind 1st 4th graders, 11982
- entrance examination scores & sex & social status, predicting academic success, 3rd & 5th & 8th graders, 3904
- experience as discriminator & object of discrimination, subsequent attitudes toward picnicking with black children, white 3rd graders, 3085
- factor structure, Wechsler Intelligence Scale for Children, 6 11 yr old Anglo-American & Negro & Mexican-American school children, 12030
- fading school-based to home-based classroom behavior modification program, 5th grader, 1823
- format of analogy items presentation, auditory association subtest of Illinois Test of Psycholinguistic Ability, grade-school children, 5989
- generative problematic field, arithmetic problem solving, 1st & 2nd graders, 9931
- good behavior game, reducing disruptive classroom behavior, 5th & 6th graders, 11904
- group contingencies, increased work performance & decreased disruptive responses, 1st graders, 7938
- group screening approach for reading disability, 1st graders taught by linguistic vs. special alphabet vs. look-say methods, 1920
- high frequency occurrence digraphs & trigraphs embedded in strings, 1st vs 2nd graders, 7978
- Illinois Test of Psycholinguistic Abilities & Queensland Test performance, Aboriginal vs European Australian elementary school students vs U.S. norms, 4930
- imagery organization strategy pretraining, reading comprehension, 4th graders, 3862
- in-service teacher training on classroom management problems, self-perceptions, elementary school students, 5864
- individual &/or group token reinforcement, modification of social withdrawal from classroom peers, elementary school students, 1855
- individualized multisensory spelling program, 4th & 5th graders, 11906
- initial teaching alphabet, reading achievement, longitudinal study of 1st 3rd graders, 7980
- intelligence & reading & personality & achievement & visual-motor skills, predicting potential school problems, rural 6th graders referred for psychological services, 9917
- interaction analysis technique training, teacher & student mean level of thinking, 1st 8th grade teachers & students, 3843
- interests in music, 3rd 6th graders, 9897
- item analysis & validation, test battery for reading & spelling performance assessment, 1st graders, 5970
- Johnson-Kenney Screening Readiness Test, detection of learning difficulties, 1st graders, 7466
- Junior Eysenck Personality Inventory Extraversion vs Neuroticism vs Lie scale scores, scholastic achievement, Caucasian vs Negro vs Mexican-American 9 13 yr olds, 7958
- kindergarten attendance, social adjustment & Stanford Achievement Test performance, male vs female low socioeconomic class Negro vs white 2nd graders, 5917
- Let's Look at Children Written Exercises, measuring intelligence, educable mentally retarded 1st graders, 9942
- level of questioning, retention of social studies material, 5th & 6th graders, 3917
- Marianne Frostig Developmental Test of Visual Perception, reading achievement, 1st graders, 9914
- matching teacher's evaluations of behavior in context of token reinforcement, teaching self-control, disruptive 9 10 yr olds, 5866
- meditation training, field dependence-independence & test anxiety & reading achievement, 3rd graders, 11920
- minor congenital anomalies, academic performance & intelligence & motor ability & classroom behavior, 1st graders, 1880
- model's fluency & flexibility, creativity, 5th graders, 3929
- modeling & vicarious reinforcement, subsequent imitation of socially approved response, 4th graders, implications for using modeling procedures in schools, 7906
- motor skill performance, high & low sociometric status, 6th graders, 10322
- Multidimensional Assessment of Gains in School test validity, noncognitive academic factor measurement, disadvantaged male vs female 5th graders, 5975
- music listening as reward, mathematics performance, black 6th graders, 9894
- naturally induced teacher expectancies, academic achievement, 1st graders, 7975
- nursery school attendance, self-concept & conservation & achievement & space-time-quantity concepts, middle & lower-middle socioeconomic status kindergartners & 2nd graders, 6837
- one-to-one tutorial program, attitudes toward reading & personality factors & reading achievement, 3rd & 4th graders, 5878
- open vs closed classroom setting, classroom behavior, elementary school students, 9890
- parental modeling & cueing & reinforcement, question-asking behavior, Mexican-American 1st graders & their mothers, 2814
- part-time placement in behaviorally oriented resource room for 1 or 2 yrs, maintenance of behavioral & academic gains following full-time attendance in regular classroom for 2 or 3 yrs, elementary school students, 9944
- Peabody Picture Vocabulary Test vs Slosson Intelligence Test vs Lorge-Thorndike Intelligence, reading achievement prediction, upper- & lower-middle class 3rd graders, 5916
- peer-facilitator program, easing racial tensions, black & white 5th & 6th graders, 5873
- per capita educational expenditure, reading & arithmetic achievement & IQ scores, 4th & 8th & 12th graders, 9932
- perception of reading, reading achievement, 4th graders, 9923
- perceptions of causality for child's performance, elementary school teachers, 5839
- personality traits, attitude change following sensitivity training, prospective teachers, 11871
- praise & monetary rewards, reading comprehension, 6th graders with reading deficits, 11916
- prerecorded tapes & workbook programs, listening to oral communications, 2nd & 5th & 8th & 11th graders, 5882
- presentation of single problems with no communality vs groups of related problems, diagnosing intellectual development, 2nd 10th graders, 7993
- reading & spelling & arithmetic & verbal achievement, 6 13-yr-old Seminole Indians, 5908
- reading achievement, educable or reading mentally retarded 5th 10th vs normal 6th 7th graders, implications for regular vs special education classroom placement in Denmark, 5952
- reading achievement, U.S. vs English vs Canadian vs Nigerian male vs female 2nd & 4th & 6th graders, 11949
- regular vs special education classroom placement, WISC & reading achievement, male vs female brain-injured vs educable mentally retarded vs psychologically evaluated elementary school students, 9947
- reinforcing academic work, classroom behavior modification, black elementary school students, 9909
- rejection vs acceptance of dialect differences, reading comprehension, elementary school students, 9920
- role playing in counseling sessions, behavior change & self-esteem, 4th graders, 1912
- school integration & acculturation, cooperative behavior, Blackfoot Indian & non-Indian Canadian elementary school boys, 7967
- school learning & academic achievement, color vision-deficient vs normal kindergartners & 1st graders, longitudinal study, 1874
- school mental health program, mutual friendship practices, 4th & 6th & 8th graders, 7931
- school's racial composition, self-concept of ability, black & white 6th 8th graders in parochial schools, 7885

second language learning, creative thinking, 2nd & 4th & 5th & 6th graders, 11951  
 secondary memory retrieval in secondary recall, verbal intelligence & progress in learning to read, 6 yr olds, 11965  
 self-determined vs externally imposed academic performance standards for reinforcement, maintenance of standards, 2nd graders, 1865  
 self-enhancing educational program, self-concept & cognitive skills, 3rd 8th graders, 1856  
 self-perception vs expert perception, goal-related behavior during instructional interaction, 4th graders, 9873  
 self-reinforcement & group therapy intervention techniques, modifying fear-of-failure motivation & classroom behavior, 4th 6th grade inner-city economically deprived males, 7935  
 self-report of students vs recorded perception of trained observers, self-concept, measurement, 6th graders & their teachers, implications for construct validity, 4105  
 sex & achievement & grade, attitudes toward reading, 1st & 3rd graders, 3885  
 sex & grade level, teacher reinforcement of spontaneous student verbalization, 1st & 3rd & 5th & 7th graders, 3834  
 sex & social class differences, work values, 6th graders, 5976  
 sex of elementary school teacher, sex-role identification of child, 5846  
 sex role stereotyping, school readers designed for kindergartners to 3rd graders, 11907  
 Slosson Intelligence Test, academic achievement prediction, black disadvantaged 4th graders, 5912  
 small group contingencies & special activity times, out-of-group classroom behavior modification, 1st graders, 7934  
 social & tangible reinforcement, racial integration, 1st graders, 1802  
 social class, incidence of behavior problems in school & provision of counseling, 1st 4th graders, 12031  
 social skills & academic response correctness, reading achievement, 1st graders, implications for behavior intervention procedures, 1835  
 socioeconomic status & rural vs urban environment, Boehm Basic Concept Test reliability, kindergartners & 1st graders, 9971  
 socioeconomic status, concept formation, black vs white 4th graders, test of A. Jensen's theory, 6866  
 specific sound identification vs assessing sound similarities, reading achievement, 1st-3rd graders, 5920  
 speech style of students, teachers' attitudes toward pupils, 3rd graders, 1810  
 stability of sociometric responses in classrooms, 4th 8th graders, 7869  
 structured vs unstructured group approaches, self-concept & interpersonal relationships & school adjustment, 6th graders, 9983  
 student expectancy & teacher support characteristics, assignment performance, 5th & 6th graders, 5932  
 student teachers' perceptions of student roles, classroom verbal interaction, 3rd graders, 1807  
 style & structure & simplicity & shortness of instructional texts, intelligibility, 6th graders, 3859  
 syncretism & faulty mastery of difficult syntax, information transmission, black vs white lower vs upper socioeconomic status 1st graders, 735  
 tangible reward system in natural classroom setting, learning of programed materials, 6th grade Negro ghetto children, 5883  
 teacher behavior, student attitudes, 6th graders, 5852  
 teacher expectancy effect, achievement test performance, 2nd & 4th graders, longitudinal study, 11940  
 teacher expectations, academic achievement, 1st graders, 3910  
 teacher identification & rating, interpersonal communication, elementary school students, 5965  
 teacher methods of sorting students, black kindergartners to 2nd graders in segregated urban schools, book, 9875  
 teacher mobility & gesturing & pausing during lecture, students' recall, 4th 12th graders, 3925  
 teacher perception & estimate of student IQ, reading achievement, 1st graders, 9913  
 teacher political consciousness, student social & cognitive development, black teachers & 2nd graders in low-income urban elementary school, 3840  
 teacher program in self-concept enhancement, pupils' self-concept & anxiety & intellectual achievement responsibility, 1st 6th grade inner-city teachers & students, 5902

teacher ratings vs California Test of Personality results, personality characteristics ratings, youngest vs oldest 1st vs 2nd vs 3rd graders, 12017  
 teacher vs peer model's presence & performance level, motor behavior, 5th & 6th graders, 11708  
 teacher-student interaction & teachers' ratings of specific pupil attributes, teacher expectations, teachers & 7-8 yr old students, 1799  
 teachers' perceptions of self vs students' perceptions of teachers, support & austerity & permissiveness in classroom, 11 14 yr olds, 9874  
 teachers' sex, student reading achievement, 5th graders, 5895  
 teaching cursive vs manuscript writing, elementary school students with learning disabilities, 11978  
 test anxiety & testing conditions, intelligence test scores, 5th graders, 1892  
 test retest reliability & internal consistency, Peabody Individual Achievement Test, 1st graders, 9976  
 total body movement training, understanding geometric forms, educable mentally retarded 8 13 yr olds, 9946  
 training, harmonic discrimination, 1st graders, 1833  
 transfer effects of behavior changes in presence of 1 reinforcing agent, behavior in presence of another agent, male 1st 3rd graders with poor attention span & low arithmetic achievement, 9901  
 understanding messages & instructions & vocabulary test & reading speed & Wolfgang-Horn talent test system, scholastic success, 4th graders, 3892  
 use of semantic differential attitude scale, 3rd 5th graders in individualized instruction program, 7972  
 use of 6th graders as contingency managers, disruptive 3rd graders, 1821  
 validation of learning hierarchies for sequencing mathematical tasks in 4th 6th graders, 1847  
 validation with California Achievement Test & temporal stability, Peabody Picture Vocabulary Test, 1st graders, 5990  
 verbal & language ability, critical reading vs critical thinking, 5th vs 12th graders, 12009  
 verbal concept development, Indian vs non-Indian 5 & 6 yr old kindergartners & 1st graders, 6859  
 verbal reinforcement & praise vs piece of candy, discrimination learning, middle- vs working-class 1st graders, 5870  
 verbal vs vocal vs visual channels of positive vs neutral vs negative communication by female elementary school teachers, good vs bad vs not good-not bad student message evaluation, 3rd-6th graders, 5858  
 visual recognition memory, paired-associate learning & reading achievement, 2nd graders, 5924  
 visual-emphasis vs auditory-phonetic vs kinesthetic remedial approaches, reading improvement, 3rd graders, 7991  
 visual-perceptual & visual-motor & intersensory integration skills, reading achievement, 2nd & 4th graders, 9915  
 1st grade reading readiness scores, reading & spelling achievement, 6th graders, 11961  
**Elementary School Teachers**  
 attitudes toward black dialect, black vs white elementary school teachers in Alabama, 4918  
 computer-assisted remedial education program, identification of handicapping conditions in children, inservice preschool & elementary school teachers, 5936  
 curricular advance-organizer vs inquiry strategy, teacher-student interaction & pupil feelings, 6th grade classrooms, 3830  
 external conditions under which specific behavior occurs & terminal behavior & acceptable performance level, skill in writing behavioral objectives, elementary school teachers, 3860  
 Functional Analysis of Classroom Tasks, modification of teaching behavior, elementary school interns, 11937  
 job satisfaction & social background & commitment to teaching, establishment of insular subculture, black elementary school teachers in predominantly black urban school system, book, 5854  
 name stereotypes, evaluations of students' performance, 5th grade teachers, 5843  
 perceptions of causality for child's performance, elementary school teachers, 5839  
 self-report of students vs recorded perception of trained observers, self-concept, measurement, 6th graders & their teachers, implications for construct validity, 4105  
 sex of elementary school teacher, sex-role identification of child, 5846

- simple vs no observational techniques, accurate & inaccurate summary reports of reading & distractible behavior, elementary school teacher Os, 9986
- teacher perception & estimate of student IQ, reading achievement, 1st graders, 9913
- teacher program in self-concept enhancement, pupils' self-concept & anxiety & intellectual achievement responsibility, 1st 6th grade inner-city teachers & students, 5902
- teacher ratings vs California Test of Personality results, personality characteristics ratings, youngest vs oldest 1st vs 2nd vs 3rd graders, 12017

- labor market, posthospital employment & vocational adjustment, schizophrenics, 9825
- national priorities & need for national science policy & options & opportunities for individual re-employment, unemployment & mid-career change, implications for engineers, 1943
- Employee Absenteeism**
- educational & more vs. less urban background & job performance & absenteeism & turnover & community size, participation in decision making vs. job involvement, manufacturing company employees, 2006
- job satisfaction & attitudes, termination & absenteeism prediction, female clerical workers, 2009
- organizational level & work & personal factors of job satisfaction, employee turnover & absenteeism, 4029

## Employee Attitudes

relationships & shared correlates, individual- & group-level studies of absenteeism & turnover, 4025  
reliability & stability, absence measures, factory workers, 9996  
traditional vs rapidly rotating continental work shift schedule, absence, shift workers in food manufacturing plant, 12120  
weather & respiratory infection, incidence of sickness absence, industrial workers, 1443  
4-day work week, worker adjustment, pharmaceutical company employees, longitudinal study, 10068  
**Employee Attitudes** (See also Job Satisfaction)  
age & education & managerial rank & self-confidence & frustration contentment & extraversion & neuroticism, readiness to accept change & attitudes toward change in promotions policy, managers, 10094  
applicant's sex & tenseness & S's sex, acceptance of mental patient job applicants, female department store workers & male & female hospital employees, 9028  
attitudes toward mental hospital rehabilitation program, work supervisors, 7854  
attitudes toward military & national defense, conscripts, 12052  
attitudes toward military training, conscript officers, 12076  
attitudes toward military training, conscripts, 12077  
attitudinal & behavioral & structural changes, accomplishing organizational objectives, 10096  
behavioral technology, humanization in management practices, 6054  
correlational analyses, 5 versions of 2-factor theory of job satisfaction, male radio-TV employees, 4033  
cross-cultural differences, management methods & personnel attitude changes during past 5 yrs, book of selected readings, 8066  
cultural & subcultural influences, job perception & job satisfaction, white vs. nonwhite female nurses & vocational nurses & hospital technicians & aides & clerical personnel, 2002  
empirical test of factor invariance, stability of employee attitude structure, 12056  
heavy vs moderate vs light job strain, willingness to retire, male semiskilled factory workers, 10064  
high vs. low job outcome valence & high vs. low performance outcome instrumentality, job performance & effort, young adults, 2003  
high vs. low performance reward contingencies, perceived effort pay probability & perceived effort & performance & valence of pay, college students, 1993  
job involvement & importance of work over family, job satisfaction, working wives, 1987  
job satisfaction & attitudes, termination & absenteeism prediction, female clerical workers, 2009  
job satisfaction & shift work & attitudes toward air traffic control work & specific work requirements, air traffic controllers in 3 air traffic control specialties, 8060  
job satisfaction, intentions to remain in army, army nurses, 4028  
management style & locus of control, satisfaction with supervision & job involvement, chemical plant hourly employees, 2021  
measurement & factor analysis, cultural interests & job attitudes & extraversion & helping qualities, nonprofessional mental health workers, 7199  
organizational climate correlates, perceived stressful situations, male employees of accounting & management services firm, 6060  
pay incentive plan, productivity & attitudes & personnel data, male unskilled manual workers, 12094  
prestige evaluations of industries, 5 occupational subgroups & college students, 10045  
psychiatric consultation & introduction of behavioral science principles, improved staff morale & promotion of more appropriate patient management, oncology clinic nonphysician staff, 5744  
race & economic class, perceived outcomes of work & unemployment, blacks vs whites, 10060  
race & employment, work values & perception of material job outcomes, unemployed vs employed & blacks vs whites, 10059  
rated importance of job characteristics, "is there" & "should be" responses on Porter Need Satisfaction Questionnaire, male managerial personnel vs female clerical workers, 4032  
rating importance of job characteristics, male vs female business college graduates in large insurance company, 4026  
reliability & stability, absence measures, factory workers, 9996  
situational contingencies & control over work situation, job attitude as predictor of job performance, unionized employees, 12100

## SUBJECT INDEX

## Employee Motivation

supervisor credibility as safety & qualification & dynamism, subordinate satisfaction, 12108  
task events vs reward & context events, sources of satisfaction & dissatisfaction, white-collar vs blue-collar employees, 10066  
technological environment & interdependence with other organizations in environment, managerial attitudes toward subordinates & workers, Israeli manufacturing plant highest officials, 10108  
trust in workgroup & self-actualization & organizational development, field study, 4054  
type of job, discontent, adolescents, 10076  
utilization of conscript's experience during repetition exercise, military training, 12081  
work attitudes & performance & personality traits & age, short- vs long-term part-time supermarket chain employees, 4018  
4-day work week, worker adjustment, pharmaceutical company employees, longitudinal study, 10068  
**Employee Benefits** (See also Salaries)  
age & degree of qualification, willingness to contribute part of income into development of self-managed company, workers, 3991  
decision-making, developing new agent compensation system, life insurance company executives & agents, 4048  
job benefits & satisfaction & involvement & personality traits, men with MBA degrees in big vs small businesses, 4020  
merit pay, job performance & job satisfaction, managers, 10063  
offerings of slight increases in pay & status & job freedom & coworker friendliness, commitment to professional organization, teachers & nurses, 1978  
pay incentive plan, productivity & attitudes & personnel data, male unskilled manual workers, 12094  
salaries & benefits, rehabilitation counselors, 11192  
**Employee Efficiency**  
General Aptitude Test Battery scores, job behavior & performance & efficiency, blue-collar workers, 10054  
measurement of teaching efficiency, high school teachers, 11929  
positive vs negative incentives, work output & vigilance & accident susceptibility, power tool operators, 1998  
shared vs. divided labor strategies in dyads, task performance effectiveness & efficiency, Army soldiers, 2005  
technological progress & psychological problems, control systems & industrial production methods, 8080  
**Employee Motivation**  
age, job performance motivation, managers, 1991  
career motivation program, all-volunteer Navy, 6045  
educational & more vs. less urban background & job performance & absenteeism & turnover & community size, participation in decision making vs. job involvement, manufacturing company employees, 2006  
effort reward expectancy, job performance, black & white male blue collar airline employees, 1990  
expectancy formulation of work effort theory, 9993  
financial reward vs no reward vs unknown reward, task satisfaction & satisfaction with coworkers, college students, 12096  
high vs. low job outcome valence & high vs. low performance outcome instrumentality, job performance & effort, young adults, 2003  
high vs. low performance reward contingencies, perceived effort pay probability & perceived effort & performance & valence of pay, college students, 1993  
intergroup comparisons of intraperson differences, work reward preferences, 1980  
job redesign & enrichment, work motivation & job involvement & growth need satisfaction & employee interpersonal relations, telephone directory assistance operators & supervisors, 4023  
Maslow's need hierarchy toward work & job satisfaction & production & job enrichment & work environment, employee motivation, 8056  
motivational programs, collective bargaining & contract agreement, unions, 3981  
motivations for technical creativity, latent horizontal mobility tendencies & orientation towards research, engineers, 12097  
need gratification & expectation & motivation, job satisfaction & performance, white- & blue-collar employees, 10078  
offerings of slight increases in pay & status & job freedom & coworker friendliness, commitment to professional organization, teachers & nurses, 1978  
orientation & attitudes & activities, parole officers, 1738  
pay incentive plan, productivity & attitudes & personnel data, male unskilled manual workers, 12094

- perception of required abilities, performance, clerical workers in public organization, 12101
- Perceptive Management System, job satisfaction, employees, 4021
- physical vs skill variety vs goal structure vs transformations as intrinsic task dimensions, job performance & satisfaction, 10058
- potential solutions to measurement problem in expectancy theories of work motivation, 12104
- predictive validity of supervisor & peer evaluations of emotional stability & task motivation & social compatibility, civilian vs U.S. Navy personnel at isolated Antarctic research station, 3983
- productivity, subjective estimates of fatigue & physical & mental effort in work, steel plant workers, 4010
- pursuit rotor & finger-tapping & paired-associates recall & TAT & motivation questionnaires & Eysenck Personality Inventory, motivation prediction, apprentice gas filters, 12106
- self-actualization & autonomy & esteem & social interaction & security needs, importance to Ss & fulfillment in job, male vs female state vs federal government executives, 8055
- work ability vs. motivation variables, work performance measurement, 1985
- work load & time & motivation changes & physiological & perceptual indicators, perception & performance during physical activity, college students & army draftees & 22 50 yr olds, 1997
- work orientation vs hygienic orientation, work motivation, 10056
- Employee Performance Appraisal** (See Job Performance, Personnel Evaluation)
- Employee Productivity**
- leader behavior & esteem for least-preferred coworker, group performance, insurance supervisors & their sales groups, 4040
- Maslow's need hierarchy toward work & job satisfaction & production & job enrichment & work environment, employee motivation, 8056
- pay incentive plan, productivity & attitudes & personnel data, male unskilled manual workers, 12094
- productivity & fatigue, men vs women in identical jobs, 4007
- productivity, subjective estimates of fatigue & physical & mental effort in work, steel plant workers, 4010
- psychophysiological correlates, professional aptitude & job satisfaction & performance, female carpet factory weavers, 6042
- Employee Selection** (See Personnel Selection)
- Employee Skills** (See also Clerical Secretarial Skills)
- perception of required abilities, performance, clerical workers in public organization, 12101
- personnel requirements & qualifications, computer programmers & program analysts & operators & technicians, 4014
- supervisor-subordinate conflict, perception of subordinate skill requirements, clerical workers & supervisors in public organization, 2000
- supervisor's perception of subordinate's skill, subordinate's self-actualization & job satisfaction, clerical workers, 2001
- Employee Turnover**
- educational & more vs. less urban background & job performance & absenteeism & turnover & community size, participation in decision making vs. job involvement, manufacturing company employees, 2006
- equity vs instrumentality theory using vertical dyad linkage model, predicting leadership vs turnover among managers, 12107
- ethnic group identification, validity of predictor measures in forecasting turnover, female Negro & Caucasian factory workers, 4024
- hiring & training & retaining, hard-core unemployed, literature review, 10028
- job satisfaction & attitudes, termination & absenteeism prediction, female clerical workers, 2009
- mass layoffs, impact on younger vs older workers, 12122
- near-terminal labor turnover, Bantu & colored labor groups in South African industrial plant, 8062
- organizational level & work & personal factors of job satisfaction, employee turnover & absenteeism, 4029
- pre-employment work sample test & accurate expectation about task requirements, self-selection & turnover rate, black & white job applicants, 12069
- relationships & shared correlates, individual- & group-level studies of absenteeism & turnover, 4025
- Employees** (See Personnel)
- Employer Attitudes**
- attitudes toward mentally ill & blind & aged & crippled & alcoholic & mentally retarded & drug addicted & prison parolees & welfare recipients, employers & real estate agents, 3021
- attitudes toward use of & hiring vs not hiring industrial psychologists, American vs New Zealand personnel administrators, 1144
- desirability to employers & state of economy & variability & relative size of disadvantaged, employability, advantaged vs disadvantaged groups in labor force, 6028
- employer interview behavior & probability of job offer, job applicant with history of mental illness, 8038
- employer's responsibility for retirement counseling, 4006
- Employment** (See Occupations)
- Employment Interviews** (See Job Applicant Interviews)
- Employment Processes** (See Personnel Recruitment)
- Employment Tests**
- moderated regression, prediction & nondiscrimination, implications for minority group testing for employment purposes, 6029
- personnel selection methods, larger vs smaller Arizona local government jurisdictions, 8044
- personnel selection tests, age discrimination, female clerical workers, 1950
- racial differences, validity of employment tests, whites vs blacks, 10042
- Encephalitis**
- EEG as diagnostic tool, herpetic encephalitis, 7507
- limbic system temporal lobe, epilepsy & memory disorders & encephalitis & vascular degeneration & dementia, 1422
- Encephalography** (See also Electroencephalography, Pneumoencephalography, Rheoencephalography)
- Encephalography (Alr)** (See Pneumoencephalography)
- Encephalopathies (Toxic)** (See Toxic Encephalopathies)
- Encopresis** (See Fecal Incontinence)
- Encounter Group Therapy** (See also Marathon Group Therapy)
- encounter group experience, changes in locus of control, college students, 9723
- group vs encounter group therapy vs sensitivity training, 11706
- physical & body contact exercises, self-disclosure in encounter group, college students, 9005
- programed audiotapes based on encounter group theory, race relations, black & white groups, 5053
- psychotherapy & encounter groups, invasion of privacy, 7584
- sensitivity through encounter & marathon group therapy, book, 11705
- Talent in Interpersonal Exploration Groups, self-perception & interpersonal growth, 5050
- Encounter Groups** (See Sensitivity Training)
- Endocrine Disorders** (See also Cushings Syndrome, Diabetes, Diabetes Insipidus, Diabetes Mellitus, Endocrine Sexual Disorders, Hyperthyroidism, Hypogonadism, Hypopituitarism, Hypothyroidism, Klinefelters Syndrome, Parathyroid Disorders, Pituitary Disorders, Premenstrual Tension, Thyrotoxicosis, Turners Syndrome)
- crowded vs uncrowded conditions with vs without methylchloroform extraction of tank water, immune response to infectious pancreatic necrosis virus, blue gourami, 4419
- endocrine & genetic forms of growth failure, psychosocial dwarfism syndrome, children, 3563
- endocrine factors, psychopathology, 1286
- spino-cerebellar degeneration & hormonal disorder & hypogonadism & deaf mutism & mental deficiency, post-mortem findings, adult siblings, 3564
- Endocrine Gland Secretion** (See also Adrenal Gland Secretion)
- Endocrine Gland Surgery** (See also Adrenalectomy, Castration, Hypophysectomy, Male Castration, Ovariectomy, Pinealectomy, Thyroidectomy)
- Endocrine Glands** (See also Adrenal Glands, Gonads, Hypothalamo Hypophyseal System, Ovaries, Thyroid Gland)
- Endocrine Sexual Disorders** (See also Hypogonadism, Klinefelters Syndrome, Premenstrual Tension, Turners Syndrome)
- X-O anomaly & ovarian dysgenesis, rhesus monkey, 2663
- Endocrine System** (See also Adrenal Glands, Gonads, Hypothalamo Hypophyseal System, Ovaries, Thyroid Gland)
- aminodipropionitrile, behavior & locomotor activity & food consumption & body weight & endocrine function, male mice, 10696

- Endocrinology**
- electrolyte metabolism, psychiatric disorders, 1214
- endocrine system, neuropsychiatric functioning, 11287
- Endurance** (See also Physical Endurance)

**Energy Expenditure**

- amount of work done, estimation of time elapsed, college students, 8178
- category & ratio scales, estimating perceived exertion, 8026
- expectancy formulation of work effort theory, 9993
- sleep deprivation, performance of high & low energy-expenditure, healthy male adults, 8147
- task length & finger force, rest-pauses in tapping task, reanalysis of I. Spielman's data, 2255
- training to obtain water reinforcement by emitting bites with peak forces under band criteria, differentiation of bite force response, rats, 6704
- walking speed & speed constancy & heart rate & perceived exertion, military trainees, 6220
- work load & time & motivation changes & physiological & perceptual indicators, perception & performance during physical activity, college students & army draftees & 22 50 yr olds, 1997
- Engineers**
- academic grades, prediction of occupational success, engineering graduates, 9930
- factors influencing internalization of belief systems, professional socialization into law & engineering & medicine & teaching, students, 8024
- implications of job displacement at mid-career, unemployed middle-aged managers & engineers, 786
- job strategy seminars with didactic & self-analytic features, improvement of job seeking behavior by enhancing self-confidence & self-esteem, unemployed engineers & scientists, 12084
- length of unemployment, neuroticism, engineering graduates & diploma holders, 5233
- motivating factors in choosing traditionally male career, female engineering students, 12050
- motivations for technical creativity, latent horizontal mobility tendencies & orientation towards research, engineers, 12097
- national priorities & need for national science policy & options & opportunities for individual re-employment, unemployment & mid-career change, implications for engineers, 1943
- personality traits, engineering students transferring from vs terminating education at community college, 7953
- role & function of technical schools, preparing engineers to meet needs of society, 6024
- stress, task performance & interpersonal relations, high vs low least preferred coworker highway engineers, 10035
- Strong Vocational Interest Blank, prediction of student characteristics, student engineers, 10020
- England**
- age, skin color awareness & preferences, London 3-5 yr olds, 2805
- cross-cultural differences, intelligence & achievement test scores, 5 yr olds from white- vs blue-collar backgrounds, England & United States & Ireland, 8943
- defendant's mental competency when illegal act is committed vs fitness to plead in courtroom, comment on J. A. Whitehead's analysis of English law & comparison with American legal traditions, 4979
- determination of defendant's mental fitness to plead, problems & recommendations for revision of British legal practice, 5025
- dietary intake, temporal variations of incidence of anencephalus, England & Wales, 1435
- early evaluative learning, development of nationality preferences & attitudes toward Germany, 9 yr olds, England, 988
- enactment of air pollution controls, public response to air pollution, England, 5024
- intelligence, S. Breskin's nonverbal rigidity test scores, 12 yr olds, England, 9145
- maternal reinforcement styles used in teaching their children, individual differences in responses, black & white English & Israeli 4 yr olds, 6889
- number of alcoholics known vs unknown to treatment agencies, implications for appropriating funds, England, 11766
- psychiatric outpatient services, physician referrals & patient expectations, Manchester, England, 11841
- reading achievement, U.S. vs English vs Canadian vs Nigerian male vs female 2nd & 4th & 6th graders, 11949
- self-other orientations, male vs female European-English vs European-French vs English-Canadian vs French-Canadian 11 13 yr olds, 4939
- sex & marital status & social class & work maladjustment, transsexuals in England, 1333

- social structure, ecological distribution of mental illness & suicide & delinquency, Brighton, England, 9203

- English (Nonstandard)** (See Nonstandard English)
- English Language** (See Language)
- Enhancement (Drugs)** (See Drug Potentiation)
- Enjoyment** (See Pleasure)
- Enlisted Military Personnel** (See also Draftees)
- alpha-numeric vs graphic display modes for presenting information & memory vs no memory requirement, problem solving, enlisted men, 4271
- background characteristics & family relations, heroin usage, Navy enlisted men, 7354
- drill instructors' attitudes & recruits' age & education & aptitude, attitude change, Marine recruits, 8025
- expectations & socialization experiences, drinking patterns & attitudes, Army enlisted men, 853
- experiencing psychiatric contact, returning to active duty & completing enlistment, male enlisted personnel, 12098
- general ability & education & racial group, aptitude test performance, U.S. Army enlistees, 6032
- hypoxia, auditory vigilance on loudness discrimination task, Army enlisted men, 444
- military occupational choices, Marine Corps recruits, 8029
- personality dimensions, clustering occupational groups, military enlisted & officer & civilian occupational specialties, 6021
- psychological requirements & abilities of personnel, outcome of military training, enlisted occupational specialties, 12089
- sleep deprivation & stress, tracking performance, conscript soldiers, 10238
- surveillance & target & acquisition & night operation sensors, small unit effectiveness, enlisted men, 6074
- team consensus feedback, image interpreter proficiency, enlisted men, 6025
- Enlistees** (See Volunteer Military Personnel)
- Enlistment (Military)** (See Military Enlistment)
- Enrollment (School)** (See School Enrollment)
- Entrance Examinations**
- entrance examination scores & sex & social status, predicting academic success, 3rd & 5th & 8th graders, 3904
- susceptibility to coaching, formats for mathematics test, high school students, 12007
- test battery development, entrance into primary school, 5971
- test speededness on Admission Test for Graduate Study in Business quantitative section, potential source of test bias, black vs white candidates, 12008
- Enuresis** (See Urinary Incontinence)
- Environment** (See also Academic Environment, Animal Environments, Classroom Environment, College Environment, Communities, Communities, Ghettoes, Home Environment, Kibbutz, Neighborhoods, Poverty Areas, Rural Environments, School Environment, Social Environments, Suburban Environments, Urban Environments, Working Conditions)
- additive vs interactive perspective, nature-nurture controversy, 2552
- analysis of environmental stimuli, classification of dependency, implications for rehabilitation, 9823
- belief & behavior, environmental attitudes, 4975
- biological background interaction with environmental factors, multifactorial genetic system theory of mental illness, 3349
- determining relevant environments for intervention programs, childhood development, challenge for developmental psychologists, 2774
- drug abuse rehabilitation program using love & psychological reconditioning, attitude change toward drugs & client's environment, 9 30 yr old drug abusers, 9682
- ecological systems disruption & environmental degradation, 2931
- emotion & expectation & environment, communication, book, 1020
- environment vs heredity, human behavior, examination of recent hereditary manifesto, 8572
- environmental conditions & teacher attitudes, learning, 1891
- environmental factors & unconscious pathogenesis & mechanistic & dynamic organogenetic theories, present problems in psychiatry, 1191
- environmental factors, childhood depression, children with affective disorders, 5351
- environmental stimulation vs opportunity for acquisition of particular behavior, role of experience in human development, 2779

extensive physical remodeling of psychiatric admissions ward, socializing & passivity & attitudes toward ward environment, psychiatric patients, 9841

focus on behavior & simultaneous consideration of environmental variables, role of behavior genetics in psychology, 10597

genetic & environmental factors, endogenous depressive psychoses, 3298

genetic vs environmental covariation, psychoticism & extraversion & neuroticism, monozygotic twins, 5188

genetics vs life styles & common socialization experiences, dream recall frequency, monozygotic & dizygotic twins & siblings & friends living together & apart, 7131

heredity & environment, misconceptions of role in human behavior, 2547

ideology & personality, crosscultural study of hereditary vs environmental theories of war & aggression, male college students, 8925

infant-environment interaction, research methodologies, 10837

Jewishness & blackishness, significance of time perspective & nature-nurture controversy, 10936

need for interdisciplinary approach to behavior genetics, 2548

neonatal & environmental & developmental & affective variables, emotional disturbances, blind prematures, book, 1189

perceived psychiatric ward climate, treatment outcome as assessed by ward dropout & release & community tenure, veterans administration hospital patients, 7858

personality & environment, behavior, college students, book, 10846

physical & social environment, adaptation-level, adult & adolescent migrants, 2875

physical environment, perception & cognition, implications for architects & urban planners, book of readings, 870

Piaget's concepts of experience & subject-object interaction, nature-nurture controversy & IQ tests, 10862

preadmission living arrangement & institutional life style, temporal distance to death of terminal cancer patients, 5535

predisposing personality & environment & stimulation of arousal & attention mechanisms in CNS, amphetamine psychosis, 1231

presence of litter basket & population characteristics, littering behavior, 4990

problem-solving styles of practitioners vs behavioral scientists, man-environment field, 2831

research using patient as control & systematic introduction & reversal of treatment conditions, drug-environment-behavior interaction analysis, 9673

Skinner's thesis of man's behavior & environment, philosophical objections, 2346

social & environmental factors vs personality factors, drug addiction, 7385

stimulus parameter of physical environment, children's play behavior, 45 yr olds, 8477

user opinion study of railway carriage environment quality, 1st vs 2nd class vs open carriage London train passengers, 6073

window vs windowless rooms & unembellished vs embellished surroundings & comfort, attitudes & retention of videotape factual content, 4302

zygosity & birth information & somatic & mental health history & interviews with family & Ss, schizophrenic twins & their families, 11263

**Environmental Adaptation**

environmental & demographic & prior life change variables, illness onset during combat mission, 23-yr-old to over 33-yr-old U.S. Navy aviators, 3553

improvement techniques, self-concept & interpersonal relationships & control over environment, book, 1097

independence & environmental adaptation & conscience, man vs animal, examination of M. Scheler's anthropological concepts, 831

man-environment relationships, social psychology, 2834

organismic-developmental perspective, man environment transactions, 6120

physical & social environment, adaptation-level, adult & adolescent migrants, 2875

resident-intruder paradigm as measure of environmental adaptation, homosexual mounting behavior, male rats, 8846

roles of genes & environment, human hand preference, critique of R. L. Collins's work, 4439

sodium homeostasis, 4392

time of day & adaptation to recording chamber & individual vs group recording conditions & strain differences, EEG & behavioral measurement of sleep, rats, 4373

**Environmental Effects** (See also Altitude Effects, Atmospheric Conditions, Cold Effects, Gravitational Effects, Heat Effects, Noise Effects, Seasonal Variations, Temperature Effects, Underwater Effects, Weightlessness)

atmospheric conditions, human life support systems, 9994

bioastronautics, book of selected readings, 10006

constant- vs variable-intensity lighting & constant- vs variable-intensity white noise, arousal during vigilance performance, college students, 10578

ecological validity shifting in single-cue environments, choice consistency & probability learning, college students, 220

environmental effects, human development in urban regions, book, 845

environmental effects, validity for testing emotionality, rats & mice, literature review, 4681

environmental influences, psychotherapy, book, 9630

environmental stimulation & prior learning, learning, 6297

expected activity level & clothing insulation, determining thermal comfort, building occupants, 10102

extremely low frequency electromagnetic fields, psychophysiological effects, literature review, 8562

familial correlations & environmental factors, mental illness & alcoholism & neurosis, parents & children, 5290

human control capabilities in closed loop control system, 12133

malaria with & without environmental stress, psychotic episode, psychiatric patients in Liberia, 9351

medical & social & environmental factors, mental disorder onset, 1224

meteorological factors, psychiatric hospital admissions, 5373

personality correlates, venereal disease contraction, Australian soldiers in Vietnam war zone, 3524

physical & social environmental factors, social behavior, book of readings, 7012

red vs green vs blue vs yellow vs gray surroundings, psychomotor task performance, 8145

social structure, ecological distribution of mental illness & suicide & delinquency, Brighton, England, 9203

stimuli from external world vs hormones, bases for animal behavior, implications for research in man's motivation, 10496

unpredictable & uncontrollable high-intensity noise, tolerance for frustration & task performance, 2445

**Environmental Stress**

acute behavioral activation, temporal factors in sympatho-adrenomedullary activity, 19-33 yr old male students, 2533

combined environmental stresses, human tolerance levels, 10576

crowding & density, humans behavior, 2910

early social isolation, basal cortisol levels & adrenal cortex reactivity to ACTH injection or novel environment stress, rhesus monkeys, 8566

environmental fear, role of public health service nurses, 3574

environmental stress & cyclazocine, behavioral excitation in avoidance responding, rats, implications for psychosis, 2657

environmental stress, electrocardiographic & cardiac morphological changes, monkeys, 8541

home & laboratory conditions, REM sleep, 4 mo olds, 8864

intensive care unit environment, psychological disturbance, intensive care vs conventional medical ward patients, 5801

low socioeconomic status & high crime & density & residential mobility & marital breakup & racial segregation, stress & suppressed hostility & skin color & blood pressure, black & white males in Detroit, 8927

man-environment relations, crowding, 2887

repetitive intense stimulation & removal of positive stimulus & isolation & environmental causes, biochemical & physiological & social aspects of aggression, 8839

undermanning theory & research, excess population, 2939

**Envy** (See Jealousy)

**Enzymes** (See also Acetylcholinesterase, Aldolases, Cholinesterase, Decarboxylases, Dehydrogenases, Hydroxylases, Isozymes, Lactate Dehydrogenase, Monoamine Oxidases, Oxidases, Phosphorylases, Proteinases, Transaminases, Transferases)

angiotensin converting enzyme inhibitor, role of renin-angiotensin system in putative renin-dependent thirst, rats, 10679

chronic amphetamine administration, cholinergic adaptation in brain, 10682

- dimethyltryptamine-forming enzyme in blood platelets, monozygotic twins discordant for schizophrenia, 11340
- dopamine-beta-hydroxylase & methionine-activating enzyme, activity in blood, chronic schizophrenics, 5317
- enzyme activity in cerebrospinal fluid, alcoholics, 11388
- human brain & hepatic antigens, reactions of peripheral lymphocytes, schizophrenic patients, 11283
- increased serum creatine phosphokinase & aldolase activities, differential diagnosis, acute paranoid & nonparanoid schizophrenia, 9305
- levoasparaginase, retention of maze learning, mice, 4604
- lithium & sodium & potassium & rubidium & cesium, aggression & adrenal enzymes, rats, 8692
- LSD-25, enzymatic system activity in brain tissue & internal organs, rats, 10657
- mother infant separation, induction of adrenal catecholamine synthesizing enzymes, infant monkeys, 10553
- naturally occurring cannabinoids, inhibition of biosynthesis, 8683
- neural impulses, regulation rates of synthesis & concentration of enzyme & isoenzyme proteins in skeletal muscles, rabbits & rats, 4405
- neurotransmitters, protein & enzymes level, chronic schizophrenics & organic brain syndrome & mentally normal prior to death, 9258
- EOG (Electrophysiology) (See Electro Oculography)
- Ependyma (See Cerebral Ventricles)
- Epidemiology
- alcoholism, Tokyo, Japan, 9429
- attempted & completed suicides, province of Maserata, Italy, 1966-1970, 9365
- descriptive history of psychic epidemics, 9312
- epidemiological data, clinical picture & pathomorphosis of alcoholic psychoses, 9390
- epidemiological reporting-agency & sample surveys, treatment of alcoholism, 3636
- epidemiological study of homicide, review of psychiatric & psychological studies, 7388
- epidemiological study of suicide in Canada between 1950-1970, suggestions for prevention, 11343

- pathology & diagnosis & treatment & clinical features, temporal lobe epilepsy, 1427
- photic stimulation, epileptic discharges, cats & rabbits, 4351
- possible psychosomatic factors & potential benefits of psychotherapy, epileptics, 11478
- prevalency rate of epilepsy & low IQ & socially adaptive behavior, communication skills, institutionalized mongoloids vs retardates, 9458
- pseudoparalytic dementia in epilepsy, 3 case reports, 9507

- psychodiagnosis & clinical data, epileptic patients admitted at Royal Prince Alfred Hospital in Australia, 5506
- psychological change development, epilepsy with unusual symptomatology, 7542
- psychological states & temporal lobe epilepsy & iatrogenic stimulation of temporal cortex & pharmacologically induced states & sensory input, flashbacks, 3293
- rhythmic positive & background temporal spikes & posterior temporal sharp waves, normal vs abnormal EEG patterns found in epilepsy & behavioral disorders, 1193
- Rorschach measures of cognitive-perceptual & spatial organization spheres, 8 10 yr old idiopathic epileptic vs healthy children, 11459
- section of corpus callosum, independent" epileptiform activity, 9 yr old severely retarded boy, 7814
- serum anticonvulsant levels, epilepsy management, inherited mental & motor disorders, 7644
- social aspects, deterioration, epileptic patients, 5524
- symptoms & development, schizophreniform psychosis, hospitalized epileptics, 11500
- temporal epilepsy & psychosis, hospitalized 18-yr-old male, 11247
- thioridazine, behavior problems, epileptic 4-13 yr olds, 7654
- unilateral ablations of inferotemporal cortex vs implantation of aluminum hydroxide on temporal cortex bilaterally or unilaterally, behavioral impairment & visual task performance, rats, 6558
- unilateral temporal lobectomy, epilepsy & social adjustment & aggression & psychosis, patients with temporal-lobe epilepsy, 5768
- Epileptic Seizures**
- acute & long-term administration of lithium carbonate, EEG & seizure frequency & behavior, patients with temporal epilepsy, 1594
- allylglycine-induced epileptic seizures, neuronal loss & gliosis in hippocampus, 4511
- amygdala stimulation, epileptiform activity & neural plasticity in limbic structures, rats, 4524
- antiepileptic effects of tetrahydrocannabinol, clinical & electrographic seizure activity evoked by electrical stimulation of amygdala, rats, 4582
- burns, CNS function & etiologies of burn-related seizures, literature review, 1432
- clinical picture & seizure types & EEG findings & neuropsychologic testing & anatomic consideration of lesions, laughing & running epilepsy, 11438
- diphenylhydantoin, control of seizures, children with epilepsy, 11603
- factors contraindicating participation in contact sports, epilepsy, 7527
- ketamine anesthesia, EEG, brain-damaged epileptics, 1561
- ketamine, reliable EEG changes & diagnostic uses, epileptic patients, 7502
- lidocaine concentration in blood, penicillin-induced epileptogenic foci, cats, 2614
- lithium carbonate convulsive disorders, state hospitalized patients, 1578
- mental & emotional stress, convulsive readiness, epileptic patients with different localizations of epileptogenic focus, 9522
- methamphetamine & disulfiram, olfactory forebrain seizures, cats, 6606
- myelography with meglumine iohalamate vs meglumine iocarmate, epileptic seizures & EEG changes, 14-yr-old boy, 1424
- penicillin induced focal epileptogenesis in hippocampus, cats, 2594
- physiological correlates, bicuculline induced seizures, baboons, 2625
- prolonged bicuculline induced seizures, ischemic cell change & ictal physiological events, baboons, 2624
- sleep deprivation, seizures, nonalcoholic & nonepileptic patients, 3522
- speech discrimination at various signal-to-noise ratios, unilateral anterior temporal lobectomy vs temporal lobe seizures, patients, 3525
- taurine, antagonism of cobalt-induced epilepsy, cats & mice, 4673
- visual pattern stimulation, epileptic seizures & EEG changes, 7-yr-old boy, 11450
- Epinephrine**
- acute behavioral activation, temporal factors in sympatho-adreno-medullary activity, 19 33 yr old male students, 2533
- anticipation of exhausting vs milder degrees of muscular exercise, plasma cortisol vs norepinephrine vs epinephrine levels, 4411
- cage housing vs chair restraints, urinary epinephrine & norepinephrine levels, monkeys, 6455
- epinephrine, autonomic responsivity, psychopaths, criticism of S. Dinitz & H. Goldman & H. E. Allen & L. A. Lindner's work, 9278
- epinephrine, autonomic responsivity, psychopaths, reply to R. D. Hare's criticism, 9257
- fighting behavior, isolation & plasma catecholamine & epinephrine & norepinephrine, mice, 671
- individual levels & variability of urinary adrenaline, illness history, medical students, 11475
- life changes & catecholamine excretion & biochemical reactions, 44 66 yr old well-rehabilitated male survivors of myocardial infarction, 3566
- N-methylation of dopamine to epinine in adrenal medulla & brain, adrenaline biosynthesis, possible implication for schizophrenia, 7291
- urinary excretion of monoamines & metabolites before & during & after withdrawal from barbiturates, barbiturate-dependent Ss, 3458
- Epistemology**
- discussion of K. Twardowski's contributions to philosophy & psychology & logic & epistemology, 37
- epistemological assumptions in psychoanalysis, 3727
- interpretation of physical phenomena vs intentionally dispatched signs & messages, subject-object vs subject-subject relationships, implications for psychoanalytic theory, 5161
- rules of inference, epistemic mathematical logic modeling of cognitive psychology, 6150
- Epithellum (See Skin (Anatomy))**
- Equality (Social) (See Social Equality)**
- Equilibrium**
- gross body balance heritability, monozygotic & dizygotic twins, 8318
- stressful conflict, increased tendency toward balance, Jewish faculty members, 2987
- viewing visual figure moving in horizontal vs vertical vs circular-clockwise vs circular-counterclockwise pattern, dynamic balance task performance, male college students, 8314
- Equipment (See Apparatus)**
- Erection (Penis)**
- nocturnal penile tumescence & sleep EEG & eye movement, convicted rapists vs other prisoners, 7288
- Ergonomics (See Human Factors Engineering)**
- Ergot Derivatives (See also Dihydroergotamine)**
- CCK-179 treatment, symptomatology & correlated EEG changes, 59-79 yr olds with cerebral vascular insufficiency, 9638
- Eroticism**
- erotic & pleasant vs displeasurable vs neutral contrast films, tendency toward intrusive & stimulus-repetitive thought, college students, 2453
- erotized transference, significance & meaning, 1512
- erotomanic delusions, 1236
- questionnaire survey, attitudes & practices regarding erotic & nonerotic patient contacts, physicians, 11193
- sex-guilt, responses to visual erotic stimulation, female college students, 10500
- sexual arousal & pornography judgments & attitudes toward censorship in response to erotic stimuli, authoritarian vs egalitarian married couples, 4308
- sexually explicit censored material, sexual adjustment problem treatment, 9717
- Error Analysis**
- alternative procedure to use of familywise error rates retaining experimentwise error rates & using O. J. Dunn's 1961 test, 2101
- basic concepts of psychological test theory, 8104
- calculation procedures, estimation of measurement error, 6146

- direct estimation procedures, eliciting judgments about uncertain events, 10325
- equal response ambiguity vs equal discriminability, magnitude estimation & category rating scales for linear & constant Weber functions, 4100
- experience vs information, estimated probability of presence of disease, housewives, 8382
- giving percentiles of cumulative distribution vs probability estimates on pairs of discrete height intervals vs direct estimates, internal representation of probability distributions of men's & women's heights, college students, 8420
- item characteristic curves, estimating power scores on verbal aptitude tests, students, 4103
- model for analysis of covariance structures, estimation of parameters in regression analysis, 4155
- nurses' estimates & patients' self-reports of duration & quality of patients' sleep vs EEG measures of sleep, nurses & patients, 4374
- simple logistic model of G. Rasch, test-free ability estimation, college & high school students, 1933
- Estradiol**
- estradiol & body weight, food intake & body weight after ovariectomy & adrenalectomy, rats, 509
- estradiol benzoate vs dihydrotestosterone propionate vs testosterone propionate, copulatory behavior, castrated male rats, 6590
- estradiol benzoate vs testosterone propionate vs dihydrotestosterone, sexual motivation, ovariectomized female rats, 8722
- estradiol, inhibition of b dopamine hydroxylase in anterior diencephalon where norepinephrine sensitive neurons activate feeding behavior, rats, 4659
- estrogen & progesterone, maternal behavior, female mice, 556
- estrogen antagonist, behavior & estrogen retention in neural & peripheral target tissues, ovariectomized female rats, 602
- experience & estradiol benzoate & progesterone, receptivity, rats, 8700
- intraventricular norepinephrine & estradiol benzoate, weight regulatory behavior, female rats, 6668
- testosterone propionate vs. estradiol benzoate after postnatal Day 10, precocious mating without vs effects on sexual clasping or ambulation, male rats, 530
- Esteroids** (See also Estradiol)
- castration & androgen & estrogen treatment, sexual behavior development, male hamsters, 8581
- chlorambucil vs cortical application of conjugated estrogen & induced spike-wave activity, electroretinograms & visual evoked potentials, monkeys, 4353
- estrogen & progesterone, sleep patterns, male rats gonadectomized at birth vs in adulthood, 8682
- estrogen antagonist, behavior & estrogen retention in neural & peripheral target tissues, ovariectomized female rats, 602
- estrogenic stimulation &/or hypophysectomy, spontaneous activity, female rats, 6506
- estrogens, food intake & body weight following ventromedial hypothalamic lesions, rats, 8586
- rostral medial forebrain bundle lesions, masculine vs. feminine sexual behavior, female rats, 499
- subcutaneous injection of androgen & estrogen or oil, sex behavior, female mice, 8755
- Estrus**
- central & peripheral anosmia, reproduction, female mice, 460
- copulation as reinforcement, straight runway performance, estrous vs nonestrous rats, 8811
- genital stimulation, medullary neuron responses, estrous & anestrous female cats, 4365
- Ethanol**
- acetaldehyde or 4-methylpyrazole & ethanol, catecholamine metabolism & motor activity, mice, 8752
- acute ethanol & benzyl alcohol administration, hypothermia, mice, 4593
- amphetamine & centrophenoxene & echinopsine & bemegride & hydrocortisone & pyridoxine, ethyl alcohol action, rabbits & mice, 10688
- ball-point drinking spouts vs Richter tubes, measurement of ethanol consumption, rats, 6761
- biochemical mechanisms, barbiturate & ethanol addiction, 2644
- brain serotonin level, ethanol intake, 6460
- chlordiazepoxide & flurazepam & vitamin therapy, blood concentrations of ethanol & methanol acetaldehyde & formaldehyde, low vs high blood-alcohol-level, 29 72 yr old admissions to alcohol detoxification center, 9677
- chronic ingestion techniques, physical dependence on ethanol, 2598
- D-tetrahydrocannabinol & ethyl alcohol, adjunctive behavior & lateral hypothalamus, rats, 601
- electrical stimulation of lateral hypothalamus, ethanol consumption, rats, 2579
- enriched vs deprived vs normal environmental rearing conditions, ethanol consumption, rats, 633
- ethanol & dextroamphetamine & disulfiram & p-chlorophenylalanine, evoked responses during predatory attack, cats, 573

- ethanol-reinforced responding, monkeys, 6767  
 ethanol, acquisition & retention of passive-avoidance conditioning, mice, 8720  
 ethanol, aldosterone secretion, pentobarbital-anesthetized ethanol-infused dogs, 552  
 ethanol, biosynthesis of dopamine, rats, 6614  
 ethanol, brain serotonin levels, rats, 6611  
 ethanol, cyclic adenosine monophosphate levels in brain, rats, 4678  
 ethanol, cyclic 3, 5-adenosine metabolism in brain, mice, 8715  
 ethanol, development of function tolerance measured by performance recovery of discrimination-reversal task, monkeys, 6654  
 ethanol, intracranially reinforced response amplitude & duration & rate, rats, 8757  
 ethanol, metabolism of H-noradrenaline & H-dopamine in brain, mice, 2587  
 ethanol, presynaptic inhibition in isolated spinal cord preparation, 2591  
 ethanol, soporific action, mice, possible role of biogenic amines, 6593  
 ethanol, successive discrimination performance for assessing differential sensitivity to drug, rats, 10673  
 ethanol, withdrawal syndrome, monkeys & dogs, 6607  
 forced acclimation to ethanol, drinking of ethanol in free-choice situation, rats, 10703  
 frontal cortical ablations, alcohol selection & emotionality, monkeys, 6542  
 increasing vs decreasing vs random concentration sequence, selection of ethanol vs water, rats, 8678  
 marijuana & ethanol, rapid eye movement sleep suppression & deprivation response, 2659  
 neurochemical aspects, tolerance to & dependence on ethanol, 2650  
 orbital & dorsolateral frontal cortical ablations, ethanol self-selection & emotionality, monkeys, 4495  
 pineal gland removal, dark-induced ethanol preference & ratio of water intake to ethanol intake, rats, 469  
 pinealectomy, consumption of water vs alcohol solution, congenitally blind rats, 8653  
 schedule of ethanol doses, tolerance level & rate, rats, 2620  
 self-selection of ethanol as wine, palatability of wine for animal alcoholism studies, rats, 10650  
 shock induced stress, ethanol consumption, pigeons, 8793  
 various schedules of ethanol exposure, voluntary ethanol intake, rats, 604  
 1-methyl-6-methoxy- 1,2,3,4-tetrahydro- 2-carboline & 5-hydroxytryptophan, ethanol drinking, rats, 6618
- Ether (Anesthetic)**  
 ether anesthesia & surgical trauma resulting from acute pyloric ligation, gastric secretion, rats, 4445

 contact with Europeans, genetic differences in intelligence & classification ability, aboriginal children, 4440  
 crystallized vs fluid intelligence & memory, Caucasian vs Negro vs Mexican-American 4th 6th graders, 6939  
 cultural & subcultural influences, job perception & job satisfaction, white vs. nonwhite female nurses & vocational nurses & hospital technicians & aides & clerical personnel, 2002  
 cultural pressures toward conformity, eye hand dominance & cognitive style, male vs female Temne & Arunta Ss, 4926  
 cultural vs environmental differences in cognitive development, intelligence test performance, Maoris vs Europeans in New Zealand, 6869  
 disadvantages of patient & therapist being of same ethnic background, 11583  
 discrimination training or practice, recognition of white & oriental faces, white college students, 8369  
 ethnic experiences, effective career educational planning, ethnic groups, 11910  
 ethnic group membership, job performance prediction, Caucasian vs Negro civil service & private firm clerical employees, 4017  
 ethnic hostilities, political conflicts in new states, 841  
 ethnicity & ethnic differences, mental health profession, lower-middle-class ethnic populations, book, 3742  
 ethnicity & social status & racial prejudice, measurement of ethnic identity, 10933  
 forced vs optional communication & ethnic groups, cross-cultural communication, Canadian college students who are French- or English-speaking, 7041  
 Guttman's structural method of facet analysis, construction of cross-cultural attitude-behavior scale toward racial-ethnic interaction, blacks & whites, 4935  
 Illinois Test of Psycholinguistic Abilities & Queensland Test performance, Aboriginal vs European Australian elementary school students vs U.S. norms, 4930  
 interethnic contact, interethnic friendship choice, European vs Middle Eastern descent Israeli soldiers, 6921  
 knowledge of Maori language & customs & etiquette, urban vs rural Maori vs urban white 13-15 yr olds, 810  
 language & clothing & sex & ethnic group of E, altruism & language of S, Spanish-American Ss, 11034  
 language of interview & ethnicity of interviewer, response consistency, Mexican-Americans, 11019  
 linguistic & symbolic cues, adjectival descriptions & social distance of racial & ethnic groups, college students, 2941  
 near-terminal labor turnover, Bantu & colored labor groups in South African industrial plant, 8062  
 nonphysiological factors & ethnic specific patterns, seeking medical attention, 18 50 yr old Anglo-Saxon Protestant & Irish & Italian Catholic outpatients, 5574  
 own trait attributions & attributions seen as justified, ethnic stereotypes vs attitudes, black & white college students & rural noncollege whites, 3014  
 parental income & location & native language & home dwelling, verbal intelligence & classificatory ability, 5 11 yr old Australians, 4927  
 Persephone syndrome, conflict in adaptive process, married Greek female immigrants in U.S.A., 1229  
 personality traits, aspiration level, children of gypsy origin vs other children placed in residential homes, 6923  
 phenomenological reality & post-death contact, blacks & Japanese & Mexican & European originated Ss, 2855  
 preferences for peers & parents & teachers, concern over evaluation by others, white & Aboriginal Australian adolescents, replication & extension of Epperson's study, 6949  
 presentation conditions & method of response, noun-pair learning, black vs Chinese- vs Spanish-American vs white 2nd graders, 4938  
 psychosocial development, aboriginal community on Elcho Island, 6947  
 race & ethnic origin basic skin conductance & pulse rate measurement, Caucasians vs Negroes & Bedouins vs non-Bedouins, Israel, 2470  
 reading interest, black & Puerto Rican inner-city high school students, 5881  
 school adjustment & parental perception of adjustment, Hispano- vs native-born pupils, 1877  
 sex differences, sex-role stereotypes & self-concept, American & Chinese college students, 5206  
 social desirability, ethnic stereotypes of Israelis & Jews & Japanese & Germans, college & graduate students, 10929  
 social stratification & ethnic pluralism, overview from psychological anthropology perspective, 817  
 student body ethnic composition & teaching staff, public school group disorders, New York City schools, 8981  
 traditional assessment vs alternative measurement procedure, measurement of individual differences in tendency to adopt ethnic stereotypes, 979

## Ethnic Identity

- unsatisfactory home environment, poor school performance, gypsy children, 5922
- Ethnic Identity**
- race" & caste" & other ethnic stratification terms, implications for human social life, 811
- age & social class & ethnic identity, return of lost letters, adolescents to adults, 9043
- age differences & cultural differences, ethnic identity, Japanese in Tachikawa & Honolulu & Seattle, 2863
- black studies curriculum material, self-concept & achievement & school attendance, black 3rd & 6th graders from inner-city schools, 3855
- ethnicity & unemployment & broken homes & socioeconomic status & accident involvement, police bias in arresting intoxicated drivers, 25 54 yr. old male drivers, 2033
- ethnic group identification, validity of predictor measures in forecasting turnover, female Negro & Caucasian factory workers, 4024
- ethnic hostilities, political conflicts in new states, 841
- ethnicity & regional subcultural features, social distance perception, college students, 3018
- ethnicity & social status & racial prejudice, measurement of ethnic identity, 10933
- knowledge of Maori language & customs & etiquette, urban vs rural Maori vs urban white 13 15 yr olds, 810
- mass media, development of minority group identity, Negroes, 5015
- race-ethnicity & social class, attitudes toward help seeking & therapist's race & race-disclosure & self-reported treatment outcomes, black & white female college students, 3622
- racial self-designation, preferences for counselors, black college students, 8004
- social stratification & ethnic pluralism, overview from psychological anthropology perspective, 817
- sociological ethnicity, social stratification in class & deference & political groups, 835
- 3-generation thesis, changes in religious practices, American Jews, 4958
- Ethnic Values**
- ethnicity & ethnic differences, mental health profession, lower-middle-class ethnic populations, book, 3742
- persisting belief in witchcraft & continuing appeal of native healing practices, interference with willingness to comply with prescribed psychiatric treatment, implications for East African psychiatrists, 9566
- scholastic aptitude & perceptual skills test performance, Jewish vs. non-Jewish male college freshmen, relation to ethnic differences in child-rearing, 809
- witchcraft vs rootwork magical thinking, behavior disturbances, Liberians vs black Americans, 9428
- Ethnocentrism**
- authoritarianism & alienation, prediction of ethnic intolerance & drug use tolerance attitude change after changing schools, high school students, 873
- values & ethnocentrism, Ukrainian migrant vs Australian students vs parents, 2847
- Ethnography**
- culture as cognition, ethnographic study of drug-oriented subculture, urban male heroin addicts, book, 1315
- situational features in normative rules, ethnographic study of ice crossing rules, Slave Indians, Canada, 1016
- Ethnolinguistics**
- situational features in normative rules, ethnographic study of ice crossing rules, Slave Indians, Canada, 1016
- standard vs nonstandard English presentation, grammatical responses, Negro vs Caucasian 2nd graders, 5152
- world view & rhetorical speech, Navajo, 5156
- Ethnology** (See Also Related Terms)
- ethnopsychology & psychology of religion, views of C. C. Valikhanov, 4945
- Ethology** (Animal) (See Animal Ethology)
- Ethyl Alcohol** (See Ethanol)
- Ethyl Ether** (Anesthetic) (See Ether (Anesthetic))
- Etiology**
- adaptation to aversive maternal control, learning theory of schizophrenic development, book, 1251
- biological background interaction with environmental factors, multifactorial genetic system theory of mental illness, 3349
- birth order, etiology of mental disorder, psychiatric referrals, 1218

## SUBJECT INDEX

## Etiology

- bus ride from Armed Forces induction center to reception station, precipitation of pathological behavior, case reports, 5388
- chronification &/or underlying neuroses, prognosis for patient, 5344
- cognitive ability patterns, mildly retarded vs average intelligence children, examination of J. P. Das's findings, 7427
- delayed auditory feedback reaction & anxiety, stuttering, 11427
- depressive family tendencies & general family disturbances & parents' tensions with school & neighbors, depressive features, psycho-organically disturbed children, 7342
- description of syndrome & etiology & genetic factors & pathological & biochemical correlates & differential diagnosis & pharmacological treatment, narcolepsy, 1632
- development & pathogenesis & etiology & treatment, obsessive & compulsive behaviors in children, book, 7257
- economic theory vs deviant personality or unusual environment causality, crime, participant-social-action research, 3407
- ego illnesses, genesis & dynamics of psychosomatic disorders, 9230
- epidemiology & diagnosis & etiology & description & treatment & prognosis, involuntional melancholia & manic depressive illness & affective disorders, 3339
- etiology & age & condition & order, stimulus enrichment procedures, institutionalized retardates, criticism & replication of J. E. Gordon & H. C. Haywood's research on stimulus enrichment, 7987
- etiology & age & geographical distribution, epilepsy, Tunisia, 11485
- etiology & hypothalamic model, anorexia nervosa, 1203
- etiology & prevention, sociopsychological aspects of suicidal tendencies, 1704
- etiology of schizophrenia, offspring of schizophrenic parents, literature review, 9321
- familial incidence & treatment, Gilles de la Tourette disease, 3 case reports, 3519
- family & personal histories, etiological factors in alcoholism, alcoholics & nonalcoholics & nonalcoholic criminals, 9400
- genetic & environmental factors & parent-child relations, constitutional correlates of schizotaxia & relations to development of schizophrenic disorder, 7324
- high or low probability of cerebral damage, schizophrenia symptomatology, 9297
- incidence & definition & diagnostic criteria & etiology & pathology, cerebral palsy, 1441
- knowledge of etiology & natural history & treatment response, diagnosis as dynamic concept, 11224
- life events, etiologic factors in diseases of children, survey of teachers & pediatricians & mental health workers, 11441
- neurotic vs psycho-organic disorders, high frequency electromagnetic radiation-caused psychological changes, 5358
- onset age & clinical course & associated alcoholism & drug abuse & sociopathy & homosexuality, affective disorders, manic probands, 1297
- organic vs familial retardation, cognitive processing, mildly retarded vs average intelligence children, rebuttal to D. Balla's criticism, 7436
- pathogenesis of idiopathic epilepsy, centrencephalic twins & siblings, 5507
- perinatal anoxia, mental retardation etiology, 7452
- personality characteristics & psychodynamic interpretations & learning theory, alcoholism & alcoholics, 7398
- personality traits as etiologic or reactions to disease, emotionality & anxiety & introversion patients with rheumatoid arthritis, 11493
- personality types & etiology, hysteria, 11331
- phenomenology & etiology, syndrome of specific dyslexia, book, 1384
- physical & psychological & environmental factors, etiology & treatment of homosexuality, literature review, 7353
- psychiatric-psychological study of noninstitutionalized vs institutionalized XYY syndrome males in Denmark, 7251
- psychopathological parents & emotional interaction with opposite sex, functional sexual disorder, 5360
- psychosocial factors, etiology & prognosis of acute myocardial infarction, 9506
- research on causative factors, psychiatric epidemiology, problem areas of fetal brain damage & Down's syndrome & depression & communicated disorders & social breakdowns, 7244
- rheumatology, psychological impasse, 9529
- school phobia syndrome etiology & suggestions for cure, 7281
- social & environmental factors vs personality factors, drug addiction, 7385
- social causes, schizophrenia, 1223

## Etymology

social origins of mental problems, 5369  
theoretical etiological & pathogenetic aspects of psychosomatic disorders, 11290  
unfilled emotional needs & matrimonial stress & loneliness & depression, shoplifting, 3448

### Etymology

internal representations & mental operations, verifying sentences against pictorial referents, college students, 10324  
origin & evolution of term "psychology", 1041  
playing role of editorial assistant vs someone helping foreign friend, linguistic acceptability of grammatical vs ungrammatical sentences, college students, 7117  
suicide & suicidology, etymological discussion, 1362

### Euphoria

euphoria & physiological & memory & visual effects of marihuana, drug use patterns, 534  
higher plants producing euphoria, 8695  
iv amphetamine & high-dose usage, flash & euphoria & anorexia & insomnia & paranoia & violence & compulsivity & over-amping & complications, 567  
lopremon, somatic symptoms & relaxation & mild euphoria & increased energy, normal females, 2654  
nonmedical use of methaqualone, euphoria & relaxation & relief from anxieties & paresthesia, 22 25 yr olds, 557  
sleep-wakefulness & stress & euphoria & energy during sleep deprivation, self-reported arousal & reaction time task performance, college students, 6426

### Europe

age & cross-cultural differences, Piagetian spatial perception, 11 13 yr old Africans vs 6 7 yr old European children, 8896  
availability of alcoholic beverages, excessive drinking & alcoholism, Western Europe, 11360  
cross cultural differences, jugular & facial motions denoting "yes" & "no," Europe, 1034  
cultural factors, adaptation of WISC, Romanian children, 8110  
current psychology, Romania, 4086  
demographic characteristics & clinical history, suicide attempters in Romania from 1961 1970, 5404  
exhibitionism outside Europe & America, 5368  
history of psychology, Bulgaria, 4083  
pictorial depth perception, European vs Papua New Guinean & Torres Strait Islander Navy applicants vs Aboriginal vs European 7th graders, 2869

psycholinguistics, survey of 1972 research at University of Bucharest, book, 9080

wages & professional status & participation in politics & unions & social status & discrimination, working women in Great Britain & Scandinavia & Soviet Union & Eastern European Communist countries, book, 4000

### Eustachian Tube (See Middle Ear)

Evaluation (See also Educational Program Evaluation, Mental Health Program Evaluation, Personnel Evaluation, Self Evaluation)

Accurate Empathy vs Likeability vs Good Therapist rating, psychotherapist evaluation, 3225

back translation vs. knowledge testing vs. performance testing, language translation quality evaluation, 1054

behavior patterns, teacher evaluation of students & students' applications to academic vs nonacademic stream in next grade, Danish 7th graders, 1868

behaviorally anchored rating scales, evaluation of college teaching, college students, 11883

behaviorism & operant conditioning, evaluation by systems analysis scholars, 2356

Cost of Attaining Personnel Requirements model, evaluating alternative recruiting-selection strategies, 1968

differentiation matching vs differentiation level, judgment of teacher effectiveness, medical students, 3270

evaluating & screening manuscripts for publication, literature review, 1061

evaluation criteria, teaching machine systems, 1834

evaluation methods, vocational rehabilitation process, 11814

evaluation of college professors performance, college students vs department chairmen, 11879

evaluation of originality, 5176

factor analysis, evaluation of college teaching behaviors instrument, college students vs faculty, 7997

father's educational level & grades earned & post high-school plans & school activity participation & school enjoyment by student,

## SUBJECT INDEX

## Evoked Potentials

perceived teacher effectiveness characteristics, high school students, 11936

high- vs low-evaluation instructions & self-awareness, task performance, college students, 2456

instructor consideration & high-initiation-structure, evaluation of teaching effectiveness, college students, 11885

instructor ratings, culturally disadvantaged college students in campus life adjustment program, 3890

midterm grades, comparison to student evaluations of faculty teaching effectiveness, business students, 11888

models & methods in evaluation research, 6093

positive or negative biased preinformation, evaluation of language skills, graduate students in speech pathology, 5495

pupil- vs teacher-centric, instructional pattern, student achievement & attitude change toward social studies mini-course & evaluation of teacher performance, high school students, 3903

research vs evaluation model, environmental issues & social problems, 2835

self & teacher rating on Index of Adjustment & Values, rating of instructor's teaching performance, college juniors, 3833

self-ratings vs student ratings of college teachers, 12002

sex & class year & GPA & class size testing early vs late in semester, student evaluations of instructor as measured by Instructor Evaluation Questionnaire, college students, 8006

student evaluations & evaluative feedback during semester, faculty performance, professors, 11880

student values & teacher evaluation, evaluation process, college students, 3958

verbal vs vocal vs visual channels of positive vs neutral vs negative communication by female elementary school teachers, good vs bad vs not good not bad student message evaluation, 3rd 6th graders, 5858

Evolution (Educational Program) (See Educational Program Evaluation)

Evolution (Mental Health Program) (See Mental Health Program Evaluation)

Evaluation (Personnel) (See Personnel Evaluation)

Evaluation (Self) (See Self Evaluation)

Evaluation (Treatment Effectiveness) (See Treatment Effectiveness Evaluation)

### Evangelists

social scientific research methods, lay mobilization in evangelism, 4953

Evoked Potentials (See also Auditory Evoked Potentials, Cortical Evoked Potentials, Olfactory Evoked Potentials, Somatosensory Evoked Potentials, Visual Evoked Potentials)

alcohol, sensory evoked & spontaneous cerebral potentials, graduate students, 4653

ambiguous linguistic stimuli, interhemispheric asymmetries for verb & noun meanings in scalp-recorded evoked potentials, 398

average evoked responses, 10 13 yr olds with difficulty in processing visual stimuli, 9462

averaged evoked potentials, correlations with conventional measures of intelligence, 8503

carbamazepine & phenobarbitone & diazepam & bromide-containing drugs, propagation velocity of evoked muscle spikes, 4605

cerebral self-stimulation, oscillatory evoked potentials, rats, 8621

click & flash & shock stimulation, responsiveness of medial geniculate body & evoked potentials & multiple unit activity, unanesthetized cats, 4503

cognitive activity, graded changes in evoked response amplitude, 8505

coupling sound of low intensity with intense light flash, conditioning of averaged evoked potentials, 6 14 yr old autistic & normal children, 3350

delayed conditioning of primary evoked deflections, synaptic mechanism as explanation for basic memory events, cats, 6364

ethanol & dextroamphetamine & disulfiram & p-chlorophenylalanine, evoked responses during predatory attack, cats, 573

high frequency acoustical stimulation & electrical stimulation of nervous processes in osseous spiral laminae of cochlea, single unit neural response of inferior colliculus, cats, 4466

indirect stimulation in median nerve, antidromic & orthodromic responses or prepotential wave, 20 40 yr olds, 4484

intelligence & arousal, averaged evoked potential, adults, 4369

interstimulus interval, contingent negative variation & choice reaction time, experienced Ss, 4249

levodopa & reserpine, evoked potentials in basal ganglia, rats, 4585

melittin, inhibition of general behavior & exploratory activity & emotionality & spontaneous & evoked bioelectric activity in brain, cats & mice, 10704  
 motor movement, evoked lemniscal response to electrical stimulation, cats, 6601  
 nervous system properties, involuntary & voluntary memorization, 6308  
 parachlorophenylalanine, physiological & behavioral effects, rats, 4567  
 pharmacological modifications, evoked brain potentials, book, 6595  
 photic & acoustic & electrodermal stimulation & isotonic glucose injection, spontaneous & evoked activity in ventromedial nucleus & lateral hypothalamus, rabbits, 6393  
 psychophysical judgments involving near-threshold stimuli, evoked potential correlates, reply to D. L. Clark & R. A. Butler & B. S. Rosner, 6405  
 reaction times with variable foreperiod, evoked potentials to warning and reaction time signals, 20 27 yr olds, 6368  
 shifting attention toward or away from visual or auditory stimuli of varying intensities & individual differences, average evoked responses, volunteers, 2503  
 slow potential correlates, neuronal population responses in lateral geniculate nucleus, cats, 6410  
 strychnine applied to postcruciate arm cortex, primary evoked response & corticofugal reflex discharge, cats, 2577  
 topographical distribution, evoked potentials in striatum elicited by cortical stimuli, cats, 8516  
 transcallosal & transhippocampal evoked potentials, brain development, guinea pigs, 8531  
 verbal instructions & frontal lobe lesions, evoked potentials, 5538  
**Evolution (Theory Of)** (See Theory Of Evolution)  
**Exceptional Children (Gifted)** (See Gifted)  
**Exceptional Children (Handicapped)** (See Handicapped)  
**Excretion** (See also Defecation, Urination)  
 ad lib alcohol consumption, urinary testosterone glucuronide excretions & 17-ketosteroid, laboratory technicians vs male alcoholics, 3406  
 genotype & neonatal irradiation, diallel genetic analysis of open-field locomotion & elimination, mice, 455  
 methaqualone in tablet & capsule dosage forms, comparative bioavailability & absorption & excretion characteristics, male adults, 4663  
 quantitative gas-chromatographic determination & infrared spectrographic identification, phenethylamine elimination, endogenous depressives & neurotics & cases of involutional melancholy, 7274  
 stress, reactivity of vegetative-humoral-hormonal system as measured by ergo- & trophotropic metabolites in liquid media & body excretion, 6444  
**Executives** (See Top Level Managers)  
**Exercise**  
 anticipation of exhausting vs milder degrees of muscular exercise, plasma cortisol vs norepinephrine vs epinephrine levels, 4411  
 basic perceptual noise constant, psychophysical function of perceived exertion before & after work, 164  
 bicycle ergometer work, fatigue & critical flicker frequency & spiral aftereffect & reaction time, college students, 8309  
 cold pressor test & exercise & tilt & stress, plasma dopamine-beta-hydroxylase activity, 18 20 yr olds, 431  
 demographic & physical characteristics & family background, physical activity attitudes, college students, 11028  
 exercise-induced activation, motor & cognitive task performance, literature review, 8380  
 exercise, urine 3-methoxy-4-hydroxyphenylglycol levels, normal college students, 4400  
 exhaustive hand-finger exercise, pace & accuracy of handwriting performance, college students, 2261  
 heart rate prior to & during & in recovery from standard treadmill walk, runners vs swimmers vs healthy controls, 2528  
 intense physical preparation, childbirth without pain, medical personnel's role, 9576  
 local muscular fatigue due to isotonic & isometric exercise, fractionated reaction time components, 2263  
 locus of control & attitudes toward physical activity, cardiovascular fitness & physical exercise, college students, 8313  
 normal physical activity & sports participation, personality development, children with epilepsy, 3512  
 physical activity, psychological development, handicapped children, 5531

physical exercises, activation of dormant life forces, depressed patients, book, 3585  
 physical training program, physical fitness & self-concept, hospitalized alcoholics, 9377  
 prolonged physical exercise, subjective symptomatology, young adults, 2262  
 relaxation method involving motor & respiratory exercises, enhancing responsiveness in therapy, 9604  
 strength & physical fitness & physical activity attitudes, wilderness backpackers vs nonbackpackers, 2273  
 strenuous & exhaustive exercise, learning, male rats, 8796  
 suggestion of exercise & emotional stress using hypnosis & sodium amobarbital, free fatty acid circulation & heart & respiratory rate, 23-26 yr old medical students, 4390  
 variations in activation upon sensory sensitivity, tachistoscopic detection task using forced-choice procedure, college students, 8160  
 weight loss due to exercise, taste responsiveness, male rats, implications for human obesity, 8557  
**Exhaustion** (See Fatigue)  
**Exhibitionism**  
 counterconditioning & reciprocal inhibition by associating positive heterosexual fantasy & masturbation, 17-yr-old exhibitionist, 11712  
 exhibitionism outside Europe & America, 5368  
 sexual violence & pedophilia, exhibitionists, 3374  
**Existentialism**  
 cosmological & philosophical foundations, experimentalism, 8101  
 existential phenomenology in contemporary psychiatry, 11519  
 existentialism of M. Heidegger, schizophrenic metamorphosis, 9242  
 historical context of phenomenological & existential & humanistic psychologies, aid to psychology students, book, 27  
 humanistic-existentialism approach, counseling & psychiatric occupational therapy, 7822  
 object encounters & experiences & eidetic characteristics, phenomenological psychology of E. Husserl & analysis of French phenomenologists, 41  
 operative vs. thematic concept, life-world, 21  
 transcendent ego & emptiness of consciousness, analysis of Sartre's *La Transcendence de l'Ego*, 14  
**Exogamous Marriage** (See also Interracial Marriage)  
**Expectations**  
 accurate expectations about physical sensations to be experienced, sensory & distress components of pain, male college students, 2454  
 active & passive preparation in regard to preparatory interval, simple reaction time, 2267  
 anticipated performance, causality attributions to self & others, senior high school boys, 5125  
 anticipation of exhausting vs milder degrees of muscular exercise, plasma cortisol vs norepinephrine vs epinephrine levels, 4411  
 anticipation time for task performance & reward, heart rate, college students, 10583  
 assessments of social power & peace agreement & pessimism-optimism & expectations of future conflict, 15-40 yr olds from Czechoslovakia & Norway & Poland & Spain & Sweden & Yugoslavia, 5005  
 attitudes & expectations toward parental control, Swedish 4th vs 6th vs 8th graders, 8908  
 attitudinal referential meanings in English lexicon & syntax & intonation, personal identity & social expectations & societal image, women, 1040  
 biased psychological reports & knowledge of effects of bias, ratings & expectations of kindergartners, teachers, 5847  
 category ratings as subjective expected values, implications for attitude formation & change, 10340  
 causal attributions, expectancy of success before each anagram was presented, 6th & 10th graders & college students, 10386  
 church organizational structure & parishioner expectations, structured punishment & stress & devalued self-concept, Protestant ministers, 2858  
 confirming vs disconfirming information, bias stimuli decision-making, college students, 347  
 counterconditioning & expectancy & cognitive information storage & retrieval, reduction of avoidant behavior, college students with fear of snakes, 7732  
 detection theory, expectations for social reinforcers, application to aggression, 10994

- diazepam & dipotassium clorazepate & tranquilizing vs stimulating set instructions, EEG & mood & attentiveness, 4624
- dissonance & anxiety reduction & defensive effort & anxiety distraction & energizing arousal as alternative explanations for self-fulfilling prophecy, 10487
- effort reward expectancy, job performance, black & white male blue collar airline employees, 1990
- emotion & expectation & environment, communication, book, 1020
- emotional arousal & expectations & motivation, heuristic search, 8481
- expectancy & feedback, systematic desensitization outcomes, spider-phobic college students, 9714
- expectancy & physiological feedback, modifying fear behavior, review, 5698
- expectancy & race, ratings of intelligence, white vs black school psychologists, 3966
- expectancy attitudes, prediction & cause of job performance, retail sales organization managers, 10065
- expectancy for internal-external control, task leadership status, male vs female college students, 2439
- expectancy formulation of work effort theory, 9993
- expectancy of reward prior to reward trials, performance on nonreward trials, rats, 2707
- expectancy of vocational counseling, certainty & satisfaction with career choice, college students, 8019
- expectancy, producing asymmetry in perceptual performance, right-handed college students, 8232
- expectations & socialization experiences, drinking patterns & attitudes, Army enlisted men, 853
- expectations of effectiveness after reading treatment description, imaginal desensitization mediation, phobic Ss, 9741
- expectations of later testing & learning motivation, recall of failures & successes in open & closed tasks, college students, 6304
- expectations of mothers' behavior preceding initiation of contact comfort, college students & mothers, 6893
- fear arousal & threat & extent of uncertainty, conformity to recommended behavior, Ss who accepted vs did not accept smallpox vaccination, 7085
- foreperiod duration, contingent negative variation during auditory warning signal & visual reaction signal, college students, 6396
- Future Outlook Inventory, Puerto Rican Vietnam-era hospitalized psychiatric patients, 3362
- high vs low pre-experimental set & level of external reinforcement, self-reinforcement, college students, 2318
- ideal vs. expected counselor role, school guidance counselors vs. students vs. principals vs. parents vs. teachers, 1930
- induced expectation, resume rating, college students & professional interviewers, 10034
- induced positive expectancies & written instructions, increasing hypnotic susceptibility, college students, 7140
- interaction anticipation, perception of future partner, college students, 7051
- interestingness of discussion topic & anticipated future interaction, interpersonal attraction, college students, 3078
- isolated intervals vs rhythmic vs irregular series of intervals, ability to reproduce time intervals & role of expectancy theory in detection of rare signals, college students, 2144
- key-pressing & oral response & verbal evaluation reaction methods, speed anticipation reaction time, male middle school to college age students, 2272
- locus of control & percentage of reward, trial-by-trial changes stated in expectancies of winning, female college students, 4266
- maintenance on 2 meals daily for 1 mo. while confined to activity wheels, anticipation behavior, rats, 616
- mass communication, international image change, implications of confirmed/disconfirmed expectations theory, 1055
- naturally induced teacher expectancies, academic achievement, 1st graders, 7975
- naturally-motivated expectancy, changes in Easter drawings drawn before vs after Easter, kindergartners & 1st graders, 1110
- peer model behavior & E's expectancies, behavior in hypnotic setting, college students, 5042
- perceptual set, improving accuracy of report of stimulus attributes for which Ss are set to respond, 10172
- position of selected foreperiod within range, temporal expectancy, graduate & college students, 6224
- potential solutions to measurement problem in expectancy theories of work motivation, 12104
- psychiatric diagnosis, treatment expectations & development of Treatment Expectations Scale, male psychiatric patients, 9547
- psychiatric outpatient services, physician referrals & patient expectations, Manchester, England, 11841
- rank inconsistency, conflicting expectations & feelings of injustice, college students, 2988
- recognition time & uncertainty, learning time, 6266
- relationships among locus of control & anxiety & valued-goal expectations, college students, 7181
- reward pretraining & partial reinforcement, lever pulling, retarded vs nonretarded children, 9447
- self-esteem, relationship between expectancies & job performance, managerial-level employees, 10061
- social expectancy & E sex, efficacy of modeling to change avoidance behavior toward snakes, college students, 5719
- status characteristics & expectation states, social structure modification, experiments directed at black-white relations in school settings, 5030
- student expectancy & teacher support characteristics, assignment performance, 5th & 6th graders, 5932
- subjective expected utility, prediction of events, vocational & technical secondary school students, 285
- subjective expected utility, relative preferability of 8 psychological occupations, psychology majors, 12072
- subjective uncertainty, development of problem solving task attractiveness, college students, 343
- subjectively expected vs expected utility vs subjectively expected vs expected value theories, decision making for winning vs losing gambles, college students, 4245
- subtle prejudice & high expectations, life satisfaction & success, U.S. Chinese & Japanese minorities, 6944
- teacher expectancy effect, achievement test performance, 2nd & 4th graders, longitudinal study, 11940
- teacher expectations for good vs poor performance, teacher behavior & attitudes toward students, 5921
- teacher expectations, academic achievement, 1st graders, 3910
- teacher expectations, classroom academic performance, students, 7960

## Experimentation

psychophysiology research, evolution of higher nervous activity, 6363  
 reading research problems, criticism of D. K. Kennedy & P. Weener's article, 11938  
 reading research problems, reply to J. L. Wardrop & D. L. Essex's criticism, 11911  
 reinforcement, inter-S communication in experiments, 5th & 6th graders, 9021  
 requirements for development of research institute, case history at New York State Psychiatric Institute & C. Landis's work on emotions, 1770  
 research & theory, learning & motivation, book, 2277  
 research & theory, learning & motivation, book, 2278  
 research & theory, learning & motivation, book, 2279  
 research & theory, learning & motivation, book, 2280  
 research & theory, learning & motivation, book, 4239  
 research data collection vs intervention, intergroup conflict & management, 4045  
 research in death-related areas, mental health professionals, 11194  
 research in psychology, phenomenological study of learning, book, 5824  
 research on psychoanalytic process, professional ethics, 1136  
 research vs evaluation model, environmental issues & social problems, 2835  
 research vs intervention in labor-management conflict & author background, response to B. Brown & F. Friedlander's criticism, 4044  
 research vs intervention in labor-management conflicts, comments on R. J. Lewicki & C. P. Alderfer's study, 4039  
 research vs intervention in labor-management relationship, critical comments on R. J. Lewicki & C. P. Alderfer's study, 4035  
 research vs. health care, development of psychiatric research, 1475  
 review of recent developments in research, New York State Psychiatric Institute, 1473  
 role-play sampling procedure to determine S's likelihood of consent to proposed experimental procedure prior to actual experimentation, discussion of ethical standards of American Psychological Association, 11173  
 scientific knowledge, relation to psychiatric research into nature of mental disorders, 1472  
 scientist & humanist vs family of specialization models, personality research, 1099  
 simulation with spliced-in variations in introductory rationale & S's responses to mild vs severe electrical shock, attributional analysis of experimental norms, college students, 3005  
 social constraints on sociological knowledge, academics & research concerning minorities, 6983  
 social psychological research, lack of women as Ss & generalization from 1 sex to other, 2895  
 social science research priorities, 6116  
 social science research, Sweden, book, 8918  
 sociology of social sciences, international inventory of research, 10985  
 standard laboratory procedures, use of ground squirrels as Ss, 6686  
 study of blacks emphasizing genetic vs psychic determinants, social issues research, 4923  
 subcultural & cross-cultural research, psychology & education, 6945  
 symbolic interaction & phenomenological sociology, human behavior research, examination of G. Mead's & A. Schutz's concepts, 924  
 systematic research, alcoholism, 11366  
 time-series methodology, research in psychotherapy, 3603  
 time-sharing program, on-line control of psychological experiments, 2048  
 treatment group size, educational methods/materials experiments, 7888  
 trends in psychiatric research, 1963 1972, 11215  
 understanding intra-S variables, communication in experimental situation, 5155  
 untested assumptions of item response sex differences & single bipolar dimension & unidimensional nature, masculinity-femininity construct, adults, 9094  
 use of averages, psychological investigations, 10155  
 valid minority research, 4091  
 verbal section of WISC, blind children, implications for research, 1451  
 volunteer status of Ss, bias in social psychological research, 7010  
 Wertheimer's exercises & demonstrations, research in perception, 116

## SUBJECT INDEX

white professional researchers' social conditioning techniques, maintenance of dependent & acquiescent behavior, blacks, 4942  
 white research in black communities, 4925  
**Experimenter Bias**  
 administration time of Twenty-statements Test, biases in intelligence, college students, 8105  
 alternative procedure to use of familywise error rates retaining experimentwise error rates & using O. J. Dunn's 1961 test, 2101  
 attitudes toward E bias & controls, psychologists, 1154  
 case history preconditions, bias of clinical judgment of speech, graduate students in audiology & speech sciences, 11425  
 E expectancy & automated vs. nonautomated stimulus presentation, O-recorder error, college students, 925  
 early lateralization dependent on E's degree of practice, acquisition of false laterality orientation in maze, rats, 615  
 levels of analysis of variance designs, application to carrier variables, facilitation of unambiguous generalization in applied experiments, 2066  
 low-authority status & E's height, accentuation effect on judged height of persons, college students, 7087  
 naturalistic observation, accuracy & reliability for behavior modification research, 1659  
 overt & covert monitoring, O bias in behavior modification research, 1684  
 peer model behavior & E's expectancies, behavior in hypnotic setting, college students, 5042  
 philosophical biases of C. S. Sherrington & Pavlov, physiological experimentation, 368  
 positive or negative biased preinformation, evaluation of language skills, graduate students in speech pathology, 5495  
 respondent retrieval bias, longitudinal surveys, 10119  
 sex & need to avoid success, verbal mediation of E bias, 2451  
 simulation with spliced-in variations in introductory rationale & S's responses to mild vs severe electrical shock, attributional analysis of experimental norms, college students, 3005  
 single S & reversal experimental designs, behavior modification research & problems of O bias, 1674  
**Experimenter Expectations**  
 E expectancy & automated vs. nonautomated stimulus presentation, O-recorder error, college students, 925  
 E- vs S-generated sentence & imagery strategies, paired-associate learning, 4th & 5th graders, 10825  
**Experimenters**  
 age & race of Ss & E's sex, sex role preference, black & white 6- & 9- & 12-yr-old girls, 858  
 E competency, obedience, college students% 10134  
 racial differences & E race, GSR, college students, 6381  
 replacing human E by computer, concept formation, college students, 10372  
 S & E's sex, pursuit rotor performance, college students, 6115  
 social distance between E & S, visual monitoring performance, college students, discussion within context of superior-subordinate role model, 5048  
**Expert Testimony**  
 advocate roles in giving expert testimony, defense vs prosecution psychiatrists, 9545  
 amnesia, competency of defendants to stand trial, 1197  
 Delphi method & group dynamics, consensus on presentence recommendations to court, correctional counselors & psychologists, 909  
 German Democratic Republic Penal Code & importance of expert testimony of psychiatrist, sexual offenders, 5410  
 psychiatric misjudgments in German restitution proceedings, claimants who were infants during Nazi regime, 8991  
 psychiatrist as expert witness in criminal court, 11195  
 role of psychiatrist, assessment of mental cruelty in divorce, Canada, 9152  
**Exploratory Behavior** (See also Animal Exploratory Behavior)  
 attention & exploration & self-assertion & dominance assertion & exploitation & hostility, aggression as hierarchy of behavior in relation to objects & other persons, 931  
 satiation & curiosity, drive & incentive-motivational exploration theory, 2444  
**Exposure Time (Stimulus)** (See Stimulus Duration)  
**Expressions (Facial)** (See Facial Expressions)  
**External Ear**  
 normal listening condition vs functional loss of pinnae, sound localization ability, 7459  
**External Rewards**

- engaging in activity for extrinsic reward, intrinsic interest, 3 5 yr old nursery school children, 10498
- protein malnourishment, reactions to intrinsic & extrinsic rewards, monkeys, 2554
- verbal reinforcement & praise vs piece of candy, discrimination learning, middle- vs working-class 1st graders, 5870
- Extinction (Learning)**
- acoustic stimulation during acquisition, resistance to extinction, normal & hippocampally damaged rats, 6508
- acquisition level & intertrial intervals, overtraining extinction effect, rats, 8797
- adrenalectomy vs demedullation, extinction of passive avoidance response, rats, 6575
- aversive shock & timeout response, extinction in multiple schedule, pigeons, 4700
- backward conditioning procedure following acquisition, extinction of conditioned suppression, rats, 2671
- between- vs within-Ss odor condition, acquisition & extinction of runway response, rats, 648
- chlorpromazine &/or pentobarbital, pattern & number of responses in extinction, rats, 6622
- classical & operant extinction & variable-ratio shock schedule, resistance to extinction of discriminated barpress avoidance, rats, 6750
- classical conditioning & CS UCS interval, resistance to extinction, planaria, 8802
- conditioning vs. sensitization & vagal blockade vs. nonblockade & acquisition vs. extinction, classically conditioned heart rate, rats, 447
- continuous & fixed-ratio & FI reinforcement, honey bees, 2692
- continuous & partial reinforcement, eliminating generalized partial reinforcement effect in extinction, rats, 10723
- continuous vs intermittent token reinforcement, social interaction response maintenance in extinction, male adult retardates, 1661
- contrast & resistance to extinction & forgetting, retention of reward magnitude, rats, 4716
- covert sensitization & positive & negative reinforcements & extinction, behavior modification, 7678
- extinction vs omission training, response elimination, pigeons, 660
- extinction-induced aggression during errorless discrimination learning, pigeons, 2714
- FI vs differential-reinforcement-of-low-rates vs extinction reinforcement schedules, leverpressing for food, monkeys with prefrontal cortex partial ablations, 8640
- field dependence, set excitation & extinction in haptic & visual modalities, 8th graders, 112
- fluid deprivation level, extinction of conditioned taste aversion, rats, 4719
- generalization of extinction gradients, rats, 10730
- habituation & over-extinction of GSR component of orienting response, antisocial male delinquents, use of H. C. Quay's hypothesis, 5443
- heterogeneous squad composition & odor cues, partial reinforcement extinction effect, rats, 8780
- high vs low food deprivation-induced frustration & continuous vs partial reinforcement, learning & extinction, rats, 10726
- immediate reward & partial delay of rewards, resistance to extinction, rats, 10731
- increasing & decreasing & random sequences of reward magnitudes, runway performance & extinction, rats, 6765
- intermittent reinforcement, acquisition & extinction of signaled avoidance, rats, 2698
- internal vs external cues, discrimination & extinction, rats, 6702
- learning vs extinction vs attention vs retention, discriminative learning, retardates, 1406
- long & short intertrial intervals & locus of nonreinforcement to reinforcement transition, resistance to extinction, rats, 10749
- moderate vs high vs low levels of cutaneous afferent activity, extinction of classically conditioned nictitating membrane response, rabbits, 4735
- movement & punishment severity, recovery from punishment, rats, 4730
- noncontingent reward & nonreward, spontaneous recovery, male rats, 10753
- number of secondary reinforcers, resistance to extinction, 6 7 yr olds, 10373
- odor control, partial reinforcement acquisition & resistance to extinction, rats, 6744
- omission vs extinction, efficiency & durability of elimination of free operant, pigeons, 10741
- partial reinforcement vs intermittent punishment, resistance to extinction through continuous reinforcement, rats, 2704
- pattern of disruption in extinction of chain FR 7 FR 7, pigeons, 2674
- preconditioning availability of saccharin, attenuation of cyclophosphamide-induced bait shyness to palatable solution, rats, 4591
- process & response & stimulus specificity, behavioral bioassays, goldfish, 8580
- prolonged frustration, extinction of learned running response, rats, 10736
- prolonged training & differential housing & response prevention, persisting avoidance of footshock, male rats, 10762
- red vs blue vs white paper strips as stimuli, extinction & disinhibition & spontaneous recovery of pecking response, 2-day-old herring gulls, 4747
- reinforced alternative response during extinction & during punishment plus extinction, suppressive effects, male rats, 8813
- reinforcement schedule & unconditioned stimulus intensity under 2 masked conditioning procedures, acquisition & extinction of human eyelid conditioned response, college students, 8415
- reinforcement schedule, extinction of observing-key responses, pigeons, 8769
- reinforcement schedules, resistance to extinction in choice behavior, college students, 217
- reinforcer magnitude effect, within-Ss reversed partial reinforcement paradigm, male rats, 10756
- REM sleep deprivation, impairment of latent extinction, female rats, 10757
- reward magnitude & shift, resistance to extinction, gerbils, 657
- reward magnitude, patterning & resistance to extinction, rats, 2682
- sensory-motor development at birth, repeated acquisition & extinction of barpressing, rats vs guinea pigs, 10724
- sequence of partial reinforcement, resistance to extinction, 7 10 yr olds, 260
- sex & stage of diurnal plasma corticosteroid cycle & ACTH injection & UCS intensity, shuttle box avoidance acquisition & extinction, rats, 2622
- sex differences, extinction of food-rewarded running response & exploratory activity, rats, 8770
- shock level & length of confinement, extinction of avoidance response, rats, 4758
- similarity between shock- & safe-box stimuli, acquisition & transfer & extinction of escape behavior, rats, 6712
- smiling response during extinction, 2 4 mo olds, 353
- straight-alley training in continuous & partial reward, persistence early & late in extinction, rats, 6756
- symbolic modeling by adults vs children differing in motivational inducements & model similarity, processes governing disinhibitory effects, snake-phobic adults, 5692
- synthetic  $\alpha$ -melanocyte-stimulating hormone, learning & extinction of 2 shock motivated t-maze tasks, rats, 6671
- training on variable-ratio reinforcement schedule, efficiency of extinction vs omission training &/vs response cost in response elimination, college students, 238
- transitions from nonreward to reward & generalization, increased resistance to extinction, rats, 8807
- UCS duration, conditioned suppression in acquisition & extinction between groups & terminal performance within-Ss, rats, 10761
- UCS-presentation & CS-termination contingencies, avoidance extinction following partial vs continuous reinforcement, gerbils, 2689
- varied & partial reward followed by transfer or extinction, acquiring response patterning, rats, 6696
- varied reward schedules, generalized persistence using resistance to extinction as measure, rats, 4757
- varying amount of training & omission vs extinction, response elimination, rats trained on VI reinforcement schedule, 6757
- 2 vs 4 brightness discrimination training sessions, differential response tendencies, rats, 2745
- Extracurricular Activities** (See also Fraternity Membership)
- birth order, need affiliation & school activity participation, urban vs rural male high school students, 1000
- financial vs. academic vs. personal vs. extracurricular vs. health vs. living arrangements as reasons for university withdrawal, male vs. female college students in professional vs. nonprofessional programs, 1792

socioeconomic status & religious devoutness intensity & marital satisfaction level & degree of alienation, probability of extramarital involvement, 2845

**Extrasensory Perception** (See also Clairvoyance, Precognition, Psychokinesis)

correct vs incorrect concealed answers with negative vs positive reinforcement, use of ESP on psychology test, well-motivated college students, 4167

ESP research since 1960, book, 2152

ESP, animals, 10801

ESP, experimental arrangement & card-presentation technique in S. G. Soal & K. M. Goldney's experiment, reply to C. Scott & P. Haskell's criticism, 10186

ESP, reexamination of S. G. Soal & K. M. Goldney's experiments & model for reanalysis using target guess matrix, 10196

extrasensory perception, book, 93

feedback, correct vs. incorrect ESP responses, 94

graphic expansiveness vs compressiveness & extraversion vs introversion, ESP, high school & junior college students, 1092

information from electrically wired grid vs random-number generator & complex logic circuitry in standard automated apparatus, ESP, hamsters & mice, 4817

mechanics & effectiveness & optimal environments for transmission, ESP, 10191

perception of events & targets outside of visual range, 30-yr-old man, 10184

similar vs contradictory accompanying weak stimuli & active vs passive thought transmission from sender, ESP, 4170

variable- vs fixed-trial intervals between electrical stimulation in standard automated cage, ESP, hamsters, 4816

**Extrinsic Motivation**

reinforcement, rate of litter depositing, zoo patrons, 11038

**Extrinsic Rewards** (See External Rewards)

**Extroversion**

age & education & managerial rank & self-confidence & frustration contentment & extraversion & neuroticism, readiness to accept change & attitudes toward change in promotions policy, managers, 10094

auditory-visual stimulus interval, auditory threshold determination, 18-33 yr old introverts & ambiverts & extraverts, 8210

authoritarianism & extraversion-introversion & anxiety & neuroticism, satiation of orientation, college students, India, 4169

correlations with extraversion & dogmatism as measured by 16 PF & Rokeach's Dogmatism Scale, validation of Bastine's questionnaire for direct Einstellung, German version, 8113

extraversion & neuroticism, rated word-arousal, college students, 11151

extraversion & neuroticism, volunteering for general vs boring vs social vs shock experiment, college students, 3194

extraversion vs neuroticism scores on Eysenck Personality Inventory, psychological illness development, male vs female college students at enrollment vs 2 yrs later, 7282

extraversion-introversion & degree of neuroticism & sex & postsatiation time, semantic satiation, college students, 3116

extraversion-introversion individual differences, reminiscence, professional criticism, 4292

extraversion-introversion individual differences, reminiscence, reply to criticism by H. J. Eysenck, 4298

extraversion-introversion, conceptual tempo, 9- & 12-yr-olds, 8359

extraversion, social behavior & experimental aspects, book, 5192

Eysenck Personality Inventory & D. N. Uznadze's set tasks, student nurses classified as hysterics vs dysthymics vs neurotics vs introverts vs extraverts, 1089

faking nice" vs awful" personality on Eysenck Personality Inventory, extraversion & neuroticism, college students, 1120

field-dependence-independence as partially genetically based nervous system sensitivity, color vs weight discrimination, introverted vs extraverted soldiers, 9101

genetic vs environmental covariation, psychoticism & extraversion & neuroticism, monozygotic twins, 5188

graphic expansiveness vs compressiveness & extraversion vs introversion, ESP, high school & junior college students, 1092

hierarchical oblique factor analysis, Eysenck's unrotated data on neuroticism & extraversion & hypochondriasis, 1088

high vs low ego-involvement, letter cancellation task performance, extraverted vs introverted college students, 7159

high vs low stress conditions & emotionality, contingent negative variations & GSR, introverted vs extraverted male college students, 8514

instructions & extraversion, length of spiral aftereffect, 16 20 yr olds, 8254

introversion extraversion & neuroticism, gifted vs ungifted art students, 3170

Junior Eysenck Personality Inventory Extraversion vs Neuroticism vs Lie scale scores, scholastic achievement, Caucasian vs Negro vs Mexican-American 9 13 yr olds, 7958

light intensity, reliability of auditory responses, 18 25 yr old introverts & extraverts & ambiverts, 8209

measurement & factor analysis, cultural interests & job attitudes & extraversion & helping qualities, nonprofessional mental health workers, 7199

mesoridazine & psychodrama treatment, obsessive-compulsive-phobic symptomatology & neuroticism & extraversion, outpatient neurotics, 1479

modified version of Persian form of Eysenck Personality Inventory, extraversion & neuroticism & psychoticism scores, Iranian 18 20 yr olds, 1086

national extraversion & anxiety levels, cancer mortality rates, 7535

need achievement, extraversion-introversion & neuroticism, engineering graduates, 7142

neuroticism & extraversion & sex & goal-set, physical persistence, 8303

neuroticism & extraversion, noise distraction, psychomotor performance, 321

neuroticism & extraversion, obsessive & hysterical & oral personality, recovered depressed patients, 5363

neuroticism & introversion extroversion & hostility & aggression & liability to depression, idiopathic epileptics, 11489

opposite suggestion, aesthetic preference change, male & female college students with extreme scores on Eysenck Personality Inventory Extraversion & Neuroticism scales, 11147

orienting responses & field dependence & manifest anxiety & extraversion, differential conditioning of electrodermal responses & ability to verbalize CS UCS relations during postconditioning interview, 18 44 yr olds, 2317

personality factors on Eysenck Personality Inventory, social attitude correlates, 18 34 yr old female student teachers, 5242

psychoticism, intelligence & academic achievement & neuroticism & extraversion, Iranian youth, 9124

semantic style variables, questionnaire measures of social desirability & extraversion & neuroticism, college students, 7180

suggestion through group identification, aesthetic preference change, extravert vs introvert, 11 15 yr old boys, 1103

symptom ratings & personality inventories & objective tests, psychoticism reflecting degree of psychotic illness & extraversion measuring illness type & age, psychiatric patients, 1304

visual stimulus intensity, auditory sensitivity, introverted vs extraverted college students, 4184

**Eye (Anatomy)** (See also Cones (Eye), Cornea, Iris (Eye), Pupil (Eye), Retina, Rods (Eye))

antidiuretic activity of eye plexus blood, passive avoidance behavior, rats, 6476

enucleation of one eye from visual cortex, visually evoked responses, rats & guinea pigs & cats & monkeys & humans, 4477

eye response to light flashes, 2208

frequency characteristics, accommodation & accommodative vergence & disparity vergence, 2220

image detection, bees, 10802

origin of light-evoked receptor potential of reticular cells in ommatidia of lateral eye, horseshoe crab, 432

paired visual receptors, visual system, Copilia, 10800

selective adaptation, evidence for color receptors in eye, ants, 10573

**Eye Contact**

age & sex & conversation vs construction task, interpersonal visual behavior during dyadic interaction, 4 6 vs 7 9 vs 10 12 vs adults, 4891

anxiety & gaze aversion, dyadic encounters, college students, 2979

fathers vs mothers vs strangers, eliciting attachment behaviors, 10 & 13 & 16 mo olds, 10894

gross temporal patterns, infant adult gaze behavior, 4 mo olds & Es or mothers, implications for human communication theory, 10822

interpersonal distance, visual interaction, college students, 5165

perceived physical distance & eye contact, perceived intimacy, college students, 3068

personality needs of nurturance & intrapersonal & abasement, eye contact & direction of gaze aversion during interview, college students, 2984

physical distance & eye contact & body orientation & lean, nonverbal communication of interpersonal attitudes, examination of M. Argyle & J. Dean's compensation hypothesis, 2990  
 quality of argument & leadership votes, eye contact in 3-person leaderless discussion groups, college students, 2966  
 reliability & utility of videotape for observation of looking & smiling behaviors, married couples, 946  
 visual interaction, schizophrenics & depressed patients & psychotic children, 11310  
**Eye Disorders** (See also Amblyopia, Color Blindness, Nystagmus, Refraction Errors, Strabismus)  
 Contrast sensitivity & Westheimer function & Stiles Crawford effect & spectral sensitivity & dark adaptation in blue cone monochromat, young adult male with eccentric fixation, 10246  
 evoked potentials, astigmatism, 10518  
 RNA metabolism in visual cortex, rats with sight vs retinal degeneration, 6432  
 visual evoked potential, detection of acuity defects & astigmatism & amblyopia, 7544  
**Eye Examination** (See Ophthalmologic Examination)  
**Eye Movements** (See also Rapid Eye Movement)  
 accommodative vs versional eye movements, abducens-nucleus & oculomotor-nucleus motoneurons, alert monkeys, 2494  
 adaptation procedure, gaze-contingent movement aftereffects, college students, 154  
 age differences, eye movements between adjacent stimuli, 3 vs 6 mo olds, 4829  
 application of necessity of eye movement measures, 8031  
 application of LINC-8 computer, processing of eye movement records from 16-mm cine film input sources, 2223  
 brightness discrimination & discrimination reversal, eye movements, monkeys, 2748  
 click & flash stimuli pairs, EEG & eye movements, patients in deep coma, 3576  
 cognitive processes & perceptual bases & eye movements & recognition memory, skill in chess playing, expert chess players & computer simulation, 6238  
 color, time delays in oculomotor system, 4199  
 concept identification & mathematics-verbal aptitude & perceptual-motor skills performance & values, right- vs left-eye moving college students, 2248  
 Contrast sensitivity & Westheimer function & Stiles Crawford effect & spectral sensitivity & dark adaptation in blue cone monochromat, young adult male with eccentric fixation, 10246  
 control of eye potential artefacts in multichannel contingent negative variation recordings, apparatus, 2499  
 convergence of eyes, latency of appearance of autokinetic movement, college students, 4195  
 data acquisition system, precision eye-fixation studies, 6192  
 details methods & circuitry & calibration & display design & readout & system accuracy, tracking visual fixations in laboratory without head clamps, 4071  
 exploratory ocular movements, lambda responses, role of afferents intervening at different times, 10523  
 eye fixation & stimulus & response location, contingent negative variation, college students, 2512  
 eye fixation response & visual attention, 2.9-3.8 vs 4.9-5.3 yr olds, 2767  
 eye movement & fixation mode, perception of phenomenal causality, test of A. Michotte's launching effect, 2216  
 eye movement absence, lambda waves evoked by retinal stimulation, cats, 6377  
 eye movements, backward masking & perceived location, 10245  
 eye movements, hippocampal theta activity, cats, 10534  
 eye movements, owls, 689  
 eye movements, reading disabled children, 11411  
 eye movements, spatial perception, 150  
 eye-tracking instrument using 2 Purkinje images, 4194  
 glissade as passive slewing from unstable position to new stable position specified by maintained firing rates of motor neurons, 377  
 glissade, criticism of S. S. Easter's proposal, 375  
 individual vs simultaneous tracking of step input by horizontal saccadic eye movement & manual control systems, 10278  
 intensity of click after unsuccessful saccades, auditory evoked response, young adults, 8495  
 line pairs stabilized on retina by prolonged afterimages, binocular contour rivalry independently of one another, 8281

localized thalamic lesion by electrocoagulation, unilateral visual defect in visual orientation & attention, cats, 6559  
 LSD, saccadic control system, 4630  
 maintained fixation of "op art" painting, saccades, 8255  
 monaural vs dichotic tasks of focused attention, eye-movement patterns, male pilots, 10519  
 monocular lens mounted behind stimulus screen, monitoring fixation in tachistoscopic recognition tasks, college students, 6205  
 motivational or attentional factors & oculomotor involvements, eye-tracking difficulties, psychotic & nonpsychotic & normal patients, 7284  
 oculomotor reaction time & averaged visual evoked responses, functional amblyopia patients, 7509  
 on-line computer application, monitoring eye-position signals in contingent & noncontingent paradigms, 2239  
 optic nystagmus, induced rotational autokinesis, college students, 8223  
 orientation in gravitational field & of discrete light source & of solid substrate, eye-rotation response, crayfish, 4811  
 orientation to pictorial novelty, aphasic vs normal 5-9 yr olds, 11474  
 paradoxical sleep & dysmatuity, oculomotor activity, underweight newborns vs normal vs mongolian, 10557  
 paramedian tegmental syndrome of intermediate pons, localization of horizontal gaze palsy & internuclear ophthalmoplegia, 2 case reports, 5500  
 personality correlates & moderate stability estimates, lateral eye movements following reflective questioning, 6-12 yr olds vs college students, 8436  
 pupillary area & illuminance of eyes, retinal image, nocturnal gekkos & diurnal iguanas, 681  
 rapid image displacement, suppression of visual signals in retina, pigeons, possible saccadic suppression mechanism, 4803  
 recording vertical ocular fixation reflex after pretrigeminal transection, cats, 10560  
 reflective thought, conjugate lateral eye movements, 2193  
 signal characteristics & response variables, tracking response latency, 8288  
 simultaneous & separate saccadic eye movement vs manual tracking systems, eye vs motor latencies & information gain, 4223  
 single word frequency vs material redundancy in silent reading of language approximations, eye fixation duration & frequency & fluid reading, 195  
 sleep EEG & eye-movement patterns, young vs aged vs patients with chronic brain syndrome, 1428  
 sleep EEG & eye-movement patterns, young vs aged Ss vs patients with chronic brain syndrome, 1429  
 small step displacements of fixation target, saccades, 8287  
 smallest voluntary saccades, implications for fixation, 2211  
 stabilized vs unstabilized retinal image & angle of line of sight & target location & luminance disparity, eye movements in free tracking task, 6188  
 stationary & randomly moving targets, motions of visual axes in vertical & horizontal directions during binocular fixation of point target & power spectra of eye movements, implications for separation of signal from noise in oculomotor system, 4216  
 stimulus symmetry, visual scanning patterns, college students, 8259  
 style relationships & early social experiences, Ss differing in direction of lateral eye movements, 9111  
 supplementary visual task, intensity threshold during voluntary saccades, 4205  
 target & eye velocity, cyclotorsional orientation of eye during tracking vs fixation on position, 8286  
 unexpected visual information, free vs compulsory visual scanning order in ocular scanning strategies, 10299  
 visual search & complex backgrounds & mental counters, eye movements, college students, 10256  
 visual searching test & eye movement recordings, brain-damaged patients with unilateral cerebral lesions, 1421  
 visual stimuli, ocular orientations, infants, use of theory combining C. H. Coombs's unfolding model & A. Tversky's additive difference model, 10844  
 voluntary control & suppression of saccades during fixations, miniature eye movement, 4217  
 voluntary saccadic eye movements, perception of moving objects, 19-21 yr old males, 4208  
 2-dimensional oculomotor tracking tasks, recognition of component differences, 4200  
 2-dimensional target motion with sinusoid & low-pass filtered Gaussian random sequences of variable bandwidth in orthogonal

direction, interaction between vertical & horizontal eye-rotations in tracking, 10255

**Eyeblink Reflex**

auditory vs visual CS, eye blink conditioning & cross-modal transfer, rabbits, 4720

blink reflex vs masseter reflex vs flexor reflex, EEG differences during REM sleep, 4334

cholinergic & beta adrenergic & double blockades, unconditioned & conditioned heart rate responses & corneo-retinal potential responses, rabbits, 6632

EMG & movements detected by photoelectric technique, conditioned & unconditioned eyelid responses, rats, 4721

preceding acoustic stimulus, eye blink inhibition during conditioning, college students, 8391

somatic eyelid responses as result of activation of 2 reflexes, male rats, 10564

**Eyelid Conditioning**

anxiety level as measured by eye-blink conditioning, recovering alcoholics vs. nonalcoholics vs. anxiety-neurotics, 1332

auditory vs visual CS, eye blink conditioning & cross-modal transfer, rabbits, 4720

CS duration, concurrent trace conditioning of GSR & eyelid response, mental retardates, 3471

double conditioned responses in classical eyelid conditioning, 6253

EMG & movements detected by photoelectric technique, conditioned & unconditioned eyelid responses, rats, 4721

moderate vs high vs low levels of cutaneous afferent activity, extinction of classically conditioned nictitating membrane response, rabbits, 4735

preceding acoustic stimulus, eye blink inhibition during conditioning, college students, 8391

reinforcement schedule & unconditioned stimulus intensity under 2 masked conditioning procedures, acquisition & extinction of human eyelid conditioned response, college students, 8415

stimulus & reinforcement generalization, differential eyelid conditioning, male college students, 2343

unconditioned stimulus duration, eyelid conditioning, rabbits, 6714

**Eysenck Personality Inventory**

etifoxine, perceptual & psychophysiological & motor tests & Eysenck Personality Inventory, healthy males, 591

extraversion vs neuroticism scores on Eysenck Personality Inventory, psychological illness development, male vs female college students at enrollment vs 2 yrs later, 7282

Eysenck Personality Inventory & D. N. Uznadze's set tasks, student nurses classified as hysterics vs dysthymics vs neurotics vs introverts vs extraverts, 1089

Eysenck Personality Inventory & Gordon Personal Profile & Security-Insecurity Inventory, personality patterns, disciplined vs undisciplined 11th graders, 5216

faking "nice" vs "awful" personality on Eysenck Personality Inventory, extraversion & neuroticism, college students, 1120

instructions to simulate stability & neuroticism on Junior Eysenck Personality Inventory, discrimination of lie & malingerer scales, 12 16 yr olds, Ireland, 3201

item & factor & cluster analysis, Junior Eysenck Personality Inventory, scores of 10-12 yr olds, 6134

Junior Eysenck Personality Inventory Extraversion vs Neuroticism vs Lie scale scores, scholastic achievement, Caucasian vs Negro vs Mexican-American 9-13 yr olds, 7958

modified version of Persian form of Eysenck Personality Inventory, extraversion & neuroticism & psychoticism scores, Iranian 18 20 yr olds, 1086

peer-rating item by item vs social comparison, Eysenck Personality Inventory validity, comment on H. B. Gibson's report & implications for personality judgment accuracy, 5122

personality factors on Eysenck Personality Inventory, social attitude correlates, 18 34 yr old female student teachers, 5242

stability coefficients & alternate forms reliabilities, forms A & B of Eysenck Personality Inventory, college students in India, 4121

test norms, Junior Eysenck Personality Inventory, 14 15 yr olds, Northern Ireland, 3145

test-retest reliability, modified version of Junior Eysenck Personality Inventory including new Psychoticism factor, 7-15 yr olds, 6136

**Face (Anatomy)**

beardedness & sex & geographic information, social perception, college students in Tennessee, 9011

degree epistemology, beardedness, others' perception of personality, college students, 999

immediate recognition memory span & short-term forgetting for unfamiliar faces, normal & amnesic patients, 6333

number of relevant facial features & delay between faces, imaginal & verbal representation of visual forms in short-term recognition with same-different reaction time experiment, college students, 8265

photograph ranking, facial stereotypes of criminal deviance, college students, 1005

**Facial Expressions** (See also Smiles)

body & facial cues, attribution of affect, 958

communication via facial expressions, cross-cultural generality, 1051

construction of faces representing emotions from drawings of facial components, Turkish male college students, implications for encoding of facial expressions, 1021

crowding, affect & facial regard & reactions, college students, 11052

Darwin's theory of evolution, facial expression, nonhuman primates & children & cross-cultural analyses, book, 7101

depersonalization, distortion of facial percept, 7 16 yr old schizophrenics, 7269

identification & estimation of mimical & postural expressions, student actors & actresses, 11047

judgment of filmed cartoons combining various motions of facial expressions on friendly hostile scale, deaf vs hearing college students, 5115

photograph ranking, facial stereotypes of criminal deviance, college students, 1005

stimulus appeal & knowledge of situation & S neuroticism, differences in judging emotional states from facial expressions using photographs, 3080

surprise at changes in quantity of color & number & length, nonverbal indices of concrete operational development, normal & retarded children, 6835

verbal vs facial expression congruent vs dissonant to content, evaluation of sentences, 11110

**Facilitation (Social)** (See Social Facilitation)

**Factor Analysis** (See also Cluster Analysis, Interaction Analysis (Statistics), Item Analysis (Statistical), Oblique Rotation, Orthogonal Rotation, Statistical Rotation, Varimax Rotation)

application of orthogonal geomax method to oblique model, factor rotation, 86

association measures, component analysis of Likert scale attitudinal data, 2107

clinical factor analytic method for inferring construct meaning in personality measures, 5213

construct validity via scale- & item-level principal component analysis & oblique rotations, Tennessee Self Concept Scale, college students, 3165

continual application of Bartlett's test of residuals, determination of appropriate number of factors in factor analysis, 4132

factor analyses of predictor-ability measures, groups in top vs bottom quartile placement in intelligence vs socioeconomic status, 3965

factor analysis & frequency analysis, interval times between heart beats, information content of EKG, 420

factor analysis applications, reply to D. T. Lykken's global skepticism, 74

factor analysis in addition to contrasted groups, male-female item inventory construction, 3191

factor analysis of correlations of somatic & behavioral measurements & attainment of simple structure through oblique rotation, isolation of temperament dimensions, dogs of 5 pure breeds, 4696

factor analysis of cross products to describe change patterns, 79

factor analysis of measures of national attributes in 21 countries, developmental patterns, Asia, 1949 1968, 805

factor analysis of physiological & performance measurements, variation patterns during sleep loss, 6469

factor analysis of social desirability ratings, structure of behavioral values, college students, 11145

factor analysis of variance with appended control conditions, interpretation of results using computers, 2063

factor analysis of Giessen Test & Freiburger Persönlichkeitsinventar Inventory & Maudsley Personality Inventory, 5204

factor analysis of Motor Steadiness Battery, feasibility of shortening battery, elementary school children, 2109

factor analysis with orthogonal rotation, Frostig Developmental Test of Visual Perception, kindergartners, replication of J. R. Thomas & B. S. Chissom's work, 2776

factor analysis, alcohol & water consumption, mice, 6806

factor analysis, attitude scale development, 6130

- factor analysis, correlated EEG data during relaxed wakefulness, 6379
- factor analysis, evaluation of college teaching behaviors instrument, college students vs faculty, 7997
- factor analysis, flexibility & fluency & originality in divergent thinking, 6th graders, 4238
- factor analysis, rating personality traits of self & others, college students, 7064
- factor analysis, scores on Something About Myself, high school & college students, 3149
- factor analysis, self-reported drug use, junior & senior high school students, 6986
- factor analysis, studying course of manic-depressive psychosis, 9310
- factor analysis, validation of graphometric variables, 11103
- factor analysis, Freiburg Persönlichkeitsinventar, addicts, 7145
- factor analysis, Psychological Screening Inventory, college students, 11221
- factor analysis, Rotter Trust Scale items, college students, 7076
- factor analysis, Springline School Readiness Test, kindergartners, 5988
- factor analysis, Test of Differential Aptitudes & Kuder Preference Test, 6137
- factor analysis, 16 PF & Edwards Personal Preference Schedule, acute psychiatric patients, 9286
- factor analysis, 1970 revision of Studies of Attitude Patterns Interview form, college students, 4119
- factor analytic support for Guilford's structure-of-intellect theory, 1085
- factor analytical study, treatment process in group therapy session, 7699
- factor structure & content analysis, MMPI alcoholism scales, 1323
- factor structure & school anxiety, intelligence test performance, 1871
- factor structure of Test Anxiety Scale for Children, lower- vs middle-class 2nd & 3rd graders, 4881
- factor structure of 1st 168 items of MMPI, psychiatric patients, 7308
- factor structure, Conservatism Scale, 3089
- factor structure, Wechsler Intelligence Scale for Children, 6-11 yr old Anglo-American & Negro & Mexican-American school children, 12030
- factor vs partial correlation analysis, testing models, 4143
- factorial analysis, sentence completion test, 13-15 yr old girls, 5183
- factorial composition, Peabody Picture Vocabulary Test, Head Start 4 yr olds, 3955
- factorial composition, 1960 revision of short form of Stanford-Binet, culturally disadvantaged 3-5 yr olds in Head Start, 3964
- factorial facet analysis, H. G. Gough & D. R. Peterson's socialization scale, college students, 1068
- factorial solution of items of California Psychological Inventory, 14 yr old boys, relation to S. B. Hammond's theory of personality structure, 3190
- factorial stability, Differential Aptitude Tests & Kuder Preference Record, 3961
- factoring by simple structure procedures, MMPI internal structure, mental health center patients, 1253
- Guttman-Harris uniqueness estimates, upper bounds on unknown uniqueness values of factor analysis, 8135
- hierarchical factor analysis, Wechsler Preschool & Primary Scale of Intelligence, 8124
- hierarchical oblique factor analysis, Eysenck's unrotated data on neuroticism & extraversion & hypochondriasis, 1088
- higher order factor analysis, classification of leisure time activities, 17-50 yr old black urban males, 6920
- item & factor & cluster analysis, Junior Eysenck Personality Inventory, scores of 10-12 yr olds, 6134
- item factor analysis, Family Motivation Test, parents of junior high school children, 2810
- least squares regression analysis of variance, reply to criticisms by E. F. Gocka, 81
- Little Jiffy Mark III, alternative solution for factor analysis of communication skills & nonverbal abilities, profoundly deaf young adults, 5505
- methods & applications of factor analysis, book, 4124
- middle vs working class groups, factorial structure of written coding patterns, college students, 11102
- multiple discriminant analysis of batteries of psychological tests & rating scales, aptitude diagnosis for various college courses, graduate & college students, 1935
- multiple factor analysis, validation attitude measurement, 2114
- multitrait-multimethod analysis, measures of creativity & social desirability & verbal facility, college students, 5143
- multivariate analysis of variance & canonical correlation analysis & factor analysis models, multivariate statistical theory, 4153
- multivariate extension of w, estimating relationship strength in multivariate analysis of variance, 4145
- number of variables, number of factors & factorial determinacy, 8134
- P-technique factor analysis, identification of state factors, 36-yr-old female, 3146
- Q-factor analysis, generality of leadership in 1905 Russian Revolution, 5047
- regression analysis for estimating factor effects, 72
- reliability & validity & factorial structure & sex & population differences & correlations with personality scales, self-assessment measures of fear, 2450
- reliability coefficient for maximum likelihood factor analysis & fitting of factor analytic hyperplanes by personal probability function & 3-mode factor analysis of serial learning, 88
- sample size, eigenvalues & observed communalities & factor loadings, college students, 10153
- sampling error & hierarchical structure, varimax vs maxplane rotational methods, 2125
- sex differences, open-ended responses to Rokeach Dogmatism Scale, male & female college students, 3218
- validity of weighted models, job satisfaction measurement, 10072
- weighting procedures, orthogonal confirmatory factor analysis, 2119
- Factors (Sociocultural)** (See Sociocultural Factors)
- Factor Environments** (See Working Conditions)
- Faculty** (See Educational Personnel)
- Fads And Fashions** (See also Clothing Fashions)
- Failure**
- actor & O roles, attributions of causality in success & failure situations, college students, 3066
- attitude similarity & success-failure of self & other, attitude towards others, college students, 3033
- belief in personal control & attitude toward success & failure, alcoholics, 5425
- despair & loneliness & loss, depression & failure & guilt, 3325
- failure threat vs success encouragement, authoritarianism, male college students, 3208
- internal-external control, self-reported anxiety after success & failure, college students, 3379
- self-reinforcement & group therapy intervention techniques, modifying fear-of-failure motivation & classroom behavior, 4th 6th grade inner-city economically deprived males, 7935
- social categorization, attribution for success or failure outcomes of groups' actions, 8-11 yr olds, 2946
- social reinforcement history & cognitive manipulation of situational success/failure & reward contingencies, delay of gratification, 4th 6th graders, 759
- success & failure, valuation of resources & generosity, 4th graders, 3036
- successful vs unsuccessful cooperation & competition, responsibility attribution, college students, 3093
- threat of failure & threat of shock & trait anxiety level, arousal of worry emotionality components of anxiety, college students, 2461
- unexpected failure & success, expectations for subsequent task performance, college students varying in category width, replication & extension of E. J. Phares & W. L. Davis's experiments, 6345
- Faith Healing**
- medical history & life patterns & personality traits, faith healing experiences, members of fundamentalist-pentecostal sects, 10932
- psychic faith healing, sex as ingredient in healing process, 10939
- Faking** (See also Malingering)
- Bender-Gestalt Test, detection of mental disease simulation, 20-30 yr old male inmates of correction institution, 3449
- Comrey Personality Scales, faking & faking detection, college students, 3152
- faking "nice" vs awful" personality on Eysenck Personality Inventory, extraversion & neuroticism, college students, 1120
- faking instructions, Psychological Screening Inventory, college students, 346
- instructions to fake good," Personal Orientation Inventory scores, college students, 7168
- instructions to answer honestly vs in direction of successful top manager, fakeability of Gordon Personal Inventory, college students, 3210

instructions to simulate stability & neuroticism on Junior Eysenck Personality Inventory, discrimination of lie & malingerer scales, 12-16 yr olds, Ireland, 3201

Self-Perception Inventory, fakability, 1065

standard vs fake instructions, Edwards Personality Inventory Booklets IA vs II vs III scale scores, 3151

**Familial Idiocy (Amaurotic)** (See Amaurotic Familial Idiocy)

**Familiarity**

adaptation to stress, personality trait change, experienced vs novice parachute jumpers, 6061

age & sex & habituation pattern during home familiarization, encoding & retrieval of perceptual memories after long-term familiarization & response to discrepancy, 3 & 5 mo olds, 4859

amount of initial training, concept shift problems, college students, 2371

child vs adult strangers & stranger sex, stranger anxiety, 8 & 12 mo olds, 6890

cognitive tuning & source & audience, receptivity to novel information, male college students, 3047

direct electrical stimulation of cortex, training & task-related differences in retrograde amnesia thresholds, rats, 4486

familiarity vs unfamiliarity & learning by rote vs visual imagery & immediate vs delayed associations, recognition memory for noun pairs, college students, 2411

familiarity, processing time of materials that is/is not reported in tachistoscopic recognition, college students, review of D. J. Mewhort & M. Hershenson study, 8326

familiarization, ECS- or hypoxia-induced retrograde amnesia, rats, 8589

item familiarity, memory under free recall & recognition conditions, test of storage or retrieval & response availability & response bias explanations, 6314

misclassification in novel vs familiar stimulus identification task, affective preference, college students, 345

preexposure or familiarization to apparatus & prehandling & postshock delay, 1-trial passive avoidance behavior, rats, implications for retrograde amnesia studies, 6727

sex differences & familiarity, emotional responses to classical music, male vs female college students, 8478

stimulus & environmental familiarity, visual imprinting, newly hatched ducklings, 4726

stimulus familiarity/novelty, preferences for letters vs letter-like shapes, 5 vs 10 yr olds, 10841

stimulus familiarity, conservation task performance, 5 & 7 yr olds, rural Guatemala, 738

trials, emotionality, rats & mice, 4736

verbal labeling & odor familiarity & instructions, long-term memory of odors, college students & faculty members, 10438

vocabulary & syntax & intonation familiarity, selective listening, kindergartners & 1st 5th graders, 6182

**Family Background** (See also Family Socioeconomic Level, Parent Educational Background, Parental Occupation)

ability & background & formal education, lifetime income patterns, 2958

age & sex & type of school & family background, direction of thought, adolescents, 2787

analgesic abuse & alcoholism & psychiatric disorders in family history, analgesic nephropathy, 5528

background & motives & personality dynamics & treatment research impressions, murder & sexually perverse crimes, rapists & murderers & pedophiles, 9386

biographical variables & preference for party vs studying activity, high vs low density personal space preference, female college students, 5087

childhood memories & history of family illnesses, choice to become doctors, medical students, 9191

demographic & physical characteristics & family background, physical activity attitudes, college students, 11028

demographic characteristics, child guidance service clientele, 1715

familial & precollege educational & personality backgrounds & strong competitive drive for entrance, suicide, Japanese college students, implications for prevention, 7381

familial alcoholism, anorexia patients, 5405

familial disposition & pregnancy factors & parental separation, mental breakdown, adolescents with schizophrenic mothers, 9303

family & personal histories, etiological factors in alcoholism, alcoholics & nonalcoholics & nonalcoholic criminals, 9400

family & social & demographic characteristics & antisocial behaviors & psychological dimensions, white & black male & female penitentiary inmates, 9422

family & social background, solving simple arithmetical problems on perceptual or imaginal level, 47 yr olds, 2313

family background & behavior problems & personality defects & psychic insufficiencies, relapse of drunkenness non-asocial 14 17 yr old boys, 9406

family background & childhood experiences, development of prostitutional behavior, 20 46 yr old women suspected of prostitution & venereal disease, 5297

family background, persistent analgesic abuse, patients with analgesic nephropathy, 11375

family history & peak of syndrome & symptom severity, LSD psychosis vs schizophrenia, 9279

family history, response to lithium treatment, manic-depressives, 9681

family pedigree, prevention of child abuse & neglect, 5432

medical & psychiatric correlates, violent behavior, female prisoners, 9362

parental background & economic & social living conditions, weekly & residential nursery children in Czechoslovakia, 702

past criminal record & crime & age & education & marital status & familial history & psychiatric diagnosis, criminal recidivism, convicted female felons on parole, 5315

personal & social correlates, patient attrition in outpatient treatment of alcoholism, 9834

personal experiences & background, internal-external beliefs, male adults, 11139

prevalence of personal & familial psychiatric problems, college freshmen at midwestern university, 7329

prior family religious involvement, current religious orientation, evangelical college students, 8924

psychological characteristics, women having abortions vs effective users of contraception, 4964

psychopathological parents & emotional interaction with opposite sex, functional sexual disorder, 5360

sheet for pupils' characterization, systematization of psychopedagogic data, 12027

significant events & related life variables, institutionalized vs noninstitutionalized adolescent suicide victims, 3450

similarities & dissimilarities in family background & academic achievements & antisocial behaviors, heroin addiction, soldiers in Vietnam vs U.S. civilian addicts, 3411

social & drug using backgrounds, help-seeking, drug patients, 3464

zygosity & birth information & somatic & mental health history & interviews with family & Ss, schizophrenic twins & their families, 11263

**Family Counseling** (See Family Therapy)

**Family Crises**

counseling & rehabilitation, stroke patients & their spouses & family, 3788

family crisis intervention training, urban policemen, 7767

family stress when choosing organ donor & attitudes of volunteer donors, 5773

individual vs group vs family therapy, runaway girls running from family conflicts vs to persons & places providing experiences forbidden in home, 7601

leukemia of children, adaptive & maladaptive coping responses, families, 7516

parent-child relations & school environment & reasons & problems encountered & future plans, running away from home, 12 17 yr olds, 7380

protective vs open approach with child, family communication about crisis of dying child, 5068

social network intervention as psychotherapeutic approach, family crisis, book, 1685

**Family Life** (See Family Relations)

**Family Members** (See also Adopted Children, Adoptive Parents, Brothers, Daughters, Fathers, Foster Children, Foster Parents, Heterozygotic Twins, Housewives, Illegitimate Children, Monozygotic Twins, Mothers, Multiple Births, Orphans, Parents, Schizophrenogenic Mothers, Siblings, Sons, Spouses, Surrogate Parents (Humans), Twins, Unwed Mothers, Wives)

absolute & relative significant missing person & object drawing size, institutionalized orphans vs children from intact families, 2807

alcoholism reported in relatives, alcoholic patients, 3420

bipolar vs unipolar affective disorder among parents & 2nd-degree relatives, hyperactivity, children, 5381

## Family Physicians

familial correlations & environmental factors, mental illness & alcoholism & neurosis, parents & children, 5290  
 familial incidence & treatment, Gilles de la Tourette disease, 3 case reports, 3519  
 meaning of death, dying person & surviving family, 8936  
 picture content & execution & aesthetic merit, aesthetic preferences for pictures drawn by mental patients vs family members, young adults, 5133  
 psychiatric illnesses, family members of female criminals, 3313  
 relatives with hyperactive childhoods or presently alcoholic, hyperactivity, children, 3288  
 Rorschach responses, males who murdered relatives vs unrelated victims, 3440  
 self-ratings vs relative ratings on Katz Adjustment Scale, community adjustment, ex-patients, 3581  
 sex ratio in relatives, patients hospitalized for mania or depression, 5313  
 spino-cerebellar degeneration & hormonal disorder & hypogonadism & deaf mutism & mental deficiency, post-mortem findings, adult siblings, 3564  
 1st degree & distant relatives, schizophrenia, Icelandic family, 11281

**Family Physicians**  
 assignment to private family physicians' offices as part of field training, improving team skills & communication, graduate social work students, 7201  
 family physician, emotionally disturbed adolescents, book of readings, 5339

**Family Planning** (See also Birth Control, Contraceptive Devices, Oral Contraceptives, Tubal Ligation, Vasectomy)  
 abortion counseling, 1728  
 husband & wife's concept of wife's role in community, family planning effectiveness, 2916  
 problem pregnancy & abortion counseling, book of readings, 1729  
 problem pregnancy counseling, 1697  
 psychological aspects, birth control & family planning & unwanted pregnancy & sex education, 6965  
 psychology & family planning, 1971 conference proceedings, Nairobi, Kenya, 857  
 volitional control & intentions stability, prediction of family planning behavior, 2891

**Family Planning Attitudes**  
 adherence to traditional ideas, fertility planning & family size, rural vs urban-born women, India, 4931  
 attitudes toward abortion, senior vs intermediate vs junior Canterbury Association of Anglican Women members in New Zealand, 6990  
 birth control beliefs, family planning attitudes & behavior, lower-income mothers, 2884  
 demographic characteristics & family size & birth control & motivation for childbearing & socialization & role formation, population growth, 2882  
 mass media campaign, family planning clinic attendance & nonclinic contraceptive sales, 908  
 needs fulfilled by children balanced against costs entailed, family size, 2889  
 reactions to tubal ligations for contraceptive reasons, females, reanalysis of 1949-1969 studies, 8985  
 test anxiety scores, attitude toward family planning, high- & low-anxious male college students, 11058  
 volitional control & intentions stability, prediction of family planning behavior, 2891

**Family Relations** (See also Child Discipline, Childrearing Practices, Father Child Relations, Marital Conflict, Marital Relations, Mother Child Relations, Parent Child Relations, Parental Attitudes, Parental Permissiveness, Parental Role, Sibling Relations)  
 achievement in family & community school, educational programs & curriculum change, book of readings, 1852  
 age & IQ, genesis of genealogical relations, 6 11 yr olds, 8892  
 age & sex & drug type & social class & school or work type & family structure & atmosphere & clinical symptoms, adolescent drug users, 7415  
 aged parent illness, denial & maintenance of family homeostasis, 3287  
 analytic treatment technique changing family communication, symptoms induced by family dynamics, 7 yr old, 5741  
 attitudes toward childrearing & quality of childhood experiences, agreement with women's liberation, male & female college students & women in continuing education, 5006

## SUBJECT INDEX

## Family Relations

attitudes toward family patterns & motherhood & feminine personality & child rearing & sexual stereotypes & philosophy of Women's Liberation militants, Menninger Foundation staff, 10980  
 attitudes towards family & parents & authority, male vs female criminals, 7414  
 background characteristics & family relations, heroin usage, Navy enlisted men, 7354  
 background variables & attitudes toward self & husband & children & life goals, married women in feminist vs antifeminist groups, 3006  
 child age & social class, family conflict & dominance patterns, middle- & lower-class families with 11- or 16-yr-old sons, 10900  
 context & practice, family psychiatry, 11762  
 contextual analysis & theory construction, cross-cultural family research, 4960  
 continuing unemployment, family life style changes, welfare families, book, 807  
 coping with physical & psychological & social & financial problems, Jewish-American adult children & elderly parents, 798  
 decision-making style, self-actualization & solving problems, 3-member families with husband & wife & 14-18 yr old child, 6897  
 demographic characteristics & social attitudes & activities & educational plans & family relations, marijuana usage, students at isolated technological institute, 6959  
 depressive family tendencies & general family disturbances & parents' tensions with school & neighbors, depressive features, psycho-organically disturbed children, 7342  
 discipline & conventionality & literary ambition & work involvement & autonomy & ego-assertiveness & family relations, creativity in literary fantasy, male authors, 3110  
 emphasis on enforcing relatively fixed set of values of behaviors vs situational problem solving in family socialization process, societal modernization, 5070  
 ethnicity & unemployment & broken homes & socioeconomic status & accident involvement, police bias in arresting intoxicated drivers, 25 54 yr. old male drivers, 2033  
 factor analysis, historic-socio-cultural premises of Mexican family, 12 & 15 & 17 yr olds, Mexico, 2843  
 family & community involvement, rehabilitation, young offenders, 11817  
 family & mother-child relations, obese girls, 5302  
 family conjoint decision-making, families with reading problem 9 13 yr old males, 9459  
 family influence, involvement in sports, 8910  
 family life & social relations & time & space conceptions & value systems, French housing project for poor, book, 889  
 family myth as compromise between family members to maintain individual defenses, implications for family psychotherapy, 11695  
 family pedigree, prevention of child abuse & neglect, 5432  
 family process, psychopathology, disturbed youths, 3336  
 family relationships & personality factors, medication abuse, middle-aged women, 10946  
 family structure, socialization & attitude formation, youth, 8905  
 family style & socialization processes changes, student movement for relevance, college students, 855  
 family hospital & family patient & family staff relations, families of patients at therapeutic community, 1763  
 fluphenazine decanoate, social effect on family & community, chronic schizophrenics, 9701  
 impairment characteristics, interpersonal functioning, applicants for disability benefits, 1455  
 integration of sociological & social-psychological theory, study of family as social group, 5075  
 item analysis of Family Relations Test data, 8907  
 item factor analysis, Family Motivation Test, parents of junior high school children, 2810  
 job involvement & importance of work over family, job satisfaction, working wives, 1987  
 marital status & family interaction & disengagement, life satisfaction, new retirement community residents, 791  
 mental illness & patient's family, problems faced by psychiatrist, 1153  
 mental retardation, feelings & reactions & problems of siblings & parents, book, 3483  
 milieu of love combined with firmness in household rule context, behavioral changes indicating self & other differentiation, male schizophrenic 8 yr old, 9261

most-mentioned family members & inter-sibling involvement, analysis of Family Relations Test protocols, 11 yr old males referred for school problems, 4893

parental death & family jointness, depressive disorder development, affective morbidity & suicide reaction by parents & siblings of manic-depressive vs reactive vs 1st-attack depressives in India, 1283

personality & social correlates, mental retardation, 11 19 yr old mental retardates, 3492

personality development & dependency of child, marriage & family & parenthood, 4889

personality traits & family relations, sex-role typing & socialization & identification, 30 40 yr olds, 9089

poverty & weak family relationships & early school withdrawal & lack of vocational training, drug addition, female drug addicts under 25 yrs of age in Hong Kong, 5411

psychological characteristics, women having abortions vs effective users of contraception, 4964

relationship with family & external world, psychiatric patients, 11275

revision suggestions, Family Relations Test, reply to Kauffman & Ball's suggestions, 4884

salience & frequency & valence analysis, gender & religion & family & peer identities, adolescents in U.S. & Puerto Rico & Mexico, 921

sex differences & long-term family disturbance, short period in foster-care & children's home, antisocial & psychiatric disorder, 10 11 yr old boys, 1309

short-term family intervention, destructive communication patterns, juvenile delinquents & families, 7789

simultaneous hospitalization of family members, hospital & posthospital adjustment & family relations, psychiatric patients, implications for postpartum depression treatment, 5806

social worker's role, private pediatric group practice, 11820

symbolic interaction theory, family identity research, 5071

therapeutic intervention, sexual & marital & familial relations, book, 5607

use of treated children as active assistant therapists, neurotic family dynamics, 5586

**Family Size**

adherence to traditional ideas, fertility planning & family size, rural- vs urban-born women, India, 4931

birth order & family size, expression of extreme fear, females, 996

birth order & family size, homosexuals vs heterosexuals, 11389

demographic characteristics & family size & birth control & motivation for childbearing & socialization & role formation, population growth, 2882

needs fulfilled by children balanced against costs entailed, family size, 2889

ordinal position & family size & density & father's occupational status, achievement motivation, college students, 7182

**Family Socioeconomic Level**

cross-cultural differences, intelligence & achievement test scores, 5 yr olds from white- vs blue-collar backgrounds, England & United States & Ireland, 8943

demographic & socioeconomic factors, intellectual maturity, Caucasian vs Negro 6 11 yr olds, 4850

economic & educational level of parents, scholastic achievement, 4th & 6th & 8th graders, Bosnia, 3896

ethnicity & unemployment & broken homes & socioeconomic status & accident involvement, police bias in arresting intoxicated drivers, 25 54 yr. old male drivers, 2033

family composition & income & child's age, attitudes toward treatment in children guidance clinic, white vs black families, 1011

father's occupation & education & family income & GPA, occupational aspirations, black vs white rural high school seniors, 3060

home-environmental processes & socioeconomic status & family structure, verbal & number abilities, 11-yr-old Canadian boys, 4869

parental background & economic & social living conditions, weekly & residential nursery children in Czechoslovakia, 702

parental income & location & native language & home dwelling, verbal intelligence & classificatory ability, 5 11 yr old Australians, 4927

social class & achievement & membership in dormitory & learning group, friendship choice in school, British secondary school students, 5062

socioeconomic status of parents & frequency of contact with elderly, attitudes toward old men, college students, 6910

surrogate vs natural parents, social position & influence on language habilitation, institutionalized vs noninstitutionalized educable mental retardates, 5475

urban vs rural-provincial origin & family socioeconomic status, ability level before school entry & later scholastic success, Slovenian preschool age children, 3922

**Family Structure** (See also Birth Order, Family Size, Father Absence, Mother Absence, Nuclear Family, Parental Absence, Schizophrenogenic Family)

Adlerian technique for life style assessment, psychotherapy, 17-yr-old girl, 11564

categorization scheme, secondary analysis of family structure variations, conceptual & methodological implications, 6917

factor analysis, historic-socio-cultural premises of Mexican family, 12 & 15 & 17 yr olds, Mexico, 2843

familial variables, expression of violent aggression, black preschoolers & their mothers, 963

family composition & income & child's age, attitudes toward treatment in children guidance clinic, white vs black families, 1011

family structure & community ritual & cultural patterns, alienation, book, 10979

family structure, juvenile delinquency, Lagos & Nigeria, 3436

family structure, socialization & attitude formation, youth, 8905

family therapy, disorganized poor families, 7726

home-environmental processes & socioeconomic status & family structure, verbal & number abilities, 11-yr-old Canadian boys, 4869

modernization, attitudes & aspirations & family & social structure, adolescents, Turkey, 3040

ordinal position & family size & density & father's occupational status, achievement motivation, college students, 7182

personal interviews & observations, group marriage as alternative to present family structure, 8917

sibling social structure & birth rank, drinking & cigarette smoking, 16 18 yr. olds, 912

unmarried marrieds & single mothers & communes, attitudes toward children & child rearing practices, 6888

**Family Therapy**

admission to therapeutic family unit & family skills learning & family members as co-patients, family therapy, 1641

ascription technique giving immediate feedback to client, family interviewing, implications for social work theories, 5775

audiovisual techniques, family therapy, 3671

behavior therapy, emotionally disturbed children & families, 5731

context & practice, family psychiatry, 11762

contraindication for conjoint family therapy, prepsychotic & postpsychotic young adult & parents, 5706

counseling family members, severely visually handicapped children, implications for counselor's role, 5748

dynamic psychology & existential phenomena & systems theory, family therapy, book, 1637

family counseling, case report, 11765

family dynamics as disturbances in transactional modes, adolescent runaways, 3453

family myth as compromise between family members to maintain individual defenses, implications for family psychotherapy, 11695

family psychotherapy, book, 3675

family psychotherapy, suicide tendency, adolescents & families, 7681

family support & counseling, Huntington's disease, role of genetic counselor, 7790

family therapy, disorganized poor families, 7726

family therapy, importance in psychiatric treatment, 3672

family therapy, preparation for individual therapy, 12-yr-old boy, 11698

family-hospital & family-patient & family-staff relations, families of patients at therapeutic community, 1763

home visiting teams, individual & family therapy for large numbers of people, community mental health center, 3743

individual vs group vs family therapy, runaway girls running from family conflicts vs to persons & places providing experiences forbidden in home, 7601

infantilization of women by their mothers, intergenerational pathology treatment of daughters & granddaughters, 7614

interdisciplinary discussion approach, treating family relationships vs individual members, 7676

interruption & family therapy, obsessive-compulsive rituals, 9 & 11 yr old boys, 1518  
 issues & ethics, genetic counseling, Huntington's disease families, 777  
 learning objectives for perceptual & conceptual & executive skills, training family therapists, 1462  
 playroom setting, incorporation of diagnostic family interviewing & play therapy, 1540  
 psychotherapy, communal family, 1673  
 self- vs. object-directed dehumanization, ghetto families, implications for counselor role in rehumanization, 1725  
 short-term family intervention, destructive communication patterns, juvenile delinquents & families, 7789  
 social network intervention as psychotherapeutic approach, family crisis, book, 1685  
 total family therapy approach focusing on identification process, stuttering, children, 9469  
 training parents in behavior modification techniques, parent-child therapy, 5265  
 use of treated children as active assistant therapists, neurotic family dynamics, 5586  
**Family** (See Also Related Terms)  
 family recruitment & patient selection & role of social worker-psychiatrist team, family placement, stabilized mental patients in France, 9829  
 occurrence of affective psychoses & personality abnormalities, families of patients with manic-depressive psychosis, 9229  
 psychiatric appraisal, family of prisoners of war, 9276  
 school & family & mass media as information sources, occupational socialization, new students at technology institute, 8027  
**Fantasies (Thought Disturbances)**  
 behavior modification in summer camp settings, fantasy about penguins, 8-yr-old boy, 5690  
 bisexual fantasy in development of group processes, self-analytic groups, 7697  
 fantasy & hopelessness feelings & suspended reality testing, psychoanalytically based motivational model of suicide, 11374  
 fantasy flights, skyjacks, book, 3416  
 time orientation & positive vs negative images, free phantasies, mildly abnormal vs normal 9th 12th graders, 7323  
 transitional fantasies underlying transference neurosis, narcissistic personality, 9346  
 verbal & paraverbal & nonverbal communication, interpretive styles & discovery of fantasy in therapeutic approach, patients with character disorders, 1531  
**Fantasy (Defense Mechanism)**  
 fantasies, individuation & affect & morality development & cognitive functioning, nursery school children, book, 6818  
 fantasy & object-relationships & aggressiveness, social dropouts vs hippies, 5238  
 fantasy & psychological exploration methods & ambiguous nature & difficulty in psychoanalytic interpretation, psychopathological art, 9324  
 induced frustration, fantasy aggression & blood pressure, college students, 10502  
 partial & complete inhibition of normal fantasy process about fetus, women seeking abortions vs women carrying to term, 899  
 perceptual & cognitive & emotional stimulation, sexual fantasies, males vs females, 5175  
 subliminal stimulus, activation & measurement of unconscious fantasies, 9141  
 unconscious fantasy, inhibition of empathy, psychoanalyst, 11742  
 unconscious fantasy, psychotherapeutic transference, 11747  
**Farmers** (See Agricultural Workers)  
**Fat Metabolism** (See Lipid Metabolism)  
**Father Absence**  
 father absence & mother's cognitive style, child's cognitive differentiation, 8-15 yr olds, 4250  
 father absence or death & sex & race & religion & class standing & concern for academic sufficiency & parental educational level, suicide, college students, 9393  
 long-term temporary separation from father, personality development, children & fathers, 2801  
 low vs high father-interaction families, separation protest, 1 yr olds, 6899  
 viewing films of aggressive behavior of black male vs female, imitative aggression, father absent vs father present black 6 yr olds, 927  
**Father Child Relations**

arrival & departures of mother & father & stranger, onset & development of separation protest & relationship to object permanence, 9 & 12 & 18 & 24 mo olds in Guatemala vs US, 10901  
 difficulty in behavioral technique use, changing child's behavior, cooperative parents, 9748  
 father's childrearing practices, paranoia of D. P. Schreber, 1287  
 fathers vs mothers vs strangers, eliciting attachment behaviors, 10 & 13 & 16 mo olds, 10894  
 long-term temporary separation from father, personality development, children & fathers, 2801  
 low vs high father-interaction families, separation protest, 1 yr olds, 6899  
 relationship with father, anorexia nervosa, adolescent females, 11339  
**Fathers**  
 conceptual impairment, mothers vs fathers of 18-30 yr old male poor-premorbid schizophrenics, 9353  
 cross-validation, child-rearing questionnaire, mothers & fathers of junior high school children, 917  
 generation recidivism in illegitimacy & attitudes about intercourse, 16 21 yr old unwed fathers & nonfathers in state wards, 8982  
 modified version of Missouri Children's Behavior Checklist, mothers' vs fathers' ratings of children in outpatient community mental health center, 3 16 yr old outpatients, 11787  
 personality characteristics & clinical observations of fathers, children with hyperkinetic syndrome, 9205  
**Fatigue**  
 amphetamine, hyperkinesis & narcolepsy & fatigue & obesity & depression, 1572  
 arm raised overhead under forced or free operation, manual pursuit tracking performance, 6225  
 bicycle ergometer work, fatigue & critical flicker frequency & spiral aftereffect & reaction time, college students, 8309  
 classroom visual fatigue, academic achievement, elementary school children, 5903  
 fatigue & stress, vigilance, inspection workers, literature review, 10069  
 fatigue from performing high precision vigilance task or difficult driving, psychological & physiological & psychophysiological indices before vs during vs after task performance, 6454  
 increasing number of rest periods without increasing total rest & work periods, residual fatigue on bicycle ergometer task, 2268  
 initial & initial-plus-interpolated total-body physical fatigue, learning & performance, male college students, 8292  
 local muscular fatigue due to isotonic & isometric exercise, fractionated reaction time components, 2263  
 low starting doses & use of phenothiazine & other antianxiety drugs, drowsiness & fatigue as drug side effects, 3641  
 pemoline, physiological & performance changes during sustained psychomotor tracking tasks, 40 65 yr. olds, 597  
 pentobarbital vs dextroamphetamine, body boundary definiteness & depersonalization feelings & fatigue & concentration, female 19 45 yr olds, 4576  
 pimozone, fatigue states, 11611  
 productivity & fatigue, men vs women in identical jobs, 4007  
 productivity, subjective estimates of fatigue & physical & mental effort in work, steel plant workers, 4010  
 prolonged physical exercise, subjective symptomatology, young adults, 2262  
 pyrovalerone, fatigue & confusion & tension-anxiety, chronically fatigued volunteers, 9655  
 strenuous & exhaustive exercise, learning, male rats, 8796  
 stress & strain measurement in static muscular work, determining optimal working rhythms, 10106  
**Fatty Acids** (See also Phosphatides)  
 propranolol hydrochloride, anxiety level & plasma free fatty acid levels & pulse rate, college students, 8750  
 propranolol, free fatty acids of plasma during passive avoidance test, mice, 6608  
 suggestion of exercise & emotional stress using hypnosis & sodium amobarbital, free fatty acid circulation & heart & respiratory rate, 23 26 yr old medical students, 4390  
**Fear** (See also Panic)  
 blind" application of systematic desensitization, fear reactivity to snakes & public speaking, college students, 3702  
 alcohol administration during prior CS-shock exposure, fear reduction & active avoidance learning, rats, 2582

- amygdala lesions, fear behavior & passive avoidance deficits, male mice, 8660
- archistriatal lesions, enhancement of tonic immobility, chickens, 8641
- assessment of avoidance responses on D. J. Levis's phobic test apparatus, determination of increased physiological arousal & relationship to S's proximity to snake & self-report of fear, college students, 3315
- birth order & family size, expression of extreme fear, females, 996
- conditioned fear, appetitive discriminative learning, rats, 2687
- current status of biochemical research, aggression & anxiety & fear & depression, 6453
- degree of alcoholism, fear & reinforcing activities & test taking attitude, alcoholics, 9412
- environmental fear, role of public health service nurses, 3574
- expectancy & physiological feedback, modifying fear behavior, review, 5698
- fear & stress, book, 4311
- fear arousal & threat & extent of uncertainty, conformity to recommended behavior, Ss who accepted vs did not accept smallpox vaccination, 7085
- fear of appearing incompetent, relationship between attitude similarity & interpersonal attraction, college students, 9032
- fear of isolation & pain & abandonment & dependency vs death, dying people, implications for medical team & family, 7519
- fear responses & coping incompetence, 60 94 yr olds, 4902
- fear, exploratory behavior, literature review, 8816
- fearfulness & reactivity correlates, aggressiveness, male mice, 4795
- fears as attitudes, attitude change through reinforcement, critique of study of R. M. Suinn, et al, 5696
- fears as attitudes, rejoinder to E. B. Blanchard & T. E. Elkin's criticism, 5727
- flooding procedures, fear reduction, humans & animals, 8819
- handling vs no handling in infancy, frustration- & fear-motivated behavior, rats, 10729
- induced fear of death due to death threat, belief in afterlife, college students, 2463
- inhibitory vs receptive mothers, aggressiveness vs fearfulness tendencies in cognitive styles, children, 8903
- instructional suggestion & physiological cues, analogue fear, college students, 2436
- intellectual level & anxiety & fear & self esteem, stuttering children, 7488
- meaning in life, fear of death, 18-52 yr olds, 8865
- nature & content & context & degree of symbolization & displacement, school age children with excessive fears, 1278
- neutral vs spider slides viewing, heart rate & vasodilation & palmar & dorsal skin conductance, college students, spider fearing vs nonfearing females, 4401
- preference-identifications in Patte Noir test, 8 & 10 yr old girls, 7129
- reassuring recommendations in fear-arousing speech, memory & attitude change & speaker evaluation, college students, 5086
- receiving preferred vs nonpreferred vs randomly assigned therapy, fear reduction effectiveness, college students, 11546
- reliability & validity & factorial structure & sex & population differences & correlations with personality scales, self-assessment measures of fear, 2450
- self-reinforcement & group therapy intervention techniques, modifying fear-of-failure motivation & classroom behavior, 4th-6th grade inner-city economically deprived males, 7935
- similarity of components of serial conditioned stimulus, conditioned fear, rats, 6706
- social attraction of cross- & same-strain S pairs, rat strains differing in emotionality, 6787
- social or interpersonal fears, trait anxiety, female nursing students, 5211
- stress film exposure, subjective accounts of fear & nervousness & intrusive & stimulus-repetitive thought, psychiatric inpatients vs nonpatients, 9281
- urgently induced trauma & fear of doctors in children, relation to Bram Stoker's novel *Dracula*, 10891
- systematic desensitization vs attention-placebo control treatment, fear reduction, 11715
- systematic desensitization vs graduated prolonged exposure vs cognitive restructuring techniques, treatment of irrational fear, college students, 9719
- threat to self-regard & fear of negative evaluation, locus of social comparison, 5197
- Fear Survey Schedule**
- discrepancy between pre- & posttest verbal fear ratings on Fear Survey Schedule & snake-approach behavior, schizophrenics vs normals, 9234
- Fecal Incontinence**
- operant conditioning, anal sphincter pressure increase, 13-yr-old encopretic boy, 1665
- pathogenesis & diagnosis & treatment, encopretic children, 3596
- Feeblemindedness** (See Mental Retardation)
- Feedback** (See also Auditory Feedback, Delayed Auditory Feedback, Delayed Feedback, Knowledge Of Results, Sensory Feedback, Visual Feedback)
- violation ticket" feedback procedure in token economy program, reducing minor ward rules violations, psychiatric patients, 3818
- alpha training, behavior modification, hyperkinetic children, 11719
- autohypnosis & biofeedback, Raynaud phenomenon, 31-yr-old male, 5710
- automated with feedback vs face-to-face vs attention-placebo relaxation procedures, GSR & heart rate & gross motor movement & subjective measures of relaxation, 17 69 yr olds, 1678
- biofeedback control & Zen & Yoga approaches, visceral learning, book, 414
- biofeedback hand temperature training, theoretical applications to Lamaze childbirth training, 8543
- biofeedback techniques & instrumentation, recommendations of Ethics Committee, 5276
- biofeedback techniques, maintaining helpful learning states, students, 11925
- biofeedback, self-discovery & self-awareness & self-determination, gifted students, 1687
- changing decisions based upon information feedback concerning decision outcomes, decreasing ineffectiveness of traditional correctional treatment programming, 5790
- classically differentiated supplementary feedback cues, tracking performance, college students, 8305
- contingent & noncontingent feedback, operant conditioning of heart rate, 20 30 yr olds, 8555
- contingent feedback, alpha feedback training, college students, 10539
- continuous vs intermittent self-monitoring, academic performance, college students, 11958
- continuous vs intermittent vs no positive E feedback, response variability, college students, 8474
- dextroamphetamine &/or amobarbital, response-contingent vs noncontingent sensory change on responding, rats, 6619
- distraction & response mode & anxiety, achievement in computer-assisted instruction, college students, 5894
- EMG feedback & contingent cutaneous shock, spasmodic torticollis, 11696
- expectancy & feedback, systematic desensitization outcomes, spider-phobic college students, 9714
- expectancy & physiological feedback, modifying fear behavior, review, 5698
- extended conditioning session, maintenance of EEG alpha rhythm percentage, high alpha Ss, 10531
- external signal & verbal praise contingent, conditioning blood pressure reduction, hypertensive patients, 11700
- familiarization feedback, performance on Raven Coloured Progressive Matrices, lower- & middle-class kindergartners, 12033
- feedback & basic 1-sentence rules, conservation of liquid quantity & 2 logically complementary nonconservation problems, 5-yr-old kindergartners, 8416
- feedback & sex & race, acquisition & retention of pursuit rotor performance, black & white retarded vs normal 11 12 yr olds with equal practice to equated mean level of performance, 3488
- feedback control using time series analysis, collection of EEG alpha, 2484
- feedback during training, estimation of last possible safe moment for passing in on-road driving situation, college students, 4061
- feedback on parole boards' evaluation of case factors, making explicit implicit paroling policy, implications for uniform decision making, 1743
- feedback stimulation, steady changes of firing rate in cortical unit assemblies, rabbits, 6420
- feedback vs nonfeedback conditions & appetitive vs nonappetitive positive reinforcement, operant conditioning of GSR, college students, 393
- feedback vs. subsequent omission of feedback, prediction strategies in nonmetric probability learning, college students, 205

feedback, correct vs. incorrect ESP responses, 94  
 feedback, daily completion of behavior modification projects, state mental hospital staff, 5284  
 feedback, serial learning of nonsense syllables, male & female high school students, 10399  
 generalized feedback shift register pseudorandom number algorithm for mini- & microcomputers, 2077  
 high vs low vs average emotional false feedback, intellectual performance & self-report of test anxiety, college students, 3902  
 hypnotic suggestion, alpha-enhancement training effectiveness, 10541  
 illumination, alpha feedback training, college students, 2500  
 immediate auditory feedback, salivary rate control, college students, 4425  
 immediate vs end-of-task feedback, academic performance, autistic 6 yr old, 7279  
 incentives & feedback, modification of speech & language behavior, 5699  
 information feedback, modification of nasal resonance, cleft-palate 10 & 13 yr olds, 11723  
 information integration approach to serial effects, verbal discrimination learning, 2333  
 informative vs affective feedback, verbal conditioning, college students, implications for interviewing, 8422  
 instructional set, performance on personality inventory, college students, 3197  
 Interpersonal Process Recall vs T-group methods, group & individual interaction, college students, 9795  
 interpersonal-process-recall videotape-feedback vs limited structure encounter group, interpersonal communication skills, application of training model for paraprofessionals, 7018  
 interview videotape feedback, social & actual self ratings, psychiatric patients, 11271  
 mastery vs nonmastery instruction & feedback specificity, achievement & attitudes, high school students, 3879  
 muscle relaxation training & exposure to preprogrammed hierarchy of snake slides with false feedback, avoidance behavior, college students with fear of snake, 11729  
 objective self-awareness through exposure to own tape-recorded voices & positive vs negative feedback, self-esteem, college students, 3177  
 operant control of autonomic functions, biofeedback bibliography, 2539  
 optimum feedback strategy, acquisition & retention of psychomotor skills, male college students, 4162  
 parent & therapist examination of videotape feedback of parent child interactions, treatment of hyperkinetic children, 3580  
 partial differential feedback & on-line computer training configuration, optimization of multidimensional cue learning, 2320  
 passive- vs active- vs no-feedback conditions in computer-assisted arithmetic instruction system, mathematics achievement, junior high school students, 7936  
 periodic performance feedback, small task group performance writing papers & group feeling, college students, 7020  
 Porta-Prompter, therapeutic communication & feedback, 9757  
 positive & negative feedback & degree of discrepancy, responses to test results, college students, 7136  
 positive vs negative & emotional vs behavioral feedback, credibility of feedback, college students in sensitivity groups, 7029  
 prolonged daytime maintenance of EEG alpha rhythm under feedback conditions, sleep on following night, 4364  
 random noise in operational feedback, learning aiming task, 10420  
 rapid feedback & fault density, inspection for faults, industrial on-line glass inspectors, 4016  
 recidivism parameters & rearrest probabilities & average time between arrests as feedback, criminal justice system feedback model, 2879  
 reduction of information feedback, selection concept learning problems with nonfixed solutions, college students, 4267  
 regulation of biofeedback research & technology, opinions of Society for Psychophysiological Research, 5266  
 response-produced feedback, error detection mechanism, college students & graduates, test of S. A. Adams's closed-loop theory of motor learning, 10320  
 self-control of cardiac functioning, criticism of E. B. Blanchard & L. D. Young's definition of clinically significant heart rate change, 10558  
 self-control of cardiac functioning, reply to B. T. Engel's evaluation of clinical biofeedback field, 10550

self-experiential treatment using videotape feedback, self-concept & psychiatric adjustment, 33 66 yr old chronic schizophrenics, 11566  
 self-monitored feedback & /vs therapeutically oriented instructions, rat phobic female college students, 1680  
 social & cultural feedback, operant conditioning from standpoint of mathematician & logician, 2379  
 specific & general feedback information, speed & accuracy of work performance, schizophrenics in rehabilitation training program, 3778  
 structured social situations & group feedback & problem-oriented discussion group, characteristics of lower-class inpatients, 7863  
 student evaluations & evaluative feedback during semester, faculty performance, professors, 11880  
 student feedback, modifying instructional practices, college teachers, 11893  
 tape-recorded staff conferences, providing feedback, school personnel, 9868  
 taped verbal relaxation instructions & response-contingent EMG feedback training, suggestibility or hypnotic susceptibility, college students, 4426  
 team consensus feedback, image interpreter proficiency, enlisted men, 6025  
 temporal relationship of feedback & stimulus information, discrimination-learning strategies, 2nd graders vs college students, 2763  
 utilization of conscript's experience during repetition exercise, military training, 12081  
 very good vs very bad vs no feedback, building Roman arch, male university student 4-person groups, 2999  
 videotape & instructional feedback, nonverbal marital interaction, male psychiatric patients & their wives, 5701  
 videotape feedback as psychotherapeutic nursing approach, dependency & convalescent leave placement & success, male vs female 20 63 yr old long-term psychiatric patients, 11827  
**Feeding Behavior (Animal)** (See Animal Feeding Behavior)  
**Feeding Practices** (See also Breast Feeding, Weaning)  
 demand-feeding vs schedule-feeding, wakefulness, human newborns, 2762  
 feeding regimen for correction of infantile feeding habits, handicapped children, 7514  
 shift work, time & frequency of meal taking, workers at iron & chemical factory, 8033  
**Feelings** (See Emotions)  
**Felonies** (See Crime)  
**Female Animals**  
 anterior hypothalamic lesions & subsequent amphetamine, reversal of sexual impairment, female rats, 6499  
 body weight & flank gland size & pigmentation, social rank, female hamsters, 10779  
 fornix transection, increased activity, female rats, 6521  
 imipramine before & during pregnancy, litter size, female rats, 8746  
 isolation from males & exposure to male chemical & visual stimuli, spawning rate, female angelfish, 10771  
 marginal stimuli from courting males, ovulation frequency, female ring doves, 6448  
 neonatal androgen, open-field activity & sexual behavior & modifying influence of ovarian secretions during development, female rats, 4565  
 neonatal gonadal hormones, maternal & sexual behavior, female rats, 10694  
 nutritional deprivation during pregnancy & lactation, maternal behavior, female rats, 10791  
 ovariectomy vs adrenalectomy vs both & ergocornine & prolactin replacement, emission of maternal pheromone, postpartum female rats, 495  
 sensitization & social isolation, maternal behavior, virgin female rats, 8837  
 subcutaneous testosterone, temporal patterning of male copulatory behavior, female rats, 4787  
**Female Criminals**  
 age & incarceration history & type of offense & intelligence & achievement & marital status & MMPI profile, female prisoners in 1960 vs 1970, 7376  
 attitudes towards family & parents & authority, male vs female criminals, 7414  
 discipline & health care & employment & sexual & family problems, female prisoners, book, 3400

family & social & demographic characteristics & antisocial behaviors & psychological dimensions, white & black male & female penitentiary inmates, 9422

past criminal record & crime & age & education & marital status & familial history & psychiatric diagnosis, criminal recidivism, convicted female felons on parole, 5315

psychiatric illnesses, family members of female criminals, 3313

#### Female Delinquents

cognitive differentiation of self & parents, delinquent vs nondelinquent 13 16 yr old girls, 3405

continuous vs partial reinforcement vs intermittent punishment during motor learning task pretraining, persistence during extinction, psychopathic vs nonpsychopathic female institutionalized delinquent 12 17 yr olds, implications for behavior modification programs, 7719

group counseling, durability of effects on connotative meanings to concepts of father & mother & self & peers, female delinquents, 1-yr follow-up study, 5761

milieu & individual therapy, personality & adjustment & intelligence, institutionalized female delinquents, 5602

organizational & emotional conflicts, medical-psychological service in boarding school for delinquent girls, 11815

prejudice against females, sentencing adolescent delinquents, 2908

**Female Genitalia** (See also Ovaries, Vagina)

**Females (Human)** (See Human Females)

#### Femininity

attitudes toward sex roles, A vs B psychotherapists, 9167

cultural expectations, myths of femininity, 8942

degree of feminine orientation, resistance to taking medication, psychiatric patients, 9657

demographic variables & perception of self & mother & preferred femininity in dating partners, perceptions of women, male college students, 1002

femininity of sex-role preferences & emotional responses, nonspre vs primary vs secondary spree alcoholic females, 3438

field dependence & masculinity-femininity & personality traits, orientation to clothing, college students, 3181

group therapy, masculine identification & behavior, feminine 4 9 yr olds & parents, 3697

masculinity vs femininity semantic differential ratings, psychiatric patients, 9244

maternal employment & educational attainment, sex-typed attributes, female college students, 4899

play patterns measurement on parent-report Games Inventory, normal & gender-deviant boys, 6812

psychoanalysis, women, book, 1535

psychosexual interests, Draw-a-Person Test performance, male vs female high vs low T-scores on MMPI Masculinity-Femininity scale, 3196

sex role identity, alcoholic vs normal women, 7420

sex role orientation, dream recall & content, college students, 7132

sex-role identification characteristics & manifest anxiety, attitudes towards hair spray, male college students, 2919

sex-role identification, science learning & open-mindedness, female teacher trainees, 1812

Thorne Femininity Scale, female sex identification measurement, female Ss, 3209

untested assumptions of item response sex differences & single bipolar dimension & unidimensional nature, masculinity femininity construct, adults, 9094

**Femoral Nerve** (See Spinal Nerves)

#### Fenfluramine

fenfluramine & other monoaminergic modulating drugs, sleep-waking patterns, cats, 8763

fenfluramine subcutaneously administered prior to dextroamphetamine or methamphetamine, blockage of CNS excitation, mice, 531

fenfluramine, behavior & body weight, rats, 4668

fenfluramine, fixed ratio responding, female rats, 8753

#### Fetus

chronic polygraphic study, states of vigilance, guinea pig fetuses, 8497

partial & complete inhibition of normal fantasy process about fetus, women seeking abortions vs women carrying to term, 899

research on causative factors, psychiatric epidemiology, problem areas of fetal brain damage & Down's syndrome & depression & communicated disorders & social breakdowns, 7244

simple EEG electrode, intrauterine signal analysis of human fetus, 6407

**Fever** (See Hyperthermia)

#### Fibrillation (Heart)

learned control of ventricular rate, patients with chronic atrial fibrillation & rheumatic heart disease, 11433

psychologically stressful vs nonstressful environments, threshold for repetitive ventricular response, dogs, 10570

**Fiction** (See Literature)

**Field (Visual)** (See Visual Field)

#### Field Dependence

birth order, field independence-dependence, male vs female psychiatric inpatients, 9318

dependence, field dependence, implications for rehabilitation, 9820

developmental differences & motion sickness, field dependence, 5th vs 7th graders, 8901

empathy, perceptual orientation, college students, 7156

father absence & mother's cognitive style, child's cognitive differentiation, 8 15 yr olds, 4250

field dependence & conceptual thinking & perceptual-motor deficits, chronic alcoholics, 7401

field dependence & level-sharpening & categorization & interference proneness & scanning & tolerance for unrealistic experiences, hypnotizability, college students, 7139

field dependence & masculinity-femininity & personality traits, orientation to clothing, college students, 3181

field dependence & sex, form discrimination, college students, 120

field dependence, self-disclosure, college students, 2998

field dependence, set excitation & extinction in haptic & visual modalities, 8th graders, 112

field dependence, visual vs verbal paired-associate learning, college students, 8353

field dependence-independence, reflective-impulsive vs hyperactive 2nd & 3rd grade boys & mothers, 3277

field dependency, anxiety, 9096

field independent-field dependent cognitive style, continuous-discontinuous concept attainment, middle-class kindergartners, 2791

field-articulation & stimulus-intensity control, female college students, 3166

field-dependence & sex & verbal reinforcement, conformity, disadvantaged preschool children, 1066

field-dependence field-independence cognitive control, discrimination of affective expression & implied meanings, college students, 3092

field-dependence-independence as partially genetically based nervous system sensitivity, color vs weight discrimination, introverted vs extraverted soldiers, 9101

frame pattern & field-dependent vs field-independent classification, rod verticality judgment on signal detection" modification of Rod & Frame Test, college students, 6196

illumination changes in Rod & Frame test apparatus, verticality perception, field-dependent vs field-independent college students, 157

illumination level & rod rotation rate, Rod & Frame Test performance, U.S. Navy aviation students, 2225

individual differences, Pulfrich effect, field-dependent vs field-independent college students, 2210

locus of control & field dependence & repression, dream recall, college students, 9092

meditation training, field dependence-independence & test anxiety & reading achievement, 3rd graders, 11920

orienting responses & field dependence & manifest anxiety & extraversion, differential conditioning of electrodermal responses & ability to verbalize CS UCS relations during postconditioning interview, 18 44 yr olds, 2317

red vs blue on TAT cards, TAT response, male field-dependent vs field-independent 7 8 vs 10 11 yr olds, 9143

Rod-&-Frame Test vs psychological differentiation inventory, psychological differentiation measurement, 9104

tilted outline frames & intersecting line patterns, judgments of vertical, right- vs left-eye dominant college students, 10307

**Field Trips (Educational)** (See Educational Field Trips)

**Fighting** (See Aggressive Behavior)

#### Figure Ground Discrimination

auditory figure-ground ability, academic achievement, kindergartners & 1st 3rd graders, 7964

figural aftereffect vs retroactive-effect, concentric circles figure, 8148

visual closure, perception of figure-ground relationships, males with vs without organic perceptual handicaps, 3537

**Film Strips**

background color, legibility of projected printed messages, 3133  
 erotic & pleasant vs displeasurable vs neutral contrast films, tendency toward intrusive & stimulus-repetitive thought, college students, 2453  
 performance charts & money, comprehension of instructional filmstrips, educable mentally retarded 12-15 yr olds, 3933  
 photography & mirrors & films & videotape, extension of self-awareness & self-concept, learning disabled vs gifted vs educable mentally retarded pre-adolescents, 5939

**Financial Assistance (Educational)** (See Educational Financial Assistance)

**Fine Motor Skill Learning**

importance of motor coordination & perceptual development, mentally retarded children, 3950

**Finger Tapping**

response delays & timing of repetitive discrete motor responses, 10323

tapping ability & personality & intelligence indices, EEG alpha-frequency, male college students, 396

task length & finger force, rest-pauses in tapping task, reanalysis of I. Spielman's data, 2255

**Fingers (Anatomy)**

cortical motor potentials accompanying volitionally controlled single motor unit discharges, human finger muscles, 4347

1 vs 2 vs 4 fingers on 1 vs both hands, tactual perception of vertical displays of braille, blind vs sighted Ss, 11286

**Fingerspelling**

degree of hearing loss & practice, finger spelling intelligibility, hearing impaired, 5511

sound & speechreading & fingerspelling & signs & printed words, receptive communication, deaf 4-6 yr olds, 5527

**Finland**

chronological ordering of drinking experiences, American vs Finnish alcoholics, 9407

cross-cultural differences, New Left ideology, college students, United States & Finland & Norway & Japan, 825

hospitalization periods & treatment modes & prognosis & rehabilitation & patient doctor relationship, Helsinki schizophrenics 1st admitted in 1950 vs 1960 vs 1965, 1272

open brain injuries, Korsakoff-like amnesic syndrome, Finnish war veterans, 5336

personality & intelligence, English school achievement, Finnish 7th graders, 1875

psychiatric research yearbook, Finland, 1182

social structure & age & sex & educational level, attitudes toward mental illness, inhabitants of agricultural vs industrialized community, Finland, 5004

**Fishes** (See also Carp, Cichlids, Electric Fishes, Goldfish, Sticklebacks)

agonistic & courtship behavior, cyprinodont fish, 10781

avoidance conditioning, blue vs marigold platyfish, 4743

crowded vs uncrowded conditions with vs without methylchloroform extraction of tank water, immune response to infectious pancreatic necrosis virus, blue gourami, 4419

darkness, reduction of number of synaptic ribbons in retina, fish, 10510

electroretinographically-determined scotopic spectral sensitivities, gray snappers & blue-striped grunts & Nassau groupers, 2737

isolation from males & exposure to male chemical & visual stimuli, spawning rate, female angelfish, 10771

methallibure & synthetic testosterone & mammalian luteinizing hormone & reserpine & chlorpromazine, nest building & sexual & aggressive behavior, sunfish, 10676

moderate & intense shock punishment, aggressive display, Siamese fighting fish, 672

passive vs active detection of electric potentials & electrolocation & electrocommunication, electroreception, fish, 6371

peripheral & rostral brain stem temperatures, thermoregulatory behavior, horn sharks, 6430

predation upon mealworm larvae, bluegill sunfish, 10772

presence vs absence of landmarks & training duration & age & presence of conspecifics & previous predation experience, learned escape & orientation toward shallow water, mosquitofish, 4717

simplified blinding method, fish & rats, 2556

social factors, maturation control, topminnows, 10712

underwater light, significance of spectral position in rhodopsins, tropical marine fishes, 4415

**Fixed Interval Reinforcement**

d-amphetamine punished responding under multiple fixed-ratio & interval schedules of reinforcement, pigeons, 4592

dextroamphetamine, fixed interval performance maintained by electrical stimulation of brain vs food reinforcement, rats, 10655

dextroamphetamine, schedule induced polydipsia, rats, 8759

FI vs differential-reinforcement-of-low-rates vs extinction reinforcement schedules, leverpressing for food, monkeys with prefrontal cortex partial ablations, 8640

FI-60-sec vs VI-60-sec reinforcement schedule, development of schedule-induced polydipsia, rats, 2701

fixed interval schedules & secondary reinforcement, schedule induced pacing & drinking, schizophrenics, implications for behavior modification programs, 7704

fixed-interval schedules, average response rate & postreinforcement pause & elapsed time to response & average quarter-life & running rate, rats, 4709

injection dose & infusion duration, responding on fixed-interval schedule of cocaine reinforcement, monkeys, 2583

injection dose & interval duration, responding on FI schedules of cocaine presentation, rats, 2596

scopolamine hydrobromide, FI behavior, rats, 6644

sequential effects of reinforcement magnitude, FI performance, rats, 6735

training on multiple-schedule where keypecking was reinforced on FI & VI schedule, response rates on generalization test, pigeons, 6740

**Fixed Ratio Reinforcement**

aspiration lesions & penicillin injection into hippocampus, auditory discrimination & fixed ratio & differential reinforcement of low rates, rats, 4527

chlorthalidoxepoxide HCl vs food deprivation, food-reinforced fixed ratio satiation schedule, rats, 6679

continuous & fixed-ratio & FI reinforcement, honey bees, 2692

d-amphetamine punished responding under multiple fixed-ratio & interval schedules of reinforcement, pigeons, 4592

environmental influences, morphine vs dextroamphetamine induced suppression of operant behavior, rats, 8748

fenfluramine, fixed ratio responding, female rats, 8753

fixed ratio size & reinforcement delay, preroar pausing, pigeons, 2721

fixed-ratio schedules of reinforcement, postreinforcement pausing & response rate, severely retarded adult inpatients, 3491

free-operant avoidance scheduling tests, conditioned reinforcement, rats, 6701

independent & contingent events following VI & fixed-ratio & extinction baselines, stereotyped & manipulanda responding, 143

228 mo old institutionalized developmentally retarded females, 7443

mixed fixed-ratio schedule, altering proportion of components, pigeons, 4701

nitrogen narcosis, response rate on fixed-ratio & differential-reinforcement-of-low-rate schedules, rats, 450

pattern of disruption in extinction of chain FR 7 FR 7, pigeons, 2674

previous vs upcoming vs both ratio reinforcement schedules, post-reinforcement pause, rats, 623

prior drug experience & dextroamphetamine, schedule controlled behavior, rats, 8754

reinforcement duration & ratio size, discrete trials fixed-ratio responding, pigeons, 4691

voluntary & automatic behavior including barpressing on continuous reinforcement & fixed-ratio schedule, hippocampal slow waves & firing of theta cells, rats, 8506

**Flexibility (Personality)** (See Adaptability (Personality))

**Flexion Reflex**

blink reflex vs masseter reflex vs flexor reflex, EEG differences during REM sleep, 4334

classical conditioning by electrical stimulation of peroneal nerve & cutaneous shock to ankle, hind-limb flexor nerve response, immobilized spinal cats, 6562

habituation of flexor withdrawal reflex, conscious rats, 389

mental set, Babinski & asymmetric tonic neck & stretch reflexes, cerebral palsied Ss, 1454

motor cortex modulation of knee flexor & extensor fusimotor neurons, cats, 4487

oxotremorine interactions with atropine & chlorpromazine & cyproheptadine & imipramine & phenoxybenzamine, flexor reflex, chronic spinal dogs, 2647

scopolamine & atropine, habituation of flexor withdrawal reflex, rats, 10690

#### Flight Instrumentation

contact & instrument flight, transfer to aircraft performance, flight-naïve male college students & male pilots, 8052

tactical display of aircraft instruments, 2037

#### Flight Simulation

adaptive scheme parameters, optimal parameter values for adjustment of task difficulty in flight training, 4005

contact & instrument flight, transfer to aircraft performance, flight-naïve male college students & male pilots, 8052

content & flow of communications during simulated problem solving, team performance, experienced helicopter teams, 12105

prompted mental practice, flight skills learning, Air Force pilot trainees, 1966

sleep loss, simulated flying task performance, Royal Air Force pilots, 1977

traffic density & Air Traffic Control warnings & competing behavior, frequency of anti-collision observing response rates, solo pilots, 8076

visual environment of low-altitude navigation, chart interpretation, supplement for flight training, 10037

wide-angle cinematic simulators, pilot training, 6033

#### Flooding Therapy (See Impulsive Therapy)

#### Fluency (See Verbal Fluency)

#### Fluphenazine

chlorpromazine & fluphenazine decanoate, clinical & work performance, chronic schizophrenics, 5622

chlorpromazine & fluphenazine, immune response, rabbits, 8721

fluphenazine & nortriptyline with psychotropic drugs, anxiety with or without depression, 3642

fluphenazine decanoate & fluspirilene & flupenthixol decanoate & fluphenazine enanthate & perphenazine enanthate, drug dosage & patient type & drug effectiveness, patients with functional or organic psychoses, 11597

fluphenazine decanoate, phenazine blood level & therapeutic effectiveness & severity of side effects, ambulatory schizophrenics, 9699

fluphenazine decanoate, social effect on family & community, chronic schizophrenics, 9701

fluphenazine enanthate & fluphenazine decanoate & flupenthixol decanoate, remissions & improvements of social & occupational activities, ambulatory chronic schizophrenics, 9706

fluphenazine enanthate & fluphenazine decanoate, action duration & motor side effects, acute psychotic patients, 3665

fluphenazine enanthate treatment, peak expiratory flow & symptoms, asthmatics, 3645

fluphenazine enanthate, aggressiveness & hyperactivity & loose associative thinking & auditory hallucinations, chronic paranoid & undifferentiated schizophrenics, 5621

fluphenazine enanthate, muscular rigidity & hyperpyrexia & coma, 21-yr-old black female acute schizophrenic, 1604

haloperidol vs fluphenazine, treatment of severe behavior problems, 612 yr olds, 1619

pipotiazine undecylate vs fluphenazine enanthate, clinical evaluation, chronic schizophrenics, 5612

side-effects of fluphenazine decanoate, schizophrenia, 11630

#### Folk Medicine

beliefs about causes & mechanisms & manifestations & consequences of diseases, Spanish-speaking Mexicans from Chiapas Highlands, 10924

educational program, medicine & psychiatry, Navajo medicine men, 7192

etiological assumptions of folk disease concepts, differential changes in concepts, Mexican-Americans with Mexican- vs Anglo-American contact, 5569

magical causes & intercessions, mental illness, 18-yr-old girl from rural southern Italy, 11306

persisting belief in witchcraft & continuing appeal of native healing practices, interference with willingness to comply with prescribed psychiatric treatment, implications for East African psychiatrists, 9566

#### Folklore (See Myths)

#### Folktales (See Myths)

#### Followup (Posttreatment) (See Posttreatment Followup)

#### Followup Studies

acceptance vs denial on psychiatric grounds vs acceptance on medical grounds, therapeutic abortion, Scottish females, 2-yr follow-up study, 9815

Adjective Check List, self-concept, creative high school students, 5-yr follow-up study, 7169

aftercare in hospital treatment program & outpatient group therapy sessions, male alcoholics, 1 yr follow-up study, 1492

annual trends in reading achievement since 1962, Scottish 7 yr olds, follow-up study of reading disabilities of 10 11 yr olds, 7949

behavior contracts in marriage counseling, initiating positive marital behavior, married couples, follow-up, 5753

behavior modification program using modeling & information feedback & social & material reinforcement, intellectual & conceptual acquisition, institutionalized retarded children, 13 mo follow-up study, 3808

childhood neurosis & behavior disorder, 1 4 yr olds, follow-up study, 1260

contact with suicide prevention center, suicide, follow-up of previous callers, 1730

controlled prescription of opiates, maintenance treatment of narcotic addicts, follow-up study, 1562

EEG classification & time of diagnosis of reading disabilities in elementary & junior high school students, high school reading performance, 11960

EEG diagnosis & prognosis, patients with generalized bilateral synchronous spikes & waves at frequency over 2.5 sec, 2475

electroconvulsive therapy & tricyclic antidepressants, recurrent vital depressions, clinic patients & outpatients, follow-up study, 1504

enrichment preschooling, vocabulary vs auditory association vs grammatic closure vs operational thinking, white vs black 5 6 yr olds, 8 mo follow-up, 9881

entrance examination based on psychological selection & aptitudes, vocational school & work adjustment, lathe apprentices in trade school, 3-yr follow-up, 12074

failure to keep appointment, referral & evaluation for psychiatric treatment, outpatients, 1 yr follow-up, 11542

generalized sharp & slow wave complexes in EEG, mental development, clinical features & longterm followups, 6839

GPA during 2nd yr of graduate study & managerial orientation interests & decision making & ascendance & background survey scores & personnel interests, high earning MBAs in small & large companies, follow-up study 5 yrs after graduation, 2013

group psychotherapy & vocational & pastoral counseling & vs. disulfiram therapy, alcoholic 40-65 yr. old veterans, follow-up study, 1478

heroin addiction, 20-yr follow-up study, 9425

hospitalization & recovery, unipolar affective disorder & schizophrenia & schizophreniform psychosis, follow-up study, 9309

human-relations training, self-actualization & educational values, school administrators & teachers & counselors & aides, follow-up study, 1785

intensive vs more conventional inpatient care, alcoholics, followup study after 1 yr, 9688

long-term state hospital patients, follow-up study & need for community rehabilitation, 11845

marathon group therapy, perceived changes in self & relations with others, college students, 6 mo follow-up study, 7694

mental health center efforts, psychoeducational consultation to Title III preschool program, preschoolers, follow-up intervention, 11791

methadone drug rehabilitation program, health improvement & social rehabilitation, Chicano heroin addicts, 3 yr follow-up, 1618

MMPI taken in 9th grade vs as married adult, assortative mating, married couples, 4430

oligophrenic children, follow-up study after 4 yrs, implications for treatment & systematic management, 5534

orthodontic rehabilitation, social rank & courtship status & self-concept & personality measures, 5 yr follow-up study, 7812

outcomes following short vs long stay inpatient treatment alcoholics, follow-up study, 3668

part-time placement in behaviorally oriented resource room for 1 or 2 yrs, maintenance of behavioral & academic gains following full-time attendance in regular classroom for 2 or 3 yrs, elementary school students, 9944

physical & mental health & personality traits, academic success, college students, 2 yr followup, 11964

physical abnormalities & IQ & perceptual motor processes & speech defects, premature babies, 5 yr follow-up study, 9212

preventively oriented school mental health program participation vs nonparticipation, early detected vulnerable 1st & 3rd graders, 11 13 yr follow-up of subsequent psychiatric histories, 9541

## Food Deprivation

psychiatric treatment effectiveness, adolescents, follow-up study, 7850  
 psychiatric treatment evaluation, hospitalized patients, follow-up study, 3816  
 psychological effects, induced abortion, women, follow-up study, 7334  
 re-education & resocialization through developing relationships, recidivism & personal adjustment & types of violations, persistent offenders, evaluation & follow-up study, 9818  
 reason for referral recommendation, referral outcome, elementary school children's families referred to outside agencies by school psychologists, 7773  
 research designs & use of behavioral indices of change, encounter group casualties, 6 mo follow-up, 9000  
 scale development, assessment of client satisfaction with intensive rehabilitative services, rehabilitated clients, 6 mo follow-up, 1750  
 schizophrenia prognosis, 21 yr. follow-up study, 1247  
 scoring errors on WISC protocols, psychologists, follow-up, 6129  
 secondary speech disorders & specific disorders of language development, children, follow-up study, 1409  
 selection criteria validity, predicting academic success, psychology graduate students, follow-up study, 7965  
 sex differences, suicide rate, Swedish psychiatric patients, follow-up study, 5439  
 sexual behavior, young adults, follow-up study, book, 6991  
 symptom improvement after biographic interview, child patients, 10 22 mo follow-up, 5554  
 systematic desensitization, anger, student nurses, 6 mo follow-up study, 1646  
 test anxiety, college students at 3 New York metropolitan colleges & 5-yr follow-up, 7945  
 toward & away from & vs others selection system, predicting degree attainment, nursing students, 3250  
 vasectomy, marital sex behavior & sexual attitudes, married couples, follow-up study, 2894  
 vocational interests, career development, psychologists, 40-yr follow-up, 11213  
 10-yr follow-up, hospitalized psychiatric patients, 5792  
 5-yr follow-up, discharged chronic psychiatric patients, 5798  
 6 yr follow-up, prognosis in autism, autistic children, 7268  
**Food Deprivation**  
 activity & food-restriction, gastric glandular lesions, rats, 10580  
 age & food deprivation, food intake, rats, 8799  
 alcohol deprivation under continuous vs 12 hrs light-12 hrs dark & handling vs nonhandling & age, alcohol consumption, rats, 2640  
 alternation between high- & low-deprivation runs vs constant low deprivation, persistent deprivation-shift effect opposite in direction to incentive contrast, rats, 8783  
 chlordiazepoxide HCl vs food deprivation, food-reinforced fixed ratio satiation schedule, rats, 6679  
 conditioned fear & conflict & immobilization procedures, ulceration in glandular & nonglandular portion of stomach, food-deprived vs nondeprived rats, 8556  
 crash diet weight loss, severe psychotic disturbances, 9322  
 degree of obesity & food deprivation & palatability, eating behavior, obese vs normal weight Ss, 7253  
 deprivation of food pellets, tool-making & using for obtaining food, blue jays, 632  
 deprivation schedules & length of preexperimental deprivation period, alley performance, rats, 614  
 deprivation state, successive negative contrast in runway behavior following shift from 10- to 1-pellet reward, rats, 2685  
 electrical lateral hypothalamus stimulation & arousal & food deprivation, initiation of hoarding behavior, rats, 6517  
 exposure to or thinking of food & deprivation & palatability, salivation as measure of appetite, 21 30 yr olds, 10590  
 food & water reinforcers, auto-shaped & consummatory responses, food- vs water-deprived pigeons, 4734  
 food deprivation & palatability in distinctive situation, feeding behavior, rats, 10738  
 food deprivation & shock stress, stomach ulcer incidence, rats, 6501  
 food deprivation, food consumption & runway performance, satiated rats, 8827  
 food deprivation, free-operant avoidance, pigeons, 4718  
 food deprivation, increased drinking of nonpreferred NaCl solution, mice, 634  
 food reinforcement, open-field behavior & barpressing & scrabbling & digging & face washing, hamsters, 656

## SUBJECT INDEX

## Food Intake

high vs low food deprivation-induced frustration & continuous vs partial reinforcement, learning & extinction, rats, 10726  
 intraventricular injections of cerebrospinal fluid from fasted vs satiated donors, feeding, satiated vs fasted sheep, 4509  
 methamphetamine dosage & interaction with food deprivation & predeprivation activity levels, wheel-running activity, rats, 2611  
 negative alcohol-deprivation, alcohol consumption, hamsters, 2749  
 neonatal undernutrition, brain cell number & motor activity, rats, 6502  
 nutritional deprivation during pregnancy & lactation, maternal behavior, female rats, 10791  
 olfactory system lesions & food deprivation, spontaneous behavior patterns, male rats, 6572  
 sham feeding using liquid diets, meal size & drinking rate, mildly food-deprived rats, 618  
 sucrose concentrations, schedule-induced polydipsia on free-food schedule, food-deprived rats, 2675  
 water vs food vs total deprivation schedules, food & water intake, rats, 2694  
 weight & food deprivation, humor ratings of food-related & neutral & hostile cartoons, obese & normal-weighted college students, 2438  
**Food Intake** (See also Eating)  
 adrenergic vs cholinergic hypothalamus stimulation, water vs food intake, rats, 485  
 adrenocorticotrophic hormone, appetitive discrimination learning, rats, 577  
 age & food deprivation, food intake, rats, 8799  
 age & food ingestion, food recognition, chicks, 628  
 amygdaloid lesions, dietary intake of disproportionate amounts of amino acids, rats, 10627  
 brain norepinephrine, anorexia effect of amphetamine & cocaine, 6624  
 caloric regulation of food intake on liquid diet, 18 26 yr olds, 6472  
 cereal-free & milk-free diet, rapidity of hospital discharge, schizophrenics, 7747  
 choice between barpressing for food vs free food consumption, prechoice training, preferences, rats, 6755  
 cholecystokinin, food intake, rats, 4597  
 D- & D-tetrahydrocannabinol, body weight & food & water intake, rats, 4662  
 dextroamphetamine, fixed interval performance maintained by electrical stimulation of brain vs food reinforcement, rats, 10655  
 dietary intake, temporal variations of incidence of anencephalus, England & Wales, 1435  
 electrical brain stimulation, effectiveness as reinforcement of food consumption, aphagic cats, 6523  
 exposure to or thinking of food & deprivation & palatability, salivation as measure of appetite, 21-30 yr olds, 10590  
 feedback & reinforcement & increased food presentation, caloric intake modification, 24-yr-old male with anorexia nervosa, 3690  
 food & shock avoidance contingency, maintenance of keypecking, pigeons, 6751  
 food reinforcement, open-field behavior & barpressing & scrabbling & digging & face washing, hamsters, 656  
 food-peck recorder, pigeons, 2668  
 free food intake before lunch, judging consequent consumption & role of internal cues in food control, 4 6 yr olds, 6822  
 gastric intubation of balanced amino acid mixture vs histidine-devoid mixture, food intake & conditioned preference for vs aversion to odor presented in diet, male rats, 6505  
 gonadectomy, sex differences in dietary self-selection patterns & carcass composition, rats, 8637  
 habenular nucleus bilateral lesions, feeding system which mediates recovery from aphagia, rats recovered from lateral hypothalamus lesions, 8645  
 hydroxydopamine injections into brainstem regions & hypothalamus, interaction of aphagia & food palatability & set-point for weight regulation & recovery of feeding, rats, 6556  
 infantile faradic stimulation or handling & postweaning intermittent fasting & feeding regime, development & life span, female rats, 6688  
 ingestion, odor-toxicosis learning, rats, 4707  
 intrahypothalamic prostaglandins, food intake, rats, prostaglandins as components of energy balance regulation, 2560  
 intrahypothalamic sodium pentobarbital, eating behavior & feed intake, chickens, 516  
 lipostatic mechanism, role in regulation by feeding of energy balance, normal & hyperphagic hypothalamic rats, 6548

liquid & solid preloads, eating behavior, obese & normal college students, 7402  
 low- or high-protein diets, dominance behavior measured by shock avoidance & food competition, monkeys, 10602  
 number of reinforcements, increased drinking while eating & schedule-induced polydipsia, rats, 637  
 oral temperature & food intake circadian rhythms, distinguishing morning vs evening types, college students, 2538  
 phenolamine, overeating & finickiness, rats, 4623  
 rate & pattern of central stimulation, strength of electrically elicited eating behavior, rats, 486  
 rearing on low or high protein diets, dominant aggressive interactions & food competition, monkeys, 4798  
 regulation of food & water intake & patterns of feeding, male guinea pigs, 8550  
 response habits & cognitive factors, behavior in food- & non-food-related situations, obese Ss, 3289  
 shielded vs unshielded key light, keypecking in imperfect environment for autoshaping, pigeons, 6716  
 stimulus change contemporaneous with food presentation, responding in presence of free food, pigeons, 10765  
 sucrose concentrations, schedule-induced polydipsia on free-food schedule, food-deprived rats, 2675  
 varying amount of food ingested & prior experience with food & reinforcement delay, pecking rate in food recognition, chicks, 627  
 ventromedial hypothalamic lesions, food intake & body weight & intertrial salivation & transient disinhibition of salivation, dogs, 8656

**Food Preferences**

alcohol intoxication & large vs small dummy prey object, feeding preferences, frogs, 6629  
 bilateral hypothalamic lesions & water deprivation, preference for high concentration of saccharin solutions vs distilled water, cats with bilaterally implanted monopolar electrodes, 4554  
 cholinergic & deprivation thirst, taste preferences for sucrose solutions & water, rats, 684  
 development of food preferences, newborn guinea pigs, 6747  
 early experience, establishment & modification of food & taste preferences, animals, implications for food preferences in man, 6703  
 Enovid, NaCl appetite & preference threshold, rats, 8698  
 exposure to or thinking of food & deprivation & palatability, salivation as measure of appetite, 21 30 yr olds, 10590  
 potassium deficiency, preference for familiar vs novel diet, rats, 8578  
 sodium chloride vs sodium carbonate preferences, sodium deficient rats, 6449  
 solution concentration, free operant measurement of sucrose taste preferences, slow loris & greater galago, 2738  
 stimulus relevance & homeostasis, description of animal learning of food aversions & hungers & adaptation to food amounts & types, 685  
 stimulus- vs motor-enriched vs stimulus-deprived & control housing environments, preference for barpressing vs free-loading for food, rats, 8824  
 strain, eye differences in caloric-density preference, rats, 4432  
 underlying theoretical basis of covert sensitization, weight change & liking for foods, overweight female college students, 5704  
 varying glucose ingestions, negative alliesthesia for sweet stimuli, 6159

**Forced Choice (Testing Method)**

forced-choice vs standard true-false form of Personality Research Form, female college students, 5208  
 logistic function, probability in weight comparison judgments under forced choice method, 10198

**Foreign Language Education**

bilingual instruction, linguistic & cognitive development & intergroup attitudes, 5th graders, 5879  
 learning situational requirements for speech, foreign language learning, 11955  
 phonetics & grammar & semantics, teaching foreign languages, 11918  
 teaching methods, foreign language learning, 11919

**Foreign Language Learning**

active vs passive foreign language learning, 11953  
 formal-dynamic mental characteristics, ability to learn English, Russian junior high school students, 6288  
 learning & mastery of Russian as foreign language, 11956

linguistic & psychological factors, listening comprehension in language learning, 11067  
 memory & translation & significance of errors, foreign language learning, 11954  
 personality & intelligence, English school achievement, Finnish 7th graders, 1875  
 psycholinguistic problems, learning Russian as foreign language, 11957  
 research guidelines, teaching foreign language, 11905  
 second language learning problems, 9081  
 second language learning, creative thinking, 2nd & 4th & 5th & 6th graders, 11951  
 syntactic structures & linguistic models, foreign language learning, 11952  
 use of self-testing technique during acquisition of foreign language vocabulary, memory for vocabulary, college students, 3126  
 4- vs 5-choice multiple choice tests, language examinations, 12028  
**Foreign Language Translation**  
 back translation vs. knowledge testing vs. performance testing, language translation quality evaluation, 1054  
 interpretation of ungrammatical sentences, Hebrew-speaking college students, 5162  
 memory & translation & significance of errors, foreign language learning, 11954  
 Spanish annotated bibliography on work of J. Piaget, 6089

**Foreign Languages**

change in language of presentations, release from proactive interference, compound & coordinate bilingual college students, 8366  
 conservation of number & length in Greek vs English, Greek migrant 6 11 yr olds attending Australian English speaking schools, 6854  
 frequency analysis, Dutch vowels, male speakers, application to automatic speech recognition, 131  
 instruction using symbolic gestural code, beginning foreign laborers in industrial plants, France, 3996  
 interview language, psychiatric ratings of psychopathology, Mexican-American schizophrenic patients, 1263  
 interview language, verbal behavior during diagnostic interview, Spanish-speaking 21 42 yr olds diagnosed as schizophrenic, 9301  
 language & clothing & sex & ethnic group of E, altruism & language of S, Spanish-American Ss, 11034  
 language dominance, recall of bilingual & unilingual word lists, college students, 6249  
 laterality, writing skill development, 8 9 yr olds attending Israeli vs U. S. vs U. S. Hebrew schools, 2271  
 response frequency & detection & identification of visual cues of phonatory mimics, vowel perception, Roumanian-speaking person, 10230  
 semantic category & language clustering, free bilingual recall, French students of English at 4 grade levels, 6247  
 speech & language analysis, Indian languages, 1048  
 transformational grammar & E. S. Klima's model, negative particle of modern Italian, 11079

**Foreign Policy Making**

public opinion on Vietnam policy, voter turnout, 1968 presidential election, 10976

**Foreign Study**

alternative models, psychiatric training, foreign physicians, critique of J. K. Garetz & D. Garetz's proposals, 7234  
 alternative models, training in psychiatry, foreign physicians, 7200  
 attitudes toward U.S., Chinese students, 10949  
 resolution time & student personnel services usefulness, academic & personal & social adjustment problems, foreign non-European graduate students, 1884

**Foremen (Industrial) (See Industrial Foremen)****Forensic Psychiatry**

advocate roles in giving expert testimony, defense vs prosecution psychiatrists, 9545  
 competency referral, evaluation of mental competency to stand trial, 7558  
 defendant's mental competency when illegal act is committed vs fitness to plead in courtroom, comment on J. A. Whitehead's analysis of English law & comparison with American legal traditions, 4979  
 determination of defendant's mental fitness to plead, problems & recommendations for revision of British legal practice, 5025  
 factors constituting dangerous disorder vs sanctioning criteria, civil commitment, Canada, 9849

## Forgetting

forensic evaluation, sex abuse offenders, 3432  
legal & physiological & psychiatric & policy considerations, formation of medical-legal approaches to drug abuse, book, 2886  
legal problems & absolute rights, token economy, chronic psychotics, 9855  
medico-legal experiences, forensic cases, Canadian general psychiatric practice, 9249  
mental competency evaluations & role of psychiatrist, description of New York City Forensic Psychiatry Clinic, 11270  
psychiatric & legal aspects, statutory rape & pregnancy & abortion, juveniles, 8986  
psychiatric reports for court, influence on judicial process, 4982  
psychiatrist's role in legal process, 4968  
psychoanalytic study, criminal act, male law school graduate, 7351  
use of psychiatric presentence reports, sentencing sex offenders, judges, 5395

## Forgetting

anxiety & cognitive disturbance & relationship with therapist, momentary forgetting during psychotherapy, 9611  
contrast & resistance to extinction & forgetting, retention of reward magnitude, rats, 4716  
cued forgetting under different interstimulus intervals, short-term memory effect, college students, 2433  
directed forgetting mechanisms, 2395  
immediate recognition memory span & short-term forgetting for unfamiliar faces, normal & amnesic patients, 6333  
instructions to forget, selective rehearsal in serial memory, retarded adolescents, 11398  
learning & forgetting during anatomy course, 1st yr medical students, 7205  
remembering & forgetting, 322  
response blockading with feeling of knowing, later response recovery & recall & recognition, 4293  
response set change, forgetting in paired-associate task, college students, 8435  
selective search, "only" effect of directed forgetting, college students, 10476  
test retest validity of psychometric tests in predicting memory loss, geriatric patients, 6911

## Form And Shape Perception

aperture-viewing vs sequential piecemeal vs whole presentation conditions, shape recognition, 4.8 10.9 yr olds, 10819  
apparent depth vs contour proximity theories & constancy scaling theory, geometrical illusions, discussion of G. H. Fisher's article, 10257  
apparent depth vs contour proximity theories, geometrical illusions, 10250  
apparent movement with subjective contours, 4210  
categories structured according to natural vs distorted organization, learning of form & color categories, members of Stone Age culture, evidence for nonarbitrary categories forming around perceptually salient natural prototypes, 274  
codability of polygon patterns, college students, 8169  
color distraction, color vs form response on matching task, nursery school vs nonschooled Ghanaian 3 6 yr olds, 4827  
complexity & exposure times, cognitive & emotional reactions to & aesthetic form perception of abstract art, professional artists vs college students, 5150  
contour & location mechanisms, Muller-Lyer Illusion, college students, 10265  
contour masking conditions at varied interstimulus intervals, u-shaped detection, 2198  
degree of rotation & width of horizontal axis, process analysis of shape constancy in perception of rotated shapes, college students, 8168  
depth & familiarity cues & intercultural differences, picture perception, 2231  
deviations from linearity, detection of dotted line patterns, 8279  
different stimulus ranges of circle sizes, amount of information transmitted, 2133  
differential susceptibility to extrafoveal processing, response latencies to color & form, 19 30 yr old college students, 10285  
discrimination between mirror-image oblique lines oriented 45° to right vs left or between triangle vs circle, 12 13 yr old brain damaged vs 11 14 yr old mongoloids vs 7 13 yr old normals, 3536  
discrimination of elemental & structural features of human face, 4 & 5 mo olds, 4843  
distances among corresponding points in toroidal parameter space, pair-wise similarities among 2-dimensional free forms &

## SUBJECT INDEX

## Form And Shape Perception

determination of coherent subsets, perceptual-cognitive explorations, college students, 188  
exposure frequency, preferences for random shapes, college students, 10260  
exposure time & transform magnitude & level of compensation & rate of decay, visual adaptation to tilt vs displacement, college students, 10289  
familiarity & practice, paired-associate learning with nonsense shapes & object names varying in frequency, college students, 204  
field dependence & sex, form discrimination, college students, 120  
foreshortened image projected to eye, compensating for distortion in viewing pictures obliquely, college students, discussion of E. H. Gombrich's suggestion, 10287  
form & color perception, children & adolescents, implications for language instruction, 11913  
form rotation, speed of classification & development of shape constancy, college students, 10478  
haptic vs visual acquisition, memory for shape information, college students, 2381  
initial registration & description & interpretation & internal modeling, pattern recognition, 198  
modalities & degrees of visual form discrimination on Witkin's Embedded Figures Test & EEG concomitants, 153  
number vs rod length processing in decision-making task based on signal detection theory, housewives, 8333  
oral-form discrimination test performance, speech performance prediction, 3rd graders, 3496  
orientation & convexity-concavity & curvature, perception of class of bilaterally symmetric forms, college students, 8233  
perception of cross sections of solid planes, 6th vs 8th vs 10th graders, instructional implications, 1825  
polygon-set variability, paired-associate task with polygons & numbers, college students, 2338  
posthypnotically cued levels of mental concentration, capacity for active blurring of form while simultaneously perceiving color of consonants, college students, 8355  
presentation of simple shapes in varying duration & luminance & size under dark & light conditions, temporal summation characteristics in brightness & sharpness dimensions, 142  
presentation of various line sizes & orientations for varying display on-times followed by noise field, detection of line-size & line-orientation processing subroutines, college students, 10252  
prolonged observation of slowly rotating linear patterns, circular after-images, 10301  
right- vs left-sided retrolandic brain lesions, visual recognition of geometric figures, aphasic & nonaphasic patients, 4522  
sensory vs decision processes, anchor effects & aftereffects in judging weight & thickness of objects, college students, 10183  
simultaneous exposure to optical displacement & tilt, change in visual direction & orientation, college students, 6211  
simultaneous vs successive stimulus presentation, ability to shift dimensions in color-form preference, institutionalized male retardates, 3477  
spatial distance scanned during search selective attention to portions of image & retrieval time for image features & distinction between imaginal vs verbal representations, college students, 10454  
square & diamond frameworks, discrimination of differently orientated lines, 4 & 5 yr olds, 10815  
stimulus symmetry, visual scanning patterns, college students, 8259  
surface texture & restriction on viewing conditions, variation in monocular size judgments, 2235  
tachistoscopically presented simple geometric forms & spatial position markers, processing & memory of identity vs position information, kindergartners vs 3rd vs 6th graders vs adults, 10858  
thresholds for curvature & vernier offset & parallelism in line figures of various sizes, human vs. perfect processors, 137  
total body movement training, understanding geometric forms, educable mentally retarded 8 13 yr olds, 9946  
unconnected vs closed figure line presentation, recognition memory for modes of perceptual forms, college students, 8438  
verbal-response vs length-matching response mode, perception of linear extent, college students, 8272  
visual & haptic dimensional preference for planometric stimuli, preschoolers & kindergartners & 1st graders, 2153  
visual &/or verbal feature emphasis, acquisition & transfer of form discrimination, kindergartners, 10840

visual imagery & verbalization, perception & retention of tachistoscopic displays of block capital letters vs simple nonsense figures, research workers, 6310

visual inspection of shape, combined haptic & visual perception, college students, 2132

visual pattern stimulation, epileptic seizures & EEG changes, 7-yr-old boy, 11450

visual vs visual-haptic training with complex unnamed shapes, performance on visual & cross-modal matching tests, 3- vs 5-yr-olds, 6821

**Form Classes (Language)** (See also Adjectives, Nouns, Pronouns, Verbs)

information processing simulation, learning of grammatical word classes, children, 4262

word class & imagery, part whole transfer in free recall, college students, 10448

**Form Perception** (See Form And Shape Perception)

**FORTRAN** (See Computer Programming Languages)

**Foster Children**

personality traits, aspiration level, children of gypsy origin vs other children placed in residential homes, 6923

**Foster Parents**

biological & psychological & adoptive & foster relationships, child & custodian, implications for child placement, book, 10899

foster parent associations & liaison social workers, survey of social workers' evaluations, book, 1744

problems in evaluation & expectations & placement & dealing with memories & fears, foster parents & adopted children, 8906

relationship between child & social worker, adoptive placement, children over 6 yrs, 7833

supportive social work program, developmental deficits due to changing home placement, 15 & 16 yr old orphan brothers, 11825

**Fowl** (See Birds)

**France**

age differences, incidence of & progression toward suicide, France, review of M. Quidu's work, 9358

concepts of limited state, development & contribution to psychiatry, France, 3734

drug use patterns, French patients hospitalized during withdrawal, 7363

expectations of assistance before & after May 1968 student riots, adolescents, 2933

factor analysis of semantic differential method, cross-cultural differences assessment, American & French students, 2857

family recruitment & patient selection & role of social worker-psychiatrist team, family placement, stabilized mental patients in France, 9829

future of psychiatry, France, 9535

group methods of M. Balint, psychological training in enhancing physician-patient relationship, French medical students, 9147

history & socio-cultural background variables, psychiatric syndromes, French psychiatric patients, 9313

instruction using symbolic gestural code, beginning foreign laborers in industrial plants, France, 3996

monthly salaries for all workers, gap between white- & blue-collar workers & status of skilled workers & unification of employment conditions, France, 4036

new trends in psychiatric theory & education & practice, France, 1155

patient care & teaching & treatment & professional activities, attitudes, young beginning psychiatrists, France, 3230

psychotherapeutic activities in medical-psychological university clinics, nursing teams, France, 9536

psychotropic drug usage, France, 8953

self-other orientations, male vs female European-English vs European-French vs English-Canadian vs French-Canadian 11 13 yr olds, 4939

strong vs weak external constraints, homicide & suicide rates, Norway vs France, 3426

**Frankness** (See Honesty)

**Fraternity Membership**

fraternities as membership or reference group, political orientation change, college students, 11040

life style determined by selected living unit, drug usage & attitudes toward marihuana legalization, college students, 8970

**Free Recall**

acoustic & semantic relatedness, clustering in free recall, college students, 317

adjective-noun phrases, redintegrative memory theory, 2403

affective states & levodopa & levotryptophan, serial & free recall verbal learning, manic-depressive & unipolar depressive inpatients, 9280

age & experimental presentation methods, free-recall learning of syntagmatic & grammatical & neutral word sets, 9 & 11 & 13 yr olds, 202

all-or-none vs incremental learning process, free recall of word lists, college students, 200

anticipation interval & transfer paradigm, retroactive & proactive inhibition in unpaced modified free recall, young adults vs elderly, 2829

auditory vs visual-sequential vs visual-simultaneous stimuli presentation, free recall performance, retarded adults, 5473

blocked vs random vs systematically alternating input structure, recall & category clustering, college students, 8408

categorized & uncategorized lists, free recall, Caucasian & Negro 2nd & 4th graders, test of A. R. Jensen's mental abilities hypothesis, 10823

cued orienting tasks, free recall of word lists, college students, 8462

cueing with list members & number of categories & taxonomic frequency & presentation order, free recall, college students, 10426

degree of part-list organization & its maintenance, whole-list learning, college students, 4281

developmental differences, serial & standard free & labeling free & labeling cued recall, kindergartners vs 5th vs 9th graders, 2766

double encoding explanation, superior recall of pictures to names, 8-11 yr olds, 6306

free-recall learning trials & retention interval, mnemonic capacity constancy, college students, 295

imagery instructions vs verbal mnemonic techniques, free recall of abstract & concrete word lists, college students, 2422

imagery vs dual encoding, picture superiority in free recall, college students, 10393

input & output variables, free vs cued recall of categorized & uncategorized lists, college students, 6263

input order & output interference, organized recall, college students, 10479

interference effects of card-sorting task, immediate & final free recall, college students, 6309

item familiarity, memory under free recall & recognition conditions, test of storage or retrieval & response availability & response bias explanations, 6314

lag invariance with forced encodings, free recall of homographs, college students, 2410

list length & delay vs meaningfulness & delay, primary vs recency effect in short-term memory, investigation of M. Glanzer & A. Cunitz's thesis on storage mechanisms in free recall, 327

list organizations with varying degrees of overlap, within-list retroactive inhibition in free recall, college students, 4275

list-length vs. serial-position effects, short-term vs. long-term free recall of complex pictures, 329

mean associative strength variations & category membership & word frequency, free recall, 251

measurement method, alphabetical organization in free recall, 2429

mediated stimuli generated with presented categorized lists, associative learning & unlearning, 10405

modified blocked-presentation procedure or randomized order, semantic acoustic clustering & free recall, college students, 10357

next-in-line effect, ignoring cues unrelated to performance in free recall, college students, 2391

object-task learning, free recall vs recognition trials, college & high school students, 258

picture vs word lists, differential interference effects in free recall, college students, 10379

positive recency effect, delayed free recall, college students, 4303

prose organization, free recall, college students, 10463

random presentation vs verbal elaboration vs presentation in categories, free-recall of pictorial items, kindergartners, 8444

rapid presentation of adjectives, transfer of incidental learning to free recall, college students, 10368

ratio of repetition, measurement of clustering in free recall, 10440

retrieval plan & list organization, free recall of word lists, college students, 8443

retroactive inhibition, list-item cuing under condition of extensive free-recall learning, college students, 8426

semantic category & language clustering, free bilingual recall, French students of English at 4 grade levels, 6247

sensory-modality scale for pronounceability of trigrams, free-recall learning, college students, 10354  
 sequential vs organized rehearsal, organization in free recall, college students, 8467  
 serial position & immediate vs delayed recall, isolated effect in recall, college students, 2386  
 serial vs free recall transfer from serial to paired-associate learning, college students, 8402  
 simulation model, free recall, 2382  
 storage & rehearsal & retrieval processes, recalling to-be-remembered words, college students, 2387  
 structural locus of anomaly, recall of postnominal adjectives & semantically ill-formed sentences, college students, 305  
 subjective organization of unrelated words & clustering of categorized words, free recall, college students, 10473  
 taxonomic vs orthographic word processing, free & cued recall, incidental- & intentional-learning college student, 8448  
 theoretical model of intelligence of A. R. Jensen, free recall of categorized & uncategorized lists, lower-class & middle-class black 5th graders, 10829  
 word class & imagery, part whole transfer in free recall, college students, 10448  
**Frequency (Response)** (See Response Frequency)  
**Frequency (Stimulus)** (See Stimulus Frequency)  
**Frequency Distribution** (See also Normal Distribution, Skewed Distribution)  
 Poisson vs Polya Eggenberger distribution, intra- vs interindividual error distribution in simple & monotonous & repetitive tasks, 8136  
 sampling truncated distributions, 10158  
**Freud (Sigmund)**  
 abstracts of Freud's complete psychological works, book, 34  
 association with rats, obsessions, 29-yr-old male, Freudian writings, 3324  
 books in Freud's personal library, influences on Freud's work, 10140  
 clinical psychoanalysis, comparison of work of Lagache & Freud & other analysts, 7760  
 conscious & unconscious motivation, meeting between G. Allport & Freud, 10  
 feminine psychosexual development in Freudian theory, professional commentary, 7135  
 Freud on female homosexuality, 7325  
 Freud's basic discoveries, explanation for core of interpersonal relations, 7014  
 Freud's theory, function & components of unconscious, 1112  
 Freud's 1909 case study of Little Hans, emergence of child psychiatry as independent speciality, 6097  
 Freudian free association & language concepts vs current role, psychoanalysis, 5735  
 Freudian theory of aggression, 1116  
 human aggression, Freud's interpretation, 11162  
 interpretations in psychoanalysis, Freudian contributions to analytic techniques, 3731  
 Lacan's concepts & theories, contribution to understanding Freud & analytical practice, 11750  
 negation in psychoanalysis, analysis from Freud to Spitz, 11131  
 nursemaid, role in Freud's dreams, psychoanalytic interpretation, 1078  
 observations of J. Breuer & Freud, theoretical basis of dynamic psychiatry, 5740  
 origin of concept of projection in Freud's writing, 11735  
 personalities & contributions to human well-being, S. Freud vs B. Russell, 6092  
 psychoanalysis, surrealism of A. Breton, letters from Freud to Breton, 1516  
 sexuality expressed in early yrs of life, reading of Freud vs Bible, 756  
 Sigmund Freud, impact on modern psychology, book of readings, 4085  
 similarities & differences, philosophies of Spinoza & Freud, 6114  
 superego, origin & development of Freud's views on normative & moral aspects of human behavior, book, 1123  
 theoretical constructs concerning organization of unconscious & preconscious & conscious, Freud's contributions, 1111  
 theories of aggression, views of B. F. Skinner & C. Rogers & K. Lorenz & Freud & A. Storr & Jung, 3180  
 theory development & biography, book, 1693  
 writings of Freud & Melanie Klein, Oedipus complex & origin of superego, 11140

**Freudian Psychoanalytic School**

psychoanalytical theories & processes, implications of Freudian theories, 3729

**Friendship**

desegregated schools, friendship development, 5923  
 interethnic contact, interethnic friendship choice, European vs Middle Eastern descent Israeli soldiers, 6921  
 movement & laughing & smiling to recordings of B. Cosby vs D. Rickles, groups of strangers vs mutual friends, 11099  
 perceptions of best friend's & average person's internal-external control, internal vs external college students, 9035  
 school mental health program, mutual friendship practices, 4th & 6th & 8th graders, 7931  
 social class & achievement & membership in dormitory & learning group, friendship choice in school, British secondary school students, 5062  
 sociometric methods, clique formations, 12 yr old school children, 8999  
 Test of Objective Judgment vs Method of Paired Comparisons, assessing friendship & leadership for selection of potential officers, Australian officer candidates, 10039  
 written dialogue, disclosing bad news to best friend, male vs female college students, 962

**Frigidity**

febarbamate & difebarbamate & phenobarbital, impotence & frigidity, 5657

sexual behavior & reactivity, prostitutes, 2954

**Frogs**

alcohol intoxication & large vs small dummy prey object, feeding preferences, frogs, 6629  
 alcohol intoxication, enhancement of postrotary nystagmus, frogs & goldfish, 6628  
 brief test flashes presented at various times with respect to longer adapting flashes, early light & dark adaptation, frog on-off retinal ganglion cells, 379  
 discontinuous shock, discriminated-avoidance learning, tadpoles, 6722  
 disparate visual stimulation of eyes, development of binocular single units in optic tectum, frogs, 10588  
 electrical brain stimulation, intracellular recording of unit activity of primordial hippocampus, frogs, 4544  
 instrumental conditioning of leg position before vs after sciatic section, chronic spinal frogs, 4483  
 ipsilateral tectal projection mediation, selective choice between double prey objects, frogs, 2743  
 left optic nerve cuts & subsequent stroboscopic illumination, abnormal visual function, frogs, 10611  
 measurement following lights bleaching various amounts of rhodopsin, dark adaptation at receptors in isolated retina, frogs, 4404  
 recovery of cone receptor activity in isolated retina, frogs, 4403  
 regeneration of green-rod pigment, isolated frog retina, 411  
 retinal pigment system, adult & tadpole platannas, discussion of possible origins from terrestrial ancestor, 363  
 unilateral optic tectum removal, thalamic vs tectal visual mechanisms, frogs, 4493  
 X-rays & light, ionic flux in retinal rod, frogs, 4193  
**Frontal Lobe** (See also Motor Cortex)  
 alpha rhythm modifications, orienting reflex, normals vs patients with frontal lesions, 5502  
 chlorpromazine & rest & mental exercise, frontal lobe electrical activity, normal vs schizophrenic adults, 5349  
 dorsolateral frontal ablations, brief light flash detection, monkeys, 4496  
 fixed-delay reaction time tasks, contingent negative variation of frontal lobe, monkeys, 4343  
 frontal lesions, spatial & temporal organization & proactive & retroactive inhibition & input control, monkeys, 6565  
 frontal lobe damage & dysfunction, activation & verbally programmed & problem solving behavior, 5521  
 frontal lobe psychosurgery, emotional states & behavior, book, 5772  
 frontal lobe, functions & anatomy & physiology & activity regulation & EEG use, humans & animals, book, 382  
 frontal lobes, role in regulation of fast orienting reactions & slow changes in vigilance levels, normals & patients with frontal lobe lesions & other brain lesions, 8626  
 frontal vs temporal vs occipital lobe EEGs, 6400  
 neural pathways, motor aphasia, postmortem brains of 57 84 yr olds with left inferior frontal infarction, 1390

- Pavlovian principles, frontal lobe function, 4327  
 signaling & nonsignaling stimuli, asymmetry of alpha & theta waves & periodic oscillations of values, normal vs frontal lobe lesioned patients, 5499  
 verbal instructions & frontal lobe lesions, evoked potentials, 5538  
**Frostig Development Test Vis Percept**  
 factor analysis with orthogonal rotation, Frostig Developmental Test of Visual Perception, kindergartners, replication of J. R. Thomas & B. S. Chissom's work, 2776  
 Marianne Frostig Developmental Test of Visual Perception & therapy program, diagnosis & treatment of dyslexia & stuttering & stammering & retardation of speech development & dysgrammatism, 59 yr olds, 11426  
 Marianne Frostig Developmental Test of Visual Perception, reading achievement, 1st graders, 9914  
**Fruit Fly** (See *Drosophila*)  
**Frustration**  
 age & education & managerial rank & self-confidence & frustration contentment & extraversion & neuroticism, readiness to accept change & attitudes toward change in promotions policy, managers, 10094  
 bilateral amygdala lesions, effects of reinforcement omission on response rates, rats, 6538  
 biological-instinctual vs frustration vs social learning theories of aggression, contribution of psychoanalytic studies, 1062  
 continuously vs partially reinforced pretraining before discrimination training, choice & latency measures of learning, rats, partial support for A. Amsel & J. S. Ward's frustration theory & support for N. S. Sutherland & N. J. MacKintosh's attentional theory, 6730  
 drawings of man, frustrated vs nonfrustrated 4 yr olds, 6828  
 frustration of waiting for other's arrival, aggression measured by shock intensities delivered to confederate, college students, 2968  
 frustration produced by nonreward, goal-box activity, rats, 2684  
 frustration response categories, level of hostile expression, college students, 10494  
 frustration response categories, level of hostile expression, college students, 10495  
 handling vs no handling in infancy, frustration- & fear-motivated behavior, rats, 10729  
 high vs low food deprivation-induced frustration & continuous vs partial reinforcement, learning & extinction, rats, 10726  
 induced frustration, aggression, 19 56 yr old neurotics & normals, 361  
 induced frustration, fantasy aggression & blood pressure, college students, 10502  
 interfering with ritualized threat behavior, prevention of overt aggression, *Cichlasoma nigrofasciatum*, 10777  
 omission of reinforcement, frustration, rats with bilateral amygdala lesions, 6537  
 parent-child similarity, aggressive vs dependent vs withdrawal choices to frustrating situations, middle-class parents & their 8 & 10 yr old children, 2822  
 partial or continuous reward, frustrative behavior by lever-pulling & activity level, 6 20 yr old moderately retarded youth in special classes, 9448  
 partial reinforcement vs intermittent punishment, resistance to extinction through continuous reinforcement, rats, 2704  
 partial reinforcement, vigor & persistence, within-S experiments, 2297  
 picture methods, assessing aggressive & prosocial & avoidance responses to frustration, 3 5 yr olds, 5239  
 prolonged frustration, extinction of learned running response, rats, 10736  
 relationship between frustration effect & time course of aftereffects of reward & nonreward preceding response sequence, rats, 8818  
 reward pretraining & partial reinforcement, lever pulling, retarded vs nonretarded children, 9447  
 sexual stimulation, manifest aggression following frustration, college students, 7077  
 temperamental traits & aggression & response to frustration & fear of death, conservatives, 2469  
 tension vs frustration vs hostility, somatic complaints, college students, 11492  
 unpredictable & uncontrollable high-intensity noise, tolerance for frustration & task performance, 2445  
 varied large & small reward following high-incentive training, runway performance, rats, support of A. Amsel's frustration theory, 8776  
 within- vs between-S methods of analysis, frustrative facilitation effects of incomplete reward reduction, rats, 10755  
**Fulfillment** (See Satisfaction)  
**Galvanic Skin Response**  
 accommodative stimulation, GSR latency & mean amplitude & quiescent or post paragraph reading time, male college students, 2498  
 auditory & visual modalities, simultaneous differential GSR conditioning & differential cross-modality response transfer to simple word stimuli, college students, 249  
 automated with feedback vs face-to-face vs attention-placebo relaxation procedures, GSR & heart rate & gross motor movement & subjective measures of relaxation, 17 69 yr olds, 1678  
 aversive conditioning of complex stimuli, classical conditioning by GSR, college students, 2521  
 concurrent measurement of autonomic & cognitive processes, awareness of contingency differences in Pavlovian electrodermal conditioning, college students, 10358  
 CS duration, concurrent trace conditioning of GSR & eyelid response, mental retardates, 3471  
 CS UCS interval awareness, classical conditioning of GSR discrimination, college students, 10556  
 exposure to male & female nude films, penile volume & GSR, transsexuals & homosexuals, 11346  
 feedback vs nonfeedback conditions & appetitive vs nonappetitive positive reinforcement, operant conditioning of GSR, college students, 393  
 fluspirilene, attention & thinking & association & reaction time & perceptual functions & GSR changes, chronic schizophrenics in occupational therapy, 9652  
 GSR patterns, systematic desensitization of phobias, neurotics, 9726  
 GSRs, cognitive attitudes toward disabled persons, male college students, 3096  
 habituation & over-extinction of GSR component of orienting response, antisocial male delinquents, use of H. C. Quay's hypothesis, 5443  
 habituation & responsiveness, electrodermal activity, schizophrenics, criticism of R. A. DePue & D. C. Fowles's review, 11280  
 high vs low stress conditions & emotionality, contingent negative variations & GSR, introverted vs extraverted male college students, 8514  
 instructions & intertrial interval, temporal conditioning of GSR, female college students, 10364  
 instructions using within-S design, classically conditioned galvanic skin response, college students, replication of R. P. Swenson & F. A. Hill study, 8384  
 interstimulus interval & verbal instruction & presence vs absence of CS UCS pairing in initial training phase & reversal of stimulus relations between sessions, differential electrodermal response in cue reversal situation, 380  
 light & sound stimuli, cortical evoked activity & GSR, 6411  
 machine-controlled set-pace system, heart rate & performance time & GSR, slow- vs fast-paced industrial workers, 4421  
 magnitude & rate of habituation of orienting response, electrodermal conditioning, college students, 2537  
 music precategorized as stimulative or sedative, GSR & subjective responses, college students & clerical staff members, 8487  
 nialamide vs imipramine, concept identification & GSR, male depressed chronic schizophrenics, 3366  
 noise generator to produce auditory signal, relaxation & decrease in GSR, 7675  
 number of responses & response magnitude & latency & recruitment time & conductance level & mean conductance level decrement, reliability & intercorrelations for electrodermal activity measurement, 2519  
 observed aggression interpreted by commentator as revenge vs nonhostile vs deserved beating, GSR & heart rate, college students, 2525  
 orienting responses & field dependence & manifest anxiety & extraversion, differential conditioning of electrodermal responses & ability to verbalize CS UCS relations during postconditioning interview, 18 44 yr olds, 2317  
 racial differences & E race, GSR, college students, 6381  
 signal intensity, acoustically induced GSR, 17 34 yr olds, 8527  
 sweating, voluntary control of GSR, 8570  
 systemic lability as indexed by frequency of nonspecific electrodermal fluctuations, elicitation of orienting response, medical students, reply to J. G. O'Gorman significance hypothesis, 4335

temporal generalization of electrodermal orienting responses, reanalysis of D. J. Ely's findings of classical conditioning theory of habituation, 8521

transcendental meditation, autonomic stability in response to stress, 13 40 yr olds, 8558

1-time onset vs continual verbal instructions to relax, GSR & pulse rate, 19 20 yr olds, 6451

**Gambling**

Bayesian data analysis, gambling preferences, 10164

gambling & risk-taking & personality, bibliography, 3184

objective uncertainty & payoff system, latency of subjective certainty in predictive judgment situations, 192

response mode, information-processing strategies used in gambling decisions, professional dealer & casino patrons in Las Vegas, 10382

subjectively expected vs expected utility vs subjectively expected vs expected value theories, decision making for winning vs losing gambles, college students, 4245

**Game Theory**

game theory approach, communication processes in social interaction, book, 952

**Games** (See also Chess, Non Zero Sum Games, Prisoners Dilemma Game, Simulation Games)

Academic Games Program research summary, game playing as socialization & environments for behavior research & theory development & teaching method, 3863

concern for common good, N-person game of chicken, college students, 7082

development of understanding of rules in strategic games, 7 9 yr olds, 4837

empirical study of games & sports, cross-cultural psychological study of cognitive & perceptual abilities, 8929

Equations learning game vs student teams vs games-teams combination, student peer tutoring & perceived difficulty & class satisfaction, 7th grade mathematics students, 7905

good behavior game, reducing disruptive classroom behavior, 5th & 6th graders, 11904

incomplete information, timing decisions in conflict situations in 2 person zero-sum games, 3063

instructional games, anticipation of relevant responses of handicapped children, teachers, 9953

interpersonal motivational orientation, decomposed 2-choice experimental games, 2978

learning process involving adaptive linear threshold logic elements, selective bootstrap adaptation & application to playing blackjack, 10142

perceived personality of player & sex & severity of conflict, behavior in mixed-motive game & cooperation, college students, 5039

role playing & games & T groups & simulations in sensitivity training, understanding social reality, college students, 9013

S's own outcomes & costs incurred by partner & S's own intentions, attributions of intention to simulated partner in mixed-motive game, college students, 5091

**Ganglia** (See also Basal Ganglia)

analysis in terms of spectral region within which response transitions occur, electrophysiological responses from single color-coded red-green ganglion cells, goldfish retina, 8227

center-surround interactions in Group I & Group II retinal ganglion cells, cats, 2529

classical conditioning procedure, learning leg position through shock upon learning & investigation of electrical activity in neuropile, headless cockroach, 10746

stimulus frequency & ganglion organization, sensitization & habituation, Limulus, 416

stimulus movement, retinal ganglion cells responses, cats, 2486

target location variation, on-center retinal ganglion cell peripheral responses, cats, 2513

training consisting of 4 brief noxious stimuli, long-term sensitization of defensive withdrawal reflex, Aplysia californica, 10581

**Ganglion Blocking Drugs** (See also Mecamylamine, Nicotine)

**Gangs (Juvenile)** (See Juvenile Gangs)

**Gastrointestinal Disorders** (See also Colon Disorders, Diarrhea, Fecal Incontinence, Gastrointestinal Ulcers, Vomiting)

apomorphine-induced gastrointestinal distress, conditioned aversion to distinct environmental stimuli, rats, 6493

cholecystokinin & synthetic C-terminal octapeptide, sham feeding, rats with open vs closed gastric fistulas, 10667

functional abdominal ailments, neurotic symptoms, 9331

psychiatric symptoms & personality traits, patients with peptic ulcer & other gastrointestinal illnesses, 11487

vocational rehabilitation, gastrointestinal system disorders, 3784

**Gastrointestinal System** (See also Intestines, Liver, Stomach)

ether anesthesia & surgical trauma resulting from acute pyloric ligation, gastric secretion, rats, 4445

gastric intubation of balanced amino acid mixture vs histidine-devoid mixture, food intake & conditioned preference for vs aversion to odor presented in diet, male rats, 6505

intrahypothalamic administration of norepinephrine & carbachol, acid output of perfused stomach, curarized rats, 6522

lithium, kidney & gastrointestinal system & thyroid & metabolism & heart & CNS, 4660

neuroleptics & antidepressants & minor tranquilizers, gastric secretion & barbiturate sleep, rats & mice, 10708

predictable vs unpredictable shock with vs without restraint, gastric secretion & total acid output, chronic gastric fistula rats, 8560

taste given to dilute vs concentrated starch meals, acquisition of oral sensory control of satiation, rats, 4387

**Gastrointestinal Ulcers**

activity & food-restriction, gastric glandular lesions, rats, 10580

cold & restraint stress gastric lesions, spontaneously hypertensive vs. Wistar vs. Sprague-Dawley rats, 448

compulsory swimming & vagotomy, secretory & vascular changes & ulcers, rats, 6514

conditioned fear & conflict & immobilization procedures, ulceration in glandular & nonglandular portion of stomach, food-deprived vs nondeprived rats, 8556

continuous shock or intermittent stress producing conditioned anxiety, recovery from experimentally induced gastric ulcers, rats, 10600

cultural heritage & current acculturation stresses, duodenal ulcer prevalence, Northwest coastal Indian women, 3559

emotive factors & psychotherapeutic role of physician, pathogenesis of gastro-duodenal ulcer, 9594

exposure to shock-stress condition, production of gastric ulcers, unrestrained rats, 6478

food deprivation & shock stress, stomach ulcer incidence, rats, 6501

free-operant avoidance behavior, gastric ulceration, female rats, 10546

injury level & sex & race & intelligence & academic achievement, incidence of decubitus ulcers, patients with spinal cord injuries, 11443

psychiatric symptoms & personality traits, patients with peptic ulcer & other gastrointestinal illnesses, 11487

psychodynamic therapy, psychosomatic diseases, 35 yr old peptic ulcer patient, 9625

psychotherapeutic techniques, bronchial asthma & duodenal ulcer & arterial hypertension & nocturnal enuresis & biliary dyskinesia, general practitioners, 9607

ulcus duodeni & multiple drug addiction, defense of ego against ego disintegration, patient, 9273

unconscious sense of time & psychosomatic significance, 25-yr-old male with bleeding ulcer in analysis, 9784

**Gastropods** (See Mollusca)

**Gay Liberation Movement** (See Homosexual Liberation Movement)

**General Anesthetics** (See also Ether (Anesthetic), Thiopental)

**General Aptitude Test Battery**

General Aptitude Test Battery scores, job behavior & performance & efficiency, blue-collar workers, 10054

MMPI & SVIB & Edwards Personal Preference Schedule & General Aptitude Test, MEDEX training program success prediction, exilitary corpsmen medics, 4013

**General Hospital Psychiatric Units** (See Psychiatric Hospitals)

**General Paresis**

pseudoparalytic dementia in epilepsy, 3 case reports, 9507

**General Practitioners** (See also Family Physicians)

psychiatric outpatient services, physician referrals & patient expectations, Manchester, England, 11841

psychotherapeutic techniques, bronchial asthma & duodenal ulcer & arterial hypertension & nocturnal enuresis & biliary dyskinesia, general practitioners, 9607

social & economic & judicial pressures, training in psychotherapy, general practitioners, 9188

**Generalization (Cognitive)** (See Cognitive Generalization)

**Generalization (Response)** (See Response Generalization)

**Generalization (Semantic)** (See Semantic Generalization)

**Generalization (Stimulus)** (See Stimulus Generalization)

**Generators (Apparatus)**

- high-speed random number electronic generator, psychokinesis, 119  
 inexpensive low-frequency function generator, visual tracking study, 6215  
 periodic visual stimulus generator, 4073
- Genes**  
 single-gene mutations, avoidance & maze & wheel running & exploratory behavior, mice, 644
- Genetic Disorders** (See also Amaurotic Familial Idiocy, Autosomal Disorders, Chromosome Disorders, Down Syndrome, Klinefelter Syndrome, Phenylketonuria, Rh Incompatibility, Sex Chromosome Disorders, Trisomy 21, Turner Syndrome)  
 anticonvulsive drugs & phenothiazines & other psychotropic drugs, teratogenic & mutagenic effects & therapeutic implications, literature review, 9696  
 decisions to inform expectant parents about available tests for possible genetic abnormalities, 7505  
 endocrine & genetic forms of growth failure, psychosocial dwarfism syndrome, children, 3563  
 genetic risk & prenatal diagnosis, selective abortion, 2912  
 hereditary disorder with abnormal copper metabolism & dementia & spastic dysarthria & vertical eye movement paresis & gait disturbance & splenomegaly, case report of 2 brothers, 11505  
 mass screening programs for inborn errors of metabolism, 7531  
 prevention & treatment & rehabilitation, genetic disorders, report of World Health Organization, 9532  
 schizophrenic mothers, visual-motor development, infants from birth to 2 yrs of age, 3322  
 serum anticonvulsant levels, epilepsy management, inherited mental & motor disorders, 7644  
 Xg blood group, genetic transmission of manic-depressive illness, 11261
- Genetic Dominance**  
 autosomal dominant trait with incomplete penetrance vs autosomal recessive transmission, paroxysmal choreoathetosis, Chinese, 3533  
 genes albinism & retinal degeneration, jump-out & 1-way avoidance learning, mice, 4441  
 roles of genes & environment, human hand preference, critique of R. L. Collins's work, 4439
- Genetic Recessiveness**  
 autosomal dominant trait with incomplete penetrance vs autosomal recessive transmission, paroxysmal choreoathetosis, Chinese, 3533
- Genetics** (See Also Related Terms)  
 a-dimethyltyrosine, induction of body color yellow mutant phenocopy & male courtship behavior, *Drosophila* strains, 4569  
 additive vs interactive perspective, nature-nurture controversy, 2552  
 anisomycin & cycloheximide, amnesia & cerebral protein synthesis, female C57B1/Jf & male C57B1 mice, 555  
 attitudes towards behavioral & genetic variability, psychologists vs biologists, 6098  
 autosomal-recessive inheritance, achievements in mathematics, 10598  
 belief in biological difference of Negroes, Haitian political leaders from 1804 to present, 829  
 biological background interaction with environmental factors, multifactorial genetic system theory of mental illness, 3349  
 biological considerations, temperament & trait development, children, 6481  
 biological-genetic potential & motivational & situational factors, social competence, trainable retarded children, 7461  
 cold & restraint stress gastric lesions, spontaneously hypertensive vs. Wistar vs. Sprague-Dawley rats, 448  
 contact with Europeans, genetic differences in intelligence & classification ability, aboriginal children, 4440  
 cross-cultural tendencies & predispositions & age, preference judgments for Birkhoff polygonal figures, Egyptian male & female art vs female nonart students, 5164  
 definitions & statistical analyses & behavioral data, genetic homeostasis, 4431  
 dermatoglyphic topology, understanding & interpreting dermal patterns in diagnostic & genetic studies, mongolism & congenital asymmetry & mental retardation & chromosomal aberrations, contribution of L. S. Penrose, 9453  
 development of mosaic fruit flies, 10592  
 dextroamphetamine & H-norepinephrine & H-L-tyrosine, avoidance conditioning, Roman high vs low avoiders vs Sprague-Dawley rats, 4583  
 diagnostic & genetic aspects, affective illness, 3389  
 diadal analyses, water intake & body weight & percent hemoconcentration, 3 strains & their reciprocal hybrids of mice, 442  
 electrical brain stimulation & strain & interstimulation interval effects, motor seizure development rate, male rats, 6566  
 environment vs heredity, human behavior, examination of recent hereditary manifesto, 8572  
 environmental & genetic aspects, domestication, rats, 4764  
 environmental factors & unconscious pathogenesis & mechanistic & dynamic organogenetic theories, present problems in psychiatry, 1191  
 escape conditioning, wild vs domestic Norway rats, 8805  
 escape responses, Wistar vs CFY vs R/Amsterdam rats, 4433  
 European & African ancestry, association of blood group genes & superior cognitive test performance, U.S. Negro adolescents, test of W. Shockley's hypothesis, 4436  
 familial correlations & environmental factors, mental illness & alcoholism & neurosis, parents & children, 5290  
 familial factors, minimal brain dysfunction, siblings & half-siblings, 1398  
 field-dependence-independence as partially genetically based nervous system sensitivity, color vs weight discrimination, introverted vs extraverted soldiers, 9101  
 focus on behavior & simultaneous consideration of environmental variables, role of behavior genetics in psychology, 10597  
 Gc locus & Gm & Rh systems, psychosis & schizophrenia, dizygotic twins, 1232  
 genetic & biological factors, longevity, 10912  
 genetic & clinical manifestations, progressive myoclonus epilepsy, 9494  
 genetic & environmental factors & parent-child relations, constitutional correlates of schizotaxia & relations to development of schizophrenic disorder, 7324  
 genetic & environmental factors, developmental consistency & variability in intelligence & personality & academic achievement, 698  
 genetic & environmental factors, endogenous depressive psychoses, 3298  
 genetic aspects of depression, 4442  
 genetic component in IQ, stable hereditary meritocracy production, reply to R. J. Herrnstein's criticism, 6483  
 genetic components, neuroses, 2550  
 genetic determinants, intelligence, identical & fraternal twins & nonrelated pairs, 8574  
 genetic factors, attitudes toward alcohol drinking & cigarette smoking & coffee drinking, 16-31 yr old monozygotic & dizygotic twins, 10595  
 genetic factors, behavior, 441  
 genetic factors, immobility reflex behavior, rats, 439  
 genetic influence on behavior, critical review of 1958 1971 works, 6490  
 genetic influences, saccharin preference, mice, 440  
 genetic research, schizophrenia, 1235  
 genetic transfer of affective disorders, literature & research review, 3394  
 genetic variation & culture conditions, social behavior, *Drosophila melanogaster*, 10594  
 genetic vs environmental covariation, psychoticism & extraversion & neuroticism, monozygotic twins, 5188  
 genetics & affective disorders, 1276  
 genetics & schizophrenia, 1252  
 genetics vs life styles & common socialization experiences, dream recall frequency, monozygotic & dizygotic twins & siblings & friends living together & apart, 7131  
 genetics, depression, 1213  
 genetics, development of mating propensity, 2 karyotypes of *Drosophila persimilis*, 4799  
 genetics, responses to experiential deprivation, dogs, 4429  
 genetics, schizophrenia, re-evaluation of F. Kallmann's work, 1282  
 genetics, schizophrenia, survey of international research & twin studies in Scandinavia & United States & Japan, 1311  
 gross body balance heritability, monozygotic & dizygotic twins, 8318  
 hereditary component, response to double trapezium illusion, identical vs fraternal twin pairs, 2549  
 heredity & biotype & premorbid personality, delirium, aged, 9255  
 heredity & environment & social class & racial & ethnic differences, IQ & scholastic achievement tests performance, 8891  
 heredity & environment, misconceptions of role in human behavior, 2547  
 heredity & IQ, criticism of D. Layzer's ideas, 6487  
 heredity & IQ, rejoinder to R. J. Herrnstein's criticism reply, 6488

heredity & IQ, reply to A. R. Jensen's criticism, 6489  
 heredity & IQ, reply to D. Layzer's criticisms, 6486  
 heredity, avoidance of humans & reduced exploratory behavior & heart rate, dogs, 4438  
 heritability, hypnotic susceptibility, twins, 4437  
 hormones & simple recessive inheritance, anosmia to musk & isovaleric, blacks & whites, 10658  
 human genetics, social deviance, 1361  
 ideology & personality, crosscultural study of hereditary vs environmental theories of war & aggression, male college students, 8925  
 inherited differences in alcohol withdrawal reaction intensity, male vs female mice, 10668  
 intense vs moderate stimulation pre-exposure & genetic strain, visual exploratory behavior, male vs female mice, 8825  
 intergeneric aggression, weanling voles & mice, 4762  
 Jewishness & blackishness, significance of time perspective & nature nurture controversy, 10936  
 maternal influence vs genetic changes, activity responses to novel environment, wild vs domestic rats, 6742  
 melanocyte-stimulating hormone & melanocyte-stimulating hormone release-inhibiting hormone, visual discrimination & reversal learning, pigmented & nonpigmented male rats, 8739  
 need for interdisciplinary approach to behavior genetics, 2548  
 observations of chimpanzees' natural habitat aggressive behavior, suggestion of possible biological transmission of aggressive tendency in humans, 670  
 olfactory bulb ablation, emotionality & muricidal behavior, Holtzman vs Long-Evans vs Sprague-Dawley vs Wistar rats, 8664  
 organismic-developmental perspective, man-environment transactions, 6120  
 parent offspring resemblances on MMPI taken at same age, personality heritability, adolescents & parents, 437  
 peripheral nerve conduction velocity, mice with inbred mothers, 435  
 physiological & developmental differences vs genetic hypothesis, schizophrenia, monozygotic twins, 9248  
 Piaget's concepts of experience & subject-object interaction, nature-nurture controversy & IQ tests, 10862  
 psychiatry genetics, 1471  
 racial & cultural & biological differences, intelligence, 8345  
 recent developments in human genetics research, American Association for the Advancement of Science symposium proceedings, book, 434  
 red & white illumination & mode of inheritance, exploratory activity & emotionality, pigmented vs albino mice, 6803  
 relatives with hyperactive childhoods or presently alcoholic, hyperactivity, children, 3288  
 selective biosocial immaturity, dynamic concept of personality emphasizing relation between gene & psyche & culture, 7304  
 sex & strain, voluntary alcohol intake, Wistar vs hooded vs Tryon  
 Maze bright vs dull rats, 687  
 similarity to suppression of unpopular ideas, history of liberal & radical reactions to A. Jensen & R. Herrnstein & W. Shockley & H. J. Eysenck, 10136  
 single dominant autosomal gene Aal, active avoidance learning performance, mice, 8577  
 single-gene mutations, avoidance & maze & wheel running & exploratory behavior, mice, 644  
 sleep, papio hamadryas vs papio papio baboons, 4386  
 social & ethical & legal & psychological implications of genetic technology, book, 6484  
 social attitudes vs scientific evidence, biology of & attitudes toward race-crossing, geneticists, 10596  
 social environment vs genetics, racial differences in IQ, blacks & whites, criticism of A. Jensen's study methods, 10923  
 strain & age of 1st auditory exposure & duration of exposure, sensitization for audiogenic seizures, C57BL & BALB/c mice & their F hybrids, 445  
 strain & sex, latency to attack live crickets, mice, 6482  
 strain differences & Metrazol, elicitation of photically evoked after-discharge, rats, 8575  
 strain differences, behavioral regulation of environmental temperature, mice, 438  
 strain differences, body weight & tail length & caudal nerve conduction, mice, 436  
 strain differences, superior performance in maze learning, male rats, contribution to C. P. Stone's study, 10593  
 strain, eye differences in caloric-density preference, rats, 4432

time of day & adaptation to recording chamber & individual vs group recording conditions & strain differences, EEG & behavioral measurement of sleep, rats, 4373  
 within-group heritabilities, sources of between-group racial & IQ differences, 6485  
 zygosity & birth information & somatic & mental health history & interviews with family & Ss, schizophrenic twins & their families, 11263  
 1st degree & distant relatives, schizophrenia, Icelandic family, 11281  
**Geniculate Bodies (Thalamus)**  
 click-evoked activity distribution within dorsal & ventral regions of medial geniculate body, cats, 2496  
 localization of lateral geniculate spikes, alert & sleeping & reserpine-treated cats, 8520  
 slow potential correlates, neuronal population responses in lateral geniculate nucleus, cats, 6410  
 stimulation & depression of lateral geniculate body & mesencephalic reticular formation, synaptic organization of neuronal background activity in visual cortex, rabbits, 4545  
 visually guided discrimination task, single lateral geniculate cell responses, cats, 8517  
**Genital Disorders** (See also Endocrine Sexual Disorders, Hypogonadism, Infertility, Klinefelters Syndrome, Premenstrual Tension, Sterility, Turners Syndrome)  
 late-treated adrenogenital syndrome, sexuality & educational level, females, 7521  
 problems of sexual psychophysiology & psychopathology, children, 11219  
**Genitalia (Male)** (See Male Genitalia)  
**Geniuses** (See Gifted)  
**Genotypes**  
 degree of inference required, accuracy of personality ratings, clinicians rating psychiatric outpatients, 3263  
 genes albinism & retinal degeneration, jump-out & l-way avoidance learning, mice, 4441  
 genotype & neonatal irradiation, diallel genetic analysis of open-field locomotion & elimination, mice, 455  
 genotypes, emotionality, mice, 2553  
 heterozygosity, retention of ejaculatory reflex, castrated mice, 8576  
 Mendelian genetic analysis & diallel cross study, nest-building, inbred mice, 4434  
 Multidimension Scalogram Analysis, time-sample emotional & exploratory & motor & inactivity behaviors, varied mouse strains, 4435  
 sound-intensity levels & genotypes, priming for audiogenic seizures, mice, 4389  
 taxonomic determination, behavioral & somatic characteristics, purebred dogs, 4428  
 within-group heritabilities, sources of between-group racial & IQ differences, 6485  
**Geometry** (See Mathematics Education)  
**Gerbils**  
 biological odors in gerbil-inhabited & uninhabited areas, preference for odor, normal & bulbectomized & enucleated & castrated male gerbils, 6510  
 castration & blindness & anosmia, social reactivity, male gerbils, 2563  
 heat avoidance, discrimination learning, gerbils, 6700  
 olfactory bulb ablation, dominance-related behaviors, male gerbils, 6567  
 ovariectomy, scent-marking frequency & nest-building activity during pregnancy & lactation, gerbils, 521  
 reinforcement schedules, operant behavior, Mongolian gerbil, 6758  
 reward magnitude & shift, resistance to extinction, gerbils, 657  
 same- vs mixed-sex populations & density, social interaction & territorial & physiological measures, gerbils, 8838  
 scent glands & scent-marking, symbolic association with reinforcers & dominance & territoriality, gerbils, 6475  
 sex & deprivation level & water vs sucrose consumption, lick rates, gerbils, 8817  
 shock agonistic behavior & establishment of dominance hierarchy, gerbils, 10770  
 spatial reversal learning in t-maze, rats vs gerbils, 10728  
 steroid hormones, ovarian contribution to scent marking regulation, female ovariectomized vs intact gerbils, 8559  
 UCS-presentation & CS-termination contingencies, avoidance extinction following partial vs continuous reinforcement, gerbils, 2689  
**Geriatric Patients**

- art therapy, geriatric patients, 11547  
 arteriosclerotic brain disease & senile dementia, clinical & biochemical variables, psychogeriatric patients, 5515  
 B-complex & C vitamin preparation treatment, Evenson's Missouri Inpatient Behavior Scale scores, schizophrenic vs nonschizophrenic psychogeriatric inpatients, 3624  
 behavioral type estimates of 2 short vs 2 long time intervals, serious suicide attempters vs geriatric vs normal hospitalized patients, 5295  
 bishydroxycoumarin & papaverine therapy, organic abnormalities & psychological functioning, male geriatric patients with chronic brain syndrome, 1601  
 CCK-179 treatment, symptomatology & correlated EEG changes, 59 79 yr olds with cerebral vascular insufficiency, 9638  
 chronic institutionalization, physical working capacity & trainability, male geriatric mental patients, 7864  
 definition & clarification of rating task, behavior rating scale reliability, geriatric & infirm patients, 7256  
 doxepin vs. other psychoactive drugs vs. no medication & alcoholic beverages in ward vs. pub milieu, therapeutic improvement, elderly medicated & nonmedicated nursing home patients, 1569  
 hypobaric oxygen therapy, psychogeriatric & behavioral manifestations, long-term geriatric patients, 5769  
 integration into therapeutic milieu program, hospitalized geriatric patients, 7859  
 mental hospital screening vs accepting all applicants, identification of need for coordinated health & social services, geriatric patients, 7856  
 Missouri Inpatient Behavior Scale scores, schizophrenic vs nonschizophrenic psychogeriatric inpatients, 3297  
 morale, elderly mental hospital patients vs expatients vs community residents, 5296  
 nurses' ratings of patients' psychosocial function, increased patient attention, patients in nursing-care unit of home for aged, 1777  
 placement in nursing homes or homes for aged, mental hospital discharge, geriatric patients, 7849  
 procaine hydrochloride therapy, inhibition of monoamine oxidase, rats, implications for use with geriatrics, 5651  
 rehabilitative psychiatric nursing, chronically ill elderly patients, 7848  
 remotivation vs conventional group therapy, ambulant geriatric inpatients, implications for use with demented patients, 7673  
 sociotherapy program evaluation, reduction in recidivism for hospital care, geriatric-psychiatric patients, 5817  
 status of psychiatric consultation & rehabilitative programs, elderly patients in inner city nursing home, 5820  
 systematic program for management & treatment of emotional disturbances, geriatric patients, 1483  
 test-retest validity of psychometric tests in predicting memory loss, geriatric patients, 6911  
 thioridazine vs diazepam, nonpsychotic behavioral symptoms associated with senility, hospitalized geriatric patients, 7650  
 thiothixene, senile psychosis & psychosis due to arteriosclerosis, Ss over 65 yr. old, 1563  
 trazodone, organic brain syndrome treatment, hospitalized geriatric patients, 7659  
**Geriatric Psychotherapy**  
 geriatric psychiatry & care & treatment of aged, 1500  
 psychiatric management, geriatric depressive disorders, 1509  
 psychogeriatrics, physiological & psychological changes of aging, 4908  
 statistical data & organization, development of gerontopsychiatry & gerontopsychiatric treatment facilities, Czechoslovakia & abroad, 5556  
 status of psychiatric consultation & rehabilitative programs, elderly patients in inner city nursing home, 5820  
 systematic program for management & treatment of emotional disturbances, geriatric patients, 1483  
**Geriatrics**  
 geriatric psychiatry & care & treatment of aged, 1500  
 on-the-job training program in psychiatry & geriatric approaches, nursing home personnel, 5258  
 psychosocial approaches, aging & mental health, book, 783  
**Gerontology**  
 crises & services & potentials, age counseling with older counselors, institutionalized elderly, 3755  
 cultural origins & early socialization & U.S. life style & age related changes & expectations regarding aging, problems of elderly Asian-Americans, 6942  
 psychosocial approaches, aging & mental health, book, 783  
**Gestalt Psychology**  
 attention, review of views by Gestalt psychologists & contemporary research, 4290  
 Gestalt approach & therapeutic practices of Fritz Perls, book, 1542  
**Gestalt Therapy**  
 Gestalt approach & therapeutic practices of Fritz Perls, book, 1542  
 gestalt approach, experience & art & art therapy, 11574  
 gestalt therapy techniques & principles, book, 1543  
 Gestalt therapy, implications for counselor training & therapeutic approach, 7219  
 history & principles & techniques, Gestalt therapy, book, 5589  
**Gestation** (See Pregnancy)  
**Gestures**  
 body & head positions in interactions, authoritarianism, college students, 1083  
 characteristics of nonlingual communication, 5134  
 imitative & nonimitative reinforcement, verbal control over bizarre gestures, adult retardates, 11994  
 instinctive gestures vs acquired signs & regressive connection of movements of expression, 1042  
 self-awareness of posture & gesture & movement by analyst, facilitation of interpretation & countertransference, 1526  
 social interaction vs expressive meaning, nonverbal communication, 5142  
 teacher mobility & gesturing & pausing during lecture, students' recall, 4th 12th graders, 3925  
**Ghettoes**  
 disadvantage & delinquency & rehabilitation, ghetto residents, book, 5781  
 life-style & problems & death concept in Negro ghetto vs suicide theories, Negro vs Caucasian suicide rate, 1320  
 organization & delivery of mental health services in ghetto areas, case history of Lincoln Hospital Mental Health Services in Southeast Bronx, book, 1713  
 reactions to & readjustment following living & working for semester in urban black ghetto, college students, 7001  
 self- vs. object-directed dehumanization, ghetto families, implications for counselor role in rehumanization, 1725  
**Gifted**  
 age differences, Piagetian formal & concrete stage thinking, average & gifted adolescents & average adults, 728  
 autonomy vs time perspective vs leadership polarization development, male vs female bright vs average high school students, 758  
 biofeedback, self-discovery & self-awareness & self-determination, gifted students, 1687  
 biographical correlates, creative personality, gifted adolescents, 3172  
 completing 3 grades in 2 yrs, academic acceleration, elementary & junior high school students, 1873  
 didactic & psychological testing & teacher evaluation, diagnosis of gifted pupils, 6th 9th graders, 1913  
 early giftedness identification & talented individuals in guidance programs, realistic career goals & decisions, gifted children, 1903  
 introversion-extraversion & neuroticism, gifted vs ungifted art students, 3170  
 photography & mirrors & films & videotape, extension of self-awareness & self-concept, learning disabled vs gifted vs educable mentally retarded pre-adolescents, 5939  
 ratings of retarded & normal & gifted child vs videotape of labeled child, stereotypes of exceptionality, special & general education college students, 3827  
 sex differences & personality, color preferences, gifted adolescents, 5167  
 Torrance Tests of Creative Thinking during high school & autobiographical information, prediction of adult creative achievement, gifted women vs men, longitudinal study, 5237  
**Gilles De La Tourette Disorder**  
 behavior therapy, controlling tics, 9-yr-old patient with Gilles de la Tourette syndrome, 3716  
 behavior therapy, 12-yr-old boy with Gilles de la Tourette syndrome, 7718  
 d- + l-isomers of amphetamine, tic frequency, 8-yr-old black female with symptoms of Gilles de la Tourette's disease & minimal brain dysfunction, 1605  
 demography & birth & developmental & family histories, Gilles de la Tourette's syndrome patients, general description & treatment of syndrome, 5537  
 familial incidence & treatment, Gilles de la Tourette disease, 3 case reports, 3519

- Gilles de la Tourette disease, symptoms & diagnosis & treatment, 5504
- Gilles de la Tourette's disease, mother & son, 3542
- haloperidol & supportive therapy & massed practice & instrumental relaxation & assertive training, 13 yr old with Gilles de la Tourette syndrome, 1688
- neuropsychological test performance before & after symptom removal, boy with Gilles de la Tourette syndrome, 3555
- organic factors, Gilles de la Tourette's syndrome, 3558
- Glands** (See also Adrenal Glands, Gonads, Hypothalamo Hypophyseal System, Ovaries, Pancreas, Thyroid Gland)
- body weight & flank gland size & pigmentation, social rank, female hamsters, 10779
- body weight & size & pigmentation of lateral flank glands, social interaction & rank, male hamsters, 10780
- scent glands & scent-marking, symbolic association with reinforcers & dominance & territoriality, gerbils, 6475
- Globulins** (See also Antibodies, Immunoglobulins)
- adsorbed g-globulin from serum of rabbits immunized with brain homogenate of untrained vs trained rats, memory, rats, 2593
- Globus Pallidus**
- unilateral lesions in entopeduncular nucleus & lateral hypothalamus & globus pallidus, control of limb movement & consummatory behavior, rats, 8638
- Glossary**
- 8th edition of International Classification of Disease & the Registrar General's Glossary, diagnoses by English psychiatrists of patients on 1st admission to mental hospital in 1968 & 1971, 11282
- Glossolalia**
- glossolalia & hallucination acquisition & attenuation rate, Apostolic congregations in Mexico, 820
- linguistics of glossolalia, 3127
- personality & psychological factors, glossolalia, middle- & upper-class groups, 3443
- religious glossolalia, cultural consideration as another "language," Pentecostals, 836
- Glossopharyngeal Nerve** (See Cranial Nerves)
- Glucose** (See also Blood Sugar)
- alloxan-induced chronic diabetes, 2-deoxy-D-glucose-induced feeding & drinking, rats, 4635
- glucose & sodium chloride, pain sensibility, cats, 4621
- glucose infused via stomach vs duodenum vs mesenteric vein vs jugular vein, food intake, rats, 6507
- glucose ingestion, feeding inhibition & death, rats, 8593
- glucose injection into superior mesenteric artery, absence of negative alliesthesia in response to sweet stimuli, 6166
- intrapertoneal dialysis vs isotonic glucose, depleting sodium levels, rats, 6496
- lithium load, serum values of glucose & phosphate & sodium & potassium & calcium & magnesium & insulin, ambulatory inpatients with minor psychiatric disorders, 5684
- photic & acoustic & electrodermal stimulation & isotonic glucose injection, spontaneous & evoked activity in ventromedial nucleus & lateral hypothalamus, rabbits, 6393
- response vs no response to psychotropic drug treatment, glucose tolerance & inorganic serum phosphate & potassium level changes, schizophrenics, 9678
- sugarless food pellets as control measure, schedule-induced polydipsia research, 2676
- varying glucose ingestions, negative alliesthesia for sweet stimuli, 6159
- 2-deoxy-D-glucose, induced inhibition of glycolytic metabolism, sleep-waking behavior & REM sleep, cats, 8735
- 2-deoxy-D-glucose, suppression of feeding, cats, 6630
- Glutethimide**
- barbiturates & glutethimide & methaqualone & methypylon & promazine & chlordiazepoxide & meprobamate, deprivation-induced water consumption, rats, 10681
- secobarbital & glutethimide & flurazepam with vs without intervening sleep, performance on vigilance & eye-hand coordination & cognitive association & decision making tasks, insomniacs vs normal volunteers, 532
- Glycine**
- phenelzine & tryptophan & aminoacetic acid, mineral metabolism, chronic schizophrenics, 9645
- Goals**
- age & sex & socioeconomic status, wishes & confidence & personal control, 3rd graders to 50 yr olds, 6819
- factor structure, Goal Checklist, counseling center clients, 1485
- goal setting vs financial incentives, perceptual-motor task performance, college students, 10499
- goals & interests & personality, analytically- vs behavioristically-oriented student therapists, 3272
- individual-organizational goal congruence theory & methodology, applicability for professionals in Brazilian organizations, 4051
- instructional objectives, learning nonobjectives-based instructional materials, college students, 7667
- regulative functions of performance goals, motor learning, 8308
- relationships among locus of control & anxiety & valued-goal expectations, college students, 7181
- self-perception vs expert perception, goal-related behavior during instructional interaction, 4th graders, 9873
- socioeconomic status & home environment & activities & goals & career objectives, intelligent black youth, 8944
- sucrose concentration & goal units, runway behavior, rats, 2686
- teleology, conditioning, 228
- Goats**
- cannula system for frequent infusions into cerebrospinal fluid of cerebral ventricular system, goats, 443
- Delphi group opinion technique, predicting human mortality from trauma to liver, goats & baboons, 3548
- rumination, cortical EEG, goats & sheep, 8500
- sucking patterns, infant goats vs human infants, 8768
- Goldfish**
- alcohol intoxication, enhancement of postrotary nystagmus, frogs & goldfish, 6628
- alcohol, dose-related facilitation of avoidance acquisition, goldfish, 10692
- analysis in terms of spectral region within which response transitions occur, electrophysiological responses from single color-coded red-green ganglion cells, goldfish retina, 8227
- annual periodic changes of hormonal levels which govern spawning, learning & activity patterns, goldfish, 2718
- discrimination of reward magnitude & simultaneous negative contrast, goldfish, 2691
- flurothyl, retroactive facilitation of memory, goldfish, 2637
- forced right turns & subsequent choice point behavior in T mazes, reactive inhibition, goldfish, 2697
- magnesium pemoline, habituation of innate fear response, goldfish, 6652
- peptide-rich brain extract from trained goldfish, dark-avoidance transfer activity, goldfish, 4694
- prior & interpolated shock exposure, avoidance learning, goldfish, 645
- process & response & stimulus specificity, behavioral bioassays, goldfish, 8580
- reward magnitude shifts, swimming speed in straight alley runway, goldfish, 8826
- reward magnitudes, negative contrast in successive differential discrimination, goldfish, 4699
- temperature change, puromycin-induced memory loss for shock avoidance task, goldfish, 10686
- time dependent temperature shift, retrograde memory enhancement, goldfish, 8814
- training & temperatures & intertrial intervals, acquisition of conditioned avoidance response, goldfish, 666
- training conditions, red-green discrimination reversal, goldfish, 4710
- UCS intensity, cardiac conditioning, goldfish, 4423
- Gonadotropic Hormones** (See also Prolactin)
- methallibure & synthetic testosterone & mammalian luteinizing hormone & reserpine & chlorpromazine, nest building & sexual & aggressive behavior, sunfish, 10676
- REM & other sleep stages, luteinizing & follicle stimulating & growth hormone secretions, normal adult men, 8565
- Gonadotropin** (See Gonadotropic Hormones)
- Gonads** (See also Ovaries)
- D-tetrahydrocannabinol, adrenal & gonadal activity, male rats, 570
- gonadectomy, sex differences in differential reinforcement of low rate performance, rats, 467
- Goodenough Harris Draw A Person Test**
- F. Goodenough's & D. Harris's scoring methods, Draw-a-Man Test performance, 5- & 11-yr-old English children, 763
- psychosexual interests, Draw-a-Person Test performance, male vs female high vs low T-scores on MMPI Masculinity-Femininity scale, 3196
- Wechsler Preschool & Primary Scale of Intelligence & Rutgers & Goodenough & Goodenough-Harris IQ scores, lower socioeconomic black 3 5 yr olds, 9964

**Gorillas**

sexual behavior, captive lowland gorillas, 4773

**Government**

psychiatric factors, screening for security clearance, 8043

**Government Agencies**

National Institute of Mental Health support of behavior therapy research, 9756

**Government Bureaucracy** (See Government)

**Government Personnel** (See also Air Force Personnel, Army Personnel, Commissioned Officers, Enlisted Military Personnel, Law Enforcement Personnel, Marine Personnel, Military Personnel, Navy Personnel, Parole Officers, Police Personnel, Prison Personnel, Probation Officers, Public Health Service Nurses, Volunteer Military Personnel)

belief in biological difference of Negroes, Haitian political leaders from 1804 to present, 829

competitive merit selection system, hiring government personnel, 8045

personnel selection methods, larger vs smaller Arizona local government jurisdictions, 8044

self-actualization & autonomy & esteem & social interaction & security needs, importance to Ss & fulfillment in job, male vs female state vs federal government executives, 8055

**Government Policy Making** (See also Abortion Laws, Drug Laws, Foreign Policy Making, Laws, Legislative Processes, Marihuana Laws, Marihuana Legalization)

behavior research pertaining to peace, 8955

censorship as conformity behavior, selected literature review & discussion, 8952

federal government legislation & expenditures, mental health services, 3735

government censorship & lack of sex education at home, sexual adjustment, 8956

governmental mandates & actual community involvement, community mental health centers, 3740

national priorities & need for national science policy & options & opportunities for individual re-employment, unemployment & mid-career change, implications for engineers, 1943

participation of lower income & minority groups, development of alternatives to public welfare, 1469

psychiatry, easing international hostility, 9593

reduction in Federal funds, adequate child care & early education programs, 8948

repressivist vs permissivist views of sex & nature of sexuality & government censorship, personal tension levels, 8988

**Government Programs** (See also Peace Corps, Project Head Start, Upward Bound, Welfare Services (Government))

federally sponsored manpower programs, socialization, adolescents, 12068

field-rating form, performance & adaptation, Peace Corps volunteers, implications for professional consultation in evaluation of selection & training in government agencies, 1961

governmentally subsidized comprehensive rehabilitation & residential manpower centers, 3777

perpetuation of powerlessness & dependency on government through educational system, boarding schools, American Indians, 11868

problems & ethical issues, government controlled methadone maintenance programs, heroin addicts, 11653

social program evaluation research, methodology & procurement of contracts, 10944

**Grade-point Average** (See Academic Achievement)**Grading** (Educational)

Engineering & Physical Science Aptitude Test & Graduate Record Examination, prediction of grades in graduate psychological statistics, 7971

evaluation of pass fail grading option use, college students, 5993

generosity effect, grading formats in essay grading, teachers, 5974

locus of control & performance pattern, evaluation of student, teachers, 5992

midterm grades, comparison to student evaluations of faculty teaching effectiveness, business students, 11888

mode of comparison & Machiavellianism, social comparison of grades, college students, 12022

multidimensional perceptions of class of MEDEX trainees, training staff, use of G. J. Coles & L. A. Stone's proposed methodology, 3268

neat vs sloppy writing, grading for content & written expression, teachers, 6006

reliability of school marks & attenuation factors, 1917

test proximity & grade feedback, academic achievement prediction, graduate & college students, 12012

**Graduate Degrees** (See Educational Degrees)

**Graduate Education** (See also Clinical Psychology Grad Training, Graduate Psychology Education, Medical Education, Psychiatric Training)

role & function of technical schools, preparing engineers to meet needs of society, 6024

semantic judgments of practice methods before vs after 1st yr of graduate training, social work graduate students, 1139

**Graduate Psychology Education** (See also Clinical Psychology Grad Training)

approaches to doctoral dissertation in clinical psychology, 1170

competency list, school psychology interns, 7196

demographic characteristics & training & research & publications & reading emphases & employment patterns, graduates from doctoral programs in counseling, 3246

directing & managing & evaluating student psychologists from prepracticum to internship, multiple model for supervision, 1135

Engineering & Physical Science Aptitude Test & Graduate Record Examination, prediction of grades in graduate psychological statistics, 7971

field experience, graduate education, school psychology students, 9155

graduate study in psychology 1974-75, book, 7190

integrated graduate-undergraduate program, assessment & treatment & prevention in child psychopathology, 3267

post-BA educational & occupational plans, psychology BA-degree recipients, 1132

probability factors in gaining acceptance to PhD programs in clinical & counseling psychology, 1972 survey results, 11203

psychologists' organizations & how psychology is studied in universities, West Germany, 7214

role-playing, education of social workers & teachers & psychologists & associated professionals, 5249

selection criteria validity, predicting academic success, psychology graduate students, follow-up study, 7965

survey of manpower patterns in state correctional systems, utilization & training of psychologists for criminal justice systems, 11188

technologically vs self-knowledge motivated psychology, philosophy for teaching psychology, 5872

time analysis & evaluation, experimental internship program, school psychology interns, 7211

training approaches, achieving relevance & integration of research & training & public service in practice of psychology, 1164

work-study 3-yr internship program, school psychology graduate students, 7233

**Graduate Record Examination**

empirical option weighting, Graduate Record Examination reliability vs validity, 8014

Engineering & Physical Science Aptitude Test & Graduate Record Examination, prediction of grades in graduate psychological statistics, 7971

Graduate Record Examination marks vs each semester of undergraduate grade averages, predictive & postdictive validity studies, 8003

**Graduate Students**

academic & nonacademic predictors including prerequisite GPA, 1st yr optometry school GPA, optometry students, 5270

addition of importance" dimension to traditional attitude survey, measurement of perception of academic climate, college seniors & masters students, implications for educational program evaluation, 5999

evaluation of medical vs nonmedical practicum facilities, meeting training & practicum needs, clinical psychology graduate students & recent PhDs, 1142

Graduate Record Examination marks vs each semester of undergraduate grade averages, predictive & postdictive validity studies, 8003

Mental Development Center in university setting, provision of practicum experience with learning problems & mental retardation, graduate students, 1137

multiple discriminant analysis of batteries of psychological tests & rating scales, aptitude diagnosis for various college courses, graduate & college students, 1935

objective-analytic approach to suicidal motivation classification, graduate students with serious suicidal behavior histories, 7357

Ohio State University Psychological Test & Cooperative English Tests & Guilford-Zimmerman Temperament Survey & Minnesota Teacher Attitude Inventory, male vs female counselor & supervisor & teacher candidates, 5831

personal-social & marital concerns & preferences for help, married undergraduates & graduate students, 3747

programed self-teaching program, increased open-mindedness, graduate students in counseling, 7203

resolution time & student personnel services usefulness, academic & personal & social adjustment problems, foreign non-European graduate students, 1884

rigidity & anxiety, religiosity, male graduate students, 11123

semantic judgments of practice methods before vs after 1st yr of graduate training, social work graduate students, 1139

sex differences, advisor-student communication patterns, male vs female graduate students, 7896

videotape of Rorschach Test & TAT administration & blind test interpretation, overcoming resistance to learning about projective tests, clinical psychology graduate students, 9184

**Grammar** (See also Adjectives, Form Classes (Language), Inflection, Morphology (Language), Nouns, Orthography, Phonology, Pronouns, Sentence Structure, Syntax, Transformational Generative Grammar, Verbs)

age & syntactic background, auditory discrimination of novel prepositional constructions, elementary schoolchildren, 6871

co-occurring & restricted structures procedure, language assessment, 7116

conjunctive vs prepositional phrases, associative & conceptual learning, disadvantaged & middle-class 2nd graders, 10833

demographic & biographic predictors, writing ability, college students, 9067

differential-reinforcement & imitation procedures, teaching productive noun suffixes, severely mentally retarded children, 7426

English language habits & concomitant meaning conditioning, learning miniature linguistic systems, college students, 6273

evaluative content & grammatical form of descriptions, affirmation & denial, 12 & 13 yr olds, 9063

exemplar sentences from linguists' articles, intuitions of grammatically-acceptability, linguistically naive college student vs non-naive graduate student native speakers, 1057

grammatical & semantic complexity & use frequency in parental speech, grammatical morpheme acquisition, 16 40 mo olds, 6844

grammatical type vs semantic content of sentences, concept formation, high school students, 6241

hemispheric specialization, pitch & tone discrimination in linguistic stimuli, 5166

hypercorrection & rule generalization, sociolinguistic considerations, 1022

information processing simulation, learning of grammatical word classes, children, 4262

interpretation of ungrammatical sentences, Hebrew-speaking college students, 5162

kernel sentence, permutational test of grammaticality, college students, 11108

language connective & propositional logical relationship comprehension, 2nd vs 5th vs 8th vs 11th graders vs college students, 10871

phonetics & grammar & semantics, teaching foreign languages, 11918

playing role of editorial assistant vs someone helping foreign friend, linguistic acceptability of grammatical vs ungrammatical sentences, college students, 7117

receptive vs productive language generalizations, retarded children & adolescents & young adults, 1382

sentences adjoined with "after" vs "before" vs "until," understanding of meaning sequences & temporal grammar, 6 yr olds, 718

social interaction patterns, Black English vernacular grammar, vernacular culture isolates vs. dominant social group members, 1037

standard vs nonstandard English presentation, grammatical responses, Negro vs Caucasian 2nd graders, 5152

surface structure parsing in natural language, 7107

temporal morphemes vs verb tense opposition vs logical relations between events expressed vs sentence presentation order, understanding temporally related sentences, 6268

temporal vs aspectual markers, verb tense form used to describe performed actions, children between ages of 2 yrs 11 mo & 8 yrs 7 mo, 6815

time interval following prose reading, recall of semantic vs surface grammatical vs lexical information, 2417

transformational vs traditional grammar & inductive vs deductive teaching, structural complexity of essay writing, 10th graders, 1853

use of Chomsky's theory of generative grammar, psychoanalytic research, professional criticism, 3104

verbal conditioning, acquisition of grammatical rules, mentally retarded 5 9 yr olds, 7453

**Grammar Schools** (See Elementary Schools)

**Graphology** (See Handwriting)

**Grasshoppers**

rearing density, social aggregation behavior, desert locust, 10783

**Gravitational Effects** (See also Weightlessness)

gravitational changes, vestibular system functioning, 10179

**Great Britain**

attitudes toward counseling issues, British school counselors, 5256

British suicide prevention agencies, evaluation & suggestions for change in the Samaritans, 1696

conservatism, attitude toward Common Market, British people, 3054

differential approaches, community mental health services, U.S. vs Great Britain, 11755

drug use, Great Britain, 10982

Minnesota Test for Differential Diagnosis of Aphasia, British modification, 20-85 yr old normals vs dysphasics, 11445

myth of returning to homeland, social relationships & lack of cultural assimilation, Pakistani immigrants in Britain, 814

patterns of depressive illness, patients in Britain & Australia & U.S., 9231

personality & intelligence differences, people- vs thing-orientation, English & Israeli 17 21 yr olds, 4954

social background in ability grouping placement, reading & arithmetic achievement, British junior high school students, 7901

social class & achievement & membership in dormitory & learning group, friendship choice in school, British secondary school students, 5062

social policy, behavior patterns, British heroin addicts, book, 3664

theories of reevaluation counseling & methods of co-counseling vs other cathartic therapies, U.S. & United Kingdom, 5751

wages & professional status & participation in politics & unions & social status & discrimination, working women in Great Britain & Scandinavia & Soviet Union & Eastern European Communist countries, book, 4000

**Greece**

milieu complexity & education & social involvement, implicative meaning of philotimo or love of honor, Greeks, 6955

**Grief**

clinical & religious views of dying & grief, 10917

cross-cultural differences, coping with anger & aggression in mourning, 4957

death of father, artistic production, discussion of Henrik Ibsen, 5130

death of their children from leukemia, 17-hydroxycorticosteroid excretion rates, parents, 3529

facing death & grieving after death & dying process, book, 2828

long-term adaptation to bereavement, elderly, 788

mourning process, adrenocortical excretion, bereaving parents of leukemic children, 3528

normal grief & primary depression & mania, classification of affective disorders, 1308

presence vs absence of depression at 1 mo after spouse's death, prediction of depression at 13 mo, white widows & widowers, 1219

psychoanalytic psychotherapy, grief & anniversary reactions, 62-yr-old man, 11743

**Gross Motor Skill Learning**

importance of motor coordination & perceptual development, mentally retarded children, 3950

movement exploration & creative expression & structured activities, gross-motor training, mentally retarded students, 3940

overlearning, gross motor skill relearning & retention, 0 19 yr old institutionalized retarded males, 3472

supportive vs nonsupportive vs no audience, balancing ability improvement, high- vs low-anxious Ss, 10315

**Group Behavior** (See Collective Behavior)

**Group Cohesion**

clique formation, organizational structure, literature review, 2031

group cohesion & social & ideological conflict, social evolution theory, Marxian vs de Tocquevillian theories, 2943

group cohesiveness & divisiveness & self-organization, passengers & crewmembers skyjacked to Desert of Jordan, 951  
 individual orientations to groups, ontogenesis of interpersonal orientations, college students, 11016  
 interpersonal skills, peer ratings & group cohesiveness, college students, 7021  
 joking, reducing disjunct intergroup relationships & maintaining group cohesion, urban slum area gangs, 948  
 leaderless group experiences, group cohesiveness & individual independence, members, 9753  
 permanent vs temporary membership, small group participation & agreement, group members, 9022  
 person-group & intragroup attitude similarity, group attractiveness & cohesiveness, college students, 9033  
 positive vs negative & emotional vs behavioral feedback, credibility of feedback, college students in sensitivity groups, 7029  
 small group cohesiveness, critical review of non-Soviet research, 7030  
**Group Counseling**  
 application of introspective concept method, group dynamics with homeless individuals, 11722  
 behavior modification principles, group counseling, antisocial children, 7802  
 behavioral group counseling model, drug abuse prevention training center, 7784  
 classroom behavior management via behavioral consultation vs with model-reinforcement group counseling vs no treatment, on-task behavior & grade point average & attitudes, inattentive 5th & 6th graders, 7926  
 counselor offered empathy & respect & genuineness & role playing & group discussion, self-esteem, 4th graders, 9790  
 effective group counseling, book, 3760  
 group counseling sessions, methadone & abstinent clients, 5620  
 group counseling, adjustment to new school, transfer high school students, 12034

- light-dark rhythms in eating & drinking & locomotor behaviors, hamsters, 10591
- manual stimulation technique, lordosis response, female hamster, 8843
- negative alcohol-deprivation, alcohol consumption, hamsters, 2749
- olfactory bulb lesions, nest reinforcement & handling reactivity, hamsters, 483
- olfactory bulbectomy vs zinc sulfate induced anosmia, olfaction & sexual receptivity, female hamsters, 470
- peripheral olfactory bulb blockade, sexual & social behavioral changes, hamsters, 4446
- postnatal development, electrocortical activity, hamsters, 6373
- repeated exposure to copulatory stimulation, lordosis response, ovariectomized hamsters, 6789
- running wheels vs spring-suspended cages as measurement devices, circadian rhythms of locomotor activity, golden hamsters, 4385
- variable- vs fixed-trial intervals between electrical stimulation in standard automated cage, ESP, hamsters, 4816
- Hand (Anatomy)**
- autohypnosis & biofeedback, Raynaud phenomenon, 31-yr-old male, 5710
- hand function measurement, 12 14 yr old educable mentally retarded vs normal girls, 7465
- manipulative temporal motor responses with & without path constraints, hand movements, analogous to P. M. Fitt's arm movement model, right-handed college students, 8298
- stimulus-response & response-response compatibility, bimanual movement time, right-handed males, 2253
- Handedness** (See Lateral Dominance)
- Handicapped** (See also Adventitiously Handicapped, Amputees, Aurally Handicapped, Autistic Children, Blind, Brain Damaged, Congenitally Handicapped, Deaf, Educable Mentally Retarded, Emotionally Disturbed, Idiot Savants, Institutionalized Mentally Retarded, Mentally Retarded, Multiply Handicapped, Partially Hearing Impaired, Physically Handicapped, Profoundly Mentally Retarded, Severely Mentally Retarded, Slow Learners, Speech Handicapped, Trainable Mentally Retarded, Visually Handicapped)

color discrimination screening test, young children & handicapped, 8240

dependency, rehabilitation, physically disabled & emotionally & socially disabled & chronically ill, 9822

feeding regimen for correction of infantile feeding habits, handicapped children, 7514

industrial rehabilitation course, work attitude change, disabled & unemployed, 12099

instructional games, anticipation of relevant responses of handicapped children, teachers, 9953

medical & psychological aspects, disabilities, book of readings, 3772

neurobehavioral approach to activity & task analysis for occupational theory with cognitive-perceptual-motor dysfunction, 7831

personality type identification & appropriate counseling techniques, economically disadvantaged & disabled rehabilitation center patients, 9830

physical activity, psychological development, handicapped children, 5531

Piagetian theory, psychometry & implications for preschool & elementary school programs & handicapped children, 3841

research framework, child-rearing practices, parents of disabled children, 7495

self-appraisal of suitability for various occupations, disabled vs disadvantaged vs disabled & disadvantaged unemployed Negroes & Caucasians, 11816

Sheridan Tests for Young Children & Retardates graded-balls visual acuity measurement, normal 2yr olds & handicapped children under 12 yrs old, 8274

social adjustment & life satisfaction & moods, handicapped persons, 7496

Soviet defectology, recent advances, 1452

vocational evaluation model, disadvantaged & disabled, 6034

work as therapy, rehabilitation, disabled & disadvantaged, review, 11810

**Handicapped (Attitudes Toward)** (See also Mental Illness (Attitudes Toward), Mental Retardation (Attit Toward), Physical Handicaps (Attit Toward))

attitudes toward blindness & blind people, book, 5525

attitudes toward epilepsy, 1418

attitudes toward mentally ill & blind & aged & crippled & alcoholic & mentally retarded & drug addicted & prison parolees & welfare recipients, employers & real estate agents, 3021

emotional responses, parents of handicapped children, 11488

GSRs, cognitive attitudes toward disabled persons, male college students, 3096

trends & issues, special education, handicapped children, 1905

**Handwriting** (See also Cursive Writing, Printing (Handwriting))

ability to write & read mirror-inverted text, college students, 158

adjacency vs order vs positioning vs linearity spatial characteristics in configuration graphic reconstruction, representative space evolution, 3.6 7 yr olds, 6872

alcohol &/or meprobamate, handwriting changes, college students, 535

copying vs faded tracing vs copying & letter discrimination training vs faded tracing & letter discrimination training, handwriting, kindergarten students, 7917

developmental trends vs patterns taught for forming letters, stroke direction & sequence in copying geometric shapes, American vs Israeli children vs adults, 6931

dyslexia, reading & writing, book, 5472

exhaustive hand-finger exercise, pace & accuracy of handwriting performance, college students, 2261

factor analysis, validation of graphometric variables, 11103

handwriting interpretation, 1025

i-dots consistency in handwriting, group-dependent vs self-sufficient & placid vs apprehensive scores on 16 PF, alcoholics & schizophrenic hospital patients, 3284

laterality, writing skill development, 8 9 yr olds attending Israeli vs U. S. vs U. S. Hebrew schools, 2271

neat vs sloppy writing, grading for content & written expression, teachers, 6006

phonetic & graphic symbolism in Chinese language, English-speaking college students, 9073

psychological properties of writing with brush vs pen vs pencil, 3115

self-evaluation through handwriting analysis, book, 5235

signature size, self-esteem & social desirability, college students, 7154

special education, reading & writing achievement, mentally deficient 8 13 yr olds, 9949

TAT & graphological personality profiles, accuracy of matching, college student judges, 3188

theoretical & graphological aspects of compulsive illnesses, 9238

writing from left to right vs right to left, estimation of seen length, 5th graders, 8214

**Happiness**

opinions of influence of person's beliefs on his happiness or effectiveness, clinical psychologists & social workers & psychiatrists, 3253

**Haptic Perception** (See Cutaneous Sense)

**Hashish**

alcohol preference following electrical stimulation of lateral hypothalamus & subsequent alcohol deprivation, diazepam vs hashish intake, rats, 464

personality characteristics, use of marihuana & hashish, 17 23 yr olds in Canada vs U.S., 6963

**Hawaii**

age differences & cultural differences, ethnic identity, Japanese in Tachikawa & Honolulu & Seattle, 2863

**Head (Anatomy)**

head circumference growth, babies, 8888

head movement, perception of sound distance, college students, 4185

**Head Start** (See Project Head Start)

**Headache** (See also Migraine Headache, Muscle Contraction Headache)

autogenic feedback training, migraine & tension headaches, 11579

test validity, MMPI headache scale, 9220

**Health**

computer-based storage & retrieval information systems application, health & physical education & recreation research, 8090

education & health & occupation & social activities & self-image concepts, aged in Israeli kibbutzim, 6914

financial vs. academic vs. personal vs. extracurricular vs. health vs. living arrangements as reasons for university withdrawal, male vs. female college students in professional vs. nonprofessional programs, 1792

health importance & priorities, nurses vs low-income mothers of high-risk infants, 3276

infant incubator & recovery room & acute-care unit noise levels, levels & potential health hazards, hospitals, 9839

menopause, subjective health & sex & age identities & post- & grandparenthood, middle age females, 2825

methadone drug rehabilitation program, health improvement & social rehabilitation, Chicano heroin addicts, 3 yr follow-up, 1618

modern technology, psychomotor & cognitive difficulties, aged, 862

physical fitness & perceived health status, dispensary visits & success in stressful training, Navy enlisted volunteers for underwater demolition team, 3994

social environment symbolic stimuli, health changes, 7524

socioeconomic status & perceived health status & informal participation with nonkinsmen, life satisfaction, Ss aged 45 yrs & older, 6905

**Health Education** (See also Drug Education, Sex Education)

problems & decisions in psychiatric health education programs, case report with alcoholics in Yugoslavia, 9661

**Health Insurance**

national insurance for mental health, 7575

patient insurance coverage, psychoanalytic treatment, 11738

psychiatric morbidity, utilization of insured health services, 5544

utilization & costs of psychiatric care, national health insurance, 7565

**Hearing Aids**

body-baffle & real-ear effects, hearing aid selection, deaf children, 7504

hearing aid selection & educational placement, children with hearing loss for pure tones & language disorders, 7248

modified ear mould, low frequencies in hearing aid amplification, 9533

**Hearing Impaired (Partially)** (See Partially Hearing Impaired)

**Hearing Measures** (See Speech And Hearing Measures)

**Heart** (See also Heart Valves)

electrolytic septal lesions, brain & heart norepinephrine concentrations, hyperreactive rats, 4512

lithium, kidney & gastrointestinal system & thyroid & metabolism & heart & CNS, 4660

**Heart Disorders** (See also Arrhythmias (Heart), Coronary Thromboses, Fibrillation (Heart), Myocardial Infarctions, Tachycardia)

- career plans & work interests & values, vocational adjustment prediction, adults with congenital heart disease, 3782
- learned control of ventricular rate, patients with chronic atrial fibrillation & rheumatic heart disease, 11433
- neurosis, patients with cardiac disorders, 9495
- psychological stress & depression, cardiac illness & survival, 3521
- rehabilitation & psychological aspects, heart disease, 3770
- Heart Rate**
- acute behavioral activation, temporal factors in sympatho-adrenomedullary activity, 19 33 yr old male students, 2533
- anticipation time for task performance & reward, heart rate, college students, 10583
- atropine, heart rate & systolic blood pressure, male sympathectomized rats, 456
- auditory stimulation producing startle response, heart rate, stutterers vs nonstutterers, 3499
- automated with feedback vs face-to-face vs attention-placebo relaxation procedures, GSR & heart rate & gross motor movement & subjective measures of relaxation, 17 69 yr olds, 1678
- breathing, heart rate & heart rate variability, 6- & 8- & 10-yr-old boys, 2542
- cardiac arrhythmia as index of mental workload, heart rate variability, 409
- cholinergic & beta adrenergic & double blockades, unconditioned & conditioned heart rate responses & corneo-retinal potential responses, rabbits, 6632
- conditioning vs. sensitization & vagal blockade vs. nonblockade & acquisition vs. extinction, classically conditioned heart rate, rats, 447
- contingent & noncontingent feedback, operant conditioning of heart rate, 20 30 yr olds, 8555
- cortical activity eliminated by spreading depression, operant conditioning of heart-rate changes, curarized rats, 2576
- debrumyl, heart rhythm during sleep or waking & cerebral electrogenesis & vision & mental calculation, 4572
- dreams, respiratory & heart rate & phasic vasoconstrictions & skin potential fluctuations, adult males, 8549
- drivers' experience & continuous driving, heart- & respiration rate & reaction time, 18-26 yr old college students, 10569
- effort vs stress, psychophysiological reactions to mental tasks, 433
- electrical stimulation of septal region or hypothalamus & anesthetization & stimulus frequency & pulse-train duration, cardiovascular responses, rabbits, 10617
- environmental stress, electrocardiographic & cardiac morphological changes, monkeys, 8541
- equally intense white noise & tone stimuli, differential heart rate changes, college students, 2526
- factor analysis & frequency analysis, interval times between heart beats, information content of EKG, 420
- FI vs variable stimulus repetition, cardiac components of orienting reflex, college students, 8553
- food & shock-avoidance as reinforcement, conditioning blood pressure & heart rate elevation, baboons, 4722
- hand scoring of electrocardiogram intervals, apparatus, 6395
- heart rate prior to & during & in recovery from standard treadmill walk, runners vs swimmers vs healthy controls, 2528
- heart rate variability & mental load measurement, symposium, October 1971, 403
- heredity, avoidance of humans & reduced exploratory behavior & heart rate, dogs, 4438
- imagery of feared stimuli, heart rate & skin conductance, review of previous studies, 1669
- imagining & suppression & concentration & search & choice, REMs & EEG alpha & tonic heart rate, female college students, 4407
- inexpensive circuit for recording mean heart-rate, rats, 6473
- invasive vs noninvasive measurement methods, cardiovascular response to noxious stimuli & biochemical correlates of adrenergic stimulation, 18 28 yr old males, 10547
- learned control of ventricular rate, patients with chronic atrial fibrillation & rheumatic heart disease, 11433
- lithium & other antidepressants, saliva output & body temperature & heart rate & blood pressure, female depressive patients, 11674
- long-term preruleward suppression unaccompanied by cardiovascular conditioning, monkeys, 2700
- machine-controlled set-pace system, heart rate & performance time & GSR, slow- vs fast-paced industrial workers, 4421
- marihuana vs placebo smoking & instructions to overcome effects of drug, subjective rating of intoxication & pulse rate & performance measures, experienced marihuana smokers, 8685
- maternal & littermate separation, behavioral & cardiac rate responses, 2-wk-old rats, 413
- mesoridazine & thioridazine, emotionally induced increases in forearm blood flow & systolic & diastolic blood pressure & heart rate, healthy medical students, 2619
- methindione, bioelectrical brain activity & cerebral circulation & arterial blood pressure & cardiac activity, epileptic patients, 9665
- method for monitoring heart rate in open-field test, rats, 2534
- monetary reward, operant heart-rate control, college students, 2448
- music preferences, heart rate & skin conductance & respiration rate, college students, 8542
- neutral vs spider slides viewing, heart rate & vasodilation & palmar & dorsal skin conductance, college students, spider fearing vs nonfearing females, 4401
- nicotine intake at different times of day, heart rate & skin temperature, cigarette addicts, 2580
- noise conditions, heart rate during auditory vigilance, 8546
- nutrition, change in weight & cardiac & respiratory rate & independence of behavior, rat pups separated from their mothers, 8551
- observed aggression interpreted by commentator as revenge vs nonhostile vs deserved beating, GSR & heart rate, college students, 2525
- operant conditioning & overtraining under water deprivation, heart rate, rats, 10572
- Pavlovian inhibition of delay in cardiac & somatic responses, dogs, discussion in relation to schizokinesis in classical conditioning, 2705
- pemoline, physiological & performance changes during sustained psychomotor tracking tasks, 40 65 yr. olds, 597
- personality correlates, habituation rate, male college students, 5214
- physiological & psychological reactive anxiety, heart rate & plasma corticosteroids situation, 11243
- race & ethnic origin basic skin conductance & pulse rate measurement, Caucasians vs Negroes & Bedouins vs non-Bedouins, Israel, 2470
- reading involvement in science fiction vs historical selection, heart rate, male 7th graders, 4383
- repeated simulated sonic booms, sleep behavior & heart rate & EEG & EMG & EOG & EKG & basal skin resistance, 21 26, 40 45, 60 72 yr old Ss, 4475
- respiration & heart rate & systolic blood pressure changes, EEG patterns of human sleep, 397
- respiratory & heart rate & skin resistance, Stage 4 night terrors & nightmares, adults & 2 8 yr olds, 9211
- secobarbital & chlorpromazine, induced impairment in conditioned avoidance & heart & respiratory rate changes, monkeys, 8679
- self-control of cardiac functioning, criticism of E. B. Blanchard & L. D. Young's definition of clinically significant heart rate change, 10558
- self-control of cardiac functioning, reply to B. T. Engel's evaluation of clinical biofeedback field, 10550
- sex & anxiety, cardiovascular responses during habituation to auditory stimulus & mental activity, adults, 6458
- shaping procedure, heart rate control, applicability to treatment of chronic tachycardia, 9752
- simple reaction time task performance, heart rate & irrelevant somatic activity, 4 vs 5 vs 8 vs 10 yr olds vs college students, 10834
- sleep cycles, heart rate during sleep, 4380
- sleep loss & stress, detection performance in radar-watching task & heart rate, soldiers, 12092
- spontaneous & interval breathing, respiratory sinus arrhythmia differences, 8 10 yr old schizophrenic & normal children, 3365
- suggestion of exercise & emotional stress using hypnosis & sodium amobarbital, free fatty acid circulation & heart & respiratory rate, 23 26 yr old medical students, 4390
- tape recording of mother's voice vs unknown female voice vs white noise, cardiac responsivity, low-birth-weight premature infants, 2541
- time constraint, closed-loop tracking performance & heart rate, college students, 8552
- transfer design under curarized or restrained conditions, classical heart-rate conditioning, rats, 6746
- UCS intensity, cardiac conditioning, goldfish, 4423
- vigilance, phase coupling between heart beat and respiration, 19 41 yr olds, 6433

visual feedback, heart rate stabilization, 19 32 yr olds, 8571  
 walking speed & speed constancy & heart rate & perceived exertion, military trainees, 6220  
 word association test & interview, blood flow & pulse rate, normal 18 30 yr olds & 17 63 yr old psychiatric patients, 7343  
**Heart Rate Affecting Drugs** (See also Caffeine, Epinephrine, Quinidine, Theophylline)  
**Heart Surgery**  
 case & actuarial & correlational & natural process studies, psychological responses to open heart surgery, 3517  
 sleep patterns, before vs after open heart surgery, 3586  
 systematic relaxation training, postoperative psychiatric complications, open heart surgery patients, 3670  
**Heart Transplants** (See Organ Transplantation)  
**Heart Valves**  
 mitral valvotomy, adverse emotional responses, patients, 9808  
**Heartbeat** (See Heart Rate)  
**Heat Effects**  
 heat & medication & mechanical treatment methods directed towards Zakhari-Heda zones of skin, somatic disturbances in neurotic patients, 11523  
 heat avoidance, discrimination learning, gerbils, 6700  
 high environmental temperature, immunological changes, stove fitters & smelters & bricklayers, 8028  
 light, thermal reinforcement in behavioral thermoregulation, rats, 8857  
 Pavlovian conditioning with heat reinforcement, stimulus-directed pecking, chicks, 4761  
 reliability of x-intercept value of linear equation, measure of aversive threshold of pain from radiant stimulation, college students, 8156  
**Hebephrenic Schizophrenia**  
 behavior therapy in psychiatric hospital, schizophrenic & hebephrenic patients, 9729  
 impulse behavior & subjective experience of drive, hebephrenics vs normals, 5327  
 neologisms in prose & poetry, case report, 21 yr old female diagnosed as hebephrenic, 11241  
 typological classification according to syndromes of drive, hebephrenic patients, 5328  
**Hedonism**  
 progressive & universal hedonism of C. J. Ducasse, contribution to systematic philosophy of normative ethics, 10130  
**Height (Body)** (See Body Height)  
**Helicopters**  
 content & flow of communications during simulated problem solving, team performance, experienced helicopter teams, 12105  
**Helium**  
 increased pressures of helium-oxygen vs air, auditory discrimination, rats, 2752  
**Hematologic Disorders** (See Blood and Lymphatic Disorders)  
**Hemodialysis**  
 liaison psychiatric consultant role in ongoing hemodialysis program, case study, 5802  
 MMPI personality traits, chronic renal dialysis vs general-service patients, 9517  
 MMPI score changes, chronic hemodialysis patients, longitudinal study, 9516  
 parental relationships during adulthood & dependency during childhood & irritability & adaptability to previous life changes, prediction of adjustment to hemodialysis, patients with chronic renal failure, 11801  
 sex & age & socioeconomic status & severity of disease & financial resources, adaptation to stress, patients undergoing hemodialysis, 7806  
**Hemorrhage** (See also Cerebral Hemorrhage)  
 subarachnoid hemorrhage, catatonia with waxy flexibility, 27-yr-old postpartum woman, 7512  
**Hemp (Cannabis)** (See Cannabis)  
**Hepatitis**  
 methylodopa, mild hypertension, aged patients with histories of hepatitis or depression, 5665  
**Hereditary Disorders** (See Genetic Disorders)  
**Heredity** (See Genetics)  
**Heroin**  
 background characteristics & family relations, heroin usage, Navy enlisted men, 7354  
 drug abuse & evolution of "pseudo-junkie" population & heroin lifestyle, nonaddicted individuals from white middle class, 9378

heroin maintenance, treatment of heroin addicts, 1597  
 personality style, drug preference for heroin vs. amphetamine, 1348  
**Heroin Addiction**  
 alcohol use, addicts & nonaddicts, 1319  
 analytical & T group therapy in methadone treatment, interpersonal behavior changes, outpatient heroin addicts, 3669  
 antisocial behavior & psychiatric contacts & history of drug use, self- vs system-referred heroin addicted Viet Nam veterans, 5428  
 attitudes toward death & dying, 18-36 yr old heroin addicts & staff members & psychiatric patients, 5093  
 attitudes toward drug-related behaviors, nontreated vs. methadone maintenance treated heroin addicts vs mental health therapists, 7399  
 contingent reinforcement schedules for self-administering methadone, heroin addicts, 7626  
 covert conditioning technique, heroin dependency & self-concept & pro-social attitudes & behaviors, 26 yr old heroin addict, 1692  
 culture as cognition, ethnographic study of drug-oriented subculture, urban male heroin addicts, book, 1315  
 decreased addiction & usage, heroin, District of Columbia, 4986  
 demographic categories in composite characterization, heroin addiction, drug amnesty patients vs. enlisted men in Vietnam, 1341  
 employment status & income & criminal activities & involvement with other addicts, heroin addicts, 1365  
 establishing federal heroin maintenance program, 11669  
 general hospital psychiatric emergency clinic, methadone detoxification program, heroin addicts, 9691  
 group therapy, young heroin addicts, 9762  
 heroin & methadone addicted mothers, withdrawal, neonates, 5453  
 Heroin Addiction Scale, heroin addicts vs alcoholic vs nonalcoholic psychiatric patients, 1338  
 heroin addiction, problem-solving thinking, young incarcerated heroin addicts, implications for drug rehabilitation programs, 5658  
 heroin addiction, 20-yr follow-up study, 9425  
 heroin maintenance, treatment of heroin addicts, 1597  
 incarceration rates, incidence of heroin addiction, 15-30 yr old offenders, 11381  
 long-term methadone treatment, personality & mood, heroin addicts, 1588  
 LSD psychotherapy, heroin addicts, 3661  
 MacAndrew Alcoholism Scale of MMPI performance, alcoholic & nonalcoholic psychiatric patients & institutionalized heroin addicts, 3421  
 matching for cognitive style, client-therapist relationship, imprisoned male heroin addicts & therapists, 7620  
 methadone & chlorpromazine & chloral hydrate & amitriptyline & doxepin, detoxification, heroin addicts, 9646  
 methadone drug rehabilitation program, health improvement & social rehabilitation, Chicano heroin addicts, 3 yr follow-up, 1618  
 methadone maintenance program, employment & arrest rates, chronic heroin users, 9676  
 methadone maintenance program, heroin addiction, 5625  
 methadone maintenance vs psychotherapy, heroin addicts, 7649  
 methadone self-prescription in inpatient heroin detoxification program, heroin addicts, 1556  
 methadone treatment, heroin addicts, 11619  
 methadone &/or ex-addict therapy, effectiveness for treating heroin addiction, 11631  
 modified form of A. Marcus's Alcoholism Questionnaire, attitude toward drug abuse & abusers, college students & heroin addicts in methadone treatment program, 7366  
 naltrexone, heroin & narcotic addiction, prisoner postaddicts, 3649  
 Narcotics Treatment Administration & working relationship with criminal justice system, heroin addiction treatment, 7637  
 pathogenic mechanisms, toxicologic reactions to methadone, heroin addicts, 1612  
 personal & sociological lifestyle characteristics, treatment complications & advantages & disadvantages of hospitalization, heroin addicts, 5638  
 personality characteristics on MMPI, incarcerated vs street heroin addicts, 9375  
 personality characteristics, heroin abuse, Army enlisted men returning from Vietnam, 9383  
 personality traits, street heroin addicts vs incarcerated addicts vs nonaddict incarcerated criminals, 3454  
 problems & ethical issues, government controlled methadone maintenance programs, heroin addicts, 11653

propoxyphene abuse as step beyond heroin addiction, 26 yr old heroin addict, 5414  
 provision of legal services, addicts in methadone maintenance programs, 1600  
 pseudoheroinism, concept to explain heroin addiction, form of drug abuse, 5436  
 self-determined vs physician-administered reduction schedule, detoxification, heroin addicts, 5662  
 short-term detoxification program, medication requests & negative behaviors & general behavioral patterns, inpatient psychiatric ward heroin addicts, 3628  
 similarities & dissimilarities in family background & academic achievements & antisocial behaviors, heroin addiction, soldiers in Vietnam vs U.S. civilian addicts, 3411  
 social change & detection & treatment, heroin epidemic, conversation with J. Jaffe, 5407  
 social policy, behavior patterns, British heroin addicts, book, 3664  
 state-trait differences, internal-external locus of control, heroin addicts in residential treatment center, 3148  
 therapy programs of drug rehabilitation center, heroin & opium & polydrug abuse, navy personnel, 1577  
 treatment programs, heroin addicts in Vietnam, 11686  
 volunteer factor, elevated MMPI profiles, heroin addicts vs nonaddicts, 5403  
 zodiac sign occurrence, heroin abusers at detoxification clinic, 9685  
**Heterosexuality**  
 age & marital status & age of 1st intercourse, heterosexual behavior, prostitutes, 2953  
 intimacy & isolation & social desirability & autonomy & affiliation & heterosexuality, ego identity & intimacy status, male college students, 3199  
 negative childhood experiences, homosexuality genesis, lesbians & heterosexual females, 5423  
 parent-child relationships & sexual identity, homosexuals vs heterosexuals, 11393  
 techniques for increasing heterosexual responsiveness, sexual deviation treatment, 9711  
**Heterozygotic Twins**  
 body weight differences between co-twins, 6 12 yr old monozygotic vs dizygotic twins, 717  
 EEG rhythms, monozygotic & dizygotic twins, 6415  
 Gc locus & Gm & Rhesus systems, psychosis & schizophrenia, dizygotic twins, 1232  
 genetic determinants, intelligence, identical & fraternal twins & nonrelated pairs, 8574  
 genetic factors, attitudes toward alcohol drinking & cigarette smoking & coffee drinking, 16 31 yr old monozygotic & dizygotic twins, 10595  
 genetics vs life styles & common socialization experiences, dream recall frequency, monozygotic & dizygotic twins & siblings & friends living together & apart, 7131  
 hereditary component, response to double trapezium illusion, identical vs fraternal twin pairs, 2549  
 monoamine oxidase activity in platelets & plasma, monozygous vs dizygous twins, 2551  
 parental perceptions of identical vs fraternal twins, implications for comparable life experience assumption in twin studies, 8573  
 perceptions of likeness & attitudes toward being twin, like-sexed identical vs fraternal twins, 9049  
 reading disability concordance, monozygotic vs dizygotic twins, 1371  
**Heuristic Modeling**  
 learning on Course Assembly System & Tutorial Environment, exemplification of theory of conversation, 10104  
**Hexobarbital**  
 thiopropazine & trifluoperazine, motor activity & induced catalepsy & orienting response & motor coordination & narcotic effect of hexobarbital & amphetamine-induced stereotypies, male mice, 6587  
**Hibernation**  
 hibernation, memory & performance, squirrels, comment on M. C. McNamara & M. L. Riedel's report, 2664  
**Hidden Figures Test**  
 concurrent validity, Hidden Figures Test, 2113  
**High School Diplomas** (See Educational Degrees)  
**High School Students**  
 academic performance & behavior ratings & absenteeism & IQ differences, high school dropouts & graduates admitted to college, 7982

achievement values & cognitive style & social class, Peruvian vs U.S. male high school seniors, 8926  
 Adjective Check List, self-concept, creative high school students, 5-yr follow-up study, 7169  
 age & grade level & school program & sex & intelligence & social class, accuracy of self-knowledge of vocationally relevant attributes, high school students, 3977  
 age & high school program & GPA & socioeconomic characteristics, enrollment trends in universities & tertiary technical & vocational institutions, male vs female high school graduates in British Columbia, 11864  
 age increase, Pacific Vocational Interest Analysis scores, New Guinea high school students, 7893  
 anonymous vs name response condition, assessment of own vs school value systems & school satisfaction, males vs females attending single-sex high schools, 7952  
 attitudes about counselor role, 6th & 9th & 12th graders, 11959  
 authoritarianism & alienation, prediction of ethnic intolerance & drug use tolerance attitude change after changing schools, high school students, 873  
 background characteristics, change &/or stability of educational & vocational goals, college-bound & junior college & college students, longitudinal data, 11866  
 behavior problem frequency & cause & treatment, primary & secondary & special education students, report on 1967 1971 West German survey, 5427  
 beliefs in internal-external control of reinforcement, blacks in integrated vs segregated high schools, 2899  
 biographical information, aptitude & achievement in technical schools, 10th & 11th graders, 5898  
 birth order, need affiliation & school activity participation, urban vs rural male high school students, 1000  
 computer-based counseling system vs counselor-based system, course selection, 9th 11th graders, 3974  
 concurrent validity of scales of Study Attitudes & Methods Survey, prediction of high school GPA, female 12th graders, 6010  
 counseling & behavior modification, academic failure & anxiety, Indian high school boys, 3963  
 creativity vs intelligence, high school sophomores, 3911  
 differential reinforcement of low rates, classroom misbehavior, 11-yr-old trainable mental retardates & high school students, 11976  
 EEG classification & time of diagnosis of reading disabilities in elementary & junior high school students, high school reading performance, 11960  
 essay themes in school compositions, standard of living & life experiences, black vs white South African high school students, 808  
 experience & coding, recall of information gained by hand vs eye, congenitally blind & sighted blindfolded high school students, 9523  
 father's educational level & grades earned & post high-school plans & school activity participation & school enjoyment by student, perceived teacher effectiveness characteristics, high school students, 11936  
 father's occupation & education & family income & GPA, occupational aspirations, black vs white rural high school seniors, 3060  
 feedback, serial learning of nonsense syllables, male & female high school students, 10399  
 field trips vs lectures experience, vocational sophistication of occupational interests, slow learning high school students, 5950  
 first experiences, determining subjective states, high school students, 9121  
 functional measurement procedures & integration theory, moral judgment of criminal groups, high school & college students, comparison of C. H. Coombs's scales to L. L. Thurstone's 1927 paired-comparison scales, 5103  
 grammatical type vs semantic content of sentences, concept formation, high school students, 6241  
 group counseling, adjustment to new school, transfer high school students, 12034  
 high school career decision-making program development, 12th graders, 9987  
 humanistic psychology, measurement of student morale, high school students, 12015  
 impulsivity, specific delinquent behaviors, residents of minimum security correction camp & maximum security school & high school students, 7408

individual vs group counseling, realism of vocational choice, 11th & 12th graders, 8000  
 induced anxiety, incidental & intentional learning, high school students, 8348  
 interview vs group self-completion questionnaire concerning attitudes toward school & school objectives & interests & values, distinguishing dropouts from those remaining in school, secondary & grammar school students, 5964  
 item-race interaction on Preliminary Scholastic Aptitude Test, black vs white high school students, 3953  
 live vs filmed modeling, vocational aspiration modification, potential high school dropouts, 5978  
 manifest anxiety, scholastic achievement, 10th & 11th graders, 7976  
 mastery vs nonmastery instruction & feedback specificity, achievement & attitudes, high school students, 3879  
 mathematics education using structural apparatus vs traditional teaching methods, spatial ability, English primary & secondary school students, 5862  
 maturation age vs. perception of school environment, high school dropouts vs. graduates, 3958  
 mental & motor retardation, academic achievement & social attitudes, male high school students difficult to educate, 9937  
 mental abilities, intercorrelations among Holland's Vocational Preference Inventory scales, secondary school students, 9967  
 methods of D. T. Kenny vs B. I. Murstein vs M. F. Kaplan, ambiguity testing of TAT, high school girls, 3187  
 moral training for citizenship, vocational counseling, USSR high school students, 8008  
 motives for participating in public welfare activity, Byelorussian Republic 8th 10th graders, 7882  
 music as distraction, test-taking performance, 10th graders, 9929  
 musicality & intelligence scores, predicting choral achievement, 10th-12th graders, 11946  
 openness in school climate, sense of alienation, high school students, 5844  
 opportunities for creative thinking, Czechoslovakian high school physics & biology classes, 7899  
 per capita educational expenditure, reading & arithmetic achievement & IQ scores, 4th & 8th & 12th graders, 9932  
 perceived availability of drug in school, abuse of marihuana & LSD & barbiturates & amphetamine, junior high & high school students, 8990  
 perception of cross sections of solid planes, 6th vs 8th vs 10th graders, instructional implications, 1825  
 personality characteristics & school environments, grades & attitudes toward school, high school students, 7968  
 personality traits, reactions to simulated jobs, high school students, 8002  
 personality types & perceptions of occupational congruency, 11th & 12th graders, use of J. L. Holland's personality & environmental types, 3978  
 picture sequence augmented by verbal instruction in print &/or oral form, self-instruction of procedural skills in automobile repair task, vocational high school students, 3875  
 political knowledge vs political attitudes, political socialization process, younger vs older high school vs college students, 774  
 predictive validities of high school class rank & academic aptitude measures, students of low & high academic promise, 5982  
 prerecorded tapes & workbook programs, listening to oral communications, 2nd & 5th & 8th & 11th graders, 5882  
 presentation of single problems with no communality vs groups of related problems, diagnosing intellectual development, 2nd 10th graders, 7993  
 psychology classes based on Kohlberg's & Piaget's stage theories, ego development & psychological & moral education, high school students, 3874  
 pupil- vs teacher-centric, instructional pattern, student achievement & attitude change toward social studies mini-course & evaluation of teacher performance, high school students, 3903  
 race & subculture & sex, counselor preferences, male & female black & Appalachian & northern white 10 12th graders, 5997  
 race relations course, racialism, black vs white male vs female high school students from rural & urban areas in England, 9906  
 reading interest, black & Puerto Rican inner-city high school students, 5881  
 reliability & validity, study habits inventory, high school students, 5909

revision of scales from Learning Environment Inventory, individual perception of classroom environment vs estimates of opinions of class, 7th & 10th graders, 1788  
 satisfaction & dissatisfaction sources, academic achievement & personality & attitudes, 10-12th graders, 5896  
 scholastic aptitude testing, secondary school & higher education placement, students in New Guinea & Solomon Islands, 5979  
 school bureaucratization, alienation, 10th graders, 3829  
 science curriculum developments, attitudes toward science class, below average 9th & 10th graders, 3867  
 Self Focus Sentence Completion, egocentricity as response orientation or style, college & high school students & blue-collar workers & Peace Corps trainees, 5191  
 self-estimate ability of vocationally relevant attributes, adolescents, discussion of contradictory results in R. J. Tierney & A. Herman's & R. P. O'Hara & D. V. Tiedman's studies, 3976  
 self-reported delinquent behavior, rural 6th 12th graders vs urban males, test of Hirschi's control theory, 1331  
 sex & educational level, occupational value preference, high school students, 11962  
 social desirability halo effect, validity & discriminative capability of environmental assessment techniques based on student perceptions, high school students, 8012  
 socioeconomic status, diagnostic significance of healthy & unhealthy group Rorschach content, black & white upper & lower class high school students, 5370  
 structural isolation, paired associate learning, high school students, 8379  
 student unrest in past & present, implications for secondary-school counselors, 846  
 suburban & inner city & rural environments, knowledge of drugs & their effects, high school students & counselors, 9863  
 susceptibility to coaching, formats for mathematics test, high school students, 12007  
 teacher mobility & gesturing & pausing during lecture, students' recall, 4th 12th graders, 3925  
 teaching career planning vs encouraging career decisions, career counseling, high school students, 12013  
 test validity & reliability, multiple choice vs true-false tests, high school students, 12011  
 traditional teaching vs student self-selected problems solved in self-formed small groups, cognitive interest & attitude change toward subject, 10th grade biology students, 7920  
 Traditional Logic & the Venn Diagram: A Programmed Introduction, teaching effectiveness evaluation, high school & college students, 3852  
 transformational vs traditional grammar & inductive vs deductive teaching, structural complexity of essay writing, 10th graders, 1853  
 tutoring program, achievement level & attitudes towards others & self & education & future, black inner-city high school teenager, 7928  
 verbal & language ability, critical reading vs critical thinking, 5th vs 12th graders, 12009  
 vocational maturity & educational levels & IQ & verbal & nonverbal abilities & reading & mathematics achievement, perception of occupational prestige, 9th 12th graders, 8018  
**High School Teachers**  
 age & sex & teaching experience, attitudes toward modern approach in teaching, high school teachers, 7900  
 creative thinking workshop participation, high school department chairmen, 9866  
 degrees of acceptance vs. implementation vs. importance of counselor activity, perception of counselor role, high school counselors vs. teachers vs. principals, 1928  
 measurement of teaching efficiency, high school teachers, 11929  
 sex role, perceptions & attitudes, fostering & maintaining sex role differences in school, secondary school teachers, 1809  
 student characteristics, teacher preferences for students, junior high & high school teachers, 5841  
 teaching psychology in high school, methods & tests, book, 5867  
**High Schools**  
 adjustment for individual characteristics of large feeder high schools, predicting college achievement, college students, 6005  
 Classroom Environment Scale, measuring social interaction, junior high & senior high school classrooms, 3923

- stimuli from external world vs hormones, bases for animal behavior, implications for research in man's motivation, 10496
- subcutaneous insulin vs glucagon vs saline, altered recovery period after lateral hypothalamic lesions, rats, 8674
- Hospital Accreditation**

# Hospital Admission

# SUBJECT INDEX

# Hostility

patient satisfaction & community image & social system & inter-role perception, hospitals, 11857

**Hospital Admission** (See also Psychiatric Hospital Admission, Psychiatric Hospital Readmission)

day hospital admissions, 11850

empirical determination of space reservation policies, institutions for mentally retarded, 3806

**Hospital Attendants** (See Attendants (Institutions))

**Hospital Staff** (See Medical Personnel)

**Hospitalization** (See also Commitment (Psychiatric), Hospital Admission, Psychiatric Hospital Admission, Psychiatric Hospital Readmission, Psychiatric Hospitalization)

alternative treatment facilities to hospitalization, staff members vs hospitalized patients judgments, 7853

brief hospitalization for evaluation & planning, changes in behavior & learning problems, 11843

brief-hospitalization unit of hospital crisis intervention service, evaluation of patients & treatment services, 7865

emotional conflicts, Munchausen" syndrome & alcoholism, 54 yr old patient, 3459

global & multidimensional approach to illness, psychotherapeutic roles in hospital setting, hospital physicians & patients & medical team, 9838

hospitalization, oedipal reactions, 5-yr-old girl, 11251

intragroup prejudice, anxiety & disturbed behaviors, hospitalized adolescents, 9850

perceived stress levels of events related to hospitalization, development & testing of measurement tool, 11858

premorbid emotional & physical factors, adjustment during hospitalization, burn patients, 3796

psychotherapeutic action, allergies, hospital medical team, 9632

**Hospitalized Patients**

adenosine 3& 5-monophosphate, cerebrospinal fluid levels, 9 68 yr old hospitalized Ss suffering CNS & myopathic disorders & peripheral neuropathies, 5624

alternative treatment facilities to hospitalization, staff members vs hospitalized patients judgments, 7853

autobiographical account, illness, patient hospitalized at place of employment, 3285

behavior therapy in psychiatric hospital, schizophrenic & hebephrenic patients, 9729

behavioral type estimates of 2 short vs 2 long time intervals, serious suicide attempters vs geriatric vs normal hospitalized patients, 5295

comparison of error rates, MMPI profile classification vs prototype profiles, state hospital & private patients, 4108

demographic & personality traits, state hospital alcoholic patients, 9387

drug use patterns, French patients hospitalized during withdrawal, 7363

factor structure, Nurses' Observation Scale for In-patient Evaluation, male vs female patients, 3280

fluspirilene, hospitalized patients, 11607

global & multidimensional approach to illness, psychotherapeutic roles in hospital setting, hospital physicians & patients & medical team, 9838

health worker role, interaction with patients with emotional disturbances, book, 1772

i-dots consistency in handwriting, group-dependent vs self-sufficient & placid vs apprehensive scores on 16 PF, alcoholics & schizophrenic hospital patients, 3284

importance of aspects of physical care in response to physiological needs vs psychosocial vs medical care vs discharge preparation, hospitalized patients vs professional nurses, 3819

intensive care unit environment, psychological disturbance, intensive care vs conventional medical ward patients, 5801

item analysis, Revised Beta Examination scores, hospital & college student populations, 3579

levotryptophan & amitriptyline, depression, hospitalized patients, 9675

lithium carbonate convulsive disorders, state hospitalized patients, 1578

lithium treatment, EEG changes, 19 53 yr old hospitalized patients, 5635

MMPI changes, male alcoholic state hospital patients, 1959 71, 7379

naloxone, pentazocine dependence & withdrawal, hospitalized patients, 3660

Noveril & Noveril TR, hospitalized depressed patients, 11602

nurse-initiated social interaction vs passive staff observation, patients' frequency of social interaction & activity level, chronic schizophrenic patients, 3382

outcomes following short vs long stay inpatient treatment alcoholics, follow-up study, 3668

pimozide vs caripramine, schizophrenia, hospitalized schizophrenic patients, 11639

psychiatric nursing consultation, hospitalized burn victims, 11833

sex & socioeconomic status & race, publicly vs. privately hospitalized alcoholics, 1353

social rehabilitation program, long-term hospitalized patients, 11859

standard verbal conditioning, frequency of self-acceptance & acceptance of others, hospitalized psychiatric patients, 7682

symptoms & development, schizophreniform psychosis, hospitalized epileptics, 11500

Szondi test, psychosomatic profile, hospitalized patients, 11225

**Hospitals** (See also Psychiatric Hospitals)

aversion-conditioning hospital vs outpatient clinic vs half-way house vs police work center, population variation among alcoholism treatment facilities, 5720

consultation-liaison services, general hospitals, 9842

emergency rooms, crisis intervention, general hospitals, 9835

general systems model, psychiatric consultation problems & issues, general hospital, 3811

hospital-based special class & psychoactive drugs, classroom behavior & learning, 8 15 yr olds with learning disabilities, 9857

infant incubator & recovery room & acute-care unit noise levels, levels & potential health hazards, hospitals, 9839

intensive care unit environment, psychological disturbance, intensive care vs conventional medical ward patients, 5801

patient satisfaction & community image & social system & inter-role perception, hospitals, 11857

psychiatric consultation, 2 15 yr olds in children's hospital, 3812

systems approach, organization of psychiatric ambulatory care service in general hospital, 5818

**Hostility**

analytic perception & motivation & anxiety & visualization & hostility & dogmatism & academic success, architecture students, 5232

attention & exploration & self-assertion & dominance assertion & exploitation & hostility, aggression as hierarchy of behavior in relation to objects & other persons, 931

choice of nonsensical vs hostile-aggressive humor alternative for incomplete drawing, 4 & 5 yr olds, 9118

confinement to small room with no physical or verbal contact, anxiety chlorpromazine, hostility & depression, college students, 11336

extrapunitive & intropunitive hostility, suicidal attempts, females, 11376

frustration response categories, level of hostile expression, college students, 10494

frustration response categories, level of hostile expression, college students, 10495

Gottschalk-Gleser Content Analysis Scales, complex psychological states expressed through verbal behavior, college students & hospitalized psychiatric patients, 3384

Hand Test Acting Out Ratio, overt & experimentally induced aggression, college students, 5203

hostile discriminative stimulus, use of hostile verbs in group setting, high vs low anxious & hostile female college students, 3790

hostility & aggression, 355

hostility & emotional instability, correlates of psychoticism, 11265

hostility levels, perception of violence, college students, 11049

infertility & child abuse & abortion, maternal hostility toward children, case reports, 9360

level of resentment & suspicion, attitude toward violence, 16 64 yr old black & white males, 7050

low socioeconomic status & high crime & density & residential mobility & marital breakup & racial segregation, stress & suppressed hostility & skin color & blood pressure, black & white males in Detroit, 8927

neuroticism & introversion extroversion & hostility & aggression & liability to depression, idiopathic epileptics, 11489

personality factors, over- & undercontrolled hostility offenders, 5449

psychotherapy training, therapists' responses to client hostility, clinical psychology graduate students, 5269

sympathy vs resentment toward protagonist & degree of misfortune, humor appreciation, college students, 3099

- television violence, hostility levels, male vs female college students, 5205
- tension vs frustration vs hostility, somatic complaints, college students, 11492
- Hot Line Services**
- Brotherhood of Man, community based drug education & crisis intervention center, 7798
- descriptive study, volunteer hotline at university counseling center, 9791
- direct contact with referred crisis center clients, outcome success rates, 11759
- self-concept & personal orientation & self-disclosure, volunteer telephone counselors vs nonvolunteer college students, 7232
- suicide prevention service vs teen hot line, volunteers, 11778
- telephone & crisis intervention services, suicide prevention, 7797
- telephone services, assisting distressed & mentally ill, necessity for operating within frame of community agencies, 9799
- Housewives**
- advertising exposure, brand attitude change, housewives, 11121
- advertising, brand name awareness, housewives, 9995
- attitudes toward punishment & correction & sexual behavior, police vs white collar workers vs professionals vs housewives, 5081

- differential sex roles, psychiatric inpatient & outpatient care, women vs men, 3347
- disturbed social adaptation & IQ & Rorschach characteristics & Rosenzweig Picture Frustration Test results, female drug addicts, 1351
- early childhood experiences, achievement motivation, females, 10885
- early experience & childhood parental absence, depression & marital & family-building problems, women, 10898
- educational background, identity reformulation in marriage vs widowhood, women, 9120
- emotional stress & personality traits & psychosomatic obstetrics & gynecology, functional sterility, women, 11218
- employment problems & issues, minorities & disadvantaged & females, bibliography, 1965
- egalitarianism & antisexist attitudes, creativity, female college students, 3178
- factorial analysis, sentence completion test, 13 15 yr old girls, 5183
- family background & childhood experiences, development of prostitutional behavior, 20-46 yr old women suspected of prostitution & venereal disease, 5297
- family relationships & personality factors, medication abuse, middle-aged women, 10946
- female sex & single status & medical knowledge & hysterical personality features, self-induced hypoglycemia, 5526
- feminine psychosexual development in Freudian theory, professional commentary, 7135
- femininity of sex-role preferences & emotional responses, nonspre vs primary vs secondary spree alcoholic females, 3438
- flexed-arm hang test, arm & shoulder girdle endurance & grip strength, women, 2265
- foreclosure & achievement & moratorium & diffusion, identification history & ego-superego balance & psychosexual conflicts & defense mechanisms, female college seniors, 3179
- homicide rate, proportion of female victims, United Nations countries, 7387
- inconsiderations & loneliness & misunderstanding, residency in psychiatry, women, 11170
- job involvement & importance of work over family, job satisfaction, working wives, 1987
- Karen Horney, M.D., feminine psychology, book, 1095
- lack of psychological research on women & stereotyped views of women, psychologists, 2896
- late-treated adrenogenital syndrome, sexuality & educational level, females, 7521
- locus of control & ambiguity tolerance & authoritarianism & conformity, drug usage female college students, 10970
- lopremon, somatic symptoms & relaxation & mild euphoria & increased energy, normal females, 2654
- lopremon, thyrotropin & thyroid hormone elevation, normal females, 2636
- male vs female audience & anxiety level, gross motor skill learning & performance, female college students, 8297
- maternal employment & career preference, self-esteem & self-ratings of competence, college females, 10015
- maternal employment & educational attainment, sex-typed attributes, female college students, 4899
- medical & psychiatric correlates, violent behavior, female prisoners, 9362
- menopause, subjective health & sex & age identities & post- & grandparenthood, middle age females, 2825
- menstrual cycle, correlations between mood & weight & urinary potassium-sodium ratios, female 18-25 yr olds, renin-angiotensin-aldosterone hypothesis of premenstrual tension, 10566
- MMPI & internal-external control & Mooney Problem Check List scores, obese vs nonobese adolescent girls, 3413
- motivating factors in choosing traditionally male career, female engineering students, 12050
- multivariate model, stereotyped occupational aspirations, women, 7148
- muscular strength, motor performance, 20 64 yr old female divers, 6222
- number & specialization areas & work settings & hours, women psychiatrists, United States, 11206
- past & present issues & problems, women in psychiatry, American Psychiatric Association Task Force on Women, 11205
- perception of adequate income, socially appropriate behavior & marital roles, American housewife, 5013
- Persephone syndrome, conflict in adaptive process, married Greek female immigrants in U.S.A., 1229
- personal & vocational influences, identity building, preadolescent to adult females, book, 4875
- personality profile similarities, college & career women, 9086
- personality type, threatening suicide, women, 9391
- personality, 22 55 yr old Roman Catholic nuns vs female college students vs adults, 7137
- preoperative interview & 16 PF & Edwards Personal Preference Schedule, prediction of maladjustment vs adjustment after hysterectomy, 7805
- presence of audience vs co-action group, psychomotor task performance, female college students, 8143
- Psycho-Prophylactic Method, demand for medication & self-control, women in childbirth, 11518
- psychoanalysis, women, book, 1535
- psychoanalytic technique & feminine psychology, collection of writings of Annie Reich, book, 1544
- psychological & sociocultural aspects, alcoholism, male vs female patients in Chile, 11368
- psychosexual adjustment, unattractive women, 4897
- psychotherapy aimed at identifying maladaptive patterns, empirical study of content themes & reflection, depressed women, 5606

- reactions to tubal ligations for contraceptive reasons, females, reanalysis of 1949 1969 studies, 8985  
 relationship with father, anorexia nervosa, adolescent females, 11339  
 role of women, school psychology, 11867  
 Scholastic Aptitude Test scores, attitudes toward equality for women, college women, 3037  
 sex guilt, sex behavior, female college students, 5102  
 sex role identity, alcoholic vs normal women, 7420  
 sex roles, limiting achievement & motivation, female students, 10943  
 sex-guilt, responses to visual erotic stimulation, female college students, 10500  
 sexual experiences & reactions told to female psychotherapist, human females, book, 7039  
 short version of Spence-Helmreich Attitudes toward Women Scale, male & female students & their parents, 10152  
 size of breasts, aniseikonic perception of breast size, human females, 3163  
 social & cultural & religious practices & beliefs, menstrual distress, unmarried human females, 4418  
 social & interpersonal maladjustments, depression, women, longitudinal study, 1274  
 social acceptance & self-confidence & support from parents, black professional women, 6043  
 social psychological research, lack of women as Ss & generalization from 1 sex to other, 2895  
 social worker role, medical management of women requesting abortions at city hospital, 7045  
 socialization, sex role stereotypes, women, 2880  
 stereotyped attitudes toward average man & woman's attitudes toward women's role in society, college students, 8967  
 student attitudes & interest, need for college women's study program, 7915  
 supervision of adult male offenders, female probation & parole officers, 3793  
 SVIB for women, 1969 revision, 1960  
 temporal & spatial experience as reflected in verbalizations, multiparous women during labor, 10194  
 Thorne Femininity Scale, female sex identification measurement, female Ss, 3209  
 use of classification for problem solving, 26 46 vs 75 90 yr old women, 6904  
 wages & professional status & participation in politics & unions & social status & discrimination, working women in Great Britain & Scandinavia & Soviet Union & Eastern European Communist countries, book, 4000  
**Human Figures Drawing**  
 absolute & relative significant missing person & object drawing size, institutionalized orphans vs children from intact families, 2807  
 ascription of maturity from body proportion of outline human figure drawings, 3 5 yr olds, 762  
 body image as reflected in figure drawings, obese & average weight 7 & 10 & 13 yr old children, 5429  
 Canter Background Interference Procedure & Bender Gestalt Test & Draw-A-Man Test & Draw-A-Woman Test, assessment of developmental progress, Negro & Caucasian Head Start children, 5957  
 developmental differences, human figures drawing, 6 17 yr olds, 2803  
 Draw-a-Man Test, estimating intelligence, 5-9 yr olds, 8015  
 drawings of man, frustrated vs nonfrustrated 4 yr olds, 6828  
 human-figure drawing, perceptual-cognitive & personality development, Mexican & Anglo-American 8.7 17.7 yr olds, 10828  
 Machover Draw-A-Person Test, psychiatric diagnosis, book, 1493  
 objective scoring procedure, Bender-Gestalt & Draw-A-Person protocols, deaf, 9487  
 personality traits, color choices for House-Tree-Person drawings, college students, 9122  
 quantification of Bender-Gestalt & Draw-A-Person Test, deaf adults, 3510  
 self-drawing, indicator of nonintellectual aspects & potential Draw-A-Man scale form, 7 10 yr olds, 1118  
**Human Information Processes** (See Cognitive Processes)  
**Human Information Storage**  
 abstraction of linguistic ideas, replication of J. D. Bransford & J. J. Franks's experiment, 4283  
 age & item cue delay, storage & decay of spatial information, white middle-class kindergartners vs 3rd vs 6th graders vs college students, 4847  
 alcohol, immediate & short-term & long-term memory for words, medical students, 4611  
 amount of material presented & task difficulty, memory capacity & retrieval speed for pictures & words, 2427  
 anxiety avoidance & task complexity, information processing level, 10332  
 auditory vs visual presentation & syllabic word length, serial recall & postcategorical status of modality effect, college students, 335  
 bilateral or unilateral electroconvulsive therapy, errors in picture recognition, depressives vs normal student nurses, 11809  
 categorical cues & reference to task, recall, Korsakoff patients, 11453  
 categorization process development & retrieval cue use, long-term retention, 10436  
 celebrities' faces, tip-of-the-tongue phenomenon, college students, 10486  
 circular display with delayed indication marker, strength of perceived image of indicated item & derivation of time course of iconic memory, 333  
 coding information into characters vs extracting patterns, learning theory model, 6236  
 coding strategies & cerebral laterality effects, short-term recognition memory, college students, 10474  
 coding theory, learning-memory theory, 6232  
 cognitive activity & auditory signal detection, short-term memory decay with vs without rehearsal & transfer to long-term storage, college students, 10477  
 color patches vs names as visual stimuli & shadowing color names vs unrelated words, memory for physical & semantic properties of nonattended material, college students, evidence for post-iconic visual memory store, 6311  
 composite memory codes & code independence & modification of sampling probability over stimulus-defined retrieval search space, transfer phenomena, 6322  
 correlated operations, searching stored semantic categories, high school students, 2413  
 development of retrieval strategies, 3.5 6.5 yr olds, 10876  
 developmental differences, intake & storage of visual information, Ss with mean ages of 5.9 & 8.6 & 11.9 & 21.9 yrs, 2365  
 different stimulus ranges of circle sizes, amount of information transmitted, 2133  
 double encoding explanation, superior recall of pictures to names, 8 11 yr olds, 6306  
 encoding processes, recognition & recall, high school & college students, 10412  
 equipment scheme & design & synoptic plotting methods of conceiving information display devices, 12048  
 events as 2 instances of same word vs single occurrences of 2 different words, memory for spacing of repetitions, college students, 2401  
 experimental & preexperimental organization, word recognition, college students, evidence for 2 storage systems in long-term memory, 2399  
 high degrees of paired-associate learning, stimulus encoding selectivity, college students, 6269  
 human visual information extraction & storage processes, 6227  
 imagery vs dual encoding, picture superiority in free recall, college students, 10393  
 interference effects of card-sorting task, immediate & final free recall, college students, 6309  
 intrasentence word associations, sentence representation in short-term memory, college students, 8465  
 item familiarity, memory under free recall & recognition conditions, test of storage or retrieval & response availability & response bias explanations, 6314  
 linear orderings with essential adjacent pairs & distant remote pairs, processing strategies, college students, 6235  
 list length & delay vs meaningfulness & delay, primary vs recency effect in short-term memory, investigation of M. Glanzer & A. Cunitz's thesis on storage mechanisms in free recall, 327  
 low-frequency words, storage & retrieval, college students, 300  
 minitheory of memory load reduction, application to short-term memory for bivariate figures, 2425  
 neural system analysis, human information storage & retrieval, 4295  
 nonverbal distraction, short-term storage, college students, 8464  
 number of trials preceding recall task, recall in concept identification task, college students, 6248  
 organization of prose passages by country vs attribute vs random organization, storage & recall, college students, 2418

- position effect in visual display, short-term visual storage, college students, 149
- prior encoding, encoding & retrieval from long-term storage, college students, 199
- procedure for controlling word encodings, recognition memory of acoustic & semantic encoding, college students, 303
- process vs state models, higher order encoding, 6315
- reconstruction & verbal-description recall conditions, information processing from pictorial & word & sentence inputs, 8-yr-old Ss, 2350
- rhythmic groups & subjective chunks, short-term recognition-memory for melodic phrases, college students with musical training, 10435
- secondary adding task, semantic information storage, college students, 10459
- semantic & grammatical & physical word attributes, coding processes in human memory, 6334
- sentence specificity & semantic exploration, study-time of sentences & recall, college students, 316
- sequential or successive presentation of photographs & nonsense syllables, short-term memory for temporal order, 11 13 yr old deaf & normal children, 11484
- short term memory & carrier's linguistic organization, information pickup & processing & storage, educational psychology vs deaf students, 9455
- spacing of repetitions, picture memory, 6312
- spacing, storage & recall of compressed digits, college students, 10449
- storage & rehearsal & retrieval processes, recalling to-be-remembered words, college students, 2387
- storage mechanisms, recall, 2397
- trace strength vs. multiple-trace vs. numerical inference vs. multiple-process models of representational process underlying storage of frequency information, 311
- uncertainty effects, time to access internal lexicon, 181
- visual & verbal coding, interhemispheric transfer of information, 8491
- visual presentation of geometric figure vs name of figure, memory, college students, 10444
- Human Males**
- ad lib alcohol consumption, urinary testosterone glucuronide excretions & 17-ketosteroid, laboratory technicians vs male alcoholics, 3406
- adults life cycle, 18 50 yr old males, longitudinal study, 2830
- age, mastery style differences on TAT, 35 95 yr old Navajo men, 6908
- analogy of observable data & theoretical variables & concepts of personality with conceptual scheme of truncated pyramid, aggression origins, school boys, 9128
- attitudes toward childrearing & quality of childhood experiences, agreement with women's liberation, male & female college students & women in continuing education, 5006
- Christian conservatism vs liberalism, sociopolitical status quo vs change orientation & liberal vs conservative political party preference, white male 25 50 yr old male heads-of-households from semirural area, 8941
- chromosome abnormality, criminal behavior, male mentally ill inpatients, 3513
- demographic variables & perception of self & mother & preferred femininity in dating partners, perceptions of women, male college students, 1002
- family background & behavior problems & personality defects & psychic insufficiencies, relapse of drunkenness non-asocial 14 17 yr old boys, 9406
- level of resentment & suspicion, attitude toward violence, 16 64 yr old black & white males, 7050
- low socioeconomic status & high crime & density & residential mobility & marital breakup & racial segregation, stress & suppressed hostility & skin color & blood pressure, black & white males in Detroit, 8927
- marihuana & D-tetrahydrocannabinol, airway conductance & pulmonary function, 21 30 yr old experienced male marihuana users, 6672
- play patterns measurement on parent-report Games Inventory, normal & gender-deviant boys, 6812
- REM & other sleep stages, luteinizing & follicle stimulating & growth hormone secretions, normal adult men, 8565
- rigidity & anxiety, religiosity, male graduate students, 11123
- ritual circumcision, castration anxiety, Turkish male college students vs nurses aides vs psychiatric patients vs 2.5 11 yr olds, 5361
- sex reassignment consequences, male transsexuals, 1732
- sex-role identification characteristics & manifest anxiety, attitudes towards hair spray, male college students, 2919
- sleep deprivation, performance of high & low energy-expenditure, healthy male adults, 8147
- supervision of adult male offenders, female probation & parole officers, 3793
- SVIB for men, 1954
- wearing tie, reactions to stranger, middle-class British males, 9034
- XXY syndrome, childhood behavior difficulties, 6 58 yr old males, 9218
- Human Migration**
- adjustment to industrial society, Mexican-American & Negro migrants to urban community, book, 900
- conservation of number & length in Greek vs English, Greek migrant 6 11 yr olds attending Australian English speaking schools, 6854
- environment moves & relocations, 6957
- intellectual level & social maturity & emotional balance & decision making strategy & stereotypic supremacy, 6 7 yr old Italian migrants from North vs Central vs South Italy, 4965
- life changes produced by migration & subsequent acculturation, transient diabetes mellitus, case report, 9501
- methodological problems with Q-sort technique measurement, acculturation & value conflict, urbanizing Dakota Indians, 2905
- migration to metropolis, adjustment, residents of Peru, 10978
- uprooting & resettlement from native countries, Nazi concentration camp survivors, book, 2940
- values & ethnocentrism, Ukrainian migrant vs Australian students vs parents, 2847
- Human Sex Differences** (See also Sex Linked Developmental Differences)
- age & grade level & school program & sex & intelligence & social class, accuracy of self-knowledge of vocationally relevant attributes, high school students, 3977
- age & high school program & GPA & socioeconomic characteristics, enrollment trends in universities & tertiary technical & vocational institutions, male vs female high school graduates in British Columbia, 11864
- age & race of Ss & E's sex, sex role preference, black & white 6- & 9- & 12-yr-old girls, 858
- age & sex & diagnostic group, relationship between pleasant activities & mood, 18 29 & 30 49 & over 50 yr old depressed vs nondepressed psychiatric patients vs normals, 7294
- age & sex & drug type & social class & school or work type & family structure & atmosphere & clinical symptoms, adolescent drug users, 7415
- age & sex & educational & cultural level, psychosocial analysis of aesthetical choices of reproductions of paintings, purchasers of artistic reproductions, 7094
- age & sex & educational level, perceptual suggestibility, male & female 8 17 yr olds, 10888
- age & sex & exposure to building, sensitivity to aesthetic features of work environment, 9083
- age & sex & institutionalization, performance on Children's Embedded Figures Test, aged, 2827
- age & sex & presentation rate, speech comprehension, kindergartners vs 2nd graders, 8884
- age & sex & rod size & position, kinesthetic figural aftereffect, 13 & 21 yr olds, 10881
- age & sex & social influences, perception of sex roles & cooperation readiness, 4th & 6th graders with female teachers, 11065
- age & sex & socioeconomic status, development of visual aesthetic preferences, 3 & 7 yr olds, 4842
- age & sex & tonal acculturation, melodic perception & discrimination, 5 10 yr olds, 4186
- age & sex & type of school & family background, direction of thought, adolescents, 2787
- age & sex differences, independent decision-making & resistance to nonobjective influences, 3rd & 5th & 7th & 9th graders, 10330
- age & sex differences, things vs self vs other mental orientation, 8 99 yr olds, 4873
- age & sex, moderating effects on association between 1-3/3-1 MMPI profiles & medical diagnoses to differentiate between functional & organic diagnoses, medical patients, 3211
- age group & sex, color preference, 8 62 yr olds, 7109

- anxiety-proneness & perceptual mode & sex & stress, temporal course of contingent negative variation, young adults, 6419
- anxiety-proneness & sex & perceptual mode, contingent negative variation reactivity in responding & nonresponding conditions, 4349
- applicants' sex & tenseness & S's sex, acceptance of mental patient job applicants, female department store workers & male & female hospital employees, 9028
- attitudes toward newcomers of same vs opposite sex, male vs female Swedish 4th vs 5th graders, 9051
- attitudes towards family & parents & authority, male vs female criminals, 7414
- attraction toward opposite sex, physical proximity, college students, 965
- balance vs pendulum vs correlations vs conservation of density formal thinking tasks vs Torrance Tests of Creative Thinking verbal & figural sections, male vs female college students, 4274
- beardedness & sex & geographic information, social perception, college students in Tennessee, 9011
- behavioral & fantasied indicators, avoidance of success, male vs female high school students, 5221
- biology, behavior & differences between men & women, reply to C. Morell's criticism, 11144
- biosocial characteristics, male vs female psychiatric patients in India, 5362
- birth order & sex, smoking behavior, adults over 25 yrs of age, 2930
- catecholamine excretion & blood-alcohol level, alcohol-induced changes in mood & activation, males vs females, 2629
- category width & sex, decision making on auditory detection task & errors, college students, 8412
- change in instructional demands & sex, cognitive responses to stress, college students, replication of M. J. Horowitz & S. Becker's study, 8322
- children's version of Khatena Test of Onomatopoeia & Images, personal vs direct vs symbolic vs fantasy analogy & simple vs complex image patterns, male vs female 3rd 12th graders, 4853
- cognitive correlates, under- & overachievement in reading, rural black vs white 1st graders, 3884
- communicator's social role & perceiver's sex & occupational orientation & personality traits, perception of gilding, college students, 5094
- conceptual impairment, mothers vs fathers of 18 30 yr old male poor-premorbid schizophrenics, 9353
- counselor sex & race & language style, client satisfaction & depth of exploration in initial interviews, black students in university program for disadvantaged, 7996
- cultural & sexual differences, judgment of criminal offenses, male vs female Chinese Ss, replication of Sellin & Wolfgang's study, 10965
- cultural pressures toward conformity, eye hand dominance & cognitive style, male vs female Temne & Arunta Ss, 4926
- dependency & guilt about hostility & powerlessness feelings, attitudes toward death, male vs female college students, 6919
- differential patterns for men & women, intellectual correlates of total score on Minnesota Percepto-Diagnostic Test & WAIS, adult epileptics, 9508
- driver sex & status, horn-honking behavior, 7004
- duration & frequency of alertness, male vs female 13 97 hr old neonates, 4839
- educational level & sex, mental illness, urban Lebanese psychiatric patients, 5342
- extraversion vs neuroticism scores on Eysenck Personality Inventory, psychological illness development, male vs female college students at enrollment vs 2 yrs later, 7282
- extremity of initial offer & rate of concession, reactions to demand to win in programed bargaining schedules from opposite sex opponent, male vs female college students, 5078
- factor analysis in addition to contrasted groups, male-female item inventory construction, 3191
- factor structure, Nurses' Observation Scale for In-patient Evaluation, male vs female patients, 3280
- factors associated with suicide including academic specialization, male vs female American & European university students vs nonstudent peers, 9367
- father absence or death & sex & race & religion & class standing & concern for academic sufficiency & parental educational level, suicide, college students, 9393
- feedback & sex & race, acquisition & retention of pursuit rotor performance, black & white retarded vs normal 11 12 yr olds with equal practice to equated mean level of performance, 3488
- field dependence & sex, form discrimination, college students, 120
- field-dependence & sex & verbal reinforcement, conformity, disadvantaged preschool children, 1066
- financial vs. academic vs. personal vs. extracurricular vs. health vs. living arrangements as reasons for university withdrawal, male vs. female college students in professional vs. nonprofessional programs, 1792
- hippie vs straight appearance & sex of shoplifter & sex of customer, reactions to shoplifting, 1364
- homogeneity indices, test responses, 4101
- humorous vs serious TV commercials & sex of person in commercial, attraction to person in commercial, male vs female viewers, 7049
- inherent temperamental differences between sexes, feminist criticism of R. May's Love and Will, 11148
- injury level & sex & race & intelligence & academic achievement, incidence of decubitus ulcers, patients with spinal cord injuries, 11443
- interaction format & memory aid & sex & problems, dyadic concept attainment, college students, 10385
- internal-external control dimensions & sex, academic achievement, college students, 3889
- IQ & sex & father's occupation & adjustment, drug attitudes after drug prevention education program, 7th graders, 1816
- IQ, reading achievement, male vs female left- vs right-handed 3rd 12th graders, 9925
- knowledge of results, dynamic visual stereo acuity, male vs female college students, 2247
- language & clothing & sex & ethnic group of E, altruism & language of S, Spanish-American Ss, 11034
- leader behaviors, male vs female civilian supervisors in U.S. Air Force, 4038
- left-right discrimination difficulty, men vs women, 4176
- major field & sex, ability & academic strategy measures, successful & unsuccessful college students, 11944
- male vs female voluntary social organizations, 2924
- marital status & socioeconomic status & urbanization & birth order & educational levels & sex, repression-sensitization, college students, 5224
- moral appeal vs sanction threat, deterrence of classroom cheating, male vs female college students, 1791
- movement toward equalizing treatment of sexes, preferences for sex of offspring, male vs female college students in 1973 vs 1954, 8979
- Multidimensional Assessment of Gains in School test validity, noncognitive academic factor measurement, disadvantaged male vs female 5th graders, 5975
- no vs 1 vs 10 student vs 1 vs 10 staff signatures on list & E vs S sex, signing up for psychological experiment, college students, 6105
- note-taking & review, recall, male vs female college students, 11941
- Ohio State University Psychological Test & Cooperative English Tests & Guilford-Zimmerman Temperament Survey & Minnesota Teacher Attitude Inventory, male vs female counselor & supervisor & teacher candidates, 5831
- perceived personality of player & sex & severity of conflict, behavior in mixed-motive game & cooperation, college students, 5039
- perceived sex differences, equity & attribution, college students, 7092
- perceptual & cognitive & emotional stimulation, sexual fantasies, males vs females, 5175
- perceptual tempo manipulated by instructions to use reflective vs impulsive responding style, visual perceptual accuracy, black vs white male vs female 7 12 yr old educable mental retardates, 9446
- personality characteristics & sex differences, preferences in experiments, college students, 6342
- physiological & personality correlates, responses to questionnaire on night & daytime sleep while experiencing sleep disturbances through 4 airplane noise levels, male vs female 19 24 yr olds, 10577
- practice & individual differences & sex differences, response times in adding & multiplying single digit numbers, college students, 8347
- prior exposure to initial request of small vs moderate magnitude & sex of requester, subsequent willingness to comply with larger request, 9026
- Prisoner's Dilemma Game, behavioral differences, men vs women, 7017

- productivity & fatigue, men vs women in identical jobs, 4007  
 prolonged dark adaptation, autokinetic movement, male vs female college students, 2250  
 psychological differences, performance in scientific potentiality, male vs female students, 7134  
 psychosexual interests, Draw-a-Person Test performance, male vs female high vs low T-scores on MMPI Masculinity-Femininity scale, 3196  
 race & sex, helping dependent deaf persons, black & white potential helpers & pretending to be deaf, 11015  
 race relations course, racialism, black vs white male vs female high school students from rural & urban areas in England, 9906  
 rated importance of job characteristics, is there " & should be" responses on Porter Need Satisfaction Questionnaire, male managerial personnel vs female clerical workers, 4032  
 rating importance of job characteristics, male vs female business college graduates in large insurance company, 4026  
 reactions to pornographic literature, male vs female college students over 21 yrs of age, 978  
 regular vs special education classroom placement, WISC & reading achievement, male vs female brain-injured vs educable mentally retarded vs psychologically evaluated elementary school students, 9947  
 reinforcement condition & base preference & base rate levels in 2-choice marble dropping task, base preference ratio & base rate & preference ratio & rate change, male vs female 4 yr olds, 10813  
 reliability & validity & factorial structure & sex & population differences & correlations with personality scales, self-assessment measures of fear, 2450  
 repetitive visits to nurse's office, dependency, male vs female elementary school children, 3214  
 self-actualization & autonomy & esteem & social interaction & security needs, importance to Ss & fulfillment in job, male vs female state vs federal government executives, 8055  
 self-concept, preference for abstract vs relational thinking style & conformist vs nonconformist position in insoluble problems, male vs female college students, 7170  
 self-other orientations, male vs female European-English vs European-French vs English-Canadian vs French-Canadian 11 13 yr olds, 4939  
 sex & ability level, institutionalized retarded classified as hyperactive vs nonhyperactive, 5482  
 sex & achievement values, internal vs external locus of control, high school students in India, 7173  
 sex & age & dependency, suicide & homicide incidence, 5421  
 sex & age & driving experience & place of registration & condition of vehicle, driving speed in suburban areas, 3990  
 sex & age & educational level & length of hospitalization, treatment preferences, psychiatric patients, 7568  
 sex & age & marital status & religious affiliation, blood alcohol concentrations, patients admitted to hospital emergency service, 1782  
 sex & age & marital status, distress behaviors, parasuicides vs clients calling suicide prevention hotline, 5754  
 sex & age & race, pain tolerance, 20 70 yr old black & white & oriental adults, 2159  
 sex & age & socioeconomic status & severity of disease & financial resources, adaptation to stress, patients undergoing hemodialysis, 7806  
 sex & age differences, calculation of androgyny score from biacromial & bi-iliac diameters, 20 90 yr olds, 792  
 sex & age, suicidal action, chronic depressives, 1269  
 sex & anxiety, cardiovascular responses during habituation to auditory stimulus & mental activity, adults, 6458  
 sex & aspiration level, perceptual discrimination, college students, 8175  
 sex & birth order & diagnosis & age of sibs, psychiatric patients, exploratory study, 7315  
 sex & chronicity, depression, 11338  
 sex & class year & GPA & class size testing early vs late in semester, student evaluations of instructor as measured by Instructor Evaluation Questionnaire, college students, 8006  
 sex & competition & ability, perceptual motor task, college students, 6221  
 sex & competitive vs noncompetitive instructions & presence vs absence of social stimulation, simple motor performance, educable mentally retarded, 5481  
 sex & dependency cues, helping on highway, 11050  
 sex & dependency level of E, helpful behavior toward E, Ss in shopping center, 985  
 sex & educational level, occupational value preference, high school students, 11962  
 sex & individual differences, pure tone threshold & loudness judgment & pitch discrimination & annoyance of repeating stimulus, 8205  
 sex & locus of control, romantic love, college students, 11000  
 sex & locus of control, self-disclosure of public & private information to parents & friends, college students, 9019  
 sex & marital status & age & number of dependents & receipt of public assistance & occupation & educational level & employment plan, counseling quantity & quality, black 18-35 yr old employment service clients, 12063  
 sex & marital status & social class & work maladjustment, transsexuals in England, 1333  
 sex & need to avoid success, verbal mediation of E bias, 2451  
 sex & needs for social approval, self disclosure, college students, 11039  
 sex & race & age & socioeconomic status & settings, touching in public, white college students, 9007  
 sex & race & inconsistency type & variations between officers & enlistees, consistency & accuracy in survey responses, Navy personnel, 3982  
 sex & social background, speech impairment, national sample of 7 yr. olds, 1412  
 sex & social class differences, work values, 6th graders, 5976  
 sex & socioeconomic status & race, publicly vs. privately hospitalized alcoholics, 1353  
 sex & test anxiety & mathematical aptitude & sociability & achievement motivation & flexibility & attitude & dominance, computer-assisted-instruction performance, college students, 3869  
 sex & time, doctor's & self-ratings & test ratings of depression, depressed patients, 7328  
 sex differences & familiarity, emotional responses to classical music, male vs female college students, 8478  
 sex differences & grade failure & good behavior, adjustment & motor activity & peer acceptance & intellectual ability & academic performance & need for special educational help, 6-11 yr olds, 3826  
 sex differences & long-term family disturbance, short period in foster-care & children's home, antisocial & psychiatric disordered, 10 11 yr old boys, 1309  
 sex differences & personality, color preferences, gifted adolescents, 5167  
 sex differences & years experience & selection procedures, state agency supervision, state rehabilitation agency administrative vs casework supervisors, 1742  
 sex differences & IQ, need for achievement & school achievement, 7th graders, Norway, 11943  
 sex differences auto- & heteroperceptions of desirability of personality dimensions, American vs German college students, 11026  
 sex differences in aggression, preference for televised contact sports, male vs female 3rd graders, 4890  
 sex differences in behavior & organization of oral behavior, full-term Caucasian neonates, 710  
 sex differences, advisor-student communication patterns, male vs female graduate students, 7896  
 sex differences, interpersonal perception, male vs female dyads, 9052  
 sex differences, interrelationships of authoritarianism & anxiety & creative attitudes & preference for complex polygons & scores on Barron-Welsh Art Scale, college students, 3159  
 sex differences, lateralities, college students, 8153  
 sex differences, learning illustrated materials, 4th & 5th graders, 6280  
 sex differences, neuroticism, college students & teacher trainees, 9088  
 sex differences, open-ended responses to Rokeach Dogmatism Scale, male & female college students, 3218  
 sex differences, predictability of academic achievement, college students, 9926  
 sex differences, response to sexually explicit slides & projection of response, male vs female college students, 2447  
 sex differences, self-concept, 4th & 6th graders, 3150  
 sex differences, sensory sensitivity, 6164  
 sex differences, sex-role stereotypes & self-concept, American & Chinese college students, 5206

- sex differences, signal detection & false alarms on visual monitoring task, college students, 10484
- sex differences, status & attitudes towards modernization, Turkish Ss, 11055
- sex differences, stereotyping in perception of female physiques, male vs female college students, 3074
- sex differences, suicide rate, Swedish psychiatric patients, follow-up study, 5439
- sex differences, short-term time estimation, college students, 8189
- sex of elementary school teacher, sex-role identification of child, 5846
- sex of group & instructions encouraging leader decision delegation to group vs restricting delegating power, group performance & leader group interaction, 4-person groups replication of N. R. Maier & J. A. Thurber's study, 9020
- sex of stimulus person & questions asked, person perception, college students, 9045
- sex of stimulus person, ratings of competence & intelligence, male & female college students, 2284
- sex ratio in relatives, patients hospitalized for mania or depression, 5313
- sibling sex & birth order, vocational interest, male college students, 4888
- situational variables & sex & appearance of requester, compliance to request, hip vs straight female college students, replication & extension of B. Latane's study, 3052
- social position & sex & race & education & age, self-derogation, adults, 9116
- social structure & age & sex & educational level, attitudes toward mental illness, inhabitants of agricultural vs industrialized community, Finland, 5004
- socioeconomic status & parental punishment & IQ & sex, aggressive behavior, 3 & 5 & 7 & 9 yr olds, longitudinal study, 2821
- stereotypes regarding sex-appropriate behavior for 2 yr olds, male vs female 20 25 yr olds, 4887
- subjective vs objective communications, responsibility attribution in stories concerning justifiable homicide, males vs females, implication for jury processes, 10959
- task ambiguity & sex & ability & task success, self-reinforcement rates, 7th graders, 270
- television violence, hostility levels, male vs female college students, 5205
- Torrance Tests of Creative Thinking during high school & autobiographical information, prediction of adult creative achievement, gifted women vs men, longitudinal study, 5237
- trait anxiety & sex, state anxiety in quasi-clinical situation, college students, 11314
- TV viewing habits, male vs female 3 vs 4 vs 5 yr olds from upper socioeconomic backgrounds in New Zealand, implications for language development & learning, 10851
- types of reactions & situations evoking reactions, anxiety patterns, high- vs low-anxiety male vs female 15 17 yr olds, 3320
- videotape feedback as psychotherapeutic nursing approach, dependency & convalescent leave placement & success, male vs female 20 63 yr old long-term psychiatric patients, 11827
- vivid vs poor visual imagery, recall of colored photographs, male vs female high school & college students, 319
- written dialogue, disclosing bad news to best friend, male vs female college students, 962
- Humanism**
- competition & interpersonal intolerance & pressures toward uniformity, development of humanistic norms in small groups in free-schools, 6 12 yr olds, 1811
- critical analysis of psychoanalytic & behavior modification models of personality, need for human psychology, 3155
- dialog & mutual self-disclosure, humanistic approach to psychological research, 10124
- historical context of phenomenological & existential & humanistic psychologies, aid to psychology students, book, 27
- humanistic education emphasizing affective learning, training in group skills, counselors, 5257
- humanistic orientation, community-oriented guidance specialists, 7224
- humanistic personality theory, 1113
- humanistic psychological thought, book, 36
- humanistic psychology, measurement of student morale, high school students, 12015
- humanistic psychology, psychotherapy, 3601
- humanistic treatment philosophy, innovative drug programs, 11635
- humanistic vs antihumanistic characteristics, behavior modification, 7728
- humanistic-existentialism approach, counseling & psychiatric occupational therapy, 7822
- humanization of undergraduate psychology courses, book, 9878
- interrelationships between humanistic psychology & parapsychology, 10125
- psychological training group seminar, attaining more humanistic attitudes towards patients, medical students, 9158
- scientist & humanist vs family of specialization models, personality research, 1099
- theoretical framework for humanistic psychology, psychologist as researcher & practitioner, book, 1166
- Western humanism & political liberalism, psychiatric training, 1148
- Humor** (See also Cartoons (Humor), Jokes)
- arousal, appreciation for varied degrees of sex-relevant humor, college students, 426
- birth order, overt appreciation of humor in individual vs group situation, college students, 7080
- choice of nonsensical vs hostile-aggressive humor alternative for incomplete drawing, 4 & 5 yr olds, 9118
- conservatism, response to humor, 3140
- counterconditioning & cognitive mediational processes using humor, anger responses, 22-yr-old woman, 5726
- humorous vs serious TV commercials & sex of person in commercial, attraction to person in commercial, male vs female viewers, 7049
- identification classes, humor judgments, pro-Canadian Canadians & pro-American Americans, 7110
- incongruity & resolution humor theory, development of appreciation of verbal jokes, 6 & 8 & 10 & 12 yr olds, 10838
- joking & humor, vernacular systems of socialization & normative work behavior patterns, 981
- laughter, infants, 4312
- movement & laughing & smiling to recordings of B. Cosby vs D. Rickles, groups of strangers vs mutual friends, 11099
- power vs achievement motivation in comic stories, Panamanian magazines, implications for economic development, 7102
- psychology of humor, book, 1028
- reference groups & identification classes, research in humor judgments, 1039
- sense of humor & humor characteristics, children vs adults, implications for children's literature, 356
- sex-role identification, humor based on sex-inappropriate behavior, 3-5 yr olds, 6878
- sympathy vs resentment toward protagonist & degree of misfortune, humor appreciation, college students, 3099
- weight & food deprivation, humor ratings of food-related & neutral & hostile cartoons, obese & normal-weighted college students, 2438
- Hungary**
- cultural & psychosocial factors, abortion-seeking behavior, Czechoslovakia & Hungary vs United States, 815
- Hunger**
- early hunger & thirst & mother litter separation, late effects on learning & memory, male rats, 10754
- hunger & experience in mouse killing vs nonkilling experience, social facilitation & inhibition of hunger-induced mouse & rat killing, rats, 6790
- physiological drives, hunger & thirst & thermoregulation & oxygen balance, 407
- Huntington's Chorea**
- biochemistry, Huntington's chorea, 7492
- family support & counseling, Huntington's disease, role of genetic counselor, 7790
- issues & ethics, genetic counseling, Huntington's disease families, 7777
- pharmacology of striatum & pathophysiology, Parkinsonism & chorea & tardive dyskinesia, 7518
- ultrastructure & histochemistry, Creutzfeldt-Jakob disease & Alzheimers disease & senile dementia & Picks & Huntington's disease, 7543
- Hybrids (Biology)**
- definitions & statistical analyses & behavioral data, genetic homeostasis, 4431
- Mendelian genetic analysis & diallel cross study, nest-building, inbred mice, 4434
- Hydrocephaly**

- aggressive dementia associated with normal pressure hydrocephalus, middle-aged & elderly men, case reports, 1190
- Hydrocortisone**
- ACTH & hydrocortisone, open-field behavior & habituation & passive avoidance learning, adrenalectomized & normal rats, 2645
- amphetamine & centrophoxene & echinopsine & bemegride & hydrocortisone & pyridoxine, ethyl alcohol action, rabbits & mice, 10688
- anticipation of exhausting vs milder degrees of muscular exercise, plasma cortisol vs norepinephrine vs epinephrine levels, 4411
- blood sample analysis, plasma cortisol levels, Nigerian schizophrenics & other psychiatric patients, 5303
- cortisol & stress, liver pyrrolase & brain 5-hydroxy-tryptamine, rats, implications for affective disorders, 2522
- examination stress, cortisol & emotionality & cholesterol & self-rating of success & uric acid concentrations, medical students, 10488
- sex & birthweight & Apgar score & circumcision & behavioral state, plasma cortisol levels, full-term 3 day olds, 10589
- Hydroxylases**
- cold pressor test & exercise & tilt & stress, plasma dopamine- $\beta$ -hydroxylase activity, 18 20 yr olds, 431
- dopamine- $\beta$ -hydroxylase activity in blood, normal 6-12 yr olds vs adults, 4424
- dopamine- $\beta$ -hydroxylase deficits in brain, schizophrenics, 3390
- estradiol, inhibition of  $\beta$  dopamine hydroxylase in anterior diencephalon where norepinephrine sensitive neurons activate feeding behavior, rats, 4659
- Hydroxytryptamine (5-)** (See Serotonin)
- Hydroxyzine**
- haloperidol vs mesoridazine vs hydroxyzine, treatment of alcohol withdrawal syndrome & delirium tremens, alcoholics, 3654
- Hygiene** (See Health)
- Hyoscyne** (See Scopolamine)
- Hyoscyamine (Dl-)** (See Atropine)
- Hyperactivity** (See Hyperkinesia)
- Hyperkinesia**
- a-methyl-para-tyrosine & reserpine & levodopa induced catecholamine depletion, hyperactivity, neonatal rats, 8684
- activity group with other children serving as monitors, therapy model for facilitating self-regulation, hyperactive children, 7679
- activity recorder, validation of teacher observation of hyperactivity in play & classroom behavior, 9985
- alpha training, behavior modification, hyperkinetic children, 11719
- amphetamine as model for hyperactivity, rats, 10687
- amphetamine, hyperkinesia & narcolepsy & fatigue & obesity & depression, 1572
- amphetamines & ritalin, behavior modification, hyperkinetic children, 7629
- behavior modification program, hyperactivity in classroom, 9 yr olds in elementary art class, 5884
- bipolar vs unipolar affective disorder among parents & 2nd-degree relatives, hyperactivity, children, 5381
- brief vs sustained attention, hyperactive vs normal children, 5445
- caffeine vs methylphenidate or dextroamphetamine, minimal brain dysfunction syndrome, hyperkinetic 7 8 yr olds, 3662
- chronic lead ingestion, retardation of growth & development, mice, 8744
- D-tubocurarine-induced choreiform activity, biochemical & behavioral correlates of model of human hyperkinetic syndrome, cats, 4510
- defensive hyperactivity, learning disabilities, 9444
- dextropropranolol & racemic propranolol & practolol, isolation-induced hyperactivity, rats, 2653
- exposure to lead carbonate, hyperactivity & brain catecholamines, neonatal rats, 10698
- field dependence independence, reflective-impulsive vs hyperactive 2nd & 3rd grade boys & mothers, 3277
- fluphenazine enanthate, aggressiveness & hyperactivity & loose associative thinking & auditory hallucinations, chronic paranoid & undifferentiated schizophrenics, 5621
- guidelines for parents & teachers, raising hyperactive children, book, 1501
- haloperidol, mentally retarded behaviorally disordered & hyperkinetic patients, 11626
- hyperkinetic classification, girls vs boys followed from 2nd to 5th grade, 3282
- learning disabilities & behavior & emotional problems, manifestations of allergic conditions, school children, 9500
- lithium carbonate, hyperactivity, children, 1585
- methylphenidate, neurological examinations & EEG findings & behavioral responses, hyperactive 5 10 yr old boys, 9694
- neurophysiologic proposal for amphetamine response, hyperkinetic children, 3630
- novel contingencies & directive teaching, controlling rough physical behavior in classroom, 6 yr old hyperactive boy, 11909
- operant conditioning & systematic desensitization, hyperkinetic asthmatic 6-yr-old boy, 3709
- parent & therapist examination of videotape feedback of parent-child interactions, treatment of hyperkinetic children, 3580
- parental operant conditioning, bowel movements & hyperactivity, 6 yr old, 3686
- personality characteristics & clinical observations of fathers, children with hyperkinetic syndrome, 9205
- proper usage, labeling of hyperkinetic, children, 7259
- psychiatric status of legal families of adopted hyperactive children, 3358
- rapid increases & abrupt discontinuation of serotonin precursor 5-hydroxytryptophan, nausea & diastolic hypotension & hyperkinetic syndrome, phenothiazine-resistant chronic schizophrenics, 9707
- relatives with hyperactive childhoods or presently alcoholic, hyperactivity, children, 3288
- rhythmic photostimulation, monkeys with hyperkinesia of postencephalic genesis, 4391
- self-perceptions vs reports from mothers, 12 16 yr olds earlier diagnosed as hyperactive, 9421
- sex & ability level, institutionalized retarded classified as hyperactive vs nonhyperactive, 5482
- single vs multiple daily doses of methylphenidate or dextroamphetamine, 6 14 yr old hyperactive children, 7662
- stimulants, hyperactivity, children, 11678
- visual perceptual ability testing, psychodiagnosis of birth & EEG abnormalities & hyperactivity &/or distractibility, reading-retarded children with high vs low visual perception, 3467
- Hyperparathyroidism** (See Parathyroid Disorders)
- Hyperphagia**
- damage to noradrenergic system, overeating & obesity, rats, 5497
- goldthiogluconate-induced hypothalamic lesions, hyperphagia & body weight gains, male vs female rats, 8657
- intrahypothalamic implants of mercury thiogluconate, hyperphagia, rats, 6569
- lipostatic mechanism, role in regulation by feeding of energy balance, normal & hyperphagic hypothalamic rats, 6548
- mania & depression, Kleine-Levin-Critchley syndrome, 16 yr old, 11279
- palatability & caloric density of powdered diets, food intake, rats with vs without ventromedial hypothalamus lesions, 496
- unilateral ablation of ventral ascending noradrenergic bundle with contralateral parasagittal knife cut rostralateral to ventromedial nucleus of hypothalamus, weight gains, rats, 8632
- ventromedial hypothalamic lesion induced hyperphagia & preoperative training, food-motivated behavior, rats, 6576
- ventromedial hypothalamic lesions, pretraining effects on bar-pressing performance, female rats, 10625
- Hypertension**
- external signal & verbal praise contingent, conditioning blood pressure reduction, hypertensive patients, 11700
- incidence of hypertension, neurotic patients, 9250
- low socioeconomic status & high crime & density & residential mobility & marital breakup & racial segregation, stress & suppressed hostility & skin color & blood pressure, black & white males in Detroit, 8927
- methylodopa, mild hypertension, aged patients with histories of hepatitis or depression, 5665
- neonatal 6-hydroxydopamine sympathectomy, foot shock-induced suppression of water-licking, normotensive & hypertensive rats, 4455
- rostral fastigial nucleus electrical stimulation intensity & availability of suitable goal objects, grooming & feeding & attack behaviors & hypertension, cats, 10635
- Hyperthermia**
- antiparkinson & psychotropic drug use, side effects of hyperpyrexia, schizophrenic patients, 5685
- fluphenazine enanthate, muscular rigidity & hyperpyrexia & coma, 21-yr-old black female acute schizophrenic, 1604
- neuroleptics, temperature regulation & hyperthermic reactions, 5615

**Hyperthyroidism**

chlorpromazine & haloperidol & propranolol, hyperthyroidism & thyrotoxicosis, 42-yr-old female with schizophrenia-like syndrome, case report, 3625

haloperidol side effects, 54-yr-old black male with hyperthyroidism, 11641

passing word list from immediate to long-term memory, memory span, hyper- & hypothyroid patients, 11482

**Hypnoanalysis (See Hypnotherapy)****Hypnosis**

autogenic training & hypnosis & revelation & psychosomatic modeling, prepathological & pathological psychosomatic states, athletes, 9538

autohypnosis & biofeedback, Raynaud phenomenon, 31-yr-old male, 5710

commonalities, hypnosis & behavior therapy, 9754

controversy in interpretation of hypnosis, alternative paradigms, 10329

defense against overwhelming unconscious incestuous feeling anxiety & possible reproduction by hypnotic trance induction, psychogenic seizure states, 15-yr-old girl & 36-yr-old man, 7295

electroretinography, hypnotic sleep, 10-16 yr olds, 10515

experimental hypnosis, 169

high vs low hypnotic susceptibility & hypnotized vs waking condition & hypnosis vs waking first, meaningful material recall 2 wks later, college students, 6302

hypnosis & auditory feedback, voluntary control of skin temperature, college students, 4422

hypnosis as complement to counseling & psychotherapy, emotional responses in therapy, nonpsychotic patients, 5571

hypnosis, existence of clairvoyant abilities, 2 young adults, 10178

hypnosis, irritable bowel, 9490

hypnosymbolism, recurrent nightmares associated with traumatic neurosis, 9614

hypnotic induction & suggestion, nocturnal dreaming & thinking, 8538

hypnotic phenomena, struggle for scientific acceptance, 6162

hypnotic suggestion on loudness vs softness, stapedial reflex thresholds, normal-hearing adult females, 2540

hypnotic suggestion, alpha-enhancement training effectiveness, 10541

hypnotic susceptibility & experimental factors, tendency to complete uncompleted posthypnotic suggestion, 8330

imagination vs hypnotic induction instructions, behavioral predictions from hypnotic responsiveness scores on Barber Suggestibility Scale & Stanford Susceptibility Scale, high school students, 9133

instructions to be vs not to be honest & wording of rating scale, description of visual hallucination suggestion, hypnotic Ss, 8338

methodologies & artifact, hypnosis, 10335

neodissociation theory, pain reduction in hypnosis, 10180

overt vs covert administration of hypnotic induction, facilitation of hypnotic susceptibility, 8340

personal relationship between S & hypnotist & S's knowledge of participation in experiment & moral stance toward antisocial act, ability of hypnosis to create antisocial behavior, college students, experimental & ethical problems, 9363

personality, depth & style of hypnotic response, psychiatric patients vs college students, 9269

posthypnotic amnesia, organization of recalled material, hypnotizable vs insusceptible college students, 6307

posthypnotic conflict involving sexual or aggressive impulses, symptom production & GSR, good vs poor repressors, 7175

posthypnotically cued levels of mental concentration, capacity for active blurring of form while simultaneously perceiving color of consonants, college students, 8355

pretesting, response to visual hallucination suggestion, hypnotic Ss, 6239

progressive vs hypnotic relaxation vs self-relaxation, insomnia, college students, 5697

psychoanalytic techniques, treatment of symbol interpretation & dream hallucinations & topography & ambulatory psychosis & hypnotic states, book, 1519

reciprocal inhibition & relaxation & hypnosis & clinical suggestions, systematic desensitization, 9760

Rorschach inkblots, hypnotically induced dreams, hypnotically susceptible Ss, 4328

self- vs hetero-hypnosis & description of Inventory of Self-Hypnosis, 8568

simulation of waking behavior, hypnosis as altered awareness state, 8564

sophrology, South America, 8088

style relationships & early social experiences, Ss differing in direction of lateral eye movements, 9111

suggestion of exercise & emotional stress using hypnosis & sodium amobarbital, free fatty acid circulation & heart & respiratory rate, 23 26 yr old medical students, 4390

**Hypnotherapy**

fairy tales & symbols in hypnotherapy, speech therapy, 9-yr-old girl & 10-yr-old boy with stuttering or speech production mechanism disturbances, 7583

hypnosis & posthypnotic amnesia & symbolic language, obsessive-compulsive pattern reversal, 38-yr-old patient with ejaculation precox, 9591

hypnosis & psychosomatic medicine & autogenic training, book, 11521

hypnotherapy, allergy to dogs, child, 9618

hypnotherapy, depression & back pain, 9610

psychological shock with & without use of hypnosis as therapeutic technique, 9621

**Hypnotic Drugs (See also Amobarbital, Apomorphine, Chloral Hydrate, Codeine, Glutethimide, Hexobarbital, Meprobamate, Methaqualone, Pentobarbital, Phenobarbital, Secobarbital, Thiopental)**

barbiturates injected into 3rd ventricle, feeding behavior related to hypnotic activities of drugs, sheep, 8658

chlordiazepoxide & flurazepam & vitamin therapy, blood concentrations of ethanol & methanol acetaldehyde & formaldehyde, low vs high blood-alcohol-level, 29 72 yr old admissions to alcohol detoxification center, 9677

flunitrazepam, sleep cycle, healthy adults, 8730

hypnotic dose of butobarbital sodium & flurazepam, mood & EEG & auditory evoked responses & reaction time & cognitive processes, 23 30 yr olds, 6594

necessity for thorough knowledge of patient, prescribing minor tranquilizers & sedatives & hypnotics, 9684

over-the-counter antacids & sleep-aids & laxatives & analgesics, effects & potential abuses, necessity for inclusion in drug education programs, 7932

pharmacology of sleeping, 10693

secobarbital & glutethimide & flurazepam with vs without intervening sleep, performance on vigilance & eye-hand coordination & cognitive association & decision making tasks, insomniacs vs normal volunteers, 532

suggestion of exercise & emotional stress using hypnosis & sodium amobarbital, free fatty acid circulation & heart & respiratory rate, 23 26 yr old medical students, 4390

tetrahydrocannabinol pretreatment, interaction with sedative-hypnotic drugs, mice, 2642

**Hypnotic Susceptibility**

field dependence & level-sharpening & categorization & interference proneness & scanning & tolerance for unrealistic experiences, hypnotizability, college students, 7139

group- vs self-ratings of trust, hypnotic susceptibility, female college student groups, 7165

heritability, hypnotic susceptibility, twins, 4437

high vs low hypnotic susceptibility & hypnotized vs waking condition & hypnosis vs waking first, meaningful material recall 2 wks later, college students, 6302

hypnotic susceptibility & experimental factors, tendency to complete uncompleted posthypnotic suggestion, 8330

hypnotic susceptibility & suggestibility, chronic schizophrenic vs nonpsychotic male patients, 7278

hypnotic susceptibility, perception of autokinetic movement frequency, 8193

imagination vs hypnotic induction instructions, behavioral predictions from hypnotic responsiveness scores on Barber Suggestibility Scale & Stanford Susceptibility Scale, high school students, 9133

induced positive expectancies & written instructions, increasing hypnotic susceptibility, college students, 7140

overt vs covert administration of hypnotic induction, facilitation of hypnotic susceptibility, 8340

peer model behavior & E's expectancies, behavior in hypnotic setting, college students, 5042

religious experience, hypnotic susceptibility, college students, 9115

repression sensitization & mood, hypnotizability, 9139

Rorschach inkblots, hypnotically induced dreams, hypnotically susceptible Ss, 4328  
 style relationships & early social experiences, Ss differing in direction of lateral eye movements, 9111  
 taped verbal relaxation instructions & response-contingent EMG feedback training, suggestibility or hypnotic susceptibility, college students, 4426  
**Hypochondriasis**  
 asthenic & hypochondriac & character disturbance stages, hypochondria development, patients with psychogenic disorders, 11313  
 birth order, tendency to adopt sick role, college students, 8870  
 hierarchical oblique factor analysis, Eysenck's unrotated data on neuroticism & extraversion & hypochondriasis, 1088  
 principal components analysis, hypochondriasis patterns, psychiatric inpatients, 1217  
 psychotic hypochondriac developments, 9345  
**Hypoglossal Nerve** (See Cranial Nerves)  
**Hypoglycemia**  
 female sex & single status & medical knowledge & hysterical personality features, self-induced hypoglycemia, 5526  
 insulin-induced hypoglycemia & levodopa, secretion of growth hormone & prolactin, unipolar & bipolar depressed patients, 11311  
 legal aspects, hit-and-run auto death, hypoglycemic driver, 11435  
**Hypoglycemic Agents** (See also Insulin)  
**Hypogonadism** (See also Klinefelters Syndrome, Turners Syndrome)  
 psychological & psychopathological aspects, hypogonadism, 9482  
**Hypomania**  
 dreams preceding hypomania, case reports, 11291  
 Ma scale of MMPI & Kassorjian's social preference scale, assessment of inner- & other-directedness & hypomanic tendencies, college students, 3203  
**Hypoparathyroidism** (See Parathyroid Disorders)  
**Hypophysectomy**  
 estrogenic stimulation &/or hypophysectomy, spontaneous activity, female rats, 6506  
 l-prolyl-l-leucylglycinamide, striatal dopamine & norepinephrine syntheses, normal vs hypophysectomized rats, 10665  
**Hypophysis Disorders** (See Pituitary Disorders)  
**Hypopituitarism**  
 growth hormone deficiency, premature aging, dwarf mice, 4655  
**Hypotension**  
 pimozide, hypotension & mouth dryness & debility & thinness & antipsychotic uses, psychiatric patients, 5641  
 trimethaphan-induced hypotension, electrocorticogram & intracranial pressure & central venous pressure & carotid blood flow, dogs, 365  
**Hypothalamo Hypophyseal System**  
 neonatal hypothyroidism, maturation of hypothalamo-hypophyseal-adrenal axis, rats, 453  
**Hypothalamus** (See also Hypothalamo Hypophyseal System, Optic Chiasm)  
 adrenergic vs cholinergic hypothalamus stimulation, water vs food intake, rats, 485  
 alcohol preference following electrical stimulation of lateral hypothalamus & subsequent alcohol deprivation, diazepam vs hashish intake, rats, 464  
 ambient temperatures, stimulus-bound-eating, rats implanted with electrodes in perifornical lateral hypothalamic area, rats, 8579  
 antibrain antibodies, hypothalamic & visual & sensorimotor cortex EEG, rabbits, 10666  
 aversive footshock stimulation, inhibition & facilitation of self-stimulation of hypothalamus, rats, 468  
 behavioral thermoregulation, central & peripheral temperatures & EEG changes, pigs, 8498  
 behavioral thermoregulation, self-stimulation of preoptic & lateral hypothalamus, rats, 4549  
 benactyzine & hemicholine & pediphen & nivaline & nicotine & acetylcholine introduced into hypothalamus, course of traumatic shock, rabbits, 548  
 chemical & electrical self-stimulation of lateral hypothalamus, drinking behavior, male rats, 10626  
 cholinergic & deprivation thirst, taste preferences for sucrose solutions & water, rats, 684  
 conditioned taste aversion, disruption of eating induced by lateral hypothalamic electrical stimulation, rats, 10641  
 cortical spreading depression, behavior elicited by electrical stimulation of lateral hypothalamus, rats, 6540

cyproheptadine hydrochloride, neuronal activity in feeding & satiety centers, rats, 4640  
 D-tetrahydrocannabinol & ethyl alcohol, adjunctive behavior & lateral hypothalamus, rats, 601  
 diazepam, affective-emotional rage & spontaneous electrical brain activity, cats, 10685  
 double-pulse stimulating technique & behavioral measurements of elicited response, estimation of refractory period of hypothalamic thirst pathway, male rats, 8627  
 electrical & airborne odor stimulation, unit responses of ventrolateral fasciculus of medial forebrain bundle in lateral hypothalamus, rats, 4529  
 electrical lateral hypothalamus stimulation & arousal & food deprivation, initiation of hoarding behavior, rats, 6517  
 electrical stimulation of caudate nucleus, inhibition of affective or stalking attack behavior elicited by hypothalamic stimulation, cats, 8650  
 electrical stimulation of lateral hypothalamus, ethanol consumption, rats, 2579  
 electrical stimulation of pyriform cortex, hypothalamically-elicited aggression, cats, 4532  
 electrical stimulation of septal region or hypothalamus & anesthetization & stimulus frequency & pulse-train duration, cardiovascular responses, rabbits, 10617  
 electrical stimulation of ventral midbrain extension of hypothalamic medial forebrain bundle, copulation & ejaculation, rats, 477  
 etiology & hypothalamic model, anorexia nervosa, 1203  
 hydroxydopamine injections into brainstem regions & hypothalamus, interaction of aphagia & food palatability & set-point for weight regulation & recovery of feeding, rats, 6556  
 hypothalamic metallic ion deposition, experimental obesity, rats, 6527  
 hypothalamic stimulation, producing defensive emotional behavior & motivation for aversive learning, cats, 4548  
 hypothalamus structures interaction of medial forebrain bundle & preoptic area lesions, copulatory behavior, rats, 6536  
 intrahypothalamic administration of norepinephrine & carbachol, acid output of perfused stomach, curarized rats, 6522  
 intrahypothalamic atropine, blockade of schedule-induced polydipsia, female rats, 10610  
 intrahypothalamic implants of mercury thioglucose, hyperphagia, rats, 6569  
 intrahypothalamic injections of carbachol & noradrenaline, behavioral thermoregulation & associated skin temperature levels, rats, 10607  
 intrahypothalamic sodium pentobarbital, eating behavior & feed intake, chickens, 516  
 lateral hypothalamic self-stimulation, neocortical & hippocampal EEG & brain temperature, rats, 6547  
 lateral hypothalamic stimulation, rewarding & analgesic effects, rats, 8671  
 lateral hypothalamic vs dorsal raphe vs locus coeruleus dorsal brain stem site electrical stimulation, escape from rewarding stimulation, rats, 8821  
 medio-lateral vs anteroposteriorly aligned electrode tips in electrical stimulation of posterior hypothalamus & ventral tegmentum of midbrain, response variability in intracranial self-stimulation, rats, 4542  
 methscopolamine & physostigmine & neostigmine, neuron activity in midbrain & hippocampus & hypothalamus, rats, 4639  
 monoamines or their antagonists, dual hypothalamic control of ovulation, rats, 10710  
 morphine, lateral hypothalamic self-stimulation, rats, 6640  
 narcotic analgesics, sensitivity to pain produced by hypothalamic stimulation, rabbits, 6682  
 neothalamus & neohypothalamus & olfactory system, development of neocortex from cerebral cortex, cyclostomes & amphibians & reptiles, 4325  
 nicotine vs angiotensin II injected in hypothalamic & mesencephalic sites, evoked drinking behavior, monkeys, 8646  
 photic & acoustic & electrodermal stimulation & isotonic glucose injection, spontaneous & evoked activity in ventromedial nucleus & lateral hypothalamus, rabbits, 6393  
 preference for ecologically significant objects, obtaining electrical stimulation in feeding-drinking-gnawing area of lateral hypothalamus, rats, 2570  
 rewarding hypothalamic stimulation, operant conditioning, forebrain ablated rats, 4492

- selective destruction of afferent fibres to hypothalamus from limbic system, reproduction function, male & female rats, 6520
- sensorimotor cortex cooling, spontaneous activity of neurons of mesencephalic reticular formation & response to stimulation of lateral hypothalamic zones & sciatic nerve, cats under pentobarbital anesthesia, 4555
- SQ-20,881 injected into preoptic or anterior hypothalamus, angiotensin I or II-induced water drinking, rats, 4472
- structural organization of hypothalamus, man vs lower monkeys vs rabbits & rats, 10514
- systemic & diencephalic prolactin & progesterone administration, maternal behavior & nest building, mice, 519
- terminating hypothalamic stimulation, rats, 498
- unilateral & 2-stage bilateral neocortical ablations, eating elicited by hypothalamic stimulation, rats, 2571
- voluntary control of hypothalamic temperature, temperature changes in body, rats, 473
- 1-prolyl-1-leucylglycinamide, striatal dopamine & norepinephrine syntheses, normal vs hypophysectomized rats, 10665
- Hypothalamus Lesions**
- anterior hypothalamic lesions & subsequent amphetamine, reversal of sexual impairment, female rats, 6499
- bilateral electrolytic lesions in ventromedial & dorsomedial hypothalamic nuclei, diurnal feeding & body weight, rats, 8603
- bilateral hypothalamic lesions & water deprivation, preference for high concentration of saccharin solutions vs distilled water, cats with bilaterally implanted monopolar electrodes, 4554
- bilateral parasagittal transections in & between ventromedial & lateral hypothalamus, feeding & drinking pathways, rats, 4528
- bilateral ventromedial hypothalamic lesions, changes in food intake & metabolic activity, rats, 4488
- brain stimulation following brain lesions, neural basis for attack behavior, cats, 8619
- dorsal hypothalamus lesions, lick-rate responses to shifts in reinforcement, rats, 8636
- estrogens, food intake & body weight following ventromedial hypothalamic lesions, rats, 8586
- goldthioglucose-induced hypothalamic lesions, hyperphagia & body weight gains, male vs female rats, 8657
- habenular nucleus bilateral lesions, feeding system which mediates recovery from aphagia, rats recovered from lateral hypothalamus lesions, 8645
- hypothalamic mammillary nuclei lesions, sexual behavior & testis & comb conditions, cockerels, 505
- hypothalamic transections at lateral planes .5 vs 1.0 vs 1.5 mm from midline, wood gnawing behavior, rats, 515
- intrahypothalamic implants of mercury thioglucose, hyperphagia, rats, 6569
- lateral hypothalamic lesions & 6-hydroxydopamine after pretreatment with pargyline, loss & recovery of feeding & drinking behaviors, rats, 8596
- lateral hypothalamic lesions, placenterphagia, pregnant & nonpregnant rats, 6546
- lateral hypothalamic lesions, quinine adulteration effects on body weight, rats, 6543
- lipostatic mechanism, role in regulation by feeding of energy balance, normal & hyperphagic hypothalamic rats, 6548
- palatability & caloric density of powdered diets, food intake, rats with vs without ventromedial hypothalamus lesions, 496
- subcutaneous insulin vs glucagon vs saline, altered recovery period after lateral hypothalamic lesions, rats, 8674
- transection of fibers crossing the lateral border of hypothalamus, elimination of learned behavior, rats, 10624
- transections of fibers laterally entering or leaving hypothalamus, aphagia & adipsia & regulation of food & water intake, female rats, 8624
- unilateral ablation of ventral ascending noradrenergic bundle with contralateral parasagittal knife cut rostralateral to ventromedial nucleus of hypothalamus, weight gains, rats, 8632
- unilateral lesions in entopeduncular nucleus & lateral hypothalamus & globus pallidus, control of limb movement & consummatory behavior, rats, 8638
- ventral vs dorsal hypothalamic lesions, drinking of morphine solutions, rats, 4462
- ventromedial & lateral hypothalamic lesions, metabolic adjustments of feeding behavior, rats, 4516
- ventromedial hypothalamic lesion induced hyperphagia & preoperative training, food-motivated behavior, rats, 6576
- ventromedial hypothalamic lesions vs septal lesions, passive-avoidance performance & reversal learning & spontaneous alternation, rats, 8659
- ventromedial hypothalamic lesions, conditioned sucrose aversions, rats, 4520
- ventromedial hypothalamic lesions, effects of reinforcement type on operant responding, rats, 8600
- ventromedial hypothalamic lesions, food intake & body weight & intertrial salivation & transient disinhibition of salivation, dogs, 8656
- ventromedial hypothalamic lesions, food motivation, rats, 8666
- ventromedial hypothalamic lesions, pretraining effects on bar-pressing performance, female rats, 10625
- Hypothermia**
- blockage of brain seizures with sodium thiamylal vs equithesin, attenuation of hypothermic retrograde amnesia, rats, 4596
- recovery from hypothermia hypoxia, ontogenesis of EEG seizure patterns, chick, 8523
- stimulus control of morphine-withdrawal hypothermia, rats, 589
- Hypothesis Testing**
- application of proportional-reductions-in-error related measures, association & hypotheses forms, 2123
- chi-square partitioning, testing specific hypotheses in contingency tables, 8138
- concept formation, hypothesis testing & focusing behavior, amnesic Korsakoff's syndrome patients vs alcoholic & brain-damaged & neurologically-intact males, 3507
- cues & number vs form vs color stimuli, hypothesis formation during concept acquisition, organically vs cultural-familial retarded adolescents & adults, 5462
- exposure time to stimulus presentation, paired-associate learning time, college students, test of total-time hypothesis, 208
- exposure time to stimulus, paired-associate learning time, college students, test of total-time hypothesis, 207
- function form & cue validity, hypotheses in probabilistic inference tasks, college & high school students, 4241
- positive vs zero vs negative money values of hypotheses, hypotheses selection, 10363
- rank test for 2 group concordance, 4148
- reduced alpha method & multivariate methods, analyzing questionnaire results to produce greater protection against Type I error, 4156
- response sequences following wrongs, concept acquisition task, college students, 10349
- Hypothyroidism**
- lithium therapy, endocrine exophthalmos, manic-depressive patients, 5673
- neonatal hypothyroidism, maturation of hypothalamo-hypophyseal-adrenal axis, rats, 453
- passing word list from immediate to long-term memory, memory span, hyper- & hypothyroidian patients, 11482
- Hypoxia (See Anoxia)**
- Hysterectomy**
- preoperative interview & 16 PF & Edwards Personal Preference Schedule, prediction of maladjustment vs adjustment after hysterectomy, 7805
- presurgical tendencies & hysterectomy, frequency & nature & pathogenesis of psychological complaints, 7808
- Hysteria (See also Mass Hysteria)**
- clinical observation, differentiating temporal lobe epilepsy vs hysteria, children, 11233
- computer-assisted screening interview, eligibility for diagnosis of Briquet syndrome, women, 9352
- Eysenck Personality Inventory & D. N. Uznadze's set tasks, student nurses classified as hysterics vs dysthymics vs neurotics vs introverts vs extraverts, 1089
- Ganser syndrome in Singapore, 11328
- hysteria & epilepsy, case report, 11432
- hysteria & hysterical personality, literature review, 11236
- institutional bias in reading EEGs, diagnosis & treatment of hysteria, 9560
- memory train reestablishment through reconstructing history of self, hysteria, 24-yr-old male, 9779
- peers & managers & working conditions, hysteria symptoms, male factory workers, 9254
- personality types & etiology, hysteria, 11331
- psychoanalysis, hysterical female, 11736

- systematic desensitization using cognitive counterconditioning & progressive relaxation, hysterical bronchial asthma, case report, 5722
- unipolar depression & antisocial personality & hysteria, marital turmoil & divorce, divorced vs married males & females, 3308
- Hysterical Blindness** (See Hysterical Vision Disturbances)
- Hysterical Color Blindness** (See Color Blindness, See Hysterical Vision Disturbances)
- Hysterical Neurosis (Conversion)** (See Conversion Neurosis)
- Hysterical Personality**
- female sex & single status & medical knowledge & hysterical personality features, self-induced hypoglycemia, 5526
- hysteria & hysterical personality, literature review, 11236
- neuroticism & extraversion, obsessive & hysterical & oral personality, recovered depressed patients, 5363
- obsessoid vs hysteroid personality & urinary excretion of 3-methoxy-4-hydroxy-mandelic acid, mood changes, young men, 10555
- post-traumatic psychopath-like hysteroid personality changes, overvalued ideas of jealousy, brain-damaged patients, 11464
- Hysterical Vision Disturbances**
- visual field testing using modified Goldmann perimeter & 2-alternative forced-choice procedure, 16-yr-old girl with constricted tubular visual fields & hysterical blindness, case report, 9341
- Idealism**
- idealistic value systems vs pragmatism, justifications for attitudinal positions toward Vietnam war, college students, 10953
- Ideation**
- Auto-Rorschach as psychodiagnostic tool for psychopathological analysis of neomorphic response-designs, schizophrenics, 1233
- disturbed ideation & disordered speech content, diagnostic decision-making process, 9271
- faradic disruption, obsessive ideation & compulsive behavior, 1663
- imagining & suppression & concentration & search & choice, REMs & EEG alpha & tonic heart rate, female college students, 4407
- Identical Twins** (See Monozygotic Twins)
- Identity (Ethnic)** (See Ethnic Identity)
- Identity (Personal)** (See Self Concept)
- Identity Crisis**
- group psychotherapy, identity crisis, adolescents, 9742
- identity crises, actors, 11158
- intimacy & isolation & social desirability & autonomy & affiliation & heterosexuality, ego identity & intimacy status, male college students, 3199
- social-cognitive approach to therapy using dissonant persuasive communications & double bind, dissolution of fused identity, 3 female college students, 9592
- Idiocy** (See Mental Retardation)
- Idiocy (Amaurotic Familial)** (See Amaurotic Familial Idiocy)
- Idiot Savants**
- digit span, idiot savants vs educable retardates, 7469
- Idiots** (See Profoundly Mentally Retarded)
- Ileum** (See Intestines)
- Illegitimate Children**
- generation recidivism in illegitimacy & attitudes about intercourse, 16 21 yr old unwed fathers & nonfathers in state wards, 8982
- incidence of mental retardation, illegitimate children, 9460
- Illinois Test Psycholinguist Abil**
- construct validity, subtests of Illinois Test of Psycholinguistic Abilities, 3rd graders, 5977
- correlations among Illinois Test of Psycholinguistic Abilities & Stanford-Binet Form L-M & WISC, 6 yr olds, 5981
- factor structure of School Readiness Survey & Auditory Discrimination Test & Illinois Test of Psycholinguistic Abilities, disadvantaged kindergartners, 6000
- format of analogy items presentation, auditory association subtest of Illinois Test of Psycholinguistic Ability, grade-school children, 5989
- Illinois Test of Psycholinguistic Abilities & Queensland Test performance, Aboriginal vs European Australian elementary school students vs U.S. norms, 4930
- Illiteracy** (See Literacy)
- Illness (Physical)** (See Disorders)
- Illumination** (See also Photopic Stimulation, Scotopic Stimulation)
- alcohol deprivation under continuous vs 12 hrs light-12 hrs dark & handling vs nonhandling & age, alcohol consumption, rats, 2640
- aligning spot of light to apparent straightahead in dark & under illumination, aftereffects, college students, 10303
- ambient illumination & white noise & monkey vocalization, interference in visual short-term memory, monkeys, 2725
- amygdala lesions, shuttlebox activity level in dark & light vs both dark compartments, rats, 6524
- arc luminance & rotation speed, apparent length of rotating arcs during dark adaptation, 8260
- attentive vs passive viewing of light flashes, interhemispheric variance, 8528
- auditory perception of illumination with pulsed ultrahigh-frequency electromagnetic energy, 2168
- auditory-visual stimulus interval, auditory threshold determination, 18 33 yr old introverts & ambiverts & extraverts, 8210
- Bezold-Brücke effect, nonlinearity in vision, 10290
- category judgments of illuminance & albedo variation to unpatterned vs patterned stimuli, whiteness constancy as inferential process vs insensitivity, college students, 10251
- color & environmental light intensity, body temperature rhythm, rats, 4412
- constant light vs darkness vs alternating periods of light & dark, circadian rhythm of flight activity, mosquitoes, 10799
- constant- vs variable-intensity lighting & constant- vs variable-intensity white noise, arousal during vigilance performance, college students, 10578
- contextual & trial stimulus lighting conditions, keypeck autoshaping, pigeons, 6760
- continuous illumination from birth, spine density of neurons in visual cortex, rats, 6361
- contrast-modulated grating patterns, evoked responses vs psychophysical thresholds of contrast modulation, 2195
- coupling sound of low intensity with intense light flash, conditioning of averaged evoked potentials, 6 14 yr old autistic & normal children, 3350
- diffuse & line-patterned light flashes, binocular summation of evoked cortical responses, 22-31 yr olds, 2488
- diffuse light & density & rotation of patterned light, visual evoked response, 384
- dorsolateral frontal ablations, brief light flash detection, monkeys, 4496
- estimation of variability of response latency, order discrimination of spatially separated brief flashes, 163
- eye response to light flashes, 2208
- figural aftereffect vs retroactive-effect, concentric circles figure, 8148
- flash luminance & duration, perceived brightness with parametric variation of target size & retinal location & wavelength, dark-adapted Os, 4204
- forebrain transplantation from trained vs naive donors, acquisition of dark avoidance & preference, newts, 4491
- high vs average vs low light source, color-word interference task performance, 10286
- homogeneous illumination as prolonged monocular deprivation, critical flicker fusion of nonoccluded & occluded eye, college students, 8291
- identical brief flash-stimuli, intrinsic timing variability in responses of retinal ganglion cells, cats, 386
- illuminance, apparent transparency, college students & staff members, 156
- illumination changes in Rod & Frame test apparatus, verticality perception, field-dependent vs field-independent college students, 157
- illumination level & rod rotation rate, Rod & Frame Test performance, U.S. Navy aviation students, 2225
- illumination, alpha feedback training, college students, 2500
- intermittent illumination below fusion frequency, extended border enhancement during binocular & monocular conditions, 4212
- intermittent light presented at different frequencies & singly vs in pair-combinations, preference behavior in approach responses, visually naive chicks, 8772
- intermittent sound & white noise vs flickering light, mental task performance & emotions, 8454
- kinetic visual imagery, hand movement in dark, 22-35 yr olds, 8150
- left optic nerve cuts & subsequent stroboscopic illumination, abnormal visual function, frogs, 10611
- left- & right-monocular & binocular viewing conditions, dark-adapted foveal thresholds at various flash durations, 4218
- light flash stimulation of temporal retina, light-detection threshold for multiple identical flashes, 10263
- light flashes of different intensities, single unit reaction in visual cortex, unanesthetized rabbits, 391

light intensity, reliability of auditory responses, 18 25 yr old introverts & extraverts & ambiverts, 8209  
 light stimulation, thalamus opponent-color units, pigeons, 2516  
 light- vs dark-rearing, depth discrimination, rats, 8861  
 light-dark rhythms in eating & drinking & locomotor behaviors, hamsters, 10591  
 light, thermal reinforcement in behavioral thermoregulation, rats, 8857  
 lighting in examination room, error & lack of agreement in clinical testing, 2240  
 lightness contrast & tachistoscopic duration & fundus pigmentation, magnitude determination of Mueller-Lyer illusion, college students, 8157  
 long-term continuous light exposure, visual dysfunction in light-dark discrimination task, rats, 6801  
 luminance & relative area of portion of visual field which captures attention, apparent brightness of all parts of visual field, 8224  
 luminance, brightness of white & monochromatic fields, 10264  
 measurement of photometric calibration of brief flash sources, 8231  
 monochromatic illumination in photoreceptors, long-term adaptation, crustacea, 2750  
 patterned visual stimuli & luminance changes, visually evoked cortical potentials, 25 40 yr olds & monkeys, 4358  
 pupil movements to light vs accommodative stimulation, 2242  
 pupillary area & illuminance of eyes, retinal image, nocturnal gekkos & diurnal iguanas, 681  
 pupillary light reflex technique, early visual function, quail embryos, 6804  
 red & white illumination & mode of inheritance, exploratory activity & emotionality, pigmented vs albino mice, 6803  
 retinally stabilized images, alpha blocking responses to tone before & during & after pairing with light stimulation, spastic hemiplegics, 3540  
 shielded vs unshielded key light, keypecking in imperfect environment for autoshaping, pigeons, 6716  
 silent variable-count light-pulse gate, delivering series of light pulses to eye, 6217  
 spatial relationship between test & inducing field by monocular compensation method, chromatic induction, 10304  
 spectral distribution of illumination, color discrimination, cats, 4804  
 stimulus duration, increment threshold for brief flashes of large angular subtense, college students, 8230  
 stimulus intensity & light adaptation, slow decay of cone receptor potentials, monkeys, 10543  
 target line length, Vernier acuity in white & blue light, 20-55 yr olds, 2207  
 temporal analysis, rod-cone interaction in scotopic vision, dark-adapted Os, 4197  
 underwater light, significance of spectral position in rhodopsins, tropical marine fishes, 4415  
 varying light intensities & electric shock, phototactic responding, worker bees, 6695  
 visual sensitivity in presence of alternating monochromatic fields of light, 147  
 visual stimulus intensity, auditory sensitivity, introverted vs extraverted college students, 4184  
 X-rays & light, ionic flux in retinal rod, frogs, 4193  
**Illusion (Autokinetic)** (See Autokinetic Illusion)  
**Illusions (Perception)** (See also Afterimage, Perceptual Aftereffect)  
 acculturation level, susceptibility to perspective illusion, male urban & rural & college student Xhosa groups, South Africa, 837  
 apparent depth vs contour proximity theories & constancy scaling theory, geometrical illusions, discussion of G. H. Fisher's article, 10257  
 apparent depth vs contour proximity theories, geometrical illusions, 10250  
 binocular differences of intensity, stereoscopic Pulfrich effect, 6202  
 brightness & square-to-ground contrast & square reflectance, geometric illusions, college students, 145  
 causes & nature & mechanisms & methods, overcoming spatial illusory perceptions, beginning & experienced pilots, 6163  
 contour & location mechanisms, Muller-Lyer Illusion, college students, 10265  
 Craik-O'Brien illusion, binocular rivalry & brightness averaging, 10244  
 description of 3-stick clevis & other impossible figures, 8180

- instructions to form common vs bizarre mental images for each word pair, cued recall of word pairs, college students, 10464
- integrated pictures of nouns vs training in imagining relations between pictures of nouns vs combination, recall of noun triplets, 1st & 3rd & 6th graders, 2758
- intermittency rate & binocular vs monocular presentation & stimulus area visual subtense, subjective visual imagery of photic stimulation, 2201
- internal representation of faces, similarity judgments of well-known faces using photographs & names, extension of R. N. Shepard & S. Chipman's findings, 8161
- intralist interference & imagery, paired-associate learning & memory, deaf 6 10 yr olds & hearing 4 5 yr olds, 7538
- item imagery & Peterson-type intervening tasks, paired associate learning & associative directionality, college students, 6275
- kinetic visual imagery, hand movement in dark, 22 35 yr olds, 8150
- labeling, visual imagery, kindergartners vs 3rd vs 6th graders, 6861
- latency & recurrence of images, recognition & recall, college students, 4270
- mental image as theoretical construct to describe 1 form of memory representation, critique of research, 324
- miniature sand environments, visual & concept & imagery & tactual development, nursery school children, 9882
- neurology & physiology theory of J. G. Taylor & perceptual theory of E. B. Holt & D. O. Hebb, imagery, 6206
- number of relevant facial features & delay between faces, imaginal & verbal representation of visual forms in short-term recognition with same-different reaction time experiment, college students, 8265
- paired-associate learning & directionality of associations, imaginal & verbal mnemonics, 4269
- photographs & vs line drawings & angle of view & scale of image in key, identification of images in pictorial references, 3989
- picture vs word lists, differential interference effects in free recall, college students, 10379
- positive vs negative mental practice, dart throwing accuracy, female clinical psychology students, 8307
- precision punishment & cognitive arousal, stuttering, 7553
- primary visual experience & secondary cognitive elaboration, REM-burst sleep mentation vs during ocular quiescence episodes within EEG Stage REM, confirmation of S. Molinari & D. Foulkes's findings, 8332
- relevant vs irrelevant imagery & relaxation vs no relaxation & varied methods of presenting relevant imagination, experimental desensitization, snake-avoidant college students, 9735
- sex differences, learning illustrated materials, 4th & 5th graders, 6280
- spatial distance scanned during search selective attention to portions of image & retrieval time for image features & distinction between imaginal vs verbal representations, college students, 10454
- statistical correlation, achievement imagery & perceptual coding & intelligence, 8th 9th graders, 3192
- stimuli concreteness-imagery values, long-term retention of paired-associate lists, 6327
- stimulus concreteness-imagery & arousal, immediate & delayed recall of paired associates, college students, attempted replication of M. J. Butter's findings, 6329
- stimulus pair imagery & frequency, verbal discrimination learning, college students, 10416
- team consensus feedback, image interpreter proficiency, enlisted men, 6025
- test-retest reliability, short form of Betts' Questionnaire on Mental Imagery, college students, 6161
- unrelated words vs words grouped according to phonemic similarity & taxonomic category membership & composite visual imagery, memory coding, amnesiacs & patients with peripheral nerve lesions, 3275
- verbal vs imaginal mediators, paired associate learning, college students, 10422
- visual imagery & verbalization, perception & retention of tachistoscopic displays of block capital letters vs simple nonsense figures, research workers, 6310
- visual imagery, elementary mathematics, 9921
- visual imagery, visual sensitivity & pupil diameter, college students, 8269
- vivid vs poor visual imagery, recall of colored photographs, male vs female high school & college students, 319
- word class & imagery, part-whole transfer in free recall, college students, 10448
- word imagery vs meaningfulness, stimulus-independent vs -dependent thought production rate, college students, 8411
- Imagery (Conceptual)** (See Conceptual Imagery)
- Imagination**
- active imagination for analytic psychotherapy, C. Jung's technique, book, 11749
- children's version of Khatena Test of Onomatopoeia & Images, personal vs direct vs symbolic vs fantasy analogy & simple vs complex image patterns, male vs female 3rd 12th graders, 4853
- covert reinforcement treatment procedure of J. Cautela, rodent phobia, 20-yr-old female college student, 5695
- factorial structure of imaginative problem solution, high school students, 2331
- fairy tales & symbols in hypnotherapy, speech therapy, 9-yr-old girl & 10-yr-old boy with stuttering or speech production mechanism disturbances, 7583
- imaginary & real consciousness forming dialogic relationship, childhood development & implications for psychotherapy, 10821
- imagination vs hypnotic induction instructions, behavioral predictions from hypnotic responsiveness scores on Barber Suggestibility Scale & Stanford Susceptibility Scale, high school students, 9133
- relevant vs irrelevant imagery & relaxation vs no relaxation & varied methods of presenting relevant imagination, experimental desensitization, snake-avoidant college students, 9735

**Imbeciles** (See Severely Mentally Retarded, Trainable Mentally Retarded)

**Imbecility** (See Mental Retardation)

**Imipramine**

abrupt imipramine withdrawal, akathisia-like syndrome, 1 female & 2 male patients, 5371

amoxapine & imipramine, psychotic depressives, 11671

chlorpromazine & morphine & phentolamine & alpha-methyl-paratyrosine & pentobarbital & imipramine & phenmetrazine & dextroamphetamine sulfate & atropine sulfate & atropine methylatropine nitrate, cocaine self-administration, rhesus monkeys, 593

clomipramine HCL vs imipramine, psychotic depression, psychiatric patients, 11648

demographic factors & social desirability & prior psychiatric episodes & prehospitalization medication & illness severity ratings, prediction of drug therapy outcome, depressed patients, 1610

dibencycladine vs. imipramine, depressed psychotics, 1614

Eastleigh alarm conditioning therapy & methamphetamine & isopropamide & imipramine, enuretic children, 9584

imipramine & amitriptyline & trimepramine & promazine & benactyzine & levomepromazine, central effects of serotonin & norepinephrine, cats, 525

imipramine & multidiscipline treatment program, school phobia, 6-14 yr olds, 1582

imipramine & triiodothyronine, urine amines & metabolites, depressed females, 11657

imipramine before & during pregnancy, litter size, female rats, 8746

imipramine hydrochloride, blood levels & clinical implications, 1583

imipramine pamoate & imipramine hydrochloride, global depression & depression-associated anxiety & neurotic symptoms, patients, 9683

imipramine vs imipramine N-oxide, depressive syndromes, outpatients, 5661

imipramine, copulatory behavior, male rats, 10680

iprindole & imipramine, depression & anxiety, out-patients, 11663

lithium carbonate vs imipramine, prevention of affective episodes, psychiatric patients, 5660

Ludiomil vs imipramine, depressive states, controlled double-blind between-patient study, 1586

maprotiline vs imipramine, endogenous depression, double-blind study, 1557

morphine & pentobarbital & dextroamphetamine & phenmetrazine & trifluoperazine & imipramine, cocaine self-administration behavior, monkeys, 8761

nialamide vs imipramine, concept identification & GSR, male depressed chronic schizophrenics, 3366

oxotremorine interactions with atropine & chlorpromazine & cyproheptadine & imipramine & phenoxybenzamine, flexor reflex, chronic spinal dogs, 2647

plasma binding of imipramine, clinical outcome, depressed patients, 11625

pretreatment characteristics, prediction of responses to amitriptyline & imipramine & thioridazine, depressed women, 1630

single vs 3 times daily dosages, imipramine pamoate vs imipramine hydrochloride, depressive patients, 9680

tofranil pamoate vs hydrochloride, depression & anxiety & neurotic manifestations, patients with primary depression, 3640

**Imitation (Learning)**

accepting vs rejecting mother vs unknown female model, imitative behaviors, male vs female 5 yr olds, 4894

adult modeling & rule structure, responses to moral situations, 5th graders, 3022

age & rewardingness of adult model, observational learning, 4 & 7 yr olds, 10374

aggressive model, magnitude of extinction-induced aggression, male college students, 233

CA & MA & IQ, verbal imitation, 5 yr olds, 10816

CA & MA & IQ, verbal imitation, 5 yr olds, 10860

CA & model reward, imitative behavior, kindergartners vs 2nd & 3rd graders, 4846

child care workers as role models, teaching appropriate behavior, institutionalized children, 9836

child management techniques, mother-child interaction modifications, mothers & 4-9 yr old retardates, 11408

classroom behavior management via behavioral consultation vs with model-reinforcement group counseling vs no treatment, on-task

behavior & grade point average & attitudes, inattentive 5th & 6th graders, 7926

differential-reinforcement & imitation procedures, teaching productive noun suffixes, severely mentally retarded children, 7426

early social isolation & repeated exposure to testing situation, imitative pecking, chicks, 8832

exposure to same vs opposite sex live peer model playing with sex-inappropriate toy, play behavior, boys & girls, 6903

form of overall cognitive functioning vs special mechanism for novel response acquisition, imitation, children, 4858

free play vs imitation, associative fluency, nursery school Ss discussion of M. A. Wallach & N. Kogan's associative theory of creativity, 6875

imitation & identification & categorizing & concept formation & rule application & problem solving, 226

imitation & interpretation, early language development, 748

imitation & reinforcement & modeling, development of syntax, 10-yr-old female retardate, 1901

imitation, early speech acquisition, 6-wk-old girl with vocalizations similar to bird calls, 6833

imitative & nonimitative reinforcement, verbal control over bizarre gestures, adult retardates, 11994

IQ & mental age, verbal imitative performance, normal 5-8 yr olds & retarded 8-13 yr olds, 9443

live & film-mediated modeling, imitation learning of use of telephone, institutionalized educable mentally retarded, 7471

live vs filmed modeling, vocational aspiration modification, potential high school dropouts, 5978

model distinctiveness & prior imitative training, imitative play behaviors, nursery-school & 2nd-grade Ss, 2760

model's competency & vicarious reinforcement & S's strategy, imitative behavior, college students, 225

model's fluency & flexibility, creativity, 5th graders, 3929

model's race & S's race & cognitive vs motor task, imitation learning, white & black 3rd & 4th graders, 8418

modeling & instructions, interaction with psychiatric inpatients, nursing staff, 9200

modeling & task history, generalized imitation on nonimitative visual discrimination, 4-5 yr olds, 2378

modeling & vicarious reinforcement, subsequent imitation of socially approved response, 4th graders, implications for using modeling procedures in schools, 7906

modeling vs imitation training, sentence phrase acquisition, preschoolers, implications for language acquisition, 10882

modeling vs structured discussions, rehabilitation, juvenile delinquents, 9831

modeling, flexibility of anagram problem-solving, college students, 6262

modeling, personal space behavior, 5th & 6th graders, 7003

O states & traits, imitative process, literature review, 10341

observation of model's charitable vs selfish behavior & charitable vs greedy exhortations & positive affect contiguous vs noncontiguous to distribution of winnings, imitative altruism, 4th & 5th graders, 997

observational learning of rule-governed behavior, children, literature review, 10849

operant principles in group language therapy, development of imitative verbal repertoire, 7-11 yr old boys with severe language deficits, 7480

parent-child similarity, aggressive vs dependent vs withdrawal choices to frustrating situations, middle-class parents & their 8 & 10 yr old children, 2822

parental modeling & cueing & reinforcement, question-asking behavior, Mexican-American 1st graders & their mothers, 2814

peer modeling vs verbal instruction vs no training, communication response skill training, severely retarded children, 5483

prior imitation training type, generalized physical imitative affection, 1st & 2nd graders, 2434

race & grade level, echoic responses of standard English, black & white lower socioeconomic status 1st & 3rd & 5th graders, 9056

race & sex of model & student, imitation learning, white vs black preschool age children, 4826

rehearsal delay, long-term imitation of filmed aggression, 5-6 yr olds, 5037

reinforcement vs nonreinforcement for imitative behavior prior to observation of model exhibiting aggressive behavior, imitation in free-play situation, kindergartners, 6810

sentence presentation containing nested & self-embedded relative clause combinations, imitation, 4 vs 6 vs 8 yr olds vs college students, 716  
 sex role preference & parental imitation, male vs female 3rd graders, 767  
 social expectancy & E sex, efficacy of modeling to change avoidance behavior toward snakes, college students, 5719  
 social modeling process, counseling, 12024  
 stimulus control vs reinforcement control effects, imitative behavior, 3 5 yr olds, 2315  
 surface structure complexity & transformational sentence type & sentence length, sentence imitation, 4 5 yr olds, 2789  
 teacher vs peer model's presence & performance level, motor behavior, 5th & 6th graders, 11708  
 viewing films of aggressive behavior of black male vs female, imitative aggression, father absent vs father present black 6 yr olds, 927  
 visual cues provided by articulatory movements & recoded auditory information from frequency transposer device, judged-match imitation responses to spoken nonsense syllables, normal hearing Ss, 10199

**Immaturity (Emotional)** (See Emotional Immaturity)**Immigrants** (See Immigration)**Immigration**

acculturation process, new immigrants, 6975  
 aggressive & nonaggressive verbal & bodily interaction, British & immigrant 9 10 yr olds, 2964  
 anthropological & symbolic aspects of 1956 circumcision ceremony, Tripolitanian immigrants in Israel, 4948  
 island culture & traditional background, cultural assimilation difficulties, Samoan immigrants in California, 812  
 mental & personality disorders, emigrants to Yugoslavia, 3354  
 myth of returning to homeland, social relationships & lack of cultural assimilation, Pakistani immigrants in Britain, 814  
 Persephone syndrome, conflict in adaptive process, married Greek female immigrants in U.S.A., 1229  
 repatriation as therapy, Jamaican psychiatric patients, 5582  
 suicide methods, English & Welsh immigrants in Australia, 11351

**Immunization**

chlorpromazine & fluphenazine, immune response, rabbits, 8721

**Immunoglobulins**

high environmental temperature, immunological changes, stove fitters & smelters & bricklayers, 8028

serum immunoglobulin levels, improved clinical course, schizophrenics, 1211

**Immunologic Disorders** (See also Allergic Disorders, Rh Incompatibility)**Immunology**

crowded vs uncrowded conditions with vs without methylchloroform extraction of tank water, immune response to infectious pancreatic necrosis virus, blue gourami, 4419

high environmental temperature, immunological changes, stove fitters & smelters & bricklayers, 8028

**Immunopathology** (See Immunology)**Implosive Therapy**

conditioning vs flooding procedures, phobias, 5729  
 flooding procedures, fear reduction, humans & animals, 8819  
 group implosive therapy, test anxiety, 7685  
 group implosive therapy, test anxiety, college students, 9722  
 implosive therapy vs systematic desensitization, test anxiety, college students, 11726  
 prolonged exposure to inhibiting situation, chronic psychogenic urinary retention, 2 case reports, 5714  
 prolonged flooding, chronic obsessive compulsive patients, 1638  
 psychosomatic approach using psychodynamically-oriented psychotherapy & implosive-expressive technique, aggressive patients with various illnesses, 9603  
 stimulus flooding, normal vs moderately vs severely retarded children, 7711  
 systematic desensitization vs implosive therapy vs study counseling, reducing test anxiety, college students, 7683

**Impotence**

arginine aspartate, secondary sexual impotence, 11667  
 febarbamate & difebarbamate & phenobarbital, impotence & frigidity, 5657  
 hyperadrenocortical disease, sexual drive & impotence & defeminization & virilization, males vs females, 5512  
 learning theory & behavior modification treatment, male sexual impotence, 3720

**Imprinting**

distress-call vs pole-peck contingent reinforcement, distress vocalizations, ducklings, 4727  
 early environmental influences, loss of depth avoidance, chicks, 4821  
 early socialization, species awareness, chicks, 6780  
 imprinting & object exposure amount, object preference development, chicks, 665  
 imprinting stimulus training for 20 vs 60 vs 120 vs 240 min on 1st day after hatching, tritiated uracil incorporation into brain, 2-day-old chicks, 2517  
 internal constraints on learning, imprinting, birds, 613  
 learning & imprinting process, production of RNA & protein, chicks, 6466  
 monocular vs binocular viewing, imprinted preference for 3-dimensional objects, ducklings, 4815  
 reinforcement model of imprinting, implications for socialization in monkeys & man, 10742  
 room temperature during exposure to imprinting stimulus, rate of distress vocalizations, chicks, 6745  
 stimulus & environmental familiarity, visual imprinting, newly hatched ducklings, 4726

**Impulsiveness**

field dependence independence, reflective-impulsive vs hyperactive 2nd & 3rd grade boys & mothers, 3277  
 impulse behavior & subjective experience of drive, hebephrenics vs normals, 5327  
 impulsivity & selective attention, high- vs low-achieving male 6th graders, 3900  
 impulsivity, motor inhibition, high- & low-impulse boys from institution for juvenile delinquents or abused & abandoned children vs nondelinquent institutionalized, 8304  
 impulsivity, specific delinquent behaviors, residents of minimum security correction camp & maximum security school & high school students, 7408  
 intralist similarity & impulsivity-reflectivity, word recognition performance, kindergartners, 5901  
 operativity, cognitive development in reading, 5 yr old readers & nonreaders, 6841  
 reflection-impulsivity on Matching Familiar Figures Test, brain damaged vs normal children, 3550

**Incarceration**

incarceration rates, incidence of heroin addiction, 15 30 yr old offenders, 11381  
 incarceration, changes in Taylor-Johnson Temperament Analysis, incarcerated soldiers entering & leaving correctional training program, 3779  
 needless incarceration, recommendations for further correctional research & evaluation, 5548  
 proposed revision of dangerous sex offender" law, 3791  
**Incentives** (See also Educational Incentives, Monetary Incentives)  
 age & sex & adult estimates of preferences, incentive preferences, 4 7 & 8 11 yr olds, 4845  
 E warmth & competitive-set, effects of intangible incentives on resistance to temptation, 5 9 yr olds, 7060  
 incentive theory & reward changes, learning theories, 2457  
 incentive, questionnaire return, TV program rating panel, 3141  
 incentives & feedback, modification of speech & language behavior, 5699  
 manipulating reinforcement contingencies & task incentives, conceptual tempo, 4th graders, 10854  
 objective uncertainty & payoff system, latency of subjective certainty in predictive judgment situations, 192  
 occupational role values & high & low verbal reinforcement as incentives, verbal learning, 5th graders, 6245  
 positive vs negative incentives, work output & vigilance & accident susceptibility, power tool operators, 1998  
 rational zero point & reinforcement, comments on R. A. Haaf's scaling procedure for partitioning rewards from punishments in human learning studies, 4244  
 reinforcement condition & base preference & base rate levels in 2-choice marble dropping task, base preference ratio & base rate & preference ratio & rate change, male vs female 4 yr olds, 10813  
 traditional tangible incentives vs newer incentives such as control over work life, voluntary enlistment in Navy, low vs middle vs high socioeconomic status male junior college students, 10001

**Incest**

brother-sister incest in psychiatry & literature & history & mythology, book, 11386

- defense against overwhelming unconscious incestuous feeling anxiety & possible reproduction by hypnotic trance induction, psychogenic seizure states, 15-yr-old girl & 36-yr-old man, 7295
- episodic recidivism & recurrent psychopathological states, psychosexual & psychosocial aspects of deviant behavior, incestuous families, 9366
- incest in ancient civilizations, reinterpretation of Oedipus complex, 5434
- incest taboo background & significance, 10921
- prohibition of incest, filicide & sociocultural processes, 893
- social networks & deviance in behavioral & normative conjugal role definitions, lower class incest vs wife beating vs nonsupport offenders, 1359
- subliminal exposures to incest & symbiosis stimuli, psychoanalytic dynamic propositions, male homosexuals & heterosexuals, 5444
- Incidental Learning**
- age differences & incidental learning, backward association learning, 6th & 8th & 10th graders, 2348
- color modality, incidental learning, mildly retarded vs normal children, extension of H. Goldstein & C. Kass's findings, 5478
- conservatism, recall of incidental learning, 8356
- delayed recognition vs recall testing & incidental vs intentional learning, proactive-inhibition release, college students, 10432
- incidental learning techniques, semantic vs acoustic coding in retention & organization, college students, 2322
- incidental learning, classroom environment & teaching, 7966
- incidental vs intentional learning instructions & recall vs recognition, learning concrete vs abstract nouns, college students, 2364
- incidental vs intentional learning, verbal recall & visual recognition of same stimuli, kindergartners, 2376
- individual differences in bioelectric parameters of nervous system, memory in intentional & incidental learning, 6385
- induced anxiety, incidental & intentional learning, high school students, 8348
- intellectual development & perceptual salience, intentional & incidental recall, 1st & 4th & 6th grade mildly retarded & average IQ children, 7462
- intelligence quotient & auditory stimulation, incidental learning, normal & noninstitutionalized retarded children, 9442
- intentional vs incidental learning & list clustering & simultaneous vs delayed presentation, recall of word pairs, adults, 8373
- modality & frequency & spacing, incidental memory for input modalities of repeated words, college students, 2402
- paired-associate learning task, intentional & incidental learning, 10- & 13- & 16-yr-old retarded & normal children, 7438
- photographs of persons with open eyes vs lowered eyelids & positive vs negative reinforcement for physical characteristics judgments, judging intelligence of pictured people, 11037
- rapid presentation of adjectives, transfer of incidental learning to free recall, college students, 10368
- taxonomic vs orthographic word processing, free & cued recall, incidental- & intentional-learning college student, 8448
- Income (Economic)**
- ability & background & formal education, lifetime income patterns, 2958
- intellectual ability & higher educational credentials & degree of applicability of college-learned skills & knowledge to job performance, earnings, college graduates, 9939
- socio-economic adjustment to widowhood, widowers vs widows, 4910
- Income Level** (See also Lower Income Level, Middle Income Level)
- athleticism & studiousness & brilliance & wealth rankings, impression formation, college students, 11035
- financial status, values, business administrators, longitudinal study, 8032
- Incompatibility (Rh)** (See Rh Incompatibility)
- Incontinence (Fecal)** (See Fecal Incontinence)
- Incontinence (Urinary)** (See Urinary Incontinence)
- Independence (Personality)**
- Children's Minimal Scale Behavior Scale, degree of ability to function independently, institutionalized mentally retarded adults, 11404
- conforming & independent person in backward version of Asch conformity, paradigm, impressions, college students, 11036
- independence & environmental adaptation & conscience, man vs animal, examination of M. Scheler's anthropological concepts, 831
- leaderless group experiences, group cohesiveness & individual independence, members, 9753
- locus of control orientations & sex, task independence, 2nd graders, 5181
- parental control, development of independent behavior, young children, 6881
- scope of work group, autonomy need, prison inmates, elaboration of E. Goffman's concept of total institution, 3463
- subordinate's authoritarianism & need for independence, participation in appraisal interviews, 10050
- Independent Party (Political)** (See Political Parties)
- Independent Variables**
- definitional dependency problems in research, case studies in organization-administrative intensity, 4076
- India**
- achievement needs & change-proneness, information acquisition through farm telecast & diffusion, farmers in Delhi Territory, 7118
- adherence to traditional ideas, fertility planning & family size, rural- vs urban-born women, India, 4931
- authoritarianism & extraversion-introversion & anxiety & neuroticism, satiation of orientation, college students, India, 4169
- balance theory application using interaction between individual & social system variables, typologies of modernization, farm operators in Indian villages, 2929
- Bangladesh Revolution, perceptions of Yaha Khan & Mujibur Rehman & Z. A. Bhutto, college students, India, 8974
- biosocial characteristics, male vs female psychiatric patients in India, 5362
- causes & remedies, campus unrest, college students in India, 5022
- Choice Dilemmas Questionnaire & Behavior Prediction Scale transcribed into Hindi, risk-taking measurement, male college students in India, 360
- cognitive ability, simultaneous & successive cognitive processing, Canadian & Indian 4th graders, 2311
- counseling & behavior modification, academic failure & anxiety, Indian high school boys, 3963
- demographic characteristics & psychosocial variables & methods used, student suicides in Bangalore, India, 7407
- economic factors & attitudes, acceptance of agricultural innovations, villagers, India, 5012
- economical & industrial advancement of country, occupational hierarchy, India vs Ethiopia vs US, 10960
- government vs private schools, prevalence of mental retardation, Mysore City, India, 9434
- guidance services at prevocational training centers, India, 1973
- intelligence & socioeconomic status & sex, logical communication effect on superstitious attitudes, Indian high school students, 5079
- intelligence level & achievement motivation & study habits, good scholastic achievement, Indian schoolboys, 5929
- nationality & education, performance on Raven's Standard Progressive Matrices, Bengali-speaking 9th 11th graders from Agartala & Calcutta, India, 10149
- need for achievement, entrepreneurship, small-scale manufacturers in northern India, 10000
- needs for achievement & power & affiliation & efficacy & overall modernity & education & religious modernity, entrepreneurial competence & entry, entrepreneurs & nonentrepreneurs from 2 subcultures, India, 11149
- occurrence rate & symptomatology, depression, urban vs rural areas in India, 11317
- parental death & family jointness, depressive disorder development, affective morbidity & suicide reaction by parents & siblings of manic-depressive vs reactive vs 1st-attack depressives in India, 1283
- realistic & feasible vocational guidance program development, vocational guidance counselors in India, 1929
- rural areas & upper caste level & lower educational group, measuring caste prejudice, college students, use of R. M. Singh's Caste Prejudice Scale, 4950
- school absenteeism, social responsibility, college students in India, 7870
- sex & achievement values, internal vs external locus of control, high school students in India, 7173
- social class & father's occupation, scholastic achievement, 12 16 yr olds, India, 5927
- speech & language analysis, Indian languages, 1048
- stability coefficients & alternate forms reliabilities, forms A & B of Eysenck Personality Inventory, college students in India, 4121

sustained rate of rural economic development, achievement motivation, 10 15 vs 20 30 vs 45+ yr old males from highly vs underdeveloped villages, 5016

test-retest & internal consistency reliabilities of scale, measuring caste prejudice, college students, 4959

value judgments, 16 21 yr old urban vs rural college students from India vs results obtained in U.S., 4919

war, social distance between belligerents, Indian Hindus & Muslims & Pakistanis, 932

**Indians (American)** (See American Indians)

**Indifference** (See Apathy)

**Individual Counseling** (See Individual Psychotherapy)

**Individual Differences**

age & storage of phonological representation of picture in memory, recall performance, children, support for R. Conrad's data, 4286

attitudes towards behavioral & genetic variability, psychologists vs biologists, 6098

cognitive social learning reconceptualization, individual differences & situations in study of personality, 6274

concepts & methods used for assessment, psychological description & learning ability processes, 12019

data matrix system, recording individualized behavior data in token economy programs, psychiatric patients, 1773

degree of excitability, speed of selection of object from background, 6193

developmental model utilizing 3 dimensions of individuals & variables & occasions, inter- & intraindividual differences & intraindividual changes, 10809

drug dose & measurement technique, individual differences in acquisition of cyclophosphamide-induced aversion to saccharin flavored water, rats, implications for aversion therapy of alcoholism, 8693

ego vs physical stressor, state anxiety, high & low speech trait anxiety students, 7149

extraversion-introversion individual differences, reminiscence, professional criticism, 4292

extraversion-introversion individual differences, reminiscence, reply to criticism by H. J. Eysenck, 4298

individual & group differences, test scores for cognitive traits & implications for test interpretation, 8119

individual difference predictability, responses to discrete stimulus presentations, 2126

individual differences in bioelectric parameters of nervous system, memory in intentional & incidental learning, 6385

individual differences in discrete stimulus-item situation, reliability coefficients of single-pole items, 2112

individual differences in excitability levels & habituation rates, incorporation of C-leucine into brain & nonbrain proteins, male rats, 10568

individual differences, cognition, 4232

individual differences, leadership behavior types in teamwork, 2nd & 3rd graders, 5076

individual differences, overextinction of skin conductance response component of orienting response, 16 18 yr olds, 2504

individual differences, perception of social power of college campus figures, college students, 5107

individual differences, perceptions of situations, college students, replication of D. Magnusson's study, 3046

individual differences, performance on concept acquisition tasks, college students classified as sensitizers or repressors, 5177

individual differences, preference for lecture with or without discussion vs independent study, college students, 7924

individual differences, productivity in cognitive problem solving & memory, preschool children, 4237

individual differences, ratings of job applicants, employment interviewers, 10047

individual differences, Pulfrich effect, field-dependent vs field-independent college students, 2210

individual psychological specialties, high achieving students, 11968

intergroup comparisons of intraperson differences, work reward preferences, 1980

linear programming, multidimensional analysis of individual differences in preference judgments, 8140

maternal reinforcement styles used in teaching their children, individual differences in responses, black & white English & Israeli 4 yr olds, 6889

naturalistic observation vs. psychometric tests in behavior modification research, behavioral analysis in group studies of individual differences, 1660

oral temperature & food intake circadian rhythms, distinguishing morning vs evening types, college students, 2538

personality peculiarities of activity & self-regulation, mental ability differences, 6231

physiological & biochemical correlates, individual differences in prey killing & food dominance & novel stimulus situations, 6 8 wk old wolf cubs, 4394

physiological parameters & statistical analysis, research on individual differences, USSR, 6359

practice & individual differences & sex differences, response times in adding & multiplying single digit numbers, college students, 8347

psychological tests, determination of individual & motivational differences, athletes, 4107

rationale & scoring methods & test administration & experimental results in modifying ability tests to individual differences, stratified adaptive computerized ability test, 8125

receptive vs productive language generalizations, retarded children & adolescents & young adults, 1382

sex & individual differences, pure tone threshold & loudness judgment & pitch discrimination & annoyance of repeating stimulus, 8205

shifting attention toward or away from visual or auditory stimuli of varying intensities & individual differences, average evoked responses, volunteers, 2503

Skinner's behavioral assumptions, differences in intellectual development, 2782

stimulus information modifications, consistency of individual differences in impression formation, 991

stochastic model & computer simulation, individual differences in concept identification strategies, college students, 236

storage of phonological representation of pictures in memory, recall performance, support of H. A. Colle's criticism of R. Conrad study, 4287

subjective probability model, predicting receptiveness to alternative explanations of individual behavior, college students, 1012

temporal clusters & individual differences, play & social interaction, preschool children, 4898

variation in illusory effects for 32 illusions, college students, implications for theory of illusions, 2145

**Individual Psychotherapy**

confrontation techniques, individual psychotherapy, 11584

family therapy, preparation for individual therapy, 12-yr-old boy, 11698

group vs individual methods, improving aftercare services, chronic psychotic patients, 7611

home visiting teams, individual & family therapy for large numbers of people, community mental health center, 3743

indiscriminate applications of therapies, dangerous effects of psychotherapy, 9585

individual psychotherapy, psychiatric hospital treatment, 7619

individual psychotherapy, severely mentally handicapped children, 7600

individual vs group vs family therapy, runaway girls running from family conflicts vs to persons & places providing experiences forbidden in home, 7601

individual vs. psychosocial vs. psychotropic & psychosocial vs. psychotropic drug therapies, subjective & observational measures of distress, psychiatric outpatients, 1624

linking individual therapeutic interviews with monthly psychodrama sessions, 11545

milieu & individual therapy, personality & adjustment & intelligence, institutionalized female delinquents, 5602

nurturance in group setting vs individual supportive psychotherapy, effectiveness for therapeutic aftercare, refractory chronic schizophrenics, 7592

peer-observed psychotherapy vs traditional group & individual psychotherapy, drug addiction, institutionalized male addicts, 3646

problems with integrating group processes into individual psychotherapy, 11556

psychotherapy vs social influence induced self-awareness, concrete behavior changes, 3614

self-confrontation in group vs. individual psychotherapy in outpatient treatment program, drinking behavior, male alcoholics, 1465

weekly seminar therapy groups, problems in conducting individual psychotherapy, psychiatric hospital staff, 11211

**Individual Testing**

adaptive vs conventional individual & group testing, ability measurement, 197  
 group vs individually administered tests, examination performance, college students, 3956  
**Individual Therapy** (See Individual Psychotherapy)  
**Individualism** (See Individuality)  
**Individuality**  
 autonomy vs time perspective vs leadership polarization development, male vs female bright vs average high school students, 758  
**Individualized Instruction**  
 computer assisted instruction in initial reading, individualized instruction based on optimization procedures, 7902  
 individualized instructional program, academic achievement, 14 18 yr old offenders in correctional facility, 5784  
 individualized multisensory spelling program, 4th & 5th graders, 11906  
 minimum performance criteria & grade labels, academic performance in individualized instruction, college students, 1836  
 one-to-one tutorial program, attitudes toward reading & personality factors & reading achievement, 3rd & 4th graders, 5878  
 teacher- vs learner-controlled instruction, learning reproductive vs transfer items & student motivation, 1st-yr psychology students, 9891  
**Induced Abortion**  
 abortion counseling, 1728  
 abortion counseling, 11779  
 abortion vs giving birth to unwanted child, psychiatric implications, 3377  
 abortion, attitudes & sexual behavior, young women college students, 7084  
 acceptance vs denial on psychiatric grounds vs acceptance on medical grounds, therapeutic abortion, Scottish females, 2-yr follow-up study, 9815  
 attitudes toward abortion, senior vs intermediate vs junior Canterbury Association of Anglican Women members in New Zealand, 6990  
 background factors, adjustment to abortion, unwed 14 20 yr old females, 8973  
 cultural & psychosocial factors, abortion-seeking behavior, Czechoslovakia & Hungary vs United States, 815  
 disturbed parental relationships & reliance on denial & ambivalence, mid-trimester abortion, women delaying vs not delaying legal requests, 2903  
 genetic risk & prenatal diagnosis, selective abortion, 2912  
 infertility & child abuse & abortion, maternal hostility toward children, case reports, 9360  
 Jewish views, abortion, 2902  
 knowledge & availability of contraception & guilt over sexual activity & reactions to loss & acting-out character disorders, single girls seeking abortion vs completing pregnancy, 7383  
 legal & sociological & psychological & medical impact, abortion, book of readings, 8978  
 partial & complete inhibition of normal fantasy process about fetus, women seeking abortions vs women carrying to term, 899  
 pregnancy & abortion, developmental paradigm based on stage-specific conflicts of early vs middle vs late adolescence, unmarried adolescents, 2900  
 pro & con arguments, abortion, 2881  
 problem pregnancy & abortion counseling, book of readings, 1729  
 psychiatric & legal aspects, statutory rape & pregnancy & abortion, juveniles, 8986  
 psychiatric consultation before abortion, 5747  
 psychiatrist's views on abortion, 2892  
 psychological characteristics, women having abortions vs effective users of contraception, 4964  
 psychological effects, induced abortion, women, follow-up study, 7334  
 psychosexual development & sex roles & heterosexual & homosexual interactions & abortion & pornography & sexual myths, book of readings, 804  
 psychosocial aspects of induced abortion, 8971  
 social & legal & medical aspects, abortion, book of readings, 2936  
 social worker role, medical management of women requesting abortions at city hospital, 7045  
 sociological & psychological & legal aspects, abortion, Denmark, 4991  
**Inductive Deductive Reasoning** (See also Inference)  
 affirmative & universal vs negative conclusions in Dienes logic blocks, syllogistic judgment, 8-15 yr olds, 10859

internal processes, evaluation of deductive argument, 4228  
 interpretation of abstract conditional sentences in deductive reasoning, 9082  
 transformational vs traditional grammar & inductive vs deductive teaching, structural complexity of essay writing, 10th graders, 1853  
**Industrial Accidents**  
 degree of freedom & fork-lift truck use & meeting area incidents, warehouse safety & accidents, fork-lift truck drivers, 10103  
 evaluating countermeasures, occupational accidents, 12132  
 positive vs negative incentives, work output & vigilance & accident susceptibility, power tool operators, 1998  
 road traffic & industrial injuries, psychiatric disorders, 5316  
 structural & functional characteristics of working teams, frequency & severity of on-job accidents, steel plant workers, 4062  
 subjective estimates vs objective risk distribution, likelihood of occupational injury, chain-saw operators, implications for accident prevention strategies, 10100  
 work system arrangement vs maintenance of accurate subjective risk model, occupational accident prevention, criticism of J. D. Dunn's study on subjective vs objective risk distribution, 10105  
**Industrial Foremen**  
 authoritarianism, job satisfaction, supervisors in steel plant, 8058  
 B-coefficient as device of cluster analysis, attitude measures, industrial foremen, 6152  
 interpersonal compatibility, managerial work effectiveness, industrial supervisors, 10090  
 race & human relations training, peer ratings, black & white industrial foremen, 1969  
 semantic differential scale, perception of each other's affective reactions to industrial relations terms, shop stewards & foremen, 4047  
**Industrial Personnel** (See Business And Industrial Personnel)  
**Industrial Psychologists**  
 attitudes toward use of & hiring vs not hiring industrial psychologists, American vs New Zealand personnel administrators, 1144  
 test & criterion & decision & consultative & supporting orientation, personnel selection & placement & development, industrial psychologists, 3998  
**Industrial Psychology**  
 attitudes toward industrial psychology & testing, male union members & college students & managers & supervisors & laborers, 12055  
 composite vs multiple criteria, industrial psychology measures, 10011  
 industrial & organizational psychology, evaluation of present status & future trends & need for systems approach, 2027  
 industrial psychology, 1938  
 industrial psychology, introductory textbook, 1946  
 orientation & systematic rationale & interpretation & evaluation of articles, industrial psychology reviews, 1950-1969, 3988  
 personnel & industrial psychology, book of selected readings, 12042  
 psychosocial responsibilities, working in industrial organization or health administration, physicians, 9183  
 systems-analysis approach, "humanization" problem in 1970-1980 decade, 6017  
 validity assessment, predictors & criteria used in industrial psychology, 10003  
**Industrial Safety** (See Occupational Safety)  
**Industrialization**  
 American caste system, work & work endurance negativism, Northern vs Border South vs Deep South, 10 70 yr old whites, 4914  
 applied psychology, work in developing country, Brazil, 6015  
 ascription & achievement, mass education & mobility, 8964  
 attitude toward technology, choice of field of study, male vs female college students, 9919  
 balance theory application using interaction between individual & social system variables, typologies of modernization, farm operators in Indian villages, 2929  
 cognitive goals demanded by developing countries vs those expected by indigenous culture, cognitive difficulties, young Zambians, 4851  
 cross-cultural differences, conformity to Foster's concept of Limited Good, 6th graders, United States & Mexico, 2852  
 economic factors & attitudes, acceptance of agricultural innovations, villagers, India, 5012

economical & industrial advancement of country, occupational hierarchy, India vs Ethiopia vs US, 10960  
 economical & political & sociological & industrial environmental changes of the 1970's, flexible computerized procedure for manpower resource selection & allocation, 6036  
 factor analysis of measures of national attributes in 21 countries, developmental patterns, Asia, 1949 1968, 805  
 geographical regions of U.S., personality differences, 11138  
 increasing mechanization & job routinization, job satisfaction, auto workers, 6044  
 industrialization & rapid social change, mental health service development, developing nations, 8951  
 modern technology, psychomotor & cognitive difficulties, aged, 862  
 modernization, attitudes & aspirations & family & social structure, adolescents, Turkey, 3040  
 national development as measured by social & economic & welfare statistics, linguistic standardization & historicity & vitality, 9068  
 political instability & regime coerciveness & systematic frustration & development level, need achievement, 1925 vs 1950 cross-national analysis, 6929  
 population size & cash economy & westernization, alcoholism & paranoid personality disorders & depression, Alaskans, 5320  
 psychiatric problems, developing countries, 11216  
 questioning technological system, return to human values, 2925  
 reaction against depersonalization of modern technology & achievement of self-transcendence, revival of interest in mysticism & astrology & transcendental meditation & nonrational phenomena, 10934  
 role of psychology, human resources use maximization & 3rd world development in South Pacific, 6958  
 sex differences, status & attitudes towards modernization, Turkish Ss, 11055  
 social structure & age & sex & educational level, attitudes toward mental illness, inhabitants of agricultural vs industrialized community, Finland, 5004  
 technological threats, preserving stability & community & functional status & sense of identity, book, 905  
 technological way of life, problems of pollution & mental illnesses, 10964  
 testing for educational & occupational selection in developing countries, review, 12082  
**Industry** (See Business)  
**Infancy** (See Infants)  
**Infant Development** (See also Neonatal Development)  
 absence of object manipulation during infancy, cognitive development, male born without limbs, 4856  
 day care programs in U.S.A. vs other nations, infant & early childhood development policies, book of readings, 713  
 infant-environment interaction, research methodologies, 10837  
 intelligence measures vs specific skill acquisition through learning experiences, infants, 2786  
 low birthweight, sequential developments, infants, 10867  
 motor retardation & cerebral dysfunction & retarded maturation, prematurely born infants, 5291  
 object relations during 1st yr, psychosocial development, 2819  
 perception of distal vs proximal properties of objects, 7 15 day olds, 692  
 Premature Infant Activity Schedule, time-sampling measure of infant's behavior & caretaker's activity, 4825  
 psychiatric misjudgments in German restitution proceedings, claimants who were infants during Nazi regime, 8991  
 severe malnourishment during infancy, school performance, Jamaican 5 10 yr old males, 7539  
 time-sampling vs continuous-recording techniques, observing developmental changes in caretaker & infant behaviors, infants from adoption agency nursery, 6827  
**Infant Vocalization**  
 fathers vs mothers vs strangers, eliciting attachment behaviors, 10 & 13 & 16 mo olds, 10894  
 imitation, early speech acquisition, 6-wk-old girl with vocalizations similar to bird calls, 6833  
 linguistic myths about infant vocalizations, 701  
 sex differences in behavior & organization of oral behavior, full-term Caucasian neonates, 710  
 vocal & rhythmic development in infants, later musical learning, 10818  
**Infantile Neurosis** (See Childhood Neurosis)  
**Infantile Psychosis** (See Childhood Psychosis)  
**Infants** (See also Neonates)

age & sex & habituation pattern during home familiarization, encoding & retrieval of perceptual memories after long-term familiarization & response to discrepancy, 3 & 5 mo olds, 4859  
 age differences, eye movements between adjacent stimuli, 3 vs 6 mo olds, 4829  
 alcohol & rearing under maternal & peer deprivation, growth rate & physical dependence & oral preference, infant monkeys, 6645  
 anxiety vs emotions associated with babies, adult-infant body placement sites, college students, 10909  
 arrival & departures of mother & father & stranger, onset & development of separation protest & relationship to object permanence, 9 & 12 & 18 & 24 mo olds in Guatemala vs US, 10901  
 attachment & mother-infant interaction, suggestions for research orientation change, 4895  
 autocorrelation, periodicity of successive recurrences of sleep states, normal premature vs full-term infants, 8569  
 child vs adult strangers & stranger sex, stranger anxiety, 8 & 12 mo olds, 6890  
 clinical characteristics, women who had committed infanticide, 11391  
 computer-assisted data processing of manually precoded sleep patterns, monitoring of sleep, premature vs full-term infants at comparable conceptional ages, use in clinical assessment, 7546  
 consonant-vowel format vs vowel contrasts vs tonal stimuli, sensitivity, 4-17 wk olds, replication of S. E. Trehub & M. S. Rabinovitch's procedure, 6184  
 contingent vs noncontingent perceptual stimulation with spatially displaced source, operant response acquisition, 6-9 mo old infants, 10831  
 cultural learning & desire to communicate, development in construction of phrases, infants, 2788  
 D-tetrahydrocannabinol, number of nuclear membrane-attached ribosomes in brain, infant rats, 4599  
 developmental & age related factors, Rorschach testing, infants, 764  
 developmental differences, person constancy in recognition, 4 18 mo olds, 2773  
 direct & emotional vs situational & extrasituational adult-child communication, attitude towards adults, 9 mo olds, 6894  
 discrimination of elemental & structural features of human face, 4 & 5 mo olds, 4843  
 early day care experience, affect & tension & social interaction on 1st day & 5th wk in new facility, children, 1883  
 echolalia similarities, delayed acquisition of language meaning & structure systems, autistic children & blind infants, 7242  
 EEG & EKG patterns, apneic spells, infants with apnea vs premature infants with no respiratory pauses, 1425  
 fathers vs mothers vs strangers, eliciting attachment behaviors, 10 & 13 & 16 mo olds, 10894  
 free-play situation with mother, self-initiated behavior, 1 and 1 yr olds, 6898  
 grammatical & semantic complexity & use frequency in parental speech, grammatical morpheme acquisition, 16-40 mo olds, 6844  
 gross temporal patterns, infant adult gaze behavior, 4 mo olds & Es or mothers, implications for human communication theory, 10822  
 habituation & recovery & retention periods, visual fixation to geometric patterns, 4 mo olds, 6195  
 Hampstead Nurseries during 1939 1945, residential nurseries effects, book, 703  
 head circumference growth, babies, 8888  
 home & laboratory conditions, REM sleep, 4 mo olds, 8864  
 increased sensitivity & manufacturer cost reduction, modification of M. Lewis & L. Wilson infant stabilimeter, 2764  
 infant caregiving, training handbook for child care workers, 1145  
 infant-environment interaction, research methodologies, 10837  
 intelligence measures vs specific skill acquisition through learning experiences, infants, 2786  
 laughter, infants, 4312  
 living in maternal hotels, psychotherapeutic approaches, unmarried mothers & their infants, 11514  
 low birthweight, sequential developments, infants, 10867  
 low vs high father-interaction families, separation protest, 1 yr olds, 6899  
 manifestations of depressive disorders in infancy & childhood & adolescence & adulthood & old age & treatment forms, 1496  
 maternal employment & sex role & social class, childhood development, infants & preschool & school age children & adolescents, 714

maternal unresponsiveness & insensitivity to crying & signals & being put down, individual differences in responses to brief separations, 9-12 mo old infants & their mothers, 6901  
 mother-child interaction, physically handicapped 15-48 mo olds & their mothers, 7520  
 neonatal characteristics, mother infant interaction, mothers & newborn infants, 10904  
 new evaluation method & age, motor development, 1 16 mo old infants, 754  
 observation of mother infant dyads, language system development, 4892  
 onset of smiling & sitting alone, early mental retardation diagnoses, 5 mo to 6 yr olds referred for developmental problems, 1400  
 parental use of LSD, physical & mental & motor development, infants, 6610  
 perception of distal vs proximal properties of objects, 7-15 day olds, 692  
 presentation of continuously sounding hidden music box, enhancement of hidden object search, 6 mo olds, 6849  
 progressive facilities & length in institution, psychomotor development, institutionalized 1 mo to 6 yr old children, 6865  
 prolonging life through medical technology, moral & ethical dilemmas, special-care nursery, 11183  
 protest & following & greeting, separation behavior, 15 54 wk olds, longitudinal study, 6902  
 reactions to stranger in secure & warm vs cold & rigid type day-care centers, 4-24 mo olds, 6830  
 REM & non-REM sleep & wakefulness, visual evoked responses, pre-term infants, 2511  
 reversible active vs passive sentence presentation & mean length of utterance, word order & sentence comprehension, 19-38 mo olds, 10856  
 schizophrenic mothers, visual-motor development, infants from birth to 2 yrs of age, 3322  
 separation from parent in childhood, predicting infant management difficulties, mothers, 10897  
 sex & birthweight & Apgar score & circumcision & behavioral state, plasma cortisol levels, full-term 3 day olds, 10589  
 sexuality expressed in early yrs of life, reading of Freud vs Bible, 756  
 shaped pattern preference, depth avoidance in visual cliff situation, human infants, 2777  
 sleeping position, motor & mental development, 7 mo olds, 741  
 social & emotional adjustment measures, preschool age & infant retardates with cerebral palsy, 3504  
 socio-psychiatric analysis, infanticides, Warsaw, Poland 1962 1971, 11347  
 stimulus novelty, visual & factual inspection of objects, 6 14mo old infants, 10864  
 sucking patterns, infant goats vs human infants, 8768  
 tape recording of mother's voice vs unknown female voice vs white noise, cardiac responsivity, low-birth-weight premature infants, 2541  
 time after parturition to death, response to bodies of own vs other dead infants, squirrel monkeys, 6785  
 time-sampling vs continuous-recording techniques, observing developmental changes in caretaker & infant behaviors, infants from adoption agency nursery, 6827  
 validity of infant intelligence scores, commentaries & reply to M. Lewis & H. McGurk's article, 8336  
 verbal comprehension, early language acquisition, 8 11mo old, 2780  
 visual information, grasping activity, 10-20 wk olds without grasping ability, 693  
 visual stimuli, ocular orientations, infants, use of theory combining C. H. Coombs's unfolding model & A. Tversky's additive difference model, 10844  
 2-choice discrimination procedure, receptive vocabulary skills, delayed vs nondelayed 18 & 27 mo olds, 7429  
**Infarctions (Myocardial)** (See Myocardial Infarctions)  
**Infections** (See Infectious Disorders)  
**Infectious Disorders** (See also Malaria, Parasitic Disorders, Pulmonary Tuberculosis, Venereal Diseases, Viral Disorders)  
 weather & respiratory infection, incidence of sickness absence, industrial workers, 1443  
**Inference**  
 availability as judgmental heuristic, judging class frequencies & probability of events, 10410  
 base rate of behavior known to be characteristic of another, informational value in impression formation, college students, 7078

category judgments of illuminance & albedo variation to unpatterned vs patterned stimuli, whiteness constancy as inferential process vs insensitivity, college students, 10251  
 conservatism in probability revision, generalizability of laboratory experiment results to more realistic inferential & decision-making situations, 10338  
 cue intercorrelation & task predictability, interpersonal learning of probabilistic inference tasks, college students, 6246  
 cue validity & task predictability, interpersonal learning of linear inference tasks, college students, 211  
 cue validity, interpersonal learning of inference tasks with linear & nonlinear cues, college students, 4240  
 egocentrism, transitivity-intransitivity of inferences about preferences, 6 & 9 & 11 yr olds, test of J. Smedslund's hypotheses, 6840  
 form of function relating criterion to cue values, learning of probabilistic inference tasks, high school & college students, 213  
 function form & cue validity, hypotheses in probabilistic inference tasks, college & high school students, 4241  
 inference based on alternative formulation of data space, error theory for probabilistic information processing systems, 12125  
 log vs. quadratic vs. spherical proper scoring rules, inferred probability in betting, male college students, 348  
 logical inference & coordination of experiences, children under 7 yrs, 724  
 low predictability of verbal attitudes for overt behavior attitude stability & verbal report measurement adequacy & attitudinal influence on behavior, 2435  
 redundancy measure for overlapping data sets, optimal inference in applied decision systems, 10157  
 rules of inference, epistemic mathematical logic modeling of cognitive psychology, 6150  
 subjective probability measures on within-S basis, college & graduate students, 8367  
 time spent on simple deductions, comprehension of pseudomperatives and "or," college students, 2296  
 transitive inference in young children, criticism of P. E. Bryant & T. Trabasso's claims & reply by Bryant, 6873  
**Inferior Colliculus**  
 high frequency acoustical stimulation & electrical stimulation of nervous processes in osseous spiral laminae of cochlea, single unit neural response of inferior colliculus, cats, 4466  
**Infertility** (See also Sterility)  
 infertility & child abuse & abortion, maternal hostility toward children, case reports, 9360  
**Infirmaries** (See Hospitals)  
**Infection**  
 inconsistent vs consistent sentences, cognitive integration of verbal & vocal information in spoken sentences, 18 40 yr olds, 5168  
**Influence (Interpersonal)** (See Interpersonal Influences)  
**Influences (Social)** (See Social Influences)  
**Information (Concepts)** (See Concepts)  
**Information (Messages)** (See Messages)  
**Information Exchange**  
 achievement needs & change-proneness, information acquisition through farm telecast & diffusion, farmers in Delhi Territory, 7118  
 attitudes toward computer vs teacher vs textbook vs television as transmitters of information, junior high school students, 11947  
 information flow & data use processes, social & organizational change models, 10920  
 information transmission method, determination of average information value of English language, students, 3132  
 information vs social influence transfer in social integration, participation in diffusion of innovation process, 4976  
 known information content, maximum rates of information acceptance & executive response, 18-28 & 65-75 yr olds, 4861  
 need to combine functions & services of poison control & suicide prevention centers, 3741  
 number of judgments required & order of type of information & amount of information presented at 1 time, information favorability order & type of decision in simulated selection interview, 1959  
 organization development training & measurable objective development & experimental program design within organizational goals & comprehensive information system development, improvement of probation service, 5809  
 psychological information sources in Czechoslovakia, 1968 1969 & 1970 1971, 6109

task type, external & internal information flow & transfer, scientists in government research laboratory, 8071  
 verbal vs facial expression congruent vs dissonant to content, evaluation of sentences, 11110  
**Information Processes (Human)** (See Cognitive Processes)  
**Information Processing (Automated)** (See Automated Information Processing)  
**Information Retrieval (Automated)** (See Automated Information Retrieval)  
**Information Seeking**  
 birth order, expressed preferences for reading & consultation with authorities & nonauthorities & thinking & observation when in need of information, 9th 12th graders, 7143  
 cue validity manipulation through reinforcement contingencies in impression formation task, learning in information integration, college students, 10381  
 information conflict & frequency of information update & reliability of information source, information seeking & decision making, Army enlistees, 6018  
 information relevance, decision making in complex environments, college students, 10406  
 information searching processes, diagnosing incidents, power station operators, 10032  
 locus of control & success manipulation, information seeking in risk condition, juvenile delinquents, 7396  
 projects to gain experience in information-gathering, counseling students, 5263  
 selective search, only" effect of directed forgetting, college students, 10476  
**Information Storage (Human)** (See Human Information Storage)  
**Information Theory**  
 information & communication theories, worker behavior, 6019  
 information transmission method, determination of average information value of English language, students, 3132  
 variable construction from N. A. Flander's interaction matrix with emphasis on Markov chains & stochastic information theory, classroom behavior measures, 1925  
**Information** (See Also Related Terms)  
 amount of judgmental information, intrajudge intertrait correlations of personality ratings, 3027  
 equipment scheme & design & synoptic plotting methods of conceiving information display devices, 12048  
 information level, liberalism-conservatism dimensionality, college students, support for F. N. Kerlinger's theory, 1013  
 information source use, self-instruction on paired-associate learning task, 4 yr olds, 2326  
 written & orally presented information, perceptions of appropriateness of personal problems for counseling, college students, 9969  
**Inhibition (Personality)**  
 partial & complete inhibition of normal fantasy process about fetus, women seeking abortions vs women carrying to term, 899  
 televised evaluations & parental evaluations by social worker, inhibitions & depression, disadvantaged children, 9315  
**Inhibition (Proactive)** (See Proactive Inhibition)  
**Inhibition (Retroactive)** (See Retroactive Inhibition)  
**Initial Teaching Alphabet**  
 initial teaching alphabet, reading achievement, longitudinal study of 1st 3rd graders, 7980  
 training with cue orthographies retaining English alphabetic characters vs initial teaching alphabets, transfer of grapheme discrimination from cued to traditional orthography, kindergartners, 9898  
**Initiation Rites**  
 child-rearing patterns of indulgence & compliance & initiation rites, 32 primitive societies, comparison with G. Granzberg's study of Hopi Indians, 2848  
**Injections** (See also Intraperitoneal Injections, Intravenous Injections, Subcutaneous Injections)  
 psychological vulnerability vs nonvulnerability, hypersensitive reaction to innoculations, 11511  
**Injuries** (See also Birth Injuries, Burns, Electrical Injuries, Spinal Cord Injuries)  
 psychopathic disturbances, physically ill patients treated for trauma, 7255  
**Inmates (Prison)** (See Prisoners)  
**Innate Behavior (Animal)** (See Animal Innate Behavior)  
**Inner City** (See Urban Environments)  
**Innovativeness** (See Creativity)

academic performance & behavior ratings & absenteeism & IQ differences, high school dropouts & graduates admitted to college, 7982

accessibility & criteria at different ages, below-average intelligence vs mental retardation, 5466

activity & passivity & anxiety & intelligence, TAT performance, college students, 11154

additive vs interactive perspective, nature-nurture controversy, 2552

age & grade level & school program & sex & intelligence & social class, accuracy of self-knowledge of vocationally relevant attributes, high school students, 3977

age & incarceration history & type of offense & intelligence & achievement & marital status & MMPI profile, female prisoners in 1960 vs 1970, 7376

age & IQ, genesis of genealogical relations, 6 11 yr olds, 8892

age differences & intelligence, Trail Making Test performance, 15 64 yr old brain-damaged vs normal Ss, 3509

alcohol abstinence, personality & intelligence changes, jailed alcoholics, 9650

antecedent & intervening variables in status attainment, Costa Rican males, adequacy of Wisconsin model, 4936

aptitude for problem resolution, creativity, influence of Guilford's model of intellect structure, 5236

artificial intelligence, legitimacy of research with robots, 4231

assertive behavior, cognitive performance, preschool children for Head Start population, 6845

athleticism & studiousness & brilliance & wealth rankings, impression formation, college students, 11035

auditory-visual integration, intelligence, 9132

baccalaureate vs associate degree vs diploma programs, intelligence & leadership potential & responsibility & emotional stability & sociability & professionalization, graduating nursing students, 3259

Bannister-Fransella Grid Intensity & Consistency variables, personality structure & intelligence, psychiatric patients, 3341

biological basis of perception & memory & intelligence, book, 8493

biological traits in dynamic vs. static environment, intelligence, 367

class & race & intelligence & visual discrimination & motivation, perceptual-motor development, advantaged vs. disadvantaged white vs. black 1st graders, 1923

classical conditioning, understanding intellectual processes, retarded children, 1394

cognitive style, supplement to intelligence test & errors in thinking, 8th graders, 10356

cohort- & age-related differences in volunteering behavior, longitudinal studies of adult intelligence 7 yrs apart, 21 75 yr olds, 795

complexity & plasticity & globalization & fluency factorial structure, intelligence, 7 & 9 yr olds, 723

Conflicting Communications Scale, personality traits & attitudes & intelligence & values, 1109

contact with Europeans, genetic differences in intelligence & classification ability, aboriginal children, 4440

correlation of past managerial achievement to mental ability & self-description inventory scores in employment situation, differentiating top & middle managers, 2011

correlations among Stanford Achievement Test scores & intelligence & mental age, 3rd & 6th graders, 6298

creative thinking & intelligence, teacher ratings of personal & social adjustment & academic achievement, blind 6 12 yr olds, 11980

creativity vs intelligence, high school sophomores, 3911

crystallized vs fluid intelligence & memory, Caucasian vs Negro vs Mexican-American 4th 6th graders, 6939

differential patterns for men & women, intellectual correlates of total score on Minnesota Percepto-Diagnostic Test & WAIS, adult epileptics, 9508

environmental explanations, racial differences in abstract intelligence, review, 10927

experienced control on revised Personal Opinion Survey, relation to intellectual performance & weight control & marijuana usage & psychological dependence, college students, 11134

factor analyses of predictor-ability measures, groups in top vs bottom quartile placement in intelligence vs socioeconomic status, 3965

factor analytic support for Guilford's structure-of-intellect theory, 1085

figural ability, intelligence, Eskimos, 10967

genetic & environmental factors, developmental consistency & variability in intelligence & personality & academic achievement, 698

genetic determinants, intelligence, identical & fraternal twins & nonrelated pairs, 8574

group-test scores for cognitive controls & intellectual abilities, reliability over 1 yr, 2104

high vs lower social-economic position, consistency vs change in intelligence test scores & personality variables, longitudinal study from 7 17 yr old & 3-yr-study of 60 70 yr olds, 766

injury level & sex & race & intelligence & academic achievement, incidence of decubitus ulcers, patients with spinal cord injuries, 11443

institutionalization & adoption, intelligence & behavior, homeless children, book, 11834

integrated development theory, relations between motor & intellectual performance & personality factors & motor aptitude, 707

intellectual efficiency & self-confidence & sociability, high ratings on California Personality Inventory & by staff & supervisors, state police cadets & troopers with 1 yr experience, 3175

intellectual factors & cognitive complexity, perceptual characteristics of creativity, college students who are artists & musicians & poets, 5202

intellectual level & anxiety & fear & self esteem, stuttering children, 7488

intellectual level & social maturity & emotional balance & decision making strategy & stereotypic supremacy, 6 7 yr old Italian migrants from North vs Central vs South Italy, 4965

intelligence & adjustment, anxiety, female college students, 11133

intelligence & anxiety & task difficulty & association level, nonsense syllable learning, 9th graders, 6279

intelligence & brain damage, middle- & upper-class hospitalized alcoholics vs nonalcoholics, 1363

intelligence & personality traits & age & education & socioeconomic status, outcome of treatment of alcoholism, adults, 7830

intelligence & personality traits & job attitudes, aide performance effectiveness in residential institution for mentally retarded, 5272

intelligence & reading & personality & achievement & visual-motor skills, predicting potential school problems, rural 6th graders referred for psychological services, 9917

intelligence & socioeconomic status & sex, logical communication effect on superstitious attitudes, Indian high school students, 5079

intelligence & suggestibility & exposure to 1-sided argument vs both sides of argument on controversial topic, attitude change, college students in India, 7090

intelligence level & achievement motivation & study habits, good scholastic achievement, Indian schoolboys, 5929

intelligence, ability to cope with stresses of physical rehabilitation, 16 76 yr old disabled Ss, 7823

intelligence, school phobic 6 15 yr. olds, 1867

intelligence, verbal conditioning & awareness of conditioning contingencies, college students, 237

intelligence, S. Breskin's nonverbal rigidity test scores, 12 yr olds, England, 9145

IQ, fertility, schizophrenics, 3338

Jewishness & blackishness, significance of time perspective & nature nurture controversy, 10936

late-treated adrenogenital syndrome, sexuality & educational level, females, 7521

lay vs professional psychologists' views on intelligence, replication of J. C. Flugel's 1947 survey, 6993

level of vocational productivity, intellectual performance, 17 57 yr olds, 8913

levodopa, intellectual functioning, parkinsonism patients, 11644

levodopa, intellectual potential & memory, 51-79 yr olds with Parkinsons disease, 3666

limitations to view of mental deficiency as low intelligence & mental growth retardation & defect in intellectual functioning, 1374

listener's intelligence & content of material, EMG responses, 4th graders & college students, 10516

logical thinking & concept formation & language development & perceptual skills & response style & reading ability & IQ & school achievement, problem solving ability, 2nd & 4th & 6th graders, 8890

matching of populations by use of Peabody Picture Vocabulary Test, adult schizophrenics vs nonschizophrenics, 3357

memory & knowledge & intelligence, inkblot figure interpretations on modified Rorschach test, graduate students, 7125

- economic theory vs deviant personality or unusual environment causality, crime, participant-social-action research, 3407
- educational efforts, professional awareness & concern for problem drinkers, follow-up study, 3577

global & multidimensional approach to illness, psychotherapeutic roles in hospital setting, hospital physicians & patients & medical team, 9838

group cotherapists interaction, multidisciplinary team treatment of obesity, 3705

importance of accurate diagnosis & thorough medical & social care, mental disturbance in aged, 7321

interdisciplinary discussion approach, treating family relationships vs individual members, 7676

interdisciplinary involvement by mental health centers & community service agencies & educators, underachieving children, 1862

interdisciplinary team approach, interpretation of mental retardation for parents, 1391

living in maternal hotels, psychotherapeutic approaches, unmarried mothers & their infants, 11514

medical & social & domestic facilities, coordinated psychiatric patient treatment, psychiatrist's role, 1495

mental health center team approach, ratings of between-team familiarity with activities & within team effectiveness, 3-member teams with school & cottage & extramural staffs, 3753

multidisciplinary treatment approach, drug addiction, 7656

multidisciplinary treatment methods, institutionalized drug addicts, 7624

multiplicity of treatment services, psychosis & neurosis & mixed & prepsychosis, longitudinal case studies, 1460

organizational & emotional conflicts, medical-psychological service in boarding school for delinquent girls, 11815

outpatient resocialization & treatment of delinquents, collective of social workers & psychologists & psychiatrists & nurses & wardens & lawyers & lay volunteers, 5780

role of psychological assistance to physician, treatment of disturbed patients, 11524

systems type of psychiatric consultation, intermittent esophageal stenosis, 9 yr old, 5503

**Interest Inventories**

Brook Reaction Test vs Rothwell-Miller Interest Blank, 13 14 yr olds, 12021

convergent-discriminant validity of Inventory of Religious Activities & Interests, predicting interest measures that reflect training in theological school, theological students, 4122

development of Social Interest Index, college students, 8115

interest inventory, blind adults, 11431

Lee & Thorpe's California Inventory of Interests, interest areas, college students, 11860

selection & use, interest inventories, 59

**Interest Patterns**

interest patterns, adolescents, longitudinal study, 10845

inventory of social & academic & recreational activities, dimensional continuity of interests & activities, students in grades 7 & 9 & 11, longitudinal study, 10817

**Interest Scales (See Interest Inventories)**

**Interest Surveys (See Interest Inventories)**

**Interests (See also Occupational Interests)**

goals & interests & personality, analytically- vs behavioristically-oriented student therapists, 3272

interest & participation in high school physical activities, college freshmen, 9861

interests in field, academic achievement & career choice, college students, France, 3905

life experiences & interests, male homosexual vs heterosexual college students, 7389

measurement & factor analysis, cultural interests & job attitudes & extraversion & helping qualities, nonprofessional mental health workers, 7199

reading involvement in science fiction vs historical selection, heart rate, male 7th graders, 4383

task interest, retention of prose passage, college students, 2404

**Interference (Learning) (See also Proactive Inhibition, Retroactive Inhibition)**

additive interference processes, short-term memory, college students, 10480

ambient illumination & white noise & monkey vocalization, interference in visual short-term memory, monkeys, 2725

amount of interpolated material & hand preference in copying task, short-term retention, righthanded college students, 10460

associative proximity, false recognition, 18 65 yr old students, 2375

bars & blanks & pronounceability, words & nonwords embedded in string of letters, college students & employees, 10401

bilateral hippocampal or cortical lesions, disruption of single-alternation performance by irrelevant task interposed during intertrial interval, rats, 4550

decay & interference, reproduction cues of distance & location, recall of blind lever-positioning movement, right-handed college students, 10455

degree of concreteness & meaningfulness & visual & verbal interference, sentence comprehension, college students, 9069

field dependence & level-sharpening & categorization & interference proneness & scanning & tolerance for unrealistic experiences, hypnotizability, college students, 7139

filled & unfilled delay intervals preceding & following informative feedback, serial learning, college students, 8410

gustatory interference, long-term retention of conditioned taste aversions, rats, 8782

individual vs serial Stroop stimuli list presentation, test of response competition hypothesis, 21 35 yr olds, 8404

input order & output interference, organized recall, college students, 10479

interference effects of card-sorting task, immediate & final free recall, college students, 6309

interference of intervening tones, pitch recognition, college students, 10209

intervening task level & stimulus meaningfulness & interpretation interval, spacing effect, confirmation of R. A. Bjork & T. W. Allen's finding, 287

intralist interference & imagery, paired-associate learning & memory, deaf 6 10 yr olds & hearing 4 5 yr olds, 7538

intralist intrusions & short-term recall & subjective certainty ratings & long-term memory, college students, 10443

irrelevant information superimposed on relevant information & occupying interstimulus interval, sequential short-term memory, college students, 2414

irrelevant information, competing responses in identification & discrimination tasks, 177

irrelevant stimulus dimensions, item selection from iconic memory, college students, use of G. Sperling's partial report procedure, 336

item imagery & Peterson-type intervening tasks, paired associate learning & associative directionality, college students, 6275

learning & interference, short-term memory, college students & staff, 10445

partially valid cues, discrimination learning, 2nd graders, 2344

picture vs word lists, differential interference effects in free recall, college students, 10379

Picture-Word & Figure-Word Tests vs Stroop Color-Word Test, interference test validity, 25 57 yr old firemen, 8163

postresponse stimulus information, discrimination learning, monkeys, 4739

presentation rates & number of intervening items, missing-item probe test of immediate memory, college students, 10425

relevant vs irrelevant verbalization, stimulus discrimination learning, adults, 10383

retroactive & proactive interference, prose learning of biographical & science materials, 8th graders, 5910

retroactive interference, judged frequency for words presented in successive lists, college students, 269

reverse of standard vs identical pattern distractor sequences, long-term recognition memory for auditory patterns, college students, 8459

secondary task interference, measuring processing demands during mental operations, 6229

selective attention controls, memory processing interference, college & research students, 2430

semantic interference reduction, Stroop effect, college students, 8395

semantic similarity, naming & verification of spatial locations, college & high school students, 10475

separate bilateral word & color presentations, interference & facilitation for color naming, 17 22 yr olds, 8433

time-out duration between key-peck sequence termination & choice response emission, short-term retention of location within homogeneous behavior sequence, rats, 6725

trace interaction, short-term memory, pigeons, 10739

within attribute-match & effect of presence of information in another attribute, selective attention to words & colors, 6326

**Intergroup Dynamics**

between- & within-group cooperation & competition, Israeli kibbutz vs city vs urban US 8 11 yr olds, 10839

dogmatism, intergroup bias, college students, 3025

- group training, relationship of individual to group & groups to each other, mini-societies, 9009
- intergroup experience, study group dynamics, implications of sanctuary model for social grouping types, 9012
- joking, reducing disjunct intergroup relationships & maintaining group cohesion, urban slum area gangs, 948
- recruitment patterns & goal specificity & strategies & member characteristics & orientations & perceptions & organizational duration & success, community interorganizational alignments, protest organizations conducting antipornography crusades, 4981
- research data collection vs intervention, intergroup conflict & management, 4045
- technological environment & interdependence with other organizations in environment, managerial attitudes toward subordinates & workers, Israeli manufacturing plant highest officials, 10108
- Intermittent Reinforcement** (See Reinforcement Schedules)
- Internal External Locus Of Control**
- age & marital status & previous experience, self-esteem & internal-external control, nursing students, 5255
- authoritarianism & locus of control & tolerance of ambiguity & demographic factors, attitudes toward women's liberation movements, college students vs members of national women's organization from noncollege population, 3059
- belief in internal vs external control, job satisfaction & strain & mobility, managers, 4019
- belief in personal control & attitude toward success & failure, alcoholics, 5425
- beliefs in internal-external control of reinforcement, blacks in integrated vs segregated high schools, 2899
- depression, locus of control & mood-level, college students, 3185
- dimensions of locus of control scale, college students, replication of H. L. Mirels's study, 7122
- distance from familiar & strange & authority stimuli on Comfortable Interpersonal Distance scale, interpersonal distance, college students, 976
- dogmatism & locus of control & importance of issues, political activity, adults, 10968
- encounter group experience, changes in locus of control, college students, 9723
- expectancy for internal-external control, task leadership status, male vs female college students, 2439
- expectancy of vocational counseling, certainty & satisfaction with career choice, college students, 8019
- experienced control on revised Personal Opinion Survey, relation to intellectual performance & weight control & marijuana usage & psychological dependence, college students, 11134
- extreme response set internality externality, study behavior & academic achievement & personality, college students, 3887
- group therapy & encounter experience, internalization behavior, black low-achieving students, 7687
- Identity Achievement Scale, correlations with Srole's Anomie Scale & Christie's Machiavellianism IV Scale & Eysenck's Neuroticism Scale & Couch & Keniston's Yeasaying Scale & Jourard's Self-Disclosure Questionnaire & Rotter's Internal External Control Scale, college students, 3213
- individual differences, perception of social power of college campus figures, college students, 5107
- intensive group-counseling sessions, teaching internalization, middle-level mental health workers in training, 3235
- internal vs external locus of control, death anxiety & belief in afterlife, college students, 7126
- internal vs external locus of control, use of coercive vs persuasive power, college students, 3108
- internal-external control & self-reinforcement & self-esteem, college students, 7144
- internal-external control dimensions & sex, academic achievement, college students, 3889
- internal-external control, divergent thinking & levels of abstractness, 7th 9th graders, 3189
- internal-external control, self-reported anxiety after success & failure, college students, 3379
- internal-external orientation, suicide, 5422
- internal-external locus of control, athletic performance, white vs black basketball athletes, 7183
- internal-external locus of control, clarity of self-concept, male industrial employees & college students, 9129
- internality & control by powerful others & control by chance forces, aspects of locus of control, psychotic & neurotic inpatients, 9295
- learned helplessness & perceived lack of experiential control, depression, 1290
- locus of control & ambiguity tolerance & authoritarianism & conformity, drug usage female college students, 10970
- locus of control & anxiety, responsiveness to social reinforcement & verbal conditioning, female students, 5210
- locus of control & attitudes toward physical activity, cardiovascular fitness & physical exercise, college students, 8313
- locus of control & death anxiety & belief in afterlife, smoking behavior, college students, 4970
- locus of control & dogmatism & aspiration level, belief in militant vs moderate social action, Negro male college students, 896
- locus of control & field dependence & repression, dream recall, college students, 9092
- locus of control & percentage of reward, trial-by-trial changes stated in expectancies of winning, female college students, 4266
- locus of control & performance pattern, evaluation of student, teachers, 5992
- locus of control & success manipulation, information seeking in risk condition, juvenile delinquents, 7396
- locus of control orientation, interpersonal distance preference, chronic schizophrenics vs nonschizophrenic patients vs normals, 7271
- locus of control orientation, perceived parental behaviors, high school seniors, 10903
- locus of control orientations & sex, task independence, 2nd graders, 5181
- locus of control, academic achievement, disadvantaged college students, 9922
- locus of control, accuracy of prediction of own performance, college students, 7176
- locus of control, accuracy of prediction of own performance, college students, reply to R. Wolfe & R. Egelston, 7977
- locus of control, accuracy of prediction of own performance, college students, criticism of J. A. Steger et al, 7981
- locus of control, anagram problem solving, college students, 9105
- locus of control, beliefs in supernatural phenomena, college students, 2868
- locus of control, judgments about another's accident, female college students, 1003
- locus of control, perception of reinforcement in skill & chance tasks, depressed vs nondepressed college students, 5356
- locus of control, self-righteousness & hypocritical attitudes, college students, 3062
- locus of control, test anxiety & academic achievement, college students, 9934
- locus of control, 1st & 4th graders with cerebral palsy, 5510
- management style & locus of control, satisfaction with supervision & job involvement, chemical plant hourly employees, 2021
- MMPI & internal-external control & Mooney Problem Check List scores, obese vs nonobese adolescent girls, 3413
- multidimensionality of internal vs external control, implications for past & future research, 20-55 yr old females in weight-reducing club & college students, 6341
- parental locus of control, perception of cause of children's problems, parents referring 4-15 yr old children to psychological clinic, 9215
- perceived locus of control & salience of cigarette smoking danger & demographic characteristics, smoking behavior, college students, 6968
- perceived locus of control, guilt arousal following administering of shock, female college students, 1084
- perceived maternal instrumental behavior & protectiveness & parental discipline, internal powerful others & chance locus of control, college students, 7152
- perceptions of best friend's & average person's internal-external control, internal vs external college students, 9035
- perceptions of causality for child's performance, elementary school teachers, 5839
- personal experiences & background, internal-external beliefs, male adults, 11139
- personality correlates, Nowicki-Strickland vs Rotter's locus of control scales, college students, 7133
- political candidate preferences & election results, locus of control, college students, 7189
- relationships among locus of control & anxiety & valued-goal expectations, college students, 7181
- Rotter's Internal-External Control scale, contemplation of suicide, college students, 9396

## Internal Rewards

- selection of locus of control of responsibility for acceptance or rejection notices from social club, college students, 968
- self-esteem & internal-external locus of control, college students, 3207
- self-esteem & locus of control, image of God, Catholic high school students, 4917
- self-perception of health status & social class & sense of control after myocardial infarction, vocational adjustment, male 1st heart attack patients, 5513
- self-report measure, motive to avoid powerlessness, college students, 9108
- sense of control over impending reinforcements, mitigation of aversive consequences of negative reinforcements, relevance to function of illusions of control & freedom, 246
- sex & achievement values, internal vs external locus of control, high school students in India, 7173
- sex & locus of control, romantic love, college students, 11000
- sex & locus of control, self-disclosure of public & private information to parents & friends, college students, 9019
- social desirability as mediator, locus of control & achievement, 3rd graders, 7161
- state-trait differences, internal-external locus of control, heroin addicts in residential treatment center, 3148
- Stephens Delys Reinforcement Contingency Interview, assessment of locus of control, preschool & older children, 6880
- strong vs weak external constraints, homicide & suicide rates, Norway vs France, 3426
- structured camp experience, locus of control, inner-city 7th 9th graders, discussion in terms of social learning theory, 1105
- use of proverbs to measure locus of control, college students, 9103
- Internal Rewards**
- protein malnourishment, reactions to intrinsic & extrinsic rewards, monkeys, 2554
- International Organizations**
- managerial behavior, international personnel selection decision process, upper-middle-level production & general management personnel, 4055

- mass communication, international image change, implications of confirmed/disconfirmed expectations theory, 1055
- Internship (Medical) (See Medical Internship)
- Interpersonal Attraction**
- affect, exposure, frequency estimates, college students, 11002
- athleticism & studiousness & brilliance & wealth rankings, impression formation, college students, 11035
- attitude disagreements with strangers & dislike for stranger, self-esteem decrement, 7071
- attitude similarity & endorsement frequency, attraction & expected agreement, college students, 3061
- attitude similarity & success-failure of self & other, attitude towards others, college students, 3033
- attitude similarity & task-relevant affiliative status vs situation-specific features, choice of comparison other, college students, 7048
- attitude similarity-dissimilarity, attraction, Lebanese students, 11022
- attitude similarity, evaluation & attraction to instructor, college students, 7891
- attitude similarity, interpersonal attraction in role-playing interaction, college students, 920
- attitude similarity, interpersonal attraction using unique stranger" technique, college students, 11054
- attitudes toward newcomers of same vs opposite sex, male vs female Swedish 4th vs 5th graders, 9051
- attraction measured by degrees of attitude similarity, spatial behavior toward female confederate in dynamic space, females, 3079
- attraction toward opposite sex, physical proximity, college students, 965
- attribute similarity & need pattern complementarity & relationship completeness & popularity, interpersonal attraction in computer dating situation, 3023
- belief similarity, interpersonal attraction, black & white strangers, 3053
- body parts ratings & satisfaction for own & opposite-sex physical attractiveness, self-concept, male vs female college students, 7151

## SUBJECT INDEX

## Interpersonal Attraction

- censorship & attractiveness of censor, attitude change, college students, 5124
- change in reference person, multidimensional structure & evaluations of trait adjectives, college students, 7065
- characteristics desired in marital partners, Canadian vs U.S. college students, 1010
- degree of attitude commitment & similarity, interpersonal attraction, college students, 936
- disagreement-induced drive performance on competitive vs noncompetitive paired-associates task & social reinforcements & interpersonal attraction, 248
- effectance reduction through speaking in reply, attraction, college students, 7079
- evaluative & structural attitude similarity, interpersonal attraction, college students, 1008
- evaluative & structural similarity & type of interpersonal situation, interpersonal attraction, college students, 987
- facial photographs of peers, stereotyping of facial attractiveness, 3 6yr olds, 6887
- favorable vs unfavorable initial impression, resistance to change, 3009
- fear of appearing incompetent, relationship between attitude similarity & interpersonal attraction, college students, 9032
- high vs low vs moderate self-esteem, defensiveness when receiving ego-threatening communication, college & high school students, 10997
- human relations training trainer behavior, liking for trainer & learning from experience, business executives, replication of L. Bolman's 1971 study, 2962
- humorous vs serious TV commercials & sex of person in commercial, attraction to person in commercial, male vs female viewers, 7049
- identification with members in group therapy, therapeutic effectiveness, 22 52 yr old clients, 7602
- increased self-esteem, mediating between attitudinal agreement & interpersonal attraction, college students, 7002
- information integration vs reinforcement theories, interpersonal attraction, reply to M. F. Kaplan & N. H. Anderson's reply, 7055
- information integration vs reinforcement theories, interpersonal attraction, critique of M. F. Kaplan & N. H. Anderson's conclusions, 7056
- information integration vs reinforcement theories, interpersonal attraction, reply to D. Byrne's criticism of M. F. Kaplan & N. H. Anderson's conclusions, 7073
- information integration vs reinforcement theories, interpersonal attraction, 7074
- interaction rate, ratings of leadership & liking, female college students, 5045
- interestingness of discussion topic & anticipated future interaction, interpersonal attraction, college students, 3078
- intimacy of disclosure from conventionally vs deviantly dressed confederate, reciprocation of disclosure & attraction, females, support for S. M. Jourard's dyadic effect" hypothesis, 3024
- judges' ratings & self-perceptions & date's perceptions of physical attractiveness, interpersonal attraction in dating situation, college students, 5088
- need similarity & complementarity, interpersonal attraction, college students, 2997
- new valence & attraction, communicator behavior, college students, 7037
- perceived ideal characteristics, preferential choice between persons & groups, adolescents, 3020
- person-focused intragroup joking, status & attraction to group, small petroleum exploration party members, 7042
- person-group & intragroup attitude similarity, group attractiveness & cohesiveness, college students, 9033
- physical attractiveness & perceived attitude similarity & academic achievement, interpersonal attraction, 5th & 11th graders, 6884
- predictability of stranger's attitudes, attitude similarity & attraction, college students, 1009
- preferences for peers & parents & teachers, concern over evaluation by others, white & Aboriginal Australian adolescents, replication & extension of Epperson's study, 6949
- prejudice level, inspection time & attractiveness ratings of photos of whites & blacks, white college students, 3070
- Prisoner's Dilemma Game, behavioral differences, men vs women, 7017

- race & attractiveness of defendant & socioeconomic class & political orientation of jurors, jury sentences, junior college & university students, 887  
 race vs belief similarity, interpersonal attraction, college students, 986  
 racial membership vs similarity of beliefs about racial issues, interpersonal evaluations, white male students, 7067  
 reinforcement by liked vs disliked person, verbal conditioning, females, 11024  
 risk-taking tendencies & amount of positive information, interpersonal attraction ratings & confidence in judgments, college students, 2993  
 sex & locus of control, romantic love, college students, 11000  
 similar or dissimilar attitudes of stranger & attraction, affective responses, 5101  
 similarity/dissimilarity of cognitive structure, interpersonal attraction, male college students, 2982  
 similarity in attitudes & personality characteristics, attraction, college students, 11057  
 similarity of needs, dyadic attraction & rejection, college students, 2986  
 social anxiety & strain toward symmetry, affective response & level of desired liking, college students, 11059  
 social attraction & reciprocity norm, mutual self-disclosure in dyadic relationships, female college students, 2970  
 social attraction & social protection, 7 13 yr old emotionally disturbed boys, 11315  
 sociometric methods, clique formations, 12 yr old school children, 8999  
 supposition of child undergoing vs not undergoing therapy, perception of adjustment & attraction, psychoanalysts & psychology students, 967  
 weight of unfavorable vs favorable characteristics, 1st impressions of personality, college students, use of N. H. Anderson's likableness scale, 983  
**Interpersonal Communication** (See also Arguments, Bargaining, Body Language, Conversation, Double Bind Interaction, Eye Contact, Group Discussion, Interviewing, Interviews, Job Applicant Interviews, Negotiation, Parent Child Communication, Psychodiagnostic Interview)  
 analysis according to play & game theories, language, book, 11083  
 analytic treatment technique changing family communication, symptoms induced by family dynamics, 7 yr old, 5741  
 codability of polygon patterns, college students, 8169  
 communication & social control & perception of conductor's authority in artistic organization, orchestra members, 2975  
 communication development with fatally ill children in hospital setting, teaching professionals & parents & lay people, 7515  
 communication failure, speaker & listener behavior, college graduates, 953  
 communicator's social role & perceiver's sex & occupational orientation & personality traits, perception of gilding, college students, 5094  
 computer applications, improving communication at mental hygiene consultation-inpatient psychiatric interface, military psychiatric service, 5787  
 Conflicting Communications Scale, personality traits & attitudes & intelligence & values, 1109  
 consensual rules, interpersonal communication, 2951  
 content development strategies training, classroom communication behavior patterns, teachers, 7873  
 cue validity, interpersonal learning of inference tasks with linear & nonlinear cues, college students, 4240  
 cultural influences & cultural self-awareness approach to instruction, intercultural communication, military & Foreign Service officers & college students & businessmen, 8933  
 cultural self-awareness through analyzing video recordings containing subtle American cultural influence manifestations, improving intercultural communication skills, 3114  
 direct & emotional vs situational & extrasituational adult-child communication, attitude towards adults, 9 mo olds, 6894  
 effectance reduction through speaking in reply, attraction, college students, 7079  
 expressiveness & assertiveness, skillful interpersonal behavior, bank officers, 2983  
 extreme vs moderate attitude position similarity, perceived ability, college students, 7069  
 favorable vs unfavorable initial impression, resistance to change, 3009  
 field-dependence field-independence cognitive control, discrimination of affective expression & implied meanings, college students, 3092  
 forced vs optional communication & ethnic groups, cross-cultural communication, Canadian college students who are French- or English-speaking, 7041  
 general system theory's role in communicating information, personal space, 9047  
 high vs low vs moderate self-esteem, defensiveness when receiving ego-threatening communication, college & high school students, 10997  
 high- vs moderate- vs low-importance of interview content, utterance duration & reaction time & percentage of interruptions, interviewers, 2981  
 inservice training program, empathic ability, psychiatric aides, 11176  
 integration of meaningful verbal messages & referential communication, 1045  
 intensive psychotherapy in residential treatment facility, reestablishing communications & autonomy, young psychotics, 11842  
 interestingness of discussion topic & anticipated future interaction, interpersonal attraction, college students, 3078  
 interpersonal contact & verbal content, abstract thinking deficits, process vs reactive schizophrenics vs normals, 3387  
 interpersonal-process-recall videotape-feedback vs limited structure encounter group, interpersonal communication skills, application of training model for paraprofessionals, 7018  
 interpretation of physical phenomena vs intentionally dispatched signs & messages, subject-object vs subject-subject relationships, implications for psychoanalytic theory, 5161  
 interview length & amount of information, subjective confidence ratings & interjudge agreement, female college student judges, 2972  
 interviewer style, verbal behavior patterns during interview, 5059  
 interviewer verbal interaction conditions, anxiety & self-concept discrimination, college students, 9962  
 knowledge of patterned relationships & symbolic role-taking & congruency & accuracy, communication, 2989  
 level of security & achievement needs & organizational climate, distortion of upward communication, university faculty & policemen, 4049  
 LINC-8 computer & Tektronix 611 CRT & slide projector displaying facial photographs, interpersonal referential communication, 3003  
 Machiavellianism & task structure, group communication & reactions, college students, 9003  
 negative vs. positive connotations in interpersonal communication & exhibition of classic helping dimensions, hippie-type transients vs. counselors & teachers, 956  
 new valence & attraction, communicator behavior, college students, 7037  
 optimal heterophily, communication effectiveness, 10995  
 perceived similarity of communicator & subjectivity of issue, opinion change, college students, 7083  
 personality type, use of available information in persuasive & interpersonal communication, college students, 11004  
 physical distance & eye contact & body orientation & lean, nonverbal communication of interpersonal attitudes, examination of M. Argyle & J. Dean's compensation hypothesis, 2990  
 pleasant vs unpleasant mood, transmission of good vs bad news, female Ss, 11114  
 policy inconsistency in policy conflict task, interpersonal question asking, college students, 5069  
 poor communication & conflict, intimate living, book, 942  
 positive vs negative communicator evaluation & perceived communicator-receiver similarity, perception of ambiguous message, college students, 2969  
 programed audiotapes based on encounter group theory, race relations, black & white groups, 5053  
 reciprocal analysis of communications, human relations, industrial plants, 11006  
 regional identification in responses to written communications relevant & irrelevant to regional norms, communicator credibility, English-Canadian college students, 11098  
 reinforcement, inter-S communication in experiments, 5th & 6th graders, 9021  
 selection of locus of control of responsibility for acceptance or rejection notices from social club, college students, 968  
 sensory aids, mobility & communication, blind Ss, 7529

- sex & relationship & social status & occasion, human greeting behavior, 5061
- sex differences, advisor-student communication patterns, male vs female graduate students, 7896
- short term memory & carrier's linguistic organization, information pickup & processing & storage, educational psychology vs deaf students, 9455
- short-term family intervention, destructive communication patterns, juvenile delinquents & families, 7789
- structured communication skills workshop, interpersonal interaction, social awkward college students, 2961
- task type & task-communication relationship, problem solving by formal small groups, 11010
- teacher identification & rating, interpersonal communication, elementary school students, 5965
- temporal speech congruence, peer ratings of warmth & genuineness & empathy, college students, 9023
- training to communicate additive empathy, counselors, 11200
- understanding intra-S variables, communication in experimental situation, 5155
- verbal vs vocal vs visual channels of positive vs neutral vs negative communication by female elementary school teachers, good vs bad vs not good not bad student message evaluation, 3rd 6th graders, 5858
- written dialogue, disclosing bad news to best friend, male vs female college students, 962
- Interpersonal Compatibility**
- interpersonal compatibility, managerial work effectiveness, industrial supervisors, 10090
- linear vs nonlinear relations within cognitive systems & different weighting systems, interpersonal conflict, college students, book, 2963
- Markov chain & 2-party version of Bush-Mosteller linear operator learning models, prediction of cooperation & agreement in 2-party bargaining, 2974
- movement & laughing & smiling to recordings of B. Cosby vs D. Rickles, groups of strangers vs mutual friends, 11099
- observing another person being conditioned & nature of social relationship between model & O, conditionability, 6252
- predictive validity of supervisor & peer evaluations of emotional stability & task motivation & social compatibility, civilian vs U.S. Navy personnel at isolated Antarctic research station, 3983
- sociometric ratings vs territorial behavior, planning intervention activities & reorganizing living arrangements, former VA hospital psychiatric patients living on farm, 7827
- Interpersonal Influences**
- adaptation to click-counting task, methodological implications for use in simulated group research on social conformity, female 5th & 6th graders, 2994
- adult constraint vs peer group action, subjective responsibility vs idea of justice development according to Piagetian categories, Lao 6 14 yr olds, 8868
- age of group members & task ambiguity, conformity, 9 & 11 & 13 yr olds, 6885
- attitude-scale prejudice measures, predicting behavior in social influence-situation, college students, 3050
- body positions & spatial relations, physician patient relationship, 11532
- communication failure, speaker & listener behavior, college graduates, 953
- concern for common good, N-person game of "chicken," college students, 7082
- confederate's similarity & reaction to emergency, bystander intervention, college students, 11060
- conforming & independent person in backward version of Asch conformity, paradigm, impressions, college students, 11036
- conformity pressure, risk taking, college students, 7047
- control possessed by organizational members & control distribution, group problem-solving performance & member satisfaction using role-playing techniques, college students, 12117
- cooperativeness & aggressiveness of partner, aggressive behavior, female college students, 8996
- counselor power base & influence attempt, behavior change, procrastinating college students, 9965
- dependency & guilt about hostility & powerlessness feelings, attitudes toward death, male vs female college students, 6919
- evaluative & in-context potency characteristics of verb & object sentence components, judgments of actor's power & ability to influence others, college students, 9031
- faculty impact, change in students over 4 yrs, college students, 7889
- fraternities as membership or reference group, political orientation change, college students, 11040

- reinforcement contingencies & situation motives, dissatisfaction resulting from competition, 9004
- relationship with "best friend," self-disclosure, college students, 9016
- relaxation & affiliative behavior & responsiveness to confederate & ingratiation & distress & intimacy of position as descriptive categories, verbal & nonverbal interaction of same-sex strangers, college students, 955
- self-other orientations, male vs female European-English vs European-French vs English-Canadian vs French-Canadian 11 13 yr olds, 4939
- sex & cultural differences, nonverbal interactions, English vs Bushman 2 6 yr olds, 5054
- similar or dissimilar attitudes of stranger & attraction, affective responses, 5101
- situational determinants, violent behavior in interpersonal relationships, 9008
- small-group interpersonal processes, book of readings, 935
- social & interpersonal maladjustments, depression, women, longitudinal study, 1274
- social distance between E & S, visual monitoring performance, college students, discussion within context of superior-subordinate role model, 5048
- social interactions representing happy & afraid & sad & angry emotions, empathy development, Chinese vs American middle-class vs disadvantaged 3-6 yr olds, 6882
- social power & norms, privacy, 5035
- social structure & conflict, random & nonrandom human groups, methodology for study developed aboard oceanic research vessel, 5052
- social-cognitive approach to therapy using dissonant persuasive communications & double bind, dissolution of fused identity, 3 female college students, 9592
- socioeconomic status & perceived health status & informal participation with nonkinsmen, life satisfaction, Ss aged 45 yrs & older, 6905
- socioeconomic status of parents & frequency of contact with elderly, attitudes toward old men, college students, 6910
- sociological aspects, intimate relationships, book, 7006
- special interaction with institution personnel before intensive psychotherapy, ego strengthening, institutionalized psychopathic delinquents, 5595
- stress, task performance & interpersonal relations, high vs low least preferred coworker highway engineers, 10035
- stressful conflict, increased tendency toward balance, Jewish faculty members, 2987
- structured communication skills workshop, interpersonal interaction, social awkward college students, 2961
- structured vs unstructured group approaches, self-concept & interpersonal relationships & school adjustment, 6th graders, 9983
- subclasses with physical & social & between human entities, relations of having, psychiatric hospital patients, 11828
- symbolic interaction theory, family identity research, 5071
- systematic human relations training & physical fitness level, pre- & postinterpersonal skill levels, college students, 10999
- Talent in Interpersonal Exploration Groups, self-perception & interpersonal growth, 5050
- task predictability & cue validity, interpersonal learning of inference tasks involving linear & nonlinear relations, college students, 212
- task predictability & cue validity, interpersonal learning of inference tasks involving both linear & nonlinear relations, college students, 8357
- technology of human relationship, 10988
- technology of interpersonal conflict resolution, 10987
- tenderness in nongenital sensuality, metonymic cannibalism, 7289
- training group, experience in group dynamics through interaction & communication & structuring & consideration of behavior norms, 11009
- transitive structure in interpersonal relations, 3-11 yr olds, 2951
- ways of thinking & talking about selves & others, book, 975
- wearing tie, reactions to stranger, middle-class British males, 9034
- Interpersonal Perception** (See Social Perception)
- Interpretation** (Psychoanalytic) (See Psychoanalytic Interpretation)
- Interracial Marriage**
- public opinion polls, interracial socializing, 10956
- social attitudes vs scientific evidence, biology of & attitudes toward race-crossing, geneticists, 10596
- Interresponse Time**
- fixed-interval schedules, average response rate & postreinforcement pause & elapsed time to response & average quarter-life & running rate, rats, 4709
- interresponse time, reinforcement frequencies, simple animal behavior, rats, 4689
- interresponse-time reinforcement, 2355
- lead contamination, chronic & acute effects on discrimination behavior & interresponse times on operant discrimination, male rats, 8742
- low frequency repetitive flashes following CS vs no flashes, barpress conditioning for food reward using trance conditioning paradigm, cats, 661
- response delays & timing of repetitive discrete motor responses, 10323
- scopolamine vs physostigmine, delayed response in t maze reversal learning set tested at several intervals, male mice, 8673
- timing of discrete motor responses, duration discrimination, 8195
- Interstimulus Interval**
- active & passive preparation in regard to preparatory interval, simple reaction time, 2267
- adapting stimulus intensity & timing at 2 ears, displacement of test stimulus away from perceived location, 2186
- amount of material to be remembered & interstimulus interval & presentation time, short-term memory & backward masking & perceptual factors in superior recall of letters from right visual half-fields, right-handed college students, 2400
- arhythmic stimulus presentation, delayed stimulus suffix effect, college students, 6303
- auditory neurons having periodic response functions to time-delayed binaural stimuli, 8518
- auditory vs visual list presentation & rate, recall, college students, 334
- auditory vs visual signal modality & foreperiod duration, reaction time, 2270
- auditory-visual stimulus interval, auditory threshold determination, 18 33 yr old introverts & ambiverts & extraverts, 8210
- aversive shock & timeout response, extinction in multiple schedule, pigeons, 4700
- classical conditioning & CS UCS interval, resistance to extinction, planaria, 8802
- complete copulation with male vs exposure to intact male allowed to court but not to mount or intromit vs exposure to hemipenectomized male, subsequent sexual receptivity, female lizards, 8831
- contour masking conditions at varied interstimulus intervals, u-shaped detection, 2198
- critical signal regularity & stimulus event matrix & cognitive style, vigilance, college students, 2415
- CS-UCS interval awareness, classical conditioning of GSR discrimination, college students, 10556

cued forgetting under different interstimulus intervals, short-term memory effect, college students, 2433

distribution & duration of interstimulus interval, simple reaction time, 8306

duration & intermittent structure of warning signal, compensation of learning deficit in avoidance conditioning, functionally hemidecorticated rats, 507

electrical brain stimulation & strain & interstimulation interval effects, motor seizure development rate, male rats, 6566

external events inserted with random sequence of time intervals, serial response behavior 20 25 yr old British Navy enlisted men & 32 45 yr old housewives, 8437

footshock intensity & interstimulus interval & confinement compartment, activity excitation & inhibition & retention, rats, 2727

foreperiod duration, contingent negative variation during auditory warning signal & visual reaction signal, college students, 6396

instructions & shorter intertrial interval than interstimulus interval, serial learning, college students, 8383

interaural time & amplitude, interaural time just noticeable difference, 2166

intermittency rate & binocular vs monocular presentation & stimulus area visual subtense, subjective visual imagery of photic stimulation, 2201

interstimulus interval & verbal instruction & presence vs absence of CS-UCS pairing in initial training phase & reversal of stimulus relations between sessions, differential electrodermal response in cue reversal situation, 380

interstimulus interval between 2 successive letters presented simultaneously, mnemonic integration of letters into words, 265

interstimulus interval procedures, efficiency of expectoration & mouthrinsing in clearing mouth of salt residuals, 10188

interstimulus interval, contingent negative variation & choice reaction time, experienced Ss, 4249

interstimulus interval, continuous choice reaction time, brain-damaged vs alcoholic vs normal patients, 11227

interstimulus interval, rate of behavioral habituation, rats, 6710

interstimulus interval, reaction time to 2nd stimulus, 10310

interstimulus interval, stimulus selection in compound classical conditioning, cats, 6764

interstimulus interval, visual discrimination, normal vs retarded readers, 3479

interstimulus intervals, movement refractoriness & reaction times, college students, 8319

interval between clicks & band-rejected masking noise, auditory thresholds, 10214

interval between successive flashes, threshold energy for detection, 2215

intervening task level & stimulus meaningfulness & interpresentation interval, spacing effect, confirmation of R. A. Bjork & T. W. Allen's finding, 287

irrelevant information superimposed on relevant information & occupying interstimulus interval, sequential short-term memory, college students, 2414

iterative interstimulus interval schedule, loudness perception of white noise, college students, 10222

lag invariance with forced encodings, free recall of homographs, college students, 2410

light flash stimulation of temporal retina, light-detection threshold for multiple identical flashes, 10263

NaCl residuals using interstimulus interval procedures, salt taste sensitivity drifts & effects on intensity scaling & threshold measurement, 10189

number & spacing of CS UCS pairings, conditioned suppression, rats, 2695

number of relevant facial features & delay between faces, imaginal & verbal representation of visual forms in short-term recognition with same-different reaction time experiment, college students, 8265

operation of time error as interstimulus interval increases & ineffectiveness of unjudged vs effectiveness of judged anchors, adaptation-level theory, college students, use of H. Helson's informal predictions, 2136

order of appearance of items & serial distance between items, recognition memory reaction time, college students, 10427

Pavlovian inhibition of delay in cardiac & somatic responses, dogs, discussion in relation to schizokinesis in classical conditioning, 2705

presentation rate & auditory vs visual presentation & sequence length, recall of intraserially repeated items, college students, 320

presentation rates & number of intervening items, missing-item probe test of immediate memory, college students, 10425

reaction time experiment with paired vs random sound light sequences, sequential analysis of conditioned EEG arousal, maladjusted 8 13 yr olds, 10520

reaction time task, visual evoked response under fixed & variable foreperiods, 8513

reaction times to acceleration vs deceleration in tempo of acoustic pulse trains, 2185

rehearsal delay, long-term imitation of filmed aggression, 5 6 yr olds, 5037

rewarding & aversive components of intracranial stimulation, free-operant locomotor response, rats, 10606

single vs multiple trials per day, CS UCS interval function in nictitating membrane response conditioning, rabbits, 4740

spacing of repetitions, picture memory, 6312

stimulus & visual discrimination, stimulus-response characteristics of psychological refractory period, 4175

stimulus duration & interstimulus interval & disparity, stereoscopic depth perception, college students, 148

stimulus intensity & interstimulus interval, time course of refractory period & habituation of acoustic startle response, rats, 430

stimulus response delay, ear superiority in recall of dichotically presented digits, 323

temporal alternation of stimulus pairings potentially specifying opposite directions of motion, phi motion, 152

temporal grouping, auditory pattern identification, college students, 10215

timing signal, simple reaction time with rectangular distribution of foreperiods, college students, 6154

twenty-four hr CS UCS interval, conditioned taste aversions, rats, 8784

variable- vs fixed-trial intervals between electrical stimulation in standard automated cage, ESP, hamsters, 4816

varied interstimulus interval, signal detection analysis of effects on auditory matching-to-sample task, 8200

word duration & interstimulus interval, auditory perceptual processing of sentential approximations, college students, 4178

**Intertrial Interval**

acquisition level & intertrial intervals, overtraining extinction effect, rats, 8797

bilateral hippocampal or cortical lesions, disruption of single-alternation performance by irrelevant task interposed during intertrial interval, rats, 4550

differential intertrial intervals, single alternation patterning behavior in classical nictitating membrane conditioning, rabbits, 6720

ideomotor compatible vs not compatible tasks, psychological refractory period effect in 2 rapidly successive decision task, college students, 10326

instructions & intertrial interval, temporal conditioning of GSR, female college students, 10364

instructions & shorter intertrial interval than interstimulus interval, serial learning, college students, 8383

inter- &/or intratrial intervals, paired-associate anticipation-recall differences, criticism of C. Izawa's conclusions, 10345

intertrial interval & surgery before vs after punishable response acquisition, passive avoidance task, rats with dorsal &/or ventral hippocampal lesions, 478

intertrial interval manipulation of sequences of nonrewards & small & large rewards, shuttlebox avoidance, rats, 2712

length & degree of variation of intertrial interval, conditioning of nictitating membrane, rabbits, 2716

length of variable delay interval between drinking flavored solution & choice of same vs novel solution, gustatory spontaneous alternation for taste, rats, 8792

long & short intertrial intervals & locus of nonreinforcement to reinforcement transition, resistance to extinction, rats, 10749

presence vs absence of footshock during test & footshock-test time interval, incubation & Kamin effects in activity & reactivity, rats, 4750

procedural or performance factors, performance decrement on delayed-response paradigm with no delay between trials, mice, 4742

response-dependent vs response-independent rewards at intertrial interval, delayed alternation, rats, 4745

sequential variables &/or degree of original learning & intermediate interval, Kamin effect in within-S design in avoidance conditioning, rats, 10744

- task length & finger force, rest-pauses in tapping task, reanalysis of I. Spielman's data, 2255
- time interval following prose reading, recall of semantic vs surface grammatical vs lexical information, 2417
- training & temperatures & intertrial intervals, acquisition of conditioned avoidance response, goldfish, 666
- training-testing interval & training time, retention of active & passive avoidance learning, rats, 4728
- vibratory-auditory extraneous stimulus during habituation trials vs intertrial intervals, dishabituation of head-shake response, rats, 6729
- vocalization during display of letter strings & rehearsal during retention intervals, phonemic encoding, young adults, 4291

- Intervals (Stimulus)** (See Stimulus Intervals)
- Interviewing**
- ascription technique giving immediate feedback to client, family interviewing, implications for social work theories, 5775
- immediate vs delayed reinforcement, teaching interview skills, counselors-in-training, 9154
- informative vs affective feedback, verbal conditioning, college students, implications for interviewing, 8422
- intensive vs no training in patient interviewing techniques, teaching of physician patient relationships, 1st- & 2nd-yr medical students, 9150
- interviewer style, verbal behavior patterns during interview, 5059
- interviewer's status & noncontent verbal behavior, speech duration & reaction time latency & revealingness, interviewees, 2980
- interviewing guide, assessment of sexual function & problems, 7566
- job applicant interviewer training workshop, contrast effect error elimination, college students, 1975
- language of interview & ethnicity of interviewer, response consistency, Mexican-Americans, 11019
- medical interviewing course objectives & techniques & assessment, medical students, 1133
- microcounseling training, interviewing skills, medical students, 7213
- quality control & measurement of nonsampling error, Health Interview Survey, 78
- recruitment criteria & interviewer effectiveness, organizational performance, 6026
- rehabilitation counseling interview behavior, field office vs facility counselors, 7834
- teaching interviewing using closed-circuit television & peer & instructor feedback, medical undergraduates, 1176
- techniques & theory & skills, interviewing, 8046
- Interviews** (See also Job Applicant Interviews, Psychodiagnostic Interview)
- Carkhuff Discrimination Scale, prediction of accuracy of perceptions of mental patients' interview behavior, nurses & mental health technicians, 7623
- counselor sex & race & language style, client satisfaction & depth of exploration in initial interviews, black students in university program for disadvantaged, 7996
- ethological & interview & experimental approaches, parent-child interaction, 2 yr. old boys, 776
- high- vs moderate- vs low-importance of interview content, utterance duration & reaction time & percentage of interruptions, interviewers, 2981
- interview length & amount of information, subjective confidence ratings & interjudge agreement, female college student judges, 2972
- interview technique study, subrole behavior, rehabilitation counselors, 3260
- interview vs group self-completion questionnaire concerning attitudes toward school & school objectives & interests & values, distinguishing dropouts from those remaining in school, secondary & grammar school students, 5964
- interviewer verbal interaction conditions, anxiety & self-concept discrimination, college students, 9962
- personality measures, interpersonal space, male college students & interviewer, 7015
- personality needs of nurturance & intracception & abasement, eye contact & direction of gaze aversion during interview, college students, 2984
- role-played political orientation of interviewer, attitudes on political issues, congressmen & aides, 10950
- saline vs methamphetamine hydrochloride vs hydroxydione sodium succinate vs amobarbital sodium vs methamphetamine hydrochloride & amobarbital sodium mixture, memories & feelings & reactions to drug interview, adult psychiatric patients, 9246
- semantic differential technique in interview situation, concept-scale interaction, adults, 9071
- trait anxiety & sex, state anxiety in quasi-clinical situation, college students, 11314
- word association test & interview, blood flow & pulse rate, normal 18 30 yr olds & 17 63 yr old psychiatric patients, 7343
- Intestines**
- glucose infused via stomach vs duodenum vs mesenteric vein vs jugular vein, food intake, rats, 6507
- Intimacy**
- degree of intimacy & acquaintance, conforming behavior patterns, college students, 5046
- intimacy & isolation & social desirability & autonomy & affiliation & heterosexuality, ego identity & intimacy status, male college students, 3199
- intimacy of disclosure from conventionally vs deviantly dressed confederate, reciprocation of disclosure & attraction, females, support for S. M. Jourard's "dyadic effect" hypothesis, 3024
- perceived physical distance & eye contact, perceived intimacy, college students, 3068
- poor communication & conflict, intimate living, book, 942
- relaxation & affiliative behavior & responsiveness to confederate & ingratiation & distress & intimacy of position as descriptive categories, verbal & nonverbal interaction of same-sex strangers, college students, 955
- self-esteem, intimacy in tactile communication, college students, 11013
- sociological aspects, intimate relationships, book, 7006
- Intoxication** (See Toxic Disorders)
- Intoxication (Alcohol)** (See Alcohol Intoxication)
- Intraperitoneal Injections**
- intraperitoneal injection of oxotremorine or arecoline, biting attack on rats, cats, 10649
- intraperitoneal insertion, moderation of audiogenic seizure severity, mice, 4454
- Intravenous Injections**
- alcohol intake using iv injections vs social vs isolated drinking, blood alcohol concentration & mood changes, college students, 8758
- glucose infused via stomach vs duodenum vs mesenteric vein vs jugular vein, food intake, rats, 6507
- iv amphetamine & high-dose usage, flash & euphoria & anorexia & insomnia & paranoia & violence & compulsivity & over-amping" & complications, 567
- oral vs. iv administration of tritiated trans-D-tetrahydrocannabinol (1), excretion in feces vs. bile, intact vs. bile duct-cannulated rats, 599
- simple system for implantation of intravenous cannulae, conscious rats, 8704
- Intrinsic Motivation**
- engaging in activity for extrinsic reward, intrinsic interest, 3-5 yr old nursery school children, 10498
- external vs internal constraints as measured in type of delinquency proneness scale proposed by Reckless & Dinitz, juvenile delinquency prediction, 7391
- intrinsic motivation, literature review, 342
- moral & social norms, language of law vs man's inner forces, 8969
- subjective uncertainty, development of problem solving task attractiveness, college students, 343
- Intrinsic Rewards** (See Internal Rewards)
- Introspection**
- introspection & qualia of experience & unconscious, consciousness & brain, 8378
- Introversion**
- auditory-visual stimulus interval, auditory threshold determination, 18 33 yr old introverts & ambiverts & extraverts, 8210
- authoritarianism & extraversion-introversion & anxiety & neuroticism, satiation of orientation, college students, India, 4169
- extraversion-introversion & degree of neuroticism & sex & postsatiation time, semantic satiation, college students, 3116
- extraversion-introversion individual differences, reminiscence, professional criticism, 4292
- extraversion-introversion individual differences, reminiscence, reply to criticism by H. J. Eysenck, 4298
- Eysenck Personality Inventory & D. N. Uznadze's set tasks, student nurses classified as hysterics vs dysthymics vs neurotics vs introverts vs extraverts, 1089

field-dependence-independence as partially genetically based nervous system sensitivity, color vs weight discrimination, introverted vs extraverted soldiers, 9101

graphic expansiveness vs compressiveness & extraversion vs introversion, ESP, high school & junior college students, 1092

high vs low ego-involvement, letter cancellation task performance, extraverted vs introverted college students, 7159

high vs low stress conditions & emotionality, contingent negative variations & GSR, introverted vs extraverted male college students, 8514

introversion extraversion & neuroticism, gifted vs ungifted art students, 3170

light intensity, reliability of auditory responses, 18-25 yr old introverts & extraverts & ambiverses, 8209

need achievement, extraversion-introversion & neuroticism, engineering graduates, 7142

neuroticism & introversion extroversion & hostility & aggression & liability to depression, idiopathic epileptics, 11489

personality traits as etiologic or reactions to disease, emotionality & anxiety & introversion patients with rheumatoid arthritis, 11493

visual stimulus intensity, auditory sensitivity, introverted vs extraverted college students, 4184

**Intuition**

feeling-of-knowing judgments, prediction of recognition of unrecalled consonant trigrams, college students, interpretation in terms of B. J. Underwood's attribute conception of memory, 2388

rules determining intuitive predictions & judgments of confidence, contrast to normative principles of statistical prediction, 2325

**Inventories** (See also Biographical Inventories, Interest Inventories)

Interpersonal Response Inventory, accuracy for assessing interpersonal functioning, group discussion leaders, 5029

reliability & validity, study habits inventory, high school students, 5909

self- vs hetero-hypnosis & description of Inventory of Self-Hypnosis, 8568

**Inventories (Attitude)** (See Attitude Measures)

**Inventories (Personality)** (See Personality Measures)

**Inventories (Preference)** (See Preference Measures)

**Invertebrates** (See also Ants, Arachnida, Bees, Cockroaches, Crabs, Crayfish, Crustacea, Drosophila, Grasshoppers, Insects, Larvae, Mollusca, Moths, Planarians, Snails, Worms)

calcium involvement, contractility, ciliated protozoa, 422

learning, invertebrates, 4744

neurofibril system & cell membrane as nervous system analog, learning, paramecia, 4729

photic vs mechanical stimulus specific habituation, protozoan, 6809

suction into capillary tube, escape behavior time, paramecia, 4690

vibratory & electrical stimulation, habituation, protozoa, 421

**Investigation** (See Experimentation)

**Involutional Depression**

dimethacrin, involution & endogenous depressions, psychiatric clinic patients, 5683

epidemiology & diagnosis & etiology & description & treatment & prognosis, involutional melancholia & manic depressive illness & affective disorders, 3339

noxiptylin, endogenous & involution depressions, psychiatric clinic patients, 5682

quantitative gas-chromatographic determination & infrared spectrographic identification, phenethylamine elimination, endogenous depressives & neurotics & cases of involutional melancholy, 7274

tranlycypromine, endogenous & involutive depression, 21 69 yr old psychiatric inpatients, 3652

**Involutional Paranoid Psychosis**

psychoanalytic interpretation & psychotherapy, borderline regression, 55-yr-old male, 9765

**Involvement**

attitudes of acceptance & rejection & noncommitment, ego involvement, left-wing & conservative college students & high school students, 5117

initial attitude & source credibility & involvement, persuasion, college students, 3048

self-help community program, self-determination & participation, elderly, 1699

**Ions** (See Electrolytes)

**Iproniazid**

parachlorophenylalanine & tyrosine & 5-hydroxytryptophan & Ro-4-1284 & iproniazid phosphate, audiogenic seizure, rats, 2612

**Iran**

modified version of Persian form of Eysenck Personality Inventory, extraversion & neuroticism & psychoticism scores, Iranian 18-20 yr olds, 1086

needs for achievement & affiliation & power, Iranian managers, 10085

psychoticism, intelligence & academic achievement & neuroticism & extraversion, Iranian youth, 9124

**Ireland**

cross-cultural differences, intelligence & achievement test scores, 5 yr olds from white- vs blue-collar backgrounds, England & United States & Ireland, 8943

instructions to simulate stability & neuroticism on Junior Eysenck Personality Inventory, discrimination of lie & malingering scales, 12 16 yr olds, Ireland, 3201

insurgent vs peacekeeping violence, Northern Ireland, 826

test norms, Junior Eysenck Personality Inventory, 14 15 yr olds, Northern Ireland, 3145

**Iris (Eye)**

iris color, critical flicker frequency thresholds, college students, 6214

iris-color & pupil-size & sex, affect responses to photographs, college students, 8479

**Iron**

chronically ingested inorganic lead, Fe & Zn & Cu & Mn brain levels, 25-day-old rats, 4452

tetraethyllead exposure, interference of lead with essential brain tissue copper & iron & zinc, rabbits, implications for toxic action of lead in lead encephalopathy, 4636

**Irradiation** (See Radiation)

**Ischemia** (See also Cerebral Ischemia)

ischaemia, sensory potentials, 10 82 yr olds, 7497

**Islam**

war, social distance between belligerents, Indian Hindus & Muslims & Pakistanis, 932

**Isoenzymes** (See Isozymes)

**Isolation (Social)** (See Social Isolation)

**Isolation Effect**

communicative & linguistic competence during play, isolated vs not isolated culturally deprived vs middle-class 3-4 yr olds, 8880

dextropropranolol & racemic propranolol & practolol, isolation-induced hyperactivity, rats, 2653

isolation & photopic intensities, photopic suppression of rod receptor potential, monkeys, 10544

isolation syndrome, aggressiveness & peripheral & behavioral & neurochemical functions, mice, 8494

length of confinement & intraperitoneal injection of scopolamine hydrobromide & physostigmine sulphate, spontaneous alternation behavior, rats, 8691

serial position & immediate vs delayed recall, isolated effect in recall, college students, 2386

stages of estrus cycle & time of day & local anesthesia of pinna region & isolation & variable frequency sound, head-twitch response to 5-hydroxytryptophan, mice, 8681

structural isolation, paired associate learning, high school students, 8379

Von Restorff effect, recall vs. recognition of word series containing 1 isolated item, college students, 332

**Isoniazid**

isoniazid alone or with alcohol, psychomotor skills related to driving, volunteer cadets & professional Army drivers, 4620

**Isoproterenol**

isoproterenol & serotonin & angiotensin, eating & drinking behavior, food deprived rats, 4451

**Isozymes**

neural impulses, regulation rates of synthesis & concentration of enzyme & isoenzyme proteins in skeletal muscles, rabbits & rats, 4405

**Israel**

anthropological & symbolic aspects of 1956 circumcision ceremony, Tripolitanian immigrants in Israel, 4948

applying for treatment but nontreatment, differential spontaneous remission rates, children at psychiatric outpatient clinic, Israel, 7550

between- & within-group cooperation & competition, Israeli kibbutz vs city vs urban US 8 11 yr olds, 10839

Children's Manifest Anxiety Scale Anxiety & Lie scale scores, lower- to lower-middle class vs upper-middle- to upper-class male vs female 3rd 8th graders, Israel, 4883

D 48, cross-cultural general ability measure, Israeli 7th 11th graders, 6935

developmental trends vs patterns taught for forming letters, stroke direction & sequence in copying geometric shapes, American vs Israeli children vs adults, 6931

education & health & occupation & social activities & self-image concepts, aged in Israeli kibbutzim, 6914

free society vs ghetto state dilemma, Israel, book, 903

interethnic contact, interethnic friendship choice, European vs Middle Eastern descent Israeli soldiers, 6921

kibbutz living, psychosocial readjustment, emotionally disturbed immigrant adolescents in Israel, book, 11819

laterality, writing skill development, 8 9 yr olds attending Israeli vs U. S. vs U. S. Hebrew schools, 2271

maternal reinforcement styles used in teaching their children, individual differences in responses, black & white English & Israeli 4 yr olds, 6889

personality & intelligence differences, people- vs thing-orientation, English & Israeli 17 21 yr olds, 4954

work patterns, satisfactions & dissatisfactions, kibbutz members, Israel, 1996

**Italy**

attempted & completed suicides, province of Maserata, Italy, 1966 1970, 9365

intellectual level & social maturity & emotional balance & decision making strategy & stereotypic supremacy, 6-7 yr old Italian migrants from North vs Central vs South Italy, 4965

magical causes & intercessions, mental illness, 18-yr-old girl from rural southern Italy, 11306

**Item Analysis (Statistical)**

continuous vs discrete response level models, 4147

latent trait model for multiple-choice situation on dichotomous response level, comment on A. Birnbaum's 3-parameter logistic model, 4146

linear combinations of binary item scores, 8121

sampling procedures for item variance & covariance estimation, individual score prediction, 3957

**Item Analysis (Test)**

assessment of personality-item difficulty, 7167

construct validity via scale- & item-level principal component analysis & oblique rotations, Tennessee Self Concept Scale, college students, 3165

domain-referenced testing, homogeneity within item forms, corpsmen from Youth Conservation Centers, 4104

factor analysis, Rotter Trust Scale items, college students, 7076

factorial solution of items of California Psychological Inventory, 14 yr old boys, relation to S. B. Hammond's theory of personality structure, 3190

generalized item sampling model, achievement testing, 3960

individual differences in discrete stimulus-item situation, reliability coefficients of single-pole items, 2112

internal consistency, Personal Orientation Inventory, male prisoners, 3380

item & factor & cluster analysis, Junior Eysenck Personality Inventory, scores of 10 12 yr olds, 6134

item analysis & validation, test battery for reading & spelling performance assessment, 1st graders, 5970

item analysis of Family Relations Test data, 8907

item analysis, Children's Report of Parental Behavior Inventory, stutterers vs nonstutterers, 3500

item analysis, Revised Beta Examination scores, hospital & college student populations, 3579

item factor analysis, Family Motivation Test, parents of junior high school children, 2810

item orientation & structure & inclusive alternatives, item difficulty & discrimination, college students, 8112

judged frequency of endorsement & occurrence scale values & discriminial dispersions, MMPI items, college students, 7146

ordering-theoretic method, determination of hierarchies among items, 4098

purposes & item types & content & scores & type of ranking, norm- vs criterion-referenced tests in education, 5966

reliability & validity of items & whole test, pictorial nonreading vocational preference test, educable mentally retarded youth, 5933

simple logistic model of G. Rasch, sample-free item & test calibration, college & high school students & civil service employees & vocational rehabilitation clients, 1756

simple logistic model of G. Rasch, test-free ability estimation, college & high school students, 1933

test-retest & item-analysis reliability, perceptual-motor laterality tasks, 8 13 yr olds, 2127

test retest & split-half reliability & validity & item correlation, Rathus Assertiveness Schedule for assessing assertive behavior, 1108

verbal or written instructions & sample questions, designing & predicting difficulty of test items, item writers from scientific fields, 10150

**Item Content (Test)**

content- vs format-specific measures of acquiescence, 5178

factoring by simple structure procedures, MMPI internal structure, mental health center patients, 1253

homogeneity indices, test responses, 4101

item arrangement, achievement test performance, college students, implications for content validity, 5985

item orientation & structure & inclusive alternatives, item difficulty & discrimination, college students, 8112

**Jails (See Prisons)**

**Jamaica**

repatriation as therapy, Jamaican psychiatric patients, 5582

severe malnourishment during infancy, school performance, Jamaican 5-10 yr old males, 7539

**Japan**

affective structure of interpersonal attitudes, male Japanese college students, 5112

age differences & cultural differences, ethnic identity, Japanese in Tachikawa & Honolulu & Seattle, 2863

alcoholism, Tokyo, Japan, 9429

anomic vs egoistic vs altruistic vs fatalistic categorizations, successful & attempted suicide, male Japanese college students, 1334

California Psychological Inventory, cross-cultural relevance of folk concept approach, Japanese vs U.S. college students, 6946

cross-cultural comparison, personality factor structures in objective tests, 10 14 yr olds, U.S. vs Japan vs Austria, 4921

cross-cultural differences, New Left ideology, college students, United States & Finland & Norway & Japan, 825

factor analysis & J. L. Holland's personality typology, measurement of characteristics of college environments, Japan, 5851

familial & precollege educational & personality backgrounds & strong competitive drive for entrance, suicide, Japanese college students, implications for prevention, 7381

indulging passive love which surrounds & supports individual in groups, Japanese emotion *amae*, book, 818

mental retardation, review of Japanese research, 1403

nature of mother-child relationship, epidemiology & symptomatology & nosology vs. psychotherapy in child psychiatry, Japan, 1537

nonverbal communication, Japanese social interaction in terms of historical & cultural factors, 5064

psychotherapeutic permissiveness, culturally sanctioned permissiveness of imperfections in human nature, Japan, 5608

social structure & culture, human behavior, Japan, 5055

suicide of Mishima Yukio in 1970, psycho-cultural analysis, 1339

symptomatology, crosscultural differences in psychopathology, Taiwan Chinese & Japanese mental patients, 5597

**Jaw**

electromyographic signals measuring frequency & amplitude of jaw tremor, adult male stutterers, 4361

oral stimulation & cortical masticatory area stimulation, activation of rhythmic & alternating movements of mastication, rabbits, 6450

**Jealousy**

post-traumatic psychopath-like hysteroid personality changes, overvalued ideas of jealousy, brain-damaged patients, 11464

**Jews (See Judaism)**

**Job Analysis**

biographical items, predicting work behavior, 4015

central life interests, intrinsic vs extrinsic job characteristics as satisfiers & dissatisfiers, job-oriented vs non-job-oriented top & middle managers & professional employees, 2007

cultural & subcultural influences, job perception & job satisfaction, white vs. nonwhite female nurses & vocational nurses & hospital technicians & aides & clerical personnel, 2002

flying experience, control of hovercraft, 12091

job analysis in relation to functions of weapon systems, antitank defense soldiers, 12061

job analysis, artillery fire controller, 12060

job analysis, literature & research review, 10007

## Job Applicant Attitudes

job satisfaction & shift work & attitudes toward air traffic control work & specific work requirements, air traffic controllers in 3 air traffic control specialties, 8060

physical vs skill variety vs goal structure vs transformations as intrinsic task dimensions, job performance & satisfaction, 10058

position description factors, promotion rate, middle-level executives, 2004

rating importance of job characteristics, male vs female business college graduates in large insurance company, 4026

type of job, discontent, adolescents, 10076

work ability vs. motivation variables, work performance measurement, 1985

**Job Applicant Attitudes**

personnel interviewing, commonality of stereotyping of good job applicant, recruiters, 1970

residential self- & job-preparation program, 15 20 yr old blind students, 1437

**Job Applicant Interviews**

competency & attitude similarity, interview decisions regarding job recommendations & salaries, college students, 1952

incorporated group vs individual interviews, evaluating prospective hospital attendants, 9166

individual differences, ratings of job applicants, employment interviewers, 10047

number of judgments required & order of type of information & amount of information presented at 1 time, information favorability order & type of decision in simulated selection interview, 1959

personnel interviewing, commonality of stereotyping of good job applicant, recruiters, 1970

sex & marital status & age & number of dependents & receipt of public assistance & occupation & educational level & employment plan, counseling quantity & quality, black 18 35 yr old employment service clients, 12063

techniques & theory & skills, interviewing, 8046

training program using videotape feedback & behavior modification & microcounseling, improvement in job interviewing skills, culturally disadvantaged clients, 12064

visual cues & verbal content, impressions of employment interviews & job applicants, college student Os, 10048

**Job Applicant Screening**

employer interview behavior & probability of job offer, job applicant with history of mental illness, 8038

induced expectation, resume rating, college students & professional interviewers, 10034

job applicant interviewer training workshop, contrast effect error elimination, college students, 1975

MMPI T scores & demographic data, identification of job applicants with emotional problems, 11300

pre-employment work sample test & accurate expectation about task requirements, self-selection & turnover rate, black & white job applicants, 12069

weighted application blank relevancy of personal history variables for personnel selection & occupational success, 8037

weighted application blank, employee selection, 10017

**Job Applicant Testing** (See Job Applicant Screening)

**Job Descriptions** (See Job Analysis)

**Job Enrichment**

job redesign & enrichment, work motivation & job involvement & growth need satisfaction & employee interpersonal relations, telephone directory assistance operators & supervisors, 4023

motivational programs, collective bargaining & contract agreement, unions, 3981

**Job Experience Level**

age & degree of qualification, willingness to contribute part of income into development of self-managed company, workers, 3991

educational background & age & experience with aged, attitudes toward aged, registered vs practical nurses' aides in nursing homes & general hospital, 11187

experience & amount of identification information, accuracy of diagnosis of cerebral impairment, clinicians, 11456

experiencing psychiatric contact, returning to active duty & completing enlistment, male enlisted personnel, 12098

length of residence on campus, faculty tolerance of student dissent, 892

neglect of occupational & educational levels of wives, social class measurement & misclassification, 4993

**Job Mobility** (See Occupational Mobility)

## SUBJECT INDEX

## Job Performance

**Job Performance** (See also Employee Efficiency, Employee Productivity)

ability & favorable reaction to assignment & active encouragement from spouse & well-defined job assignments, effective performance in overseas work assignments, business & law school graduates, 4030

age & tenure, job performance ratings, terminal area air traffic controllers, 10057

amount of simulator practice & fidelity of simulation, transfer of simulator training to job performance in collating task, college students, 12088

back translation vs. knowledge testing vs. performance testing, language translation quality evaluation, 1054

biographical & personality & administrative climate inventories, job performance prediction, nurses, 3233

biographical items, performance ratings by supervisors, middle managers, 4042

chlorpromazine & fluphenazine decanoate, clinical & work performance, chronic schizophrenics, 5622

commuting long distances to work, subsequent intellectual behavior, 6022

conceptual components of learning facts, prescriptive theory of teaching, implications for civics teacher training & evaluation, 3824

conceptual model & methodology, standards for sales performance standards, salesmen & management, 1981

conflict management training, police performance, patrolmen, 12090

convergent & discriminant validity applications, performance appraisal, noncommissioned officers, use of D. T. Campbell & D. N. Fiske's conditions for validity, 6047

correlation of past managerial achievement to mental ability & self-description inventory scores in employment situation, differentiating top & middle managers, 2011

criteria, creativity prediction, scientists in aerospace & chemical firms, 1992

democratic vs authoritarian leadership & supervision attitudes, job success & need satisfaction, Japanese managers, 1989

educational & more vs. less urban background & job performance & absenteeism & turnover & community size, participation in decision making vs. job involvement, manufacturing company employees, 2006

effort reward expectancy, job performance, black & white male blue collar airline employees, 1990

evaluation instrument, teacher effectiveness, driving simulation teachers, 1848

evaluation of degree of inability vs appraisal of working capacity, psychopathy-neurosis relationships, 1255

expectancy attitudes, prediction & cause of job performance, retail sales organization managers, 10065

experiencing psychiatric contact, returning to active duty & completing enlistment, male enlisted personnel, 12098

field-rating form, performance & adaptation, Peace Corps volunteers, implications for professional consultation in evaluation of selection & training in government agencies, 1961

General Aptitude Test Battery scores, job behavior & performance & efficiency, blue-collar workers, 10054

group contingent music, assembly line production rates in simulated sheltered workshop, retardates, 11689

group size & task structure, performance & leader-member relations, 1st-line supervisors & work groups in manufacturing plant, 1982

Hand Test variables, performance, patrolmen, 10073

high vs. low job outcome valence & high vs. low performance-outcome instrumentality, job performance & effort, young adults, 2003

high vs. low performance-reward contingencies, perceived effort-pay probability & perceived effort & performance & valence of pay, college students, 1993

history of drug abuse, military performance & adjustment, naval recruits, implications for enlistee selection, 891

husband's corporate success & frequent moves & extramarital sexual affairs, identity loss & loneliness & alienated children, corporate wives, book, 6049

inadequate & incompetent management & leadership, failure of correctional system, correctional executives, 5793

inadequate professional training, negative attitude toward job situations & effect on efficient operation of welfare programs, caseworkers & social work administrators, 5278

- individual performance & effort, sharing pay with another, college students, 11045
- intellectual ability & higher educational credentials & degree of applicability of college-learned skills & knowledge to job performance, earnings, college graduates, 939
- intelligence & personality traits & job attitudes, aide performance effectiveness in residential institution for mentally retarded, 5272
- interpersonal compatibility, managerial work effectiveness, industrial supervisors, 10090
- job performance & satisfaction, undergraduate vs graduate degree rehabilitation counselors, 7194
- job performance, character & behavior disorder prediction, Navy enlisted men & Marines, 9209
- job performance, managerial pay levels & changes in organization with performance measurement & reward system, managers, 10092
- job-oriented vs person-oriented traits, content for job performance ratings, response to criticism, 1994
- level of vocational productivity, intellectual performance, 17-57 yr olds, 8913
- life-change events, self-reported academic & job performance, college students, 9912
- machine-controlled set-pace system, heart rate & performance time & GSR, slow- vs fast-paced industrial workers, 4421
- management leadership behavior, employee performance & satisfaction, 1st & 2nd level managers in mental institution, 12116
- management training course, feelings of competence in decision-making & judgment ability, 8039
- merit pay, job performance & job satisfaction, managers, 10063
- multitrait-multimethod matrix, job performance, high-level executives, 6048
- need gratification & expectation & motivation, job satisfaction & performance, white- & blue-collar employees, 10078
- need satisfaction, organizational position & job performance, professional nurses & paraprofessional employees, 3265
- organizational assimilation, role-rejecting vs nonrejecting nonacademic employees of university, 10033
- organizational climate, effective role performance & scientific accomplishments, biological research scientists, 10097
- organizational competence & adaptive coping behavior, organizational effectiveness, experienced Army officers in role simulation game, 12119
- organizational independence, effects of job scope & leader hierarchical influence & technical competence & consideration on satisfaction & performance, quasi-professional employees & hourly employees, 12110
- perception of required abilities, performance, clerical workers in public organization, 12101
- personality factors, occupational choice & work performance, adolescence, 1947
- personality profiles, predicting performance, basketball referees, 10053
- personality traits, job effectiveness & retention, Air Force officers, 6050
- physical vs skill variety vs goal structure vs transformations as intrinsic task dimensions, job performance & satisfaction, 10058
- playing role of editorial assistant vs someone helping foreign friend, linguistic acceptability of grammatical vs ungrammatical sentences, college students, 7117
- praise to worker, work performance of adjacent worker, moderately retarded adults in sheltered workshop, implications for educational & rehabilitative settings, 3939
- prolonged sick leave & work resumption & work efficiency, patients with obsessive-phobic & cenestopathic form of asthenic neurosis & other neurosis, longitudinal analysis, 1267
- psychological testing methods, working ability measurement, 4011
- psychophysiological correlates, professional aptitude & job satisfaction & performance, female carpet factory weavers, 6042
- pursuit rotor & finger-tapping & paired-associates recall & TAT & motivation questionnaires & Eysenck Personality Inventory, motivation prediction, apprentice gas filters, 12106
- self-esteem, relationship between expectancies & job performance, managerial-level employees, 10061
- shared vs. divided labor strategies in dyads, task performance effectiveness & efficiency, Army soldiers, 2005
- situational contingencies & control over work situation, job attitude as predictor of job performance, unionized employees, 12100
- size & private vs public hospital ownership, inpatient psychiatric department performance & staffing, 12115
- small group counseling vs immediate reinforcement, productivity & social interaction, long-term clients in rehabilitation work shops, 3795
- status congruency, job performance, psychiatric outpatients vs nonpsychiatric military personnel, 9267
- student ratings of instruction & class performance on national normative examinations, validity for measuring instruction effectiveness, 1919
- subjective vs objective traits in rating stimuli, job performance rating, 4022
- supervisors' attitudes & leadership, subordinates' job performance, office managers & female secretarial & clerical workers, 1986
- supervisory training program, employers' evaluations of job performance, black 1st-level supervisors, 3992
- trade school achievement, vocational adjustment, metallurgical workers, 12111
- transactional analysis, job success & goal clarification, book, 1999
- varying performance-pay instrumentalities, relationship between job performance & job satisfaction, high school & college students, 10070
- work ability vs. motivation variables, work performance measurement, 1985
- work attitudes & performance & personality traits & age, short- vs long-term part-time supermarket chain employees, 4018
- work observation vs recall method, developing behavioral examples for rating scales, supervisors from national airline, 12095
- work surface angles, productive efficiency on simple manual task, college students, 2264
- Job Performance Evaluation** (See Job Performance, Personnel Evaluation)
- Job Requirements** (See Job Analysis)
- Job Satisfaction**

- short-term family intervention, destructive communication patterns, juvenile delinquents & families, 7789
- social & personality factors, predicting juvenile probation outcomes, 1735
- social values, delinquent subculture, 7413

## Juvenile Gangs

special interaction with institution personnel before intensive psychotherapy, ego strengthening, institutionalized psychopathic delinquents, 5595

### Juvenile Gangs

joking, reducing disjunct intergroup relationships & maintaining group cohesion, urban slum area gangs, 948

### Kangaroos

observation in captivity & free-ranging group, dominance relationships & degree of association, grey kangaroos, 10784

**Karyotype Disorders** (See Chromosome Disorders)

**Keypunch Operators** (See Clerical Personnel)

### Kibbutz

between- & within-group cooperation & competition, Israeli kibbutz vs city vs urban US 8 11 yr olds, 10839

collective education, kibbutz infants to adults, book of readings, 9900

education & health & occupation & social activities & self-image concepts, aged in Israeli kibbutzim, 6914

kibbutz living, psychosocial readjustment, emotionally disturbed immigrant adolescents in Israel, book, 11819

personality measures for repression, kibbutz vs moshav adolescents, response to B. Bettelheim's hypothesis, 1091

special education & child guidance clinic, kibbutz society, 9950

work patterns, satisfactions & dissatisfactions, kibbutz members, Israel, 1996

**Kidney Transplants** (See Organ Transplantation)

### Kidneys

lithium, kidney & gastrointestinal system & thyroid & metabolism & heart & CNS, 4660

medical aspects & rehabilitation & treatment, kidney diseases, 3783

### Kindergarten Students

auditory figure-ground ability, academic achievement, kindergartners & 1st 3rd graders, 7964

biased psychological reports & knowledge of effects of bias, ratings & expectations of kindergartners, teachers, 5847

color & underlining & word shape cues, word structure detection, kindergarten to 3rd grade students, 11914

copying vs faded tracing vs copying & letter discrimination training vs faded tracing & letter discrimination training, handwriting, kindergarten students, 7917

discrimination pretraining, intralist similarity phenomenon in developing beginning reading skills, kindergartners, 9895

distar mathematics program, communication skills, poor-risk kindergartners, 7911

enrichment preschooling, vocabulary vs auditory association vs grammatic closure vs operational thinking, white vs black 5 6 yr olds, 8 mo follow-up, 9881

evaluation of concept-oriented music education program, kindergartners, 9899

factor analysis, Spring School Readiness Test, kindergartners, 5988

factor structure of School Readiness Survey & Auditory Discrimination Test & Illinois Test of Psycholinguistic Abilities, disadvantaged kindergartners, 6000

familiarization feedback, performance on Raven Coloured Progressive Matrices, lower- & middle-class kindergartners, 12033

individual play tutoring vs access to play props vs individual tutoring in music vs no intervention, thematic play level & creativity test performance, lower-class kindergartners, 5868

intralist similarity & impulsivity-reflectivity, word recognition performance, kindergartners, 5901

kindergarten reports, predicting learning disabilities, learning disabled boys, 7435

nursery school attendance, self-concept & conservation & achievement & space-time-quantity concepts, middle & lower-middle socioeconomic status kindergartners & 2nd graders, 6837

perceptual training during kindergarten, academic achievement, 3rd graders diagnosed as having potential learning disabilities at kindergarten level, 3948

phonic & kinesthetic & meaningful context methods, instructional rank-order of difficulty, kindergartners, 11923

school learning & academic achievement, color vision-deficient vs normal kindergartners & 1st graders, longitudinal study, 1874

sex role stereotyping, school readers designed for kindergartners to 3rd graders, 11907

socioeconomic status & rural vs urban environment, Boehm Basic Concept Test reliability, kindergartners & 1st graders, 9971

teacher's predictions on learning performance, 4 yr olds & kindergartners, 5931

## SUBJECT INDEX

## Kupfer Detre Self Rating Scale

training with cue orthographies retaining English alphabetic characters vs initial teaching alphabets, transfer of grapheme discrimination from cued to traditional orthography, kindergartners, 9898

transfer, same-different judgments of standard figures, kindergarten children, 8400

verbal concept development, Indian vs non-Indian 5 & 6 yr old kindergartners & 1st graders, 6859

vocabulary & syntax & intonation familiarity, selective listening, kindergartners & 1st 5th graders, 6182

### Kindergartens

kindergarten attendance, social adjustment & Stanford Achievement Test performance, male vs female low socioeconomic class Negro vs white 2nd graders, 5917

### Kinesthetic Perception

age & sex & rod size & position, kinesthetic figural aftereffect, 13 & 21 yr olds, 10881

body flexibility, kinesthetic & visual perception in ontogenesis along developmental continuum, 5-6 vs 7-8 vs 9-10 vs 11-12 yr olds vs adults, 6811

comparison of methods for classifying augmenters vs moderates vs reducers, scoring kinesthetic figural aftereffect task performance, 8171

dysarthria severity & speech intelligibility, oral sensation & perception, dysarthric adults, 9468

judgment of straightahead" using 1 vs 2 wrists, kinesthetic spatial aftereffects, college students, criticism of R. Over's neural enhancement theory, 101

neocortical commissures, position sense, 6165

verbal briefing & practice with visual display, kinesthetic aftereffects, college students, 10201

visual vs kinesthetic matching & cross-modal asymmetry, 10182

### Klinefelters Syndrome

level of plasma testosterone, reported sexual contacts, 25 40 yr old males with normospermic & varicocele & noneunuchoid variant of Klinefelter's syndrome & chromatin-positive eunuchoidism, 5532

### Knowledge Of Results

informative vs affective feedback, verbal conditioning, college students, implications for interviewing, 8422

knowledge of results, dynamic visual stereo acuity, male vs female college students, 2247

knowledge of results, motivation in vigilance task, college students, 357

knowledge of results, simple reaction time, college students, 276

preknowledge & stimulus intensity, simple reaction time, college students, 10170

### Korea

history of psychiatry, Korea, 6086

### Korsakoffs Psychosis

categorical cues & reference to task, recall, Korsakoff patients, 11453

concept formation, hypothesis testing & focusing behavior, amnesic Korsakoff's syndrome patients vs alcoholic & brain-damaged & neurologically-intact males, 3507

memory, patients with Korsakoff's syndrome, 1291

open brain injuries, Korsakoff-like amnesic syndrome, Finnish war veterans, 5336

verbal mediation, finger maze vs pursuit-rotor task performance, Korsakoff's disease patients vs alcoholics vs normals, 9207

visual vs auditory vs tactile modality, short-term memory, alcoholic Korsakoff patients, 5396

Wernicke-Korsakoff syndrome, thiamine deficiency & CNS lesions, 7364

### Kuder Occupational Interest Survey

consistency of correlations between SVIB & Kuder Occupational Interest Survey after 1 yr, college students, 3962

Kuder Occupational Interest Survey, 1976

score correlation, Kuder Occupational Interest Survey, vocational maturity score of Vocational Development Inventory, college students, 6007

### Kuder Preference Record

factor analysis, Test of Differential Aptitudes & Kuder Preference Test, 6137

factorial stability, Differential Aptitude Tests & Kuder Preference Record, 3961

Kuder Preference Record, occupational interests & subsequent job satisfaction, 12093

### Kupfer Detre Self Rating Scale

Kupfer-Detre Self-Rating Scale, reliability & validity in discriminating between normal & clinic groups, client & nonclient college students, 64

**L Dopa** (See Levodopa)

**Labor** (Childbirth)

biofeedback hand temperature training, theoretical applications to Lamaze childbirth training, 8543

intense physical preparation, childbirth without pain, medical personnel's role, 9576

spontaneously-developed relaxation technique, reducing childbirth anxiety & discomfort, 3700

temporal & spatial experience as reflected in verbalizations, multiparous women during labor, 10194

**Labor Management Relations**

monthly salaries for all workers, gap between white- & blue-collar workers & status of skilled workers & unification of employment conditions, France, 4036

organizational & personality & interpersonal variables, role strain, department store salesgirls, 8059

research data collection vs intervention, intergroup conflict & management, 4045

research vs intervention in labor-management conflict & author background, response to B. Brown & F. Friedlander's criticism, 4044

research vs intervention in labor-management conflicts, comments on R. J. Lewicki & C. P. Alderfer's study, 4039

research vs intervention in labor-management relationship, critical comments on R. J. Lewicki & C. P. Alderfer's study, 4035

situational contingencies & control over work situation, job attitude as predictor of job performance, unionized employees, 12100

social judgment theory & interactive computer graphics, labor-management negotiations, 12113

supervisor credibility as safety & qualification & dynamism, subordinate satisfaction, 12108

task analysis & assignment significance & correspondence between supervisor's & employee's task perception, guidelines for supervisors making work assignments, 8063

technological progress & psychological problems, control systems & industrial production methods, 8080

**Labor Relations** (See Labor Management Relations)

**Labor Union Members**

attitudes toward industrial psychology & testing, male union members & college students & managers & supervisors & laborers, 12055

**Labor Unions**

group size & decision structure, dilemma of joining union, 10004

motivational programs, collective bargaining & contract agreement, unions, 3981

- age differences, binomial distribution of handedness using performance-defined criteria, adults vs children, 8878
- amount of interpolated material & hand preference in copying task, short-term retention, righthanded college students, 10460
- amount of material to be remembered & interstimulus interval & presentation time, short-term memory & backward masking & perceptual factors in superior recall of letters from right visual half-fields, right-handed college students, 2400
- amplitude of visual suppression, control of binocular rivalry, 8256
- asymmetry, processing terms "RIGHT" & "LEFT," right-handed Navy enlisted men, 10334
- attentional scanning of stimulus traces vs cerebral dominance, visual laterality recognition, 2432
- attentive vs passive viewing of light flashes, interhemispheric variance, 8528
- avowed vs assessed vs familial handedness, visual field superiority on lateralized letter-masking task, college students, 2229
- commissure section, intermanual tactile transfer, monkeys, 2569
- competing auditory tasks, laterality differences in visual perception, right-handed Ss, 6198
- concept identification & mathematics-verbal aptitude & perceptual-motor skills performance & values, right- vs left-eye moving college students, 2248
- crossed laterality, visual defects, children with dyslexic-type reading problems vs normal readers, 11402
- cultural pressures toward conformity, eye hand dominance & cognitive style, male vs female Temne & Arunta Ss, 4926
- dichotic stimulation, left-right differences in perception of musical stimuli, college students, 8198
- ear differences & dichotic delayed & immediate auditory feedback, verbal repetition & nonverbal tapping tasks, 18 32 yr olds, 8179
- early lateralization dependent on E's degree of practice, acquisition of false laterality orientation in t maze, rats, 615
- expectancy, producing asymmetry in perceptual performance, right-handed college students, 8232
- extraneous lateral stimulation, perceptual accuracy of tachistoscopic patterns, 10283
- graphic vs oral response mode, lateral asymmetry in click location judgments, 2163
- handedness, cognitive & verbal & other performance tasks, men with chronic unilateral cerebral lesions, 11483
- hemispheric specialization, pitch & tone discrimination in linguistic stimuli, 5166
- interaural time & intensity asymmetry, binaural interaction of transients in discrimination of pulse pairs, 125
- interpolated activity & printing-hand sequence, bilateral reminiscence in inverted-reversed printing, right-handed college students, 8295
- IQ, reading achievement, male vs female left- vs right-handed 3rd 12th graders, 9925
- lateral differences, tachistoscopic word recognition, normal vs delayed elementary school readers, 4207
- lateral dominance for various perceptual & motor processes, right-handed people, 10506
- lateral dominance of left hemisphere, directional preference, baboons, 4805
- lateral dominance, pain threshold & tolerance, sinistral & dextral female college students, 4172
- laterality of early brain lesions & familial sinistrality, growth of speech & intelligence, hemiplegic children, 3503
- laterality, writing skill development, 8-9 yr olds attending Israeli vs U. S. vs U. S. Hebrew schools, 2271
- left vs right visual field presentation & memory, perception of tachistoscopically-presented complex forms of low verbal association value & perceptual asymmetry, right-handed college students, 2202
- left-handedness & ambilaterality, male alcoholics, 3397
- left-handedness strength, facial recognition ability, 10254
- lessening vs lengthening of stimulus component duration, temporal ordering & cue selectivity in paired-associate learning, college students, 2341
- manipulative temporal motor responses with & without path constraints, hand movements, analogous to P. M. Fitt's arm movement model, right-handed college students, 8298
- mixed hand-eye dominance, cognitive style which influences susceptibility to geometric illusions, African Temne male skilled mine workers & Australian aboriginal Arunta, 8155
- neuropsychological significance, lateralized deficits on Grooved Pegboard Test, 10-14 yr olds with learning disabilities, 11410
- personality correlates & moderate stability estimates, lateral eye movements following reflective questioning, 6-12 yr olds vs college students, 8436
- power spectral & digital filter analysis, flash & click evoked response, right-handed Ss, 8504
- reflective thought, conjugate lateral eye movements, 2193
- repetition & right vs left visual field presentation, recognition memory for words & pictures, right-handed female college students, 312
- right hemispheric infarction & left hemiplegia, patients with aphasia, 11437
- right posterior cerebral lesions, object recognition, patients, 11503
- right- & left-handed differences, lateralization of brain function, critical review, 10507
- right- vs left-ear differences in dichotic listening, report accuracy, right- & left-handed Ss, 8207
- right- vs left-handedness, adaptation to visual distortions of size & distance, 10270
- right- vs left-sidedness, sculpture & paintings, 7120
- right-sided brain lesion, agraphia & apraxia & absence of aphasia, left-handed 62-yr-old man who had writing switched to right hand while in school, 7513
- roles of genes & environment, human hand preference, critique of R. L. Collins's work, 4439
- Rorschach white-space response, oppositionality, U.S. Navy enlisted men, 9142
- separate bilateral word & color presentations, interference & facilitation for color naming, 17 22 yr olds, 8433
- sex differences, lateralities, college students, 8153
- speech opposed by contralateral noise, hemispheric specialization, right-handed college students, 8212
- stimulus-response & response-response compatibility, bimanual movement time, right-handed males, 2253
- style relationships & early social experiences, Ss differing in direction of lateral eye movements, 9111

- task complexity, decision-making process speed, left vs right cerebral hemisphere lesioned patients, 7500
- test-retest & item-analysis reliability, perceptual-motor laterality tasks, 8 13 yr olds, 2127
- testing for dysphasia after unilateral electroconvulsive therapy, assessment of language laterality, left-handed depressed patients, 11808
- tilted outline frames & intersecting line patterns, judgments of vertical, right- vs left-eye dominant college students, 10307
- training to use nonpreferred paw in retrieval of food, amino acid incorporation in brain, rats, 4409
- transections of corpus callosum & anterior & hippocampal commissures, recognition & discrimination of tactile stimuli, right-handed patients, 11803
- unilateral cortical lesions, spatial orientation difficulties, patients, 3527

- quality of argument & leadership votes, eye contact in 3-person leaderless discussion groups, college students, 2966
- questionnaire & sociometric test, leadership selection, institutionalized 8 17 yr old boys with behavior disorders, 1343
- rotating vs regular group work leader, psychological atmosphere & group dynamics, small group of Moscow scientist volunteers for work in Far East, 7035
- sociometrically-derived leadership ratings after discussion sessions, grades, college students, 3907
- statistical & methodological properties, F. E. Fiedler's contingency model of leadership effectiveness, 8069
- supervisors' attitudes & leadership, subordinates' job performance, office managers & female secretarial & clerical workers, 1986
- Test of Objective Judgment vs Method of Paired Comparisons, assessing friendship & leadership for selection of potential officers, Australian officer candidates, 10039
- validity & reliability & intercorrelations, leadership behavior measures, 2022
- voluntary seating choice, group judgments of leadership figures, mental health professionals, 3034
- Leadership Style**
- authoritarianism & intolerance of ambiguity, preference for democratic leadership, male college students, 11126
- contingency model of leadership effectiveness, criticism of A. Ashour's critique, 10084
- contingency model of leadership effectiveness, reply to F. E. Fiedler's criticism, 10079
- contingency model of F. E. Fiedler, leadership style & effectiveness prediction for emergent leaders, college students, 2020
- democratic vs authoritarian leadership & supervision attitudes, job success & need satisfaction, Japanese managers, 1989
- equity vs instrumentality theory using vertical dyad linkage model, predicting leadership vs turnover among managers, 12107

follower-maturity, preference for leadership style, college students in clinical training program, 3000  
 good vs poor leader member relations, effectiveness on structured vs unstructured group tasks, junior high school high vs low least preferred coworker leaders, 7028  
 group leadership structure, self-perception, undergraduate nursing students, 3193  
 group trainer styles in sensitivity training, 9196  
 high threat low motivation groups, experimentation with new role model behavior, Peace Corps volunteer human relations training program leaders, 7009  
 human relations training trainer behavior, liking for trainer & learning from experience, business executives, replication of L. Bolman's 1971 study, 2962  
 interpersonal & group-oriented vs corrective-clinical vs personal-expressive leadership style & philosophy, sensitivity training & encounter groups, 8997  
 leader behavior & esteem for least-preferred coworker, group performance, insurance supervisors & their sales groups, 4040  
 leader behaviors, male vs female civilian supervisors in U.S. Air Force, 4038  
 methodological problems of contingency model of leadership effectiveness, 10080  
 organizational independence, effects of job scope & leader hierarchical influence & technical competence & consideration on satisfaction & performance, quasi-professional employees & hourly employees, 12110  
 personality & religious philosophy & personal contact with membership, charismatic leadership in Alcoholics Anonymous, case study, 4041  
 sex of group & instructions encouraging leader decision delegation to group vs restricting delegating power, group performance & leader group interaction, 4-person groups replication of N. R. Maier & J. A. Thurber's study, 9020  
 stress, task performance & interpersonal relations, high vs low least preferred coworker highway engineers, 10035  
**Learning (Programed)** (See Programed Instruction)  
**Learning Ability**  
 annual periodic changes of hormonal levels which govern spawning, learning & activity patterns, goldfish, 2718  
 concepts & methods used for assessment, psychological description & learning ability processes, 12019  
 environmental conditions & teacher attitudes, learning, 1891  
 experimental analysis, learning to learn, 2349  
 Hauserman approach, evaluation of perceptual & cognitive functioning & language competence & short-term retention, preschool age children, book, 1924  
 intelligence & learning tests validity, elderly normals vs non-brain-damaged psychiatric patients vs patients suffering from senile dementia, 3274  
 learning ability & retention performance, 33-wk-old male squirrel monkey, implications for comparative & developmental study model, 662  
 learning ability, behavioral abnormalities & rehabilitation, monkeys, 6718  
 paradoxical sleep, learning capabilities, mice, 10579  
 personality, learning, discussion of K. Spence & H. Eysenck's theories & application to education, 1074  
 prior sleep, rehearsal & recoding & memory & learning ability, male students, 10336  
**Learning Disabilities** (See also Dyslexia)  
 acquisition & use of morphological rules, high-risk vs learning disabled vs achieving 3.7-10.2 yr olds, 5491  
 age & IQ & stimulus word syntax, word association performance, learning disabled & normal children, 9433  
 attention quality, school learning, normal vs difficult 11 14 yr old boys, 11950  
 average evoked responses, 10 13 yr olds with difficulty in processing visual stimuli, 9462  
 classical conditioning, understanding intellectual processes, retarded children, 1394  
 communication between fields of learning disability & speech & hearing pathology, 9182  
 community program, children & adolescents with learning disabilities, 11975  
 computer-assisted remedial education program, identification of handicapping conditions in children, inservice preschool & elementary school teachers, 5936

creation of extraordinary environments, learning facilitation, learning disabled children, 7992  
 defensive hyperactivity, learning disabilities, 9444  
 diagnostic & intervention procedures, prevention & identification of potentially noncategorizable disabled preschool children, 5871  
 diagnostic value of Peabody Individual Achievement Test vs Wide Range Achievement Test, assessment of achievement levels, 5-10 yr old children in learning disability clinic, 5490  
 differential diagnosis variables & process, labeling & educational placement, learning disabled vs emotionally disturbed vs institutionalized emotionally disturbed children, 9956  
 early detection & validity of predictive measures, learning problems, 5944  
 hospital-based special class & psychoactive drugs, classroom behavior & learning, 8 15 yr olds with learning disabilities, 9857  
 integration in junior high school core program, 6th graders with severe learning disabilities, 11993  
 Johnson-Kenney Screening Readiness Test, detection of learning difficulties, 1st graders, 7466  
 jumping board activities, parental understanding of learning disabled children, 9451  
 kindergarten reports, predicting learning disabilities, learning disabled boys, 7435  
 language & learning disorders, book of readings, 11400  
 learning disabilities & behavior & emotional problems, manifestations of allergic conditions, school children, 9500  
 learning problems, mentally retarded, 1392  
 neurological functional & organic disorganization, imitation of gestures, 8 10 yr old learning disabled children, 1399  
 neuropsychological significance, lateralized deficits on Grooved Pegboard Test, 10 14 yr olds with learning disabilities, 11410  
 open concept classroom methods & procedures, children with learning disabilities, 11986  
 perceptual training during kindergarten, academic achievement, 3rd graders diagnosed as having potential learning disabilities at kindergarten level, 3948  
 photography & mirrors & films & videotape, extension of self-awareness & self-concept, learning disabled vs gifted vs educable mentally retarded pre-adolescents, 5939  
 physiological & psychological correlates, learning & reading difficulties, book of selected readings, 7468  
 positive reinforcement, independent reading program, 9 13 yr olds with learning disabilities, 11989  
 prevention & remediation programs, classroom learning problems, book, 1900  
 reading research program, special reading instructional procedures, mentally retarded & learning disabled, 7984  
 research & measurement needs, neurological examinations for learning disabilities, 5463  
 season of birth, intelligence, learning-disabled children, 7428  
 self-concept & feedback image, students in special education with learning disabilities, 11987  
 self-concept, normal vs learning disabled children, 9452  
 self-discovery, emotionally disturbed & learning disabled children, therapeutic interaction & benefits between teacher & students, book, 11984  
 sensorimotor treatment, dichotic listening, 10-yr-olds with learning disabilities, 7447  
 sex bias, identification of learning disability, boys vs girls, 11403  
 socioeconomic status, patterns of WISC scores, children with learning disabilities, 9464  
 teaching cursive vs manuscript writing, elementary school students with learning disabilities, 11978  
 term usage & diagnostic approaches & remedial techniques, perceptual handicap or reading disability, 5943  
 training sequence for improving association & classification performance, systematic learning strategy use, potentially learning disabled young children, 9902  
 Utah Test of Language Development, screening language disabilities, kindergartners, 9456  
 validity of Rhode Island Pupil Identification Scale, early detection of learning problems, kindergartners & 1st & 2nd graders, 3485  
 verbal thinking disability, visual methods of problem solving used in formulating theories of relativity, A. Einstein's biography, 4082  
**Learning Disorders** (See also Dyslexia, Learning Disabilities, Reading Disabilities)  
 auditory integrational program with associated language disability, diagnosis & treatment, adult mental patient, 7456

- auditory processing skills, language learning disorders, children & adults, 7464
- brief hospitalization for evaluation & planning, changes in behavior & learning problems, 11843
- differential language & neurological impairment characteristics, patients with aphasia vs general intellectual impairment vs speech apraxia vs confused language, implications for diagnosis, 7246
- early predictions of learning disorders, 1370
- learning & personality development, children with learning problems, book of readings, 11414
- Mental Development Center in university setting, provision of practicum experience with learning problems & mental retardation, graduate students, 1137
- prevention & remediation programs, classroom learning problems, book, 1900
- receptive language difficulty, 8 yr. old girl, 1383
- stimulus change vs constant stimulation, attending behavior, 10-11.6 yr olds with learning disorders, 7547
- Learning Rate**
- auditory & visual perception test scores, learning rate & achievement, 9 13 yr old severely disabled readers, 9438
- ordinal position, serial anticipation & recall varied factorially, faster learning of experimental items, college students, 8399
- recognition time & uncertainty, learning time, 6266
- sex differences, learning illustrated materials, 4th & 5th graders, 6280
- Learning Schedules** (See also Distributed Practice, Massed Practice)
- all-or-none vs incremental learning process, free recall of word lists, college students, 200
- aversive shock & timeout response, extinction in multiple schedule, pigeons, 4700
- backward conditioning procedure following acquisition, extinction of conditioned suppression, rats, 2671
- classical & operant extinction & variable-ratio shock schedule, resistance to extinction of discriminated barpress avoidance, rats, 6750
- contrast & resistance to extinction & forgetting, retention of reward magnitude, rats, 4716
- criterion vs overtraining, response strategy change on jumping stand performance, rats, 2693
- delayed matching & short-term memory, monkeys, 4703
- distribution of practice & forced guidance, sequential information-processing, college students, 2312
- high vs low food deprivation-induced frustration & continuous vs partial reinforcement, learning & extinction, rats, 10726
- instructions & intertrial interval, temporal conditioning of GSR, female college students, 10364
- mixed fixed-ratio schedule, altering proportion of components, pigeons, 4701
- neuroticism & extraversion & sex & goal-set, physical persistence, 8303
- number & spacing of CS UCS pairings, conditioned suppression, rats, 2695
- orthogonally varied reward schedule, small trial partial reinforcement effect, rats, 8794
- preschool stimulus superimposed on both vs VI components of schedule, conditioned suppression, rats, 2670
- red vs blue vs white paper strips as stimuli, extinction & disinhibition & spontaneous recovery of pecking response, 2-day-old herring gulls, 4747
- reinforcement modes, conditioning paradigms, 232
- selective reminding, analysis of memory & learning, 9057
- signal termination, choice of 2 signal avoidance schedules in changeover responding, rats, 4702
- single vs multiple trials per day, CS UCS interval function in nictitating membrane response conditioning, rabbits, 4740
- stimulus & response relative frequency, 2 choice reaction time tasks containing many-to-one stimulus response mappings & 2 levels of stimulus response compatibility, college students, 10365
- sugarless food pellets as control measure, schedule-induced polydipsia research, 2676
- type of visual feedback & distribution of practice, intermanual transfer of prism aftereffects, U.S. Navy Air Development Center employees, 8152
- VI reinforcement schedule & ad lib food & response key availability, eating & keypecking behavior, pigeons, replication of A. J. Neuringer's results, 6749
- water vs food vs total deprivation schedules, food & water intake, rats, 2694
- Learning Theory**
- behavioral model of man based on human learning studies, 8095
- brain functioning & operant behaviorism, analysis of Skinner's conclusions in *Beyond Freedom & Dignity*, 2472
- coding information into characters vs extracting patterns, learning theory model, 6236
- coding theory, learning-memory theory, 6232
- cognitive organization vis-a-vis evolutionary theory, discontinuous nature of human language, 3107
- cognitive vs stimulus-response theories, learning, literature review, 4243
- concept identification or representation & modeling, learning theories, 292
- conceptual framework for learning, development of ability factors, 10808
- contingency, behavior theory, 279
- correlation-based law of effect, 2299
- higher mental processes, conditioning laws, 277
- image theory, classical conditioning, 8390
- incentive theory & reward changes, learning theories, 2457
- learning curve models, managerial control systems, 4064
- learning hierarchies, research, 10419
- learning research, validity of theoretical constructs, animal & human Ss, book, 2719
- learning theories, relationship to methods of presenting programmed learning materials, 201
- learning theory & behavior modification treatment, male sexual impotence, 3720
- learning theory & psychoanalytic theory, psychodynamic behavior therapy, 11701
- learning theory application in program using instructional & behavioral engineering, severe deviant school behavior, students, 11931
- Markov chain & 2-party version of Bush-Mosteller linear operator learning models, prediction of cooperation & agreement in 2-party bargaining, 2974
- mediation, conceptual behavior, 2327
- modified continuity theory, stimulus selection, 2377
- multicomponent theory, memory trace, 2390
- neo-noncontinuity theory, 2334
- new learning model, memorizing input pattern by learning process, 10388
- partial reinforcement effect & instrumental learning & satiation & curiosity & memory, learning research, book, 2295
- Pavlov, discussion of his life & personality & evaluation of his concepts, 2053
- persisting tendency, activity shifts, 2302
- personality characteristics & psychodynamic interpretations & learning theory, alcoholism & alcoholics, 7398
- physiology & psychology, learning & education, 5830
- political & social issues, operant conditioning theories of J. Betham vs B. F. Skinner, 2938
- process vs state models, higher order encoding, 6315
- protein synthesis in brain tissue, dreaming & personality development & encoding, 10584
- psychological system, B. F. Skinner, 10109
- research & theory, learning & motivation, book, 2277
- research & theory, learning & motivation, book, 2278
- research & theory, learning & motivation, book, 2279
- research & theory, learning & motivation, book, 2280
- research & theory, learning & motivation, book, 4239
- response-produced feedback, error detection mechanism, college students & graduates, test of S. A. Adams's closed-loop theory of motor learning, 10320
- satiation & curiosity, drive & incentive-motivational exploration theory, 2444
- sequential hypothesis, instrumental learning, 2306
- Skinner's behavioral assumptions, differences in intellectual development, 2782
- Skinner's *Beyond Freedom & Dignity*, professional criticism, 2303
- Skinner's *Beyond Freedom & Dignity*, professional criticism, 2374
- structural learning, theory & research, book, 4234
- theories of learning, 273
- traditional learning theory in transition, 241
- 2nd-order conditioning, learning theory, 271
- Learning** (See Also Related Terms)
- alcohol, learning & memory, 6660
- animal learning, 641
- appetively motivated single-trial learning task, mice, 2681

- background music, task relevant & irrelevant learning, educable mentally retarded, 3489
- behavior patterns which help animals to learn, application to early childhood learning, 608
- behavioral change, specific & nonspecific RNA synthesis, 6452
- bilateral orbital prefrontal lesioning at 1 vs 4 vs 8 wks, delayed recovery of function, rhesus monkeys, 6555
- biochemical approaches, learning & memory, 6491
- biochemical aspects, learning & memory, book of selected readings, 6435
- biochemical changes & plasticity in developing CNS, learning, 2532
- biochemical mechanisms, learning & memory, 8545
- cannabidiol & diphenylhydantoin, hippocampus & learning, rats & mice, 4610
- cognitive structure & task structure, learning & transfer, reinterpretation of G. A. Ferguson & E. A. Fleishman's models, 2305
- conditioning & learning, book of readings, 253
- constraints on learning, book of readings, 235
- delayed punishment, discrimination learning, 3rd graders, involvement of attentional mechanism, 10421
- depressive states, learning, depressive patients, implications for clinical psychological testing, 3294
- developmental stages & cognitive structures, determination of what is learned, 730
- distribution of trials, nonmonotonic effect in learning & retention of discrimination problems, retarded 12-26 yr olds, 1401
- early enrichment vs deprivation, learning, monkeys, 4713
- early stimulation, growth & development & emotional reactivity & learning & adaptive responses, rodents, critical review of present interpretations, 8766
- environmental stimulation & prior learning, learning, 6297
- human developmental stage as descriptive term & explanatory concept & maturation theory, constraints upon learning, 736
- human experimental psychology & animal learning & behavior & physiological psychology, current bibliography, 8084
- human learning, 214
- initial & initial-plus-interpolated total-body physical fatigue, learning & performance, male college students, 8292
- internal constraints on learning, imprinting, birds, 613
- interspecies differences, stimulus selection & models of releasing mechanism & attention aspects of discrimination learning, 203
- learning & imprinting process, production of RNA & protein, chicks, 6466
- learning & motivation & emotion & conditioning, book, 182
- learning modality & tempo & differentiation, implications for training, 10367
- learning phenomena in terms of experimental operations, 215
- learning vs extinction vs attention vs retention, discriminative learning, retardates, 1406
- learning without awareness, classification influence on performance, college students, 6267
- learning, changes in brain protein, 6442
- learning, invertebrates, 4744
- learning, vertebrates, 4760
- limitations within & differences between species, constraints on learning, 625
- marijuana use, learning & memory, user vs nonuser college students, 551
- model of molecular events in synapses, learning, 6354
- monetary incentive & learning efficiency, cue utilization, 12th graders, 2679
- motivation & transfer & memory & forgetting, learning, book, 257
- neurofibril system & cell membrane as nervous system analog, learning, paramecia, 4729
- noun pairs presented in sentences vs alone, noun-pair learning, 1st & 3rd & 6th & 8th & 11th graders & college students, 2772
- partially valid cues, discrimination learning, 2nd graders, 2344
- pretesting, subsequent learning, 14-16 yr olds & college students & 32-77 yr olds, 4254
- programed instruction vs conventional teaching methods, training time & immediate learning & retention, 9896
- psychophysiology of learning & conditioning, 229
- rational zero point & reinforcement, comments on R. A. Haaf's scaling procedure for partitioning rewards from punishments in human learning studies, 4244
- reinstatement of specific vs nonspecific early experiences, later learning, rats, analog for human development, 6759
- relevant vs irrelevant verbalization, stimulus discrimination learning, adults, 10383
- response index choice & effects on conclusions drawn from experiment, multivariate approach to early learning, 749
- selective attention & dimensional learning, analysis of 2-stage attention theories, 8424
- sensitivity & response bias measures, discrimination learning analysis, 4711
- sensory overload vs deprivation, memory & rule learning & affective state & time estimation & hallucinatory phenomena, 2142
- shifts in previously mastered functional rules, functional learning adaptation, college students, 10415
- sodium pentobarbital, dissociated learning & state-dependent retention, monkeys, 6592
- special instructions on logical-tree construction & use & limiting vs not limiting instructional study time, performance accuracy on procedural tasks, male college students, 12065
- speed &/or motivational instructions, double alternation learning & positive vs negative reaction time, male college students, 4307
- state-trait anxiety & task difficulty, learning from written discourse & immediate recall & long-term memory, college students, 8388
- stimulus encoding processes, learning & memory, 4229
- symbolization & rule induction & transformations & memory structure, learning, 185
- task predictability & cue validity, interpersonal learning of inference tasks involving linear & nonlinear relations, college students, 212
- theories & experiments of J. S. Bruner, perception & learning & cognitive development & education, book, 170
- Least Preferred Coworker Scale**
- leader behavior & esteem for least-preferred coworker, group performance, insurance supervisors & their sales groups, 4040
- Lecture Method**
- field trips vs lectures experience, vocational sophistication of occupational interests, slow learning high school students, 5950
- inclusion vs no inclusion of rhetorical question-&-answer sequences in lectures, attention to & recall of factor materials, college students, 7941
- individual differences, preference for lecture with or without discussion vs independent study, college students, 7924
- lecture vs videotape vs audiotape presentation vs printed notes, retention, college students, 3872
- teacher mobility & gesturing & pausing during lecture, students' recall, 4th-12th graders, 3925
- Utah version of personalized system of instruction vs lecture courses, course withdrawal vs completion, introductory psychology students, 1820
- Legal Arrest**
- ethnicity & unemployment & broken homes & socioeconomic status & accident involvement, police bias in arresting intoxicated drivers, 25-54 yr. old male drivers, 2033
- group delinquency & lone offense vs arrest rates, distribution across socioeconomic status levels, 5400
- violating in groups vs individually, likelihood of detection & apprehension & arrest, 9372
- Legal Detention**
- peer-confrontation in therapeutic detention program, adolescents on court probation, 11821
- Legal Processes** (See also Adjudication, Adoption (Child), Commitment (Psychiatric), Expert Testimony, Incarceration, Legal Arrest, Legal Detention, Legislative Processes, Parole, Probation)
- advocate roles in giving expert testimony, defense vs prosecution psychiatrists, 9545
- American sex-psychopath" statutes, unfair use by prosecutors to dispose of individuals committing minor sex crimes, case reports, 5343
- competency referral, evaluation of mental competency to stand trial, 7558
- computer information & record-keeping systems, legal & social aspects of personal privacy, book, 6992
- court ordered psychiatric examinations for disturbed persons refusing treatment, critique, 10984
- defendant's mental competency when illegal act is committed vs fitness to plead in courtroom, comment on J. A. Whitehead's analysis of English law & comparison with American legal traditions, 4979
- Delphi method & group dynamics, consensus on presentence recommendations to court, correctional counselors & psychologists, 909
- determination of defendant's mental fitness to plead, problems & recommendations for revision of British legal practice, 5025

due process of law, implications for school counselors, 11998  
 ethical & psychological & legal aspects, dying & decisions relative to life termination, symposium proceedings, 6971  
 flow of funds & information & personnel selection & training, law enforcement & judicial & mental health systems, 11754  
 group discussion, pre- & post-measures of attitudes toward law & violations, young incarcerated offenders & volunteer college students, 11344  
 group-induced attitudinal shifts, single-judge vs collegial court civil liberties decisions, judges, 3083  
 involuntary mental hospitalization & treatment, selected readings, book, 1780  
 knowledge of & attitudes toward & commitment to legal rights of mental patients, psychiatrists vs psychologists vs social workers vs nurses vs attendants, 9291  
 legal & administrative protection, protection of patient's privacy & assurance of confidentiality of electronic data system in mental health field, 11513  
 legal problems in community mental health centers, attorney's role, 3762  
 legislation & fiscal policies, protection of rights of mentally handicapped, 9217  
 medical controls, medical & social & legal problems, physician-patient relationships, 9149  
 Narcotics Treatment Administration & working relationship with criminal justice system, heroin addiction treatment, 7637  
 prejudice against females, sentencing adolescent delinquents, 2908  
 President Nixon's proposal for replacement of test of knowledge with test of intent, criminal insanity determination, 8977  
 process of investigation, personality, accused people, book, 5003  
 prohibition or deprivation of governmental support, legal control of psychosurgery, 9806  
 psychiatric misjudgments in German restitution proceedings, claimants who were infants during Nazi regime, 8991  
 psychiatric reports for court, influence on judicial process, 4982  
 psychiatric treatment & legal & therapeutic rights, adolescents, book of selected readings, 3617  
 psychiatrist's role in legal process, 4968  
 right to life & home & education & liberty, juvenile jurisprudence formulation, American children, implications for schools & special education programs, 2893  
 role of psychologists, law enforcement & justice systems, book of selected readings, 5250  
 social & legal & medical aspects, abortion, book of readings, 2936  
 sociological & psychological & legal aspects, abortion, Denmark, 4991  
 Soviet correctional measures for juvenile delinquency, 11364  
 Supreme Court ruling, constitutional obligation to educate handicapped children, 7985  
 theoretical & moral & legal problems, treatment of terminally-ill patients, 11525  
 Wyatt vs Stickney case, rights of patients involuntarily committed to institutions for mentally ill or retarded, 7862  
**Legalization (Marihuana)** (See Marihuana Legalization)  
**Legislative Processes**  
 social theory vs civil rights court decisions, changes in court & correctional procedures, 5008  
**Leisure Time**  
 higher order factor analysis, classification of leisure time activities, 17 50 yr old black urban males, 6920  
 income level & work status & sex role & family responsibility, activity patterns during leisure time, urban residents, 4973  
 psychological benefits, leisure time home gardening, 4998  
 social change in past & present & future, work & leisure activities, book, 6966  
 social class & mobility, participation in voluntary associations, mothers, implications for social organization of leisure time activities, 7016  
 work & play, components of all activity, leisure time activities as replacement vocations, implications for vocational counseling, 1958  
 4-day work week, worker adjustment, pharmaceutical company employees, longitudinal study, 10068  
**Lemurs**  
 dominance concept, grooming & agonistic behavior in newly formed group, Galago crassicaudatus, 10778  
**Lesbianism**  
 dimensions of lesbian sexual relationships, 18-55 yr old female homosexuals, 5408

Freud on female homosexuality, 7325  
 male & female homosexuality, book, 1358  
 negative childhood experiences, homosexuality genesis, lesbians & heterosexual females, 5423  
**Lesions** (See also Brain Lesions, Hypothalamus Lesions, Neural Lesions)  
 adrenalectomy vs demedullation, extinction of passive avoidance response, rats, 6575  
 biological odors in gerbil-inhabited & uninhabited areas, preference for odor, normal & bulbectomized & enucleated & castrated male gerbils, 6510  
 classical conditioning by electrical stimulation of peroneal nerve & cutaneous shock to ankle, hind-limb flexor nerve response, immobilized spinal cats, 6562  
 computer analysis, localization of lesions in human nervous system, 7528  
 ether anesthesia & surgical trauma resulting from acute pyloric ligation, gastric secretion, rats, 4445  
 fornix transection, increased activity, female rats, 6521  
 gonadectomy, sex differences in differential reinforcement of low rate performance, rats, 467  
 instrumental conditioning of leg position before vs after sciatic section, chronic spinal frogs, 4483  
 neonatal retinal lesions, reorganization of retinotectal pathway, rats, 4505  
 oral vs. iv administration of tritiated trans-D-tetrahydrocannabinol (1), excretion in feces vs. bile, intact vs. bile duct-cannulated rats, 599  
 peripheral vs central lesion, hearing loss associated with Rh incompatibility, 11455  
 postoperative stages, electrocorticogram desynchronization, low cerveau isole cats, 6413  
 section of dorsal penile nerve, mounting & intromissions & ejaculations, male rats, 492  
 simple procedure for optic nerve section, 493  
**Letters (Alphabet)**  
 context letter frequency, search time, test of U. Neisser's 3-level theory of letter recognition, 244  
 correlation functions, description of human visual letter recognition, 10247  
 feature analyzers & allocation of visual configurations to cognitive categories, discrimination learning in reading, literature review, 4257  
 feature analyzers & allocation of visual configurations to cognitive categories, discrimination learning in reading, literature review, 10371  
 identification of characters as digits or letters, implicit & explicit classification as digits vs letters, 6233  
 interstimulus interval between 2 successive letters presented simultaneously, mnemonic integration of letters into words, 265  
 letter-by-letter vs word perception, reading, 2281  
 letter-digit matrix of errors of auditory perception, 22 59 yr olds, evidence for phonemic confusion between letters & digits in short-term memory, 10218  
 letter-names, nonvisual aspects of search, college students, 8247  
 linguistic context & masking conditions, letter identification, 10348  
 pretraining in relevant vs irrelevant stimulus dimension & set size, learning multiple discriminations with letters of alphabet, 4 6 yr old girls, 5886  
 processing capacity in letter-matching task, college students & IBM employees, 10353  
 single late target letter & early multiletter display & single early target preceding later multiletter display, search reach time, college students, 10408  
 stimulus familiarity/novelty, preferences for letters vs letter-like shapes, 5 vs 10 yr olds, 10841  
 visual factors, letter vs word perception, college students, 8251  
 word length measured in syllables & letters, short-term memory, 6305  
**Leucine**  
 individual differences in excitability levels & habituation rates, incorporation of C-leucine into brain & nonbrain proteins, male rats, 10568  
 shock-avoidance training & amphetamine, incorporation of labeled uridine or leucine & cholinesterase activity during learning, snails, 6633  
**Leucocytes** (See also Lymphocytes)

dimethyltryptamine in red blood cells & plasma & platelets, normal adults vs alcoholic patients vs psychotic depressives vs schizophrenics, 3391

#### Leukemias

death of their children from leukemia, 17-hydroxycorticosteroid excretion rates, parents, 3529

leukemia of children, adaptive & maladaptive coping responses, families, 7516

mourning process, adrenocortical excretion, bereaving parents of leukemic children, 3528

**Leukocytes** (See Leucocytes)

**Leukotomy** (See Psychosurgery)

#### Levodopa

a-methyl-para-tyrosine & reserpine & levodopa induced catecholamine depletion, hyperactivity, neonatal rats, 8684

affective states & levodopa & levotryptophan, serial & free recall verbal learning, manic-depressive & unipolar depressive inpatients, 9280

amantadine & levodopa, apomorphine & dextroamphetamine induced stereotyped behavior, rats, 10660

amantadine HCl & apomorphine & levodopa & trihexyphenidyl, haloperidol-induced inhibition of conditioned-avoidance response, rats, 10662

apomorphine & levodopa & amantadine & amphetamine & caffeine & amfonelic acid & pipradrol & methylphenidate, turning behavior, mice with unilateral 7-hydroxydopamine lesions in striatum, 461

insulin-induced hypoglycemia & levodopa, secretion of growth hormone & prolactin, unipolar & bipolar depressed patients, 11311

intracerebral 6-hydroxydopamine & subsequent levodopa, behavior & brain amines, mice, 8599

levodopa & alpha-methyl-para-tyrosine, psychobiological & pharmacologic effects, manic-depressive patients, 3631

levodopa & reserpine, evoked potentials in basal ganglia, rats, 4585

levodopa &/or peripheral decarboxylase, parkinsonian patients, 5671

levodopa in 125 vs 200 vs 500 mg doses, REM sleep, normal adults vs mentally retarded adolescents, 5459

levodopa or amantadine therapy, sleep spindles, Parkinsonian patients, 9689

levodopa therapy, sensorimotor coordination, Parkinson patients, 11604

levodopa treatment, prognostic value of Rorschach test, Parkinsonian patients, 5674

levodopa, cognitive & affective & behavioral effects & results in treatment of parkinsonism, review, 1606

levodopa, depressive syndrome & EMG, parkinsonian patients, 11656

levodopa, intellectual functioning, parkinsonism patients, 11644

levodopa, intellectual potential & memory, 51 79 yr olds with Parkinson's disease, 3666

levodopa, night sleep, 47-72 yr olds with Parkinson's disease, 11633

levodopa, permanent dementia, 66-yr-old with idiopathic parkinsonism, 5688

levodopa, rectal & brain temperature, rats, 4622

levodopa, response threshold, nonschizophrenic psychiatric inpatients, 11672

levodopa, symptoms & conceptual disorganization & emotional withdrawal & excitement, schizophrenics taken off neuroleptic drugs, 5614

levodopa, REM sleep, depressed psychiatric patients, 5632

long- vs short-range levodopa treatment, cognitive-perceptual functions & depression, patients with Parkinson's disease, 11664

long-term levodopa therapy, EMG recordings of gait, Parkinsonian patients with vs without dystonia, 5613

**Liberalism (Political)** (See Political Liberalism)

**Librium** (See Chlordiazepoxide)

**Licensing (Professional)** (See Professional Licensing)

#### Life Experiences

childhood memories & history of family illnesses, choice to become doctors, medical students, 9191

ego distance & demographic & attitudinal variables, importance ratings of aspects of life, college students, 9107

environmental & demographic & prior life change variables, illness onset during combat mission, 23-yr-old to over 33-yr-old U.S. Navy aviators, 3553

essay themes in school compositions, standard of living & life experiences, black vs white South African high school students, 808

high degree of life style changes, personality & mood correlates, college students, 3156

life change vs undesirability of life events, stressfulness, heads of families, 1228

life change, susceptibility to affective illnesses, 5331

life changes & catecholamine excretion & biochemical reactions, 44 66 yr old well-rehabilitated male survivors of myocardial infarction, 3566

life changes produced by migration & subsequent acculturation, transient diabetes mellitus, case report, 9501

life events, acute depression, 5364

life experiences & interests, male homosexual vs heterosexual college students, 7389

life-change events, self-reported academic & job performance, college students, 9912

medical history & life patterns & personality traits, faith healing experiences, members of fundamentalist-pentecostal sects, 10932

memory train reestablishment through reconstructing history of self, hysteria, 24-yr-old male, 9779

number of stress-related social events experienced & when experienced, degree of psychological impairment, state mental hospital patients, 3299

parental perceptions of identical vs fraternal twins, implications for comparable life experience assumption in twin studies, 8573

personal experiences & background, internal-external beliefs, male adults, 11139

personal history data, importance for clinical judgment, clinical psychologists, 9181

personality attributes & life circumstances, mid-life career change, 31 53 yr old males seeking new careers vs those remaining in same career, 785

psychological analyses, recall of individual histories & social environments & society, college students, implications for developmental psychology, 10470

recent life changes during 6 mo prior to incident, survivors of myocardial infarction & victims of sudden coronary death, 5533

recent life changes, subsequent illness rate prediction, navy & marine corps personnel, 1201

reliability of Schedule of Recent Experiences, evaluation of relationship between life events & other variables, 2110

self-imposed restrictions vs problematic life circumstances & therapist role, personality changes, book, 1307

significant events & related life variables, institutionalized vs noninstitutionalized adolescent suicide victims, 3450

socioeconomic status & perceived health status & informal participation with nonkinsmen, life satisfaction, Ss aged 45 yrs & older, 6905

subjective perceptions, quality of life, college students, 5095

testing & measuring methods, causal link between life events & psychiatric disorders, 9245

value judgments & lifestyles & unique interactions, healthy personality, necessity for individualization in counseling focus, 9803

**Life Saving** (See Artificial Respiration)

**Light** (See Illumination)

**Liking** (See Affection)

**Limbic System** (See also Amygdaloid Body, Hippocampus)

amygdala stimulation, epileptiform activity & neural plasticity in limbic structures, rats, 4524

laterality & frequency of monaurally applied acoustic stimuli, multiple- & single-unit responses from hippocampal & amygdalar & reticular & auditory pathway nuclei, cats, 6370

limbic leucotomy, therapeutic outcomes, psychiatric patients, 11799

limbic system lesions & maintenance in open colony room, diurnal drinking, male rats, 8613

neocortical vs olfactory bulb vs limbic lesions, wood gnawing, male rats, 8633

selective destruction of afferent fibres to hypothalamus from limbic system, reproduction function, male & female rats, 6520

single & simultaneous stimulation of pairs of limbic nuclei, behavioral & motor & EKG responses, chronic cats, 4533

stereotactic limbic leucotomy, clinical & psychological & physiological outcomes, chronic psychiatric patients, 11798

stereotactic limbic leucotomy, neurophysiological aspects & operative technique, intractable psychiatric patients, 11800

**Limen** (See Thresholds)

**Linear Regression**

- linear model & validation of regression weights, attitude measurement, college students, 4109
- model for analysis of covariance structures, estimation of parameters in regression analysis, 4155
- Linguistic Analysis** (See Etymology)
- Linguistics** (See also Adjectives, Alphabets, Antonyms, Consonants, Ethnolinguistics, Etymology, Form Classes (Language), Grammar, Homographs, Inflection, Letters (Alphabet), Morphemes, Morphology (Language), Nouns, Orthography, Phonemes, Phonetics, Phonology, Phrases, Pronouns, Psycholinguistics, Semantics, Sentence Structure, Sentences, Syllables, Syntax, Transformational Generative Grammar, Verbs, Vowels, Words (Phonetic Units))
  - abstraction of linguistic ideas, replication of J. D. Bransford & J. J. Franks's experiment, 4283
  - analogy & association in linguistics, human behavior, book, 3103
  - analysis according to play & game theories, language, book, 11083
  - classification processes, reading consciousness & comprehension & meaning, 2289
  - communicative & linguistic competence during play, isolated vs not isolated culturally deprived vs middle-class 3-4 yr olds, 8880
  - conveying language by speech, 3101
  - cross cultural differences, color perception physiology & color naming linguistics, 4189
  - cross-cultural differences & linguistic factors & motivation & reliability & validity of test data from standardized tests & cross-cultural designs, children, 5958
  - developmental sentence types vs Indiana Scale of Clausal Development vs linguistic analysis of speech samples vs developmental sentence scoring methods, linguistic analysis of speech, 5-yr-old girls, 6826
  - English language habits & concomitant meaning conditioning, learning miniature linguistic systems, college students, 6273
  - exemplar sentences from linguists' articles, intuitions of grammatically-acceptability, linguistically naive college student vs non-naive graduate student native speakers, 1057
  - extra-linguistic knowledge including visually presented information & listening ability, comprehension & memory, 8325
  - hypercorrection & rule generalization, sociolinguistic considerations, 1022
  - linguistic & cognitive & affective aspects, language, 5131
  - linguistic & psychological factors, listening comprehension in language learning, 11067
  - linguistic ability, reading & listening & speaking, 3119
  - linguistic analysis approach to understanding & treatment of speech & language disorders, 9474
  - linguistic analysis, riddles, 3136
  - linguistic coding system with direct coding & punching onto cards of actual answers, implications for marketing surveys & depth interviews, 3120
  - linguistic context & masking conditions, letter identification, 10348
  - linguistic methodology principles, 1036
  - linguistic philosophical analysis of use of term comprehension" in reading methodology, 3134
  - linguistics of glossolalia, 3127
  - linguistics, reading errors, 2nd 4th graders, 3920
  - middle vs working class groups, factorial structure of written coding patterns, college students, 11102
  - national development as measured by social & economic & welfare statistics, linguistic standardization & historicity & vitality, 9068
  - negation, 11115
  - sociolinguistic patterns, book, 1038
  - structural & linguistic aspects, dreams, 11132
  - syntactic structures & linguistic models, foreign language learning, 11952
  - word-association paradigms with 2 or more stimuli, all-purpose response, college students, 11076
- Lipid Metabolism**
  - intra-hypothalamic prostaglandins, food intake, rats, prostaglandins as components of energy balance regulation, 2560
  - lipostatic mechanism, role in regulation by feeding of energy balance, normal & hyperphagic hypothalamic rats, 6548
- Lipid Metabolism Disorders** (See also Amaurotic Familial Idiocy)
- Lipids** (See also Fatty Acids, Phosphatides)
  - intra-hypothalamic prostaglandins, food intake, rats, prostaglandins as components of energy balance regulation, 2560
- Lipreading**

- sound & speechreading & fingerspelling & signs & printed words, receptive communication, deaf 4-6 yr olds, 5527
- visual cues provided by articulatory movements & recorded auditory information from frequency transposer device, judged-match imitation responses to spoken nonsense syllables, normal hearing Ss, 10199
- Lips** (Face)
  - age & socioeconomic status & health & sex, sucking of tongue & lips, very young children & adolescents, 2768

  - modal ambiguity & psychological insight, literature, 11106
  - psychoanalysis, surrealism of A. Breton, letters from Freud to Breton, 1516
  - psychoanalytic interpretation, dynamics & dilemma of violence in W. C. Williams's The Use of Force", 1053
  - reliability of episodic analysis of novels for content analysis, 11109
  - retirement behavior & theory of disengagement, application to Shakespeare's King Lear, 794
  - sense of humor & humor characteristics, children vs adults, implications for children's literature, 356
  - speed reading course, easy & difficult fiction & nonfiction, 11903
  - Sullivan's concept of meaning extravasation, Strindberg's Inferno" period from 1894-1897, 7096

summary, Kant's essays on mental illness, 11253

urgically induced trauma & fear of doctors in children, relation to Bram Stoker's novel *Dracula*, 10891

### Lithium

acute vs chronic lithium chloride injection, brain dopamine synthesis, rats, 6436

chronic lithium treatment, brain monoamine metabolism, rats, 6662

cortical spreading depression, lateralization of learned taste aversion to LiCl, rats, 494

family history, response to lithium treatment, manic-depressives, 9681

LiCl dosage & concentration & route of administration, learned taste aversions, rats, 579

lithium & other antidepressants, saliva output & body temperature & heart rate & blood pressure, female depressive patients, 11674

lithium & sodium & potassium & rubidium & cesium, aggression & adrenal enzymes, rats, 8692

lithium chloride vs dextroamphetamine sulfate, threshold of reinforcing effect of electrical self-stimulation of brain, rats, 2588

lithium chloride, differential suppression of killing & feeding, male rats, 6634

lithium chloride, memory of aversive experience, chicks, 6591

lithium clearance, diurnal variations, rats, 8747

lithium inductions, polydipsia & polyuria, 27 yr old manic depressive, literature review, 6597

lithium load, serum values of glucose & phosphate & sodium & potassium & calcium & magnesium & insulin, ambulatory inpatients with minor psychiatric disorders, 5684

lithium retention, acutely manic patients, 9635

lithium salt, cyclophrenic psychoses, 5650

lithium suppressed manias, prevention of depression, patients with endogenous affective disorders, 9671

lithium therapy, endocrine exophthalmos, manic-depressive patients, 5673

lithium treatment, EEG changes, 19 53 yr old hospitalized patients, 5635

lithium, folliculitis, patients, 9693

lithium, kidney & gastrointestinal system & thyroid & metabolism & heart & CNS, 4660

lithium, magnesium metabolism, rats, 8726

lithium, manic depression & schizophrenia, 3633

lithium, prophylaxis in bipolar illness, manic-depressives, 9700

lithium, synaptic transmission in CNS, 5668

lithium, treatment of mood disorders, 1580

manic symptoms & brain & electrolyte correlates & chlorothiazide treatment, lithium-induced diabetes insipidus, 54 yr old female, 9672

prolonged lithium administration, activity & reactivity & endurance, rats, 2641

short- & long-term lithium chloride administration, brain serotonergic biosynthetic systems, rats, 565

24 hr serum lithium level, predicting dosage requirements, 1574

### Lithium Carbonate

acute & long-term administration of lithium carbonate, EEG & seizure frequency & behavior, patients with temporal epilepsy, 1594

chemical & pharmacological aspects of lithium carbonate poisoning, 9488

lithium & amitriptyline therapy, somatosensory evoked response excitability" measures, psychiatric patients, 1620

lithium carbonate convulsive disorders, state hospitalized patients, 1578

lithium carbonate toxicity, manic-depressive psychosis treatment, 59-yr-old male, 9660

lithium carbonate treatment, manics & manic-depressive psychotics, 9690

lithium carbonate vs imipramine, prevention of affective episodes, psychiatric patients, 5660

lithium carbonate, hyperactivity, children, 1585

lithium carbonate, sleep patterns, depressed patients, 9679

lithium-induced EEG changes, lithium levels in serum & red blood cells, 19 60 yr old manic & depressive patients, 9709

lithium Ludiomil drug therapy & ECS therapy & psychosurgical interventions, depression, 1590

### Liver

human brain & hepatic antigens, reactions of peripheral lymphocytes, schizophrenic patients, 11283

individual differences in excitability levels & habituation rates, incorporation of C-leucine into brain & nonbrain proteins, male rats, 10568

### Liver Disorders (See also Hepatitis)

### Lizards

complete copulation with male vs exposure to intact male allowed to court but not to mount or intromit vs exposure to hemipenectomized male, subsequent sexual receptivity, female lizards, 8831

escape training with vs without subsequent reserpine, shock avoidance learning, collared lizards vs desert iguanas, 2585

operant conditioning, color & pattern discrimination, lizards, 6707

pupillary area & illuminance of eyes, retinal image, nocturnal gekkos & diurnal iguanas, 681

### Lobotomy (See Psychosurgery)

### Local Anesthetics (See also Cocaine, Quinine)

### Localization (Perceptual) (See Perceptual Localization)

### Localization (Sound) (See Auditory Localization)

### Locus Of Control (See Internal External Locus Of Control)

### Logic (Philosophy)

discussion of K. Twardowski's contributions to philosophy & psychology & logic & epistemology, 37

use of negation in logical description of universe, 10344

### Logical Thinking

dialectical materialism course, detection of contradictions in philosophical reasoning, college students, 7919

exclusion negation, 11116

language connective & propositional logical relationship comprehension, 2nd vs 5th vs 8th vs 11th graders vs college students, 10871

logical inference & coordination of experiences, children under 7 yrs, 724

negation, 11115

psychological problem of negatives, 11118

temporal morphemes vs verb tense opposition vs logical relations between events expressed vs sentence presentation order, understanding temporally related sentences, 6268

### Loneliness

despair & loneliness & loss, depression & failure & guilt, 3325

skid row, disaffiliation, alcoholics & other homeless individuals, book, 11345

unfilled emotional needs & matrimonial stress & loneliness & depression, shoplifting, 3448

### Long Term Memory

alcohol, immediate & short-term & long-term memory for words, medical students, 4611

being observed, short- & long-term recall, 10442

categorization process development & retrieval cue use, long-term retention, 10436

cognitive activity & auditory signal detection, short-term memory decay with vs without rehearsal & transfer to long-term storage, college students, 10477

control of degree of learning, long-term memory decay rate, 5 6 vs 7 8 vs 10 11 vs 15 16 yr olds, 10814

correlated operations, searching stored semantic categories, high school students, 2413

cycloheximide, impairment of long-term memory storage, mice, 6676

direct practice of adjunct questions, short- & long-term recall of prose, 5th & 6th graders, 2431

dual-trace & single-trace theories, short- & long-term memory, review & critical evaluation, 8468

epistemic curiosity-arousing prequestions, long-term retention, 3848

experimental & preexperimental organization, word recognition, college students, evidence for 2 storage systems in long-term memory, 2399

high vs low arousal during acquisition phase of learning, short- & long-term memory, college & graduate students, 6320

imagery vs repetition & visual vs auditory tasks, short- & long-term memory, college students, 10437

immediate recognition memory span & short-term forgetting for unfamiliar faces, normal & amnesic patients, 6333

interruption in licking during presentation of tone stimulus, long-term retention of behavioral habituation, rats, 10733

intralist intrusions & short-term recall & subjective certainty ratings & long-term memory, college students, 10443

list-length vs. serial-position effects, short-term vs. long-term free recall of complex pictures, 329

logical grammatical functions of nouns & predicate structure of verbs, encoding & long-term storage of sentences, 8456

- long- & short-term retention, talapoin monkeys, 2715
- marihuana, immediate & delayed recall & delayed recognition, male moderate marihuana users, 544
- measurement of very long-term memory, clinical & theoretical applications, 326
- meditational & paired-associate learning pretraining, long-term retention, educable mentally retarded, 5948
- memorized vs overlearned lists, serial scanning, college students, 298
- number & type of short-term memory items, long-term memory searches, 6324
- paired-associate grouping vs categorical grouping of nonsense syllables, long-term memory, graduate students, 8450
- passing word list from immediate to long-term memory, memory span, hyper- & hypothyroidian patients, 11482
- pretraining on relevant aspects of stimulus array, long-term memory improvement, children, 4836
- prior encoding, encoding & retrieval from long-term storage, college students, 199
- recognition reaction time paradigm, number of plausible search strategies in long-term memory, college students, 10450
- reverse of standard vs identical pattern distractor sequences, long-term recognition memory for auditory patterns, college students, 8459
- selective reminding, analysis of memory & learning, 9057
- serial discrimination reversal learning, subsequent long-term memory, rats, 2672
- short-term vs long-term memory, reproduction vs recognition, 6328
- simple word-list recall task, short- & long-term memory, presenile dementia patients, 9511
- state-trait anxiety & task difficulty, learning from written discourse & immediate recall & long-term memory, college students, 8388
- stimuli concreteness-imagery values, long-term retention of paired-associate lists, 6327
- strychnine sulphate & Metrazol & dextroamphetamine sulphate & caffeine citrate & nicotine alkaloid, facilitation & disruption of long-term memory store, mice, 10661
- theoretical framework for control processes, human memory, 2383
- verbal labeling & odor familiarity & instructions, long-term memory of odors, college students & faculty members, 10438
- visual & auditory presentation rates & intrusion errors in late vs early serial positions, acoustic & visual coding in primary & secondary memory, college students, 8445
- visual word presentation, long term recognition memory, 309
- Longevity (See Aged, Physiological Aging)**
- Longitudinal Studies**
- addition of benztropine to haloperidol, reversal of therapeutic effects, acute schizophrenics, longitudinal study, 7664
- adults life cycle, 18-50 yr old males, longitudinal study, 2830
- age & incarceration history & type of offense & intelligence & achievement & marital status & MMPI profile, female prisoners in 1960 vs 1970, 7376
- amount & character of staff interactions with children, educational & cognitive & linguistic & social & behavioral status change, 3-15 yr old autistic children, longitudinal study, 5788
- attitudes toward own vs. other generation & prediction of other group's attitudes, generation gap vs. faulty perceptions, 13 yr. olds & their parents, comparison with I. Goldblatt's 1957 & S. Schludermann & E. Schludermann's 1971 studies, 769
- background characteristics, change &/or stability of educational & vocational goals, college-bound & junior college & college students, longitudinal data, 11866
- Bender Gestalt Test in kindergarten, achievement & scholastic aptitude in elementary school, 9-yr study, 5911
- catecholamine output during ordinary daily work routine over 1 yr, male vs female office employees & workers, 6443
- cohort- & age-related differences in volunteering behavior, longitudinal studies of adult intelligence 7 yrs apart, 21-75 yr olds, 795
- development & psychological change, 6 12 yr olds, longitudinal study, 2775
- diurnal variations, depression, psychiatric patients, longitudinal studies, 11324
- epidemiological study of suicide in Canada between 1950 1970, suggestions for prevention, 11343
- financial status, values, business administrators, longitudinal study, 8032
- high vs lower social-economic position, consistency vs change in intelligence test scores & personality variables, longitudinal study from 7 17 yr old & 3-yr-study of 60 70 yr olds, 766
- hospitalization periods & treatment modes & prognosis & rehabilitation & patient doctor relationship, Helsinki schizophrenics 1st admitted in 1950 vs 1960 vs 1965, 1272
- hyperkinetic classification, girls vs boys followed from 2nd to 5th grade, 3282
- industrial therapy unit, inpatients treated over 4 yr period, 5591
- initial teaching alphabet, reading achievement, longitudinal study of 1st-3rd graders, 7980
- interest patterns, adolescents, longitudinal study, 10845
- inventory of social & academic & recreational activities, dimensional continuity of interests & activities, students in grades 7 & 9 & 11, longitudinal study, 10817
- longitudinal educational attitude change, freshmen enrolled in experimental living-learning program vs regular curriculum, 11872
- marital breakdown & mother's death, characteristics of motherlessness, 11-yr-olds living with fathers, longitudinal study, 2976
- maternal behavior, mental & motor & physical & behavioral development, long-term study, 2816
- mental hospital commitment trends over past 100 yrs, Chinese in California, 7263
- MMPI score changes, chronic hemodialysis patients, longitudinal study, 9516
- multiplicity of treatment services, psychosis & neurosis & mixed & prepsychosis, longitudinal case studies, 1460
- number of liberal sex references in mass media from 1950 to 1970, 3129
- periodic performance feedback, small task group performance writing papers & group feeling, college students, 7020
- personality development & achievement, children & adults, longitudinal study, 2800
- personality development from adolescence to adulthood, longitudinal study, 2802
- pre- & postpubertal personality as predictors of adult psychological functioning, longitudinal study, 2806
- prolonged sick leave & work resumption & work efficiency, patients with obsessive-phobic & cenestopathic form of asthenic neurosis & other neurosis, longitudinal analysis, 1267
- protest & following & greeting, separation behavior, 15 54 wk olds, longitudinal study, 6902
- psychoanalytical group therapy, obesity, longitudinal study, 9766
- psychodiagnostic evaluation before & after 4-yr interval without treatment, disturbed female 14 yr old previously recommended for treatment, 3587
- psychodiagnostic typology, EEG changes over 10 yr, schizophrenic patients, 7277
- psychological testing evaluation & re-evaluation, boy born with enlarged right hand & arm, 3541
- receptive-expressive developmental aphasia, girl from age 4 20 yr., 1411
- respondent retrieval bias, longitudinal surveys, 10119
- school learning & academic achievement, color vision-deficient vs normal kindergartners & 1st graders, longitudinal study, 1874
- self-rating scales, evaluation of subjective state in cross-sectional & longitudinal studies of psychopathology, 5389
- sleep patterns of urinary excretion of catecholamines, male patients with periodic catatonia, longitudinal study, 3291
- social & interpersonal maladjustments, depression, women, longitudinal study, 1274
- socialization, sexual identity, cross-cultural & longitudinal experiments, 6925
- sociocultural change, age differences in cognitive behavior, 20 80 yr olds, longitudinal study, 6912
- socioeconomic status & parental punishment & IQ & sex, aggressive behavior, 3 & 5 & 7 & 9 yr olds, longitudinal study, 2821
- strategy for retrieval of cases in longitudinal survey research, 10131
- teacher expectancy effect, achievement test performance, 2nd & 4th graders, longitudinal study, 11940
- ten-channel event recorder, compact display for long-term experiments, 6119
- thioridazine, general psychiatric hospital use, longitudinal study, 7658
- time in alcoholism treatment center, self-reported depression, jailed alcoholics, 9654
- time served & nature of offense & age, parole outcome after 1 yr., burglars, 1733
- Torrance Tests of Creative Thinking during high school & autobiographical information, prediction of adult creative achievement, gifted women vs men, longitudinal study, 5237

value adaptation to academic & industrial environments, PhD level scientists, 7-yr longitudinal study, 1942

visual perception & visual-motor coordination, reading ability, elementary school students, longitudinal study, 1879

4-day work week, worker adjustment, pharmaceutical company employees, longitudinal study, 10068

**Large Thorndike Intelligence Test**

Peabody Picture Vocabulary Test vs Slosson Intelligence Test vs Large-Thorndike Intelligence, reading achievement prediction, upper- & lower-middle class 3rd graders, 5916

**Loudness** (See also Noise Levels (Work Areas))

auditory frequencies equated for subjective loudness, responsiveness during sleep, college students, 385

auditory vs nonauditory monitoring of vocal loudness, 18 24 yr old soft-spoken women, 7098

discrimination of formant frequency transition in synthetic vowels, normal-hearing vs sensorineural loss Ss, 9492

measurement procedure, monaural loudness adaptation at suprathreshold levels, 136

noise intensity & task difficulty, target-detection performance, college students, 2187

preference for tone stimuli ordered on frequency vs amplitude, auditory transposition, college students, 8201

signal frequency amplitude processing, improvement of speech intelligibility, deaf Ss, 3568

tone durations & intensities, monaural loudness level estimates, 6173

3rd-octave clicks vs tones, cortical evoked responses, humans, 4377

9-day exposure to 80 vs 86 vs 92 vs 98 db noise, temporary & permanent threshold shifts, monaural chinchillas, 8853

**Loudness Discrimination**

para-chlorophenylalanine, auditory discrimination of low intensity tone, rats, 576

peripheral & central stimulus detection in auditory pathways, monkeys, 682

sex & individual differences, pure tone threshold & loudness judgment & pitch discrimination & annoyance of repeating stimulus, 8205

**Loudness Perception** (See also Loudness Discrimination)

capacity limitations & selective attention, loudness vs quality & loudness & quality tone recognition, college students, 2178

channel capacity for loudness of tones of different intensities, female students, 2170

electrically induced middle-ear reflex, loudness change, 15 52 yr olds, 10213

heterophonic listening condition to reduce binaural interaction, suprathreshold loudness adaptation measurement, 2179

hypnotic suggestion on loudness vs softness, stapedial reflex thresholds, normal-hearing adult females, 2540

iterative interstimulus interval schedule, loudness perception of white noise, college students, 10222

mean of energy of level-fluctuating noises, loudness perception, 130

reverberation, perception of half-loudness with speech, college students, 10231

standard tones of different frequencies, pure-tone equal-loudness judgments, high school students, 10221

suprathreshold perstimulatory loudness adaptation while minimizing binaural interaction, 2164

Thurstonian & hierarchical models for analysis of category scaling experiments, tone loudness judgment task, male 18-yr-old & female 21-yr-old, 127

tone durations & intensities, monaural loudness level estimates, 6173

**Loudness Threshold** (See Auditory Thresholds)

**Love**

affection & aggression, primates, implications for human love & anger relationships, book, 4772

balance of archetypal elements of sex & love & aggression & play, successful marriage, 2967

conjoint therapy, adolescent psychiatric patients in love, 11710

drug abuse rehabilitation program using love & psychological reconditioning, attitude change toward drugs & client's environment, 9 30 yr old drug abusers, 9682

Freudian theories of object relations & Oedipus complex, relationship to clinical observations of initial love relationships between young adults, 1077

indulging passive love which surrounds & supports individual in groups, Japanese emotion *amae*, book, 818

losses of object representations, love & suicide & melancholia, 11125

love & interpersonal interaction, book, 954

marriage partner selection criteria, criticism of romantic love, 913

milieu of love combined with firmness in household rule context, behavioral changes indicating self & other differentiation, male schizophrenic 8 yr old, 9261

sex & locus of control, romantic love, college students, 11000

**Lower Class**

birth control beliefs, family planning attitudes & behavior, lower-income mothers, 2884

brief psychotherapeutic assistance, psychiatric outpatients of low socioeconomic level, 5580

child age & social class, family conflict & dominance patterns, middle- & lower-class families with 11- or 16-yr-old sons, 10900

Children's Manifest Anxiety Scale Anxiety & Lie scale scores, lower- to lower-middle class vs upper-middle- to upper-class male vs female 3rd 8th graders, Israel, 4883

factor structure of Test Anxiety Scale for Children, lower- vs middle-class 2nd & 3rd graders, 4881

familiarization feedback, performance on Raven Coloured Progressive Matrices, lower- & middle-class kindergartners, 12033

group therapy preparation, group participation, lower class psychiatric patients, 7700

home-based educational intervention, maternal teaching behavior & child's academic achievement, low-income urban homes, 11932

individual play tutoring vs access to play props vs individual tutoring in music vs no intervention, thematic play level & creativity test performance, lower-class kindergartners, 5868

kindergarten attendance, social adjustment & Stanford Achievement Test performance, male vs female low socioeconomic class Negro vs white 2nd graders, 5917

mental health consultation program, judging effectiveness in child & family welfare agency serving lower-class population, 11785

positive vs negative vs no verbal reinforcement, task persistence, middle vs lower socioeconomic status 5th graders, 256

psychotherapy, lower-class patients in Brazilian university psychiatric clinic, 1549

race & grade level, echoic responses of standard English, black & white lower socioeconomic status 1st & 3rd & 5th graders, 9056

role-induction film, preparation for psychotherapy, lower-class patients, 9627

sentence recall task using meaningful & anomalous & random word groups, semantic & syntactic development, lower-class black & middle- & lower-class white kindergartners & 1st & 3rd graders, 6847

social mobility, GPA & self-concept & anxiety & alienation & social rejection, lower-class college students, 3924

social vs nonsocial reinforcers, discrimination learning, middle- vs lower-class 1st & 2nd graders, 2370

structured social situations & group feedback & problem-oriented discussion group, characteristics of lower-class inpatients, 7863

syncretism & faulty mastery of difficult syntax, information transmission, black vs white lower vs upper socioeconomic status 1st graders, 735

theoretical model of intelligence of A. R. Jensen, free recall of categorized & uncategorized lists, lower-class & middle-class black 5th graders, 10829

verbal reinforcement & praise vs piece of candy, discrimination learning, middle- vs working-class 1st graders, 5870

**Lower Class Attitudes**

evolution of moral concepts, proletarian vs middle-class 6 7 & 9 11 yr olds, 10843

health importance & priorities, nurses vs low-income mothers of high-risk infants, 3276

**Lower Income Level**

ethnicity & ethnic differences, mental health profession, lower-middle-class ethnic populations, book, 3742

manifest anxiety, rural Appalachian low socioeconomic level male vs female 5th & 6th graders, cross-cultural analysis, 6951

participation of lower income & minority groups, development of alternatives to public welfare, 1469

peer characteristics, academic performance, low-income preschoolers, 1881

sensory deprivation prevention program, low socioeconomic level preschoolers, 3868

social networks & deviance in behavioral & normative conjugal role definitions, lower class incest vs wife beating vs nonsupport offenders, 1359

teacher political consciousness, student social & cognitive development, black teachers & 2nd graders in low-income urban elementary school, 3840

Torrance Test of Creative Thinking & non-test indicators, creative talent, low income & ethnically different children, 1122

Wechsler Preschool & Primary Scale of Intelligence & Rutgers & Goodenough & Goodenough-Harris IQ scores, lower socioeconomic black 3-5 yr olds, 9964

**Loyalty**  
brand loyalty vs repeat purchasing behavior, 6-9 yr old children, 9999

**LSD (Drug)** (See Lysergic Acid Diethylamide)

**Lumbar Spinal Cord**  
interpositus & red nuclei stimulation, evoked postsynaptic effects in lumbar motor neurons, monkeys, 4530

**Lumbrosacral Plexus** (See Spinal Nerves)

**Luminance** (See Illumination)

**Luminance Threshold** (See Brightness Perception, Visual Thresholds)

**Lung Disorders** (See also Pulmonary Tuberculosis)

**Lying** (See Deception)

**Lymphatic Disorders** (See Blood and Lymphatic Disorders)

**Lymphocytes**  
human brain & hepatic antigens, reactions of peripheral lymphocytes, schizophrenic patients, 11283  
microfluorometric analysis, spontaneous activation of lymphocytes, schizophrenics, 3352  
short-lived lymphocyte culture ultrastructure in peripheral blood, schizophrenics, 11240

**Lysergic Acid Diethylamide**  
aversive conditioning & systematic desensitization, adolescent habitual amphetamine users & phobias developed subsequent to adverse LSD reactions, 1686  
family history & peak of syndrome & symptom severity, LSD psychosis vs schizophrenia, 9279  
initial LSD experience, personal impressions, 8672  
low- vs high-dose LSD exposure vs conventional group therapy, short-term effects on performance scores on personality inventories, patients with neurotic disorders, 11647  
LSD & dipropyltryptamine assisted psychotherapy, emotional & physical distress, terminal cancer patients, 9658  
LSD & mescaline & dextro- & levoamphetamine & cocaine & morphine, audiogenic seizure susceptibility, mice, 4566  
LSD & p-chlorophenylalanine & reserpine, uptake & retention of brain 5-hydroxytryptamine in vivo & in vitro, rats, 6683  
LSD & psychedellic drug use, college students, 866  
LSD as adjunct to psychotherapy, favorable reports, 9634  
LSD exploratory behavior & locomotion, rats, 10674  
LSD psychotherapy, heroin addicts, 3661  
LSD treatment, alcoholics, comparative review of methodologies & findings, 1555  
LSD-25, enzymatic system activity in brain tissue & internal organs, rats, 10657  
LSD, human chromosomes & human development in utero, 598  
LSD, saccadic control system, 4630  
LSD, social roles & clinical effects & usefulness, 8740  
LSD, time-limited psychotherapy, psychosomatic & nonpsychotic psychiatric inpatients, 11677  
nonmedical use of cannabis & LSD & mescaline & amphetamines & barbiturates, medical students in 1970 & 1972, 2915  
observations from LSD research, theoretical & empirical basis of transpersonal psychology & psychotherapy, 5585  
parental use of LSD, physical & mental & motor development, infants, 6610  
perceived availability of drug in school, abuse of marijuana & LSD & barbiturates & amphetamine, junior high & high school students, 8990  
personalities as measured by MMPI, LSD users vs. nonusers, 1093  
systematic desensitization, spontaneous recurrences of LSD flashback effects, case study, 1670  
understanding of self & others & acceptance of societal values, use of LSD, 16-28 yr old users vs nonusers, 6973

**Magazines**  
power vs achievement motivation in comic stories, Panamanian magazines, implications for economic development, 7102

**Magical Thinking**  
integration of psychoanalytic & anthropological theory, thought processes in art of magic, 10339

perception of differences between pretense & reality & adaptive use of pretending to deal with anxiety, borderline psychotic 6-yr-old boy, 11335

socioeconomic & psychological underdevelopment, growth of magic-religious community, 4955

witchcraft vs rootwork magical thinking, behavior disturbances, Liberians vs black Americans, 9428

**Magnesium**  
hypomagnesemia & respiratory alkalosis, genesis of alcohol withdrawal symptoms, 6677  
intraindividual variability, circadian rhythm of urinary magnesium, men & women, 4806  
lithium load, serum values of glucose & phosphate & sodium & potassium & calcium & magnesium & insulin, ambulatory inpatients with minor psychiatric disorders, 5684  
lithium, magnesium metabolism, rats, 8726

**Malds** (See Domestic Service Personnel)

**Major Tranquillizers** (See Neuroleptic Drugs)

**Maladjustment (Emotional)** (See Emotional Adjustment)

**Maladjustment (Social)** (See Social Adjustment)

**Malaria**  
malaria with & without environmental stress, psychotic episode, psychiatric patients in Liberia, 9351

**Male Animals**  
anosmia & rearing with female littermates vs social isolation, development of sexual behavior, male rats, 10796  
body weight & size & pigmentation of lateral flank glands, social interaction & rank, male hamsters, 10780  
castration & replacement therapy with testosterone propionate, sexual behavior, adult male monkeys, 4453  
dexamethasone induced suppression of adrenal hormone secretion, incubation behavior, male ring doves, 4656  
female vaginal discharge, sexual activity, male hamsters, 10790  
gonadal hormones, incubation behavior, male ring doves, 4657  
imipramine, copulatory behavior, male rats, 10680  
naturally voided urine vs urine collected directly from bladders of males & females, source & stability of attractive components in urine, sexually experienced male guinea pigs, 4800  
persistent failure to mate, deficit in sexual behavior, male rats, 676  
pituitary adrenocortical activity, intermale aggressiveness, isolated mice, 8587  
resident-intruder paradigm as measure of environmental adaptation, homosexual mounting behavior, male rats, 8846  
testosterone propionate implants in brain, sexual behavior & peripheral tissue, male rats, 8634  
testosterone propionate vs. estradiol benzoate after postnatal Day 10, precocious mating without vs effects on sexual clasping or ambulation, male rats, 530  
testosterone, sexual behavior, male primates, 4782

**Male Castration**  
aggressive behavior toward intruders, isolated intact vs castrated male hamsters, 504  
biological odors in gerbil-inhabited & uninhabited areas, preference for odor, normal & bulbectomized & enucleated & castrated male gerbils, 6510  
castration & androgen & estrogen treatment, sexual behavior development, male hamsters, 8581  
castration & blindness & anosmia, social reactivity, male gerbils, 2563  
castration & hormone replacement, mediation of mating induced increases in accessory reproductive organ size, male rats, 459  
castration & replacement therapy with testosterone propionate, sexual behavior, adult male monkeys, 4453  
castration, long-range effects on copulatory behavior, male rats, 10631  
estradiol benzoate vs dihydrotestosterone propionate vs testosterone propionate, copulatory behavior, castrated male rats, 6590  
estrogen & progesterone, sleep patterns, male rats gonadectomized at birth vs in adulthood, 8682  
gonadectomy & goldthiogluconate injections, sex differences in body weight, mice, 10603  
gonadectomy, sex differences in dietary self-selection patterns & carcass composition, rats, 8637  
heterozygosity, retention of ejaculatory reflex, castrated mice, 8576  
sexual variables, shock-elicited aggression, rats, 454

**Male Criminals**  
attitudes towards family & parents & authority, male vs female criminals, 7414

auditory stimulation & psychopathy, skin conductance & finger pulse volumes, male criminals, 7409  
 family & social & demographic characteristics & antisocial behaviors & psychological dimensions, white & black male & female penitentiary inmates, 9422  
 WAIS characteristics, males indicted for capital offense, 3403  
**Male Delinquents**  
 achievement motivation, male delinquents, 5448  
 attitudes toward criminal justice system, 12-16 yr old male probationers vs junior and senior high school students, 11384  
 client-centered group therapy, adjustment to correctional institution, delinquent male 18-20 yr olds in public reform school, 3703  
 concept familiarization vs stimulus enhancement, verbal abstracting, 15-18 yr old institutionalized cultural-familial retarded delinquent males, 7476  
 dependency conflict & sex-role identity, alcohol involvement, convicted delinquent boys whose misbehavior was accompanied by alcohol, 1317  
 group counseling, male juvenile delinquents, 5764  
 habituation & over-extinction of GSR component of orienting response, antisocial male delinquents, use of H. C. Quay's hypothesis, 5443  
 home environment & parental rejection, personal & social adjustment, schizophrenics & male juvenile delinquents, Chile, 7344  
 money & moral set, moral judgment, male juvenile delinquents, 5426  
 movement through orientation & exploration & production phases, group development, delinquent boys in groups with open vs closed membership, 5409  
 neuropsychological & psychometric measures, male juvenile delinquents referred vs not referred to court, 3408  
 painting interpretations & complex model car building & maturity level, increasing verbal & conceptual vocabularies in remedial reading program, delinquent 14-16 yr old boys, 3935  
 racial differences & anomie, attitudes towards police & probation & courts, 14-yr-old black & white male delinquents, 3094  
 rejection-hostility & acceptance-care dimensions, perceived parental style of education, male juvenile delinquents, 11350  
 remedial training program using drama & video films, role-taking skills, 11-13 yr old chronically delinquent males vs nondelinquents, 5776  
 Rorschach animal content, predicting overt aggressive behavior, 12-15 yr old male delinquents, 5451  
 self-report index of norm-violating behavior, time perceptions, male delinquents, 3415  
 significant moral conduct & parental antecedents, moral judgments, 14-16 yr old male delinquents vs nondelinquents & their mothers, 5413  
 social & biographical determinants, aggressive behavior, male juvenile delinquents & prisoners serving life sentences, 5442  
 social class, juvenile delinquency, male adolescents, 7369  
 tape recorded vs booklet MMPI administration, delinquent boys, 3414  
 verbal praise vs attitude agreement vs objective correctness, recall of early childhood memories, 14-17 yr old male delinquents, 11721  
**Male Genital Disorders** (See also Klinefelter Syndrome)  
**Male Genitalia** (See also Penis, Prostate)  
 castration & hormone replacement, mediation of mating induced increases in accessory reproductive organ size, male rats, 459  
 section of dorsal penile nerve, mounting & intromissions & ejaculations, male rats, 492  
**Male Homosexuality**  
 adjustment to aging, male homosexuals over 50 yrs old, 7368  
 drawing & painting, self-satisfaction & expression of desire to be woman, 22-yr-old male with intense homosexual & transvestite tendencies, 9395  
 dreams & associations portraying fantasy related to mother & other women, homosexual behavior, male in analysis, 9764  
 Egyptian mythology, anal intercourse as submissive behavior, 8921  
 exposure to male & female nude films, penile volume & GSR, transsexuals & homosexuals, 11346  
 fading of images of nude males with superimposed nude females, heterosexual responsiveness, male homosexuals, 11688  
 fixed role therapy & repertory grids, social anxiety, 19-yr-old male homosexual, 11585  
 life experiences & interests, male homosexual vs heterosexual college students, 7389  
 male & female homosexuality, book, 1358

masochism, male homosexuality, examination of M. Holroyd's Lytton Strachey: A Critical Biography, 1356  
 parental relationships & early social experiences, young activist male homosexuals & heterosexuals, 9420  
 subliminal exposures to incest & symbiosis stimuli, psychoanalytic dynamic propositions, male homosexuals & heterosexuals, 5444  
**Male Orgasm** (See also Premature Ejaculation)  
 heterozygosity, retention of ejaculatory reflex, castrated mice, 8576  
**Males (Human)** (See Human Males)  
**Malingering**  
 instructions to simulate stability & neuroticism on Junior Eysenck Personality Inventory, discrimination of lie & malingering scales, 12-16 yr olds, Ireland, 3201  
**Malnutrition** (See Nutritional Deficiencies)  
**Mammals** (See also Baboons, Bats, Cats, Cattle, Chimpanzees, Chinchillas, Deer, Dogs, Dolphins, Gerbils, Goats, Gorillas, Guinea Pigs, Hamsters, Kangaroos, Lemurs, Mice, Monkeys, Norway Rats, Opossums, Pigs, Primates (Nonhuman), Rabbits, Rats, Rodents, Sheep, Squirrels, Wolves)  
 ion concentration changes in extracellular space of mammalian brain, review of A. L. Hodgkin & A. F. Huxley's nerve theory, 4344  
 locomotion & activity rhythms & nesting & feeding & sexual patterns, mammals, 4683  
 rearing in captivity, species-specific behavior patterns & time of appearance in ontogeny, male antelopes, 10715  
 scent marking, territorial & aggressive behavior, mammals, literature review, 10785  
 sleep behavior, electrographic correlates, armadillos, 392  
 structural & functional organization, ventrobasal complex, mammals, 2546  
 total cerebellectomy, hanging & climbing functions, raccoons & sloths, 501  
 24-hr periodicity, social behavior, free-ranging gazelles, 10795  
**Mammillary Bodies (Hypothalamic)** (See Hypothalamus)  
**Man Machine Systems**  
 analysis of operator intellectual activity, man-machine systems operations, implications for apprenticeship planning, 8075  
 application of decomposition rules, Bayesian man-machine diagnostic inference systems, 10107  
 central-composite design regression equations, predictive validity for single operator performance in simulated surveillance system, college students, 6076  
 data & principles & design practices for human engineering, equipment design, book of selected readings, 2038  
 design & construction of digital computer interfaces & ways to facilitate check-out & integration into computer system, 2071  
 evaluation criteria, teaching machine systems, 1834  
 factor in analysis & design & management, sociotechnical systems, book, 4985  
 grouping patterns in visual perception, choice reaction task performance, implications for man machine systems, 8242  
 human control capabilities in closed loop control system, 12133  
 learning on Course Assembly System & Tutorial Environment, exemplification of theory of conversation, 10104  
 learning process involving adaptive linear threshold logic elements, selective bootstrap adaptation & application to playing blackjack, 10142  
 machine-controlled set-pace system, heart rate & performance time & GSR, slow- vs fast-paced industrial workers, 4421  
 model of human decision maker's behavior, predicting future states of discrete linear dynamic systems, 10396  
 models of man within systems & environments in retrospect & prospect, 6068  
 new learning model, memorizing input pattern by learning process, 10388  
 personnel requirements & qualifications, computer programmers & program analysts & operators & technicians, 4014  
 response surface methodology central-composite design modifications, human performance research, 6065  
 system parameters, semiautomatic radar surveillance performance prediction, college students, 6070  
**Man Machine Systems Design**  
 aircraft windshield design factors, visual performance, pilots, 6069  
 collapsed vs uncanceled within-Subject designs, prediction & cross-validation of video cartographic symbol location performance with black & white vs color TV monitors, Army officer cadets, 6077

- combined manual & decision task, subtask performance time, college students, 12058  
 computer-based model of consumer attitudes, transportation systems, 12051  
 ergonomics for artillery computer, 12124  
 evaluation of variables influencing efficiency of hierarchical decision-making for information retrieval, college student naive searchers, implications for system design, 6066  
 factor in analysis & design & management, sociotechnical systems, book, 4985  
 learning curve models, managerial control systems, 4064  
 minicomputer controller for behavioral primate laboratory, 2042  
 modern control theory, design of control & display dynamics on man-machine interface, 8074  
 modulation transfer function area, prediction of relative information extraction performance for photographic image quality, use for electro-optical systems design compatible with O's visual capabilities, 8081  
 quantitative modeling of human performance, general information system development, 6064  
 size & cost & capabilities, computer design & development, 2075  
 tactical display of aircraft instruments, 2037  
**Management Decision Making**  
 actions during effective & ineffective incidents, line managers & staff managers, 2014  
 administrative decisions of public hospital officials, treatment policy in psychiatric cases, clinicians, 1776  
 assessment of college organizational climate with respect to student input to decision making, 7886  
 competency & attitude similarity, interview decisions regarding job recommendations & salaries, college students, 1952  
 computer-assisted discussions, group decisions on promotion standards, personnel advisors, 10043  
 educational & more vs. less urban background & job performance & absenteeism & turnover & community size, participation in decision making vs. job involvement, manufacturing company employees, 2006  
 GPA during 2nd yr of graduate study & managerial orientation interests & decision making & ascendance & background survey scores & personnel interests, high earning MBAs in small & large companies, follow-up study 5 yrs after graduation, 2013  
 individual decisions vs 3- vs 4-person discussion groups, decision-making concerning promotion, 2015  
 managerial behavior, international personnel selection decision process, upper-middle-level, production & general management personnel, 4055  
 multilevel organization design, assessment of supervisory & managerial job position & skill evaluation, book, 2010  
 present & future programed vs nonprogramed decision-making, management personnel, 4046  
 prior commitment, value of group problem-solving decisions, middle management personnel, 2016  
 satisfaction with influence on teaching vs institutional role-related decisions, college professors, 7884  
 subordinate's authoritarianism & need for independence, participation in appraisal interviews, 10050  
 validity & reliability & intercorrelations, leadership behavior measures, 2022  
**Management Methods**  
 actions during effective & ineffective incidents, line managers & staff managers, 2014  
 advances in quantitative areas, management science & personnel management, 8067  
 assessment of quality & acceptance dimensions of managerial problems, problem-solving effectiveness of groups & individuals, supervisors in basic management course, 2018  
 attitudinal & behavioral & structural changes, accomplishing organizational objectives, 10096  
 behavioral technology, humanization in management practices, 6054  
 birth order, managerial achievement, middle managers, 10081  
 cross-cultural differences, management methods & personnel attitude changes during past 5 yrs, book of selected readings, 8066  
 establishment-oriented silent majority vs group-centered counter culture vs destandardized men, management styles & methods, 8065  
 group training, group dynamics & problem solving skills for management in human relations, middle & senior managers, 10040  
 human relations training, classification of simulated supervisory problems, business students, 2019  
 learning curve models, managerial control systems, 4064  
 managerial style & adapting to change & interpersonal skills & setting objectives & measurement, management by objectives, 10087  
 Minnesota Job Description Questionnaire, occupational reinforcer patterns, vocational rehabilitation counselors & supervisor, 1740  
 openness & secrecy, accuracy of salary estimates & job satisfaction, replication of E. Lawler's study, 4027  
 organicity of management system, perceived role performance, university & college faculty, 4053  
 organization development training & measurable objective development & experimental program design within organizational goals & comprehensive information system development, improvement of probation service, 5809  
 Perceptive Management System, job satisfaction, employees, 4021  
 progression training approach to management by objectives, public utility middle management, 10083  
 punishment, organizational behavior modification, 6056  
 research data collection vs intervention, intergroup conflict & management, 4045  
 research vs intervention in labor-management conflict & author background, response to B. Brown & F. Friedlander's criticism, 4044  
 research vs intervention in labor-management conflicts, comments on R. J. Lewicki & C. P. Alderfer's study, 4039  
 research vs intervention in labor-management relationship, critical comments on R. J. Lewicki & C. P. Alderfer's study, 4035  
 semantic differential technique, attitudes toward management activities, shift bosses from gold mines, 8068  
 supervisors' attitudes & leadership, subordinates' job performance, office managers & female secretarial & clerical workers, 1986  
 task analysis & assignment significance & correspondence between supervisor's & employee's task perception, guidelines for supervisors making work assignments, 8063  
 training methods effectiveness for achieving training objectives, survey of training directors, 1956  
**Management Personnel** (See also Middle Level Managers, Top Level Managers)  
 actions during effective & ineffective incidents, line managers & staff managers, 2014  
 age & education & managerial rank & self-confidence & frustration-contentment & extraversion & neuroticism, readiness to accept change & attitudes toward change in promotions policy, managers, 10094  
 age, job performance motivation, managers, 1991  
 assessment of quality & acceptance dimensions of managerial problems, problem-solving effectiveness of groups & individuals, supervisors in basic management course, 2018  
 attitudes toward hiring ex-convicts, management personnel, 12112  
 attitudes toward hospital merger, management & operative employees & physicians, 10099  
 attitudes toward industrial psychology & testing, male union members & college students & managers & supervisors & laborers, 12055  
 attitudes toward mental hospital rehabilitation program, work supervisors, 7854  
 belief in internal vs external control, job satisfaction & strain & mobility, managers, 4019

- college students, test of C. L. Hull's reactive inhibition concept, 8301
- distribution of practice & forced guidance, sequential information-processing, college students, 2312
- distribution of trials, nonmonotonic effect in learning & retention of discrimination problems, retarded 12-26 yr olds, 1401
- massed & distributed item repetition, recognition in verbal discrimination learning, college students, 8429
- Mate Swapping** (See Extramarital Intercourse)
- Maternal Behavior (Animal)** (See Animal Maternal Behavior)
- Maternal Behavior (Human)** (See Mother-Child Relations)
- Mates (Humans)** (See Spouses)
- Mathematical Ability**
- ability to work with elementary mathematical systems, 7-17 yr olds, 4844
- concept identification & mathematics-verbal aptitude & perceptual-motor skills performance & values, right- vs left-eye moving college students, 2248
- experimental form of Mathematics Self-concept Scale, relationship with demographic-biographical & cognitive & affective measures, middle-class 7th graders, 5980
- family & social background, solving simple arithmetical problems on perceptual or imaginal level, 4-7 yr olds, 2313
- sex & test anxiety & mathematical aptitude & sociability & achievement motivation & flexibility & attitude & dominance, computer-assisted-instruction performance, college students, 3869
- Mathematical Modeling**
- algorithmic mathematical model including subjective factor, process of object classification on radar screen, radar operators, 8053
- error probability model, time limited tests, 6132
- general model, orthogonal complexes maximally related to several sets of correlated arrays, applicability to test development, 4134
- genotypical model, vigilance & tracking, humans, 4161
- inferential statistical models, research in behavior modification in educational settings, 8132
- information processing & retrieval & sensory processing, development of quantitative model of visual recognition & detection process, 189
- information processing model, visual & tactile reading, blind female, 11501
- latent probability models, attitude & behavior processes, book, 10981
- latent trait model for multiple-choice situation on dichotomous response level, comment on A. Birnbaum's 3-parameter logistic model, 4146
- manner vs method vs algorithm, way of executing mental process, 6265
- Markov chain & 2-party version of Bush-Mosteller linear operator learning models, prediction of cooperation & agreement in 2-party bargaining, 2974
- mathematical model for computer analysis, operant conditioning, 2380
- mathematical modeling, nasopharyngeal phase reversal of cerebral evoked potentials, theoretical dipole implications, 2505
- mathematical modeling, politics, book of readings, 8919
- mathematical modeling, significance & role in psychology, 4140
- mathematical models, experimental psychology, 73
- mathematical models, role in formulating & testing quantitative need for undergraduate psychology education in mathematical psychology, 67
- mathematical theory, optical illusions & figural aftereffects, 8284
- mathematical-deductive schema for paradigm comparison, stimuli use to measure S vs S use to measure stimuli, 87
- model of system capable of assimilating probabilistic features of environment & making probabilistic predictions on basis of accumulated experiences, 6148
- neuronal population model, spatio-temporal evoked EEG, 2478
- personality traits, consumer decision making model, college students, 9990
- pitch perception, mathematical pattern-transformation model, 10233
- random order vs constant difficulty models, discrimination reaction time, 2130
- rules of inference, epistemic mathematical logic modeling of cognitive psychology, 6150
- simulation model development, dynamic thinking process in solving verbal analogies, 10387
- simultaneous scaling of stimuli & Ss, probabilistic unfolding model, 4150
- Uncertain Trace & Linear Trace-Decay models, delayed-reaction maze, rats, 10758
- Mathematics (Concepts)** (See also Algorithms, Numbers (Numerals))
- ability to work with elementary mathematical systems, 7-17 yr olds, 4844
- developmental aspects of solutions to task based on mathematical 3 group & concrete operational thought, 6 & 8 & 10 yr olds, 10879
- educational materials, teaching mathematics fractions, blind 1st-4th graders, 11982
- Graph's Games, communication of mathematical concepts, young children, 11894
- mathematical analysis, relational problems, 4141
- presentation order of operation symbol & digits, mental arithmetic performance, college & graduate students, 10346
- production system for counting & subitizing & adding, 8094
- susceptibility to coaching, formats for mathematics test, high school students, 12007
- traditional systematic vs accelerated massed desensitization vs management anxiety training, mathematics anxiety, college students, 3713
- Mathematics Achievement**
- autosomal-recessive inheritance, achievements in mathematics, 10598
- Bender Visual Motor Gestalt Test performance, reading & arithmetic achievement, 9-15 yr old retardates, 7990
- class size, mathematics achievement, 4th graders, 1876
- creativity, arithmetic achievement, elementary school students, 9924
- generative problematic field, arithmetic problem solving, 1st & 2nd graders, 9931
- instructional strategies using combinations of exemplification & characterization moves vs. exemplification moves only, mathematical concept learning, college students, 1866
- music listening as reward, mathematics performance, black 6th graders, 9894
- passive- vs active- vs no-feedback conditions in computer-assisted arithmetic instruction system, mathematics achievement, junior high school students, 7936
- per capita educational expenditure, reading & arithmetic achievement & IQ scores, 4th & 8th & 12th graders, 9932
- psychosocial adjustment, mathematics performance, 7th graders, 3912
- reading & spelling & arithmetic & verbal achievement, 6-13-yr-old Seminole Indians, 5908
- success failure treatment & test anxiety, mathematics performance, 8th graders, 1887
- validation of learning hierarchies for sequencing mathematical tasks in 4th 6th graders, 1847
- visual imagery, elementary mathematics, 9921
- vocational maturity & educational levels & IQ & verbal & nonverbal abilities & reading & mathematics achievement, perception of occupational prestige, 9th 12th graders, 8018
- Mathematics Education**
- distal mathematics program, communication skills, poor-risk kindergartners, 7911
- mathematical models, role in formulating & testing quantitative need for undergraduate psychology education in mathematical psychology, 67
- mathematics education using structural apparatus vs traditional teaching methods, spatial ability, English primary & secondary school students, 5862
- normative reliability & validity, Mathematics Anxiety Rating Scale, possible use for therapists, 3290
- perception of cross sections of solid planes, 6th vs 8th vs 10th graders, instructional implications, 1825
- teaching use of computer-based Teletype as calculator to solve arithmetic problems, 5th & 6th graders, 3864
- undergraduate & graduate statistics course evaluation, University of Paris, 11895
- validation of learning hierarchies for sequencing mathematical tasks in 4th 6th graders, 1847
- Mating Behavior (Animal)** (See Animal Mating Behavior)
- Matriculation** (See School Enrollment)
- Maturation** (See Human Development)
- Maturity (Emotional)** (See Emotional Maturity)
- Maxilla** (See Jaw)
- Maze Learning**
- age & temperament, maze performance under speed & accuracy stress, 8364

- age differences, error goal-gradients during spatial t-maze training, mature-young vs aged rats, 622
- alternatives per choice point in verbal maze, acquisition & retention under recognition vs serial recall vs cued serial recall conditions, college students, 2426
- chronic posttrial saline injections, maze performance, rats, 8699
- cold temperature exposure, retention of t maze avoidance response, cockroaches, 4749
- disulfoton poisoning, maze performance, rats, 6600
- early lateralization dependent on E's degree of practice, acquisition of false laterality orientation in t maze, rats, 615
- ECS induced amnesia, cue-dependent maze learning, rats, 6549
- experimental design, free- vs forced-trial alternation at 2 interchoice intervals, rats, 639
- experimentally induced hyperlysinemia caused by lysine administered during gestation &/or nursing &/or postweaning, maze learning & retention, mice, 8762
- forced right turns & subsequent choice point behavior in T mazes, reactive inhibition, goldfish, 2697
- free access vs clear plastic door as barrier, relearning t-maze performance with new starting position, rats with hippocampal lesions, 472
- frontopolar lesions, Dashiell maze responses, rats, 10629
- hippocampal & amygdaloid lesions, place & response learning on elevated cross-maze, rats, 8651
- levoasparaginase, retention of maze learning, mice, 4604
- maze learning, chickens & rats with vs without metabolic disorders, 6738
- memory & arousal & cue factors, developmental changes in spontaneous alternation, rats, 6709
- N-methyl-4-piperidyl cyclopentyl methylethynyl glycolate, choice direction in t-maze, rats, 8756
- neonatal sodium levothyroxine stimulation, motor performance & physical growth & maze & avoidance learning, rats, 6604
- pemoline, enhancement of maze performance, rats, 4648
- physostigmine, acquisition of t-maze position discrimination, rats, 542
- REM sleep deprivation, aggressive behavior & maze learning, rats, 2558
- reward delay 15 mins after response, t-maze learning, rats, 4738
- scopolamine vs physostigmine, delayed response in t maze reversal learning set tested at several intervals, male mice, 8673
- shuttle-box vs y-maze avoidance, value of multiple response measures in interpreting active-avoidance performance, rats, 4697
- single-gene mutations, avoidance & maze & wheel running & exploratory behavior, mice, 644
- spatial reversal learning in t-maze, rats vs gerbils, 10728
- spontaneous alternation, adult rabbits, 6723
- strain differences, superior performance in maze learning, male rats, contribution to C. P. Stone's study, 10593
- stress, maze learning, 11 13 yr old high & low test anxious children, 10392
- t-maze goal arm novelty value, spontaneous alternation, infant vs adult rats, 6708
- toy assortment & company of other rats vs individual compartments without toys & maze testing after age 509 days, brain weight & cerebral dimension changes, rats, 6376
- turn preference, discriminated t-maze training ability development, 7- vs 9- vs 11- vs 13-day-old mice, 2710
- Uncertain Trace & Linear Trace-Decay models, delayed-reaction t maze, rats, 10758
- Mazes** (See also T Mazes)
- Meal times** (See Feeding Practices)
- Mean**
- logic of analysis of variance in relation to predictions & evaluations of interaction means, discussion of H. S. Cutter & F. Heilizer's article, 2115
- statistical methods, finding mean between correlations, 6149
- Meaning** (See also Verbal Meaning, Word Meaning)
- clinical factor analytic method for inferring construct meaning in personality measures, 5213
- dimensions of personality & meaning, self-ratings of personality, nurses, 5200
- modal ambiguity & psychological insight, literature, 11106
- variation in brow & mouth & nose & eye height & eye shape, ratings of schematic faces on meaningfulness & meaning, college students, 8262
- Meaningfulness**
- classification of phrases which sound as if they made sense vs phrases which do not sound correct, college students, disconfirmation of phonemic stage hypothesis for reading, 2298
- degree of concreteness & meaningfulness & visual & verbal interference, sentence comprehension, college students, 9069
- intervening task level & stimulus meaningfulness & interpretation interval, spacing effect, confirmation of R. A. Bjork & T. W. Allen's finding, 287
- intralist similarity & meaningfulness, transfer in paired-associate learning, college students, support for W. F. Battig's & E. Martin's encoding variability hypothesis, 4272
- list length & delay vs meaningfulness & delay, primary vs recency effect in short-term memory, investigation of M. Glanzer & A. Cunitz's thesis on storage mechanisms in free recall, 327
- meaningful & meaningless sentences, identification of emotional mood in speech, normal & low-verbal aphasics, 7540
- meaningfulness & picture detail & presentation mode, visual retention of information presented on slides, 3106
- meaningfulness of dissyllables, acquisition & clustering in multiple-trial free recall, college students, 6330
- reinforcement value as affective dimension of meaningfulness based on likability ratings, associative learning of designs with consonant-vowel-consonant trigrams & faces with names, high school & college students, 275
- reinforcement vs association value as affective dimension of meaningfulness, personality-related verbal learning, 4277
- scaling meaningfulness of trigrams, paired-associate learning, normal children & retardates, 7432
- variation in brow & mouth & nose & eye height & eye shape, ratings of schematic faces on meaningfulness & meaning, college students, 8262
- word imagery vs meaningfulness, stimulus-independent vs -dependent thought production rate, college students, 8411
- word meaningfulness dimensions of association & reinforcement value, verbal learning styles & paired-associate performance, black vs white female junior college students, 2358
- Measurement** (See Also Related Terms)
- age differences & intelligence, Trail Making Test performance, 15
- 64 yr old brain-damaged vs normal Ss, 3509
- apparatus, continuous measurement of subjective changes in stimulus intensity using finger span, 2134
- application of necessity of eye movement measures, 8031
- application of LINC-8 computer, processing of eye movement records from 16-mm cine film input sources, 2223
- auditory rhythmic stimuli, space-time characteristics of motor responses assessment, 8312
- baseline probe technique, monitoring of visual discrimination test responses, 24 63 yr old aphasics, 11413
- cage on pneumatic system, recording animal activity, 8798
- children's version of Khatena Test of Onomatopoeia & Images, personal vs direct vs symbolic vs fantasy analogy & simple vs complex image patterns, male vs female 3rd 12th graders, 4853
- Choice Dilemmas Questionnaire & Behavior Prediction Scale transcribed into Hindi, risk-taking measurement, male college students in India, 360
- code elaboration measure for written language, 11100
- Correctional Institutions Environment Scale, assessment of social climates in correctional institutions, usefulness to institutional administrators, 1783
- data matrix system, recording individualized behavior data in token economy programs, psychiatric patients, 1773
- Delphi group opinion technique, predicting human mortality from trauma to liver, goats & baboons, 3548
- drug dose & measurement technique, individual differences in acquisition of cyclophosphamide-induced aversion to saccharin flavored water, rats, implications for aversion therapy of alcoholism, 8693
- empirical tests of N. King's 2-factor theories of job satisfaction made by C. Hulin & L. Waters & test validity, male vs female insurance company employees, 4031
- external vs internal constraints as measured in type of delinquency proneness scale proposed by Reckless & Dinitz, juvenile delinquency prediction, 7391
- factor analysis & J. L. Holland's personality typology, measurement of characteristics of college environments, Japan, 5851
- factor analysis, evaluation of college teaching behaviors instrument, college students vs faculty, 7997
- film analysis vs Baby-Spin<sup>®</sup> apparatus, motor development measurement, mother-reared monkey neonates, 6685

- future development procedure & construct validation, formal construct validation models vs. ultimate & multiple & general criterion models, 75
- hand scoring of electrocardiogram intervals, apparatus, 6395
- increased sensitivity & manufacturer cost reduction, modification of M. Lewis & L. Wilson infant stabilimeter, 2764
- inexpensive circuit for recording mean heart-rate, rats, 6473
- intracarotid sodium amyltal testing, determination of cerebral dominance, stutterers, 11423
- item analysis of Family Relations Test data, 8907
- item analysis research form development, measurement of cognitive vocational maturity, 10049
- Kelly-Tharp Marriage Role Questionnaire vs Barrett-Lennard Relationship Inventory, discriminating dimensions of marital disturbance, married couples receiving outpatient counseling, 7792
- laboratory tasks, assessing stressor effects on performance & information processing, 4236
- long-term gross body movement measurement meter for small animals, 691
- Longfellow-McFarlane Work Assessment Form for identification of worker traits & observable behavior, predictive measure of vocational success, implications for rehabilitation personnel, 12080
- man-to-land ratio inadequacy, making cross-national population density comparisons & their effect on crowding levels & life quality & national population capacity, 4984
- measurement method, alphabetical organization in free recall, 2429
- measurement of achievement motivation, 2466
- measurement of anxiety in analogue social situations, college students, 11023
- measurement of log skin admittance, apparatus, 8519
- measurement problems in industrial settings, 12059
- measurement, social & emotional development, preschool age children, book, 8883
- measuring job satisfaction, management-level males, 10074
- memory tests, 11 13 yr olds, 8455
- method for quantification of contact behavior & motor activity, rats, use in association with psychopharmacology, 4671
- multi-attribute utility theory, decision making, 10414
- naturalistic observation vs. psychometric tests in behavior modification research, behavioral analysis in group studies of individual differences, 1660
- neglect of occupational & educational levels of wives, social class measurement & misclassification, 4993
- nonphysiological measures, diagnosis of nervous system strength in thinking & speech, 4317
- number of responses & response magnitude & latency & recruitment time & conductance level & mean conductance level decrement, reliability & intercorrelations for electrodermal activity measurement, 2519
- pain-tolerance, measuring instructionally induced ego-involvement, college students, implications for attitude studies, 3186
- paired comparison & simple barrier rate measurements, perceived barriers to occupational aspirations, high school students, 8036
- Pedersen Personal Space Measure, reliability & validity, college students, 998
- portable observation timer, emittance of differential tones for signalling observation & recording intervals, apparatus, 10122
- potential solutions to measurement problem in expectancy theories of work motivation, 12104
- Premature Infant Activity Schedule, time-sampling measure of infant's behavior & caretaker's activity, 4825
- procedures manipulating competitive contingencies while observing effects on task performance & social comparisons, identification of competitive behavior, 15-yr-old Ss, 3049
- psychomotor test validity, selection of sewing machine operators in rural South, 2260
- quality control & measurement of nonsampling error, Health Interview Survey, 78
- rapid automatic instrumental technique for determining shock sensitivities, mice, 8862
- rating procedure, measuring social status, 2926
- reaction time measurements, memory, 4301
- recording technique, verbal interaction in small groups, 947
- relationship between measured death concern & fear of death, college students, 11029
- reliability & stability, absence measures, factory workers, 9996
- reliability & validity, Visual Efficiency Scale, preschool age children, 10261
- revision suggestions, Family Relations Test, reply to Kauffman & Ball's suggestions, 4884
- rotacone, apparatus for measuring drug-induced changes in motor coordination, mice, 8689
- running wheels vs spring-suspended cages as measurement devices, circadian rhythms of locomotor activity, golden hamsters, 4385
- scales for heterosexual experiences, male & female college students, 11020
- self-image & social value & antisocial behavior & peer ratings, aggression measure development, working-class adolescents, 7362
- simple method for measurement of spontaneous motor activity during chair restraint, squirrel monkeys, 2662
- stimulus complexity in Whitaker Index of Schizophrenic Thinking, distinguishing extent & type of thought disorder, schizophrenic vs brain damaged males, 3295
- student ratings of instruction & class performance on national normative examinations, validity for measuring instruction effectiveness, 1919
- technique of formalizing & testing models of behavior of social category or typical society members, 2950
- test-retest reliability, short form of Betts' Questionnaire on Mental Imagery, college students, 6161
- test retest reliability of Reinforcement Survey Schedule, assessment of relative reinforcing values of variety of stimuli & situations, 61
- tested vs self-reported lability of thought & speech activity, college students, 6230
- testing method for quantification, decision-making process, operators, 2274
- theory & simulation & measurement, driver/vehicle system dynamic response, 6075
- theory of measurement scales, reclassification of levels, 4139
- transitive index & illustration with survey data, acquiescent response style testing, 50
- validation & analysis & cross-cultural utility, Adult Growth Examination for testing individual aging, 20 70 yr olds, Canada, 2111
- validity & reliability & intercorrelations, leadership behavior measures, 2022
- voice-operated switch & variable delay unit, measuring articulatory durations, 7099
- Watts Articulation Test for Screening, evaluation as screening device for articulation defects, 1st 3rd graders, 3495
- Mecamylamine**
- scopolamine vs. mecamylamine, passive avoidance behavior, 558
- Mechanoreceptors**
- mechanical & heat & chemical stimulation, pain sensation of afferent C fibers from hairy skin, healthy adults, 4459
- temperature stimulation, activity of slowly adapting mechanoreceptors of cutaneous dorsal root fibers from receptive fields on proximal-lateral portions of hind limb, cats, 8502
- Media (Communications)** (See Communications Media)
- Media (Educational)** (See Instructional Media)
- Media (Mass)** (See Mass Media)
- Median Nerve** (See Spinal Nerves)
- Mediated Responses**
- extant-link vs applied-link mediation, acquired equivalence task, college students, 6282
- Mediation (Cognitive)** (See Cognitive Mediation)
- Medical Diagnosis** (See also Biopsy, Electro Oculography, Electrocardiography, Electroencephalography, Electromyography, Electroretinography, Galvanic Skin Response, Ophthalmologic Examination, Pneumoencephalography, Rheoencephalography, Urinalysis)
- age & sex, moderating effects on association between 1-3/3-1 MMPI profiles & medical diagnoses to differentiate between functional & organic diagnoses, medical patients, 3211
- attitudes toward use of medical information, rehabilitation counselors, 7231
- body positions & spatial relations, physician-patient relationship, 9574
- body positions & spatial relations, physician-patient relationship, 11532
- choosing right attitude toward disclosing diagnosis to terminal cancer patients, physicians, 9170
- dermatoglyphic topography, understanding & interpreting dermal patterns in diagnostic & genetic studies, mongolism & congenital

asymmetry & mental retardation & chromosomal aberrations, contribution of L. S. Penrose, 9453  
 EEG as diagnostic tool, herpetic encephalitis, 7507  
 importance of accurate diagnosis & thorough medical & social care, mental disturbance in aged, 7321  
 mass screening programs for inborn errors of metabolism, 7531  
 medical & dental & psychological screening, early identification of developmental deficits, preschool age children, 9450  
 medieval treatment of mental illness, criticism of medical historians' distorted concept, 5345  
 social & medical considerations, visually impaired battered children, 5301  
 value of physical examination, psychological significance, psychiatric patients, 9288  
**Medical Education** (See also Psychiatric Training)  
 attitudes towards usefulness of clinical psychiatric practice, medical students, 1178  
 Balint groups, doctor patient relationship & interaction patterns & verbal & nonverbal communication, implications for psychological training in premedical education, 9194  
 diagnosis & physician training & physician-patient therapeutic relationships, psychosomatic medicine, 4th psychosomatic medicine Congress, 9568  
 effectiveness of different learning experiences, learning psychiatry, medical students, 1125  
 integrating psychiatry into medical curriculum, 1129  
 intensive vs no training in patient interviewing techniques, teaching of physician patient relationships, 1st- & 2nd-yr medical students, 9150  
 medical background, maturation of clinical psychiatrist, 11207  
 medical interviewing course objectives & techniques & assessment, medical students, 1133  
 medical psychology, medical education, 11167  
 medieval treatment of mental illness, criticism of medical historians' distorted concept, 5345  
 mental health inservice training in neoplastic inpatient service, 3248  
 microcounseling training, interviewing skills, medical students, 7213  
 MMPI & SVIB & Edwards Personal Preference Schedule & General Aptitude Test, MEDEX training program success prediction, exmilitary corpsmen medics, 4013  
 psychiatric training, medical students, 1162  
 psychiatric training, undergraduate medical curriculum, 1159  
 psychological training group seminar, attaining more humanistic attitudes towards patients, medical students, 9158  
 sex education discussion groups in medical setting, 3261  
 survey, theory & practice of behavior therapy in curricula, medical students & psychiatric residents, 7193  
 System Analysis Index for Diagnosis, teaching psychiatry, medical students, 1134  
 teaching attitudes & approaches to psychotherapy for medical practice, 7218  
 teaching interviewing using closed-circuit television & peer & instructor feedback, medical undergraduates, 1176  
 videotaped material, assessing clinical psychiatric skills, medical students, 1173  
 vocabularies of realism, professional socialization & accountability, internal medicine residents, 5279  
**Medical Internship**  
 medical background, maturation of clinical psychiatrist, 11207  
**Medical Patients**  
 aspirin & aminoglycoside antibiotics & ethacrynic acid & quinidine administered iv, deafness, medical patients, 524  
 explicit categorization method, increasing recall of information given by doctor after consultation, college students & working-class medical outpatients, 9562  
 Hovey & Watson MMPI scales, brain-damaged vs non-brain-damaged medical patients, 9519  
 medical controls, medical & social & legal problems, physician patient relationships, 9149  
 meditation & cobalt radiation therapy, patient attitudes, treatment of cancer, 11792  
 self-ratings of well-being, psychiatric & mental patients, validation of D. von Zerssen's scale, 11231  
 use of neurotic-like processes, cancer, patient's reactions & physician roles & attitudes, 9505

**Medical Personnel** (See also Attendants (Institutions), Dentists, Family Physicians, General Practitioners, Gynecologists, Medics, Nurses, Pediatricians, Physicians, Psychiatric Aides, Psychiatric Hospital Staff, Psychiatric Nurses, Psychiatrists, Public Health Service Nurses, School Nurses, Surgeons)  
 alternative treatment facilities to hospitalization, staff members vs hospitalized patients judgments, 7853  
 attitudes toward hospital merger, management & operative employees & physicians, 10099  
 cultural & subcultural influences, job perception & job satisfaction, white vs. nonwhite female nurses & vocational nurses & hospital technicians & aides & clerical personnel, 2002  
 educational background & age & experience with aged, attitudes toward aged, registered vs practical nurses' aides in nursing homes & general hospital, 11187  
 educational program, medicine & psychiatry, Navajo medicine men, 7192  
 health worker role, interaction with patients with emotional disturbances, book, 1772  
 intense physical preparation, childbirth without pain, medical personnel's role, 9576  
 multidimensional perceptions of class of MEDEX trainees, training staff, use of G. J. Coles & L. A. Stone's proposed methodology, 3268  
 psychiatric consultation & introduction of behavioral science principles, improved staff morale & promotion of more appropriate patient management, oncology clinic nonphysician staff, 5744  
 psychotherapeutic action, allergies, hospital medical team, 9632  
 validity of language-of-drug-addiction & alcohol-addiction scales in differentiating groups of abusers & nonabusers, opiate addicts & alcoholics & mental patients & prisoners & hospital staff, 1488  
**Medical Psychology**  
 doctor's death attitudes, discussions from 12th International Symposium of Medical Psychology, 11209  
 medical psychology, medical education, 11167  
 medieval treatment of mental illness, criticism of medical historians' distorted concept, 5345  
**Medical Residency**  
 achievement levels & training needs & satisfaction & attitudes toward staff organization & opinions on social issues, survey of psychiatric residents, 11185  
 adaptation to stresses of community psychiatry, psychiatric resident, 5268  
 conducting psychotherapy, change in self- & ideal self-concept congruence, clinical psychology graduate students & 1st yr residents in psychiatry, 3256  
 methods for evaluating psychiatric residency formation, 9164  
 psychiatric residency, USA, 11171  
 teacher training program, psychiatric residents as college teachers, 7209  
 vocabularies of realism, professional socialization & accountability, internal medicine residents, 5279  
**Medical Sciences** (See also Cardiology, Child Psychiatry, Community Psychiatry, Dentistry, Endocrinology, Epidemiology, Forensic Psychiatry, Geriatrics, Immunology, Neurology, Neuropathology, Neuropsychiatry, Ophthalmology, Pathology, Pediatrics, Psychiatry, Psychopathology, Radiology, Social Psychiatry, Surgery, Transcultural Psychiatry)

- role-playing with families appearing for psychiatric evaluation, teaching psychiatric interviewing skills, medical students, 7212
- smoking, examination performance & temperamental aspects of personality & biochemical factors, medical students, 10947
- survey, theory & practice of behavior therapy in curricula, medical students & psychiatric residents, 7193
- System Analysis Index for Diagnosis, teaching psychiatry, medical students, 1134
- systemic lability as indexed by frequency of nonspecific electrodermal fluctuations, elicitation of orienting response, medical students, reply to J. G. O'Gorman significance hypothesis, 4335
- teaching interviewing using closed-circuit television & peer & instructor feedback, medical undergraduates, 1176
- use & abuse of psychostimulants & other drugs, medical students, 10948
- videotaped material, assessing clinical psychiatric skills, medical students, 1173
- Medical Therapeutic Devices** (See also Contact Lenses, Hearing Aids)
- miniature low-frequency noise generator, stuttering, adults, 9477
- Medical Treatment (General)** (See also Diuresis)
- explicit categorization method, increasing recall of information given by doctor after consultation, college students & working-class medical outpatients, 9562
- psychological role of medical actions, cardiology, lives of patient & physician, 9809
- Medication** (See Drug Therapy)
- Medicine (Science Of)** (See Medical Sciences)
- Medics**
- MMPI & SVIB & Edwards Personal Preference Schedule & General Aptitude Test, MEDEX training program success prediction, exmilitary corpsmen medics, 4013
- Meditation**
- meditation & cobalt radiation therapy, patient attitudes, treatment of cancer, 11792
- meditation training, field dependence-independence & test anxiety & reading achievement, 3rd graders, 11920
- reaction against depersonalization of modern technology & achievement of self-transcendence, revival of interest in mysticism & astrology & transcendental meditation & nonrational phenomena, 10934
- transcendental meditation, autonomic stability in response to stress, 13-40 yr olds, 8558
- transcendental meditation, self-actualization, college students, 7160
- transcendental meditation, spectral analysis of EEG, 23 52 yr olds, 4332
- Medulla Oblongata**
- adrenergic cerebral structures, unspecific response to stimulus, rats, 6570
- genital stimulation, medullary neuron responses, estrous & anestrous female cats, 4365
- neural activity with cardiac periodicity in medulla oblongata, cats, 4413
- Melancholia** (See Depression (Emotion))
- Melancholy** (See Sadness)
- Melatonin**
- synthetic a-melanocyte-stimulating hormone, learning & extinction of 2 shock motivated t-maze tasks, rats, 6671
- uptake & effects of melatonin, protein synthesis by cerebral cortex, rats, 4574
- Mellerli** (See Thioridazine)
- Membranes** (See also Nictitating Membrane)
- membranotropic factor in blood serum, schizophrenic patients, review of literature, 9296
- neurofibril system & cell membrane as nervous system analog, learning, paramecia, 4729
- Memory** (See also Eidetic Imagery, Long Term Memory, Memory Decay, Memory Trace, Short Term Memory, Word Meaning)
- adjective-noun phrases, redintegrative memory theory, 2403
- adsorbed g-globulin from serum of rabbits immunized with brain homogenate of untrained vs trained rats, memory, rats, 2593
- age & item cue delay, storage & decay of spatial information, white middle-class kindergartners vs 3rd vs 6th graders vs college students, 4847
- age & sex & habituation pattern during home familiarization, encoding & retrieval of perceptual memories after long-term familiarization & response to discrepancy, 3 & 5 mo olds, 4859
- age & sex, recognition of faces, 12- & 17-yr-olds, 6816
- age differences, judgments of recency for long sequences of pictures, 1st vs 2nd vs 4th graders vs college students, 2755
- age of 1st seizures & menarche onset & memory span & mental disturbance, juvenile amaurotic idiocy, Danish adolescents, 1438
- aging, reasoning ability & memory, 784
- alcohol, learning & memory, 6660
- alcohol, memory, review, 590
- alpha-numeric vs graphic display modes for presenting information & memory vs no memory requirement, problem solving, enlisted men, 4271
- amount of material presented & task difficulty, memory capacity & retrieval speed for pictures & words, 2427
- amount of original escape training, onset of 24-hr memory capacity, neonatal mice, 4746
- analogical reasoning theory with elements of set of concepts represented as points in multidimensional Euclidean space, 8413
- anterior bifrontal vs unilateral ECS therapy, depression & memory change & posttreatment confusion, hospitalized depressed patients, 1456
- APCOL computer language used in coding S. Sternberg's study on high-speed scanning in human memory, 2057
- arhythmic stimulus presentation, delayed stimulus suffix effect, college students, 6303
- attribute probability, response criteria adjustments in memory retrieval task, college students, 8432
- auditory & visual modalities, simultaneous differential GSR conditioning & differential cross-modality response transfer to simple word stimuli, college students, 249
- bilateral or unilateral electroconvulsive therapy, errors in picture recognition, depressives vs normal student nurses, 11809
- biochemical approaches, learning & memory, 6491
- biochemical aspects, learning & memory, book of selected readings, 6435
- biochemical mechanisms, learning & memory, 8545
- biological basis of perception & memory & intelligence, book, 8493
- carbon dioxide, dark avoidance learning & memory disruption, cockroaches, 10745
- categorization training, list memorization, 3 groups of children with mean ages of 8 vs 12.9 vs 15.5 yrs, 10883
- channel capacity, educable mental retardates, 1402
- classical conditioning, analyses of some psychological processes, 291
- coding theory, learning-memory theory, 6232
- cognitive processes & perceptual bases & eye movements & recognition memory, skill in chess playing, expert chess players & computer simulation, 6238

- color patches vs names as visual stimuli & shadowing color names vs unrelated words, memory for physical & semantic properties of nonattended material, college students, evidence for post-iconic visual memory store, 6311
- common sounds, memory capacity, college students, 314
- composite memory codes & code independence & modification of sampling probability over stimulus-defined retrieval search space, transfer phenomena, 6322
- confidence rating procedure, decision processes in recognition memory for 2-digit numbers, kindergartners & 3rd graders, 6301
- construction of semantic descriptions & recognition of syntactic forms, sentence memory, 2nd & 5th graders, 6862
- context effects, frequency judgments of words, college students, 10471
- context, recognition memory, 331
- coordination of internal codes, memory processes, 8452
- correlation functions, description of human visual letter recognition, 10247
- cycloheximide & ECS, time variables affecting permanence of induced amnesia, mice, 6492
- delayed conditioning of primary evoked deflections, synaptic mechanism as explanation for basic memory events, cats, 6364
- deliberate mnemonic strategy, recency judgments, 2nd vs 4th graders, 10429
- development of retrieval strategies, 3.5-6.5 yr olds, 10876
- diethyldithiocarbamate induced depletion of brain norepinephrine, learning & subsequent performance of passive avoidance response, rats, 6626
- discrimination learning, visual recall memory, college students, 2394
- distribution of trials, nonmonotonic effect in learning & retention of discrimination problems, retarded 12-26 yr olds, 1401
- E's supervisory behavior patterns, performance & reminiscence in perceptual-motor learning, high school students, 97
- early hunger & thirst & mother litter separation, late effects on learning & memory, male rats, 10754
- EEG patterns in somatic & vegetative alterations in sleep phases & dream activity & memory, 399
- elaborative strategies, verbal learning & memory, 2293
- electrical stimulation of substantia nigra pars compacta, memory disruption, rats, 2572
- electrographic manifestations of immediate & trace reactions in brain, memory, 5-35 yr olds & Ss with chronic alcoholism or cerebral sclerosis, 11234
- euphoria & physiological & memory & visual effects of marihuana, drug use patterns, 534
- events as 2 instances of same word vs single occurrences of 2 different words, memory for spacing of repetitions, college students, 2401
- extra-linguistic knowledge including visually presented information & listening ability, comprehension & memory, 8325
- extraversion-introversion individual differences, reminiscence, professional criticism, 4292
- extraversion-introversion individual differences, reminiscence, reply to criticism by H. J. Eysenck, 4298
- familiarity vs unfamiliarity & learning by rote vs visual imagery & immediate vs delayed associations, recognition memory for noun pairs, college students, 2411
- flurothyl, retroactive facilitation of memory, goldfish, 2637
- form rotation, speed of classification & development of shape constancy, college students, 10478
- free-recall learning trials & retention interval, mnemonic capacity constancy, college students, 295
- frequency of prose passage presentation, recall, college students, 2412
- generation-recognition theory vs encoding specificity in extralist cuing, retrieval processes in episodic memory, college students, 10409
- grouping patterns in visual perception, choice reaction task performance, implications for man machine systems, 8242
- haptic vs visual acquisition, memory for shape information, college students, 2381
- hibernation, memory & performance, squirrels, comment on M. C. McNamara & M. L. Riedel's report, 2664
- image value of nouns, scanning transitive sentences for probe word presence or absence, college students, 10453
- impulse signal duration introducing stimulus into visual system neural networks, retention in operative memory of stimulus information, 10582
- individual differences in bioelectric parameters of nervous system, memory in intentional & incidental learning, 6385
- individual differences, productivity in cognitive problem solving & memory, preschool children, 4237
- information processing from physical to semantic analysis, memory, 4288
- instructions to facilitate synonym or antonym encoding vs neutral instructions, generalization errors to synonyms or antonyms using false recognition procedure, 2nd vs 6th graders, 2310
- inter-rater agreement, Memory-for-Designs Test, psychiatric patients, 3355
- interaction format & memory aid & sex & problems, dyadic concept attainment, college students, 10385
- interactive memory theory, recognition of items from short memorized lists, 10424
- interference of intervening tones, pitch recognition, college students, 10209
- internal representation of faces, similarity judgments of well-known faces using photographs & names, extension of R. N. Shepard & S. Chipman's findings, 8161
- interpretive vs structural effects, semantic memory, college students, 4294
- intracranial 5-hydroxytryptamine, age dependent effects on memory consolidation & cerebral protein synthesis, mice, 8615
- intralist interference & imagery, paired-associate learning & memory, deaf 6-10 yr olds & hearing 4-5 yr olds, 7538
- IQ & MA, Piagetian task performance & memory deficits, familiarly retarded vs normal 6 yr olds, replication of M. L. Roodin & G. E. Gruen's study, 5469
- item familiarity, memory under free recall & recognition conditions, test of storage or retrieval & response availability & response bias explanations, 6314
- left vs right visual field presentation & memory, perception of tachistoscopically-presented complex forms of low verbal association value & perceptual asymmetry, right-handed college students, 2202
- length of rest pauses, reminiscence on pursuit rotor tracking, normals & schizophrenics, 3309
- length of variable delay interval between drinking flavored solution & choice of same vs novel solution, gustatory spontaneous alternation for taste, rats, 8792
- levodopa, intellectual potential & memory, 51-79 yr olds with Parkinsons disease, 3666
- linear orderings with essential adjacent pairs & distant remote pairs, processing strategies, college students, 6235
- lithium chloride, memory of aversive experience, chicks, 6591
- low-frequency words, storage & retrieval, college students, 300
- marihuana use, learning & memory, user vs nonuser college students, 551
- memory & arousal & cue factors, developmental changes in spontaneous alternation, rats, 6709
- memory & conditioning, 221
- memory & knowledge & intelligence, inkblot figure interpretations on modified Rorschach test, graduate students, 7125
- memory & thought & understanding, answering of questions, 184
- memory & translation & significance of errors, foreign language learning, 11954
- memory functioning, chronic unilateral temporal lobe epileptic vs chronic centrencephalic memory, 9496
- memory representations of target & context category & scan & target check, skilled performance in visual search tasks, college students, 8453
- memory tests, 11-13 yr olds, 8455
- memory train reestablishment through reconstructing history of self, hysteria, 24-yr-old male, 9779
- Memory-Aided Pattern Perceiver implemented as computer program, simulation of memory for chess position, 8458
- memory, problem solving, 174
- memory, understanding of language, 3123
- mental image as theoretical construct to describe 1 form of memory representation, critique of research, 324
- minitheory of memory load reduction, application to short-term memory for bivariate figures, 2425
- modality & frequency & spacing, incidental memory for input modalities of repeated words, college students, 2402
- nervous system properties, involuntary & voluntary memorization, 6308
- nervous system, mnemonic activity, 4304
- neural system analysis, human information storage & retrieval, 4295

- noise-conditioned electronic switch with memory, choice reaction time latency, 6332
- nonmetric multidimensional scaling & single-link cluster analysis, acoustic confusion of digits in memory & recognition, 8206
- order of appearance of items & serial distance between items, recognition memory reaction time, college students, 10427
- organization of prose passages by country vs attribute vs random organization, storage & recall, college students, 2418
- organization, memory, 2409
- organizational cues, retrieval of information from memory, college students, 10467
- paired-associate learning, memory of reference points in distance estimation, 10469
- paired-associate lists vs meaningful material, memory of synonyms & antonyms, college students, 8466
- passive avoidance training & ECS & repeated testing, progressive development of avoidance response, rats, 10636
- pentylentetrazol in convulsive doses, state-dependent learning, mice, 568
- pentylentetrazol induced seizures, memory for 1-trial passive avoidance, mice, 8734
- positive vs negative word evaluations, habituation & memory, college students, 6258
- predetermined sequences & direct measure of memory, concept-identification task, college students, 230
- presentation rate variation with retrieval tags, order of report in dichotic listening, college students, 2175
- pretest warm-up treatments, warm-up decrement after learning free-operant or discrete-trial active avoidance, rats, discussion of results as failure in memory retrieval, 8820
- prior sleep, rehearsal & recoding & memory & learning ability, male students, 10336
- procedure for controlling word encodings, recognition memory of acoustic & semantic encoding, college students, 303
- process vs state models, higher order encoding, 6315
- prose presentation rate, memory for logical structure & words, college students, 8442
- protein synthesis inhibitors, behavioral effects as consolidation blockade vs negative reinforcement, 6494
- psychological analyses, recall of individual histories & social environments & society, college students, implications for developmental psychology, 10470
- reaction time measurements, memory, 4301
- reactivation of previously acquired memory, intertask & retention interval effects on memory, rats, 8789
- recall of spatial location, recognition memory, college students, 10472
- remembering & forgetting, 322
- repeated testing sessions & instructions for rehearsing digit sequences in 3 vs 4 digit groups & initial span level, digit sequence recall, young vs old adult females, 799
- retrieval speed from primary & secondary memory, 20 23 vs 49 65 yr olds, 4901
- retrieval time control in recognition memory experiment, fast guess strategies vs accuracy, 2421
- right occipito-parietal lesion, spatial orientation & visual memory, 30 yr case study, 11504
- rule & memory & truth-table information, attribute identification to unknown concept, college students, 8324
- same vs different print in successive presentation of verbal stimuli, recognition memory, college students, 6317
- same vs different underlying strings of sentences, memory of noun pairs, 6th graders & college students, investigation of N. Suzuki & W. D. Rohrer's hypothesis, 10423
- selective attention controls, memory processing interference, college & research students, 2430
- selective search, "only" effect of directed forgetting, college students, 10476
- semantic & grammatical & physical word attributes, coding processes in human memory, 6334
- semantic components & surface form with varied context, recall of comparative sentences, college students, test of H. H. Clark & S. K. Card's hypothesis, 294
- semantic properties of words & recognition memory processes, absolute frequency judgments of homonyms presented in different phrase contexts, college students, implications for J. R. Anderson & G. H. Bower's model of recognition memory, 4299
- semantic representation of shape names in memory, college students, 2424
- semantic similarity, naming & verification of spatial locations, college & high school students, 10475
- sensory overload vs deprivation, memory & rule learning & affective state & time estimation & hallucinatory phenomena, 2142
- sentence complexity, hierarchical organization & semantic memory, college students, 10434
- serial position vs learning coding procedure, memory for sequential stimuli, 10447
- single exposure to training environment, recovery from hypoxia & ECS-induced amnesia, rats, 514
- social adjustment & visual & auditory memory & abstract thinking ability, children with trisomy 21, 5488
- spacing of repetitions, picture memory, 6312
- spatial distance scanned during search selective attention to portions of image & retrieval time for image features & distinction between imaginal vs verbal representations, college students, 10454
- spatial memory organization for locating randomly placed hidden foods, chimpanzees, 6736
- stimulus complexity, information retrieval from memory, college students, 10481
- stimulus encoding processes, learning & memory, 4229
- strychnine, recently acquired & reactivated passive avoidance memories, rats, 8703
- student's emotional adjustment & socioeconomic class & information on school record, teacher recall of academic achievement, 5926
- syllabic word length, memory-search rate, college students, 297
- symbolization & rule induction & transformations & memory structure, learning, 185
- syntactic complexity, processing & retrieval of sentential constituents, college students, 10446
- tachistoscopically presented simple geometric forms & spatial position markers, processing & memory of identity vs position information, kindergartners vs 3rd vs 6th graders vs adults, 10858
- target set size, visual search & item recognition functions, students, 10268
- techniques to improve on rehearsal method of memorization, 10428
- temperature change, puromycin-induced memory loss for shock avoidance task, goldfish, 10686
- time period following musical presentation, identification of melody, college students, 8460
- trace strength vs. multiple-trace vs. numerical inference vs. multiple-process models of representational process underlying storage of frequency information, 311
- unattended lines, memory for words in attended lines in selective reading task, 6th graders & college students, 10485
- uncertainty effects, time to access internal lexicon, 181
- unconnected vs closed figure line presentation, recognition memory for modes of perceptual forms, college students, 8438
- unilateral & bilateral electroconvulsive therapy, memory, depressed patients, 9554
- unilateral vs conventional ECS therapy, memory & postparoxysmal confusion & psychomotor changes, patients, 5555
- unrelated words vs words grouped according to phonemic similarity & taxonomic category membership & composite visual imagery, memory coding, amnesiacs & patients with peripheral nerve lesions, 3275
- use of PSYCHOL. language in studying high-speed scanning in human memory, 2070
- verbal labels vs visual feature analysis vs both, recognition memory, impulsive vs reflective 1st & 5th graders, 6316
- verbal learning & memory, elderly depressed patients, 11337
- verbal praise vs attitude agreement vs objective correctness, recall of early childhood memories, 14 17 yr old male delinquents, 11721
- verbal system, sequential learning of pictures, college students, 8449
- visual noise level & memory & display load, choice reaction time, college students, 179
- visual perception vs memory of abstract spatial patterns, left- & right-hemisphere-damaged patients, 1426
- visual recognition memory, paired-associate learning & reading achievement, 2nd graders, 5924
- visual vs auditory presentation, language comprehension & memory, 2283
- within-modality discrimination, memory of visual & auditory modalities presentation & high school & college students, 10458
- word & category frequency in list organization, discrimination of word frequency within & between categories, 178

word usage & linguistic competence & conceptual thinking & verbal memory, Ss with aphasia produced by left hemispheric lesions, 5493

x-irradiation, early stages of memory system, male rats, 10599

1- vs 2-stage bilateral hippocampal lesions, arousal level & learning & memory, rats, 4478

**Memory Decay**

age & item cue delay, storage & decay of spatial information, white middle-class kindergartners vs 3rd vs 6th graders vs college students, 4847

cognitive activity & auditory signal detection, short-term memory decay with vs without rehearsal & transfer to long-term storage, college students, 10477

control of degree of learning, long-term memory decay rate, 5 6 vs 7 8 vs 10 11 vs 15 16 yr olds, 10814

decay & interference, reproduction cues of distance & location, recall of blind lever-positioning movement, right-handed college students, 10455

presentation rates & number of intervening items, missing-item probe test of immediate memory, college students, 10425

**Memory Disorders** (See also Amnesia)

bilateral single-pulse stimulation of caudate nucleus or ventral hippocampus, neuroanatomical localization of memory disruption, mice, 6584

bilateral surgical removal of cortex from medial temporal zone, time interval reproduction, adult male with severe memory loss, 9518

circumscribed cortical lesions, memory deficit, 7494

cortical lesions, disruption of naming & nature of amnesic aphasia, 11473

focal brain lesions, memory disturbances, 7525

ligation of right common carotid artery, intracranial aneurysms & memory disorders, 5771

limbic system temporal lobe, epilepsy & memory disorders & encephalitis & vascular degeneration & dementia, 1422

measurement of very long-term memory, clinical & theoretical applications, 326

memory disorders, 11430

memory, patients with Korsakoff's syndrome, 1291

neurophysiological analysis, memory disorders, book, 3551

**Memory For Designs Test**

orientation errors during successive administration of Memory-for-Designs Test, organic vs psychotic vs nonpsychotic patients, 7247

**Memory Trace**

cognitive activity & auditory signal detection, short-term memory decay with vs without rehearsal & transfer to long-term storage, college students, 10477

delayed conditioning of primary evoked deflections, synaptic mechanism as explanation for basic memory events, cats, 6364

dual-trace & single-trace theories, short- & long-term memory, review & critical evaluation, 8468

electrographic manifestations of immediate & trace reactions in brain, memory, 5-35 yr olds & Ss with chronic alcoholism or cerebral sclerosis, 11234

multicomponent theory, memory trace, 2390

protein synthesis inhibitors, behavioral effects as consolidation blockade vs negative reinforcement, 6494

remembering & retention of memory traces & memory, concept of knowledge, 8457

trace interaction, short-term memory, pigeons, 10739

trace strength vs. multiple-trace vs. numerical inference vs. multiple-process models of representational process underlying storage of frequency information, 311

visual word presentation, long term recognition memory, 309

**Menarche**

age of menarche, females with psychogenic & androgenous & exogenous mental disorders vs normals, Brazil, 5350

age of 1st seizures & menarche onset & memory span & mental disturbance, juvenile amaurotic idiocy, Danish adolescents, 1438

**Menopause**

amitriptyline, emotional states associated with climacteric, patients, 3626

menopause, subjective health & sex & age identities & post- & grandparenthood, middle age females, 2825

**Menstrual Cycle** (See also Menarche, Menstruation, Ovulation)

behavior change during menstrual cycle, literature review, 8561

menstrual cycle, correlations between mood & weight & urinary potassium-sodium ratios, female 18 25 yr olds, renin-angiotensin-aldosterone hypothesis of premenstrual tension, 10566

sex differences, sensory sensitivity, 6164

**Menstrual Disorders** (See also Premenstrual Tension)**Menstruation** (See also Menarche)

social & cultural & religious practices & beliefs, menstrual distress, unmarried human females, 4418

**Mental Age**

CA & MA & IQ, verbal imitation, 5 yr olds, 10816

CA & MA & IQ, verbal imitation, 5 yr olds, 10860

IQ & MA, Piagetian task performance & memory deficits, familially retarded vs normal 6 yr olds, replication of M. L. Roodin & G. E. Gruen's study, 5469

IQ & mental age, verbal imitative performance, normal 5 8 yr olds & retarded 8 13 yr olds, 9443

MA, preferences for vibratory & visual stimulation, retarded 5 12 yr olds, 7463

operant discrimination as measures of MA, Down's syndrome children, 1377

**Mental Confusion**

anterior bifrontal vs unilateral ECS therapy, depression & memory change & posttreatment confusion, hospitalized depressed patients, 1456

pyrovalerone, fatigue & confusion & tension-anxiety, chronically fatigued volunteers, 9655

unilateral vs conventional ECS therapy, memory & postparoxysmal confusion & psychomotor changes, patients, 5555

**Mental Deficiency** (See Mental Retardation)**Mental Disorders** (See Also Related Terms)

abnormal & unexplained behavior, case histories, book, 1242

abnormal psychology, book, 7249

abortion vs giving birth to unwanted child, psychiatric implications, 3377

activity analysis, personality change & pathology, 11341

age of menarche, females with psychogenic & androgenous & exogenous mental disorders vs normals, Brazil, 5350

age of 1st seizures & menarche onset & memory span & mental disturbance, juvenile amaurotic idiocy, Danish adolescents, 1438

aggressive feelings, maintenance of mental health or development of illness, 1208

attitudes toward mentally ill & blind & aged & crippled & alcoholic & mentally retarded & drug addicted & prison parolees & welfare recipients, employers & real estate agents, 3021

biological background interaction with environmental factors, multifactorial genetic system theory of mental illness, 3349

biological study of mental & emotional & behavioral dysfunction, book, 1198

biometric research in psychopathology, current developments at New York State Psychiatric Institute, 1312

biopsychosynthesis as medical approach, self-awareness & infinity of growth & evolution, 7811

birth order, etiology of mental disorder, psychiatric referrals, 1218

brain injury, psychiatric disorders, children, 1446

brain tumors, psychic alterations, 9514

cannabis, toxicity & psychiatric problems, implications for therapeutic use of cannabinoids, 4645

changes in practice of psychiatry, treatment of mental disorders with reduced & without hospitalization, 11522

classification of mental disease & personality disorders & mental retardation, drawbacks of 8th International Classification, 11229

clinical evaluation of intensive highly individualized interdisciplinary treatment program, mentally impaired elderly women, 7843

clothiapine, sedative effects, 21 60 yr olds with acute psychiatric disorders, 5667

community services models for serving mentally handicapped & families, West Germany & New Zealand, 1718

criteria for adequate treatment for institutionalized mentally ill & retarded, review of Wyatt vs Stickney case, 7569

cultural content & social organization & sociocultural change stress, cultural perceptions of mental illness, 4963

current trends, right to treatment & admission statuses & classification of mentally ill & involuntary commitment & patient rights, 7302

defendant's mental competency when illegal act is committed vs fitness to plead in courtroom, comment on J. A. Whitehead's analysis of English law & comparison with American legal traditions, 4979

demographic variables & psychological distress & illness behavior, help-seeking patterns in medical clinics & social agencies, Italian immigrants to Canada, 7237

denial of death & failure to suppress fear of death, idea of heroism in human activity & mental illness, book, 1216

- descriptive history of psychic epidemics, 9312  
determination of defendant's mental fitness to plead, problems & recommendations for revision of British legal practice, 5025  
differential sex roles, psychiatric inpatient & outpatient care, women vs men, 3347  
disintegration & reorganization of behavior, mental illness, 5322  
educational level & sex, mental illness, urban Lebanese psychiatric patients, 5342  
EEG examinations, ascertaining fitness to drive motor vehicles, general public & Ss with nervous or psychical disorders, 8496  
electrolyte metabolism, psychiatric disorders, 1214  
employer interview behavior & probability of job offer, job applicant with history of mental illness, 8038  
endocrine factors, psychopathology, 1286  
epidemiology & taxonomy of mental illness, social psychiatry, 7260  
epidemiology, mental illness, Tunisia, 11237  
existence of psychiatric disease, criticism of D. L. Rosenham's article, 5387  
extraversion vs neuroticism scores on Eysenck Personality Inventory, psychological illness development, male vs female college students at enrollment vs 2 yrs later, 7282  
familial correlations & environmental factors, mental illness & alcoholism & neurosis, parents & children, 5290  
familial disposition & pregnancy factors & parental separation, mental breakdown, adolescents with schizophrenic mothers, 9303  
family unit approach in residential treatment center, drug addicts & alcoholics & other mentally disordered patients, 7845  
Ganser syndrome in Singapore, 11328  
genetic & biological factors & treatment & psychotherapy, abnormal development, book of selected readings, 11223  
group therapy, mentally ill offenders, book, 1667  
high incidence of surgery, symptoms with psychological basis vs actual disease, 9814  
high incidence of surgery, symptoms with psychological basis vs actual disease, 11804  
history & schools of thought on mental illness, book, 9251  
importance of accurate diagnosis & thorough medical & social care, mental disturbance in aged, 7321  
insomnia as mask for psychopathological conditions, 7312  
insomnia as mask for psychopathological conditions, 9317  
key-informant interviewing, clinical characteristics & psychiatric disorder, Serer tribe in West Africa, 7262  
larynx removal due to malignancies, neuropsychiatric disorders, 9813

- community residence vs institutionalization, emotionally troubled & mentally retarded & drug & alcohol dependent & problem adolescents & juvenile & adult offenders, 3739
- conformity behavior, normal vs retarded 16-30 yr old males, 5461
- contingent electric shock & verbal command, body rocking, retardates, 3673
- continuous vs intermittent token reinforcement, social interaction response maintenance in extinction, male adult retardates, 1661
- criteria for adequate treatment for institutionalized mentally ill & retarded, review of Wyatt vs Stickney case, 7569
- CS duration, concurrent trace conditioning of GSR & eyelid response, mental retardates, 3471
- determination of predictors for conservation task performance, retarded vs nonretarded children, 9437
- developmental differences in MA, novelty preference, retarded adolescents, 3476
- distribution of trials, nonmonotonic effect in learning & retention of discrimination problems, retarded 12 26 yr olds, 1401
- education for retarded, Norway, 3947
- EEG, brain development, normal 3 15 vs mentally retarded 7 18 yr olds, 5471
- empirical determination of space reservation policies, institutions for mentally retarded, 3806
- ethnic background, mental retardation level classification based on deviation social quotient vs IQ, 4 17 yr old Negro vs Caucasian retardates, 5456
- etiology & age & condition & order, stimulus enrichment procedures, institutionalized retardates, criticism & replication of J. E. Gordon & H. C. Haywood's research on stimulus enrichment, 7987
- evoked & anticipated figurative & operative aspect of cognitive activity as functional unity, spatial representation & structuring, retarded & normal children, 11409
- expansion of positive interest hierarchy, self-destructive behavior & noncommunicativeness following loss of grandmother, 6-yr-old mentally retarded female, 3715
- experimental study of retarded child, 1396
- feedback & sex & race, acquisition & retention of pursuit rotor performance, black & white retarded vs normal 11-12 yr olds with equal practice to equated mean level of performance, 3488
- group acceptance & level of vocational training, occupational inadaptation, retardates, 11818
- group contingent music, assembly line production rates in simulated sheltered workshop, retardates, 11689
- group homes, adult retardates working in community, 1726
- haloperidol & thioridazine, schizophrenia & behavior problems & mental retardation symptoms, 5 11 yr. old patients, 1570
- haloperidol, emotional reactions, 5 15 yr old mental retardates, 7643
- haloperidol, mentally retarded behaviorally disordered & hyperkinetic patients, 11626
- imitation & reinforcement & modeling, development of syntax, 10-yr-old female retardate, 1901
- imitative & nonimitative reinforcement, verbal control over bizarre gestures, adult retardates, 11994
- importance of motor coordination & perceptual development, mentally retarded children, 3950
- inappropriate strategy & shifting between strategies, delayed response, retarded 7 20 yr olds & nonretarded 3 18 yr olds, 7444
- instruction & education problems, children & adolescents of low intelligence, 1898
- instructions to forget, selective rehearsal in serial memory, retarded adolescents, 11398
- intelligence & personality traits & job attitudes, aide performance effectiveness in residential institution for mentally retarded, 5272
- intelligence quotient & auditory stimulation, incidental learning, normal & noninstitutionalized retarded children, 9442
- IQ & MA, Piagetian task performance & memory deficits, familiarly retarded vs normal 6 yr olds, replication of M. L. Roodin & G. E. Gruen's study, 5469

- IQ & mental age, verbal imitative performance, normal 5-8 yr olds & retarded 8-13 yr olds, 9443
- kinesthetic & visual-motor training, creative development, mentally retarded students, 3934
- learning & retrieval processes in short-term recall, retarded vs nonretarded 13 21 yr olds, 7431
- learning problems, mentally retarded, 1392
- learning vs extinction vs attention vs retention, discriminative learning, retardates, 1406
- legislation & fiscal policies, protection of rights of mentally handicapped, 9217
- levodopa in 125 vs 200 vs 500 mg doses, REM sleep, normal adults vs mentally retarded adolescents, 5459
- MA, preferences for vibratory & visual stimulation, retarded 5 12 yr olds, 7463
- matching procedures, educational research, mentally retarded, 3949
- money & praise reinforcement, repetitive unintelligible speech, 7-yr-old mildly retarded boy, 3680
- movement exploration & creative expression & structured activities, gross-motor training, mentally retarded students, 3940
- multiple handicap incidence, 6 16 yr olds at school for mentally handicapped, implications for special education, 7239
- music therapy, mentally retarded children, 9432
- musical preferences & aptitude, mentally retarded psychotic patients, implications for music therapy, 9853
- paired-associate learning task, intentional & incidental learning, 10- & 13- & 16-yr-old retarded & normal children, 7438
- paragraph elaboration, paired-associate learning & reversal, brain-injured vs non-brain-injured retarded children, 5539
- parent-child training program, mentally retarded preschoolers & their mothers, 5937
- parental training of retarded children & token-economy procedure application by parents & teachers & parent & child behavior modification within family, behavior therapy in home, 7692
- penfluridol as maintenance therapy, chronic schizophrenics & mental retardates, 1633
- Piagetian theories & research vs analysis of regulation forms, psychopathology, dyspraxic & retarded & dysphasic & psychotic children & adult schizophrenics, 7254
- presentation methods & exposure durations & intelligence level, recall & recognition & matching on 1-trial learning, 5 & 7 & 9-yr-old intellectually average vs retarded children, 5492
- prevalency rate of epilepsy & low IQ & socially adaptive behavior, communication skills, institutionalized mongoloids vs retardates, 9458
- punishment, acquisition & maintenance of reading behavior, mentally retarded children, 5477
- ratings of retarded & normal & gifted child vs videotape of labeled child, stereotypes of exceptionality, special & general education college students, 3827
- receptive vs productive language generalizations, retarded children & adolescents & young adults, 1382
- rehabilitation & training & development & motivation, retarded school age children, book, 3946
- rest vs activity, electric reactivity of vestibular system, mentally retarded girls, 11407
- reward pretraining & partial reinforcement, lever pulling, retarded vs nonretarded children, 9447
- satisfaction with experiences with professionals regarding children, mothers of mentally retarded children, 5458
- scaling meaningfulness of trigrams, paired-associate learning, normal children & retardates, 7432
- sensorimotor training techniques, retarded children, 11415
- sensory stimulation, aversion & nonaversive reactions, mentally retarded, 7451
- sexual knowledge, self-concept & sexual ethics, retarded adolescents, 7442
- short-term memory, perceptual dysfunction construct, mental retardates, 9445
- social & emotional adjustment measures, preschool age & infant retardates with cerebral palsy, 3504
- social influences & intelligence & personality & learning, retarded child, 1407
- special education, reading & writing achievement, mentally deficient 8 13 yr olds, 9949
- Steer's Figure-Ground Test & Steer's-Beatty Closure Test & House-Tree-Person Test & Benton Visual Retention Test performance & EEG vs rheoencephalograph, 7 18 yr old mentally retarded children vs normals, 7437
- stimulus classes as mechanism for transfer, conditional discrimination without direct training, 15 18 yr old retardates, 7470
- structured vs nonstructured pictorial vs printed word stimulus item presentation, intrinsic vs extrinsic responses & equivalence formation groupings patterns, mentally retarded vs normal children, 5480
- surprise at changes in quantity of color & number & length, nonverbal indices of concrete operational development, normal & retarded children, 6835
- synthetic & analytic presentation of high frequency words, word learning & transfer, retarded & nonretarded children, 7460
- test form & administration order, Devereux Short Form vs WISC IQ scores, 6 15 yr old retardates, 7994
- Test of Social Inference, measuring social-cue perception, retarded adolescents, 1378
- toilet training, mentally retarded, book, 1380
- transfer test methodology, investigation of stimulus selection in paired-associate learning, hospitalized retardates, confirmation of L. Postman & R. Greenbloom's thesis, 1375
- verbal conditioning, acquisition of grammatical rules, mentally retarded 5 9 yr olds, 7453
- victim control by ignoring attacks, aggressive attacks on ward staff, adult female retardate, 3708
- visual & tactual within- & cross-modal matching, sensory integration, normal vs retarded children, 7445
- WISC profiles, reading achievement test performance, mentally retarded & above average intelligence children with good vs poor reading skills, 1906
- word & letter reversals & Bender Gestalt rotation errors, 6-9 yr old normal vs mentally retarded readers, 3468
- Meperidine**
- morphine & methadone & meperidine & codeine & nalorphine & pentazocine, EEG & EMG & behavior, rats, 4578
- pentazocine & morphine & methadone & levorphanol & meperidine, behavioral arousal, rats, 545
- Meprobamate**
- alcohol &/or meprobamate, handwriting changes, college students, 535
- barbiturates & glutethimide & methaqualone & methyprylon & promazine & chlorthalidoxepoxide & meprobamate, deprivation-induced water consumption, rats, 10681
- chlorthalidoxepoxide hydrochloride & diazepam & meprobamate, behavioral effects, research review, 8724
- meprobamate &/or aspirin, relief of musculoskeletal & psychopathological symptoms of pain associated with anxiety, outpatients, 11624
- Mercury (Metal)**
- methyl mercury, behavioral & neurobiochemical changes, mice, 6661
- Mercury Poisoning**
- mercuric chloride, active-avoidance learning, rats, 2617
- Mescaline**
- LSD & mescaline & dextro- & levoamphetamine & cocaine & morphine, audiogenic seizure susceptibility, mice, 4566
- mescaline, shuttle avoidance, rats, 6596
- nonmedical use of cannabis & LSD & mescaline & amphetamines & barbiturates, medical students in 1970 & 1972, 2915
- Mesencephalon** (See also Inferior Colliculus, Optic Lobe, Superior Colliculus)
- bilateral lesions of cerebral peduncle & substantia nigra & medial geniculate nucleus, retention of brightness & pattern discrimination habit, rats, 8663
- disparate visual stimulation of eyes, development of binocular single units in optic tectum, frogs, 10588
- electrical stimulation of substantia nigra pars compacta, memory disruption, rats, 2572
- electrical stimulation of substantia nigra, feeding & drinking & gnawing & self-stimulation, rats, 10634
- electrical stimulation of substantia nigra, induced motor responses, cats, 8670
- electrolytic lesions of ventromedial region of mesencephalic tegmentum, mouse killing behavior, rats, 471
- nicotine vs angiotensin II injected in hypothalamic & mesencephalic sites, evoked drinking behavior, monkeys, 8646
- self-stimulation in or near midbrain central gray matter, determination of anatomical substrate of reward, rats, 10628
- sensorimotor cortex cooling, spontaneous activity of neurons of mesencephalic reticular formation & response to stimulation of

- lateral hypothalamic zones & sciatic nerve, cats under pentobarbital anesthesia, 4555
- spontaneous activity & single unit responses of bulbar raphe nuclei & mesencephalic reticular formation, unanesthetized cats, 6366
- stimulation & depression of lateral geniculate body & mesencephalic reticular formation, synaptic organization of neuronal background activity in visual cortex, rabbits, 4545
- walking & running on treadmill, activity of vestibulospinal neurons giving axons to lumbosacral spinal cord, mesencephalic & thalamic cats, 6560
- Mesoridazine**
- haloperidol vs mesoridazine vs hydroxyzine, treatment of alcohol withdrawal syndrome & delirium tremens, alcoholics, 3654
- mesoridazine & chlordiazepoxide & amitriptyline hydrochloride, anxiety & depression, detoxified alcoholic patients, 9686
- mesoridazine & psychodrama treatment, obsessive-compulsive-phobic symptomatology & neuroticism & extraversion, outpatient neurotics, 1479
- mesoridazine & thioridazine, emotionally induced increases in forearm blood flow & systolic & diastolic blood pressure & heart rate, healthy medical students, 2619
- mesoridazine vs chlorpromazine, acute schizophrenics, 7647
- mesoridazine vs chlorpromazine, alcohol withdrawal syndrome, 11620
- mesoridazine vs chlorpromazine, symptom relief & side effects, chronic schizophrenics, 7640
- mesoridazine, disturbed behavior, severely retarded adults, 11640
- Messages**
- addition of moderately polarized information, impression formation, college students, 11043
- free vs forced repeat method of reporting essential message information in brief form, gisting, 5141
- information conflict & frequency of information update & reliability of information source, information seeking & decision making, Army enlistees, 6018
- intensity of delivery of videotaped interviews, recall & recognition of & attention to verbal message content, Norwegian high school students, 7108
- level of information & instructional set, consistency of judgments & nature of policies, college students, 2467
- new valence & attraction, communicator behavior, college students, 7037
- personality type, use of available information in persuasive & interpersonal communication, college students, 11004
- pleasant vs unpleasant mood, transmission of good vs bad news, female Ss, 11114
- positive vs negative communicator evaluation & perceived communicator-receiver similarity, perception of ambiguous message, college students, 2969
- structure of filmed message, comprehension of symbolic processes & filmed & verbal message, children, 5132
- Metabolism** (See also Anabolism, Basal Metabolism, Carbohydrate Metabolism, Lipid Metabolism, Metabolites, Protein Metabolism)
- acetaldehyde or 4-methylpyrazole & ethanol, catecholamine metabolism & motor activity, mice, 8752
- acute & chronic methamphetamine, brain norepinephrine metabolism, 10699
- age differences, onset of drinking & plasma osmotic pressure regulation, rats, 404
- alcoholism, metabolic & biochemical alterations, hamsters & mice & monkeys, 6609
- amitriptyline, norepinephrine metabolism, depressed patients, 3376
- bilateral ventromedial hypothalamic lesions, changes in food intake & metabolic activity, rats, 4488
- biological concomitants of alcoholism, 1347
- cannabis, human perception & subjective feelings & motor activity & metabolism, literature review, 4643
- dextroamphetamine & differential housing conditions, incorporation of carbon atoms of D-mannose into brain & serum, mice, 4586
- dextroamphetamine, turnover & synthesis & metabolism of brain phosphatidylcholine, rats, 4603
- distribution & metabolism of norepinephrine & serotonin in CNS, 410
- electrolyte metabolism, psychiatric disorders, 1214
- ethanol, cyclic 3, 5-adenosine metabolism in brain, mice, 8715
- ethanol, metabolism of H-noradrenaline & H-dopamine in brain, mice, 2587
- excretion of tryptamine & indoleacetic acid & 5-hydroxyindoleacetic acid, female depressives, 11294
- frontal cortex ablation, weight regulation recovery, rats, 481
- hexafluoroethyl ether, brain amino acid metabolism, rats, 4651
- hypomagnesemia & respiratory alkalosis, genesis of alcohol withdrawal symptoms, 6677
- indoleamine metabolism, depression & mania, literature review, 3314
- intraperitoneal dialysis vs isotonic glucose, depleting sodium levels, rats, 6496
- lithium, kidney & gastrointestinal system & thyroid & metabolism & heart & CNS, 4660
- lithium, magnesium metabolism, rats, 8726
- metabolic & neurochemical aspects, pharmacology of amphetamine & para-chloroamphetamine, 10697
- metabolism & pharmacokinetics of Ludiomil, 588
- morphine, serotonin metabolism in brain, rats, 6627
- perphenazine enanthate, metabolic & anatomical observations of brain, rats, 583
- phenelzine & tryptophan & aminoacetic acid, mineral metabolism, chronic schizophrenics, 9645
- pontile lesions & subsequent systemic & local manipulations of 5-hydroxytryptamine metabolism, grooming behavior, cats, 4458
- potassium, oxidative metabolism of hippocampus & seizures, cats, 4637
- response vs no response to psychotropic drug treatment, glucose tolerance & inorganic serum phosphate & potassium level changes, schizophrenics, 9678
- tryptophan metabolism, depressed vs nondepressed psychiatric patients, 9272
- unpredictable shock stimulation, cholesterol synthesis & metabolism, rats, 4517
- ventromedial & lateral hypothalamic lesions, metabolic adjustments of feeding behavior, rats, 4516
- Metabolism Disorders** (See also Amaurotic Familial Idiocy, Cushings Syndrome, Diabetes, Diabetes Insipidus, Diabetes Mellitus, Phenylketonuria)
- altered catecholamine metabolism or disposition, depressed patient identification, implications for treatment, 7298
- hereditary disorder with abnormal copper metabolism & dementia & spastic dysarthria & vertical eye movement paresis & gait disturbance & splenomegaly, case report of 2 brothers, 11505
- mass screening programs for inborn errors of metabolism, 7531
- maze learning, chickens & rats with vs without metabolic disorders, 6738
- periodic course of exacerbations & remissions, psychiatric & metabolic illnesses, 1188
- phenoxylbenzamine hydrochloride, psychosis in Fabry disease, case report, 5649
- psychological & physical aspects, 2-17 yr olds with galactosaemia, 3538
- Metabolites**
- acute & chronic stress, brain serotonin & 5-hydroxyindoleacetic acid, mice & rats, 2518
- acute vs repeated chlordiazepoxide treatment, chlordiazepoxide compound & metabolite plasma levels, chlordiazepoxide-tolerant mice, 8688
- chlorpromazine treatment, role of metabolites in therapeutic response, schizophrenics, 7663
- determination of blood levels of thioridazine & its metabolites, chronic schizophrenics, 5314
- imipramine & triiodothyronine, urine amines & metabolites, depressed females, 11657
- mass fragmentography, determination of isomeric acid dopamine metabolites in cerebrospinal fluid, 4316
- methyl mercury, behavioral & neurobiochemical changes, mice, 6661
- norepinephrine metabolites, biochemical criteria for classification & predicting treatment outcomes, depressed patients, 7327
- obsessoid vs hysteroid personality & urinary excretion of 3-methoxy-4-hydroxy-mandelic acid, mood changes, young men, 10555
- stress, reactivity of vegetative-humoral-hormonal system as measured by ergo- & trophotropic metabolites in liquid media & body excretion, 6444
- tritiated dopamine during acute psychotic episodes & in remission, catecholamine metabolites in salivary fluid, psychiatric patients, 7319

- urinary excretion of monoamines & metabolites before & during & after withdrawal from barbiturates, barbiturate-dependent Ss, 3458
- 5-hydroxyindoleacetic acid in cerebrospinal fluid, wakefulness & slow-wave & paradoxical sleep, cats, 4420
- Metal Poisoning** (See also Lead Poisoning, Mercury Poisoning)
- Metallic Elements** (See also Calcium, Cobalt, Copper, Iron, Lead (Metal), Lithium, Magnesium, Mercury (Metal), Potassium, Potassium Ions, Sodium, Sodium Ions)
- chronically ingested inorganic lead, Fe & Zn & Cu & Mn brain levels, 25-day-old rats, 4452
- lithium & sodium & potassium & rubidium & cesium, aggression & adrenal enzymes, rats, 8692
- nickel metabolism, schizophrenic patients, 11322
- phenelzine & tryptophan & aminoacetic acid, mineral metabolism, chronic schizophrenics, 9645
- tetraethyllead exposure, interference of lead with essential brain tissue copper & iron & zinc, rabbits, implications for toxic action of lead in lead encephalopathy, 4636
- Metaphysics**
- ontological vs causal explanatory issues, relevancy to problem of nature of existence, 8091
- Methadone**
- analytical & T group therapy in methadone treatment, interpersonal behavior changes, outpatient heroin addicts, 3669
- attitudes toward drug-related behaviors, nontreated vs methadone maintenance treated heroin addicts vs mental health therapists, 7399
- brief methadone maintenance program effectiveness, narcotic addicts, 1554
- clientele & cost & effectiveness differences, methadone vs therapeutic-community vs drug-clinic community drug abuse programs, 7636
- combining probation supervision & methadone maintenance treatment, addict-probationers, 5646
- contingent reinforcement schedules for self-administering methadone, heroin addicts, 7626
- detoxification, rehabilitated methadone-maintained patients, 7635
- evolution stressing treatment & therapy differences, methadone treatment process, 9648
- general hospital psychiatric emergency clinic, methadone detoxification program, heroin addicts, 9691
- group counseling sessions, methadone & abstinent clients, 5620
- heroin & methadone addicted mothers, withdrawal, neonates, 5453
- illicit drug usage, methadone maintenance patients, 5678
- knowledge of dosage, methadone maintenance, patients, 3657
- legal & illegal use of methadone, 11680
- long-term methadone treatment, personality & mood, heroin addicts, 1588
- low- vs. high-dose methadone maintenance, social adaptation & drug abuse patterns, patients, 1617
- methadone & chlorpromazine & chloral hydrate & amitriptyline & doxepin, detoxification, heroin addicts, 9646
- methadone drug rehabilitation program, health improvement & social rehabilitation, Chicano heroin addicts, 3 yr follow-up, 1618
- methadone maintenance program, employment & arrest rates, chronic heroin users, 9676
- methadone maintenance program, follow-up 6 yrs after initiation, 11622
- methadone maintenance program, heroin addiction, 5625
- methadone maintenance treatment, problems perceived by program director, 5656
- methadone maintenance vs psychotherapy, heroin addicts, 7649
- methadone self-prescription in inpatient heroin detoxification program, heroin addicts, 1556
- methadone treatment, heroin addicts, 11619
- methadone vs dextromethadone with vs without naloxone, growth, newborn mice, 4584
- methadone, pregnancy, women in maintenance program, 5618
- methadone, 30-day detoxification program, narcotic addicts, 1567
- methadone &/or ex-addict therapy, effectiveness for treating heroin addiction, 11631
- missing medication visits, patients on methadone program, implications for clinical policy, 1616
- morphine & methadone & meperidine & codeine & nalorphine & pentazocine, EEG & EMG & behavior, rats, 4578
- opiate addiction, cytogenic abnormalities, 21-58 yr olds receiving methadone hydrochloride, 7365
- pathogenic mechanisms, toxicologic reactions to methadone, heroin addicts, 1612
- pentazocine & morphine & methadone & levorphanol & meperidine, behavioral arousal, rats, 545
- problems & ethical issues, government controlled methadone maintenance programs, heroin addicts, 11653
- provision of legal services, addicts in methadone maintenance programs, 1600
- psychopathology, county methadone maintenance program applicants, 9333
- 6 mo multimodality treatment program, narcotic addicts, 3629
- Methamphetamine**
- acute & chronic methamphetamine, brain norepinephrine metabolism, 10699
- CNS stimulants, behavior patterns & role of catecholamines, female rats pretreated vs not treated with a-methyl-p-tyrosine &/or reserpine, 4654
- cocaine vs dextroamphetamine vs levoamphetamine & methamphetamine, maintenance of self-administration behavior, monkeys, 8676
- compulsive methamphetamine abuse, violence, Haight-Ashbury district, 902
- fenfluramine subcutaneously administered prior to dextroamphetamine or methamphetamine, blockage of CNS excitation, mice, 531
- intravenous methamphetamine, mood, male hospital employees, 6642
- methamphetamine & chlordiazepoxide, schedule-controlled & adjunctive licking, rats, 6643
- methamphetamine & disulfiram, olfactory forebrain seizures, cats, 6606
- methamphetamine dosage & interaction with food deprivation & predeprivation activity levels, wheel-running activity, rats, 2611
- methamphetamine hydrochloride, amphetamine psychosis, amphetamine-dependent psychiatric inpatients, 3302
- methamphetamine intoxication, psychosis, inpatients, follow-up study, 1296
- methamphetamine, conditioned aversion to preferred solution, rats, 575
- saline vs methamphetamine hydrochloride vs hydroxydione sodium succinate vs amobarbital sodium vs methamphetamine hydrochloride & amobarbital sodium mixture, memories & feelings & reactions to drug interview, adult psychiatric patients, 9246
- Methanol**
- chlordiazepoxide & flurazepam & vitamin therapy, blood concentrations of ethanol & methanol acetaldehyde & formaldehyde, low vs high blood-alcohol-level, 29 72 yr old admissions to alcohol detoxification center, 9677
- Methaqualone**
- barbiturates & glutethimide & methaqualone & methyprylon & promazine & chlordiazepoxide & meprobamate, deprivation-induced water consumption, rats, 10681
- methaqualone abuse as epidemic, 3439
- methaqualone abuse, addiction & withdrawal, 3417
- methaqualone cessation, withdrawal symptoms, 10701
- methaqualone in tablet & capsule dosage forms, comparative bioavailability & absorption & excretion characteristics, male adults, 4663
- nonmedical use of methaqualone, euphoria & relaxation & relief from anxieties & paresthesia, 22-25 yr olds, 557
- Methedrine** (See Methamphetamine)
- Methionine**
- dopamine-beta-hydroxylase & methionine-activating enzyme, activity in blood, chronic schizophrenics, 5317
- methionine & betaine & tryptophan & cysteine, schizophrenic behavior, 1295
- nicotinic acid prior & simultaneous administration, prevention of exacerbation & improvement of psychopathology induced by MAO inhibitor & methyl donor, schizophrenics, role of catechol-O-methyl-transferase activity, 1558
- Methodology** (See Also Related Terms)
- adaptation to click-counting task, methodological implications for use in simulated group research on social conformity, female 5th & 6th graders, 2994
- anonymous questionnaire vs randomized inquiry technique vs card-sort procedure as data acquisition techniques, illicit drug usage rates, enlisted men & noncommissioned officers & junior officers, 852

- attachment & mother-infant interaction, suggestions for research orientation change, 4895
- bridging gap between specialized psychological disciplines, 1161
- contingency model of leadership effectiveness, criticism of A. Ashour's critique, 10084
- contingency model of leadership effectiveness, reply to F. E. Fiedler's criticism, 10079
- cultural context & resource theory, cross-cultural studies of marital power, 4956
- dialog & mutual self-disclosure, humanistic approach to psychological research, 10124
- difficulties associated with experimental animal spontaneous behavior study following drugs, 4617
- empirical test based on importation model perspective, inmate social roles, adult felons, 3456
- ergonomic research, methodological problems, 12127
- immediate observation vs retrospective research, onset conditions for psychosomatic symptoms, comparative review, 11472
- institutional ties, Chicago vs Iowa schools of methodological stances in symbolic interactionism, 2957
- interpretative vs operational influences on Ss' behavior, interpreting reasoning data, 6254
- linguistic methodology principles, 1036
- methodological approaches to detection & description, neuronal processes underlying rhythmic brain activity, animals & humans, 8501
- methodological critique of superstitious behavior analysis, 2660
- methodological problems of contingency model of leadership effectiveness, 10080
- methodological problems of research in natural setting, data on immediate & midrange & long-term outcomes of psychiatric treatment, 3591
- methodologies & artifact, hypnosis, 10335
- methodology & research design problems, developmental psychology, book, 6834
- methodology changing social milieus, small groups with moderate-high member interactions, psychiatric wards & juvenile correctional units & residence halls & high school classrooms, 9846
- models & methods in evaluation research, 6093
- Multidimension Scalogram Analysis, time-sample emotional & exploratory & motor & inactivity behaviors, varied mouse strains, 4435
- nutrition, mental development & behavior, methodological problems, book of readings, 706
- organismic-developmental approach, generation rules transforming 1 stage of cognitive organization to next, children, 6870
- playing role of depressed suicidal patient in psychiatric hospital, experiential research, 7405
- problematic practices in use of psychological literature, illustrations of inaccurate reading of study by J. A. Griffiths et al, 6083
- psychometric approach, experimental research with psychiatric patients, clinical psychologists, 9332
- reaction time method, study of patients with cerebral lesions, 7532
- research approaches, study of "plastic expression" in art, 9084
- retrospective & childhood records & prospective or high risk methods, assets & liabilities of current methodologies for studying schizophrenia development, 9283
- role playing in given scenarios, behavior analysis, 7011
- simplified blinding method, fish & rats, 2556
- social & business research methods, bibliography, book, 4
- social scientific research methods, lay mobilization in evangelism, 4953
- structure vs content, conductance of idiographic cross-cultural research on self-esteem, Arabs vs Englishmen, 4924
- symbolic interaction & phenomenological sociology, human behavior research, examination of G. Mead's & A. Schutz's concepts, 924
- theoretical models in determining criterion measures & methodology for evaluation, goal attainment in community mental health, 7775
- time-series methodology, research in psychotherapy, 3603
- transactional procedures of inquiry, J. Dewey & A. F. Bentley's influence on behavioral sciences, 8089
- Ulster depth interrogation techniques, sensory deprivation research, 6167
- verbal report vs observation, collection of data on maternal techniques of teaching & controlling & modifying child behavior, mother-child pairs, 2815
- Methyl Alcohol** (See Methanol)
- Methylatropine** (See Atropine)
- Methylidopa**
- a-methylidopa, potentiation of haloperidol, schizophrenic inpatients, 9644
- L-tryptophan & phenelzine vs amitriptyline vs L-tryptophan & a-methylidopa & ECS therapy, blood 5-hydroxytryptamine levels, endogenous depressive patients, 1581
- methylidopa, mild hypertension, aged patients with histories of hepatitis or depression, 5665
- Methylmorphine** (See Codeine)
- Methylphenidate**
- amphetamines & ritalin, behavior modification, hyperkinetic children, 7629
- apomorphine & levodopa & amantadine & amphetamine & caffeine & amfonelic acid & pipradrol & methylphenidate, turning behavior, mice with unilateral 7-hydroxydopamine lesions in striatum, 461
- caffeine vs methylphenidate or dextroamphetamine, minimal brain dysfunction syndrome, hyperkinetic 7-8 yr olds, 3662
- CNS stimulants, behavior patterns & role of catecholamines, female rats pretreated vs not treated with a-methyl-p-tyrosine &/or reserpine, 4654
- methylphenidate, neurological examinations & EEG findings & behavioral responses, hyperactive 5-10 yr old boys, 9694
- physostigmine & methylphenidate, antagonistic effects, manic & schizophrenic patients, 11629
- single vs multiple daily doses of methylphenidate or dextroamphetamine, 6-14 yr old hyperactive children, 7662
- Metrazole** (See Pentylentetrazol)
- Metronomes**
- electronic metronome-conditioning, stutterers, 3493
- metronome-conditioned muscle relaxation, 32-yr-old female & 31-yr-old male, 3677
- metronome-conditioning therapy, 3 adult male stutterers, 5540
- speaking while pacing speech with miniature electronic metronome, perception of speech, adult stutterers, 1417
- Mexican Americans**
- adjustment to industrial society, Mexican-American & Negro migrants to urban community, book, 900
- behavioral maturity, Anglo-American vs Mexican-American 3-5 yr olds, 6876
- Chicano movement, community mental health, 7788
- counseling, blacks & women & Chicanos & Puerto Ricans & American Indians, literature review, 11782
- crystallized vs fluid intelligence & memory, Caucasian vs Negro vs Mexican-American 4th-6th graders, 6939
- drug use patterns, Mexican-Americans vs Anglo-Americans, 856
- ethnicity & educational background, participation in voluntary associations, Anglo vs black vs Mexican Americans, 8946
- ethnicity & regional subcultural features, social distance perception, college students, 3018
- etiological assumptions of folk disease concepts, differential changes in concepts, Mexican-Americans with Mexican- vs Anglo-American contact, 5569
- factor structure, Wechsler Intelligence Scale for Children, 6-11 yr old Anglo-American & Negro & Mexican-American school children, 12030
- interview language, psychiatric ratings of psychopathology, Mexican-American schizophrenic patients, 1263
- Junior Eysenck Personality Inventory Extraversion vs Neuroticism vs Lie scale scores, scholastic achievement, Caucasian vs Negro vs Mexican-American 9-13 yr olds, 7958
- language of interview & ethnicity of interviewer, response consistency, Mexican-Americans, 11019
- methadone drug rehabilitation program, health improvement & social rehabilitation, Chicano heroin addicts, 3 yr follow-up, 1618
- parental modeling & cueing & reinforcement, question-asking behavior, Mexican-American 1st graders & their mothers, 2814
- perceived belief similarity, social perception accuracy, black & white & Mexican-American high school students, 7075
- phenomenological reality & post-death contact, blacks & Japanese & Mexican & European originated Ss, 2855
- predictive validity, Wechsler Preschool & Primary Scale of Intelligence, Mexican American 5-6 yr olds, 1921
- presentation conditions & method of response, noun-pair learning, black vs Chinese- vs Spanish-American vs white 2nd graders, 4938

psychomotor skills, problem solving abilities, Navajo Indian vs Spanish-American vs Anglo-American junior high school students, 6938

# Mexico

age, development of attention, retarded & normal & rural & urban Mexican children, 6850

beliefs about causes & mechanisms & manifestations & consequences of diseases, Spanish-speaking Mexicans from Chiapas Highlands, 10924

conflict & violence within moral values & cultural & social milieu, Mexican mestizo village, book, 834

cross-cultural differences, conformity to Foster's concept of Limited Good, 6th graders, United States & Mexico, 2852

cross-cultural differences, mother-directed achievement of children, Mexico & United States, 2861

cross-cultural differences, need satisfaction & need importance, Mexican & American factory workers, 8940

factor analysis, historic-socio-cultural premises of Mexican family, 12 & 15 & 17 yr olds, Mexico, 2843

glossolalia & hallucination acquisition & attenuation rate, Apostolic congregations in Mexico, 820

human-figure drawing, perceptual-cognitive & personality development, Mexican & Anglo-American 8.7-17.7 yr olds, 10828

mental health services at health centers, Mexico City, 11761

salience & frequency & valence analysis, gender & religion & family & peer identities, adolescents in U.S. & Puerto Rico & Mexico, 921

# Mice

a-amanitin intracerebroventricular injection, passive & active avoidance acquisition, mice, 6582

a-methyl-p-tyrosine & bis-(4-methyl-1-homopiperazinyl thiocarbonyl) disulfide, inhibition of catecholamine synthesis & conditioned avoidance acquisition, mice, 6585

a-methyl-p-tyrosine- & p-chlorophenylalanine- & reserpine-induced cerebral monoamine depletion, circadian rhythm of locomotor activity, mice, 8707

a-methyltyrosine, brain dopamine & norepinephrine & dextroamphetamine & phenmetrazine-induced locomotor activity, mice, 4670

acetaldehyde or 4-methylpyrazole & ethanol, catecholamine metabolism & motor activity, mice, 8752

acetoxycycloheximide, retention of instrumental task, mice, 6674

acoustic priming, auditory evoked potential thresholds, mice, 8511

acute & chronic stress, brain serotonin & 5-hydroxyindoleacetic acid, mice & rats, 2518

acute ethanol & benzyl alcohol administration, hypothermia, mice, 4593

acute vs repeated chlordiazepoxide treatment, chlordiazepoxide compound & metabolite plasma levels, chlordiazepoxide-tolerant mice, 8688

alcohol & barbiturate & bromide withdrawal syndromes, mice, 6613

alcohol intoxication & withdrawal, mice, 6621

alcoholism, metabolic & biochemical alterations, hamsters & mice & monkeys, 6609

aminazin & triflazin & etaperazin & carbidin, provoked & nonprovoked aggressive behavior, mice & rats & cats & monkeys, 10647

aminodipropionitrile, behavior & locomotor activity & food consumption & body weight & endocrine function, male mice, 10696

amount of original escape training, onset of 24-hr memory capacity, neonatal mice, 4746

amphetamine & centrophenoxene & echinopsine & bemegride & hydrocortisone & pyridoxine, ethyl alcohol action, rabbits & mice, 10688

amphetamine & natural nervous stimulation interaction, brain amines & behavior, mice, 10707

amphetamine vs methamphetamine derivatives, locomotor activity, mice, 4672

amphetamine, spontaneous motor activity & other behavior using modified jiggie cage, mice, 4559

amygdala lesions, fear behavior & passive avoidance deficits, male mice, 8660

anisomycin & cycloheximide, amnesia & cerebral protein synthesis, female C57B1/J1 & male C57B1 mice, 555

apomorphine & clonidine stimulation of dopamine & noradrenaline receptors, reversal of reserpine-induced suppression of motor activity, mice, 526

apomorphine & levodopa & amantadine & amphetamine & caffeine & amfonelic acid & pipradrol & methylphenidate, turning behavior, mice with unilateral 7-hydroxydopamine lesions in striatum, 461

apparatus for collection of individual urine, mice, 19

appetitively motivated single-trial learning task, mice, 2681

benzide-amine vs amidopyrine, CNS, rats & mice & cats, 569

benzodiazepine tranquilizers, head dipping behavior on head-board, mice, 581

bilateral olfactory bulbectomy technique, aggression testing, male mice, 10613

bilateral single-pulse stimulation of caudate nucleus or ventral hippocampus, neuroanatomical localization of memory disruption, mice, 6584

brain weight, behavioral development, mice, 6383

caffeine, behavioral effects & brain monoamines, normal & aggressive mice, 6675

cannabidiol & diphenylhydantoin, hippocampus & learning, rats & mice, 4610

central & peripheral anosmia, reproduction, female mice, 460

chlordiazepoxide, amnesic & aversive properties of avoidance conditioning, mice, 8694

chlorpromazine & trifluoperazine & perphenazine & carbidine, provoked & unprovoked aggression, mice & rats & rabbits & cats & monkeys, 4560

chronic alcohol consumption, protein & RNA metabolism in brains, mice, 6650

chronic lead ingestion, retardation of growth & development, mice, 8744

coagulating gland secretion with & without bladder urine, production of aversive & aggression-inhibiting pheromone in olfactory signal, male albino mice, 8851

cold stress following immunosympathectomy, body temperature, mice, 6581

continuous darkness, rhythm of water intake during daytime, mice, 6459

convulsant & anticonvulsant drugs, drug-induced catalepsy, mice, 10709

corticosterone in infancy, increased reactivity & impaired adaptability in operant behavior, adult mice, 4608

cycloheximide & ECS, time variables affecting permanence of induced amnesia, mice, 6492

cycloheximide induced inhibition of protein synthesis, sleep EEGs, mice, 10691

cycloheximide, impairment of long-term memory storage, mice, 6676

cycloheximide, neural & behavioral responses to ECS, mice, 6641

D-tetrahydrocannabinol, antidepressant activity, mice & rats, 4664

D-145, dopamine release & receptor activation in central nervous system, rats & mice, 10700

developmental stages, audiogenic seizure susceptibility, 16- & 21- & 26-day-old mice, 6425

dextroamphetamine & differential housing conditions, incorporation of carbon atoms of D-mannose into brain & serum, mice, 4586

diallel analyses, water intake & body weight & percent hemoconcentration, 3 strains & their reciprocal hybrids of mice, 442

ECS intensity, retrograde amnesia gradients for passive avoidance task, mice, 4489

environmental effects, validity for testing emotionality, rats & mice, literature review, 4681

estrogen & progesterone, maternal behavior, female mice, 556

ethanol, acquisition & retention of passive-avoidance conditioning, mice, 8720

ethanol, cyclic 3, 5-adenosine metabolism in brain, mice, 8715

ethanol, metabolism of H-noradrenaline & H-dopamine in brain, mice, 2587

ethanol, soporific action, mice, possible role of biogenic amines, 6593

experimentally induced hyperlysinemia caused by lysine administered during gestation &/or nursing &/or postweaning, maze learning & retention, mice, 8762

face grooming behavior components & patterns, inbred mice, 4685

factor analysis, alcohol & water consumption, mice, 6806

fearfulness & reactivity correlates, aggressiveness, male mice, 4795

fenfluramine subcutaneously administered prior to dextroamphetamine or methamphetamine, blockage of CNS excitation, mice, 531

- fighting behavior, isolation & plasma catecholamine & epinephrine & norepinephrine, mice, 671
- fighting, adaptive change in catecholamine uptake in cerebral cortex, mice, 412
- food deprivation, increased drinking of nonpreferred NaCl solution, mice, 634
- frequency of prenatally maternal shock, degree of conditioned suppression in adult offspring, female mice, 612
- genes albinism & retinal degeneration, jump-out & 1-way avoidance learning, mice, 4441
- genetic influences, saccharin preference, mice, 440
- genotype & neonatal irradiation, diallel genetic analysis of open-field locomotion & elimination, mice, 455
- genotypes, emotionality, mice, 2553
- gonadectomy & goldthioglucose injections, sex differences in body weight, mice, 10603
- growth hormone deficiency, premature aging, dwarf mice, 4655
- handling, maternal behavior, lactating female mice, 4786
- heterozygosity, retention of ejaculatory reflex, castrated mice, 8576
- high vs medium vs low brain weight & isolation & weaning, agonistic behavior, mice, 6353
- home-cage odors released by male & female mice, fighting behavior, male mice, 8842
- homospecific & heterospecific urine odors, deer & white-footed mice, 8833
- housing S pairs separately or together, eating & drinking behavior, deermice, 10775
- hunger & experience in mouse killing vs nonkilling experience, social facilitation & inhibition of hunger-induced mouse & rat killing, rats, 6790
- incubated vs nonincubated maternal separation, emotional reactivity, mice, 2730
- infantile handling, plasma catecholamine response to acute noxious stimulation, adult mice, 6440
- information from electrically wired grid vs random-number generator & complex logic circuitry in standard automated apparatus, ESP, hamsters & mice, 4817
- inherited differences in alcohol withdrawal reaction intensity, male vs female mice, 10668
- intense vs moderate stimulation pre-exposure & genetic strain, visual exploratory behavior, male vs female mice, 8825
- intergeneric aggression, weanling voles & mice, 4762
- intracerebral 6-hydroxydopamine & subsequent levodopa, behavior & brain amines, mice, 8599
- intracranial 5-hydroxytryptamine, age dependent effects on memory consolidation & cerebral protein synthesis, mice, 8615
- intraperitoneal insertion, moderation of audiogenic seizure severity, mice, 4454
- irradiation &/or handling, learning & shuttle box performance, mice, 6504
- isolation syndrome, aggressiveness & peripheral & behavioral & neurochemical functions, mice, 8494
- lactation & presence of young, spontaneous vs testosterone-induced pup killing, spontaneously maternal vs cannibalistic female mice, 6498
- levosparaginase, retention of maze learning, mice, 4604
- levotryptophan, motor activity, mice, 2627
- litter size & postweaning isolation vs grouping, adult emotionality, male vs female mice, 6743
- LSD & mescaline & dextro- & levoamphetamine & cocaine & morphine, audiogenic seizure susceptibility, mice, 4566
- maternal separation & isolation & sex & age, response to Ehrlich ascites carcinoma, mice, 2557
- melittin, inhibition of general behavior & exploratory activity & emotionality & spontaneous & evoked bioelectric activity in brain, cats & mice, 10704
- Mendelian genetic analysis & diallel cross study, nest-building, inbred mice, 4434
- methadone vs dextromethadone with vs without naloxone, growth, newborn mice, 4584
- ethyl mercury, behavioral & neurobiochemical changes, mice, 6661
- morphine & morphine-6-glucuronide & pentazocine, naloxone-induced jumping response in predicting physical dependence capacity of morphine-like analgesics, mice, 4612
- morphine & sodium pentobarbital & chlorpromazine & naloxone, morphine specific seizure & death, polydextrolysine treated mice, 10675
- morphine, conditioned aversion to saccharin solution or plain water, mice & rats, 8709
- movement in residential maze, virgin vs pregnant vs lactating mice, 6770
- Multidimension Scalogram Analysis, time-sample emotional & exploratory & motor & inactivity behaviors, varied mouse strains, 4435
- multiple ECS treatments, inhibition of aggression, mice, 9811
- myristicin & elemicin, rope climbing & barpressing behavior & catatonia & motor activity, rats & mice, 8690
- neuroleptics & antidepressants & minor tranquilizers, gastric secretion & barbiturate sleep, rats & mice, 10708
- nicotine, biphasic effects on ECS-induced retrograde amnesia, mice, 2597
- nutritional deprivation in early life, brain & spinal cord development & reversal learning & problem solving & activity, inbred mice, 6691
- olfactory bulb removal, development of cannibalism, mice, 480
- open-field & aggression tests, aversive & aggression-promoting properties of urine, dominant & subordinate male mice, 6784
- pairing with fertile mates or other inhibited population animals, recovery of reproductive function, deermice, 10794
- paradoxical sleep, learning capabilities, mice, 10579
- pentyleneetetrazol in convulsive doses, state-dependent learning, mice, 568
- pentyleneetetrazol induced seizures, memory for 1-trial passive avoidance, mice, 8734
- peripheral nerve conduction velocity, mice with inbred mothers, 435
- pituitary adrenocortical activity, intermale aggressiveness, isolated mice, 8587
- posttrial hippocampal stimulation, operant learning retention, mice, 475
- prematuring vs. postnatal exposure to shock, adult offspring avoidance conditioning performance, male vs. female mice, 650
- prenatal avoidance conditioning of females, adult avoidance conditioning performance of offspring, male vs. female mice, 649
- preputial gland weight, social dominance, male mice, 6775
- prime-test intervals using very intense acoustic stimulus, priming for audiogenic seizures, adult BALB/c mice, 8583
- priming, desensitization of audiogenic seizure susceptibility, mice, 4388
- procedural or performance factors, performance decrement on delayed-response paradigm with no delay between trials, mice, 4742
- propranolol, free fatty acids of plasma during passive avoidance test, mice, 6608
- psychotropic anti-anxiety agents, survival time, mice subjected to hypoxia, 4634
- rapid automatic instrumental technique for determining shock sensitivities, mice, 8862
- reactivity of target S manipulated by injections of chlorpromazine, attack-fighting behavior & generalization to nontreated conspecifics, isolation-raised male mice, 8828
- rearing in enriched vs standard environment, open-field activity & defecation & running wheel activity & exploration, mice, 6731
- rearing in standard vs enriched laboratory cages, brain & body weights, mice, 8767
- red & white illumination & mode of inheritance, exploratory activity & emotionality, pigmented vs albino mice, 6803
- reproductive cycle, maternal aggression, mice, 6797
- reserpine & 6-hydroxydopamine & p-chlorophenylalanine & combinations, grooming behavior, mice, 8738
- retinal degeneration & brain size, spatial reversal learning, mice, 2524
- rotarone, apparatus for measuring drug-induced changes in motor coordination, mice, 8689
- scopolamine & amphetamine, short-term exploratory activity, mice, 8733
- scopolamine vs physostigmine, delayed response in t maze reversal learning set tested at several intervals, male mice, 8673
- shock intensity & age, escape behavior, 5-15 day old mice, 6739
- shock intensity, shock-induced aggressive behavior, mouse-killing & nonkilling rats, 4776
- simultaneous & successive olfactory bulb removal, mating behavior, mice, 513
- single dominant autosomal gene Aal, active avoidance learning performance, mice, 8577
- single-gene mutations, avoidance & maze & wheel running & exploratory behavior, mice, 644

- social dominance, reproductive performance, laboratory mice, 6788  
 social rank establishment, circulating FSH & LH & corticosterone, mice, 10554  
 sound-intensity levels & genotypes, priming for audiogenic seizures, mice, 4389  
 stages of estrus cycle & time of day & local anesthesia of pinna region & isolation & variable frequency sound, head-twitch response to 5-hydroxytryptophan, mice, 8681  
 strain & age of 1st auditory exposure & duration of exposure, sensitization for audiogenic seizures, C57BL & BALB/c mice & their F hybrids, 445  
 strain & sex, latency to attack live crickets, mice, 6482  
 strain differences, behavioral regulation of environmental temperature, mice, 438  
 strain differences, body weight & tail length & caudal nerve conduction, mice, 436  
 strange environment exposure & personal space invasion & withdrawal & social rejection & vitamin A in diet, change in aggression level, mice, 8830  
 stress & REM deprivation, patterns of avoidance learning & brain acetylcholine, mice, 652  
 strychnine sulphate & Metrazol & dextroamphetamine sulphate & caffeine citrate & nicotine alkaloid, facilitation & disruption of long-term memory store, mice, 10661  
 subcutaneous injection of androgen & estrogen or oil, sex behavior, female mice, 8755  
 sydnocarb & amphetamine, motor activity & CRs & EEG & toxicity, rats & mice & dogs & cats & rabbits, 6586  
 systemic & diencephalic prolactin & progesterone administration, maternal behavior & nest building, mice, 519  
 target movement, mouse-killing attacks, rats, 4796  
 taurine, antagonism of cobalt-induced epilepsy, cats & mice, 4673  
 temporary conductive hearing loss from ear plugs vs acoustic traumatization, auditory evoked potentials & audiogenic seizures, mice, 4818  
 testosterone vs dihydrotestosterone vs androstenedione, agonistic behavior, isolated vs group-housed castrated male mice, 571  
 tetrahydrocannabinol & chlordiazepoxide, state dependent learning, mice, 2601  
 tetrahydrocannabinol pretreatment, interaction with sedative-hypnotic drugs, mice, 2642  
 thiopropazine & trifluoperazine, motor activity & induced catalepsy & orienting response & motor coordination & narcotic effect of hexobarbital & amphetamine-induced stereotypies, male mice, 6587  
 transcorneal ECS & noncontingent footshock, generalization to inhibitory avoidance training task, mice, 4490  
 trials, emotionality, rats & mice, 4736  
 turn preference, discriminated T-maze training ability development, 7- vs 9- vs 11- vs 13-day-old mice, 2710  
 ultrasonic emissions, courtship & mating behavior, mice, 4797  
 ultraviolet visualization of urinary marking patterns, differentiation of social rank, male house mice, 6777  
 visual & olfactory clues, recognition of territory boundaries, mice, 10787  
 water vs normal vs castrate male urine vs urine of testosterone vs oil-injected castrate males, investigatory behavior, male albino mice, 4814  
 20th-century history outline, instinct concepts in psychology, mouse, 6687  
 3,3-dimethyl-1-butanol carbamate, potentiation of nicotine-induced convulsions, mice, 4679  
 5-hydroxytryptophan, reversal of reserpine enhancement of audiogenic seizure susceptibility, mice, 533
- Microcephaly**  
 microcephaly & congenital malformations, mental retardation, 1206  
 Micturition (See Urination)
- Middle Aged**  
 adjustment to aging, male homosexuals over 50 yrs old, 7368  
 age & sex & education, spatial egocentrism & conservation, white middle-class 7 vs 11 vs 21 vs 44 vs 76 yr olds, 4868  
 age, job performance motivation, managers, 1991  
 analysis of data, patients with affective psychoses who died after age 40, 9266  
 cohort- & age-related differences in volunteering behavior, longitudinal studies of adult intelligence 7 yrs apart, 21 75 yr olds, 795  
 developmental differences, incidence of sexual thought, 8 99 yr olds, 696
- family relationships & personality factors, medication abuse, middle-aged women, 10946  
 implications of job displacement at mid-career, unemployed middle-aged managers & engineers, 786  
 length discrimination on skin, young females & middle-aged men, 4168  
 mass layoffs, impact on younger vs older workers, 12122  
 menopause, subjective health & sex & age identities & post- & grandparenthood, middle age females, 2825  
 national priorities & need for national science policy & options & opportunities for individual re-employment, unemployment & mid-career change, implications for engineers, 1943  
 perception of intellectual superiority & opportunity for intellectual stimulation, young adults vs middle aged vs aged, 8887  
 personality attributes & life circumstances, mid-life career change, 31 53 yr old males seeking new careers vs those remaining in same career, 785  
 personnel selection tests, age discrimination, female clerical workers, 1950  
 retrieval speed from primary & secondary memory, 20 23 vs 49 65 yr olds, 4901  
 self-appraisal of muscular strength & physical working capacity, middle-aged men, 165  
 separation-individuation & self-realization & self-utilization, sense of aging in middle aged & senescence, 10913  
 sexual activity, middle aged & elderly, book, 6906  
 simulated sonic booms during sleep, affect change on Composite Mood Adjective Check List, 21 26 vs 40 45 vs 60 72 yr olds, 4314  
 use of classification for problem solving, 26 46 vs 75 90 yr old women, 6904  
 voluntary switches or nonvoluntary displacement in career accompanying cultural changes or new careers after 65 yrs old, survey of articles over 15 yr period, 789
- Middle Class**  
 child age & social class, family conflict & dominance patterns, middle- & lower-class families with 11- or 16-yr-old sons, 10900  
 childrearing attitudes & mother-child interaction, middle-class vs working-class mothers, 779  
 Children's Manifest Anxiety Scale Anxiety & Lie scale scores, lower- to lower-middle class vs upper-middle- to upper-class male vs female 3rd 8th graders, Israel, 4883  
 communicative & linguistic competence during play, isolated vs not isolated culturally deprived vs middle-class 3 4 yr olds, 8880  
 conjunctive vs prepositional phrases, associative & conceptual learning, disadvantaged & middle-class 2nd graders, 10833  
 drug abuse & evolution of pseudo-junkie" population & heroin lifestyle, nonaddicted individuals from white middle class, 9378  
 factor structure of Test Anxiety Scale for Children, lower- vs middle-class 2nd & 3rd graders, 4881  
 familiarization feedback, performance on Raven Coloured Progressive Matrices, lower- & middle-class kindergartners, 12033  
 intelligence & brain damage, middle- & upper-class hospitalized alcoholics vs nonalcoholics, 1363  
 life stresses & drug use patterns, middle-class housewives, 850  
 personality & psychological factors, glossolalia, middle- & upper-class groups, 3443  
 positive vs negative vs no verbal reinforcement, task persistence, middle vs lower socioeconomic status 5th graders, 256  
 sentence recall task using meaningful & anomalous & random word groups, semantic & syntactic development, lower-class black & middle- & lower-class white kindergartners & 1st & 3rd graders, 6847  
 social vs nonsocial reinforcers, discrimination learning, middle- vs lower-class 1st & 2nd graders, 2370  
 theoretical model of intelligence of A. R. Jensen, free recall of categorized & uncategorized lists, lower-class & middle-class black 5th graders, 10829  
 typology based on responsibility coping & social adjustment, marijuana usage, white middle-class college students, 2917  
 verbal reinforcement & praise vs piece of candy, discrimination learning, middle- vs working-class 1st graders, 5870  
 wearing tie, reactions to stranger, middle-class British males, 9034
- Middle Class Attitudes**  
 evolution of moral concepts, proletarian vs middle-class 6 7 & 9 11 yr olds, 10843  
 middle-class misperception of aspirations & work ethics, welfare recipients, 6932
- Middle Ear**

- acoustic impedance measurement of middle ear muscle dysfunction, spasmodic dysphonia patients, 7526
- auditory evoked potentials from tympanic membrane & cochlear nuclei & mastoidal area & scalp, 4348
- excitability & influences on sound transmission & dynamic properties, acoustic middle ear reflexes, rabbits, 4802
- Middle Income Level**
- ethnicity & ethnic differences, mental health profession, lower-middle-class ethnic populations, book, 3742
- nursery school attendance, self-concept & conservation & achievement & space-time-quantity concepts, middle & lower-middle socioeconomic status kindergartners & 2nd graders, 6837
- Middle Level Managers**
- biographical items, performance ratings by supervisors, middle managers, 4042
- birth order, managerial achievement, middle managers, 10081
- correlation of past managerial achievement to mental ability & self-description inventory scores in employment situation, differentiating top & middle managers, 2011
- group training, group dynamics & problem solving skills for management in human relations, middle & senior managers, 10040
- position description factors, promotion rate, middle-level executives, 2004
- prior commitment, value of group problem-solving decisions, middle management personnel, 2016
- progression training approach to management by objectives, public utility middle management, 10083
- self- & peer & trainer & O ratings, emergent status of members & relationship to their attitudes & behavior, T groups of middle-level managers, 2985
- Migraine Headache**
- amitriptyline, migraine, 21 70 yr olds, 5634
- autogenic feedback training, migraine & tension headaches, 11579
- autogenic feedback, teaching to increase hand temperature, migraine patients, 9598
- focal symptoms, complicated migraine, 9 15 yr olds, 9484
- necessity for multifactorial approach, psychosomatic migraines, migraine & cardiovascular patients, 9503
- parachlorophenylalanine treatment, vascular supersensitivity to 5-hydroxytryptamine, migraine patients, implications for serotonin interpretation of headache & central pain, 1621
- visual hallucinations & visual impairment during migraine attacks, 2 17 yr olds, 3523
- Migration (Human)** (See Human Migration)
- Mildly Mentally Retarded** (See Educable Mentally Retarded)
- Milleu Therapy** (See Therapeutic Community)
- Militancy**
- locus of control & dogmatism & aspiration level, belief in militant vs moderate social action, Negro male college students, 896
- participation in public protest, change in attitudes toward defense policy & political dissent, college students, 3004
- personality traits, attitudes toward nurses' strike, nursing students before & after professional education, 3254
- Military Enlistment**
- age & educational level & Armed Forces Qualification Test scores, reenlistment desirability at completion of initial tour, airmen, 8054
- traditional tangible incentives vs newer incentives such as control over work life, voluntary enlistment in Navy, low vs middle vs high socioeconomic status male junior college students, 10001
- Military Officers** (See Commissioned Officers)
- Military Personnel** (See also Air Force Personnel, Army Personnel, Commissioned Officers, Draftees, Enlisted Military Personnel, Marine Personnel, Navy Personnel, Volunteer Military Personnel)
- action learning approach, planned changes in military justice system, military correctional personnel, 3984
- age & educational level & Armed Forces Qualification Test scores, reenlistment desirability at completion of initial tour, airmen, 8054
- attitudes toward military & national defense, conscripts, 12052
- attitudes toward military psychiatry, 11516
- attitudes toward My Lai massacre & obedience to orders, Australians in 1971 vs U.S. citizens in 1970 & 1971, 2913
- bus ride from Armed Forces induction center to reception station, precipitation of pathological behavior, case reports, 5388
- changes in military psychiatry, 11520
- comprehensive alcoholism program development & operation in U.S. Army, 1705
- convergent & discriminant validity applications, performance appraisal, noncommissioned officers, use of D. T. Campbell & D. N. Fiske's conditions for validity, 6047
- countertransference issues, treatment of military dissenters, military psychiatrists, 7603
- demographic categories in composite characterization, heroin addiction, drug amnesty patients vs. enlisted men in Vietnam, 1341
- detoxification, drug abuse, Vietnam military personnel, 1575
- development & evaluation of Army Classification Battery & aptitude area system, predictive success in Army Military Occupational Specialties, army job trainees, 4003
- distance above ground & knowledge of reference differences, distance judgments over ground & from photographs, conscripts, 12131
- evaluation of U.S. Army's selection & classification testing programs, 12079
- geometric & tactical search strategies, training target detection, Army personnel, 8047
- incarceration, changes in Taylor-Johnson Temperament Analysis, incarcerated soldiers entering & leaving correctional training program, 3779
- interaction structure & behavior & attitudes, draftees & instructors & officers, 12043
- interethnic contact, interethnic friendship choice, European vs Middle Eastern descent Israeli soldiers, 6921
- job analysis, artillery fire controller, 12060
- military occupational choices, Marine Corps recruits, 8029
- military psychiatry approaches, 11526
- military retirement program reform, successful career transfer, military retirees, 1941
- military training disadvantages, establishing psychotherapeutic relationships, military patients, 9596
- personality characteristics, heroin abuse, Army enlisted men returning from Vietnam, 9383
- personality correlates, venereal disease contraction, Australian soldiers in Vietnam war zone, 3524
- personality dimensions, clustering occupational groups, military enlisted & officer & civilian occupational specialties, 6021
- photograph degradation, image interpreter performance, military personnel, 10266
- problems of military panic, literature review, 12045
- psychological testing, military personnel, 12075
- Racial Perceptions Inventory, racial attitudes & perceptions, soldiers at army post, 5083
- role of military psychiatrists, 11169
- similarities & dissimilarities in family background & academic achievements & antisocial behaviors, heroin addiction, soldiers in Vietnam vs U.S. civilian addicts, 3411
- simulation models of personnel operations general matrix manipulator of U.S. Army, personnel management & military manpower systems evaluation, 6058
- sleep loss & stress, detection performance in radar-watching task & heart rate, soldiers, 12092
- status congruency, job performance, psychiatric outpatients vs nonpsychiatric military personnel, 9267
- stress, manual missile guidance, military personnel, 12038
- treatment programs, heroin addicts in Vietnam, 11686
- type of drug & usage rate & method of use & duration of drug involvement & age first used, construction of drug involvement scale, US Navy & Marine Corps enlisted men, 11362
- utilization of conscript's experience during repetition exercise, military training, 12081
- Military Psychology**
- computer applications, improving communication at mental hygiene consultation-inpatient psychiatric interface, military psychiatric service, 5787
- ergonomics for artillery computer, 12124
- error key, effectiveness for interpretations of operational imagery of Vietnam, 8077
- Military Recruitment**
- biographical characteristics & attitudes toward marine corps, U.S. Marine Corps recruits entering basic training in 1961 & 1967 & 1969, 4001
- history of drug abuse, military performance & adjustment, naval recruits, implications for enlistee selection, 891

student body characteristics of colleges, officer effectiveness of graduates, implications for feasibility of officer procurement, 8030

**SVIB, selecting Navy recruiters, 1949**

**Military Schools**

psychological inventories, predicting attrition, U.S. Coast Guard Academy cadets & graduates, book, 6016

self-referral & diagnosis & suicide gesture frequency & psychophysiological reactions, cadets at West Point, 7338

**Military Training**

Armed Services Vocational Aptitude Battery, predictive validity for technical school success, airmen trainees, 6039

attitudes toward military training, conscript officers, 12076

attitudes toward military training, conscripts, 12077

biographical characteristics & attitudes toward marine corps, U.S. Marine Corps recruits entering basic training in 1961 & 1967 & 1969, 4001

development & evaluation of Army Classification Battery & aptitude area system, predictive success in Army Military Occupational Specialties, army job trainees, 4003

drill instructors' attitudes & recruits' age & education & aptitude, attitude change, Marine recruits, 8025

economic factors & relations with officers & working conditions & job satisfaction, resignation from Navy during & after military training courses, Swedish warrant officers, 12103

educational level, prediction of training success with Army Classification Battery, enlisted personnel, 6031

geometric & tactical search strategies, training target detection, Army personnel, 8047

job analysis in relation to functions of weapon systems, antitank defense soldiers, 12061

military training disadvantages, establishing psychotherapeutic relationships, military patients, 9596

motivation & role structure, relations between officers & conscripts, 12118

physical fitness & perceived health status, dispensary visits & success in stressful training, Navy enlisted volunteers for underwater demolition team, 3994

prompted mental practice, flight skills learning, Air Force pilot trainees, 1966

psychological effects, military training, adolescent Marine Corps recruits, 12078

psychological requirements & abilities of personnel, outcome of military training, enlisted occupational specialties, 12089

social & economic status, Swedish conscripts during basic training & repetition exercises, 10009

state & trait anxiety, voluntary withdrawal from flight training, student naval aviators, 10018

teaching methods, military training, high & low aptitude Ss, 1953

training in clear or turbid water, subsequent distance estimation in turbid & clear water, Navy enlisted men, 3999

utilization of conscript's experience during repetition exercise, military training, 12081

**Military Veterans**

adaptation of small-group psychosocial treatment programs, solving psychological difficulties, 18-29 yr old Vietnam veterans, 9856

antisocial behavior & psychiatric contacts & history of drug use, self- vs system-referred heroin addicted Viet Nam veterans, 5428

differential characteristics & adjustment stresses & coping methods of making it back in States, successful & unsuccessful Vietnam veterans, 7052

manifest anxiety, Vietnam veterans vs college students, 9100

open brain injuries, Korsakoff-like amnesic syndrome, Finnish war veterans, 5336

psychiatric self-help movement, Vietnam combat veterans, 7615

shock treatment & psychoanalysis, war induced neuroses, war veterans, 9770

traumatic neuroses of war, Vietnam returnees, recommendations for psychotherapy, 9343

**Minimal Brain Disorders**

caffeine vs methylphenidate or dextroamphetamine, minimal brain dysfunction syndrome, hyperkinetic 7.8 yr olds, 3662

d- + l-isomers of amphetamine, tic frequency, 8-yr-old black female with symptoms of Gilles de la Tourette's disease & minimal brain dysfunction, 1605

familial factors, minimal brain dysfunction, siblings & half-siblings, 1398

medical & psychological evaluation & diagnostic typologies, minimal cerebral dysfunction, 11490

profile analysis of associated factors & syndrome identification, minimal brain dysfunction, 7.12 yr olds, use of R. B. Cattell's coefficient of profile similarity, 5508

soft signs as clues in diagnosis, minimal brain damage, 9502

WISC & Bender Gestalt & Rorschach tests, diagnosis of minimal brain damage, 7.11 yr olds, 11436

**Ministers (Religion)**

church organizational structure & parishioner expectations, structured punishment & stress & devalued self-concept, Protestant ministers, 2858

interest profiles, artists vs farmers vs ministers vs physicists vs real estate salesmen vs newsmen, 10044

seminars on psychological & theological growth, self-concept change, ministers & missionaries & their wives, 4929

**Minn Multiphasic Personality Invent**

actuarial-empirical automated MMPI interpretive program, 4-3/3-4 code type, 9113

age & diagnostic category, MMPI profiles, brain-damaged patients, 3554

age & sex, moderating effects on association between 1-3/3-1 MMPI profiles & medical diagnoses to differentiate between functional & organic diagnoses, medical patients, 3211

anxiety & depression determined from MMPI scores, suicidal tendency & risk, depressed inpatients, 3367

automated psychological test interpretation, MMPI, 5196

comparison of error rates, MMPI profile classification vs prototype profiles, state hospital & private patients, 4108

computer analysis, MMPI scores, male political assassin, 11262

computerized MMPI interpretations, scoring accuracy, psychiatric patients, 3281

cross-validation, Mayo Clinic Institute of Living automated MMPI interpretations vs clinical summaries, Army psychiatric inpatients, 3173

discriminant analysis, MMPI profiles similarities & differences, alcoholics vs narcotic addicts, 3437

empirical systems, MMPI interpretation, 9112

factor structure & content analysis, MMPI alcoholism scales, 1323

factor structure of 1st 168 items of MMPI, psychiatric patients, 7308

factoring by simple structure procedures, MMPI internal structure, mental health center patients, 1253

Hovey & Watson MMPI scales, brain-damaged vs non-brain-damaged medical patients, 9519

Hovey's MMPI scale for CNS disorder, identification of Parkinson's disease patients, 3544

individual differences, Haight-Ashbury drug-using subculture & MMPI psychopathic scale, addicts in detoxification program, 5647

internal & external Midi-Mults of E. Dean, prediction of long form MMPI scores, college students, 9106

item level racial differences, MMPI scores, black vs white psychiatric patients & prison inmates, 10922

judged frequency of endorsement & occurrence scale values & discriminant dispersions, MMPI items, college students, 7146

Ma scale of MMPI & Kassorjian's social preference scale, assessment of inner- & other-directedness & hypomanic tendencies, college students, 3203

MacAndrew Alcoholism Scale of MMPI performance, alcoholic & nonalcoholic psychiatric patients & institutionalized heroin addicts, 3421

Mini-Mult vs MMPI as clinical instrument, college sophomores, 3292

MMPI & internal-external control & Mooney Problem Check List scores, obese vs nonobese adolescent girls, 3413

MMPI & SVIB & Edwards Personal Preference Schedule & General Aptitude Test, MEDEX training program success prediction, exmilitary corpsmen medics, 4013

MMPI changes, male alcoholic state hospital patients, 1959 71, 7379

MMPI characteristics, subsequent hospitalization for alcoholism, male college freshmen, 5424

MMPI differences, seeking vocational guidance & 1st admission to college & change of major, male vs female college students, 5918

MMPI personality traits, chronic renal dialysis vs general-service patients, 9517

MMPI profiles, alcoholics as college freshmen & upon treatment facility entrance, 1337

MMPI profiles, fear of heights, alcoholics, 7360

MMPI profiles, technical managers vs salesmen, 10012

MMPI protocols & clinical psychiatric diagnosis, neuropsychiatric clinic patients, 3328

- MMPI score changes, chronic hemodialysis patients, longitudinal study, 9516
- MMPI T scores & demographic data, identification of job applicants with emotional problems, 11300
- MMPI taken in 9th grade vs as married adult, assortative mating, married couples, 4430
- MMPI Underachievement scale, early detection of academic low achievement, high-achieving college students vs dropouts, implications for counseling low achievers, 3959
- MMPI use & guidelines for pupil personnel workers, secondary school students, 1915
- MMPI 2-point code distribution, precollege students vs precollege students 2 yrs earlier, 9110
- MMPI 8-9/9-8 code type, replicated empirical correlates, psychiatric inpatients, 5304
- new empirical automated MMPI interpretive program, 2-4/4-2 code type, psychiatric patients, 3171
- new empirical automated MMPI, interpretive program, 6-8/8-6 code type, white patients, 3143
- parent offspring resemblances on MMPI taken at same age, personality heritability, adolescents & parents, 437
- pathological evolution & personality structure, endogenous-phasic psychotic & reactive depressive adolescents & children, 7313
- personalities as measured by MMPI, LSD users vs. nonusers, 1093
- personality characteristics on MMPI, incarcerated vs street heroin addicts, 9375
- personality traits on MMPI, 1-time vs recidivist 15 24 yr old unwed mothers, 1102
- R scale scores on MMPI, rating of social desirability scale values of personality statements, alternative explanation of data supporting R scale as acquiescence measure, 3142
- scoring of MMPI in standard vs Mini-Mult fashion, validity of Mini-Mult, reformatory inmates, 3200
- seasonal variation, personality traits on MMPI, college students, 9091
- self-ratings & scores on MMPI clinical scales, self-description of adjustment problem syndrome, psychiatric in- & outpatients, 3321
- tape recorded vs booklet MMPI administration, delinquent boys, 3414
- test validity, MMPI headache scale, 9220
- test validity, T. R. Faschingbauer's abbreviated MMPI, psychiatric patients, 8122
- validity, MMPI alcoholism scales, clinical diagnosis of alcoholism, 3445
- volunteer factor, elevated MMPI profiles, heroin addicts vs nonaddicts, 5403
- Minnesota Teacher Attitude Inventory**
- Minnesota Teacher Attitude Inventory, delineation of teacher attitudes toward students & teacher-student interaction improvement, 11884
- Minor Tranquilizers** (See also Chlordiazepoxide)
- benzocetamine, vigilance & anxiety, anxious & nonanxious 20 26 yr olds, 11606
- chlorazepate, patients suffering from anxiety & tension, 11612
- dimenhydrinate & temazepam, spiral aftereffect as measure of motion sickness susceptibility, college students, 6603
- lorazepam, anxiety, psychiatric outpatients, 11593
- lorazepam, psychotic patients treated with haloperidol, 1587
- motivational factors or therapist bias, oxazepam as anti-anxiety agent, neurotics, 9647
- neuroleptics & antidepressants & minor tranquilizers, gastric secretion & barbiturate sleep, rats & mice, 10708
- oral dehydrobenzperidol, psychiatric patients exhibiting agitated mental states, 11600
- oxazepam, mentally ill 1 18 yr olds, 11599
- Minority Groups**
- background & cognitive & motivation variables, predicting persistence in university special educational opportunities program, 1908
- comparisons of majority & minority group regression lines for purposes of assessing test bias, 2867
- counseling minority group members, 7770
- counseling, blacks & women & Chicanos & Puerto Ricans & American Indians, literature review, 11782
- cultural & social assimilation, adjustment & social role, Chinese-Americans, 6916
- cultural origins & early socialization & U.S. life style & age related changes & expectations regarding aging, problems of elderly Asian-Americans, 6942
- employment problems & issues, minorities & disadvantaged & females, bibliography, 1965
- experience as discriminator & object of discrimination, subsequent attitudes toward picnicking with black children, white 3rd graders, 3085
- mental hospital commitment trends over past 100 yrs, Chinese in California, 7263
- moderated regression, prediction & nondiscrimination, implications for minority group testing for employment purposes, 6029
- myth of returning to homeland, social relationships & lack of cultural assimilation, Pakistani immigrants in Britain, 814
- participation of lower income & minority groups, development of alternatives to public welfare, 1469
- problems in sociological research on minority groups, 6924
- race & minority group status, drug usage, black & white & American Indian & oriental college students, 5020

- models of reading & reading disability, 3481
- morality vs correctional vs social problem vs disease vs behavior-learning vs existential models for alcoholism programs, current emphasis on disease model, 9578
- multi-attribute utility theory, decision making, 10414
- production systems in information processing, models of control structure, 8098
- quantification processes analysis, development of information-processing model of cognitive development, 8893
- real time interaction system, human information processing, 10327
- separating ontogenetic changes & cohort differences, age-related developmental models, 8866
- single- vs. double-chamber cochlear models, amplitude & place of basilar membrane displacement patterns, 362
- statistical & methodological properties, F. E. Fiedler's contingency model of leadership effectiveness, 8069
- sub-human animal models, advantages & disadvantages for human neuropsychology, 6351
- technique of formalizing & testing models of behavior of social category or typical society members, 2950
- word recognition & other language-processing tasks, logogen model of J. Morton, measure of latency to read words or name objects or compare printed names & objects, 187
- Moderately Mentally Retarded** (See Trainable Mentally Retarded)
- Mohave Indians** (See American Indians)
- Mollusca** (See also Snails)
- training consisting of 4 brief noxious stimuli, long-term sensitization of defensive withdrawal reflex, *Aplysia californica*, 10581
- Monetary Incentives**
- financial reward vs no reward vs unknown reward, task satisfaction & satisfaction with coworkers, college students, 12096
- goal setting vs financial incentives, perceptual-motor task performance, college students, 10499
- monetary incentive & learning efficiency, cue utilization, 12th graders, 2679
- monetary incentive, intelligence test performance, college students, 6251
- offerings of slight increases in pay & status & job freedom & coworker friendliness, commitment to professional organization, teachers & nurses, 1978
- praise & monetary rewards, reading comprehension, 6th graders with reading deficits, 11916
- Monetary Rewards**
- financial reward vs no reward vs unknown reward, task satisfaction & satisfaction with coworkers, college students, 12096
- monetary reinforcement amounts, mood changes & response rate variations in button-pressing task, alcoholics & normal volunteers, 3427
- monetary reinforcers & adult instructions, effectiveness in control of choice behavior, male 1st graders, 2464
- monetary reward, operant heart-rate control, college students, 2448
- money & praise reinforcement, repetitive unintelligible speech, 7-yr-old mildly retarded boy, 3680
- objective uncertainty & payoff system, latency of subjective certainty in predictive judgment situations, 192
- performance charts & money, comprehension of instructional filmstrips, educable mentally retarded 12-15 yr olds, 3933
- physical attributes of tokens used in token economies, 1784
- praise & money reinforcement, name recall after picture identification sessions, male schizophrenics, 3369
- rewarding psychiatric aides, behavioral improvement of assigned patients, 11204
- Money**
- cost of residential care & other special programs & suggestions for preventive programs, emotionally disturbed, 3801
- dissonance & money, return rates of mailed questionnaires, 10961
- financial vs. academic vs. personal vs. extracurricular vs. health vs. living arrangements as reasons for university withdrawal, male vs. female college students in professional vs. nonprofessional programs, 1792
- individual performance & effort, sharing pay with another, college students, 11045
- money & moral set, moral judgment, male juvenile delinquents, 5426
- nonprofit vs profit-making halfway houses, rehabilitation of alcoholics, 9640
- number of alcoholics known vs unknown to treatment agencies, implications for appropriating funds, England, 11766
- per capita educational expenditure, reading & arithmetic achievement & IQ scores, 4th & 8th & 12th graders, 9932
- university vs. commercial sponsor & prepayment, compliance with mailed request, 1940
- Mongolism** (See Down's Syndrome)
- Monitoring** (See also Vigilance)
- alternating dichotic presentation of tones vs monaural presentation, tone monitoring tasks, college students, 10216
- computer-based monitoring task, maintaining constant detection rate, college students, 10171
- eye-tracking instrument using 2 Purkinje images, 4194
- high altitude atmospheres, monitoring performance of simulated Army radio-communication task, U.S. Army enlisted men, 8472
- intensity & size & rate of displacement of TV monitor spots, threshold differences, human Os, 4190
- keeping track of sequential events, implications for design of displays, 10185
- prewarning, increase in reaction time in auditory monitoring task, college students, 8204
- sex differences, signal detection & false alarms on visual monitoring task, college students, 10484
- simulated TV films, suspicious activity inside or outside prison walls, 22 55 yr old prison officers & research staff members, 10298
- social distance between E & S, visual monitoring performance, college students, discussion within context of superior-subordinate role model, 5048
- Monkeys**
- ablation of anterior portion of right cingulate cortex, response to sensory stimuli, stump-tailed macaques, 10640
- accommodative vs versional eye movements, abducens-nucleus & oculomotor-nucleus motoneurons, alert monkeys, 2494
- acoustic startle response, temporal sequence of cerebellar Purkinje & nuclear activity, monkeys, 4355
- alcohol & rearing under maternal & peer deprivation, growth rate & physical dependence & oral preference, infant monkeys, 6645
- alcoholism, metabolic & biochemical alterations, hamsters & mice & monkeys, 6609
- ambient illumination & white noise & monkey vocalization, interference in visual short-term memory, monkeys, 2725
- aminazin & triflazin & etaperazin & carbidin, provoked & nonprovoked aggressive behavior, mice & rats & cats & monkeys, 10647
- amphetamine sulfate & chlorpromazine & phencyclidine hydrochloride, nonverbal communication & group social behavior, monkeys, 6647
- analysis by sociometry & bioacoustics & cerebral radio-stimulation, social communication, monkeys, 4784
- androgen, aggressive & playful & sexual behavior, 6 14 mo old female monkeys, 562
- artificial mothers & visual experience, adrenal responsiveness, infant monkeys, 6439
- avoidance of noxious pressurized air, performance on discrimination learning task, monkeys, 6754
- bilateral ablation of prefrontal or anterior temporal cortex vs cingulate or visual association cortex, decreased frequencies in grooming & facial expressions & vocalizations & maternal & sexual behaviors & social interactions, rhesus monkeys, 2566
- bilateral orbital prefrontal lesioning at 1 vs 4 vs 8 wks, delayed recovery of function, rhesus monkeys, 6555
- brightness discrimination & discrimination reversal, eye movements, monkeys, 2748
- cage housing vs chair restraints, urinary epinephrine & norepinephrine levels, monkeys, 6455

- castration & replacement therapy with testosterone propionate, sexual behavior, adult male monkeys, 4453
- chlorambucil vs cortical application of conjugated estrogen & induced spike-wave activity, electroretinograms & visual evoked potentials, monkeys, 4353
- chlordiazepoxide, successive red green discrimination responses, monkeys, 2606
- chlorpromazine & morphine & phentolamine & alpha-methyl-paratyrosine & pentobarbital & imipramine & phenmetrazine & dextroamphetamine sulfate & atropine sulfate & atropine methylatropine nitrate, cocaine self-administration, rhesus monkeys, 593
- chlorpromazine & trifluoperazine & perphenazine & carbide, provoked & unprovoked aggression, mice & rats & rabbits & cats & monkeys, 4560
- chlorpromazine, self-disturbance behaviors, monkeys subjected to partial social isolation during 1st 11 mo of life, 8723
- chronic amphetamine intoxication, adrenergic & cholinergic structures in CNS, cats & monkeys, 10663
- chronic amphetamine intoxication, stereotyped behaviors, rats & cats & rhesus monkeys, 550
- cocaine vs dextroamphetamine vs levoamphetamine & methamphetamine, maintenance of self-administration behavior, monkeys, 8676
- commissure section, intermanual tactile transfer, monkeys, 2569
- constant irrelevant cues, stimulus generalization & transfer, monkeys, 6711
- cross-modal transfer between vision & touch on go-no-go discrimination, monkeys, 2739
- daily activity cycles & weather influences, behavior, pigtail monkeys, 6684
- delayed matching & short-term memory, monkeys, 4703
- delayed response tasks, cell activity in nucleus medialis dorsalis, monkeys, 4345
- delayed-alternation & visual discrimination learning, EEG correlates, female rhesus monkeys, 4329
- dominance & play behavior in laboratory colony, younger vs older male vs female monkeys, 669
- dominance order & social interaction, 5-member groups of stump-tail macaques, 6793
- dominant & subordinate group contact, intragroup aggression, monkeys, 4779
- dorsal root transection, stages of recovery of voluntary extension & grasp, adolescent rhesus monkeys, 8604
- dorsolateral frontal ablations, behavior changes in social & isolation conditions, monkeys, 2562
- dorsolateral frontal ablations, brief light flash detection, monkeys, 4496
- dorsolateral frontal lesions, delayed response deficit & orienting responses, monkeys, 6535
- dorsolateral prefrontal cortex vs caudate nucleus lesions, visual discrimination & auditory conditional position response impairments, monkeys, 2574
- drinking alcohol as avoidance response, post-conditioning alcohol consumption levels, monkeys, 8713
- early enrichment vs deprivation, learning, monkeys, 4713
- early social isolation, basal cortisol levels & adrenal cortex reactivity to ACTH injection or novel environment stress, rhesus monkeys, 8566
- electrical stimulation of prefrontal cortex, behavioral deficits, monkeys, 4538
- electronically controlled load, manipulandum, monkeys, apparatus, 6807
- electroretinographic criterion response, spectral sensitivity of blue cone system, monkeys & humans, 4819
- enucleation of one eye from visual cortex, visually evoked responses, rats & guinea pigs & cats & monkeys & humans, 4477
- environmental differences, social & sexual & communicative behavior, arboreal vs terrestrial species of monkeys, 4765
- environmental factors, reproductive cycles, 2 subspecies of purple-faced langurs, 2734
- environmental stress, electrocardiographic & cardiac morphological changes, monkeys, 8541
- ethanol-reinforced responding, monkeys, 6767
- ethanol, development of function tolerance measured by performance recovery of discrimination-reversal task, monkeys, 6654
- ethanol, withdrawal syndrome, monkeys & dogs, 6607
- external discriminative stimuli & d-amphetamine pretreatment, drug-induced reinstatement of self-administration behavior, monkeys, 2643
- fading vs other training procedures without prior establishment of stimulus control baseline, errorless discrimination learning, monkeys, 8790
- FI vs differential-reinforcement-of-low-rates vs extinction reinforcement schedules, leverpressing for food, monkeys with prefrontal cortex partial ablations, 8640
- field primate research in territoriality & leadership & behavior repertory, male vs female monkeys, 4777
- film analysis vs "Baby-Spin" apparatus, motor development measurement, mother-reared monkey neonates, 6685
- fixed-delay reaction time tasks, contingent negative variation of frontal lobe, monkeys, 4343
- fornix lesions, nonmodality specific spatial reversal learning, monkeys, 4506
- fornix transections, visual & tactual object discrimination, monkeys, 4556
- frontal cortical ablations, alcohol selection & emotionality, monkeys, 6542
- frontal lesions beyond gyrus preceus, delayed responses after prefrontal ablations, cats vs monkeys, 6526
- frontal lesions, spatial & temporal organization & proactive & retroactive inhibition & input control, monkeys, 6565
- head & body tilt, flicker-induced nystagmus, monkeys, 4173
- homosexual behavior & dominance hierarchy, captive female squirrel monkeys, 2736
- hypertonic urea or lactamide solutions, osmotic opening of blood-brain barrier without associated neurological deficits, monkeys, 457
- individualized housing conditions with no social contact between measurements, long- & short-term stability of pairwise social-dominance relations, monkeys, 10773
- infant sharing in captivity, 2 male & 2 female colobine monkeys, 6779
- inferotemporal & foveal prestriate lesions, visual sensitivity, monkeys, 4468
- interaural time differences of auditory neuron transmission, cats & monkeys, 10526
- intercalated reinforcement technique, neurochemical correlates of learning, rats & monkeys, 4695
- interest & pleasure in stimuli, visual preferences, monkeys, 8849
- interpositus & red nuclei stimulation, evoked postsynaptic effects in lumbar motor neurons, monkeys, 4530
- intraventricular 6-hydroxydopamine, social interactions & initiatives & facial expressions & postures, adult rhesus monkeys, 4650
- isolation & photopic intensities, photopic suppression of rod receptor potential, monkeys, 10544
- lack of reward, visual pattern discrimination, split-brain monkeys, 4485
- learning & generalization of 2-dimensional sameness-difference concept, chimpanzees & orangutans, 6726
- learning ability & retention performance, 33-wk-old male squirrel monkey, implications for comparative & developmental study model, 662
- learning ability, behavioral abnormalities & rehabilitation, monkeys, 6718
- long- & short-term retention, talapoin monkeys, 2715
- long-term preredward suppression unaccompanied by cardiovascular conditioning, monkeys, 2700
- low- or high-protein diets, dominance behavior measured by shock avoidance & food competition, monkeys, 10602
- morphine & pentobarbital & dextroamphetamine & phenmetrazine & trifluoperazine & imipramine, cocaine self-administration behavior, monkeys, 8761
- morphine sulfate & scopolamine hydrobromide & dextroamphetamine sulfate & pilocarpine nitrate & scopolamine methylbromide & a-methyl-p-tyrosine, aversive thresholds, monkeys, 4606
- mother surrogate, rearing, infant monkeys, 4774
- mother-infant separation, depression, monkeys, 4775
- mother-infant separation, induction of adrenal catecholamine synthesizing enzymes, infant monkeys, 10553
- mothers' & infants' roles, development of independence, pigtail monkeys, 6782
- nicotine vs angiotensin II injected in hypothalamic & mesencephalic sites, evoked drinking behavior, monkeys, 8646
- nonspecific thalamocortical projections, sensory responsiveness of single units of polysensory cortex, monkeys, 6401

- oddy performance & reversal, squirrel vs Cebus monkeys, 2720
- operantly conditioned activity of single precentral pyramidal tract cells near induced epileptic focus in motor cortex, monkeys, 6380
- orbital & dorsolateral frontal cortical ablations, ethanol self-selection & emotionality, monkeys, 4495
- patterned visual stimuli & luminance changes, visually evoked cortical potentials, 25 40 yr olds & monkeys, 4358
- peripheral & central stimulus detection in auditory pathways, monkeys, 682
- phenylalanine, avoidance learning, monkeys, 4575
- photopic & scotopic spectral sensitivity, Cebus capucinus vs Lagothrix atelinae, 10803
- polydipsia technique, induced alcohol consumption, monkeys, 2708
- postresponse stimulus information, discrimination learning, monkeys, 4739
- preconditioning train stimuli to center median nucleus, cortically-induced peripheral motor nerve activity, cats & monkeys, 6516
- profound environmental deprivation early in development, response to subsequent deprivation, monkeys, 8806
- protein malnourishment, reactions to intrinsic & extrinsic rewards, monkeys, 2554
- radiostimulation of caudate nucleus & central gray, inhibition of spontaneous & instrumental behavior, rhesus monkeys, 2564
- rearing from birth with mothers & subsequent separation at 60 vs 90 vs 120 days of age & housing alone vs in pairs, behavior, monkeys, 4794
- rearing in partial isolation, dominance-submissiveness behaviors, monkeys, 10786
- rearing in social isolation, stereotyped movements, sighted vs severe visual acuity deficit macaques, 4763
- rearing on low or high protein diets, dominant-aggressive interactions & food competition, monkeys, 4798
- recording from specific folia of cerebellar vermis by direct visualization of area, awake cats & monkeys, 8537
- reinforcement model of imprinting, implications for socialization in monkeys & man, 10742
- reversal learning to white vs black stimulus, 21- vs 31-day-old monkeys, 6768
- rhythmic photostimulation, monkeys with hyperkinesis of postencephalic genesis, 4391
- rostral corpus callosum, mediation of transfer of object learning set vs single-problem learning, split-brain monkeys, 4515
- secobarbital & chlorpromazine, induced impairment in conditioned avoidance & heart & respiratory rate changes, monkeys, 8679
- self-administration of phencyclidine following leverpress training for cocaine injections vs no previous training, monkeys, 10646
- self-directed aggressive behavior, socially reared rhesus monkeys, 8835
- separation from mothers, activity & contact & mixed & sex play & object manipulation, group-reared infant monkeys, 6783
- separation, depression, monkeys, 4780
- sexual behavior with estrogen-primed females, male pigtail macaques, 674
- shock thresholds, low- vs high-protein-reared rhesus monkeys, 2559
- simple method for measurement of spontaneous motor activity during chair restraint, squirrel monkeys, 2662
- sleep & wakefulness, parietal association cortex neurons discharge, monkeys, 4341
- sleep & waking, cortical interneurons, monkeys, 4371
- social behavior & aggressiveness, stump-tail vs rhesus monkeys born in laboratory & separated from mothers within 24 hrs, 2728
- social development, infant monkeys raised with peers vs raised with mothers vs raised with mother surrogates, 4766
- social organization as expression of role behavior, captive vervet monkeys vs gelada baboons vs Celebes monkeys, 6774
- sodium pentobarbital, dissociated learning & state-dependent retention, monkeys, 6592
- somatosensory deafferentation of both forelimbs after birth with vs without blinding, motor performance development, baboon & rhesus monkeys, 4543
- stimulus frequency, synchronization of auditory nerve discharges, monkeys, 10512
- stimulus intensity & light adaptation, slow decay of cone receptor potentials, monkeys, 10543
- stimulus wavelength & saturation, excitation vs. inhibition responses from lateral geniculate nuclei, macaque monkeys, 374
- structural organization of hypothalamus, man vs lower monkeys vs rabbits & rats, 10514
- successively presented brief visual stimuli, visual discrimination performance, monkeys, 10732
- synaptic organization, fine structure of thalamic inferior pulvinar, monkeys, 4338
- temporal evaluation of flash-evoked optic tract response & electroretinogram, isolating rod & cone contributions, monkeys, 4417
- time after parturition to death, response to bodies of own vs other dead infants, squirrel monkeys, 6785
- time course of variable preparatory period, reaction time, split-brain monkeys, 6512
- total social isolation for 1st 6 mo. of life & subsequent exposure to surrogate & housing in pairs, social behavior, monkeys, 678
- type & frequency & location & outcome, intergroup encounters, Barbary macaques, 4770
- unilateral lesions in midbrain reticular formation, delayed-response & visual pattern discrimination, monkeys, 4552
- variable-temperature surrogate mother apparatus, attachment studies, infant monkeys, 667
- variants of single call type, single neuron responses in auditory cortex, monkeys, 6402
- visual discrimination training, inferotemporal evoked potentials, squirrel monkeys, 2477
- X-O anomaly & ovarian dysgenesis, rhesus monkey, 2663
- Monoamine Oxidase Inhibitors** (See also Iproniazid, Nialamide, Pargyline, Phenelzine, Tranylcypromine)
- MAO inhibitors or tricyclic antidepressant drugs, depression, 11616
- MAO inhibitors, depression, 11684
- nicotinic acid prior & simultaneous administration, prevention of exacerbation & improvement of psychopathology induced by MAO inhibitor & methyl donor, schizophrenics, role of catechol-O-methyl-transferase activity, 1558
- phenothiazine & MAO inhibitors overdoses, suicide attempts & accidental poisoning, 3402
- procaine hydrochloride therapy, inhibition of monoamine oxidase, rats, implications for use with geriatrics, 5651
- psychomotor stimulants & MAO inhibitors & tricyclic compounds, clinical depression, current status of research, 3647
- Monoamine Oxidases**
- a-methyl-p-tyrosine- & p-chlorophenylalanine- & reserpine-induced cerebral monoamine depletion, circadian rhythm of locomotor activity, mice, 8707
- monoamine oxidase activity in platelets & plasma, monozygous vs dizygous twins, 2551
- monoamines or their antagonists, dual hypothalamic control of ovulation, rats, 10710
- Monocular Vision**
- intermittent illumination below fusion frequency, extended border enhancement during binocular & monocular conditions, 4212
- left- & right-monocular & binocular viewing conditions, dark-adapted foveal thresholds at various flash durations, 4218
- monocular & binocular viewing, head nystagmus in rotating drum with vertical black & white bars on inside, pigeons, 10798
- monocular vs binocular visual performance, review of experiments, 10241
- prolonged monocular deprivation, temporal changes in visual sensitivity, adult humans, 4219
- random-dot stereograms without monocular inspection & test contours, figural aftereffects, college students, 10302
- shading & linear perspective & position on plane & monocular vs binocular viewing, sensitivity to pictorial depth, 36 93 mo olds, 8218
- surface texture & restriction on viewing conditions, variation in monocular size judgments, 2235
- Monolingualism**
- bilingual vs monolingual instruction, physical education, Spanish-speaking & non-Spanish-speaking 4th & 5th graders, 7914
- Monozygotic Twins**
- birth weight, physical & cognitive development, monozygous twins dissimilar in size at birth, 6836
- body weight differences between co-twins, 6-12 yr old monozygotic vs dizygotic twins, 717
- concurrent schizophrenia-like psychosis, 24-yr-old identical twins suffering basal ganglia disorders, 3388
- dimethyltryptamine-forming enzyme in blood platelets, monozygotic twins discordant for schizophrenia, 11340
- EEG rhythms, monozygotic & dizygotic twins, 6415
- genetic determinants, intelligence, identical & fraternal twins & nonrelated pairs, 8574

genetic factors, attitudes toward alcohol drinking & cigarette smoking & coffee drinking, 16 31 yr old monozygotic & dizygotic twins, 10595

genetic vs environmental covariation, psychoticism & extraversion & neuroticism, monozygotic twins, 5188

genetics vs life styles & common socialization experiences, dream recall frequency, monozygotic & dizygotic twins & siblings & friends living together & apart, 7131

gross body balance heritability, monozygotic & dizygotic twins, 8318

hereditary component, response to double trapezium illusion, identical vs fraternal twin pairs, 2549

monoamine oxidase activity in platelets & plasma, monzygous vs dizygous twins, 2551

parental perceptions of identical vs fraternal twins, implications for comparable life experience assumption in twin studies, 8573

perceptions of alikeness & attitudes toward being twin, like-sexed identical vs fraternal twins, 9049

physiological & developmental differences vs genetic hypothesis, schizophrenia, monozygotic twins, 9248

reading disability concordance, monozygotic vs dizygotic twins, 1371

**Montessori Method**

peer & adult social interactions & deviations, 3 & 4 & 5 yr olds in Montessori nursery vs university laboratory preschool vs parent cooperative nursery, 5888

**Moods** (See Emotional States)

**Mooney Problem Check List**

MMPI & internal-external control & Mooney Problem Check List scores, obese vs nonobese adolescent girls, 3413

reported problems as measured by Mooney Problem Check List, emotionally disturbed vs normal adolescents, 7267

**Morality**

averaging model with differential weights, morality judgments, college students, 8323

cultural moral development stages, 10 & 13 & 16 yr old boys, examination of L. Kohlberg's theory, 10811

evolution of moral concepts, proletarian vs middle-class 6 7 & 9 11 yr olds, 10843

intentions & seriousness of consequences to victim, evaluation of aggressors, 8- vs 12-yr-old Dutch boys, discussion in terms of Piaget's theory of moral development, 2820

moral conflict & self-questioning, moral development during adolescence, 780

moral values, psychoanalytic insights concerning theory & practice, 1695

**Morals**

adult constraint vs peer group action, subjective responsibility vs idea of justice development according to Piagetian categories, Lao 6 14 yr olds, 8868

adult modeling & rule structure, responses to moral situations, 5th graders, 3022

childrearing practices & teacher presence vs absence during moral dilemmas test, conformity to adult values & anxiety & guilt about misdeeds, American vs German 6th graders, 4928

cognitive developmental approach to moral development applied in classroom settings, school psychologists, 3858

conflict, moral judgment, preschoolers & 2nd graders & adults, 10905

cultural norms, ethical reasoning stages & perceived moral norm content, Carib boys, 6934

ideological & activism differences, moral reasoning, college students & faculty & administrators, 7063

intent & ability of judged person & outcome, moral & achievement evaluative judgments, black vs white 4 18 yr olds, 4870

money & moral set, moral judgment, male juvenile delinquents, 5426

moral & social norms, language of law vs man's inner forces, 8969

moral appeal vs sanction threat, deterrence of classroom cheating, male vs female college students, 1791

moral ideal, childhood development, school age children, USSR, 4882

moral training for citizenship, vocational counseling, USSR high school students, 8008

personal relationship between S & hypnotist & S's knowledge of participation in experiment & moral stance toward antisocial act, ability of hypnosis to create antisocial behavior, college students, experimental & ethical problems, 9363

psychology classes based on Kohlberg's & Piaget's stage theories, ego development & psychological & moral education, high school students, 3874

resolution of conflicts, moral development, college students, 694

significant moral conduct & parental antecedents, moral judgments, 14 16 yr old male delinquents vs nondelinquents & their mothers, 5413

sociology of education theory & application, moral education, book, 11865

subjective probability, moral evaluation of good vs bad person actor/act combination, 5082

theoretical & moral & legal problems, treatment of terminally-ill patients, 11525

training, level of moral maturity, 3-6 yr olds, 10907

verbal discrimination training vs discussion group, training to consider intentions when making moral judgments, 48 54 mo olds, 705

**Mores** (See Values)

**Morons** (See Educable Mentally Retarded)

**Morphemes**

grammatical & semantic complexity & use frequency in parental speech, grammatical morpheme acquisition, 16 40 mo olds, 6844

temporal morphemes vs verb tense opposition vs logical relations between events expressed vs sentence presentation order, understanding temporally related sentences, 6268

**Morphine**

ad libitum drinking of morphine in water & saline & sucrose, opiate dependence, rats, 6689

alcohol & chlordiazepoxide & morphine, taste aversion conditioning, rats, 537

alpha-methyl-p-tyrosine, morphine dependence, female rats, 8701

brain biogenic amine depletion, acute EEG & behavioral arousal effects of morphine, rats, 540

chlorpromazine & morphine & phentolamine & alpha-methyl-paratyrosine & pentobarbital & imipramine & phenmetrazine & dextroamphetamine sulfate & atropine sulfate & atropine methylatropine nitrate, cocaine self-administration, rhesus monkeys, 593

differential classical conditioning of abstinence syndrome, morphine-dependent rats, 2646

environmental influences, morphine vs dextroamphetamine induced suppression of operant behavior, rats, 8748

haloperidol, reacquisition of morphine self-administration, rats, 594

inhibition of catecholamine biosynthesis by a-methyltyrosine & FLA-63 or blockade of brain, catecholamine receptors, morphine-induced excitation vs. amphetamine stimulation of behavior, rats, 528

intensive group psychotherapy, morphine addicts, 11697

intraventricular 5,6-dihydroxytryptamine pretreatment, decreased antinociceptive activity of morphine, male rats, 8622

levo-a-methyl-p-tyrosine pretreatment, self-administration of morphine & dextroamphetamine, rats, 546

LSD & mescaline & dextro- & levoamphetamine & cocaine & morphine, audiogenic seizure susceptibility, mice, 4566

morphine & chlorpromazine & pentobarbital & diazepam, responding punished with varied intensities of electric shock, pigeons, 2623

morphine & methadone & meperidine & codeine & nalorphine & pentazocine, EEG & EMG & behavior, rats, 4578

morphine & morphine-6-glucuronide & pentazocine, naloxone-induced jumping response in predicting physical dependence capacity of morphine-like analgesics, mice, 4612

morphine & pentobarbital & dextroamphetamine & phenmetrazine & trifluoperazine & imipramine, cocaine self-administration behavior, monkeys, 8761

morphine & sodium pentobarbital & chlorpromazine & naloxone, morphine specific seizure & death, polydextrolysine treated mice, 10675

morphine abstinence, shock & dextroamphetamine induced fighting & defense, male vs female rats, 6602

morphine dependent behavior, rats, clinical implications, 8714

morphine sulfate & scopolamine hydrobromide & dextroamphetamine sulfate & pilocarpine nitrate & scopolamine methylbromide & a-methyl-p-tyrosine, aversive thresholds, monkeys, 4606

morphine sulphate & morphine tolerance & transverse brain lesions, wet-shake response to ice water, rats, 2652

morphine vs pethidine vs aminophenazone, nociceptive reflexes & spinal reflex activity before vs after monoamine depletion, female rats, 10669

- morphine-adulterated food & ad lib water vs sucrose morphine, inducing physical dependence on morphine, rats, 2615
- morphine, addiction & dependence & withdrawal effects, rats with posterior medial forebrain bundle lesions, 6532
- morphine, conditioned aversion to saccharin solution or plain water, mice & rats, 8709
- morphine, lateral hypothalamic self-stimulation, rats, 6640
- morphine, serotonin metabolism in brain, rats, 6627
- morphine, EEG & EMG & associated behavior, rats, 580
- organic brain lesions in pneumoencephalographic picture, morphine addicts, 5454
- pentazocine & morphine & methadone & levorphanol & meperidine, behavioral arousal, rats, 545
- self-administration of morphine before & during morphine dependence & after 16 mos of abstinence, relapse to morphine use, dogs, 2613
- stimulus control of morphine-withdrawal hypothermia, rats, 589
- strychnine & morphine application to cells in cerebral cortex, depressive responses to acetylcholine & noradrenaline & 5-hydroxytryptamine, rats, 4541
- study of case histories of cancer patients addicted to morphine, implications for understanding drug addiction, 7404
- ventral vs dorsal hypothalamic lesions, drinking of morphine solutions, rats, 4462
- viminol vs morphine, locomotor activity & operant & conflict behavior & EEG, rats, 4558
- 6-hydroxydopamine, brain levels of norepinephrine & dopamine & analgesic response to morphine & tolerance, rats, 4564
- Morphology**
- contingent negative variation amplitude & morphology & duration, neurotics vs psychotics vs normals, 7336
- neural section, neuroglia of hypoglossal nuclei, dogs, 4546
- Morphology (Language)**
- acquisition & use of morphological rules, high-risk vs learning disabled vs achieving 3.7-10.2 yr olds, 5491
- Mortality (See Death And Dying)**
- Mortality Rate**
- decade of birth distribution & incidence of early parent death, depressive & neurotic & psychotic & alcoholic & personality disorder diagnoses, patients, 1187
- job satisfaction, mortality & suicide rates, refraction vs surgical ophthalmologists, 11181
- maternal separation & isolation & sex & age, response to Ehrlich ascites carcinoma, mice, 2557
- national extraversion & anxiety levels, cancer mortality rates, 7535
- Moslems (See Islam)**
- Mother Absence**
- marital breakdown & mother's death, characteristics of motherlessness, 11-yr-olds living with fathers, longitudinal study, 2976
- separation from mothers, activity & contact & mixed & sex play & object manipulation, group-reared infant monkeys, 6783
- working mothers & day care, childhood development, literature review, 2765
- Mother Child Relations**
- rooming-in" with newborns vs conventional situation of separate nursery, confidence & competence in care of baby, mothers, 7027
- accepting vs rejecting mother vs unknown female model, imitative behaviors, male vs female 5 yr olds, 4894
- adaptation to aversive maternal control, learning theory of schizophrenic development, book, 1251
- arrival & departures of mother & father & stranger, onset & development of separation protest & relationship to object permanence, 9 & 12 & 18 & 24 mo olds in Guatemala vs US, 10901
- attachment & mother-infant interaction, suggestions for research orientation change, 4895
- auditory stimulation, perceptual motor development, premature infants, 2783
- aversive stimulation by mother, self-destructive behavior, 12-yr-old son, 1672
- behavioral observations, nondestructive vs destructive aggression, neonates & mothers, 778
- birth of sibling, mother child interactions, working-class mothers & their firstborn children, 8911
- breast feeding ability, maternal attitudes toward breast feeding, 777
- child management techniques, mother-child interaction modifications, mothers & 49 yr old retardates, 11408
- childrearing attitudes & mother-child interaction, middle-class vs working-class mothers, 779
- cross-cultural differences, mother-directed achievement of children, Mexico & United States, 2861
- daily reading by mothers, vocabulary growth, Head Start children, 9889
- deep-seated maternal conflicts regarding reproductive function & motherhood, enuresis & other adaptational problems in offspring, 7307
- demographic variables & perception of self & mother & preferred femininity in dating partners, perceptions of women, male college students, 1002
- difficulty in behavioral technique use, changing child's behavior, cooperative parents, 9748
- disturbed mother child relationship in pregenital phase, psychosomatic disorders, 5285
- dreams & associations portraying fantasy related to mother & other women, homosexual behavior, male in analysis, 9764
- early experience & childhood parental absence, depression & marital & family-building problems, women, 10898
- expectations of mothers' behavior preceding initiation of contact comfort, college students & mothers, 6893
- familial variables, expression of violent aggression, black preschoolers & their mothers, 963
- family & mother-child relations, obese girls, 5302
- father absence & mother's cognitive style, child's cognitive differentiation, 8-15 yr olds, 4250
- fathers vs mothers vs strangers, eliciting attachment behaviors, 10 & 13 & 16 mo olds, 10894
- free-play situation with mother, self-initiated behavior, 1 and 1-yr olds, 6898
- gross temporal patterns, infant-adult gaze behavior, 4 mo olds & Es or mothers, implications for human communication theory, 10822
- group treatment, mother daughter relationship, adolescent girls & mothers, 3695
- High Lands Dependency Questionnaire, clinical use in child psychiatry, mothers of junior & secondary school children, 770
- home-based educational intervention, maternal teaching behavior & child's academic achievement, low-income urban homes, 11932
- infantilization of women by their mothers, intergenerational pathology treatment of daughters & granddaughters, 7614
- infertility & child abuse & abortion, maternal hostility toward children, case reports, 9360
- inhibitory vs receptive mothers, aggressiveness vs fearfulness tendencies in cognitive styles, children, 8903
- maternal affection, ambivalencies & personality development, children, book, 781
- maternal behavior, mental & motor & physical & behavioral development, long-term study, 2816
- maternal employment & educational attainment, sex-typed attributes, female college students, 4899
- maternal employment & sex role & social class, childhood development, infants & preschool & school age children & adolescents, 714
- maternal physical affection & sibling structure, closeness to others on interpersonal distance measure, 3rd-4th graders & college students, 6892
- maternal reinforcement styles used in teaching their children, individual differences in responses, black & white English & Israeli 4 yr olds, 6889
- maternal unresponsiveness & insensitivity to crying & signals & being put down, individual differences in responses to brief separations, 9-12 mo old infants & their mothers, 6901
- mother as therapist & social punishment, autistic-like behavior, 3 yr old, 9738
- mother-child interaction, physically handicapped 15-48 mo olds & their mothers, 7520
- mother-child relations as manifested in body posture, dyslalia, 2812
- mother-daughter relationship, book, 2818
- nature of mother child relationship, epidemiology & symptomatology & nosology vs. psychotherapy in child psychiatry, Japan, 1537
- neonatal characteristics, mother infant interaction, mothers & newborn infants, 10904
- observation of mother-infant dyads, language system development, 4892
- open vs closed style of adapting to aversive maternal control, attentiveness to negative self-relevant evaluative terms, college students, test of developmental model of paranoid behavior, 6877
- parental modeling & cueing & reinforcement, question-asking behavior, Mexican-American 1st graders & their mothers, 2814

parental relationships during adulthood & dependency during childhood & irritability & adaptability to previous life changes, prediction of adjustment to hemodialysis, patients with chronic renal failure, 11801

perceived maternal instrumental behavior & protectiveness & parental discipline, internal powerful others & chance locus of control, college students, 7152

Persephone syndrome, conflict in adaptive process, married Greek female immigrants in U.S.A., 1229

Premature Infant Activity Schedule, time-sampling measure of infant's behavior & caretaker's activity, 4825

psychological ecology as research approach, mother-child relations, 10892

self- & mother-concept, black vs white 3-6 yr olds, need for longitudinal studies of self-esteem, 8900

separation from parent in childhood, predicting infant management difficulties, mothers, 10897

social concern & other-centeredness, perceptions of induction & power assertion in maternal socialization practices, 5th & 8th graders, 10895

socioeconomic status, mothers' use of language to correct children, disadvantaged vs advantaged mothers, 3131

time out & differential reinforcement in home by child's mother, disruptive behavior, 3-yr-old boy & 5-yr-old untreated sister, 1666

training mothers in behavior modification principles, play interaction, 4-10 yr old educable mental retardates, 9734

unmarried marrieds & single mothers & communes, attitudes toward children & child rearing practices, 6888

validity for measuring mothers' perceptions of young children, Interpersonal Check List, mothers of 7-9 yr olds, 8116

verbal interaction patterns in home, mothers & their familial children & 4 yr olds & other persons, 6886

verbal report vs observation, collection of data on maternal techniques of teaching & controlling & modifying child behavior, mother-child pairs, 2815

**Mothers** (See also Schizophrenogenic Mothers, Unwed Mothers)

attitudes toward family patterns & motherhood & feminine personality & child rearing & sexual stereotypes & philosophy of Women's Liberation militants, Menninger Foundation staff, 10980

birth control beliefs, family planning attitudes & behavior, lower-income mothers, 2884

conceptual impairment, mothers vs fathers of 18-30 yr old male poor-premorbidity schizophrenics, 9353

cross-validation, child-rearing questionnaire, mothers & fathers of junior high school children, 917

deep-seated maternal conflicts regarding reproductive function & motherhood, enuresis & other adaptational problems in offspring, 7307

field dependence independence, reflective-impulsive vs hyperactive 2nd & 3rd grade boys & mothers, 3277

Gilles de la Tourette's disease, mother & son, 3542

health importance & priorities, nurses vs low-income mothers of high-risk infants, 3276

heroin & methadone addicted mothers, withdrawal, neonates, 5453

infantilization of women by their mothers, intergenerational pathology treatment of daughters & granddaughters, 7614

modified version of Missouri Children's Behavior Checklist, mothers' vs fathers' ratings of children in outpatient community mental health center, 3-16 yr old outpatients, 11787

parent-child training program, mentally retarded preschoolers & their mothers, 5937

perception of relative size of maternal figure & self, schizophrenics vs normals, 3333

predictive correlates, attitudes to multidisciplinary health care services, mothers, 9794

pregnancy stress in mothers, psychosomatic aspects of infantile pyloric stenosis, 11448

premature vs full-term births, anxiety & depression in early postpartum period, mothers, 11250

rational motivation in crisis situation & personality developments & low intellectual level & reactive elements, mothers who committed neonaticide, 3430

satisfaction with experiences with professionals regarding children, mothers of mentally retarded children, 5458

self-perceptions vs reports from mothers, 12-16 yr olds earlier diagnosed as hyperactive, 9421

significant moral conduct & parental antecedents, moral judgments, 14-16 yr old male delinquents vs nondelinquents & their mothers, 5413

social class & mobility, participation in voluntary associations, mothers, implications for social organization of leisure time activities, 7016

**Moths**

hormones, action on nervous system, moths, 10542

**Motion Perception** (See also Apparent Movement, Autokinetic Illusion)

acceleration & deceleration conditions, subjective speed judgments at night, amateur drivers, 2138

analysis model for visual perception of motion patterns characteristic of living organisms in locomotion, 10267

apparent movement with subjective contours, 4210

changes in direction & amplitude of starting position combinations, short-term motor memory, 8187

computer modeling, human force & motion-sensing mechanisms, 4166

degree of rotation & width of horizontal axis, process analysis of shape constancy in perception of rotated shapes, college students, 8168

differential target velocity & horizontal vs vertical plane conditions, estimation accuracy of intersection time of converging targets, air traffic controllers, 2219

disparity detectors, directional selectivity in depth perception, 4211

feedback from flight of projected object, response recognition, right-handed male students, 2234

fixation at midpoint vs nethermost point of straight line briefly exposed, time of experienced lengthening & shortening of line, 8249

image structure & motion & color & luminance discrimination in frontal vs. lateral visual fields, pigeons, 686

Mach-Dvorak phenomenon, binocular fusion of moving stimuli, 2212

monocular & binocular viewing, head nystagmus in rotating drum with vertical black & white bars on inside, pigeons, 10798

movement aftereffects contingent on color & pattern, directional asymmetry in duration of simple movement aftereffects, 8300

moving & stationary visual stimulation, activity of superior colliculus neurons, cats, 8533

optokinetic & vestibular stimuli, motion perception, human Ss, 4177

proximal change & projected motion, perceived depth motion, 10273

proximal changes, perceived relative depth motion, psychology students, 10274

relative displacement within pattern, motion discrimination, college students, 10237

representations of movement in artwork, schizophrenics, 5310

signal & precision of movement, time & attention in movement control, 22-35 yr olds, 2254

simulated TV films, suspicious activity inside or outside prison walls, 22-55 yr old prison officers & research staff members, 10298

size, movement aftereffects, 10277

stationary & randomly moving targets, motions of visual axes in vertical & horizontal directions during binocular fixation of point target & power spectra of eye movements, implications for separation of signal from noise in oculomotor system, 4216

stimulus movement, retinal ganglion cells responses, cats, 2486

temporal factors, visual aftereffect of movement, test of sensory conditioning interpretation, 4188

velocity & periodicity of adaptation & test grating & direction of motion of adaptation grating, motion aftereffect, college students, 10284

viewing visual figure moving in horizontal vs vertical vs circular-clockwise vs circular-counterclockwise pattern, dynamic balance task performance, male college students, 8314

voluntary saccadic eye movements, perception of moving objects, 19-21 yr old males, 4208

2-dimensional oculomotor tracking tasks, recognition of component differences, 4200

2-dimensional target motion with sinusoid & low-pass filtered Gaussian random sequences of variable bandwidth in orthogonal direction, interaction between vertical & horizontal eye-rotations in tracking, 10255

**Motion Pictures** (See also Motion Pictures (Educational), Motion Pictures (Entertainment))

## Motion Pictures (Educational)

motion picture tests, form perception & visual span & temporal memory span & serial integration & spatial orientation measurement, 1st-6th graders, 2147

role-induction film, preparation for psychotherapy, lower-class patients, 9627

structure of filmed message, comprehension of symbolic processes & filmed & verbal message, children, 5132

**Motion Pictures (Educational)**

biology concept presentation using still pictures & slides & motion pictures & study format, teaching time & space & motion concepts, college students, 3878

**Motion Pictures (Entertainment)**

feature films, teaching medium, psychiatrist trainees, 11178

homosexuality in movies, book, 3138

**Motion Sickness**

developmental differences & motion sickness, field dependence, 5th vs 7th graders, 8901

dimenhydrinate & temazepam, spiral aftereffect as measure of motion sickness susceptibility, college students, 6603

**Motivation** (See also Academic Achievement Motivation, Achievement Motivation, Affiliation Motivation, Animal Motivation, Educational Incentives, Employee Motivation, Extrinsic Motivation, Hunger, Incentives, Intrinsic Motivation, Monetary Incentives, Sex Drive, Temptation, Thirst)

academic achievement, social position, 16 18 yr olds, 7023

addictive smoking motivation, male 21 yr olds, refactored models of D. Horn et al & A. C. McKennell, 6982

aggression & neuroticism & competence, motivation for sports participation, implications for measurement & research, 10490

alcohol, motivational & cognitive effects on driving behavior, literature review, 4562

analytic perception & motivation & anxiety & visualization & hostility & dogmatism & academic success, architecture students, 5232

biological-genetic potential & motivational & situational factors, social competence, trainable retarded children, 7461

brain stimulation, motivation, book, 517

brain stimulation, physiology of motivation, 518

class & race & intelligence & visual discrimination & motivation, perceptual-motor development, advantaged vs. disadvantaged white vs. black 1st graders, 1923

cognition & goal & direction & availability, psychological-mindedness, 11508

cognitive & motivational variables & attentiveness & reading speed, ability to concentrate, 6344

cross-cultural differences & linguistic factors & motivation & reliability & validity of test data from standardized tests & cross-cultural designs, children, 5958

cybernetic approach, human motivation, 2468

decremental effects of massed practice on pursuit rotor task, performance & reminiscence on 2-hand coordinator task, male college students, test of C. L. Hull's reactive inhibition concept, 8301

discipline & conventionality & literary ambition & work involvement & autonomy & ego-assertiveness & family relations, creativity in literary fantasy, male authors, 3110

emotion & emotional behavior, 344

emotional arousal & expectations & motivation, heuristic search, 8481

external referents & uniformly high vs low vs decremental pattern of outcomes from hypothetical managerial elite, dissatisfaction & anger & aggression in factory game, 7th graders, implications for explaining social unrest, 9018

heavy use of marihuana, psychological health & personality change & depression & lack of motivation, college students, 10678

high- vs low-evaluation instructions & self-awareness, task performance, college students, 2456

impulse behavior & subjective experience of drive, hebephrenics vs normals, 5327

instructions to be active, level of activity & number of solutions in unfamiliar task, college students, 2455

interpersonal motivational orientation, decomposed 2-choice experimental games, 2978

interpretation of behavior through attitudes & motives & words, book, 10492

introductory guide & training manual for existential experience of willing, 11124

knowledge of results, motivation in vigilance task, college students, 357

## SUBJECT INDEX

## Motor Coordination

learning & motivation & emotion & conditioning, book, 182

length of hospitalization & frequency & amount of penalty, probability learning, schizophrenics, 7303

meaning in life, fear of death, 18 52 yr olds, 8865

motivating factors in choosing traditionally male career, female engineering students, 12050

motivation & emotivity factors, creativity evolution, 1st & 2nd & 3rd graders, 10887

motivation & perception & interpersonal relationships, juvenile delinquents, 7419

motivation intensity, realism of aspirations, 3219

motivation level, social facilitation, college students, 8484

motivational dynamics of personality, creativity, critical examination of D. E. Berlyne's conception of curiosity, 11153

motives for participating in public welfare activity, Byelorussian Republic 8th-10th graders, 7882

need concept in J. M. Keynes's & V. Pareto's theories, psychological research in motivation basic to economic behavior, 10914

neural control of motivated behavior, contributions to Neurosciences Research Program Work Session, 1970, 10509

objective-analytic approach to suicidal motivation classification, graduate students with serious suicidal behavior histories, 7357

partial reinforcement effect & instrumental learning & satiation & curiosity & memory, learning research, book, 2295

partial reinforcement, vigor & persistence, within-S experiments, 2297

personality & motivation, mental persistence, males seeking admission to professional schools & students, 6259

personality & motivational factors, marihuana usage, college students, 6960

personality development, peer relationships, 9th 11th graders, 7022

power vs achievement motivation in comic stories, Panamanian magazines, implications for economic development, 7102

preperformance motivational instructions, success in problem solving, high vs low test anxious college students, 2465

prolonged physical exercise, subjective symptomatology, young adults, 2262

psychological tests, determination of individual & motivational differences, athletes, 4107

reinforcement contingencies & situation motives, dissatisfaction resulting from competition, 9004

remotivation as therapeutic technique, 11591

research & theory, learning & motivation, book, 2277

research & theory, learning & motivation, book, 2278

research & theory, learning & motivation, book, 2279

research & theory, learning & motivation, book, 2280

research & theory, learning & motivation, book, 4239

S's own outcomes & costs incurred by partner & S's own intentions, attributions of intention to simulated partner in mixed-motive game, college students, 5091

self-report measure, motive to avoid powerlessness, college students, 9108

social identity, motivation, college students, 7057

speed &/or motivational instructions, double alternation learning & positive vs negative reaction time, male college students, 4307

stimuli from external world vs hormones, bases for animal behavior, implications for research in man's motivation, 10496

subjectively expected vs expected utility vs subjectively expected vs expected value theories, decision making for winning vs losing gambles, college students, 4245

suggestibility, perception & motivational system of perception, adolescents, 8184

tendencies toward aggression vs fleeing, human instincts, 4310

theories of motivation, 350

typological classification according to syndromes of drive, hebephrenic patients, 5328

understanding intra-S variables, communication in experimental situation, 5155

**Motor Coordination**

age & motor coordination & ego strength & persuasive interest, male felons guilty of crimes against persons vs against property vs paper-&pencil crimes, implications for crime type prediction, 3409

decremental effects of massed practice on pursuit rotor task, performance & reminiscence on 2-hand coordinator task, male college students, test of C. L. Hull's reactive inhibition concept, 8301

definition & quantitative evaluation of dance therapy, modification of irregular & disordered body-movement patterns, psychotic children, 1524

motor cortex ablation vs section of pyramidal tracts, alimentary instrumental reaction performance, dogs, 10621

rotacone, apparatus for measuring drug-induced changes in motor coordination, mice, 8689

secobarbital & glutethimide & flurazepam with vs without intervening sleep, performance on vigilance & eye-hand coordination & cognitive association & decision making tasks, insomniacs vs normal volunteers, 532

syllable complexity, syntactic & phonemic errors in sentence repetition, 46 yr old with deviant speech, 11420

test length & difficulty level on card-sort & visual-motor coordination & problem-solving tests, performance after alcohol consumption, 21 35 yr old males, 2621

thiopropazine & trifluoperazine, motor activity & induced catalepsy & orienting response & motor coordination & narcotic effect of hexobarbital & amphetamine-induced stereotypies, male mice, 6587

verbal praise & reproof, balance board performance, college students, 8299

**Motor Cortex**

antibrain antibodies, hypothalamic & visual & sensorimotor cortex EEG, rabbits, 10666

motor cortex ablation vs section of pyramidal tracts, alimentary instrumental reaction performance, dogs, 10621

motor cortex modulation of knee flexor & extensor fusimotor neurons, cats, 4487

motor cortex stimulation reinforcement & interreinforcement time interval, classically conditioned limb reflexes, cats, 8801

muscle afferent activation, cortical evoked potential triggering, rabbits, 4547

operantly conditioned activity of single precentral pyramidal tract cells near induced epileptic focus in motor cortex, monkeys, 6380

sensorimotor cortex cooling, spontaneous activity of neurons of mesencephalic reticular formation & response to stimulation of lateral hypothalamic zones & sciatic nerve, cats under pentobarbital anesthesia, 4555

sound stimulation intensity, neuroglial cells in deep layer of motor cortex & correlation with brain's morphological & electrophysiological indicators, rabbits, 4381

**Motor Development** (See also Psychomotor Development, Speech Development)

associated movement in clip-pinching & finger-spreading & finger-lifting, Yoruba vs Caucasian young children, 2839

auditory stimulation, perceptual motor development, premature infants, 2783

binocular vision & motor & cognitive development & EEG, school age children referred to neuropsychiatric vs ophthalmological department, 8871

body scheme training through perceptual & motor stimulation, body scheme development & movement skills, 1st graders with severe congenital visual impairment, 11451

chronic lead ingestion, retardation of growth & development, mice, 8744

cultural & sex differences, age of development norms for head-holding & sitting & creeping & standing & walking & 1st speech, India vs West, 8889

developmental norms, finger-to-thumb apposition & forearm movement, 48 yr olds, 731

film analysis vs Baby-Spin" apparatus, motor development measurement, mother-reared monkey neonates, 6685

importance of motor coordination & perceptual development, mentally retarded children, 3950

jumping board activities, parental understanding of learning disabled children, 9451

learning manual skills, young children, 726

moderate to massive retardation of cerebellar development due to low-level X-ray of cerebellum during infancy, locomotor deficits, rats, 4471

monosynaptic testing, vestibulospinal influences, newborns, 4463

motor retardation & cerebral dysfunction & retarded maturation, prematurely born infants, 5291

new evaluation method & age, motor development, 1-16 mo old infants, 754

onset of smiling & sitting alone, early mental retardation diagnoses, 5 mo to 6 yr olds referred for developmental problems, 1400

physical abnormalities & IQ & perceptual motor processes & speech defects, premature babies, 5 yr follow-up study, 9212

schizophrenic mothers, visual-motor development, infants from birth to 2 yrs of age, 3322

sleeping position, motor & mental development, 7 mo olds, 741

somatosensory deafferentation of both forelimbs after birth with vs without blinding, motor performance development, baboon & rhesus monkeys, 4543

typewriting, reading & spelling achievement & motor development, educable mentally retarded 8 15 yr olds, 5940

visual information, grasping activity, 10 20 wk olds without grasping ability, 693

**Motor Disorders** (See Nervous System Disorders)

**Motor Evoked Potentials** (See Somatosensory Evoked Potentials)

**Motor Neurons**

accommodative vs versional eye movements, abducens-nucleus & oculomotor-nucleus motoneurons, alert monkeys, 2494

cortical motor potentials accompanying volitionally controlled single motor unit discharges, human finger muscles, 4347

ethanol & dextroamphetamine & disulfiram & p-chlorophenylalanine, evoked responses during predatory attack, cats, 573

glissade as passive slewing from unstable position to new stable position specified by maintained firing rates of motor neurons, 377

glissade, criticism of S. S. Easter's proposal, 375

interneuron vs motoneuron involvement, orbicularis oculi reflex, Parkinsonians, 7517

interpositus & red nuclei stimulation, evoked postsynaptic effects in lumbar motor neurons, monkeys, 4530

monosynaptic testing, vestibulospinal influences, newborns, 4463

oral stimulation & cortical masticatory area stimulation, activation of rhythmical & alternating movements of mastication, rabbits, 6450

paired auditory stimuli with electric shock to forelimb, conditioned activity of cortical motor neurons, rabbits, 8525

sensorimotor cortex cooling, spontaneous activity of neurons of mesencephalic reticular formation & response to stimulation of lateral hypothalamic zones & sciatic nerve, cats under pentobarbital anesthesia, 4555

single motor unit activity in speech musculature, neurophysiology of speech production, 6357

somatic eyelid responses as result of activation of 2 reflexes, male rats, 10564

**Motor Performance** (See also Finger Tapping, Jumping, Running, Walking)

absence of object manipulation during infancy, cognitive development, male born without limbs, 4856

aesthetic & psychological aspects, human movement, 4224

age differences, binomial distribution of handedness using performance-defined criteria, adults vs children, 8878

arm raised overhead under forced or free operation, manual pursuit tracking performance, 6225

associated movement in clip-pinching & finger-spreading & finger-lifting, Yoruba vs Caucasian young children, 2839

attention concentration with vs without voluntary movements, dyskinesia & rabbit syndrome, schizophrenic patients, 9284

automated climbing apparatus, locomotor capacity, rats, 10766

ball viewing time, ball catching, female college athletes, 10317

basic perceptual noise constant, psychophysical function of perceived exertion before & after work, 164

blood alcohol concentration levels, stylus-tracking task performance, 21 28 yr olds, implications for automobile alcohol ignition interlock, 8751

body scheme training through perceptual & motor stimulation, body scheme development & movement skills, 1st graders with severe congenital visual impairment, 11451

cage on pneumatic system, recording animal activity, 8798

chlorpromazine vs thioridazine after methylamphetamine, turning behavior, rats with unilaterally placed electrolytic lesions at anterior tip of substantia nigra, 8582

complex & simple motor task performance, Parkinsonian patients, 9493

cortical motor potentials accompanying volitionally controlled single motor unit discharges, human finger muscles, 4347

definition & quantitative evaluation of dance therapy, modification of irregular & disordered body-movement patterns, psychotic children, 1524

- developmental trends vs patterns taught for forming letters, stroke direction & sequence in copying geometric shapes, American vs Israeli children vs adults, 6931
- dorsal root transection, stages of recovery of voluntary extension & grasp, adolescent rhesus monkeys, 8604
- ear differences & dichotic delayed & immediate auditory feedback, verbal repetition & nonverbal tapping tasks, 18 32 yr olds, 8179
- effector organization, gradation of response in hand cranking task using strain-gauge & EMG recording techniques, male adults, 8294
- electronically controlled load, manipulandum, monkeys, apparatus, 6807
- etifoxine, perceptual & psychophysiological & motor tests & Eysenck Personality Inventory, healthy males, 591
- exercise-induced activation, motor & cognitive task performance, literature review, 8380
- exerted force during voluntary arm movements, EEG & motor potentials, 8536
- impulsivity, motor inhibition, high- & low-impulse boys from institution for juvenile delinquents or abused & abandoned children vs nondelinquent institutionalized, 8304
- individual vs simultaneous tracking of step input by horizontal saccadic eye movement & manual control systems, 10278
- induced muscular tension, time-estimation motor task, right-handed college students, 2150
- initial & initial-plus-interpolated total-body physical fatigue, learning & performance, male college students, 8292
- integrated development theory, relations between motor & intellectual performance & personality factors & motor aptitude, 707
- involuntary rest pauses, schizophrenics vs normals, 11244
- kinetic visual imagery, hand movement in dark, 22 35 yr olds, 8150
- lesions of cerebellar cortex vs medial & caudal vermis, motor task performance, rats, 4519
- lesions placed within & outside limits of centrum medianum nucleus, psychological changes, patients with Parkinson's disease or seizure & pain disorders, 9810
- male vs female audience & anxiety level, gross motor skill learning & performance, female college students, 8297
- manipulative temporal motor responses with & without path constraints, hand movements, analogous to P. M. Fitt's arm movement model, right-handed college students, 8298
- model's race & S's race & cognitive vs motor task, imitation learning, white & black 3rd & 4th graders, 8418
- motor skill performance, high & low sociometric status, 6th graders, 10322
- muscular strength, motor performance, 20-64 yr old female divers, 6222
- myristicin & elemicin, rope climbing & barpressing behavior & catatonia & motor activity, rats & mice, 8690
- naloxone & levallorphan, locomotor activity & operant behavior & brain monoamine content, rats, 4665
- need achievement & task difficulty, competitive & noncompetitive motor performance, male high school students, 2258
- neonatal sodium levothyroxine stimulation, motor performance & physical growth & maze & avoidance learning, rats, 6604
- neonatal undernutrition, brain cell number & motor activity, rats, 6502
- neuropsychological significance, lateralized deficits on Grooved Pegboard Test, 10 14 yr olds with learning disabilities, 11410
- noradrenaline & dibutyryl cyclic adenosine monophosphate, locomotor & exploratory activity & convulsions, rats, 4601
- oral administration of marijuana extract, amphetamine locomotor stimulation, rats, 586
- performance criteria for stabilometer learning, male college students, 8316
- personality variables, relationship to physiological responsivity & motor performance, research review, 2269
- placebo effects, motor learning & performance, college & graduate students, 8311
- positive vs negative mental practice, dart throwing accuracy, female clinical psychology students, 8307
- practice, interindividual variance in movement patterns in motor performance, male 10th graders, 8296
- practice, movement changes of upper limb while engaged in novel ball throwing task, college students, 8315
- prolonged lithium administration, activity & reactivity & endurance, rats, 2641
- reaction time vs movement time in gross motor skill, university swimming team, 2257
- reduction in tactile sensitivity, proprioceptive feedback task, 10316
- response complexity, latency of different movement patterns, 17 26 yr olds, 2256
- response delays & timing of repetitive discrete motor responses, 10323
- self- vs forced-paced crank rotating, breathing gas consumption & oxygen uptake & pulmonary efficiency, 8083
- sex & competitive vs noncompetitive instructions & presence vs absence of social stimulation, simple motor performance, educable mentally retarded, 5481
- sex differences & grade failure & good behavior, adjustment & motor activity & peer acceptance & intellectual ability & academic performance & need for special educational help, 6 11 yr olds, 3826
- stimulus-response & response-response compatibility, bimanual movement time, right-handed males, 2253
- teacher vs peer model's presence & performance level, motor behavior, 5th & 6th graders, 11708
- temporal placement of interpolated movements, short-term motor memory, college students, 10321
- total body movement training, understanding geometric forms, educable mentally retarded 8-13 yr olds, 9946
- varying complexity of arm sweep movement, latency of movement response, college students, 8293
- verbal mediation, finger maze vs pursuit-rotor task performance, Korsakoff's disease patients vs alcoholics vs normals, 9207
- viewing visual figure moving in horizontal vs vertical vs circular-clockwise vs circular-counterclockwise pattern, dynamic balance task performance, male college students, 8314
- visual handicaps, motor achievements, 7 17 yr olds, 11476
- voluntary movement & articulated speech, slow waves of EEG, 19 23 yr old students, 4350
- walking & running on treadmill, activity of rubrospinal neurons giving axons to lumbosacral spinal cord, thalamic cats, 6561
- walking & running on treadmill, activity of vestibulospinal neurons giving axons to lumbosacral spinal cord, mesencephalic & thalamic cats, 6560
- water immersion, functional state of segmental apparatus of spinal cord before voluntary movement, man, 6360
- work surface angles, productive efficiency on simple manual task, college students, 2264
- Motor Processes** (See also Exercise, Finger Tapping, Jumping, Motor Coordination, Motor Performance, Motor Skills, Physical Agility, Physical Dexterity, Running, Walking)
- a-methyltyrosine, brain dopamine & norepinephrine & dextroamphetamine & phenmetrazine-induced locomotor activity, mice, 4670
- acetaldehyde or 4-methylpyrazole & ethanol, catecholamine metabolism & motor activity, mice, 8752
- acute & chronic tolerance to nicotine as measured by spontaneous locomotor activity, rats, 6670
- amantadine & amphetamine & apomorphine, locomotor activity, rats, 574
- amphetamine vs methamphetamine derivatives, locomotor activity, mice, 4672
- amphetamine, spontaneous motor activity & other behavior using modified jiggle cage, mice, 4559
- analysis model for visual perception of motion patterns characteristic of living organisms in locomotion, 10267
- analysis of response competition, discriminated & nondiscriminated escape learning, neonatal rats, 8808
- apomorphine & clonidine stimulation of dopamine & noradrenaline receptors, reversal of reserpine-induced suppression of motor activity, mice, 526
- archistriatal lesions, enhancement of tonic immobility, chickens, 8641
- auditory rhythmic stimuli, space-time characteristics of motor responses assessment, 8312
- auditory vs visual stimulus & oral vs written response modes, activity levels in easy vs hard tasks, mildly retarded 11 15 yr olds, 5479
- automated with feedback vs face-to-face vs attention-placebo relaxation procedures, GSR & heart rate & gross motor movement & subjective measures of relaxation, 17 69 yr olds, 1678
- bilateral caudate nuclei lesions, reactivity & role of caudate nucleus & modulation of CNS arousal mechanisms, rats, 4497

- cannabis, human perception & subjective feelings & motor activity & metabolism, literature review, 4643
- central vs peripheral movement sources & information load & response consistency, sequential short-term memory accuracy, graduate & college students, 8469
- choice motor response presence vs absence & motivation & skeletal response conflict & information transmission rate, mean phasic skin resistance, college students, 8547
- clonidine, locomotion, acute spinal cats, 4448
- conjugate schedule of reinforcement using motion pictures, modification of gross motor activity rates, moderately retarded institutionalized adolescents & adults, 7474
- corticosterone in infancy, increased reactivity & impaired adaptability in operant behavior, adult mice, 4608
- deafferentation of olfactory bulbs vs total removal of bulbs & olfactory peduncles, activity & reactivity, rats, 4531
- decay & interference, reproduction cues of distance & location, recall of blind lever-positioning movement, right-handed college students, 10455
- dextroamphetamine, locomotor activity & anorexia & stereotyped behavior & brain norepinephrine & striatal dopamine turnover & p-hydroxynorepinephrine in brain, rats, 10659
- electrical stimulation of substantia nigra, induced motor responses, cats, 8670
- entorhinal cortex lesions, hyperactivity & response to punishment & changes in avoidance behaviors, rats, 4526
- estrogenic stimulation &/or hypophysectomy, spontaneous activity, female rats, 6506
- footshock, incubation effect on open-field activity, cockroaches, 4751
- foreperiod parameters, key release & single motor unit reaction times, 167
- gamma irradiation during embryological development, radiosensitive period of pecking response after birth, chicks, 6578
- genetic factors, immobility reflex behavior, rats, 439
- gross motor activity in light dark cycle or dim illumination, brain temperature, chickens, 465
- head movement, perception of sound distance, college students, 4185
- increased sensitivity & manufacturer cost reduction, modification of M. Lewis & L. Wilson infant stabilimeter, 2764
- independent & contingent events following VI & fixed-ratio & extinction baselines, stereotyped & manipulanda responding, 143-228 mo old institutionalized developmentally retarded females, 7443
- inhibition of catecholamine biosynthesis by  $\alpha$ -methyltyrosine & FLA-63 or blockade of brain, catecholamine receptors, morphine-induced excitation vs. amphetamine stimulation of behavior, rats, 528
- instrumental conditioning of leg position before vs after sciatic section, chronic spinal frogs, 4483
- interstimulus intervals, movement refractoriness & reaction times, college students, 8319
- KCL 3 M injection in caudate nuclei, suppression of Pavlovian & instrumental motor conditioning, cats, 508
- lateral dominance for various perceptual & motor processes, right-handed people, 10506
- levotryptophan, motor activity, mice, 2627
- light-dark rhythms in eating & drinking & locomotor behaviors, hamsters, 10591
- local voluntary isometric movement, Hoffmann & tendon-jerk reflexes, 4221
- long-term gross body movement measurement meter for small animals, 691
- long-term levodopa therapy, EMG recordings of gait, Parkinsonian patients with vs without dystonia, 5613
- LSD exploratory behavior & locomotion, rats, 10674
- management & dance therapy, somatic expressions of experiences in muscular tensions & locomotor behavior as ego-strengthening, 9573
- melittin, inhibition of general behavior & exploratory activity & emotionality & spontaneous & evoked bioelectric activity in brain, cats & mice, 10704
- method for quantification of contact behavior & motor activity, rats, use in association with psychopharmacology, 4671
- morphine vs pethidine vs aminophenazone, nociceptive reflexes & spinal reflex activity before vs after monoamine depletion, female rats, 10669
- motor movement, evoked lemniscal response to electrical stimulation, cats, 6601
- motor vs vocal correction, discrimination learning, 8361
- movement & dance therapy, somatic expressions of experiences in muscular tensions & locomotor behavior as ego-strengthening critique of E. V. Siegel's paper, 9559
- movement & dance therapy, somatic expressions of experiences in muscular tensions & locomotor behavior as ego-strengthening, critical discussion of E. V. Siegel's paper, 9575
- overstimulation of motor reflexes, motor quiescence & reflex inhibition phases, newborns, 8877
- partial or continuous reward, frustrative behavior by lever-pulling & activity level, 6-20 yr old moderately retarded youth in special classes, 9448
- pentazocine & morphine & methadone & levorphanol & meperidine, behavioral arousal, rats, 545
- practice, movement changes of upper limb while engaged in novel ball throwing task, college students, 8315
- prolonged lithium administration, activity & reactivity & endurance, rats, 2641
- radiostimulation of caudate nucleus & central gray, inhibition of spontaneous & instrumental behavior, rhesus monkeys, 2564
- rearing in enriched vs standard environment, open-field activity & defecation & running wheel activity & exploration, mice, 6731
- rearing in social isolation, stereotyped movements, sighted vs severe visual acuity deficit macaques, 4763
- relationships between mental & motor activity, personality traits, school age children, 6277
- REM sleep deprivation, body movements during sleep, U.S. Navy recruits, 2266
- response-produced feedback, error detection mechanism, college students & graduates, test of S. A. Adams's closed-loop theory of motor learning, 10320
- running wheels vs spring-suspended cages as measurement devices, circadian rhythms of locomotor activity, golden hamsters, 4385
- scopolamine hydrobromide & scopolamine methyl nitrate, behavioral reactivity & averaged visual evoked response to flashes, male rats, 8728
- simple method for measurement of spontaneous motor activity during chair restraint, squirrel monkeys, 2662
- single & simultaneous stimulation of pairs of limbic nuclei, behavioral & motor & EKG responses, chronic cats, 4533
- spontaneous motility bursts during sleep, phasic paradoxical cerebral bioelectric activity, chicks, 4339
- structured vs unstructured activity, development of rhythmic behavior, preschool children, 755
- sudden increase vs decrease in resistance vs push vs harmonic vs random momentary forces, forearm movements, 6219
- thiopropazine & trifluoperazine, motor activity & induced catalepsy & orienting response & motor coordination & narcotic effect of hexobarbital & amphetamine-induced stereotypies, male mice, 6587
- training to obtain water reinforcement by emitting bites with peak forces under band criteria, differentiation of bite force response, rats, 6704
- trimebutine, psychomotricity & cognitive processes & sleep & mood & vigilance, 4571
- tuning of spinal reciprocal inhibition system during organization preceding voluntary movement, supraspinal control over segmental centers of antagonist muscles, 6223
- underwater environment, motor capacity, scuba divers, use of P. M. Fitts's law, 10313
- viminol vs morphine, locomotor activity & operant & conflict behavior & EEG, rats, 4558
- visual & motor conditions, EEG, 20 47 yr olds, 10521
- voluntary & automatic behavior including barpressing on continuous reinforcement & fixed-ratio schedule, hippocampal slow waves & firing of theta cells, rats, 8506
- weaning age & adult handling, avoidance conditioning & open-field behavior & plasma corticosterone, rats, 4324
- Motor Skill Learning** (See Perceptual Motor Learning)
- Motor Skills**
- Canter Background Interference Procedure & Bender Gestalt Test & Draw-A-Man Test & Draw-A-Woman Test, assessment of developmental progress, Negro & Caucasian Head Start children, 5957
- cortical ablations, tongue usage, rats, 8606
- cross-validation, motor impersistence test battery, unilateral brain-damaged patients, 7522

- effector organization, gradation of response in hand cranking task using strain-gauge & EMG recording techniques, male adults, 8294
- factor analysis of Motor Steadiness Battery, feasibility of shortening battery, elementary school children, 2109
- fundamental motor skills & cardiovascular fitness, 16 18 yr old blind vs deaf vs nonhandicapped boys, 9491
- gross body balance heritability, monozygotic & dizygotic twins, 8318
- internal external locus of control, athletic performance, white vs black basketball athletes, 7183
- local muscular fatigue due to isotonic & isometric exercise, fractionated reaction time components, 2263
- mental & motor retardation, academic achievement & social attitudes, male high school students difficult to educate, 9937
- minor congenital anomalies, academic performance & intelligence & motor ability & classroom behavior, 1st graders, 1880
- motor skill, 168
- motor skill performance, high & low sociometric status, 6th graders, 10322
- perceptual-motor skills, learning & school success, 7974
- Motor Traffic Accidents**
- age & alcohol intoxication, responsibility for fatal highway crashes, automobile drivers vs. pedestrians 15 yr. & older, 2039
- age & sex, death from suicide & motor vehicle accidents & violence, migrants in Australia in 1962 1966, 5543
- alcohol, motivational & cognitive effects on driving behavior, literature review, 4562
- auditory selective attention, accident rate, professional bus drivers, 10101
- biographical & personality & religious factors, nonfatal traffic accidents, 4060
- ethnicity & unemployment & broken homes & socioeconomic status & accident involvement, police bias in arresting intoxicated drivers, 25 54 yr. old male drivers, 2033
- legal aspects, hit-and-run auto death, hypoglycemic driver, 11435
- nonconformity & need for evasion & depressive complex, suicidal tendency, psychopathic & neurotic patients with repeated car accidents, 9368
- road traffic & industrial injuries, psychiatric disorders, 5316
- sex & age & occupational & racial bias, official accident & violation records, 2036
- Motor Vehicles (See Automobiles)**
- Mourning (See Grief)**
- Mouth (Anatomy)**
- arousal level in sleep & tactile stimulation, spontaneous smiles vs startles vs mouthing movements, 3 6 day olds, 8879
- combination of articulatory & oral structure deviations, syndrome of oligodontia & taurodontism & facial features of ectodermal dysplasia, 6-yr-old girl, 7530
- interstimulus interval procedures, efficiency of expectoration & mouthrinsing in clearing mouth of salt residuals, 10188
- oral-form discrimination test performance, speech performance prediction, 3rd graders, 3496
- sensation & perception, patients with apraxia of speech vs aphasia & no apraxia, 1414
- Movement Perception (See Motion Perception)**
- Movements (Activist) (See Activist Movements)**
- Movements (Social) (See Social Movements)**
- Movies (See Motion Pictures (Entertainment))**
- Multilingualism (See also Bilingualism)**
- Multiple Births (See also Heterozygotic Twins, Monozygotic Twins, Twins)**
- biological & social & psychological aspects of being a twin or triplet or quadruplet or quintuplet, book, 4088
- Multiple Choice (Testing Method)**
- fatuous test items, multiple choice tests, 6141
- inspection of vs willingness to skip reading passages, guessing at multiple choice reading comprehension questions, 12032
- omissions of answers, reliability of multiple choice tests, 4114
- risk-taking level, means & reliabilities for scores on subject-weighted vs conventional multiple choice test taking procedure, graduate students, 9974
- signal detectability measures, guessing factor elimination in multiple choice tests, 4118
- test validity & reliability, multiple choice vs true-false tests, high school students, 12011
- 4- vs 5-choice multiple choice tests, language examinations, 12028
- Multiple Personality**
- masculine identity development, personality splitting", case report, book, 1293
- Multiple Sclerosis**
- multiple sclerosis, psychological aspects of limited physical & social activities, book, 11447
- spiroactone derivative potassium canrenoate, EEG changes & clinical symptoms, female multiple sclerosis patients & dogs, 4658
- suicide & fatal accidents, multiple sclerosis, 5536
- Multiple Therapists (See Conjoint Therapy)**
- Multiply Handicapped**
- motor abnormalities, children with cerebral palsy, 1445
- multiple handicap incidence, 6-16 yr olds at school for mentally handicapped, implications for special education, 7239
- tactile preference, visually-impaired multiply-handicapped children, 7498
- Murder (See Homicide)**
- Muscle Contraction Headache**
- tape-recorded relaxation training, reported pain from tension headaches, 3693
- Muscle Contractions**
- benzodiazepine derivatives, emotions & vegetative functions & muscle relaxation, psychiatric patients, 11594
- force of isometric reflex contraction in mechanically elicited stretch reflex, EMG, adults, 6375
- isometric activation-relaxation of agonist-antagonist muscle groups near ankle joint, modulation of soleus Hoffmann reflex, 4220
- local voluntary isometric movement, Hoffmann & tendon-jerk reflexes, 4221
- stereoisomers of psychotomimetic phenylisopropylamines, potency on umbilical vasculature & stereoselectivity, sheep, 4590
- verbal vs muscular vs pharmacologic relaxation induction, systematic desensitization therapy, spider-phobic 16-20 yr olds, 7701
- Muscle Cramps (See Muscular Disorders)**
- Muscle Relaxing Drugs (See also Curare, Diazepam, Meprobamate, Papaverine, Theophylline, Tubocurarine)**
- amphetamine & centrophenoxene & echinopsine & bemegride & hydrocortisone & pyridoxine, ethyl alcohol action, rabbits & mice, 10688
- psychoanalysis & behavior therapy based on muscle relaxant administration throughout desensitization, anxiety states, 7688
- Muscle Spasms**
- EMG feedback & contingent cutaneous shock, spasmodic torticollis, 11696
- Muscles**
- carbamazepine & phenobarbitone & diazepam & bromide-containing drugs, propagation velocity of evoked muscle spikes, 4605
- cortical motor potentials accompanying volitionally controlled single motor unit discharges, human finger muscles, 4347
- effector organization, gradation of response in hand-cranking task using strain-gauge & EMG recording techniques, male adults, 8294
- induced muscular tension, time-estimation motor task, right-handed college students, 2150
- input-output relations for auditory & visual & electrical stimuli, isotonic muscular effort from thenar muscles during simple reaction time tasks, 2252
- management & dance therapy, somatic expressions of experiences in muscular tensions & locomotor behavior as ego-strengthening, 9573
- motor cortex modulation of knee flexor & extensor fusimotor neurons, cats, 4487
- movement & dance therapy, somatic expressions of experiences in muscular tensions & locomotor behavior as ego-strengthening critique of E. V. Siegel's paper, 9559
- movement & dance therapy, somatic expressions of experiences in muscular tensions & locomotor behavior as ego-strengthening, critical discussion of E. V. Siegel's paper, 9575
- muscle afferent activation, cortical evoked potential triggering, rabbits, 4547
- neural impulses, regulation rates of synthesis & concentration of enzyme & isoenzyme proteins in skeletal muscles, rabbits & rats, 4405
- reserpine & chlorpromazine & nembutal, brain & muscle dipeptides level, rats, 4625
- stress & strain measurement in static muscular work, determining optimal working rhythms, 10106

**Muscular Disorders**

tuning of spinal reciprocal inhibition system during organization preceding voluntary movement, supraspinal control over segmental centers of antagonist muscles, 6223

**Muscular Disorders** (See also Muscle Contraction Headache, Muscular Dystrophy)

acoustic impedance measurement of middle ear muscle dysfunction, spasmodic dysphonia patients, 7526

chronic alcoholism, peripheral nerve & muscle dysfunction, men & animals, 7393

fluphenazine enanthate, muscular rigidity & hyperpyrexia & coma, 21-yr-old black female acute schizophrenic, 1604

long-term levodopa therapy, EMG recordings of gait, Parkinsonian patients with vs without dystonia, 5613

**Muscular Dystrophy**

age & stage of disease, intellectual ability, children with muscular dystrophy, 9485

intellectual capacity & development & psychomotoric rate & personality changes, male 6-14 yr olds with progressive muscular dystrophy, 3547

pediatrician's role in counseling & treatment, child with muscular dystrophy, 9577

personality development, boys suffering from muscular dystrophy, 3546

**Musculocutaneous Nerve** (See Spinal Nerves)

**Musculoskeletal Disorders** (See also Arthritis, Muscle Contraction Headache, Muscular Disorders, Muscular Dystrophy, Rheumatoid Arthritis)

meprobamate &/or aspirin, relief of musculoskeletal & psychopathological symptoms of pain associated with anxiety, outpatients, 11624

**Musculoskeletal System** (See also Arm (Anatomy), Fingers (Anatomy), Hand (Anatomy), Jaw, Muscles, Shoulder (Anatomy), Tendons)

neural impulses, regulation rates of synthesis & concentration of enzyme & isoenzyme proteins in skeletal muscles, rabbits & rats, 4405

**Music** (See also Musical Instruments)

affective state & emotional arousal, music appreciation, college students, 6337

age & sex & tonal acculturation, melodic perception & discrimination, 5 10 yr olds, 4186

autochthonous & experiential factors, listeners' responses to music, 11090

background music, task relevant & irrelevant learning, educable mentally retarded, 3489

beat music functions, crises of adolescence & narcissism, case report, 8874

communication & social control & perception of conductor's authority in artistic organization, orchestra members, 2975

conceptual development levels in melodic permutation concepts, 3rd & 5th & 7th graders, 10868

development in early childhood, musical perception & ability, 745

dichotic stimulation, left right differences in perception of musical stimuli, college students, 8198

function of Tsonga work songs, 10928

group contingent music, assembly line production rates in simulated sheltered workshop, retardates, 11689

insight into death experience & attitudes through spirituals & poetry & other literature, black Americans, 5100

judged perceptual-emotional qualities in music, trained musicians, 358

linguistic & musical tasks of varying difficulty, bilateral alpha activity over temporal-parietal sites, college students, 2497

listening to music, expanded awareness experiences with insight & creativity & self-realization & religious experience, book, 1018

melodic intonation therapy, speech development, severely aphasic adults, 5541

music as distraction, test-taking performance, 10th graders, 9929

music listening as reward, mathematics performance, black 6th graders, 9894

music precategorized as stimulative or sedative, GSR & subjective responses, college students & clerical staff members, 8487

music preferences, heart rate & skin conductance & respiration rate, college students, 8542

music vs noise & task difficulty, visual vigilance task performance, 18 28 yr olds, 8228

music, distraction & reading-test performance in classroom, bright vs nonbright 8th graders, 11942

**SUBJECT INDEX****Musical Instruments**

overlapping pitch ranges, perceptual grouping of successively-presented tones from 2 melodies, college students, 10210

quiet-contingent music, noise levels, junior high home economics classrooms, 1814

relaxation therapy with vs without background music, radial pulse rate & blood pressure & respiration rate & arousal vs nonarousal feelings, myocardial infarct patients, 3723

rhythmic groups & subjective chunks, short-term recognition-memory for melodic phrases, college students with musical training, 10435

sex differences & familiarity, emotional responses to classical music, male vs female college students, 8478

similarity ratings & dimension analyses, monophonic rhythm patterns, professional & amateur musicians, 6174

test validity & reliability, Music Preference Test of Personality, normal adults & psychiatric patients, 4115

time period following musical presentation, identification of melody, college students, 8460

**Music Education**

congruent validity, Bentley's Measures of Musical Abilities & Gordon's Musical Aptitude Profile, junior high instrumental music students, 1936

evaluation of concept-oriented music education program, kindergartners, 9899

interests in music, 3rd-6th graders, 9897

model computer-assisted information retrieval system for music education data, 1827

programed instruction, piano learning, 9907

pure vs complex tones & presentation order & 2- vs 3-pitch alternatives, pitch discrimination in group- vs individual-testing room vs. with earphones, 19 23 yr. old music students, 133

sex & instrumental performance experience, aural-musical capacities, music students, 1795

tracking unfamiliar musical forms, awareness of musical elements, 7th graders, 11934

training, harmonic discrimination, 1st graders, 1833

**Music Therapy**

biweekly ukulele lessons & reinforcement for good behavior, classroom attention, 10 12 yr. old black boys with learning & behavior problems, 1844

music in group therapy, facilitation of group process, 9712

music therapy as physiologic language, schizophrenia & autism, 11553

music therapy program, assessment of musical aptitude & social behavior, mentally retarded & emotionally ill institutionalized adults, 9854

music therapy, developing perceptual & affectual aspects of mind, 9572

music therapy, mentally retarded children, 9432

musical preferences & aptitude, mentally retarded psychotic patients, implications for music therapy, 9853

organization of clinical music therapy programs in community, 11788

painting to music as achievement-reducing & motivating therapeutic methods, achievement motivation & cooperation & student-teacher relations & aggression, behaviorally-disturbed grade-school children, 11927

**Musical Ability**

cognitive pattern perception, musical ability, 8 12 yr olds, 8321

congruent validity, Bentley's Measures of Musical Abilities & Gordon's Musical Aptitude Profile, junior high instrumental music students, 1936

development in early childhood, musical perception & ability, 745

music therapy program, assessment of musical aptitude & social behavior, mentally retarded & emotionally ill institutionalized adults, 9854

musical preferences & aptitude, mentally retarded psychotic patients, implications for music therapy, 9853

musicality & intelligence scores, predicting choral achievement, 10th 12th graders, 11946

sex & instrumental performance experience, aural-musical capacities, music students, 1795

vocal & rhythmic development in infants, later musical learning, 10818

**Musical Instruments**

congruent validity, Bentley's Measures of Musical Abilities & Gordon's Musical Aptitude Profile, junior high instrumental music students, 1936

sex & instrumental performance experience, aural-musical capacities, music students, 1795

#### Muslims (See Islam)

#### Mutations

anticonvulsive drugs & phenothiazines & other psychotropic drugs, teratogenic & mutagenic effects & therapeutic implications, literature review, 9696

#### Mutism (See also Elective Mutism)

behavior modification, increasing verbalization, chronic mute psychotics, 9740

transition of akinetic mutism into whispering speech, patients with acute disorders of cerebral circulation, 9526

#### Mutual Storytelling Technique

Mutual Storytelling Technique, anger inhibition treatment, children, 9595

#### Mydriatic Drugs (See also Atropine, Cocaine, Scopolamine)

#### Myelin Sheath

chronic alcoholism, malnutrition & central pontine myelinolysis & Marchifava-Bignami's disease, 7403

#### Myocardial Infarctions

interpersonal & social relations & activity & sex relations & mental state, patients with myocardial infarctions given medical limitations, 1420

life changes & catecholamine excretion & biochemical reactions, 44  
66 yr old well-rehabilitated male survivors of myocardial infarction, 3566

psychosocial factors, etiology & prognosis of acute myocardial infarction, 9506

recent life changes during 6 mo prior to incident, survivors of myocardial infarction & victims of sudden coronary death, 5533

relaxation therapy with vs without background music, radial pulse rate & blood pressure & respiration rate & arousal vs nonarousal feelings, myocardial infarct patients, 3723

self-perception of health status & social class & sense of control after myocardial infarction, vocational adjustment, male 1st heart attack patients, 5513

#### Mysticism

psychological & philosophical aspects & experience characteristics, mysticism, book, 10937

psychology of religious mysticism, book, 2860

reaction against depersonalization of modern technology & achievement of self-transcendence, revival of interest in mysticism & astrology & transcendental meditation & nonrational phenomena, 10934

ultraconscious summit characteristics, metapsychiatry, 9542

#### Mythology (See Literature)

#### Myths

ancient mythology & primitive sexual rites & psychological infantile sexuality theories, modern psychology & medicine, 6933

psychiatric folklore, Peru, 10919

theories of previous civilizations regarding creation & sources of good & evil, contemporary theories of aggression, 939

vampire legend & themes, schizophrenia, 1256

#### Myxedema (See Hypothyroidism)

#### NAch (See Achievement Motivation)

#### Nail Biting

nail-biting & hair-plucking & allogrooming, review of animal observation & parallel behaviors among primitive human tribes, 816

#### Nalorphine

morphine & methadone & meperidine & codeine & nalorphine & pentazocine, EEG & EMG & behavior, rats, 4578

#### Narcissism

beat music functions, crises of adolescence & narcissism, case report, 8874

fantasy & object-relationships & aggressiveness, social dropouts vs hippies, 5238

narcissistic problems, patients & therapists, 11565

psychotherapist as narcissistic object, acute narcissistic injuries vs depressive reactions, 1521

#### Narcissistic Personality

technique & prognosis, narcissistic personality disorder treatment, 11581

transitional fantasies underlying transference neurosis, narcissistic personality, 9346

#### Narcoanalysis (See also Sleep Treatment)

droperidol narcoanalysis, delinquent adolescents, 1591

#### Narcoanalytic Drugs (See also Amobarbital, Thiopental)

droperidol narcoanalysis, delinquent adolescents, 1591

#### Narcolepsy

amphetamine, hyperkinesia & narcolepsy & fatigue & obesity & depression, 1572

description of syndrome & etiology & genetic factors & pathological & biochemical correlates & differential diagnosis & pharmacological treatment, narcolepsy, 1632

#### Narcosis

ethanol, soporific action, mice, possible role of biogenic amines, 6593

nitrogen narcosis, response rate on fixed-ratio & differential-reinforcement-of-low-rate schedules, rats, 450

#### Narcotic Antagonists (See also Nalorphine)

levallorphan, increase activity of brain catecholamines, rats, 2658

morphine & methadone & meperidine & codeine & nalorphine & pentazocine, EEG & EMG & behavior, rats, 4578

morphine & sodium pentobarbital & chlorpromazine & naloxone, morphine specific seizure & death, polydextrolysine treated mice, 10675

naloxone & levallorphan, locomotor activity & operant behavior & brain monoamine content, rats, 4665

naloxone, pentazocine dependence & withdrawal, hospitalized patients, 3660

naltrexone, heroin & narcotic addiction, prisoner postaddicts, 3649

narcotic & narcotic antagonist & analgesic drugs, aversive threshold to grid shock, rats, 560

#### Narcotic Drugs (See also Apomorphine, Atropine, Codeine, Heroin, Meperidine, Methadone, Morphine)

discriminant analysis, MMPI profiles similarities & differences, alcoholics vs narcotic addicts, 3437

narcotic & narcotic antagonist & analgesic drugs, aversive threshold to grid shock, rats, 560

narcotic analgesic drugs, neurotransmitters & nerve-ending membranes in central nervous system, rats, 539

narcotic analgesics, sensitivity to pain produced by hypothalamic stimulation, rabbits, 6682

pentazocine & morphine & methadone & levorphanol & meperidine, behavioral arousal, rats, 545

sodium oxybutyrate & narcotic & nonnarcotic analgesics, pain threshold, rats, 6636

6 mo multimodality treatment program, narcotic addicts, 3629

#### Nationalism

early evaluative learning, development of nationality preferences & attitudes toward Germany, 9 yr olds, England, 988

socioeconomic status, flag preferences, upper class American & Canadian children, comparison with E. D. Lawson's results with lower- & middle-class children, 3073

#### Natural Disasters

birth order, anxiety & affiliation during earthquakes, college students, 10497

California earthquake, changes observed in patients in psychoanalysis, 9771

#### Nausea

rapid increases & abrupt discontinuation of serotonin precursor 5-hydroxytryptophan, nausea & diastolic hypotension & hyperkinetic syndrome, phenothiazine-resistant chronic schizophrenics, 9707

#### Navaho Indians (See American Indians)

#### Navy Personnel

alcohol consumption & personality disorder, offenses, older vs younger Royal Navy sailors, 9403

career motivation program, all-volunteer Navy, 6045

clinical decisions & methods, psychiatric patient outcome, high- vs low-success naval hospital psychiatrists, 5254

clinical evaluation, suicide, seamen, 5399

distraction effect of noise bursts, 5-choice serial response task, 18 26 yr old enlisted navy men, 10211

environmental & demographic & prior life change variables, illness onset during combat mission, 23-yr-old to over 33-yr-old U.S. Navy aviators, 3553

exposure to noise, conventional & high frequency hearing, naval airmen, 4179

history of drug abuse, military performance & adjustment, naval recruits, implications for enlistee selection, 891

job performance, character & behavior disorder prediction, Navy enlisted men & Marines, 9209

personality disorder prognostic scales, U.S. Navy psychiatric patients, 1230

physical fitness & perceived health status, dispensary visits & success in stressful training, Navy enlisted volunteers for underwater demolition team, 3994

predictive validity of supervisor & peer evaluations of emotional stability & task motivation & social compatibility, civilian vs U.S. Navy personnel at isolated Antarctic research station, 3983

prior performance vs prolonged exposure to high-intensity noise, choice serial reaction task, naval enlisted men, 8162

recent life changes, subsequent illness rate prediction, navy & marine corps personnel, 1201

Rorschach white-space response, oppositionality, U.S. Navy enlisted men, 9142

sex & race & inconsistency type & variations between officers & enlistees, consistency & accuracy in survey responses, Navy personnel, 3982

state & trait anxiety, voluntary withdrawal from flight training, student naval aviators, 10018

therapeutic community, evaluation in terms of posthospital outcomes, Navy psychiatric patients, 5708

therapy programs of drug rehabilitation center, heroin & opium & polydrug abuse, navy personnel, 1577

training in clear or turbid water, subsequent distance estimation in turbid & clear water, Navy enlisted men, 3999

type of visual feedback & distribution of practice, intermanual transfer of prism aftereffects, U.S. Navy Air Development Center employees, 8152

**Need Achievement** (See Achievement Motivation)

**Need For Affiliation** (See Affiliation Motivation)

**Need Satisfaction**

canonical correlation analysis, prediction of joint satisfaction with occupational success, farm family husbands & wives, 1979

cross-cultural differences, need satisfaction & need importance, Mexican & American factory workers, 8940

drawing & painting, self-satisfaction & expression of desire to be woman, 22-yr-old male with intense homosexual & transvestite tendencies, 9395

high vs low need for approval, perceived openness, college students, 995

Maslow's human needs hierarchy, bibliography, 7166

need associations, drug-dependent narcotic addicts in treatment, 3312

need gratification & expectation & motivation, job satisfaction & performance, white- & blue-collar employees, 10078

need identification diagnosis, adult education, 5855

need satisfaction, managers vs assistants, 8064

need satisfaction, organizational position & job performance, professional nurses & paraprofessional employees, 3265

needs fulfilled by children balanced against costs entailed, family size, 2889

rated importance of job characteristics, is there" & should be" responses on Porter Need Satisfaction Questionnaire, male managerial personnel vs female clerical workers, 4032

self-actualization & autonomy & esteem & social interaction & security needs, importance to Ss & fulfillment in job, male vs female state vs federal government executives, 8055

smoking, performance on low-arousal visual vigilance vs high arousal complex sensorimotor task, low- vs high-arousal smokers, 6649

**Needs**

basic needs theory of A. H. Maslow, decision theory, 2441

construct validity of sentence completion test, assessing safety & esteem motives, college students, 5243

measurement of need constructs using construct-operation unit, construct validity of H. A. Murray's need constructs, 3164

need concept in J. M. Keynes's & V. Pareto's theories, psychological research in motivation basic to economic behavior, 10914

need identification diagnosis, adult education, 5855

need similarity & complementarity, interpersonal attraction, college students, 2997

need-approval, institutionalized vs non-institutionalized mentally retarded vs normal adolescents, 7475

objective assessment of patient's needs, supportive psychotherapy, 1550

personality needs of nurturance & intraception & abasement, eye contact & direction of gaze aversion during interview, college students, 2984

psychological needs, police personnel vs general population vs college students, 6343

scope of work group, autonomy need, prison inmates, elaboration of E. Goffman's concept of total institution, 3463

similarity of needs, dyadic attraction & rejection, college students, 2986

TAT-assessed vs self-reported need strengths for aggression & achievement & nurturance, disturbed adolescents vs college vs nursing students, 3372

willingness to take risks vs need for approval, task function performance in basketball, 11033

**Negative Reinforcement**

aversive control vs positive reinforcement, 222

correct vs incorrect concealed answers with negative vs positive reinforcement, use of ESP on psychology test, well-motivated college students, 4167

covert sensitization & positive & negative reinforcements & extinction, behavior modification, 7678

delay of negative reinforcement, escape behavior, rats, 2703

misuse of terms aversive stimulation" & negative reinforcement" in current literature, clinical & theoretical consequences, 3678

photographs of persons with open eyes vs lowered eyelids & positive vs negative reinforcement for physical characteristics judgments, judging intelligence of pictured people, 11037

positive vs negative vs no verbal reinforcement, task persistence, middle vs lower socioeconomic status 5th graders, 256

protein synthesis inhibitors, behavioral effects as consolidation blockade vs negative reinforcement, 6494

septal lesions, behavior under control of noxious or aversive stimulus, literature review, 4473

treatment tapes using signal-safety conditioning messages vs positive vs negative reinforcement, overcoming mild insect phobias, female college students, 9725

**Negative Transfer**

response tendencies, performance on transfer of training & reaction time tests, obese college students, 11499

run & position cues, 4-choice sequence learning, college students, 8370

**Negativism**

American caste system, work & work endurance negativism, Northern vs Border South vs Deep South, 10-70 yr old whites, 4914

clothiapine, anxiety & aggression & negativism, 15 61 yr old schizophrenics, 7645

power or control over other persons & object world, self-esteem feelings, obsessional or negativistic persons, 9330

**Negotiation** (See also Bargaining)

information relevance & availability, success & failure & competence level perception of own & opposing team in Tactical & Negotiations Game, Chinese vs American nationals, 3077

negotiation & justification & attention to interpersonal factors, educational intervention model revision, use in special education, 9957

social judgment theory & interactive computer graphics, labor-management negotiations, 12113

**Negro Militancy** (See Black Power Movement)

**Negroes**

acceptance & values learned during training, white research in black communities, 4920

achievement vs IQ vs other tests, reading ability predictions, black & white 7 & 8 yr olds, 12014

adjustment to industrial society, Mexican-American & Negro migrants to urban community, book, 900

age & race of Ss & E's sex, sex role preference, black & white 6- & 9- & 12-yr-old girls, 858

age & race, racial stereotypes, white & black & Japanese-American 4th-5th graders & college students & adults, 8937

age & sex & race, creative thinking abilities, 6-12 yr old blind Caucasian & Negro children, 8381

age, preference for black skin, 15 25 & 35 45 & 55 65 yr old black males, 2851

alienation & race, college attrition, Puerto Ricans vs blacks vs whites, 7946

associated movement in clip-pinning & finger-spreading & finger-lifting, Yoruba vs Caucasian young children, 2839

attitudes toward black dialect, black vs white elementary school teachers in Alabama, 4918

belief in biological difference of Negroes, Haitian political leaders from 1804 to present, 829

belief similarity, interpersonal attraction, black & white strangers, 3053

- beliefs in internal-external control of reinforcement, blacks in integrated vs segregated high schools, 2899
- biweekly ukulele lessons & reinforcement for good behavior, classroom attention, 10 12 yr. old black boys with learning & behavior problems, 1844
- black studies curriculum material, self-concept & achievement & school attendance, black 3rd & 6th graders from inner-city schools, 3855
- black studies in historical perspective, 5860
- black vs white clients, psychodiagnosis, 1st-yr hospital residents, 7554
- categorized & uncategorized lists, free recall, Caucasian & Negro 2nd & 4th graders, test of A. R. Jensen's mental abilities hypothesis, 10823
- cognitive correlates, under- & overachievement in reading, rural black vs white 1st graders, 3884
- counseling, blacks & women & Chicanos & Puerto Ricans & American Indians, literature review, 11782
- counselor sex & race & language style, client satisfaction & depth of exploration in initial interviews, black students in university program for disadvantaged, 7996
- crystallized vs fluid intelligence & memory, Caucasian vs Negro vs Mexican-American 4th 6th graders, 6939
- cultural & racial biases, content & administration & interpretation of IQ tests, 4102
- curriculum unit using pictures of multiethnic interaction, changing attitudes toward blacks, white elementary school students, 9893
- demographic & socioeconomic factors, intellectual maturity, Caucasian vs Negro 6 11 yr olds, 4850
- dialect, speech discrimination, black & white 10th graders & public school teachers, 11112
- differential process theory, differential college grade prediction, blacks vs whites, 7995
- effort reward expectancy, job performance, black & white male blue collar airline employees, 1990
- egoistic vs fraternalistic deprivation, contact vs competitive racism in political choice of presidential & black mayoralty candidates, black vs white voters in major U.S. cities, 839
- enrichment preschooling, vocabulary vs auditory association vs grammatic closure vs operational thinking, white vs black 5-6 yr olds, 8 mo follow-up, 9881
- essay themes in school compositions, standard of living & life experiences, black vs white South African high school students, 808
- ethnic group identification, validity of predictor measures in forecasting turnover, female Negro & Caucasian factory workers, 4024
- ethnic group membership, job performance prediction, Caucasian vs Negro civil service & private firm clerical employees, 4017
- ethnicity & educational background, participation in voluntary associations, Anglo vs black vs Mexican Americans, 8946
- European & African ancestry, association of blood group genes & superior cognitive test performance, U.S. Negro adolescents, test of W. Shockley's hypothesis, 4436
- exposure to new knowledge & discussions of racial differences, attitudes toward blacks, upper-middle-class white children & black child in private preschool, 5822
- factor structure, Wechsler Intelligence Scale for Children, 6 11 yr old Anglo-American & Negro & Mexican-American school children, 12030
- familial variables, expression of violent aggression, black preschoolers & their mothers, 963
- family composition & income & child's age, attitudes toward treatment in children guidance clinic, white vs black families, 1011
- father's occupation & education & family income & GPA, occupational aspirations, black vs white rural high school seniors, 3060
- functional race membership, recognition of faces, black & white college students, 9030
- future of black youth, 8928
- group dynamics, dealing with black extremists in correctional mental hospital, 5799
- group therapy & encounter experience, internalization behavior, black low-achieving students, 7687
- group vs individually contingent free time classroom behavior modification, inner-city black 7th graders, 11921
- Guttman's structural method of facet analysis, construction of cross-cultural attitude-behavior scale toward racial-ethnic interaction, blacks & whites, 4935
- haloperidol side effects, 54-yr-old black male with hyperthyroidism, 11641
- higher order factor analysis, classification of leisure time activities, 17 50 yr old black urban males, 6920
- home-based educational intervention, maternal teaching behavior & child's academic achievement, low-income urban homes, 11932
- hormones & simple recessive inheritance, anosmia to musk & isovaleric, blacks & whites, 10658
- insight into death experience & attitudes through spirituals & poetry & other literature, black Americans, 5100
- intent & ability of judged person & outcome, moral & achievement evaluative judgments, black vs white 4 18 yr olds, 4870
- internal external locus of control, athletic performance, white vs black basketball athletes, 7183
- item level racial differences, MMPI scores, black vs white psychiatric patients & prison inmates, 10922
- item-race interaction on Preliminary Scholastic Aptitude Test, black vs white high school students, 3953
- Jewishness & blackishness, significance of time perspective & nature nurture controversy, 10936
- job satisfaction & social background & commitment to teaching, establishment of insular subculture, black elementary school teachers in predominantly black urban school system, book, 5854
- Junior Eysenck Personality Inventory Extraversion vs Neuroticism vs Lie scale scores, scholastic achievement, Caucasian vs Negro vs Mexican-American 9 13 yr olds, 7958
- kindergarten attendance, social adjustment & Stanford Achievement Test performance, male vs female low socioeconomic class Negro vs white 2nd graders, 5917
- knowledge of social sciences of black Americans, counselors, 3239
- League of Coloured Peoples founding & development by Dr. H. A. Moody, 828
- level of resentment & suspicion, attitude toward violence, 16 64 yr old black & white males, 7050
- life-style & problems & death concept in Negro ghetto vs suicide theories, Negro vs Caucasian suicide rate, 1320
- listening to white vs black speakers, auditory discrimination ability, black & white male college students, 10224
- locus of control & dogmatism & aspiration level, belief in militant vs moderate social action, Negro male college students, 896
- low socioeconomic status & high crime & density & residential mobility & marital breakup & racial segregation, stress & suppressed hostility & skin color & blood pressure, black & white males in Detroit, 8927
- mass communication, white vs black urban poor, 1030
- mass media, development of minority group identity, Negroes, 5015
- maternal reinforcement styles used in teaching their children, individual differences in responses, black & white English & Israeli 4 yr olds, 6889
- model's race & S's race & cognitive vs motor task, imitation learning, white & black 3rd & 4th graders, 8418
- music listening as reward, mathematics performance, black 6th graders, 9894
- nature of black self-concept, modification of M. Mead's symbolic interactional approaches, critical review, 4947

- Negro nonstandard English, social & ritual aspects, 1014
- new black psychology with goal of liberation of black people, 4933
- nonstandard English usage, reading ability, black inner-city 9th graders, 3886
- own trait attributions & attributions seen as justified, ethnic stereotypes vs attitudes, black & white college students & rural noncollege whites, 3014
- peer-facilitator program, easing racial tensions, black & white 5th & 6th graders, 5873
- perceived belief similarity, social perception accuracy, black & white & Mexican-American high school students, 7075
- perceptual tempo manipulated by instructions to use reflective vs impulsive responding style, visual perceptual accuracy, black vs white male vs female 7 12 yr old educable mental retardates, 9446
- phenomenological reality & post-death contact, blacks & Japanese & Mexican & European originated Ss, 2855
- physical superiority for sports participation, blacks vs whites, 6927
- prejudice level, inspection time & attractiveness ratings of photos of whites & blacks, white college students, 3070

- presentation conditions & method of response, noun-pair learning, black vs Chinese- vs Spanish-American vs white 2nd graders, 4938
- prior social reinforcement, private vs public self-evaluation on ambiguous task, black 5th 8th graders, 9027
- programed audiotapes based on encounter group theory, race relations, black & white groups, 5053
- Quick Test, intelligence assessment, pregnant indigent Negro adolescents, 231
- race & age differences, McCarthy Scales of Children's Abilities, black vs white 2 8yr olds, 6823
- race & economic class, perceived outcomes of work & unemployment, blacks vs whites, 10060
- race & employment, work values & perception of material job outcomes, unemployed vs employed & blacks vs whites, 10059
- race & ethnic origin basic skin conductance & pulse rate measurement, Caucasians vs Negroes & Bedouins vs non-Bedouins, Israel, 2470
- race & grade level, echoic responses of standard English, black & white lower socioeconomic status 1st & 3rd & 5th graders, 9056
- race & human relations training, peer ratings, black & white industrial foremen, 1969
- race & minority group status, drug usage, black & white & American Indian & oriental college students, 5020
- race & sex of model & student, imitation learning, white vs black preschool age children, 4826
- race & sex, helping dependent deaf persons, black & white potential helpers & pretending to be deaf, 11015
- race & subculture & sex, counselor preferences, male & female black & Appalachian & northern white 10 12th graders, 5997
- race differences, recall of TV cereal commercials, black vs white 2nd graders, 11069
- race relations course, racialism, black vs white male vs female high school students from rural & urban areas in England, 9906
- race-ethnicity & social class, attitudes toward help seeking & therapist's race & race-disclosure & self-reported treatment outcomes, black & white female college students, 3622
- race, level of understanding, black & white counselors & clients, 7772
- race, performance on Wechsler Preschool & Primary Scale of Intelligence, 4 6yr olds, 6943
- race, persons influencing occupational expectations, Puerto Rican vs black vs white high school females, 10041
- race, scores on Peabody Picture Vocabulary Test, black vs white 5-6yr olds, 7962
- racial differences & anomie, attitudes towards police & probation & courts, 14-yr-old black & white male delinquents, 3094
- racial differences, validity of employment tests, whites vs blacks, 10042
- racial prejudice & race of target, physical aggression, college students, 3029
- racial self-designation, preferences for counselors, black college students, 8004
- racism, personality development, blacks, 10890
- reading interest, black & Puerto Rican inner-city high school students, 5881
- real vs perceived prejudice in white nurses, seeking health care, black families, 3583
- reconstruction ability, recognition for seriation, black 4 & 5 yr olds, 6838
- school desegregation, teacher-pupil interaction, female teachers & black & white male students, 7895
- school's racial composition, self-concept of ability, black & white 6th 8th graders in parochial schools, 7885
- self- & mother-concept, black vs white 3 6 yr olds, need for longitudinal studies of self-esteem, 8900
- sentence recall task using meaningful & anomalous & random word groups, semantic & syntactic development, lower-class black & middle- & lower-class white kindergartners & 1st & 3rd graders, 6847
- sex & age & race, pain tolerance, 20 70 yr old black & white & oriental adults, 2159
- signal detection model associating positive vs negative evaluative responses, racial attitudes, black vs white preschoolers, 2872
- Slosson Intelligence Test, academic achievement prediction, black disadvantaged 4th graders, 5912
- social & industrial capacities of Negroes, refutation of Negro inferiority, reprint of 1827 article by Macaulay, 813
- social acceptance & self-confidence & support from parents, black professional women, 6043
- social environment vs genetics, racial differences in IQ, blacks & whites, criticism of A. Jensen's study methods, 10923
- social interaction patterns, Black English vernacular grammar, vernacular culture isolates vs. dominant social group members, 1037
- social studies multiethnic materials, attitudes toward black Americans, white 7 7.5 yr olds in urban & rural school, 2876
- socioeconomic status & home environment & activities & goals & career objectives, intelligent black youth, 8944
- socioeconomic status, concept formation, black vs white 4th graders, test of A. Jensen's theory, 6866
- socioeconomic status, diagnostic significance of healthy & unhealthy group Rorschach content, black & white upper & lower class high school students, 5370
- standard vs nonstandard English presentation, grammatical responses, Negro vs Caucasian 2nd graders, 5152
- stereotyped roles of blacks in magazine & television advertising, 5136
- study of blacks emphasizing genetic vs psychic determinants, social issues research, 4923
- supervisory training program, employers' evaluations of job performance, black 1st-level supervisors, 3992
- syncretism & faulty mastery of difficult syntax, information transmission, black vs white lower vs upper socioeconomic status 1st graders, 735
- system perspective of white researcher, educational systems in black communities, 5825
- systematic social & token reinforcement, modification of racial & color concept attitudes, black & white preschoolers, 6900
- tangible reward system in natural classroom setting, learning of programed materials, 6th grade Negro ghetto children, 5883
- teacher methods of sorting students, black kindergartners to 2nd graders in segregated urban schools, book, 9875
- teacher political consciousness, student social & cognitive development, black teachers & 2nd graders in low-income urban elementary school, 3840
- test speededness on Admission Test for Graduate Study in Business quantitative section, potential source of test bias, black vs white candidates, 12008
- theoretical model of intelligence of A. R. Jensen, free recall of categorized & uncategorized lists, lower-class & middle-class black 5th graders, 10829
- Torrance Test of Creative Thinking & non-test indicators, creative talent, low income & ethnically different children, 1122
- tutoring program, achievement level & attitudes towards others & self & education & future, black inner-city high school teenager, 7928
- urban environment & grade level & race & socioeconomic status & sex, knowledge & attitudes toward drugs, 5th 11th graders, 851
- viewing films of aggressive behavior of black male vs female, imitative aggression, father absent vs father present black 6 yr olds, 927
- visual feedback vs verbal recognition training, recognition & description of black & white faces, black vs white college students, 10272
- Wechsler Preschool & Primary Scale of Intelligence & Rutgers & Goodenough & Goodenough-Harris IQ scores, lower socioeconomic black 3-5 yr olds, 9964
- white professional researchers' social conditioning techniques, maintenance of dependent & acquiescent behavior, blacks, 4942
- white research in black communities, 4925
- witchcraft vs rootwork magical thinking, behavior disturbances, Liberians vs black Americans, 9428
- within-group heritabilities, sources of between-group racial & IQ differences, 6485
- word meaningfulness dimensions of association & reinforcement value, verbal learning styles & paired-associate performance, black vs white female junior college students, 2358
- workshop program, school desegregation problem resolution, black & white public school teachers & principals, 7894
- Neighborhoods**
- recreational requirements, residential neighborhoods, 882
- residence in neighborhoods of comparable vs dissimilar social rank, satisfaction with communities, 4987
- Nembutal** (See Pentobarbital)
- Neologisms**

- neologisms in prose & poetry, case report, 21 yr old female diagnosed as hebephrenic, 11241
- Neonatal Autosomal Disorders** (See also Down's Syndrome)
- Neonatal Chromosome Disorders** (See also Down's Syndrome, Klinefelters Syndrome, Turner's Syndrome)
- Neonatal Development**
- auditory stimulation, perceptual motor development, premature infants, 2783
- communication skills, 5 yr olds with high-risk neonatal histories, 9062
- neonatal & environmental & developmental & affective variables, emotional disturbances, blind prematures, book, 1189
- neonatal characteristics, mother-infant interaction, mothers & newborn infants, 10904
- neonatal gonadal hormones, maternal & sexual behavior, female rats, 10694
- neonatal hypothyroidism, maturation of hypothalamo-hypophyseal-adrenal axis, rats, 453
- neonatal treatment with 6-hydroxydopamine, altered ontogenesis of central noradrenergic neurons, 4661
- neonatal undernutrition without maternal & social deprivation, adult behavior deficits, rats, 458
- overstimulation of motor reflexes, motor quiescence & reflex inhibition phases, newborns, 8877
- sex & birthweight & Apgar score & circumcision & behavioral state, plasma cortisol levels, full-term 3 day olds, 10589
- sex differences in behavior & organization of oral behavior, full-term Caucasian neonates, 710
- tape recording of mother's voice vs unknown female voice vs white noise, cardiac responsivity, low-birth-weight premature infants, 2541
- Neonatal Disorders** (See also Amaurotic Familial Idiocy, Anencephaly, Cleft Palate, Down's Syndrome, Klinefelters Syndrome, Phenylketonuria, Turner's Syndrome)
- Neonatal Genetic Disorders** (See also Amaurotic Familial Idiocy, Down's Syndrome, Klinefelters Syndrome, Phenylketonuria, Turner's Syndrome)
- Neonatal Sex Chromosome Disorders** (See also Klinefelters Syndrome, Turner's Syndrome)
- Neonates**
- "rooming-in" with newborns vs conventional situation of separate nursery, confidence & competence in care of baby, mothers, 7027
- a-methyl-para-tyrosine & reserpine & levodopa induced catecholamine depletion, hyperactivity, neonatal rats, 8684
- age dependent changes, synaptosome buoyant density, 1-50-day-old rats, 4820
- amount of original escape training, onset of 24-hr memory capacity, neonatal mice, 4746
- analysis of response competition, discriminated & nondiscriminated escape learning, neonatal rats, 8808
- arousal level in sleep & tactile stimulation, spontaneous smiles vs startles vs mouthing movements, 3-6 day olds, 8879
- behavioral observations, nondestructive vs destructive aggression, neonates & mothers, 778
- birth weight, physical & cognitive development, monozygous twins dissimilar in size at birth, 6836
- constant-current square-wave pulses to median nerve at wrist, afferent action potentials & somesthetic evoked responses, full-term newborns vs college students, 6378
- crying & responsivity to increasingly stressful neurological examination items, premature infants at 31 33 vs 34 36 vs 38 42 wks conceptional age vs full term infants at 38 42 wks conceptional age, 6829
- demand-feeding vs schedule-feeding, wakefulness, human newborns, 2762
- development of food preferences, newborn guinea pigs, 6747
- duration & frequency of alertness, male vs female 13-97 hr old neonates, 4839
- exposure to lead carbonate, hyperactivity & brain catecholamines, neonatal rats, 10698
- film analysis vs Baby-Spin" apparatus, motor development measurement, mother-reared monkey neonates, 6685
- gestational age & birth weight, quiet sleep duration, 1-2 day old newborns, 2761
- heroin & methadone addicted mothers, withdrawal, neonates, 5453
- low birth weight, perinatal death & physical & intellectual development, 6852
- maternal & littermate separation, behavioral & cardiac rate responses, 2-wk-old rats, 413
- methadone vs dextromethadone with vs without naloxone, growth, newborn mice, 4584
- monosynaptic testing, vestibulospinal influences, newborns, 4463
- neonatal sex hormones injected after bilateral castration, sex-based cognitive abilities, infant albino rats, 446
- neonatal sodium levothyroxine stimulation, motor performance & physical growth & maze & avoidance learning, rats, 6604
- neonatal 6-hydroxydopamine sympathectomy, foot shock-induced suppression of water-licking, normotensive & hypertensive rats, 4455
- obstetric complications & offspring physical size, schizophrenic vs schizophrenic-like vs normal mothers, 11295
- overstimulation of motor reflexes, motor quiescence & reflex inhibition phases, newborns, 8877
- paradoxical sleep & dysmaturity, oculomotor activity, underweight newborns vs normal vs mongolian, 10557
- rational motivation in crisis situation & personality developments & low intellectual level & reactive elements, mothers who committed neonaticide, 3430
- recording of averaged cochlear & brain-stem responses to stimuli, hearing loss diagnosis, neonates, 3539
- red vs blue vs white paper strips as stimuli, extinction & disinhibition & spontaneous recovery of pecking response, 2-day-old herring gulls, 4747
- sex differences in behavior & organization of oral behavior, full-term Caucasian neonates, 710
- stimulus intensity & frequency & time, auditory discrimination, 3 5 day olds, 4834
- surgical lesions in cerebellum & Purkinje cell role, cytoarchitectural degenerative & regenerative processes from developmental viewpoint, neonate rabbits, 4318
- symptoms & management, neonatal drug addiction, 1444
- vestibular influence, spinal cord, newborns, 4315
- visual cliff discrimination, infant hooded rats, 8847
- water vs sugar solution, taste preference, 23-84 hr olds, 4828
- Neoplasms** (See also Brain Neoplasms, Leukemias, Terminal Cancer)
- allylglycine-induced epileptic seizures, neuronal loss & gliosis in hippocampus, 4511
- individual psychological characteristics, adjustment to remission of cancer, 11497
- larynx removal due to malignancies, neuropsychiatric disorders, 9813

adenosine 3& 5-monophosphate, cerebrospinal fluid levels, 9 68 yr old hospitalized Ss suffering CNS & myopathic disorders & peripheral neuropathies, 5624

Angelman's "happy puppet" syndrome, case reports, 3545

antipsychotic drug therapy, tardive dyskinesia vs neurological conditions, 5670

autophenosis & biofeedback, Raynaud phenomenon, 31-yr-old male, 5710

autosomal dominant trait with incomplete penetrance vs autosomal recessive transmission, paroxysmal choreoathetosis, Chinese, 3533

cerebral biopsies & autopsies showing neuron loss & no glia spongiform change, dementia, patients, 3530

definition & quantitative evaluation of dance therapy, modification of irregular & disordered body-movement patterns, psychotic children, 1524

diagnostic problem solving methods, resident neurologists, 1186

differential language & neurological impairment characteristics, patients with aphasia vs general intellectual impairment vs speech apraxia vs confused language, implications for diagnosis, 7246

EEG background rhythms, syndrome of dynamism of nervous system, 8 9 & 14 15 yr olds, 7537

EEG examinations, ascertaining fitness to drive motor vehicles, general public & Ss with nervous or psychical disorders, 8496

evaluation & identification in clinical neurology, book, 3518

frontal lobe damage & dysfunction, activation & verbally programed & problem solving behavior, 5521

haloperidol, emotional reactions, 5 15 yr old mental retardates, 7643

hereditary disorder with abnormal copper metabolism & dementia & spastic dysarthria & vertical eye movement paresis & gait disturbance & splenomegaly, case report of 2 brothers, 11505

integrating speech therapy with physiotherapy, neurologically handicapped children, 1480

intellectual functioning & visual perception & academic achievement, 8 yr. old right-handed reading disabled children with vs. without neurological abnormalities, 1376

lesions placed within & outside limits of centrum medianum nucleus, psychological changes, patients with Parkinson's disease or seizure & pain disorders, 9810

levodopa, permanent dementia, 66-yr-old with idiopathic parkinsonism, 5688

motor abnormalities, children with cerebral palsy, 1445

neurological functional & organic disorganization, imitation of gestures, 8 10 yr old learning disabled children, 1399

neurophysiological investigations, monosynaptic reflex disturbances in Holmes-Adie syndrome, patients, 9504

prolonged bicuculline induced seizures, ischemic cell change & ictal physiological events, baboons, 2624

psychotherapy, 7-yr-old boy with Guillain-Barre syndrome, 11571

recognition & management, mental & neurologic disorders, 11527

REM sleep, waking nystagmus & oscillopsia associated with CNS demyelinating disease, 27-yr-old man, 9525

serum anticonvulsant levels, epilepsy management, inherited mental & motor disorders, 7644

spino-cerebellar degeneration & hormonal disorder & hypogonadism & deaf mutism & mental deficiency, post-mortem findings, adult siblings, 3564

subarachnoid hemorrhage, catatonia with waxy flexibility, 27-yr-old postpartum woman, 7512

ultrastructure & histochemistry, Creutzfeldt-Jakob disease & Alzheimers disease & senile dementia & Picks & Huntington's disease, 7543

vincristine, sensory disorder & weakness & motor conduction velocity & sensory action potential, patients, 7631

**Nervous System Neoplasms** (See also Brain Neoplasms)

**Nervousness**

cyamemazine, anxiety & depression & nervousness & sleep problems & hallucinations, 5627

stress film exposure, subjective accounts of fear & nervousness & intrusive & stimulus-repetitive thought, psychiatric inpatients vs nonpatients, 9281

**Nest Building**

early deprivation of nest materials, development of nest-building behavior, weaverbirds, 4684

Mendelian genetic analysis & diallel cross study, nest-building, inbred mice, 4434

methallibure & synthetic testosterone & mammalian luteinizing hormone & reserpine & chlorpromazine, nest building & sexual & aggressive behavior, sunfish, 10676

olfactory bulb lesions, nest reinforcement & handling reactivity, hamsters, 483

ovariectomy, scent-marking frequency & nest-building activity during pregnancy & lactation, gerbils, 521

systemic & diencephalic prolactin & progesterone administration, maternal behavior & nest building, mice, 519

**Netherlands**

age & travel experience, understanding pictograms used by Dutch railways, passengers, 6078

regional responsibility, mental hospitals, Netherlands, 5797

**Neural Lesions**

clonidine, locomotion, acute spinal cats, 4448

- dorsal root transection, stages of recovery of voluntary extension & grasp, adolescent rhesus monkeys, 8604
- left optic nerve cuts & subsequent stereoscopic illumination, abnormal visual function, frogs, 10611
- neural section, neuroglia of hypoglossal nuclei, dogs, 4546
- somatosensory deafferentation of both forelimbs after birth with vs without blinding, motor performance development, baboon & rhesus monkeys, 4543
- spaced hemisections on both sides of spinal cord to section long-fiber tracts & isolate short-fiber system, conduction of effects of noxious stimulation, rats, 6511
- unrelated words vs words grouped according to phonemic similarity & taxonomic category membership & composite visual imagery, memory coding, amnesiacs & patients with peripheral nerve lesions, 3275
- Neural Receptors** (See also Chemoreceptors, Mechanoreceptors, Photoreceptors, Proprioceptors, Thermoreceptors)
- complex & hypercomplex receptive fields of visual cortex as spatial frequency filters, cats, 4398
- cortical lesions, visual receptive-field characteristics of superior colliculus neurons, rabbits, 4540
- localization of point light source in visual field, latency & amplitude of evoked potentials in general cortex, turtles, 6397
- measurement following lights bleaching various amounts of rhodopsin, dark adaptation at receptors in isolated retina, frogs, 4404
- passive vs active detection of electric potentials & electrolocation & electrocommunication, electroreception, fish, 6371
- photic & acoustic & electrodermal stimulation & isotonic glucose injection, spontaneous & evoked activity in ventromedial nucleus & lateral hypothalamus, rabbits, 6393
- recovery of cone receptor activity in isolated retina, frogs, 4403
- spatial frequency & grating position with respect to cell receptive field & grating contrast, unitary response to sinusoidal grating moving or alternating in phase in optic tract & lateral geniculate body & visual cortex, cats, 4410
- Neuroanatomy**
- angiographic & operatory & anatomopathological data, gait apraxia, patients with frontal lesions vs patients with cerebral lesion bilaterally, 3552
- auditory cortical projections to superior colliculus, cats, 4360
- brain stimulation following brain lesions, neural basis for attack behavior, cats, 8619
- brain weight, behavioral development, mice, 6383
- computer-aided quantitative neuroanatomy, 2479

 trazodone, psychoneurotic patients, 7627  
 underlying language code, attempts at communication in psychoanalysis, neurotic patients, 5733  
 use of neurotic-like processes, cancer, patient's reactions & physician roles & attitudes, 9505  
 use of treated children as active assistant therapists, neurotic family dynamics, 5586  
 work resumption & professional reorientation, students with psychoneurotic disturbances, 1254  
 working conditions, neurotic disorders, shoe industry workers, 11325
- Neurosurgeons (See Surgeons)**  
**Neurosurgery (See also Psychosurgery, Sympathectomy, Thalamotomy, Vagotomy)**  
 bilateral surgical removal of cortex from medial temporal zone, time interval reproduction, adult male with severe memory loss, 9518  
 brain lesions, contingent negative variation, neurosurgical patients, 7810  
 lithium Ludiomil drug therapy & ECS therapy & psychosurgical interventions, depression, 1590  
 posterior section of corpus callosum, visual processes, patients, 11796  
 retracting wire knife made from microliter syringe, stereotaxic brain surgery, 6533  
 section of corpus callosum, "independent" epileptiform activity, 9 yr old severely retarded boy, 7814  
 simultaneous bilateral letters or digit presentation, interhemispheric interaction, commissurotomy patients, 3768  
 speech discrimination at various signal-to-noise ratios, unilateral anterior temporal lobectomy vs temporal lobe seizures, patients, 3525  
 spontaneous whole brain slow potential changes, method for evaluation of recovery from neurosurgical trauma or other brain injuries, rats, 4494  
 subcortical correlates, verbal formulation & expression, parkinsonian patients, 7523  
 surgical division of neocortical commissures, competence of cerebral hemispheres for cognitive skills, patients, 11802
- Neurotic Depressive Reaction**  
 age, neurotic & psychotic forms of depression, 11323  
 categorical classification, neurotic & psychotic depression, 11266  
 chlordiazepoxide vs amitriptyline, patients with depressive neurosis, 11632  
 demographic & attitudinal characteristics & illness assessments & history & patient-therapist interaction, prediction of response to amitriptyline, moderately depressed neurotics, 1576  
 diagnosis & classification & treatment, endogenous vs neurotic depression, 1284  
 flupenthixol, anxious-algetic-depressive syndrome complex in neurotic states, 25 50 yr old neurotic outpatients, 5659  
 imipramine pamoate & imipramine hydrochloride, global depression & depression-associated anxiety & neurotic symptoms, patients, 9683  
 monoamine metabolism deficiency, depressive symptoms, psychiatric patients & hospitalized & neurotic depressives, 3383  
 patients' self-reports vs clinical interview ratings of symptoms & illness severity, depressives, 1275  
 psychotherapist as narcissistic object, acute narcissistic injuries vs depressive reactions, 1521  
 seriousness of suicide attempt, psychodiagnosis & likelihood of repeated attempts, neuropsychiatric inpatients, 11357
- thioridazine, outpatients with mixed anxiety-depressive psychoneurotic states, 7648  
 token economy, depressive behaviors, neurotically depressed patients, 1657
- Neuroticism**  
 age & education & managerial rank & self-confidence & frustration contentment & extraversion & neuroticism, readiness to accept change & attitudes toward change in promotions policy, managers, 10094  
 age-related correction table for adjustment of calculated neuroticism values, Maudsley Medical Questionnaire, 5193  
 aggression & neuroticism & competence, motivation for sports participation, implications for measurement & research, 10490  
 authoritarianism & extraversion-introversion & anxiety & neuroticism, satiation of orientation, college students, India, 4169  
 calculation procedures for cross-lagged panel correlation process, application to Warsaw Neurotic Scale, university students, 5240  
 choreotherapy, psychomotor rehabilitation, neurotic teenagers, 5575  
 extraversion & neuroticism, rated word-arousal, college students, 11151  
 extraversion & neuroticism, volunteering for general vs boring vs social vs shock experiment, college students, 3194  
 extraversion vs neuroticism scores on Eysenck Personality Inventory, psychological illness development, male vs female college students at enrollment vs 2 yrs later, 7282  
 extraversion-introversion & degree of neuroticism & sex & postsatiation time, semantic satiation, college students, 3116  
 Eysenck Personality Inventory & D. N. Uznadze's set tasks, student nurses classified as hysterics vs dysthymics vs neurotics vs introverts vs extraverts, 1089  
 faking nice" vs awful" personality on Eysenck Personality Inventory, extraversion & neuroticism, college students, 1120  
 genetic vs environmental covariation, psychoticism & extraversion & neuroticism, monozygotic twins, 5188  
 hierarchical oblique factor analysis, Eysenck's unrotated data on neuroticism & extraversion & hypochondriasis, 1088  
 Identity Achievement Scale, correlations with Srole's Anomie Scale & Christie's Machiavellianism IV Scale & Eysenck's Neuroticism Scale & Couch & Keniston's Yeasaying Scale & Jourard's Self-Disclosure Questionnaire & Rotter's Internal External Control Scale, college students, 3213  
 instructions to simulate stability & neuroticism on Junior Eysenck Personality Inventory, discrimination of lie & malingering scales, 12 16 yr olds, Ireland, 3201  
 introversion extraversion & neuroticism, gifted vs ungifted art students, 3170  
 Junior Eysenck Personality Inventory Extraversion vs Neuroticism vs Lie scale score, scholastic achievement, Caucasian vs Negro vs Mexican-American 9 13 yr olds, 7958  
 length of unemployment, neuroticism, engineering graduates & diploma holders, 5233  
 mesoridazine & psychodrama treatment, obsessive-compulsive-phobic symptomatology & neuroticism & extraversion, outpatient neurotics, 1479  
 modified version of Persian form of Eysenck Personality Inventory, extraversion & neuroticism & psychoticism scores, Iranian 18 20 yr olds, 1086  
 need achievement, extraversion-introversion & neuroticism, engineering graduates, 7142  
 neuroticism & extraversion & sex & goal-set, physical persistence, 8303  
 neuroticism & extraversion, noise distraction, psychomotor performance, 321  
 neuroticism & extraversion, obsessive & hysterical & oral personality, recovered depressed patients, 5363  
 neuroticism & introversion extroversion & hostility & aggression & liability to depression, idiopathic epileptics, 11489  
 neuroticism, college-educated vs. non-college-educated policemen vs. civilians, 1075  
 neuroticism, degree of integration into normal working environment, blind & normal vision Ss, 3562  
 opposite suggestion, aesthetic preference change, male & female college students with extreme scores on Eysenck Personality Inventory Extraversion & Neuroticism scales, 11147  
 personality factors on Eysenck Personality Inventory, social attitude correlates, 18 34 yr old female student teachers, 5242  
 psychoticism & neuroticism, dexamphetamine effects on flash threshold & skin resistance, 6599

- psychoticism, intelligence & academic achievement & neuroticism & extraversion, Iranian youth, 9124
- semantic style variables, questionnaire measures of social desirability & extraversion & neuroticism, college students, 7180
- sex differences, neuroticism, college students & teacher trainees, 9088
- sexual functions deteriorations, neuroticism, patients with chronic prostatitis, 5354
- New Zealand**
- attitudes toward abortion, senior vs intermediate vs junior Canterbury Association of Anglican Women members in New Zealand, 6990
- attitudes toward training & aspects of practice in psychotherapy, Australian & New Zealand College of Psychiatrists members, 7204
- attitudes toward use of & hiring vs not hiring industrial psychologists, American vs New Zealand personnel administrators, 1144
- community services models for serving mentally handicapped & families, West Germany & New Zealand, 1718
- cultural vs environmental differences in cognitive development, intelligence test performance, Maoris vs Europeans in New Zealand, 6869
- knowledge of Maori language & customs & etiquette, urban vs rural Maori vs urban white 13-15 yr olds, 810
- operant analysis of control procedures, New Zealand boys' borstal officers, 7721
- recommendation for usage of British 16 PF standardization until specific New Zealand data are available, 11122
- research training, subsequent employment histories, graduates of New Zealand's U. of Canterbury 2-yr clinical psychology M.A. program, 11174
- TV viewing habits, male vs female 3 vs 4 vs 5 yr olds from upper socioeconomic backgrounds in New Zealand, implications for language development & learning, 10851
- Newborn Infants** (See Neonates)
- Newsletters** (Professional) (See Scientific Communication)
- Newspapers**
- newspaper campaign audience segments, 3130
- Niacin** (See Nicotinic Acid)
- Nialamide**
- nialamide pretreatment, existence of N,N-dimethyltryptamine in brain, rats, 4600
- nialamide vs imipramine, concept identification & GSR, male depressed chronic schizophrenics, 3366
- oral tryptophan vs iv nialamide, depressed patients, 9639
- Nicotine**
- acute & chronic tolerance to nicotine as measured by spontaneous locomotor activity, rats, 6670
- benactyzine & hemicholine & pediphen & nivaline & nicotine & acetylcholine introduced into hypothalamus, course of traumatic shock, rabbits, 548
- cigarette smoking with known content of nicotine, subjective mood changes, male habitual smokers, 6588
- daily nicotine, tolerance to effects on barpressing for water reinforcement, rats, 4588
- nicotine intake at different times of day, heart rate & skin temperature, cigarette addicts, 2580
- nicotine vs angiotensin II injected in hypothalamic & mesencephalic sites, evoked drinking behavior, monkeys, 8646
- nicotine-containing chewing gum, smoking behavior, Ss at antismoking clinic, 9642
- nicotine, biphasic effects on ECS-induced retrograde amnesia, mice, 2597
- strychnine sulphate & Metrazol & dextroamphetamine sulphate & caffeine citrate & nicotine alkaloid, facilitation & disruption of long-term memory store, mice, 10661
- transfer of state-dependent control of discrimination behavior between subcutaneously & intraventricularly administered nicotine & saline, female rats, 8591
- 3,3-dimethyl-1-butanol carbamate, potentiation of nicotine-induced convulsions, mice, 4679
- Nicotinic Acid**
- nicotinic acid prior & simultaneous administration, prevention of exacerbation & improvement of psychopathology induced by MAO inhibitor & methyl donor, schizophrenics, role of catechol-O-methyl-transferase activity, 1558
- pyridoxine, therapeutic effects of nicotinic acid, chronic schizophrenics, 11596

**Nictitating Membrane**

- balance panel & amplifier & trigger device, nictitating membrane transducers, 4067
- contralateral cutaneous afferent activity level, acquisition of nictitating membrane response, rabbits, 6545
- differential intertrial intervals, single alternation patterning behavior in classical nictitating membrane conditioning, rabbits, 6720
- length & degree of variation of intertrial interval, conditioning of nictitating membrane, rabbits, 2716
- single vs multiple trials per day, CS UCS interval function in nictitating membrane response conditioning, rabbits, 4740

**Nightmares**

- hypnosymbolism, recurrent nightmares associated with traumatic neurosis, 9614
- limits of language & emotional quality of night terrors, literary examples, 11080
- respiratory & heart rate & skin resistance, Stage 4 night terrors & nightmares, adults & 2-8 yr olds, 9211

**Nitrogen**

- nitrogen narcosis, response rate on fixed-ratio & differential-reinforcement-of-low-rate schedules, rats, 450

**Nocturnal Behavior (Animal)** (See Animal Nocturnal Behavior)**Nocturnal Teeth Grinding**

- electrophysiological study, tooth-grinding during sleep, 19-48 yr olds, 8530

**Noise (Sound)** (See Auditory Stimulation)**Noise (Visual)** (See Figure Ground Discrimination, Visual Stimulation)**Noise Effects**

- aircraft noise & sonic booms, EEG during sleep, 29-49 yr. old females, book, 387
- airport noise pollution effects, bibliography, book, 2906
- ambient noise effects, cognitive processes & attention, college students, 8334
- auditory distraction, time estimation by verbal estimation method, postgraduate students, 8177
- auditory system functioning & physical correlates of hearing & auditory overstimulation effects, 10202
- auditory threshold impairment, speech reception in quiet vs noise, war veterans with sensorineural hearing loss, 5522
- background noise, early components of averaged EEG response to clicks, 10537
- distraction effect of noise bursts, 5-choice serial response task, 18-26 yr old enlisted navy men, 10211
- environmental pollutants & noise & housing & recreation, mental health, book, 11235
- frequency & noise level, auditory masked thresholds, 132
- home noise level, auditory discrimination, reading ability, 2nd 5th graders, 8197
- infant incubator & recovery room & acute-care unit noise levels, levels & potential health hazards, hospitals, 9839
- long-term exposure to tone pulse noise, sleep, U.S. Navy enlisted men, 2543
- measurement of auditory discrimination in quiet vs noise background, validity for classroom setting, children, 12026
- music as distraction, test-taking performance, 10th graders, 9929
- music vs noise & task difficulty, visual vigilance task performance, 18-28 yr olds, 8228
- neuroticism & extraversion, noise distraction, psychomotor performance, 321
- noise background, pitch discrimination, 18-37 yr olds, 2180
- noise conditions, heart rate during auditory vigilance, 8546
- noise level, processing tachistoscopic presented information, chronic schizophrenics vs normals, 1210
- noise, physiological & psychological & sociological & cultural effects, bibliography, book, 126
- noise, 1971 bibliography, 4180
- physiological & personality correlates, responses to questionnaire on night & daytime sleep while experiencing sleep disturbances through 4 airplane noise levels, male vs female 19-24 yr olds, 10577
- prior performance vs prolonged exposure to high-intensity noise, choice serial reaction task, naval enlisted men, 8162
- selective encoding from visual display, processing noise elements, female students, 10248
- sentence context, word perception presented in noise, normal-hearing listeners, 8203
- sound intensity & number of nonreverberant impulses, damage-risk criteria, 2174

## Noise Levels (Work Areas)

spacecraft noise & blast effects, 10217  
 speech interference test, speech quality evaluation, 129  
 unpredictable & uncontrollable high-intensity noise, tolerance for frustration & task performance, 2445  
 9-day exposure to 80 vs 86 vs 92 vs 98 db noise, temporary & permanent threshold shifts, monaural chinchillas, 8853  
**Noise Levels (Work Areas)**  
 exposure to noise, conventional & high frequency hearing, naval aircrewmembers, 4179  
 quiet-contingent music, noise levels, junior high home economics classrooms, 1814  
**Nomenclature (Psychological)** (See Psychological Terminology)  
**Non Zero Sum Games**  
 equivalence & optimal strategies with differential payoffs for exploitation of nonoptimal other, choice behavior in 2-person zero-sum games, college students, 9029  
**Nonconformity (Personality)**  
 self-concept, preference for abstract vs relational thinking style & conformist vs nonconformist position in insoluble problems, male vs female college students, 7170  
**Nondirective Therapy** (See Client Centered Therapy)  
**Nonmetallic Elements** (See also Carbon, Helium, Nitrogen, Oxygen)  
**Nonparametric Statistical Tests** (See also Chi Square Test)  
 randomization vs t tests, complex test criteria & censored observations & unknown small sample characteristics, 2117  
 relatively inexpensive application of high-speed computers, computation for randomization test counterparts of t test & l-way analysis of variance, 6147  
**Nonprofessional Personnel** (See Paraprofessional Personnel)  
**Nonprofit Organizations**  
 organization & composition of work-for-pay program based on nonprofit corporation, providing community services for deviant individuals, 3751  
**Nonrapid Eye Movement Sleep** (See NREM Sleep)  
**NonREM Sleep** (See NREM Sleep)  
**Nonsense Syllable Learning**  
 coarticulation effects of post-consonantal vowels, short-term recall of pre-consonantal vowels, 2392  
 conditioning different factors of meaning to nonsense syllables, meaning acquisition & change, 219  
 instructions to anticipate English words, paired-associate learning of nouns in Umbu pseudo-language, replication of O. W. Smith & C. W. Koutstaal's experiment, 2369  
 intelligence & anxiety & task difficulty & association level, nonsense syllable learning, 9th graders, 6279  
 intraindividually variable acoustic stimulation, EEG changes & nonsense syllable learning, young adults, 390  
 meaningfulness of dissyllables, acquisition & clustering in multiple-trial free recall, college students, 6330  
 paired-associate grouping vs categorical grouping of nonsense syllables, long-term memory, graduate students, 8450  
 sensory-modality scale for pronounceability of trigrams, free-recall learning, college students, 10354  
**Nonstandard English**  
 attitudes toward black dialect, black vs white elementary school teachers in Alabama, 4918  
 counselor sex & race & language style, client satisfaction & depth of exploration in initial interviews, black students in university program for disadvantaged, 7996  
 Negro nonstandard English, social & ritual aspects, 1014  
 nonstandard English usage, reading ability, black inner-city 9th graders, 3886  
 rejection vs acceptance of dialect differences, reading comprehension, elementary school students, 9920  
 social interaction patterns, Black English vernacular grammar, vernacular culture isolates vs. dominant social group members, 1037  
 standard vs nonstandard English presentation, grammatical responses, Negro vs Caucasian 2nd graders, 5152  
**Nonverbal Communication** (See also Body Language, Eye Contact, Facial Expressions, Gestures, Smiles)  
 Balint groups, doctor patient relationship & interaction patterns & verbal & nonverbal communication, implications for psychological training in premedical education, 9194  
 body & facial cues, attribution of affect, 958  
 body movement & posture, verbal communication, book, 1052  
 body positions & spatial relations, physician patient relationship, 9574  
 characteristics of nonlingual communication, 5134

## SUBJECT INDEX

## Nonverbal Communication

communication & affect, language & thought, book, 5157  
 communication via facial expressions, cross-cultural generality, 1051  
 construction of faces representing emotions from drawings of facial components, Turkish male college students, implications for encoding of facial expressions, 1021  
 cross cultural differences, jugular & facial motions denoting yes" & no," Europe, 1034  
 dogmatism & Machiavellianism, nonverbal rigidity, college students, 3202  
 emotion & expectation & environment, communication, book, 1020  
 expressive movements & aspects of affective life, literature review, 7128  
 field-dependence field-independence cognitive control, discrimination of affective expression & implied meanings, college students, 3092  
 general system theory's role in communicating information, personal space, 9047  
 gross temporal patterns, infant adult gaze behavior, 4 mo olds & Es or mothers, implications for human communication theory, 10822  
 high vs low accurate empathy & nonpossessive warmth & genuineness in nonverbal communication, therapeutic outcomes, children, 5603  
 identification & estimation of mimical & postural expressions, student actors & actresses, 11047  
 information given in verbal & nonverbal cues, accuracy perceiving another, adults, 973  
 instinctive gestures vs acquired signs & regressive connection of movements of expression, 1042  
 instruction using symbolic gestural code, beginning foreign laborers in industrial plants, France, 3996  
 judgment of filmed cartoons combining various motions of facial expressions on friendly hostile scale, deaf vs hearing college students, 5115  
 nonverbal communication research, need for emphasis on psychological variables, 1047  
 nonverbal communication, relation to counselor education, 1141  
 nonverbal communication, seminar report, 1059  
 nonverbal communication, Japanese social interaction in terms of historical & cultural factors, 5064  
 nonverbal distraction, short-term storage, college students, 8464  
 nonverbally communicated personal warmth, WAIS intelligence test performance, Athabaskan Indian & Eskimo high school students from remote Alaskan villages, 11137  
 parental interviews & nonverbal communication & supervision techniques, psychoanalysis of children, 1505  
 personality needs of nurturance & intracception & abasement, eye contact & direction of gaze aversion during interview, college students, 2984  
 physical & body contact exercises, self-disclosure in encounter group, college students, 9005  
 physical distance & eye contact & body orientation & lean, nonverbal communication of interpersonal attitudes, examination of M. Argyle & J. Dean's compensation hypothesis, 2990  
 relaxation & affiliative behavior & responsiveness to confederate & ingratiation & distress & intimacy of position as descriptive categories, verbal & nonverbal interaction of same-sex strangers, college students, 955  
 reliability & utility of videotape for observation of looking & smiling behaviors, married couples, 946  
 self-esteem, intimacy in tactile communication, college students, 11013  
 semantic content, words & pictures as modes of representation, 5146  
 sex & race & age & socioeconomic status & settings, touching in public, white college students, 9007  
 social interaction vs expressive meaning, nonverbal communication, 5142  
 space & time as language tools, nonverbal communication, book, 1032  
 symbolizing interaction & emotional experiences of closeness, nonverbal communication in child psychotherapy, 5604  
 therapist's proxemic cues, patient's length of communication, 18 25 yr olds with acute paranoid schizophrenia & character disorders & adjustment reaction & college students with personal & vocational educational problems, 3607  
 training procedures, verbal vs nonverbal communication in structured & unstructured groups, 5139  
 use of electromechanical communication device, severely retarded cerebral-palsied children, 7510

verbal & nonverbal behaviors, facilitation of empathic communication on initial psychiatric nurse schizophrenic patient interactions, 11847

verbal vs nonverbal communication of affective state, support for P. Watzlawick & J. Deavin & D. Jackson's hypothesis, 1056

verbal vs vocal vs visual channels of positive vs neutral vs negative communication by female elementary school teachers, good vs bad vs not good not bad student message evaluation, 3rd 6th graders, 5858

videotape & instructional feedback, nonverbal marital interaction, male psychiatric patients & their wives, 5701

videotapes of interaction during alcohol- vs nonalcohol-related conversation, analysis of verbal & nonverbal behavior, alcoholics & their wives, 1330

visual cues & verbal content, impressions of employment interviews & job applicants, college student Os, 10048

visual interaction, schizophrenics & depressed patients & psychotic children, 11310

written communications under conditions of physical separation & transference & countertransference & limited forms of communication, psychotherapy, 1514

**Nonverbal Reinforcement**

interpersonal distance, verbal & nonverbal reinforcement cues, projective test responses, college students, 11062

**Noradrenaline** (See Norepinephrine)

**Norepinephrine**

a-methyl-p-tyrosine & bis-(4-methyl-1-homopiperazinyl thiocarbonyl) disulfide, inhibition of catecholamine synthesis & conditioned avoidance acquisition, mice, 6585

a-methyltyrosine or a-methyltyrosine methylester, REM sleep & brain level of norepinephrine, cats, 4666

a-methyltyrosine, behavioral & biochemical effects, cats, 4615

a-methyltyrosine, brain dopamine & norepinephrine & dextroamphetamine & phenmetrazine-induced locomotor activity, mice, 4670

acute & chronic desipramine, content of norepinephrine & other monoamines in brain, rats, 8737

acute & chronic methamphetamine, brain norepinephrine metabolism, 10699

acute behavioral activation, temporal factors in sympatho-adrenomedullary activity, 19 33 yr old male students, 2533

amitriptyline, norepinephrine metabolism, depressed patients, 3376

amphetamine, selectivity of release of norepinephrine & dopamine & 5-hydroxytryptamine in regions of brain, rats, 8675

amphetamines, role of dopamine vs. norepinephrine in mediating behaviors, 595

anticipation of exhausting vs milder degrees of muscular exercise, plasma cortisol vs norepinephrine vs epinephrine levels, 4411

apomorphine & clonidine stimulation of dopamine & noradrenaline receptors, reversal of reserpine-induced suppression of motor activity, mice, 526

bilateral olfactory bulb removal, brain norepinephrine, male hamsters, 10632

brain norepinephrine, anorexia effect of amphetamine & cocaine, 6624

cage housing vs chair restraints, urinary epinephrine & norepinephrine levels, monkeys, 6455

catecholamines & self-stimulation, brain levels after stimulation & pretreatment with DL-a-methyl-p-tyrosine, rats, 4460

chronic dietary exposure to dieldrin, depletion of brain serotonin & norepinephrine & dopamine, ducks, 8743

chronic ECS administration, mouse-killing activity & brain monoamines, female rats, 8665

dextroamphetamine & H-norepinephrine & H-L-tyrosine, avoidance conditioning, Roman high vs low avoiders vs Sprague-Dawley rats, 4583

dextroamphetamine sulphate & chlorpromazine hydrochloride & a-methyl-p-tyrosine & pimozide, self-stimulation of noradrenergic cell concentrations of locus coeruleus at 21 sites, male rats, 8655

dextroamphetamine, locomotor activity & anorexia & stereotyped behavior & brain norepinephrine & striatal dopamine turnover & p-hydroxynorephedrine in brain, rats, 10659

diethyldithiocarbamate induced depletion of brain norepinephrine, learning & subsequent performance of passive avoidance response, rats, 6626

distribution & metabolism of norepinephrine & serotonin in CNS, 410

electrical foot shock-induced stress, turnover of norepinephrine in cerebral cortex, rats with unilateral lesion in locus coeruleus, 4498

electrolytic septal lesions, brain & heart norepinephrine concentrations, hyperreactive rats, 4512

fighting behavior, isolation & plasma catecholamine & epinephrine & norepinephrine, mice, 671

fighting, adaptive change in catecholamine uptake in cerebral cortex, mice, 412

imipramine & amitriptyline & trimipramine & promazine & benactyzine & levomepromazine, central effects of serotonin & norepinephrine, cats, 525

intrahypothalamic administration of norepinephrine & carbachol, acid output of perfused stomach, curarized rats, 6522

intrahypothalamic injections of carbachol & noradrenaline, behavioral thermoregulation & associated skin temperature levels, rats, 10607

intraventricular norepinephrine & estradiol benzoate, weight regulatory behavior, female rats, 6668

life changes & catecholamine excretion & biochemical reactions, 44-66 yr old well-rehabilitated male survivors of myocardial infarction, 3566

macromerine & normacromerine & bisnormacromerine, conditioned avoidance response, rats, 2648

noradrenaline & dibutyl cyclic adenosine monophosphate, locomotor & exploratory activity & convulsions, rats, 4601

norepinephrine metabolites, biochemical criteria for classification & predicting treatment outcomes, depressed patients, 7327

receptor blocking drugs & variations in levels & metabolism of norepinephrine & dopamine & serotonin, anticonvulsant drug effects, mice, 4627

right lateral brain ventricle injections of norepinephrine & serotonin & their antagonists, avoidance CRs, male rats, 10638

septal lesions, forebrain & hindbrain serotonin levels & norepinephrine turnover, rats, 2573

urinary excretion of monoamines & metabolites before & during & after withdrawal from barbiturates, barbiturate-dependent Ss, 3458

1-prolyl-1-leucylglycinamide, striatal dopamine & norepinephrine syntheses, normal vs hypophysectomized rats, 10665

6-hydroxydopamine & subsequent biogenic amine depleting & neuroleptic agents, behavioral depressant effects, rats, 4580

6-hydroxydopamine injections into region of ventral noradrenergic pathway at mesencephalic level, sleep-waking states & norepinephrine & serotonin levels, female cats, 8648

6-hydroxydopamine, brain levels of norepinephrine & dopamine & analgesic response to morphine & tolerance, rats, 4564

**Normal Distribution**

logistic distribution, approximating normal curve, 2121

**Normalization (Test)** (See Test Standardization)

**Norms (Test)** (See Test Norms)

**North America**

cross-cultural differences, perceived locus of self & personality correlates, college students, North America & Latin America, 2844

**Northern Ireland**

personality & psychiatric condition & intelligence & civil state & social class & religion, female suicidal attempters in 1962 63 vs 1971, Northern Ireland, 9399

psychological effects of military & political & social violence, citizens of Northern Ireland, book, 6967

Tavistock & National Training Laboratory techniques, destructive conflict, Catholic & Protestant Ss, Belfast, 9724

**Norway**

confederate's pacifist strategy, cooperation & exploitation where real pairs rarely cooperate, Norwegian college students, 11008

cross-cultural differences, New Left ideology, college students, United States & Finland & Norway & Japan, 825

education for retarded, Norway, 3947

roles of physician & social worker & psychiatric nurse, comprehensive mental health after-care services, discharged Norwegian psychiatric patients, 7236

special education treatment trends, maladjusted children & adolescents, Norway, 1899

strong vs weak external constraints, homicide & suicide rates, Norway vs France, 3426

**Norway Rats**

cues used to discriminate colony members from conspecifics, aggressive & amicable & sexual behavior, Norway rats, 6769

escape conditioning, wild vs domestic Norway rats, 8805

postweaning handling & prior learning sophistication & shock intensity, avoidance conditioning, wild vs domestic Norway rats, 8628

### Nouns

ambiguous linguistic stimuli, interhemispheric asymmetries for verb & noun meanings in scalp-recorded evoked potentials, 398  
characteristic constraint, qualification level defined by adjective-noun relationship in discourse, analysis of E. Zola's Rougon-Macquart series of novels, 1050  
covariance & correlation analysis, connotative space for German nouns, facilitation of cross-cultural research, 1049  
familiarity vs unfamiliarity & learning by rote vs visual imagery & immediate vs delayed associations, recognition memory for noun pairs, college students, 2411  
image value of nouns, scanning transitive sentences for probe word presence or absence, college students, 10453  
imagery, recall of adjectives & nouns from meaningful prose, college students, 4289  
incidental vs intentional learning instructions & recall vs recognition, learning concrete vs abstract nouns, college students, 2364  
logical grammatical functions of nouns & predicate structure of verbs, encoding & long-term storage of sentences, 8456  
same vs different underlying strings of sentences, memory of noun pairs, 6th graders & college students, investigation of N. Suzuki & W. D. Rohwer's hypothesis, 10423

**Novel Stimuli** (See Stimulus Novelty)

### NREM Sleep

acute shifts in sleep-wakefulness cycle, sleep patterns, college students, 10540  
awakening from REM & non-REM sleep, durations of subsequent spiral aftereffects, 18-24 yr olds, 10269  
bucco-lingual vs bucco-linguo-masticatory dyskinesia vs rabbit syndrome, presence vs absence during NREM vs REM sleep vs sleep onset vs wakefulness, chronic schizophrenics, 5384  
dreams, respiratory & heart rate & phasic vasoconstrictions & skin potential fluctuations, adult males, 8549  
EEG studies of sleep deprivation & dreaming & sleep disorders & sleep induced by drugs, REM & NREM sleep, literature review, 423  
flunitrazepam, sleep cycle, healthy adults, 8730  
neuroanatomical duality & individuality, REM & NREM sleep mechanisms, review, 376  
nocturnal penile tumescence & sleep EEG & eye movement, convicted rapists vs other prisoners, 7288  
REM & non-REM sleep & wakefulness, visual evoked responses, pre-term infants, 2511

### Nuclear Family

communal child-rearing vs. old family service models, social work, 1752

**Nucleic Acids** (See also Adenosine, Deoxyribonucleic Acid, Ribonucleic Acid)

### Number Comprehension

ordination concept to natural number competence to cardination, number concept development, children, implications for teaching numerical skills, 10853  
syllabic effect, number naming, college students, replication of C. W. Erikson & M. D. Pollack & W. E. Montague & S. Klapp's studies, 10366

### Numbers (Numerals)

Arabic vs Roman numbers as targets, visual serial search, college students, 8261  
developmental aspects, reading & writing of digits & numbers, 48 yr olds, 10878  
digit size & size of digit differences, complexity ratings of short strings of decimal digits & pictorial analogs of digit strings, college students, 6234  
identification of characters as digits or letters, implicit & explicit classification as digits vs letters, 6233  
Jung's archetype of order numbers & object relations, archetypal configurations & ego development, 5223  
letter-digit matrix of errors of auditory perception, 22 59 yr olds, evidence for phonemic confusion between letters & digits in short-term memory, 10218  
number of syllables in vocalization of response, tachistoscopic reports for numbers & words, college students, 8186  
number vs rod length processing in decision-making task based on signal detection theory, housewives, 8333

transposition vs mirror-image operation of higher order organization, serial recall of formed pattern of ordered digits, college students, 2324

visual information processing of numerical inputs, graduate students, 4264

**Numerical Ability** (See Mathematical Ability)

### Numerosity Perception

numerosity discrimination, animals of different phylogenetic levels, 6690

### Nuns

birth order & personality development, vocational choice of becoming Carmelite nun, 8034

personality, 22 55 yr old Roman Catholic nuns vs female college students vs adults, 7137

### Nursery School Students

free-time contingent reinforcement mediated by token, compliance with teacher in academic tasks, negativistic preschool age children in special class, 1817

peer & adult social interactions & deviations, 3 & 4 & 5 yr olds in Montessori nursery vs university laboratory preschool vs parent cooperative nursery, 5888

teacher's predictions on learning performance, 4 yr olds & kindergartners, 5931

### Nursery Schools

creative acts in children's play, traditional nursery school program evaluation, 3846

nursery school attendance, self-concept & conservation & achievement & space-time-quantity concepts, middle & lower-middle socioeconomic status kindergartners & 2nd graders, 6837

peer & adult social interactions & deviations, 3 & 4 & 5 yr olds in Montessori nursery vs university laboratory preschool vs parent cooperative nursery, 5888

**Nurses** (See also Psychiatric Nurses, Public Health Service Nurses, School Nurses)

attitudes toward drug users, law students vs nurses vs members of police drug squad, 5077

biographical & personality & administrative climate inventories, job performance prediction, nurses, 3233

Carkhuff Discrimination Scale, prediction of accuracy of perceptions of mental patients' interview behavior, nurses & mental health technicians, 7623

cultural & subcultural influences, job perception & job satisfaction, white vs. nonwhite female nurses & vocational nurses & hospital technicians & aides & clerical personnel, 2002

educational background & age & experience with aged, attitudes toward aged, registered vs practical nurses' aides in nursing homes & general hospital, 11187

factor structure, Nurses' Observation Scale for In-patient Evaluation, male vs female patients, 3280

frame of reference for aspiration level, coronary care vs other unit hospital nurses, 3244

health importance & priorities, nurses vs low-income mothers of high-risk infants, 3276

importance of aspects of physical care in response to physiological needs vs psychosocial vs medical care vs discharge preparation, hospitalized patients vs professional nurses, 3819

job satisfaction, intentions to remain in army, army nurses, 4028

knowledge of & attitudes toward & commitment to legal rights of mental patients, psychiatrists vs psychologists vs social workers vs nurses vs attendants, 9291

modeling & instructions, interaction with psychiatric inpatients, nursing staff, 9200

need for social workers vs nurses in child & youth psychiatric clinic, 5282

need satisfaction, organizational position & job performance, professional nurses & paraprofessional employees, 3265

nurses' estimates & patients' self-reports of duration & quality of patients' sleep vs EEG measures of sleep, nurses & patients, 4374

nurses' ratings of patients' psychosocial function, increased patient attention, patients in nursing-care unit of home for aged, 1777

nursing helpfulness, posthospital evaluations of psychiatric nursing treatment, discharged patients, 3800

offerings of slight increases in pay & status & job freedom & coworker friendliness, commitment to professional organization, teachers & nurses, 1978

on-the-job training program in psychiatry & geriatric approaches, nursing home personnel, 5258

psychological & sociocultural & economic aspects of problems, management of psychosomatic illness, doctor nurse team approach, 9551

psychological reactions to disaster, nurses, 5264

real vs perceived prejudice in white nurses, seeking health care, black families, 3583

role adaptation, self-actualization, baccalaureate degree nurses, 1096

role conceptions & instrumental & expressive role functions, special care unit vs regular hospital unit continuing vs dropout nurses, 3223

therapeutic effectiveness of counseling, nursing personnel, literature review, 1721

#### Nursing

age & marital status & previous experience, self-esteem & internal-external control, nursing students, 5255

importance of aspects of physical care in response to physiological needs vs psychosocial vs medical care vs discharge preparation, hospitalized patients vs professional nurses, 3819

nursing care of terminal patients, 5810

nursing helpfulness, posthospital evaluations of psychiatric nursing treatment, discharged patients, 3800

nursing socialization & experience with psychiatric patients, semantics & style of knowledge of mental illness, nursing students, 3234

photographic self-image confrontation, therapeutic nursing care, chronic schizophrenic women, 9626

psychotherapeutic activities in medical-psychological university clinics, nursing teams, France, 9536

role conceptions & instrumental & expressive role functions, special care unit vs regular hospital unit continuing vs dropout nurses, 3223

videotape feedback as psychotherapeutic nursing approach, dependency & convalescent leave placement & success, male vs female 20-63 yr old long-term psychiatric patients, 11827

#### Nursing Education

baccalaureate vs associate degree vs diploma programs, intelligence & leadership potential & responsibility & emotional stability & sociability & professionalization, graduating nursing students, 3259

empathy training program, empathy, nursing students, 3243

methodology & problems in initiating training program for public health nurses, 11191

personality traits, attitudes toward nurses' strike, nursing students before & after professional education, 3254

#### Nursing Homes

companionship with several volunteers vs single sustained relationship, personal adjustment & morale, aged nursing home residents & college student volunteers, 1764

doxepin vs. other psychoactive drugs vs. no medication & alcoholic beverages in ward vs. pub milieu, therapeutic improvement, elderly medicated & nonmedicated nursing home patients, 1569

on-the-job training program in psychiatry & geriatric approaches, nursing home personnel, 5258

placement in nursing homes or homes for aged, mental hospital discharge, geriatric patients, 7849

status of psychiatric consultation & rehabilitative programs, elderly patients in inner city nursing home, 5820

#### Nursing Students

age & marital status & previous experience, self-esteem & internal-external control, nursing students, 5255

age & year of entry into nursing school & previous education & school attended vs cognitive variables, grade point average prediction, nursing students, 3915

baccalaureate vs associate degree vs diploma programs, intelligence & leadership potential & responsibility & emotional stability & sociability & professionalization, graduating nursing students, 3259

empathy training program, empathy, nursing students, 3243

group leadership structure, self-perception, undergraduate nursing students, 3193

imagery vividness & control, suggestibility, student nurses, 6240

Kuder Preference Record—Vocational & Edwards Personal Preference Schedule & Institute for Personality & Ability Testing Anxiety Scale & MMPI & Derr Empathy Test & California Capacity Questionnaire, prediction of school drop out, sophomore nursing students, 3969

massed group desensitization, reduction of test anxiety, nursing students, 9721

nursing socialization & experience with psychiatric patients, semantics & style of knowledge of mental illness, nursing students, 3234

personality changes on California Psychological Inventory, 1st vs 4th yr male medical students & female nursing students tested at entry vs graduation & dental students tested twice, 11189

personality traits, attitudes toward nurses' strike, nursing students before & after professional education, 3254

reaction to crying patient, nursing students, 3237

small interactional groups, psychiatric training, graduate nursing students, 1167

toward & away from & vs others selection system, predicting degree attainment, nursing students, 3250

#### Nutrition

age & food ingestion, food recognition, chicks, 628

biopsychosynthesis as medical approach, self-awareness & infinity of growth & evolution, 7811

dietary intake, temporal variations of incidence of anencephalus, England & Wales, 1435

gastric intubation of balanced amino acid mixture vs histidine-devoid mixture, food intake & conditioned preference for vs aversion to odor presented in diet, male rats, 6505

gonadectomy, sex differences in dietary self-selection patterns & carcass composition, rats, 8637

hormones & nutrition, growth rate, children, 10880

ingestion of milk from rat eating different diet from own mother, dietary preference at weaning, nursing rat pups, 607

nutrition, change in weight & cardiac & respiratory rate & independence of behavior, rat pups separated from their mothers, 8551

nutrition, mental development & behavior, methodological problems, book of readings, 706

regulation of food & water intake & patterns of feeding, male guinea pigs, 8550

shock thresholds, low- vs high-protein-reared rhesus monkeys, 2559

strange environment exposure & personal space invasion & withdrawal & social rejection & vitamin A in diet, change in aggression level, mice, 8830

termination of dietary treatment using standard doses of L-phenylalanine vs low-phenylalanine diet, behavioral consequences, phenylketonuric 4-5 yr olds, 7563

**Nutritional Deficiencies** (See also Starvation, Vitamin Deficiency Disorders, Wernicke's Syndrome)

chronic alcoholism, malnutrition & central pontine myelinolysis & Marchifava-Bignami's disease, 7403

malnutrition, mental deficiency, 5487

neonatal undernutrition without maternal & social deprivation, adult behavior deficits, rats, 458

nutritional deprivation during pregnancy & lactation, maternal behavior, female rats, 10791

nutritional deprivation in early life, brain & spinal cord development & reversal learning & problem solving & activity, inbred mice, 6691

pinelectomy vs septal lesions, intake of unpalatable fluids following maintenance on sodium deplete vs replete diets, male rats, 2565

protein malnourishment, reactions to intrinsic & extrinsic rewards, monkeys, 2554

severe malnourishment during infancy, school performance, Jamaican 5-10 yr old males, 7539

undernutrition, reduction of body & whole brain growth & cerebellar development, rabbits, 8590

#### Nystagmus

alcohol intoxication, enhancement of postrotary nystagmus, frogs & goldfish, 6628

alcohol, nystagmus & tracking performance during angular accelerations on Y & Z axes, 4456

experimental instruction variation, optokinetic nystagmus conditioning, 4251

head & body tilt, flicker-induced nystagmus, monkeys, 4173

monocular & binocular viewing, head nystagmus in rotating drum with vertical black & white bars on inside, pigeons, 10798

optic nystagmus, induced rotational autokinesis, college students, 8223

REM sleep, waking nystagmus & oscillopsia associated with CNS demyelinating disease, 27-yr-old man, 9525

repetitive optokinetic stimulation, optokinetic & vestibular responses, 14-45 yr olds, 419

## Obedience

spontaneous nystagmus, average evoked response, Ss with congenital nystagmus, 11469  
viewing of vertical lines, suppression & facilitation of congenital nystagmus, patients, 1423

## Obedience

American caste system, work & work endurance negativism, Northern vs Border South vs Deep South, 10 70 yr old whites, 4914

attitudes toward My Lai massacre & obedience to orders, Australians in 1971 vs U.S. citizens in 1970 & 1971, 2913

E competency, obedience, college students, 10134

Egyptian mythology, anal intercourse as submissive behavior, 8921

## Obesity

acromegaly & gigantism with depression, female 18 yr old, 1185  
amphetamine, hyperkinesia & narcolepsy & fatigue & obesity & depression, 1572

auditory stimulation & extraneous auditory stimulation, responsiveness, obese vs normal male adolescents, 7534

birth order, affiliation & membership in weight watchers, females, 3434

body image as reflected in figure drawings, obese & average weight 7 & 10 & 13 yr old children, 5429

covert conditioning, weight loss, obese females, 3699

daily eating habits & emotional states, success in maintaining weight loss, overweight persons, 11371

damage to noradrenergic system, overeating & obesity, rats, 5497

degree of obesity & food deprivation & palatability, eating behavior, obese vs normal weight Ss, 7253

demographic & personality characteristics, successful completion of weight reduction treatment, obese patients, 11531

family & mother-child relations, obese girls, 5302

group cotherapists interaction, multidisciplinary team treatment of obesity, 3705

hypothalamic metallic ion deposition, experimental obesity, rats, 6527

liquid & solid preloads, eating behavior, obese & normal college students, 7402

long-term hospitalization for weight reduction & age at onset of obesity, time perception, severely obese Ss, 11458

MMPI & internal-external control & Mooney Problem Check List scores, obese vs nonobese adolescent girls, 3413

obesity vs bulimia vs dysmorphobia, psychosomatic categories of dieters' questions, 9202

personality correlates, obese patients, 3570

psychoanalytical group therapy, obesity, longitudinal study, 9766

psychological causes & treatment, over- & underweight people, book, 5287

response habits & cognitive factors, behavior in food- & non-food-related situations, obese Ss, 3289

response tendencies, performance on transfer of training & reaction time tests, obese college students, 11499

self-monitoring, attending meetings & weight loss, overweight females, 3719

self-reinforcement & systematic isolation from associated stimuli, overeating control, obese 55-yr-old woman, 3707

special camp program, weight loss & self-concept body image, obese 8-18 yr olds, 7580

topic-relevant external cues vs no cues, thinking behavior, obese vs normal male college students, implications for cognitive style of obese persons, 7533

underlying theoretical basis of covert sensitization, weight change & liking for foods, overweight female college students, 5704

unilateral ablation of ventral ascending noradrenergic bundle with contralateral parasagittal knife cut rostralateral to ventromedial nucleus of hypothalamus, weight gains, rats, 8632

weight & food deprivation, humor ratings of food-related & neutral & hostile cartoons, obese & normal-weighted college students, 2438

weight loss due to exercise, taste responsiveness, male rats, implications for human obesity, 8557

## Objectives (See Aspirations)

## Objectives (Organizational) (See Organizational Objectives)

## Objectivity

perceived similarity of communicator & subjectivity of issue, opinion change, college students, 7083

role of effort in moral society, subjective as well as ability evaluation of achievement, 2837

## SUBJECT INDEX

## Observational Learning

subjective vs objective communications, responsibility attribution in stories concerning justifiable homicide, males vs females, implication for jury processes, 10959

subjective vs objective traits in rating stimuli, job performance rating, 4022

subjectively expected vs expected utility vs subjectively expected vs expected value theories, decision making for winning vs losing gambles, college students, 4245

## Oblique Rotation

application of orthogonal geonax method to oblique model, factor rotation, 86

construct validity via scale- & item-level principal component analysis & oblique rotations, Tennessee Self Concept Scale, college students, 3165

factor analysis of correlations of somatic & behavioral measurements & attainment of simple structure through oblique rotation, isolation of temperament dimensions, dogs of 5 pure breeds, 4696

hierarchical oblique factor analysis, Eysenck's unrotated data on neuroticism & extraversion & hypochondriasis, 1088

## Observation Methods

activity recorder, validation of teacher observation of hyperactivity in play & classroom behavior, 9985

behavior category system for observational study, play behavior, 3 5 yr olds, 773

behavioral guide list, teacher observations, 11873

digital data acquisition systems, observing behavior in laboratory & field settings, 4087

direct observation, constraint on constructions in analysis, language development in 2 7 yr old schizophrenics, 7762

ethological & interview & experimental approaches, parent-child interaction, 2 yr. old boys, 776

ethological techniques & direct observation of behavior, mental retardation, 11401

factor structure, Nurses' Observation Scale for In-patient Evaluation, male vs female patients, 3280

intradimensional validity & interdimensional compatibility, multidimensionality in classroom observational procedures to describe classroom behavior, 5857

naturalistic observation vs. psychometric tests in behavior modification research, behavioral analysis in group studies of individual differences, 1660

naturalistic observation, accuracy & reliability for behavior modification research, 1659

objective behavioral observation, supporting vocational records & recommendations, 11822

observation system for categorizing cognitive aspects of teacher discourse, aptitude-treatment interaction studies, 1803

observational technique for teachers, estimating time spent in appropriate classroom behavior, application to dispensing token reinforcement, 1841

overt & covert monitoring, O bias in behavior modification research, 1684

participant observation strategies, mental health program evaluation research, 7564

portable observation timer, emittance of differential tones for signalling observation & recording intervals, apparatus, 10122

removable cage windows, unobstructed animal photography, 6692

simple vs no observational techniques, accurate & inaccurate summary reports of reading & distractible behavior, elementary school teacher Os, 9986

social clique behavior, psychiatric patients, 9326

T groups, improving participant observation, 957

ten-channel event recorder, compact display for long-term experiments, 6119

time-sampling vs continuous-recording techniques, observing developmental changes in caretaker & infant behaviors, infants from adoption agency nursery, 6827

verbal report vs observation, collection of data on maternal techniques of teaching & controlling & modifying child behavior, mother-child pairs, 2815

## Observational Learning

age & rewardingness of adult model, observational learning, 4 & 7 yr olds, 10374

age, observational learning of multiple-classification task, 2nd & 4th & 6th graders, 6858

association of concepts with shock to model, observational learning of attitudes, male college students, 240

distraction levels & informed vs uninformed instructions & reward vs neutral vs punishment vicarious consequence treatments, visual

attention & recall in observational learning, preschoolers & 2nd graders, 10848  
 model's response patterns, response patterns in observational learning, preschool children, 8417  
 modeling & verbal cues, learning, educable mental retardates, 9943  
 observational learning of rule-governed behavior, children, literature review, 10849  
 observing another person being conditioned & nature of social relationship between model & O, conditionability, 6252  
 television medium of social learning, institutionalized mentally retarded, 1372

**Observers**  
 attribution of causality to situation vs dispositions of actor, actors vs Os, 3056  
 continuous hue-estimation, chromatic response function of deuteranomalous Os, 4215  
 introduction of O into existing Alcoholics Anonymous therapy group, group acceptance, 7684  
 O behavior models, 2-channel exclusive auditory signal detection, college students, 10229  
 O states & traits, imitative process, literature review, 10341  
 visual orientation of videotape replays of conversation, actors' attribution of own behavior in conversation to dispositional vs situational causes & Os' attribution of matched actor's behavior, college students, 3075

**Obsessions**  
 association with rats, obsessions, 29-yr-old male, Freudian writings, 3324  
 casuistry & administration techniques & dosage & side effects, monochlorimipramine treatment of obsessive psychosis, 1608  
 clomipramine, obsessional patients, 3632  
 phobias & obsessions & compulsions & anxiety reactions, systematic desensitization, 9759  
 power or control over other persons & object world, self-esteem feelings, obsessional or negativistic persons, 9330  
 principal components analysis, Leyton Obsessional Inventory, normals, 9095  
 psychological psychiatric test results, obsessive 35-yr-old female, 3318  
 thought stopping & covert assertion, treatment of phobias through anxiety reduction, 9620

**Obsessive Compulsive Neurosis**  
 delay therapy, obsession-impulse crystallization-compulsion sequences, 32 & 38 yr old women, 9736  
 development & pathogenesis & etiology & treatment, obsessive & compulsive behaviors in children, book, 7257  
 development of transference factors, psychoanalysis, 9774  
 faradic disruption, obsessive ideation & compulsive behavior, 1663  
 hypnosis & posthypnotic amnesia & symbolic language, obsessive-compulsive pattern reversal, 38-yr-old patient with ejaculation precoc, 9591  
 interruption & family therapy, obsessive-compulsive rituals, 9 & 11 yr old boys, 1518  
 mesoridazine & psychodrama treatment, obsessive-compulsive-phobic symptomatology & neuroticism & extraversion, outpatient neurotics, 1479  
 modeling with exposure in vivo & response prevention vs relaxation, obsessive-compulsive disorders, 9733  
 prolonged flooding, chronic obsessive compulsive patients, 1638  
 prolonged sick leave & work resumption & work efficiency, patients with obsessive-phobic & cenestopathic form of asthenic neurosis & other neurosis, longitudinal analysis, 1267  
 psychotherapy & behavior therapy, obsessive disorder, case report, 9599

**Obsessive Compulsive Personality**  
 Meta-Contrast Technique & Serial Afterimage Test, anxiety & defense against anxiety, patients suffering from manifest anxiety, 3381  
 obsessoid vs hysteroid personality & urinary excretion of 3-methoxy-4-hydroxy-mandelic acid, mood changes, young men, 10555

**Obsessive Neurosis** (See Obsessive Compulsive Neurosis)  
**Obstetricians** (See Gynecologists)  
**Obturator Nerve** (See Spinal Nerves)  
**Occipital Lobe** (See also Visual Cortex)  
 frontal vs temporal vs occipital lobe EEGs, 6400  
 occipital vs other brain lesion types, recognition & differentiation of complex visual-image signals, patients with localized brain diseases, 11481

**Occupation (Parental)** (See Parental Occupation)  
**Occupational Adjustment**  
 ability & favorable reaction to assignment & active encouragement from spouse & well-defined job assignments, effective performance in overseas work assignments, business & law school graduates, 4030  
 career plans & work interests & values, vocational adjustment prediction, adults with congenital heart disease, 3782  
 disturbed mental functions, occupational & social prognosis, stroke patients, 11480  
 entrance examination based on psychological selection & aptitudes, vocational school & work adjustment, lathe apprentices in trade school, 3-yr follow-up, 12074  
 group acceptance & level of vocational training, occupational inadaptation, retardates, 11818  
 group therapy, occupational & residential adjustment & interpersonal relationships & alcohol abstinence & social adjustment, alcoholics given vs. not given alcohol, 1648  
 implications of job displacement at mid-career, unemployed middle-aged managers & engineers, 786  
 labor market, posthospital employment & vocational adjustment, schizophrenics, 9825  
 military retirement program reform, successful career transfer, military retirees, 1941  
 Minnesota Importance Questionnaire, work adjustment, 1974  
 neuroticism, degree of integration into normal working environment, blind & normal vision Ss, 3562  
 self-perception of health status & social class & sense of control after myocardial infarction, vocational adjustment, male 1st heart attack patients, 5513  
 sex & marital status & social class & work maladjustment, transsexuals in England, 1333  
 socioeconomic status & academic performance & occupational adjustment, vocational school graduates vs dropouts, 10055  
 trade school achievement, vocational adjustment, metallurgical workers, 12111  
 upward mobility & indifferent & ambivalent patterns of accommodations to complex organizations, career & job orientation attributes, marketing executives & specialists & supervisors, 10071  
 vocational training & counseling vs no training, employment stability & community adjustment, neuropsychiatric patients, 9832  
 working conditions & job execution & training & improvement & ambitions, social & occupational adjustment, young technical school graduates, 3987

**Occupational Aspirations**  
 academic aspirations & vocational maturity, 9th graders, 3888  
 background characteristics, change &/or stability of educational & vocational goals, college-bound & junior college & college students, longitudinal data, 11866  
 career related anxieties & lack of role models, choice of medical career, female medical students, 11202  
 college major, attitudes toward career involvement of married women, college men, 11870  
 demographic characteristics & occupational & educational aspirations, bright adolescents, 9938  
 father's occupation & education & family income & GPA, occupational aspirations, black vs white rural high school seniors, 3060  
 live vs filmed modeling, vocational aspiration modification, potential high school dropouts, 5978  
 motivations for technical creativity, latent horizontal mobility tendencies & orientation towards research, engineers, 12097  
 multivariate model, stereotyped occupational aspirations, women, 7148  
 occupational aspirations, totally blind 10 15 yr olds & adults, 1433  
 paired comparison & simple barrier rate measurements, perceived barriers to occupational aspirations, high school students, 8036  
 post-BA educational & occupational plans, psychology BA-degree recipients, 1132  
 sex & parental occupations, perceptions of work activity, 3rd & 5th & 9th graders, 7068  
 societal & individual & organizational frames of reference, career success, 6053  
 socioeconomic status & home environment & activities & goals & career objectives, intelligent black youth, 8944  
 test validity & reliability & social & psychological influences, Occupational Aspiration Scale, book, 6138

## Occupational Attitudes

## SUBJECT INDEX

## Occupational Guidance

working conditions & job execution & training & improvement & ambitions, social & occupational adjustment, young technical school graduates, 3987

**Occupational Attitudes**

cluster analysis, work attitudes vs organizational climate, company employees, 10093

democratic vs authoritarian leadership & supervision attitudes, job success & need satisfaction, Japanese managers, 1989

dialysis, attitudes toward work, patient, 3767

differential perceptions of prestige of medical specialties, physicians, 5275

employment advertisements for scientists, analysis of attraction value for scientific career in industry, 6035

industrial rehabilitation course, work attitude change, disabled & unemployed, 12099

intelligence & personality traits & job attitudes, aide performance effectiveness in residential institution for mentally retarded, 5272

length of unemployment time, work attitudes, 10052

maternal employment & career preference, self-esteem & self-ratings of competence, college females, 10015

occupational values & job attributes, Master of Business Administration students, 10038

personality types & perceptions of occupational congruency, 11th & 12th graders, use of J. L. Holland's personality & environmental types, 3978

prestige evaluations of industries, 5 occupational subgroups & college students, 10045

race & employment, work values & perception of material job outcomes, unemployed vs employed & blacks vs whites, 10059

rating importance of job characteristics, male vs female business college graduates in large insurance company, 4026

scale modification, factorial dimensions & reliability of Super's Work Values Inventory, high school students, 10026

semantic differential technique, attitudes toward management activities, shift bosses from gold mines, 8068

sex & social class differences, work values, 6th graders, 5976

sex-biased vs sex-unbiased vs affirmative action sex-reversed wording & alphabetical vs sex-segregated listing of job advertisements, sex discrimination & job preference, female vs male college students, 3993

sociological background, work values, white-collar employees, 10075

Southeast vs Midwest location, ordering of cognitions concerning factory experiences, factory workers, 10095

upward mobility & indifferent & ambivalent patterns of accommodations to complex organizations, career & job orientation attributes, marketing executives & specialists & supervisors, 10071

vocational maturity & educational levels & IQ & verbal & nonverbal abilities & reading & mathematics achievement, perception of occupational prestige, 9th 12th graders, 8018

**Occupational Choice**

birth order & personality development, vocational choice of becoming Carmelite nun, 8034

career choice, conflict & role behavior & satisfaction, female married college graduates, 10029

career motivation program, all-volunteer Navy, 6045

career related anxieties & lack of role models, choice of medical career, female medical students, 11202

childhood memories & history of family illnesses, choice to become doctors, medical students, 9191

content & construct validation, Academic Vocational Involvement Scale, college students, 4113

counselor perspective, Human Resources Development training & Career Decision Making Skills program, 12067

early giftedness identification & talented individuals in guidance programs, realistic career goals & decisions, gifted children, 1903

employment advertisements for scientists, analysis of attraction value for scientific career in industry, 6035

expectancy of vocational counseling, certainty & satisfaction with career choice, college students, 8019

factors influencing internalization of belief systems, professional socialization into law & engineering & medicine & teaching, students, 8024

group counseling, vocational decisions, psychiatric clients, 3754

high school career decision-making program development, 12th graders, 9987

Human Resources Development & Career Decision Making Skills program, application in community college, 12085

individual vs group counseling, realism of vocational choice, 11th & 12th graders, 8000

interests in field, academic achievement & career choice, college students, France, 3905

item analysis research form development, measurement of cognitive vocational maturity, 10049

Kuder Preference Record, occupational interests & subsequent job satisfaction, 12093

military occupational choices, Marine Corps recruits, 8029

motivating factors in choosing traditionally male career, female engineering students, 12050

personal & vocational influences, identity building, preadolescent to adult females, book, 4875

personality factors, occupational choice & work performance, adolescence, 1947

personality traits, vocational choice, community college students, test of J. L. Holland's theory, 9958

personality types & perceptions of occupational congruency, 11th & 12th graders, use of J. L. Holland's personality & environmental types, 3978

predictive efficiency of J. Holland occupational classification, application to retrospective work histories, 10031

psychosexual personality development, task choices differentiated by degrees of certainty, professionals, 9127

race, persons influencing occupational expectations, Puerto Rican vs black vs white high school females, 10041

school & family & mass media as information sources, occupational socialization, new students at technology institute, 8027

score correlation, Kuder Occupational Interest Survey, vocational maturity score of Vocational Development Inventory, college students, 6007

self-appraisal of suitability for various occupations, disabled vs disadvantaged vs disabled & disadvantaged unemployed Negroes & Caucasians, 11816

sequence of intrapsychic stages, vocational development, deaf rehabilitation clients, 7828

sex-biased vs sex-unbiased vs affirmative action sex-reversed wording & alphabetical vs sex-segregated listing of job advertisements, sex discrimination & job preference, female vs male college students, 3993

simulation of real-life situation & generation of delivery system models for specific settings & situations, career development, 4009

traditional vocational counseling in teaching vs practice teaching vs combination of 2 plus encouragement for personal & independent training, selecting teaching as profession & entering teachers college, 8th 9th graders, 7874

vocational interests, career development, psychologists, 40-yr follow-up, 11213

**Occupational Guidance**

career counseling & guidance, book of selected readings, 8042

career development program, kindergarten through high school, 12001

Career Development Inventory, vocational maturity, adolescents, 6008

computer-based guidance counseling program, development of Education & Career Exploration System, 12010

Computerized Academic Counseling System, assistance to counselor in guiding college students toward optimal academic major selection, possible applicability for Air Force career counseling system, 6014

counseling for career development, book, 10046

counselor perspective, Human Resources Development training & Career Decision Making Skills program, 12067

early giftedness identification & talented individuals in guidance programs, realistic career goals & decisions, gifted children, 1903

expectancy of vocational counseling, certainty & satisfaction with career choice, college students, 8019

group psychotherapy & vocational & pastoral counseling & vs. disulfiram therapy, alcoholic 40 65 yr. old veterans, follow-up study, 1478

guidance services at prevocational training centers, India, 1973

high school career decision-making program development, 12th graders, 9987

Human Resources Development & Career Decision Making Skills program, application in community college, 12085

identity conflict in career-education vs educational experience concepts, 11996

individual invitations vs own initiative, use of counseling center, college students undecided about major or dissatisfied with their choice, 1926

individual vs group counseling, realism of vocational choice, 11th & 12th graders, 8000

integrated occupational education, deaf students, 3936

Keele Occupational Interest Sorting Kit vs traditional interest inventories, counseling, 6023

Kuder Preference Record, occupational interests & subsequent job satisfaction, 12093

MMPI differences, seeking vocational guidance & 1st admission to college & change of major, male vs female college students, 5918

moral training for citizenship, vocational counseling, USSR high school students, 8008

occupational guidance programs, elementary schools, 11999

personality correlates, vocational counseling outcomes, college students, 8022

personality traits, male vs female accounting students, implication for career counseling & recruitment, 12083

personality traits, reactions to simulated jobs, high school students, 8002

practical guidelines, community vocational guidance, 12071

probability theory, vocational counseling, 4008

realistic & feasible vocational guidance program development, vocational guidance counselors in India, 1929

residential self- & job-preparation program, 15 20 yr old blind students, 1437

scale modification, factorial dimensions & reliability of Super's Work Values Inventory, high school students, 10026

school & family & mass media as information sources, occupational socialization, new students at technology institute, 8027

search for work, mild depression, educated housewives, 8050

sex & marital status & age & number of dependents & receipt of public assistance & occupation & educational level & employment plan, counseling quantity & quality, black 18 35 yr old employment service clients, 12063

simulation of real-life situation & generation of delivery system models for specific settings & situations, career development, 4009

student & teacher involvement, vocational orientation & counseling programs, Russian public schools, 8007

teaching career planning vs encouraging career decisions, career counseling, high school students, 12013

traditional vocational counseling in teaching vs practice teaching vs combination of 2 plus encouragement for personal & independent training, selecting teaching as profession & entering teachers college, 8th-9th graders, 7874

vocational evaluation & placement program establishment, responsibility of school systems to educable mentally retarded, 3932

work & play, cocomponents of all activity, leisure time activities as replacement vocations, implications for vocational counseling, 1958

**Occupational Interest Measures** (See also Kuder Occupational Interest Survey, Strong Vocational Interest Blank)

accuracy of self-administration & scoring, Holland's Self-Directed Search, 10027

age increase, Pacific Vocational Interest Analysis scores, New Guinea high school students, 7893

Career Development Inventory, vocational maturity, adolescents, 6008

contemporary approaches to interest measurement, book of readings, 58

content & construct validation, Academic Vocational Involvement Scale, college students, 4113

Holland's personality typology & Vocational Preference Inventory, geometric relationships, college students, 8049

illustrative interpretations of occupational interest inventories, 1948

Keele Occupational Interest Sorting Kit vs traditional interest inventories, counseling, 6023

mental abilities, intercorrelations among Holland's Vocational Preference Inventory scales, secondary school students, 9967

Minnesota Importance Questionnaire, work adjustment, 1974

Minnesota Vocational Interest Inventory, 1951

Ohio Vocational Interest Survey, 1957

reliability & validity of items & whole test, pictorial nonreading vocational preference test, educable mentally retarded youth, 5933

sex bias, Strong Vocational Interest Blank & Strong-Campbell Interest Inventory, 8001

test validity & reliability & social & psychological influences, Occupational Aspiration Scale, book, 6138

vocational interest testing, development & validation studies, Zambia & Papua New Guinea, 6027

Work Values Inventory, 1972

**Occupational Interests**

age & grade level & school program & sex & intelligence & social class, accuracy of self-knowledge of vocationally relevant attributes, high school students, 3977

characteristics of occupation-oriented community college students, implications for counseling & program planning, 11875

field trips vs lectures experience, vocational sophistication of occupational interests, slow learning high school students, 5950

interest profiles, artists vs farmers vs ministers vs physicists vs real estate salesmen vs newsmen, 10044

interests in field, academic achievement & career choice, college students, France, 3905

parental identification, dissatisfaction with curricula, troubled college students with clear career interests, 1869

personality & interest differences, selected Air Force specialties, implications for job placement, 10051

personality attributes & life circumstances, mid-life career change, 31 53 yr old males seeking new careers vs those remaining in same career, 785

self concept, vocational stability & maturity, college students, 6011

self-estimate ability of vocationally relevant attributes, adolescents, discussion of contradictory results in R. J. Tierney & A. Herman's & R. P. O'Hara & D. V. Tiedman's studies, 3976

sex & academic ability & personality traits & vocational interests, use of counseling & psychiatric services, college students, 9973

sibling sex & birth order, vocational interest, male college students, 4888

vocational interests, career development, psychologists, 40-yr follow-up, 11213

vocational interests, differentiation of occupational specialties, clergymen, 4962

voluntary switches or nonvoluntary displacement in career accompanying cultural changes or new careers after 65 yrs old, survey of articles over 15 yr period, 789

**Occupational Mobility**

belief in internal vs external control, job satisfaction & strain & mobility, managers, 4019

dissociation vs acculturation in intergenerational occupational mobility, alienation, labor force in small southwestern industrial community, 6041

motivations for technical creativity, latent horizontal mobility tendencies & orientation towards research, engineers, 12097

national priorities & need for national science policy & options & opportunities for individual re-employment, unemployment & mid-career change, implications for engineers, 1943

organizational specialization measurement using worker role variety concept, organizational structure studies, 12123

personality attributes & life circumstances, mid-life career change, 31 53 yr old males seeking new careers vs those remaining in same career, 785

personality traits, business administrators reaching general management early vs those in specialized jobs, 2012

position description factors, promotion rate, middle-level executives, 2004

subjective expected utility, relative preferability of 8 psychological occupations, psychology majors, 12072

upward mobility & indifferent & ambivalent patterns of accommodations to complex organizations, career & job orientation attributes, marketing executives & specialists & supervisors, 10071

voluntary switches or nonvoluntary displacement in career accompanying cultural changes or new careers after 65 yrs old, survey of articles over 15 yr period, 789

**Occupational Preference**

age & grade level & school program & sex & intelligence & social class, accuracy of self-knowledge of vocationally relevant attributes, high school students, 3977

canonical analysis, 16 PF & Vocational Preference Inventory, graduate students, 3979

Career Development Inventory, vocational maturity, adolescents, 6008

entrance examination based on psychological selection & aptitudes, vocational school & work adjustment, lathe apprentices in trade school, 3-yr follow-up, 12074

personality traits, reactions to simulated jobs, high school students, 8002  
 self concept, vocational stability & maturity, college students, 6011  
 sequence of intrapsychic stages, vocational development, deaf rehabilitation clients, 7828  
 sex & educational level, occupational value preference, high school students, 11962  
 sex & socioeconomic status, occupational choices, 14 18 yr olds, 9859  
 sociological vs trait-factor vs personality vs self-concept theories, career development, book, 12053  
 subjective expected utility, relative preferability of 8 psychological occupations, psychology majors, 12072  
**Occupational Safety**  
 degree of freedom & fork-lift truck use & meeting area incidents, warehouse safety & accidents, fork-lift truck drivers, 10103  
 evaluating countermeasures, occupational accidents, 12132  
 Occupational Safety and Health Act of 1970, psychological research, 6067  
 subjective estimates vs objective risk distribution, likelihood of occupational injury, chain-saw operators, implications for accident prevention strategies, 10100  
 work system arrangement vs maintenance of accurate subjective risk model, occupational accident prevention, criticism of J. D. Dunn's study on subjective vs objective risk distribution, 10105  
**Occupational Stress**  
 heavy vs moderate vs light job strain, willingness to retire, male semiskilled factory workers, 10064  
 occupation problems, dentists & pharmacists, 12102  
 Occupational Safety and Health Act of 1970, psychological research, 6067  
 personality structure & general orientation measurement inadequacy, prediction of human performance in high demand & stressful occupations, 8048  
 physical fitness & perceived health status, dispensary visits & success in stressful training, Navy enlisted volunteers for underwater demolition team, 3994  
**Occupational Success Prediction**  
 academic achievement & economic background & mental ability & parental socioeconomic status, occupational status & income after college, 9936  
 academic grades, prediction of occupational success, engineering graduates, 9930  
 aptitude tests, job behavior prediction validity, hardcore unemployed, 1988  
 development & evaluation of Army Classification Battery & aptitude area system, predictive success in Army Military Occupational Specialties, army job trainees, 4003  
 educational level, prediction of training success with Army Classification Battery, enlisted personnel, 6031  
 ethnic group membership, job performance prediction, Caucasian vs Negro civil service & private firm clerical employees, 4017  
 Longfellow-McFarlane Work Assessment Form for identification of worker traits & observable behavior, predictive measure of vocational success, implications for rehabilitation personnel, 12080  
 moderated regression, prediction & nondiscrimination, implications for minority group testing for employment purposes, 6029  
 personality structure & general orientation measurement inadequacy, prediction of human performance in high demand & stressful occupations, 8048  
 Personnel Reaction Blank, impulse control & self-restraint, delinquent vs nondelinquent male vs female adults & adolescents, implications for occupational success, 3169  
 professional value criterion, selection research, 12087  
 testing program, work success prediction, 1983  
**Occupational Tenure** (See also Teacher Tenure)  
 age & education & managerial rank & self-confidence & frustration contentment & extraversion & neuroticism, readiness to accept change & attitudes toward change in promotions policy, managers, 10094  
 age & tenure, job performance ratings, terminal area air traffic controllers, 10057  
 need satisfaction, organizational position & job performance, professional nurses & paraprofessional employees, 3265  
 personality traits, job effectiveness & retention, Air Force officers, 6050  
 work attitudes & performance & personality traits & age, short- vs long-term part-time supermarket chain employees, 4018

**Occupational Therapy**

activity group with other children serving as monitors, therapy model for facilitating self-regulation, hyperactive children, 7679  
 basic planning principles, rehabilitative activities in psychoneurological clinic, 9858  
 conflicts in practice of occupational psychology, 11197  
 faculty personality, achievement & student profile shift, occupational therapy students, 7222  
 humanistic-existentialism approach, counseling & psychiatric occupational therapy, 7822  
 neurobehavioral approach to activity & task analysis for occupational theory with cognitive-perceptual-motor dysfunction, 7831  
 physiological & psychological & sociological aspects of aging, occupational therapy, 7587  
 poetry as group activity, group occupational therapy, 7717  
 work as therapy, rehabilitation, disabled & disadvantaged, review, 11810  
**Occupations** (See Also Related Terms)  
 economical & industrial advancement of country, occupational hierarchy, India vs Ethiopia vs US, 10960  
 education & health & occupation & social activities & self-image concepts, aged in Israeli kibbutzim, 6914  
 employment problems & issues, minorities & disadvantaged & females, bibliography, 1965  
 employment status & income & criminal activities & involvement with other addicts, heroin addicts, 1365  
 interest profiles, artists vs farmers vs ministers vs physicists vs real estate salesmen vs newsmen, 10044  
 job provision & employment of human potential, 1955  
 level of vocational productivity, intellectual performance, 17 57 yr olds, 8913  
 mass layoffs, impact on younger vs older workers, 12122  
 occupational monograph, sociology of occupations study, 10918  
 personality dimensions, clustering occupational groups, military enlisted & officer & civilian occupational specialties, 6021  
 personality profile similarities, college & career women, 9086  
 personality profiles, predicting performance, basketball referees, 10053  
 predictive efficiency of J. Holland occupational classification, application to retrospective work histories, 10031  
 prestige evaluations of industries, 5 occupational subgroups & college students, 10045  
 report on job placements listed in American Psychological Association publications & regional conventions during 1969-1972, 11180  
 research training, subsequent employment histories, graduates of New Zealand's U. of Canterbury 2-yr clinical psychology M.A. program, 11174  
 sex & marital status & age & number of dependents & receipt of public assistance & occupation & educational level & employment plan, counseling quantity & quality, black 18 35 yr old employment service clients, 12063  
 social acceptance & self-confidence & support from parents, black professional women, 6043  
 variety of precollege work experience, Omnibus Personality Inventory scores, college students, 9099  
 vocational interests, differentiation of occupational specialties, clergymen, 4962  
 wages & professional status & participation in politics & unions & social status & discrimination, working women in Great Britain & Scandinavia & Soviet Union & Eastern European Communist countries, book, 4000  
 work & play, cocomponents of all activity, leisure time activities as replacement vocations, implications for vocational counseling, 1958  
**Ocular Dominance**  
 mixed hand-eye dominance, cognitive style which influences susceptibility to geometric illusions, African Temne male skilled mine workers & Australian aboriginal Arunta, 8155  
**Oculomotor Nerve** (See Cranial Nerves)  
**Oculomotor Response** (See Eye Movements)  
**Odor Discrimination**  
 home-cage odors released by male & female mice, fighting behavior, male mice, 8842  
 ingestion, odor-toxicosis learning, rats, 4707  
 odor detection thresholds, humans vs rats vs dogs vs pigeons, 6802  
 psychological factors vs physical attributes, judgment of odor similarity, 6158

reward- vs nonreward-induced odors, approach to & escape from conspecific odors, rats, 2746  
 verbal labeling & odor familiarity & instructions, long-term memory of odors, college students & faculty members, 10438

**Oedipal Complex**

Freudian theories of object relations & Oedipus complex, relationship to clinical observations of initial love relationships between young adults, 1077

hospitalization, oedipal reactions, 5-yr-old girl, 11251

incest in ancient civilizations, reinterpretation of Oedipus complex, 5434

oedipal paradigm of P. E. Slater, developmental changes in self-analytic groups, college students, 5057

Oedipus complex as dependency resolution process as seen in Gandhi's life & dreams vs E. Erikson's concept of generational complex, 7749

Oedipus complex, aggression, 1107

writings of Freud & Melanie Klein, Oedipus complex & origin of superego, 11140

**Offenders (Adult)** (See Criminals)

**Offenders (Juvenile)** (See Juvenile Delinquents)

**Officers (Commissioned)** (See Commissioned Officers)

**Ojibwa Indians** (See American Indians)

**Old Age** (See Aged)

**Olfactory Evoked Potentials**

odor stimulation, neural spike activity from single neurons in olfactory bulb, rats, 4352

**Olfactory Nerve**

anterior olfactory nucleus vs lateral olfactory tract destruction, changes in appetitive & aversive behavior, rats, 6573

bilateral lesions in olfactory system, changes in appetitive & aversive behavior, rats, 6574

methamphetamine & disulfiram, olfactory forebrain seizures, cats, 6606

odor stimulation, neural spike activity from single neurons in olfactory bulb, rats, 4352

olfactory bulb ablation, dominance-related behaviors, male gerbils, 6567

olfactory bulb ablation, emotionality & muricidal behavior, Holtzman vs Long-Evans vs Sprague-Dawley vs Wistar rats, 8664

olfactory bulb removal, development of cannibalism, mice, 480

olfactory system lesions & food deprivation, spontaneous behavior patterns, male rats, 6572

simultaneous & successive olfactory bulb removal, mating behavior, mice, 513

**Olfactory Perception** (See also Odor Discrimination, Olfactory Thresholds)

anorexigenic dose of cycloheximide, conditioned odor rejection, rats, 8680

arousal effect of olfactory stimulation, neocortical & hippocampal electrical activities, cats, 6399

automatic apparatus, odor preference determination, rats, 688

between- vs within-Ss odor condition, acquisition & extinction of runway response, rats, 648

biological odors in gerbil-inhabited & uninhabited areas, preference for odor, normal & bulbectomized & enucleated & castrated male gerbils, 6510

coagulating gland secretion with & without bladder urine, production of aversive & aggression-inhibiting pheromone in olfactory signal, male albino mice, 8851

cues used to discriminate colony members from conspecifics, aggressive & amicable & sexual behavior, Norway rats, 6769

deafferentation of olfactory bulbs vs total removal of bulbs & olfactory peduncles, activity & reactivity, rats, 4531

electrical & airborne odor stimulation, unit responses of ventrolateral fasciculus of medial forebrain bundle in lateral hypothalamus, rats, 4529

feces-secreted aggregation pheromone, directional orientation in maze, cockroaches, 4801

gastric intubation of balanced amino acid mixture vs histidine-devoid mixture, food intake & conditioned preference for vs aversion to odor presented in diet, male rats, 6505

homospecific & heterospecific urine odors, deer & white-footed mice, 8833

hormones & simple recessive inheritance, anosmia to musk & isovaleric, blacks & whites, 10658

immediate prior sex experience, preference for sex partner's odor vs novel odors & implications for copulatory behavior, gonadally-normal male & ovariectomized female rats, 8840

meal eating, pleasantness of food & nonfood odors, 4808

mixture pairs of dimethyl disulphide & hydrogen sulphide & pyridine, perceived intensity of odors, 20 25 yr olds, 10176

naturally voided urine vs urine collected directly from bladders of males & females, source & stability of attractive components in urine, sexually experienced male guinea pigs, 4800

odor control, partial reinforcement acquisition & resistance to extinction, rats, 6744

olfactory bulb lesions, nest reinforcement & handling reactivity, hamsters, 483

olfactory bulbectomy vs zinc sulfate induced anosmia, olfaction & sexual receptivity, female hamsters, 470

open-field & aggression tests, aversive & aggression-promoting properties of urine, dominant & subordinate male mice, 6784

peripheral olfactory bulb blockade, sexual & social behavioral changes, hamsters, 4446

retention interval between odorant presentation & later test with same or different odorant, proportion of hits & false alarms in short-term memory of odors, high school & college students, 304

scent glands & scent-marking, symbolic association with reinforcers & dominance & territoriality, gerbils, 6475

threshold values & supra-threshold intensity estimation, psychometric classification of standard odors, 124

visual & olfactory clues, recognition of territory boundaries, mice, 10787

**Olfactory Thresholds**

anxiety level, absolute & difference thresholds of n-octanol, college students, 8181

heterogeneous squad composition & odor cues, partial reinforcement extinction effect, rats, 8780

odor detection thresholds, humans vs rats vs dogs vs pigeons, 6802

threshold values & supra-threshold intensity estimation, psychometric classification of standard odors, 124

**Oligophrenia** (See Mental Retardation)

**Oligophrenia (Phenylpyruvic)** (See Phenylketonuria)

**Omnibus Personality Inventory**

variety of precollege work experience, Omnibus Personality Inventory scores, college students, 9099

**On The Job Training**

on-the-job training program in psychiatry & geriatric approaches, nursing home personnel, 5258

sequential/professional vs integrated/technical modes of training in milieu & social-learning programs, objective on-job performance outcomes, mental health technician trainees, 9180

**Onset (Disorders)**

onset age & clinical course & associated alcoholism & drug abuse & sociopathy & homosexuality, affective disorders, manic probands, 1297

**Ontogeny** (See Development)

**Open Classroom Method**

behavior modification techniques in unstructured open classroom, 7939

integrated vs segregated traditional vs no-interior-wall schools, social position & acceptance, educable mental retardates, 5941

open area vs traditional schools, instructional objectives & perceived impediments to achieving objectives, teachers, 3849

open concept classroom methods & procedures, children with learning disabilities, 11986

open vs closed classroom setting, classroom behavior, elementary school students, 9890

**Operant Conditioning** (See also Avoidance Conditioning, Conditioned Emotional Responses, Escape Conditioning, Eyelid Conditioning)

learned laziness", autoshaped keypecking, pigeons, discussion of findings of L. A. Engberg et al, 2690

acetoxyacetylcycloheximide, retention of instrumental task, mice, 6674

acoustic feedback, operant control of EEG alpha waves, 381

acoustic stimulation during acquisition, resistance to extinction, normal & hippocampally damaged rats, 6508

acquisition level & intertrial intervals, overtraining extinction effect, rats, 8797

acquisition under mixed-delay & multiple-delay matching-to-sample, pigeons, 647

age & weight & training method, bar press conditioning, rats, 643

ambiguous stimulus paired with positive vs negative stimulus, ambiguous-cue problem performance, pigeons, 2713

amobarbital operant depression & elation effects due to departures from expected reward magnitude, rats, 6658

- amphetamine-barbiturate mixture treatment termination at different training stages, bar-pressing responses, rats, 4581
- aversion therapies & systematic desensitization & operant conditioning & controlling procedures, alcoholism, 7709
- behaviorism & operant conditioning, evaluation by systems analysis scholars, 2356
- between- vs within-Ss odor condition, acquisition & extinction of runway response, rats, 648
- choice between barpressing for food vs free food consumption, prechoice training, preferences, rats, 6755
- classical & operant extinction & variable-ratio shock schedule, resistance to extinction of discriminated barpress avoidance, rats, 6750
- compounding of discriminative stimuli that maintain responding of separate response levers, rats, 2709
- concept of operant & current usage in analysis of behavior, 8362
- conditioning using differential reinforcement of high rates of responding, lick rates, rats, 6741
- constraints on reinforcement, male chaffinches, 659
- contingent & noncontingent feedback, operant conditioning of heart rate, 20 30 yr olds, 8555
- contingent feedback, alpha feedback training, college students, 10539
- contingent vs noncontingent perceptual stimulation with spatially displaced source, operant response acquisition, 6-9 mo old infants, 10831
- continuous & fixed-ratio & FI reinforcement, honey bees, 2692
- cortical activity eliminated by spreading depression, operant conditioning of heart-rate changes, curarised rats, 2576
- corticosterone in infancy, increased reactivity & impaired adaptability in operant behavior, adult mice, 4608
- covert sensitization & positive & negative reinforcements & extinction, behavior modification, 7678
- defining reinforcers, operant vs. classical conditioning, 1683
- delay & noncontingent reinforcement schedules, response rate, pigeons, 8803
- delayed auditory feedback in speech therapy, positive & negative reactions, 41-yr-old male stutterer, 11424
- demand characteristics orientation, verbal conditioning, college students, 2345
- deprivation schedules & length of preexperimental deprivation period, alley performance, rats, 614
- dextrotubocurarine induced paralysis, electrical brain stimulation as reward for changing firing rate of sciatic nerves, rats, 452
- directed Pavlovian reactions, simple instrumental learning, pigeons, 642
- discriminated autoshaping procedure & errorless discrimination acquisition, conditioned inhibition, pigeons, 6763
- environmental influences, morphine vs dextroamphetamine induced suppression of operant behavior, rats, 8748
- ethanol-reinforced responding, monkeys, 6767
- ethanol, intracranially reinforced response amplitude & duration & rate, rats, 8757
- ethanol, successive discrimination performance for assessing differential sensitivity to drug, rats, 10673
- external discriminative stimuli & d-amphetamine pretreatment, drug-induced reinstatement of self-administration behavior, monkeys, 2643
- fading vs other training procedures without prior establishment of stimulus control baseline, errorless discrimination learning, monkeys, 8790
- feedback vs nonfeedback conditions & appetitive vs nonappetitive positive reinforcement, operant conditioning of GSR, college students, 393
- FI vs differential-reinforcement-of-low-rates vs extinction reinforcement schedules, leverpressing for food, monkeys with prefrontal cortex partial ablations, 8640
- fixed interval vs differential reinforcement of low rate, operant behavior, pigeons vs crows, 8812
- food & human contact, operant conditioning, dolphins, 617
- food & shock-avoidance as reinforcement, conditioning blood pressure & heart rate elevation, baboons, 4722
- food reinforcement, operant responding, crows, 4753
- food-getting vs shock-avoidance, training procedure, control of treadle pressing by compound stimulus & each element, pigeons, 8786
- forebrain ablations, discrimination learning & reversal, chicks, 8602
- free access to food & water reinforcement, operant responding maintenance, rats, replication & extension of G. D. Jensen's study, 2702
- free-operant avoidance scheduling tests, conditioned reinforcement, rats, 6701
- frustration produced by nonreward, goal-box activity, rats, 2684
- general principles & possible relations with instrumental conditioning, classical conditioning, 283
- generalization in operant articulation therapy, 30-yr-old woman, 11421
- independent & contingent events following VI & fixed-ratio & extinction baselines, stereotyped & manipulanda responding, 143
- 228 mo old institutionalized developmentally retarded females, 7443
- instrumental conditioning of leg position before vs after sciatic section, chronic spinal frogs, 4483
- instrumental vs classical conditioning, autonomic response learning, 8396
- internally elicited thoughts, autonomic nervous system activity, college students, implications for cognitive mediation in operant autonomic conditioning & systematic desensitization, 6456
- intraserial angiotensin II injection, lever-pressing behavior, water-satiated rats, 6534
- joining psychodynamic & operant conditioning aspects, behavior therapy, 11703
- KCL 3 M injection in caudate nuclei, suppression of Pavlovian & instrumental motor conditioning, cats, 508
- key color vs tone as signal for food, maintenance of key pecking, pigeons, 2717
- lead contamination, chronic & acute effects on discrimination behavior & interresponse times on operant discrimination, male rats, 8742
- learned control of autonomic physiological functions, consciousness states, Green's formulations of psychophysiological principle, 6445
- long delays, learned associations, 2711
- long-term prereward suppression unaccompanied by cardiovascular conditioning, monkeys, 2700
- marihuana extract, long-term effects on operant behavior, chimpanzees, 553
- mathematical model for computer analysis, operant conditioning, 2380
- monetary reinforcement amounts, mood changes & response rate variations in button-pressing task, alcoholics & normal volunteers, 3427
- monetary reinforcers & adult instructions, effectiveness in control of choice behavior, male 1st graders, 2464
- monetary reward, operant heart-rate control, college students, 2448
- motor cortex ablation vs section of pyramidal tracts, alimentary instrumental reaction performance, dogs, 10621
- omission vs extinction, efficiency & durability of elimination of free operant, pigeons, 10741
- operant conditioning, 619
- operant conditioning & auto-shaping, pigeon, 631
- operant conditioning & overtraining under water deprivation, heart rate, rats, 10572
- operant conditioning vs white noise masking vs arousal mechanisms, stuttering control, 11428
- operant conditioning, anal sphincter pressure increase, 13-yr-old encopretic boy, 1665
- operant conditioning, central nervous system electrical activity, 2476
- operant conditioning, color & pattern discrimination, lizards, 6707
- operant conditioning, institutionalized alcoholics, 3714
- operant conditioning, teaching speech skills, 4-yr-old who trained hearing-impaired sister, case report, 7670
- operant conditioning, Rod-and-Frame Test performance modification, college students, 2368
- operant control of autonomic functions, biofeedback bibliography, 2539
- operant discrimination as measures of MA, Down's syndrome children, 1377
- operant reinforcement procedures, generalization of instruction-following, autistic 4 yr old, 3684
- operant responding & stimulus control, tawny owls, 6732
- operant training, acquisition & generalization in number relations & conservation, 3 5 yr olds, 10855
- operant-controlled evoked responses, discrimination of conditioned & normally occurring components, rats, 4754

- operantly conditioned activity of single precentral pyramidal tract cells near induced epileptic focus in motor cortex, monkeys, 6380
- overtraining & activation & water deprivation, bar pressing performance, rats, 6733
- overtraining, behavioral contrast & peak-shift, pigeons, 4708
- percentage & amount of positive stimulus reward, differential instrumental conditioning, rats, 10748
- percentile reinforcement, response shaping, 4752
- political & social issues, operant conditioning theories of J. Betham vs B. F. Skinner, 2938
- production of comparable probabilities of lever responding for points & music & subsequent opportunity to respond contingent upon responding on 3rd lever on 3 reinforcement schedules, instrumental responding increments, college students, support for D. Premack's indifference principle, 4279
- prolonged frustration, extinction of learned running response, rats, 10736
- reinforcement delay & instructions to maximize reinforcement vs correct responses, lever-pulling performance, 20 44 yr old females, 8374
- reinforcement duration & ratio size, discrete trials fixed-ratio responding, pigeons, 4691
- reinforcement for depressing foot treadle according to multiple VI/VI schedules & change to extinction schedule in 1 component & reinforcement for key pecking, behavioral contrast, pigeons, 4724
- reinforcement modes, conditioning paradigms, 232
- reinforcement schedules, operant behavior, Mongolian gerbil, 6758
- response deprivation & reinforcement, instrumental & contingent saccharin-licking, rats, 10717
- response prevention vs response contingent blackout during interdimensional discrimination, dimensional control, pigeons, 8810
- rewarding hypothalamic stimulation, operant conditioning, fore-brain ablated rats, 4492
- scopolamine & amphetamine & benzodiazepines, conditioned suppression of operant behavior, rats, 4629
- scopolamine hydrobromide & pilocarpine nitrate & dextroamphetamine sulfate &  $\alpha$ -methyl-p-tyrosine, acquisition of operant discrimination, rats, 2608
- sensory-motor development at birth, repeated acquisition & extinction of barpressing, rats vs guinea pigs, 10724
- sequence of partial reinforcement, resistance to extinction, 7-10 yr olds, 260
- sequential effects of reinforcement magnitude, FI performance, rats, 6735
- sequential hypothesis, instrumental learning, 2306
- shaped pattern preference, depth avoidance in visual cliff situation, human infants, 2777
- shaping & modifying behavior by operant conditioning with compliant behavior, acupuncture analgesia, 7705
- shaping of tone-contingent verbal color responses, 19 & 20 yr olds, 6295
- shaping procedure, heart rate control, applicability to treatment of chronic tachycardia, 9752
- signaled reinforcement in multiple & concurrent VI schedules, behavioral contrast & preference, pigeons, 2724
- SKED system for computer control of operant behavior, criticism of A. G. Snapper & A. Walker, 2335
- Skinner's behaviorism & philosophical anarchism, 2308
- social & cultural feedback, operant conditioning from standpoint of mathematician & logician, 2379
- social & political aspects, operant conditioning, book of readings, 2937
- social implications, Skinner's operant conditioning, 10390
- stimulus change contemporaneous with food presentation, responding in presence of free food, pigeons, 10765
- stimulus dimension & positive negative stimulus separation & training & testing procedures, peak-shift in operant & classical conditioning & errorless discrimination & physiological studies, review, 8409
- systematic desensitization & aversive conditioning & nonaversive electric shock & operant reinforcement, behavior therapy clinical applications, 1639
- tone signaling food reinforcement & nonreinforcement & uncorrelated with reinforcement, conditioned excitation & inhibition transfer from 1 operant response to another, rats, 8791
- training to free-feed in operant chamber & then leverpress for food, subsequent preferences for free or response-produced food, rats, 10720
- training to obtain water reinforcement by emitting bites with peak forces under band criteria, differentiation of bite force response, rats, 6704
- variability of reinforced response patterning, operant discrimination, pigeons, 2722
- varied & partial reward followed by transfer or extinction, acquiring response patterning, rats, 6696
- varied large, & small reward following high-incentive training, runway performance, rats, support of A. Amsel's frustration theory, 8776
- ventromedial hypothalamic lesions, pretraining effects on barpressing performance, female rats, 10625
- verbal reinforcement, conditioning pupillary response, Air Force cadets, 6464
- viminol vs morphine, locomotor activity & operant & conflict behavior & EEG, rats, 4558
- voluntary & automatic behavior including barpressing on continuous reinforcement & fixed-ratio schedule, hippocampal slow waves & firing of theta cells, rats, 8506
- 6-hydroxydopamine & subsequent biogenic amine depleting & neuroleptic agents, behavioral depressant effects, rats, 4580
- Operation (Surgery)** (See Surgery)
- Ophiophobia**
- "blind" application of systematic desensitization, fear reactivity to snakes & public speaking, college students, 3702
- active & passive Ss participation during contact desensitization, snake phobic 1st-3rd graders, 3711
- avoidance-avoidance paradigm with direct judgment methods, scaling relative magnitude & aversiveness of anxiety with increasing proximity to snake, female college students, 8486
- counterconditioning & expectancy & cognitive information storage & retrieval, reduction of avoidant behavior, college students with fear of snakes, 7732
- hierarchy scene exposure duration & E presence vs absence, systematic desensitization without criticism college students with fear of snakes, 7733
- implicit choice, systematic desensitization, snake-phobic college students, 9732
- muscle relaxation training & exposure to preprogrammed hierarchy of snake slides with false feedback, avoidance behavior, college students with fear of snake, 11729
- relevant vs irrelevant imagery & relaxation vs no relaxation & varied methods of presenting relevant imagination, experimental desensitization, snake-avoidant college students, 9735
- social expectancy & E sex, efficacy of modeling to change avoidance behavior toward snakes, college students, 5719
- symbolic modeling by adults vs children differing in motivational inducements & model similarity, processes governing disinhibitory effects, snake-phobic adults, 5692
- Ophthalmologic Examination** (See also Electro Oculography, Electrorretinography)
- Rossano tests & separated E & orientable optotype, visual acuity measurement, 5 6 & 9 11 yr olds, 2246
- Ophthalmology**
- job satisfaction, mortality & suicide rates, refraction vs surgical ophthalmologists, 11181
- Opiates** (See also Apomorphine, Codeine, Heroin, Morphine, Papaverine)
- amphetamine vs cocaine vs opiate self-administration, behavioral effects, rats, 585
- controlled prescription of opiates, maintenance treatment of narcotic addicts, follow-up study, 1562
- opiate addiction during late 19th century, literature review, 1366
- opiate addiction, cytogenic abnormalities, 21 58 yr olds receiving methadone hydrochloride, 7365
- psychological characteristics, drug abuse, clients of community drug program—marihuana users & opiate & nonopiate user staff members, 11768
- psychosocial & pharmacological aspects & treatment, opiate addiction, book, 11358
- subjective responses to slides of drug- vs non-drug-related stimuli, conditioned abstinence symptoms, 19-29 yr old drug-free opiate addicts, 5679
- thebaine derivative CI 110,393, effects, drug users, 2581
- treatment & prevention, opiate dependence, 11617
- Opinion (Public)** (See Public Opinion)

**Oxygen**

hypobaric oxygen therapy, psychogeriatric & behavioral manifestations, long-term geriatric patients, 5769  
increased pressures of helium-oxygen vs air, auditory discrimination, rats, 2752

toxicity, oxygen & carbon monoxide & gases in spacecraft, 10571

**Oxytocic Drugs (See also Quinine)****Pacifism**

high vs. low vs. nonretaliatory strategy, cooperation in mixed-motive game, male college students, 950

high vs. low vs. nonretaliatory strategy, cooperation in mixed-motive game, male college students, 950

**Pain (See also Aphasia, Headache, Migraine Headache, Muscle Contraction Headache)**

accurate expectations about physical sensations to be experienced, sensory & distress components of pain, male college students, 2454

electrical stimulation of periaqueductal gray matter, analgesia & inhibition of spinal cord interneurons, cats, 4501

fear of isolation & pain & abandonment & dependency vs death, dying people, implications for medical team & family, 7519

hypnotherapy, depression & back pain, 9610

intense physical preparation, childbirth without pain, medical personnel's role, 9576

lesions placed within & outside limits of centrum medianum nucleus, psychological changes, patients with Parkinson's disease or seizure & pain disorders, 9810

meprobamate &/or aspirin, relief of musculoskeletal & psychopathological symptoms of pain associated with anxiety, outpatients, 11624

noxious stimulation of skin, neuronal responses from specific nociceptive fibers projecting from spinal cord, cats, 4362

parachlorophenylalanine treatment, vascular supersensitivity to 5-hydroxytryptamine, migraine patients, implications for serotonin interpretation of headache & central pain, 1621

retraining program increasing attention to penile sensations, modification of pain during intercourse, 25-yr-old male, 7724

small vs larger diameter nerve fibers & impulses descending from cerebral vs supraspinal neurons, different aspects of pain sensation, 10505

spontaneously-developed relaxation technique, reducing childbirth anxiety & discomfort, 3700

symptom formation as displacement of psychic pain to soma, conversion pain as symbolic somatic representation of depression, 11293

**Pain Perception (See also Pain Thresholds)**

accurate expectations about physical sensations to be experienced, sensory & distress components of pain, male college students, 2454

aversive conditioning, tolerance for shock intensity, process & reactive schizophrenics, 9329

binary decision vs sensory intensity ratings of noxious thermal stimuli, pain perception, 8151

diazepam, pain tolerance & sensitivity, female hospital employees, 8687

electrical stimulation of hair follicles on forearm by microelectrodes, evocation of vibratory & pain sensations, female Ss, 10195

mechanical & heat & chemical stimulation, pain sensation of afferent C fibers from hairy skin, healthy adults, 4459

neodissociation theory, pain reduction in hypnosis, 10180

spaced hemisections on both sides of spinal cord to section long-fiber tracts & isolate short-fiber system, conduction of effects of noxious stimulation, rats, 6511

**Pain Relieving Drugs (See Analgesic Drugs)****Pain Thresholds**

cognitive dissonance, electric shock energizing effect on reaction-time task, 8471

cutaneous electrical stimulation, threshold of intolerance for electrical shock-elicited pain & somatosensory cortical evoked potentials, 8183

D-tetrahydrocannabinol, pain threshold to electroshock & escape response, rats, 584

diazepam, pain tolerance & sensitivity, female hospital employees, 8687

glucose & sodium chloride, pain sensibility, cats, 4621

intraventricular 5,6-dihydroxytryptamine pretreatment, decreased antinociceptive activity of morphine, male rats, 8622

lateral dominance, pain threshold & tolerance, sinistral & dextral female college students, 4172

methersine & amidopyrine with analgin, thresholds of sensation & pain & pain tolerance, 17-47 yr old volunteers, 4616

morphine sulfate & scopolamine hydrobromide & dextroamphetamine sulfate & pilocarpine nitrate & scopolamine methylbromide & a-methyl-p-tyrosine, aversive thresholds, monkeys, 4606

narcotic analgesics, sensitivity to pain produced by hypothalamic stimulation, rabbits, 6682

pain-tolerance, measuring instructionally induced ego-involvement, college students, implications for attitude studies, 3186

personality factors, pain perception threshold & tolerance level, clinical dental students, 117

reliability of x-intercept value of linear equation, measure of aversive threshold of pain from radiant stimulation, college students, 8156

scopolamine & pilocarpine, aversive threshold, rats, 4607

sex & age & race, pain tolerance, 20 70 yr old black & white & oriental adults, 2159

sodium oxybutyrate & narcotic & nonnarcotic analgesics, pain threshold, rats, 6636

**Painting (Art)**

complexity & exposure times, cognitive & emotional reactions to & aesthetic form perception of abstract art, professional artists vs college students, 5150

creative processes, psychological & sociological implications of Picasso's *Guernica*, book, 1015

drawing & painting, self-satisfaction & expression of desire to be woman, 22-yr-old male with intense homosexual & transvestite tendencies, 9395

Jung's personality typology, painting variables of line & color & form in paintings, fine-arts students, 9090

maintained fixation of op art painting, saccades, 8255

multidimensional scaling, judged experiences with paintings, elementary school & college students & schizophrenics, 1243

painting to music as achievement-reducing & motivating therapeutic methods, achievement motivation & cooperation & student-teacher relations & aggression, behaviorally-disturbed grade-school children, 11927

perceived looking time, evaluation of paintings, college students, 9070

psychopathological disturbances of affectivity & activity & thought, pictorial creations during manic vs depressive stage, manic-depressive patients, diagnostic implications, 5318

psychopathological elements, Ernst Reichenbach's art, 9075

psychosexual elements, Rouault's & Gauguin's & Van Gogh's art, 9077

schizophrenic psychosis & persecutory delirium, paintings of Charles Filiger, 5305

unintended artistic merits, paintings & drawings, severely mentally retarded children, 5485

vivid pictorial imaginations & painting & autogenic training & counseling, drug consumers, 7570

16 PF vs painting analysis, personality traits, students, 5199

**Paired Associate Learning**

age differences & incidental learning, backward association learning, 6th & 8th & 10th graders, 2348

anxiety level & failure-induced stress, paired-associate rule acquisition, 2442

aural vs visual presentation of redundant-stimulus paired associates, stimulus encoding, college students, 2301

choice of stimulus, paired-associate learning, 2347

cognitive category width, recall of attributes in multiattribute paired-associate learning task, college students, 6278

conjunctive vs prepositional phrases, associative & conceptual learning, disadvantaged & middle-class 2nd graders, 10833

disagreement-induced drive performance on competitive vs noncompetitive paired-associates task & social reinforcements & interpersonal attraction, 248

E- vs S-generated sentence & imagery strategies, paired-associate learning, 4th & 5th graders, 10825

equivalent information tasks, conjunctive & inclusive disjunctive & conditional concept identification vs paired-associative learning condition, college students, 2351

exposure time to stimulus presentation, paired-associate learning time, college students, test of total-time hypothesis, 208

exposure time to stimulus, paired-associate learning time, college students, test of total-time hypothesis, 207

familiarity & practice, paired-associate learning with nonsense shapes & object names varying in frequency, college students, 204

- level of security & achievement needs & organizational climate, distortion of upward communication, university faculty & policemen, 4049
- methods for managing diversity & interdependence, organizational issues in multidivisional corporations, book, 2025

- personal & social correlates, patient attrition in outpatient treatment of alcoholism, 9834
- postrelease adjustment, day-care vs full-time psychiatric patients, 9845
- practice & planning for alternatives to institutional care, aged, conference proceedings, 4909
- psychiatric day-care, discharge rate vs continuation in day-care & attendance frequency, patients, 12 mo. follow-up, 1766
- psychiatric outpatient services, physician referrals & patient expectations, Manchester, England, 11841
- psychiatric psychotherapy, use of audiovisual aids & outpatient treatment & problems of formation, 3616
- role of social medical assistants, psychiatric outpatient clinic, 3241
- self-confrontation in group vs. individual psychotherapy in outpatient treatment program, drinking behavior, male alcoholics, 1465
- systems approach, organization of psychiatric ambulatory care service in general hospital, 5818
- therapeutic environment based on prediadic dependence giving nondiadic treatment in community psychiatric setting, posthospitalized alcoholics in detoxification unit & long-term psychotic patients in outpatient maintenance program, 9793
- weekly aftercare day clinic, continuity of care by inpatient staff, outpatients, 11835
- Outpatients**
- abrupt withdrawal of chlordiazepoxide, anxious neurotic outpatients, 5623
- Adjective Check List correlation with Community Adaptation Schedule to measure construct validity, mental health clinic outpatients vs psychiatric hospital patients, 7557
- flupenthixol, anxious-algetic-depressive syndrome complex in neurotic states, 25 50 yr old neurotic outpatients, 5659
- imipramine vs imipramine N-oxide, depressive syndromes, outpatients, 5661
- pimozide, personality disorders, outpatients, 11661
- problems & decisions in psychiatric health education programs, case report with alcoholics in Yugoslavia, 9661
- therapeutic environment based on prediadic dependence giving nondiadic treatment in community psychiatric setting, posthospitalized alcoholics in detoxification unit & long-term psychotic patients in outpatient maintenance program, 9793
- Ovariectomy**
- estradiol & body weight, food intake & body weight after ovariectomy & adrenalectomy, rats, 509
- estradiol benzoate vs testosterone propionate vs dihydrotestosterone, sexual motivation, ovariectomized female rats, 8722
- estrogen antagonist, behavior & estrogen retention in neural & peripheral target tissues, ovariectomized female rats, 602
- gonadectomy & goldthioglucose injections, sex differences in body weight, mice, 10603
- gonadectomy, sex differences in dietary self-selection patterns & carcass composition, rats, 8637
- intracerebral progesterone implants, lordosis, ovariectomized rats, 4523

- neonatal androgen, open-field activity & sexual behavior & modifying influence of ovarian secretions during development, female rats, 4565
- ovariectomy vs adrenalectomy vs both & ergocornine & prolactin replacement, emission of maternal pheromone, postpartum female rats, 495
- ovariectomy, scent-marking frequency & nest-building activity during pregnancy & lactation, gerbils, 521
- potassium chloride application on cortical dura, sexual behavior & cortical EEG, ovariectomized rats, 512
- repeated exposure to copulatory stimulation, lordosis response, ovariectomized hamsters, 6789
- testosterone propionate injections, sexual motivation, ovariectomized female rats, 8729
- Ovaries**
- prepubertal ovarian transplants, female receptivity, neonatally castrated male rats, 6528
- steroid hormones, ovarian contribution to scent marking regulation, female ovariectomized vs intact gerbils, 8559
- Ovary Disorders** (See Endocrine Sexual Disorders)
- Overachievement** (Academic) (See Academic Overachievement)
- Overlearning**
- acquisition level & intertrial intervals, overtraining extinction effect, rats, 8797
- amount of overtraining, type of shift & breadth of learning in optional shift task, 2nd graders, 10402
- amount of simulator practice & fidelity of simulation, transfer of simulator training to job performance in collating task, college students, 12088
- criterion vs overtraining, response strategy change on jumping stand performance, rats, 2693
- high degrees of paired-associate learning, stimulus encoding selectivity, college students, 6269
- memorized vs overlearned lists, serial scanning, college students, 298
- mixed category undertraining vs criterion training vs overtraining, reversal & conceptual shift behavior, college students, 272
- operant conditioning & overtraining under water deprivation, heart rate, rats, 10572
- overlearning, gross motor skill relearning & retention, 0-19 yr old institutionalized retarded males, 3472
- overtraining & activation & water deprivation, bar pressing performance, rats, 6733
- overtraining on shuttle avoidance task with chlordiazepoxide & saline, response decrements due to drug-state change, rats, 561
- overtraining reversal effect, discrimination learning, 3-5 & 8-10 yr olds, 8419
- stimulus salience & response strategies, overtraining & reversal learning, rats, 6717
- Overpopulation**
- congestion & quality deterioration & optimal use of recreational services, willingness to pay for wilderness experiences, users of Spanish Peaks Primitive Area, 4978
- crowded living conditions, !Kung Bushmen, 6926
- crowding & density, humans behavior, 2910
- crowding, affect & facial regard & reactions, college students, 11052
- demographic characteristics & family size & birth control & motivation for childbearing & socialization & role formation, population growth, 2882
- evolution of laws & attitudes on contraception, 6972
- isolated vs crowded conditions at weaning vs activity in open-field conditions, rats, 6798
- man-environment relations, crowding, 2887
- man-to-land ratio inadequacy, making cross-national population density comparisons & their effect on crowding levels & life quality & national population capacity, 4984
- population density, mental illness & narcotic use, rural vs urban areas, 11284
- prisons as research settings, investigation of crowding effects, 5041
- short-term mass communication saturation, perception of population problems, Boulder, Colorado, 8965
- undermanning theory & research, excess population, 2939
- Overweight** (See Obesity)
- Ovulation**
- marginal stimuli from courting males, ovulation frequency, female ring doves, 6448
- monoamines or their antagonists, dual hypothalamic control of ovulation, rats, 10710
- Oxidases** (See also Monoamine Oxidases)
- phenol oxidase activity in brain tissue, cattle & sheep, 8489

## Opinion Change

- Opinion Change** (See Attitude Change)  
**Opinion Questionnaires** (See Attitude Measures)  
**Opinion Surveys** (See Attitude Measures)  
**Opinions** (See Attitudes)  
**Opium Alkaloids** (See Alkaloids, Opiates)  
**Opium Containing Drugs** (See Opiates)  
**Opium Derivatives** (See Opiates)  
**Opossums**  
differential lick rates, opossum, 8765  
**Optic Chiasm**  
temporal evaluation of flash-evoked optic tract response & electroretinogram, isolating rod & cone contributions, monkeys, 4417  
**Optic Lobe**  
localized unit responses, optic tectum, carp, 2501  
**Optic Nerve**  
bilateral lesions of cerebral peduncle & substantia nigra & medial geniculate nucleus, retention of brightness & pattern discrimination habit, rats, 8663  
extra- & intracellular responses to optic tract & visual cortical stimulation, cats, 388  
isthmo-optic nucleus lesions, visual target search in pecking behavior, chicks, 4525  
left optic nerve cuts & subsequent stroboscopic illumination, abnormal visual function, frogs, 10611  
neonatal retinal lesions, reorganization of retinotectal pathway, rats, 4505  
simple procedure for optic nerve section, 493  
unilateral optic tectum removal, thalamic vs tectal visual mechanisms, frogs, 4493  
**Optical Illusions** (See Illusions (Perception))  
**Optimism**  
assessments of social power & peace agreement & pessimism  
optimism & expectations of future conflict, 15 40 yr olds from Czechoslovakia & Norway & Poland & Spain & Sweden & Yugoslavia, 5005  
involvement in antipollution activities, attitudes towards possibility of eliminating pollution, 6977  
research models, optimism-pessimism, 5234  
revolutionary optimism, mental illness, psychiatric patients of People's Republic of China, 7582  
**Optometry**  
academic & nonacademic predictors including prerequisite GPA, 1st yr optometry school GPA, optometry students, 5270  
interrelationships of optometry & psychology, 4066  
optometric vision therapy, remediation of symbol-sound associations, academic underachievers, 11992  
**Oral Communication** (See Verbal Communication)  
**Oral Contraceptives**  
Enovid, NaCl appetite & preference threshold, rats, 8698  
oral contraceptives, adverse psychological symptom of depression, 10706  
supplementary vitamin B, oral contraceptives, depressed mood, 5687  
**Oral Reading**  
daily reading by mothers, vocabulary growth, Head Start children, 9889  
number of syllables in word & picture vs word stimulus, word pronunciation latencies, college students, 10377  
repetitive oral reading, temporal features of speech, 7111  
silent vs aloud reading, transfer in verbal discrimination learning, college students, 8423  
systematic training with vibrotactile stimulus, oral reading rate, hard-of-hearing children, 1453  
temporal alterations in auditory feedback during oral reading, reading & pause & residual phonation time & word production errors, stutterers & clutterers, 7702  
**Organ Of Corti** (See Cochlea)  
**Organ Transplantation**  
death-related conversation & preoperative behavior, candidates for heart & lung transplants, 9235  
ethical & psychological considerations, organ transplants & drug abuse treatment & suicide prevention & genetic technology & birth control & treatment of mental illness, book of selected readings, 9553  
family stress when choosing organ donor & attitudes of volunteer donors, 5773  
forebrain transplantation from trained vs naive donors, acquisition of dark avoidance & preference, newts, 4491

## SUBJECT INDEX

## Organizational Climate

- kidney transplants, altered body image & possible ego disruptive sequelae, transplantees, 7803  
organ transplant, altered body image & emotional reactions, 7804  
prepubertal ovarian transplants, female receptivity, neonatally castrated male rats, 6528  
**Organic Brain Syndromes** (See also Alcoholic Psychosis, Alzheimers Disease, Delirium Tremens, Korsakoffs Psychosis, Picks Disease, Presenile Dementia, Senile Dementia, Senile Psychosis, Toxic Psychoses)  
alcohol effects, mental aging vs organic brain syndrome, 25 64 yr old alcoholic inpatients, 9427  
cues & number vs form vs color stimuli, hypothesis formation during concept acquisition, organically vs cultural-familial retarded adolescents & adults, 5462  
lack of psychosis & severe depression, organic brain syndrome, patients in need of psychiatric hospitalization, 9268  
organic factors, Gilles de la Tourette's syndrome, 3558  
orientation errors during successive administration of Memory-for-Designs Test, organic vs psychotic vs nonpsychotic patients, 7247  
psychiatric symptomatology, patients over vs under 70 yrs of age with psycho-organic syndromes, 5326  
trazodone, organic brain syndrome treatment, hospitalized geriatric patients, 7659  
**Organic Therapies** (See also Drug Therapy, Electroconvulsive Shock Therapy, Narcoanalysis, Psychosurgery, Shock Therapy, Sleep Treatment)  
**Organization (Spatial)** (See Spatial Organization)  
**Organizational Change** (See also Organizational Merger)  
age & education & managerial rank & self-confidence & frustration contentment & extraversion & neuroticism, readiness to accept change & attitudes toward change in promotions policy, managers, 10094  
attitudinal & behavioral & structural changes, accomplishing organizational objectives, 10096  
business & industrial management, organizational change, 12114  
development of therapeutic community & teaching unit in provincial mental hospital, problems of institutional change, 5796  
elite vs leader values vs organizational complexity, innovation prediction, staff members & executive directors of health & welfare organizations, 12109  
individual & organizational change, effective long-range social planning, book, 10972  
information flow & data use processes, social & organizational change models, 10920  
information processing explanations of individual change & practical school needs & program development, school change model, 1805  
job performance, managerial pay levels & changes in organization with performance measurement & reward system, managers, 10092  
managerial style & adapting to change & interpersonal skills & setting objectives & measurement, management by objectives, 10087  
organization development training & measurable objective development & experimental program design within organizational goals & comprehensive information system development, improvement of probation service, 5809  
organizational behavior & ingroup dynamics training, development of managerial skills, 10030  
sensitivity training & T- & organizational & mini-society groups & intergroup laboratories, individual & organizational change & growth, book, 944  
social system changes, organizational problems & task shifts in psychiatric institutions, 5791  
**Organizational Climate**  
assessment of college organizational climate with respect to student input to decision making, 7886  
biographical & personality & administrative climate inventories, job performance prediction, nurses, 3233  
cluster analysis, work attitudes vs organizational climate, company employees, 10093  
company orientation toward managers' wives, conformity behavior, managers & wives, 10089  
environmental uncertainty, decision-making structures, manufacturing & research-& development organizations, 10091  
formal vs informal organization, organizational effectiveness & individual satisfaction, managers & white collar employees, 10098  
human relations training program, long-term changes in organizational climate, managers, 4052

- field dependence, visual vs verbal paired-associate learning, college students, 8353
- high degrees of paired-associate learning, stimulus encoding selectivity, college students, 6269
- homograph vs nonhomograph stimuli, paired-associate list learning, college students, 8387
- imagery vs rote instructions & high vs low item imagery & visual vs aural reaction time signals, information-processing requirements of paired-associate task, college students, 10362
- imagery-encouraging conditions & instructional set, recognition & recall of items & associations, college students, 10394
- imagery, continuous paired-associate learning & recall, college students, 186
- information source use, self-instruction on paired-associate learning task, 4 yr olds, 2326
- instructions to anticipate English words, paired-associate learning of nouns in Umbu pseudo-language, replication of O. W. Smith & C. W. Koutstaal's experiment, 2369
- intentional vs incidental learning & list clustering & simultaneous vs delayed presentation, recall of word pairs, adults, 8373
- inter- &/or intralist intervals, paired-associate anticipation-recall differences, criticism of C. Izawa's conclusions, 10345
- interitem associative strength & rehearsal & proactive inhibition, retention of paired-associate lists, college students, 10461
- intralist interference & imagery, paired-associate learning & memory, deaf 6 10 yr olds & hearing 4 5 yr olds, 7538
- intralist similarity & meaningfulness, transfer in paired-associate learning, college students, support for W. F. Battig's & E. Martin's encoding variability hypothesis, 4272
- item imagery & Peterson-type intervening tasks, paired associate learning & associative directionality, college students, 6275
- learned stimulus associations, visual discrimination, college students & adults, 8234
- left-to-right vs right-to-left reading order, A-B & B-A recall of paired associates, college students, 6296
- lessening vs lengthening of stimulus component duration, temporal ordering & cue selectivity in paired-associate learning, college students, 2341
- marihuana intoxication, criterion paired-associate learning & recall, 18 27 yr old males, 6657
- mediated stimuli generated with presented categorized lists, associative learning & unlearning, 10405
- medial & paired-associate learning pretraining, long-term retention, educable mentally retarded, 5948
- occupational role values & high & low verbal reinforcement as incentives, verbal learning, 5th graders, 6245
- overt rehearsal, recall of paired associates, investigation of R. C. Atkinson & R. M. Shiffrin's report, 4296
- paired-associate grouping vs categorical grouping of nonsense syllables, long-term memory, graduate students, 8450
- paired-associate learning & directionality of associations, imaginal & verbal mnemonics, 4269
- paired-associate learning & later exposure to stimulus vs. response items vs. stimulus paired with response items vs. stimulus & additional items, increased retention of previously learned behavior, 1st graders, 704
- paired-associate learning task, intentional & incidental learning, 10- & 13- & 16-yr-old retarded & normal children, 7438
- paired-associate learning, memory of reference points in distance estimation, 10469
- paired-associate lists vs meaningful material, memory of synonyms & antonyms, college students, 8466
- paired-associate words in vs out of sentence context in training & variation of stimulus vs response vs stimulus & response similarity & meaning relationships between training & transfer, transfer of verbal behavior, college students, 2360
- paragraph elaboration, paired-associate learning & reversal, brain-injured vs non-brain-injured retarded children, 5539
- perceptual ability & stimulus identifiability, paired-associate learning, 10 14 yr old educable mental retardates, 3486
- polygon-set variability, paired-associate task with polygons & numbers, college students, 2338
- presentation conditions & method of response, noun-pair learning, black vs Chinese- vs Spanish-American vs white 2nd graders, 4938
- reinforcement type & type of recall test, retention in paired-associate learning, college students, 6323
- reinforcement value as affective dimension of meaningfulness based on likability ratings, associative learning of designs with consonant-vowel-consonant trigrams & faces with names, high school & college students, 275
- replication processes, human memory & learning, 2275
- response set change, forgetting in paired-associate task, college students, 8435
- retroactive inhibition & spontaneous recovery, contingent verbal discrimination task, college students, 247
- retroactive inhibition, short-term retention of minimally learned paired associates, college students, 10430
- same vs different underlying strings of sentences, memory of noun pairs, 6th graders & college students, investigation of N. Suzuki & W. D. Rohwer's hypothesis, 10423
- scaling meaningfulness of trigrams, paired-associate learning, normal children & retardates, 7432
- semantic & graphic & syntactic orienting tasks, recall of moderated associated word pairs, college students, 8440
- Semantic Consensus Index, associative response strength, college students, 6264
- serial vs free recall transfer from serial to paired-associate learning, college students, 8402
- single paired-associates list, immediate vs delayed recall, 3 vs 6 vs 9 yr olds, 6853
- social schemas & cognitive complexity, learning of social structures, 4247
- stimuli concreteness-imagery values, long-term retention of paired-associate lists, 6327
- stimulus concreteness-imagery & arousal, immediate & delayed recall of paired associates, college students, attempted replication of M. J. Butter's findings, 6329
- structural isolation, paired associate learning, high school students, 8379
- subprocesses & rated similarity, paired-associate learning, college students, 289
- transfer test methodology, investigation of stimulus selection in paired-associate learning, hospitalized retardates, confirmation of L. Postman & R. Greenbloom's thesis, 1375
- verbal vs imaginal mediators, paired associate learning, college students, 10422
- visual recognition memory, paired-associate learning & reading achievement, 2nd graders, 5924
- word meaningfulness dimensions of association & reinforcement value, verbal learning styles & paired-associate performance, black vs white female junior college students, 2358
- word type & instructions, paired-associate learning & recognition, college students, 8407
- Palsy** (See Paralysis)
- Pancreas**
- crowded vs uncrowded conditions with vs without methylchloroform extraction of tank water, immune response to infectious pancreatic necrosis virus, blue gourami, 4419
- Panic**
- problems of military panic, literature review, 12045
- Papaverine**
- bishydroxycoumarin & papaverine therapy, organic abnormalities & psychological functioning, male geriatric patients with chronic brain syndrome, 1601
- Paradoxical Sleep** (See REM Sleep)
- Paralysis** (See also Cerebral Palsy, General Paresis, Parkinsons Disease)
- body-image stimuli, word-picture naming task errors, male & female aphasic Ss, 3557
- dextrotubocurarine induced paralysis, electrical brain stimulation as reward for changing firing rate of sciatic nerves, rats, 452
- laterality of early brain lesions & familial sinistrality, growth of speech & intelligence, hemiplegic children, 3503
- paramedian tegmental syndrome of intermediate pons, localization of horizontal gaze palsy & internuclear ophthalmoplegia, 2 case reports, 5500
- retinally stabilized images, alpha blocking responses to tone before & during & after pairing with light stimulation, spastic hemiplegics, 3540
- right hemispheric infarction & left hemiplegia, patients with aphasia, 11437
- visual confrontation task errors, digit span test performance, left vs right hemiplegics vs high- & low-educated controls, 3569
- Paralysis Agitans** (See Parkinsons Disease)
- Paramedical Personnel** (See also Attendants (Institutions), Medics, Psychiatric Aides)

**Paramedical Sciences** (See also Audiology, Nursing, Optometry, Pharmacology, Physical Therapy, Psychopharmacology)

**Parametric Statistical Tests** (See also T Test)

parametric vs. randomization tests in experiments employing random assignment vs. random sampling, criticism of E. Alf & N. Abraham's conclusions, 71

randomization vs. parametric tests in experiments employing random assignment vs. random sampling, reply to E. Edgington's assertion, 65

theory of risk & risk preference, reparameterization of Prisoner's Dilemma game, 7005

**Paranoia (Psychosis)**

affective components in paranoid psychosis, case report of young woman, 7261

chronic abuse of Sedafamen, paranoid & hallucinatory syndrome, 39-yr-old female, 888

confrontation & group dynamics principles, managing paranoia in violent relationships, 2956

depression, development of paranoia, psychiatric patients, 11276

father's childrearing practices, paranoia of D. P. Schreber, 1287

good vs poor premorbid adjustment & paranoid vs nonparanoid diagnosis, psychopathological condition & posthospital treatment & community adjustment prediction, acute schizophrenics, 1767

iv amphetamine & high-dose usage, flash & euphoria & anorexia & insomnia & paranoia & violence & compulsivity & over-amping & complications, 567

pipotiazine & pipotiazine palmitate, hallucinations & delusions & paranoid thinking, chronic schizophrenics, 5636

pipotiazine palmitate, clinical properties & side effects & duration of action, schizophrenics & paranoid psychotics, 5629

pipotiazine palmitate, schizophrenia & paranoid psychoses, patients in Denmark & Norway & Sweden & Finland, 5645

psychopathological structure, paranoid schizophrenics & paraphrenics, 9247

**Paranoid Personality**

open vs closed style of adapting to aversive maternal control, attentiveness to negative self-relevant evaluative terms, college students, test of developmental model of paranoid behavior, 6877

**Paranoid Schizophrenia**

increased serum creatine phosphokinase & aldolase activities, differential diagnosis, acute paranoid & nonparanoid schizophrenia, 9305

premorbid social competence & role orientation, paranoid-nonparanoid status, schizophrenic patients, 7346

projective animal drawings, assessment of perceptual rigidity, paranoid schizophrenics vs nonparanoid psychiatric patients, implications for clinical diagnosis, 9335

psychopathological structure, paranoid schizophrenics & paraphrenics, 9247

psychopathology, catatonic & paranoid noninstitutionalized schizophrenic patients, 9232

schizo-paraphrenia, biographical case report, 1299

therapist's proxemic cues, patient's length of communication, 18 25 yr olds with acute paranoid schizophrenia & character disorders & adjustment reaction & college students with personal & vocational educational problems, 3607

**Paraprofessional Education**

behaviorally oriented training program for subprofessionals, use as behavior analysts in consultative process, college students, 1147

blindfolding to simulate blindness, empathy for problems of blind students, supervisors & peer advisors, 11199

chemical dependency specialist training program, 9160

infant caregiving, training handbook for child care workers, 1145

integrated didactic-experiential approach vs traditional training, interpersonal skills & on-job behaviors, psychiatric attendants, 11212

selection & training, peer counselors, college students, 12025

staff development group, consultative program in state correctional facility, nonprofessional staff members, 11201

**Paraprofessional Personnel** (See also Attendants (Institutions), Medics, Psychiatric Aides, Teacher Aides)

Community Mental Health Ideology Scale, paraprofessionals from community mental health centers, 7221

counselor technician & assistant, role in college counseling centers, 9960

effectiveness of group language training program using nonprofessional staff as teachers, severely & profoundly retarded children, 3943

group assessment of interpersonal traits technique, selection of college student therapeutic agents, 7210

measurement & factor analysis, cultural interests & job attitudes & extraversion & helping qualities, nonprofessional mental health workers, 7199

mental health program & inservice training, paraprofessional personnel, 3269

multidimensional perceptions of class of MEDEX trainees, training staff, use of G. J. Coles & L. A. Stone's proposed methodology, 3268

need satisfaction, organizational position & job performance, professional nurses & paraprofessional employees, 3265

outreach project emphasizing concern with clients' personal crises & social competence development, indigenous paraprofessionals within multiservice framework, 1700

paraprofessional utilization, 9159

personality traits & predicted counseling effectiveness, counselor education students vs junior college students being trained as counseling paraprofessionals, 1177

personality traits, effective counselor vs paraprofessional counselor trainees, 11214

pupil personnel services guidelines, recruiting & selecting & training & supervising & licensing of paraprofessionals, 1131

selection & techniques & roles & approaches, nonprofessional community mental health training, 7217

sequential/professional vs integrated/technical modes of training in milieu & social-learning programs, objective on-job performance outcomes, mental health technician trainees, 9180

training & supervised field experience, changes in attitude & clinical response style, nonprofessional mental health aides, 7198

use of paraprofessionals, adult counseling center, 11789

use of student paraprofessionals & community approach at Telephone Counseling Service, dealing with mental health problems on college campus, 1712

volunteer case aide program, 1-to-1 relationships, mentally ill & emotionally disturbed inpatients, 3781

2-yr demonstration project, role in community mental health programs, psychiatric technicians, 9197

4-session training program, teaching behavior modification techniques, nonprofessionals, 7215

**Parapsychological Phenomena** (See also Clairvoyance, Extrasensory Perception, Precognition, Psychokinesis, Telepathy)

Indian yoga vs mediumship vs clinical psychology, regurgitation, 6429

investigation of divining instrument called revealer, 6081

investigation of poltergeist, 6099

locus of control, beliefs in supernatural phenomena, college students, 2868

neurochemistry & human biology, explanation for parapsychological phenomena, book, 89

out-of-body experiences, book, 92

parapsychological phenomena, changes in basic sciences & research methodology, conversation with Stanley Krippner, 10116

**Parapsychology** (See also Clairvoyance, Extrasensory Perception, Parapsychological Phenomena, Precognition, Psychokinesis, Telepathy)

college-level books on parapsychology, selected & descriptive list, 6157

interrelationships between humanistic psychology & parapsychology, 10125

prophets & spiritualists & clairvoyants & prophecy devices & superstitions, book, 8158

**Parasitic Disorders** (See also Malaria)

primary vs secondary parasitic infestation delusions, implications for diagnosis & treatment of Ekbom syndrome, 5385

**Parasympathetic Nervous System** (See also Vagus Nerve)

**Parasympatholytic Drugs** (See Cholinergic Blocking Drugs)

**Parathyroid Disorders**

surgical removal of parathyroid adenoma, hypercalcemic speech & language disorders, 55-yr-old aphasic, 11806

**Parent Child Communication**

communication development with fatally ill children in hospital setting, teaching professionals & parents & lay people, 7515

perceived intrafamilial communication & understanding, assumed attitude similarity, college students, 2949

protective vs open approach with child, family communication about crisis of dying child, 5068

unstable marriages & rejection of child, symptom complex of aggression & behavior problems, 11380

**Parent Child Relations** (See also Father Child Relations, Mother Child Relations, Parental Attitudes, Parental Permissiveness)

aged parent illness, denial & maintenance of family homeostasis, 3287

alcoholic parents, consumption of alcoholic beverages, children, 11354

alcoholic parents, emotional development, children, 11363

anxiety vs emotions associated with babies, adult-infant body placement sites, college students, 10909

attitudes toward own vs. other generation & prediction of other group's attitudes, generation gap vs. faulty perceptions, 13 yr. olds & their parents, comparison with I. Goldblatt's 1957 & S. Schludermann & E. Schludermann's 1971 studies, 769

background factors, adjustment to abortion, unwed 14 20 yr old females, 8973

biological & psychological & adoptive & foster relationships, child & custodian, implications for child placement, book, 10899

birth order, parental influence, Middle Eastern college students, 5120

cognitive differentiation of self & parents, delinquent vs nondelinquent 13 16 yr old girls, 3405

cross-cultural differences & sex differences, generational differences in approval of traditional & individualistic actions, adolescents & fathers, Turkey & United States, 2859

cultural & social value changes, parent-child relations, implications for social workers, 771

ego dysfunction & family interaction, parents & their stuttering or nonstuttering 7-10yr old male offspring, 5496

emotional responses, parents of handicapped children, 11488

ethological & interview & experimental approaches, parent-child interaction, 2 yr. old boys, 776

fading school-based to home-based classroom behavior modification program, 5th grader, 1823

family dynamics as disturbances in transactional modes, adolescent runaways, 3453

family members' status as controlling stimuli, changing deviant behavior in home environment, 1675

gender constancy, parent preference, 4 6 yr olds & college students, 4900

generation gap, meaning & implications, 8987

genetic & environmental factors & parent-child relations, constitutional correlates of schizotaxia & relations to development of schizophrenic disorder, 7324

government censorship & lack of sex education at home, sexual adjustment, 8956

group therapy, masculine identification & behavior, feminine 4 9 yr olds & parents, 3697

guru-chela relationships vs psychotherapy, common idiom for describing neurotic illness, 7609

haloperidol & chlorpromazine, parent-child interaction & symptoms, traits & behavior of disturbed Ss, 4 14 yr olds, 5648

home chores & use of time & attitude toward studies, 12 15 yr olds vs adult Mormons, 10908

home environment & parental rejection, personal & social adjustment, schizophrenics & male juvenile delinquents, Chile, 7344

home intervention, treatment of theft, predelinquent boys, 1676

homogeneity of Amish vs non-Amish parental behavior characteristics, perceptions of Amish vs non-Amish 18-20 yr old sons, 2874

interdisciplinary discussion approach, treating family relationships vs individual members, 7676

intergenerational group counseling, vocational rehabilitation, clients & parents, 11774

item analysis, Children's Report of Parental Behavior Inventory, stutters vs nonstutters, 3500

jumping board activities, parental understanding of learning disabled children, 9451

leukemia of children, adaptive & maladaptive coping responses, families, 7516

locus of control orientation, perceived parental behaviors, high school seniors, 10903

model of parent involvement, programing for communicatively handicapped children, 3785

multiple regression & weighted & unweighted summation, estimating factor scores for Children's Reports of Parental Behavior Inventory, 5th-6th graders, 6883

needs fulfilled by children balanced against costs entailed, family size, 2889

parent & therapist examination of videotape feedback of parent child interactions, treatment of hyperkinetic children, 3580

parent social belongingness & values learned at home & self-directedness & relationship with school & teacher, scholastic achievement, 7959

parent training & home speech practice sessions, articulatory skill improvement & carryover, 8 10 yr olds, 11429

parent vs peer drug usage, marihuana & other psychotropic drug use, high school students, 4997

parent-child conflict, espousal of countercultural values, lower-middle-class Catholic university students, 824

parent-child relations & school environment & reasons & problems encountered & future plans, running away from home, 12 17 yr olds, 7380

parent-child relations, emotional disorders, 1310

parent-child relationships & sexual identity, homosexuals vs heterosexuals, 11393

parent-child similarity, aggressive vs dependent vs withdrawal choices to frustrating situations, middle-class parents & their 8 & 10 yr old children, 2822

parent-child training program, mentally retarded preschoolers & their mothers, 5937

parental background, male homosexual vs heterosexual college & graduate students, 7333

parental conservative attitudes, political & social attitudes of siblings, 3011

parental deprivation in early childhood, depression, 5329

parental discipline practices & attitudes, resistance to temptation, male adolescents, 775

parental dominance, sex-role identification, schizophrenics, 7290

parental drug use & personal problems & negative view of world, drug use patterns, high school students, 6956

parental identification, dissatisfaction with curricula, troubled college students with clear career interests, 1869

parental influence, memories & disclosures during psychoanalysis, children, discussion of paper by J. S. Kestenberg, 9785

parental influence, memories & disclosures in psychoanalysis, children, case histories, 9775

parental operant conditioning, bowel movements & hyperactivity, 6 yr old, 3686

parental personality traits, childhood symptomatology, parents of conduct vs personality problem male 6-13 yr olds, 9389

parental relationships & early social experiences, young activist male homosexuals & heterosexuals, 9420

parental relationships during adulthood & dependency during childhood & irritability & adaptability to previous life changes, prediction of adjustment to hemodialysis, patients with chronic renal failure, 11801

parental training of retarded children & token-economy procedure application by parents & teachers & parent & child behavior modification within family, behavior therapy in home, 7692

parents' conservatism-liberalism, conservatism & liberalism attitudes, New Zealand high school dropouts, 4885

perceived level of parental acceptance-rejection, perception of therapeutic conditions in simulated counseling interview, 8th & 9th graders, 9608

perceived maternal instrumental behavior & protectiveness & parental discipline, internal powerful others & chance locus of control, college students, 7152

personality structure & incidence of behavior disorders, 8 18 yr old children of endogenously depressive parents, 9319

physical & psychological effects of Nazi persecution, coping behavior & behavioral disturbances, mid-teen-age children of concentration camp survivors, 1204

placebo vs social learning, parent training procedures designed to alter deviant aggressive behavior of children, 1689

play therapy conducted by parents, 4-8 yr olds, book, 9605

positive verbal reinforcement program training to develop positive relationships among parent & child & school, Israeli parents, 5705

preferences for peers & parents & teachers, concern over evaluation by others, white & Aboriginal Australian adolescents, replication & extension of Epperson's study, 6949

psychiatric status of legal families of adopted hyperactive children, 3358

public opinion, discipline & control by adults at home & in school, 8904

rejection-hostility & acceptance-care dimensions, perceived parental style of education, male juvenile delinquents, 11350

severe early childhood group, later parent child relations, 3560

## Parent Educational Background

sex & locus of control, self-disclosure of public & private information to parents & friends, college students, 9019

sex role preference & parental imitation, male vs female 3rd graders, 767

societal vs family influence, socialization, East German children, 10835

temperamental characteristics & behavioral disorders, 3 7 yr olds with at least 1 mentally ill parent, 1244

training parents in behavior modification techniques, parent-child therapy, 5265

unstable marriages & rejection of child, symptom complex of aggression & behavior problems, 11380

unsuccessful therapeutic treatment, 16 yr old apparent schizophrenic whose parents had been incarcerated in Nazi concentration camp, 7605

use of tobacco & alcohol & marihuana vs. opiates & LSD & amphetamines & peer & parent & sibling drug use, drug use patterns, urban high school students, 884

use of treated children as active assistant therapists, neurotic family dynamics, 5586

using parents as change agents, deviant child behaviors, review of efficacy of program recommendations, 5711

**Parent Educational Background**

economic & educational level of parents, scholastic achievement, 4th & 6th & 8th graders, Bosnia, 3896

father absence or death & sex & race & religion & class standing & concern for academic sufficiency & parental educational level, suicide, college students, 9393

father's educational level & grades earned & post-high-school plans & school activity participation & school enjoyment by student, perceived teacher effectiveness characteristics, high school students, 11936

father's occupation & education & family income & GPA, occupational aspirations, black vs white rural high school seniors, 3060

maternal employment & educational attainment, sex-typed attributes, female college students, 4899

vocational maturity & educational levels & IQ & verbal & nonverbal abilities & reading & mathematics achievement, perception of occupational prestige, 9th 12th graders, 8018

**Parental Absence** (See also Father Absence, Mother Absence)

childhood parental loss through death or divorce or separation, suicidal ideation, college students, 7347

early experience & childhood parental absence, depression & marital & family-building problems, women, 10898

familial disposition & pregnancy factors & parental separation, mental breakdown, adolescents with schizophrenic mothers, 9303

separation from parent in childhood, predicting infant management difficulties, mothers, 10897

**Parental Attitudes**

breast feeding ability, maternal attitudes toward breast feeding, 777

deep-seated maternal conflicts regarding reproductive function & motherhood, enuresis & other adaptational problems in offspring, 7307

developmental differences, ethnic stereotype formation, 9 17 yr olds & parents, Canada, 2817

evaluation of behavior therapy in child psychological clinic, parents vs therapists, 7712

family composition & income & child's age, attitudes toward treatment in children guidance clinic, white vs black families, 1011

Family Relations Test, perception of illness & patient role, schizophrenics vs their parents, 1289

group home placement & parental attitude, delinquent behavior control, 12 16 yr old juvenile delinquents, 1761

inhibitory vs receptive mothers, aggressiveness vs fearfulness tendencies in cognitive styles, children, 8903

item factor analysis, Family Motivation Test, parents of junior high school children, 2810

jumping board activities, parental understanding of learning disabled children, 9451

mental retardation, feelings & reactions & problems of siblings & parents, book, 3483

modified version of Missouri Children's Behavior Checklist, mothers' vs fathers' ratings of children in outpatient community mental health center, 3 16 yr old outpatients, 11787

movement toward equalizing treatment of sexes, preferences for sex of offspring, male vs female college students in 1973 vs 1954, 8979

## SUBJECT INDEX

## Parental Role

parental attitudes towards child's body, satisfactory working arrangement between mind & body, understanding psychodynamics of physically abnormal children, 9531

parental attitudes, primary transitional object development & use, children, 8899

parental conservative attitudes, political & social attitudes of siblings, 3011

parental desires & doctors' obligations, right to life, mongoloid babies, 7245

parental locus of control, perception of cause of children's problems, parents referring 4 15 yr old children to psychological clinic, 9215

parental perceptions of identical vs fraternal twins, implications for comparable life experience assumption in twin studies, 8573

parental reactions & staff attitudes toward helping & family, children who are candidates for residential treatment, 11846

parents' conservatism-liberalism, conservatism & liberalism attitudes, New Zealand high school dropouts, 4885

predictive correlates, attitudes to multidisciplinary health care services, mothers, 9794

reactions to using nude models in art classes, 9-17 yr old students & parents, 7921

research framework, child-rearing practices, parents of disabled children, 7495

sanctions of religious denomination, parental attitudes & behavior about drinking, alcoholics vs Jewish social groups, 2914

satisfaction with experiences with professionals regarding children, mothers of mentally retarded children, 5458

self-perceptions vs reports from mothers, 12 16 yr olds earlier diagnosed as hyperactive, 9421

sex, attitudes toward children's education, 7877

sexual attitudes contributing to healthy approach to human sexuality, sex education development & parental response, 1858

significant moral conduct & parental antecedents, moral judgments, 14 16 yr old male delinquents vs nondelinquents & their mothers, 5413

student vs father attitudes toward contemporary issues, college students & fathers, 6961

**Parental Authoritarianism** (See Parental Permissiveness)

**Parental Influence** (See Parent Child Relations)

**Parental Occupation**

father's occupation & education & family income & GPA, occupational aspirations, black vs white rural high school seniors, 3060

IQ & sex & father's occupation & adjustment, drug attitudes after drug prevention education program, 7th graders, 1816

maternal employment & career preference, self-esteem & self-ratings of competence, college females, 10015

maternal employment & educational attainment, sex-typed attributes, female college students, 4899

maternal employment & sex role & social class, childhood development, infants & preschool & school age children & adolescents, 714

ordinal position & family size & density & father's occupational status, achievement motivation, college students, 7182

sex & parental occupations, perceptions of work activity, 3rd & 5th & 9th graders, 7068

social class & father's occupation, scholastic achievement, 12 16 yr olds, India, 5927

**Parental Permissiveness**

attitudes & expectations toward parental control, Swedish 4th vs 6th vs 8th graders, 8908

ordinal position, parental control, Swedish 10 & 12 & 14 yr olds, 4896

parent's unconscious, antisocial behavior, children, review, 7367

parental control, development of independent behavior, young children, 6881

parental discipline practices & attitudes, resistance to temptation, male adolescents, 775

parents' conservatism-liberalism, conservatism & liberalism attitudes, New Zealand high school dropouts, 4885

public opinion, discipline & control by adults at home & in school, 8904

**Parental Role**

birth order, parental status & marital stability & provision of parental tekonym, cross-cultural perspective, 10906

menopause, subjective health & sex & age identities & post- & grandparenthood, middle age females, 2825

parent administered token reinforcement, reading & spelling performance, 7 8 yr old boys with reading problems, 9892  
 personality development & dependency of child, marriage & family & parenthood, 4889

**Parents** (See also Adoptive Parents, Fathers, Foster Parents, Mothers, Schizophrenogenic Mothers, Surrogate Parents (Humans), Unwed Mothers)

aged parent illness, denial & maintenance of family homeostasis, 3287

attitudes toward own vs. other generation & prediction of other group's attitudes, generation gap vs. faulty perceptions, 13 yr. olds & their parents, comparison with I. Goldblatt's 1957 & S. Schludermann & E. Schludermann's 1971 studies, 769

death of their children from leukemia, 17-hydroxycorticosteroid excretion rates, parents, 3529

ideal vs. expected counselor role, school guidance counselors vs. students vs. principals vs. parents vs. teachers, 1930

interdisciplinary team approach, interpretation of mental retardation for parents, 1391

locus of control orientation, perceived parental behaviors, high school seniors, 10903

mourning process, adrenocortical excretion, bereaving parents of leukemic children, 3528

parent-child similarity, aggressive vs dependent vs withdrawal choices to frustrating situations, middle-class parents & their 8 & 10 yr old children, 2822

parent offspring resemblances on MMPI taken at same age, personality heritability, adolescents & parents, 437

parental alcoholism, psychological development, children, 11355

parental death & family jointness, depressive disorder development, affective morbidity & suicide reaction by parents & siblings of manic-depressive vs reactive vs 1st-attack depressives in India, 1283

parental personality traits, childhood symptomatology, parents of conduct vs personality problem male 6 13 yr olds, 9389

personal growth & childrearing, parenthood, 2813

psychosis vs character disorder vs impaired intellectual functioning vs normality, psychopathological aspects of parricide, 5440

school adjustment & parental perception of adjustment, Hispano- vs native-born pupils, 1877

short version of Spence-Helmreich Attitudes toward Women Scale, male & female students & their parents, 10152

values & ethnocentrism, Ukrainian migrant vs Australian students vs parents, 2847

**Paresis (General)** (See General Paresis)

**Pargyline**

lateral hypothalamic lesions & 6-hydroxydopamine after pretreatment with pargyline, loss & recovery of feeding & drinking behaviors, rats, 8596

**Parietal Lobe** (See also Somatosensory Cortex)

**Parkinson's Disease**

amantadine, corrective for neuroleptics used in Parkinson's disease treatment, 11609

complex & simple motor task performance, Parkinsonian patients, 9493

Hovey's MMPI scale for CNS disorder, identification of Parkinson's disease patients, 3544

interneuron vs motoneuron involvement, orbicularis oculi reflex, Parkinsonians, 7517

lesions placed within & outside limits of centrum medianum nucleus, psychological changes, patients with Parkinson's disease or seizure & pain disorders, 9810

levodopa &/or peripheral decarboxylase, parkinsonian patients, 5671

levodopa or amantadine therapy, sleep spindles, Parkinsonian patients, 9689

levodopa therapy, sensorimotor coordination, Parkinson patients, 11604

levodopa treatment, prognostic value of Rorschach test, Parkinsonian patients, 5674

levodopa, cognitive & affective & behavioral effects & results in treatment of parkinsonism, review, 1606

levodopa, depressive syndrome & EMG, parkinsonian patients, 11656

levodopa, intellectual functioning, parkinsonism patients, 11644

levodopa, intellectual potential & memory, 51 79 yr olds with Parkinson's disease, 3666

levodopa, night sleep, 47 72 yr olds with Parkinson's disease, 11633

levodopa, permanent dementia, 66-yr-old with idiopathic parkinsonism, 5688

long- vs short-range levodopa treatment, cognitive-perceptual functions & depression, patients with Parkinson's disease, 11664

long-term levodopa therapy, EMG recordings of gait, Parkinsonian patients with vs without dystonia, 5613

pharmacology of striatum & pathophysiology, Parkinsonism & chorea & tardive dyskinesia, 7518

subcortical correlates, verbal formulation & expression, parkinsonian patients, 7523

**Parks (Recreational)** (See Recreation Areas)

**Parochial School Education** (See Private School Education)

**Parole**

feedback on parole boards' evaluation of case factors, making explicit implicit paroling policy, implications for uniform decision making, 1743

parole performance standards & violation patterns, property vs. person offender parolees, 1749

time served & nature of offense & age, parole outcome after 1 yr., burglars, 1733

16 PF score similarity to Fuller's alcoholic Willmar Profile, use as screening instrument for release program, penitentiary inmates in alcoholic release program, 3428

**Parole Officers**

home environment vs halfway house, perceptions of parole officer's investigations & assessment, parolees, 9833

orientation & attitudes & activities, parole officers, 1738

supervision of adult male offenders, female probation & parole officers, 3793

**Partial Reinforcement** (See Reinforcement Schedules)

**Partially Hearing Impaired**

auditory threshold impairment, speech reception in quiet vs noise, war veterans with sensorineural hearing loss, 5522

degree of amplification, intelligibility of initial consonants in monosyllabic words, hearing-impaired 10-16 yr olds, 1419

degree of hearing loss & practice, finger spelling intelligibility, hearing impaired, 5511

discrimination of formant frequency transition in synthetic vowels, normal-hearing vs sensorineural loss Ss, 9492

electrostimulation, pure tone threshold & speech discrimination, 12 80 yr olds with bilateral sensori-neural hearing loss, 5151

integration into regular preschool, hearing impaired children, 3944

Language Improvement to Facilitate Education using Perceptual Training & Thinking Activities Programs, 8 12 yr old mildly retarded children with severe or profound hearing impairment, 5954

normal listening condition vs functional loss of pinnae, sound localization ability, 7459

operant conditioning, teaching speech skills, 4-yr-old who trained hearing-impaired sister, case report, 7670

systematic training with vibrotactile stimulus, oral reading rate, hard-of-hearing children, 1453

**Participation** (See also Group Participation)

active & passive Ss participation during contact desensitization, snake phobic 1st 3rd graders, 3711

consumer participation, planning & delivery of health & mental health services, 7585

distribution of power to patients, greater patient activity & less disruptiveness, psychiatric ward staff, 1769

**Parturition** (See Birth)

**Passive Avoidance** (See Avoidance Conditioning)

**Passiveness**

extensive physical remodeling of psychiatric admissions ward, socializing & passivity & attitudes toward ward environment, psychiatric patients, 9841

passivity during store thefts, witnesses, 7081

**Pastoral Counseling**

group psychotherapy & vocational & pastoral counseling &/vs. disulfiram therapy, alcoholic 40 65 yr. old veterans, follow-up study, 1478

hazards & ways of increasing effectiveness, pastoral counseling, 5763

religious & psychiatric counseling, book, 1722

**Pastors** (See Ministers (Religion))

**Pathogenesis** (See Etiology)

**Pathology** (See also Neuropathology, Psychopathology)

biochemical pathology, depression, 5334

social groups, attitudes towards social pathology, 5126

**Patient Characteristics** (See Patients, Personality Traits)

**Patient Therapist Interaction** (See Psychotherapeutic Processes)

**Patients** (See also Geriatric Patients, Hospitalized Patients, Medical Patients, Outpatients, Psychiatric Patients, Surgical Patients, Terminally Ill Patients)

behavior & response patterns to illness & healing, patients & scientists & doctors & public health officials, 7208

dialysis, attitudes toward work, patient, 3767

left frontal lobe surface focal vs basal region lesions, short-term memory, 16 63 yr old patients, 7506

nurses' estimates & patients' self-reports of duration & quality of patients' sleep vs EEG measures of sleep, nurses & patients, 4374

nursing helpfulness, posthospital evaluations of psychiatric nursing treatment, discharged patients, 3800

personality traits & social exchange variables & demographic characteristics, medical vs psychiatric emergency room patients, 5286

physician personality & sociocultural attitudes, physician-patient relationships, 5545

psychiatric consultation & introduction of behavioral science principles, improved staff morale & promotion of more appropriate patient management, oncology clinic nonphysician staff, 5744

psychopathic disturbances, physically ill patients treated for trauma, 7255

role of psychiatry, treating physical disorders, 11559

self-ratings vs relative ratings on Katz Adjustment Scale, community adjustment, ex-patients, 3581

**Pattern (Stimulus)** (See Stimulus Variability)

**Pattern Discrimination**

association value & number of perturbations, generalization gradients for categorization of polygon patterns, college students, 8337

bilateral electrolytic lesions of subthalamic area vs lesions of anterolateral portions of thalamus, amnesic effects on visual habits, rats, 10639

bilateral lesions of cerebral peduncle & substantia nigra & medial geniculate nucleus, retention of brightness & pattern discrimination habit, rats, 8663

category judgments of illuminance & albedo variation to unpatterned vs patterned stimuli, whiteness constancy as inferential process vs insensitivity, college students, 10251

cognitive pattern perception, musical ability, 8 12 yr olds, 8321

discrimination of patterns indicating different degrees of reward, birds, 10760

extended use of moments of 2 distribution functions, predicting performance in pattern discrimination, college students, replication of L. Zusne's experiment, 69

frame pattern & field-dependent vs field-independent classification, rod verticality judgment on signal detection" modification of Rod & Frame Test, college students, 6196

interactive on-line perception of line patterns, 2074

lack of reward, visual pattern discrimination, split-brain monkeys, 4485

low level distortion of training, abstraction & generalization of dot patterns, college students, 267

movement aftereffects contingent on color & pattern, directional asymmetry in duration of simple movement aftereffects, 8300

multiplication of asymmetrical transitive relations involving double asymmetry, matrices & pattern detection, 4-7 yr olds, 6848

new learning model, memorizing input pattern by learning process, 10388

operant conditioning, color & pattern discrimination, lizards, 6707

orientation & line curvature & slope, similarity grouping of curved figures, 8217

pattern deprivation, pattern evoked response deficiency, cats, 10536

pattern discrimination, brain lesion detection, rats, 2561

peripheral processing of stimuli varying on information scale of ordinal properties, 2189

presentation of various line sizes & orientations for varying display on-times followed by noise field, detection of line-size & line-orientation processing subroutines, college students, 10252

rearing with temporal auditory pattern, subsequent preference for pattern, rats, 2747

rectilinear arrays in prolonged inspection of convex lines of one color & concave lines of another color, curvature in oppositely colored aftereffects, 4213

relative displacement within pattern, motion discrimination, college students, 10237

response bias, verbal reporting of fragmenting visual images, 8273

shaped pattern preference, depth avoidance in visual cliff situation, human infants, 2777

square-wave adapting grating, threshold contrast for test gratings with frequency in vicinity of 3rd harmonic in square-wave, attempted replication of C. Blakemore & F. W. Campbell's finding, 4206

stimulus complexity & lateral masking of end elements by inner elements, tachistoscope pattern perception, college students, 2232

tachistoscopic pattern presentations, perceptual clarity vs identifiability & information processing, college students, 8285

temporal grouping, auditory pattern identification, college students, 10215

Thurstone Letter Series Completion task, acquisition of concepts for sequential patterns, empirical tests of H. A. Simon & K. Kotovsky's theory, 243

unilateral lesions in midbrain reticular formation, delayed-response & visual pattern discrimination, monkeys, 4552

unilateral pleasure-center stimulation from ventral mesencephalic reticular formation to preoptic region, pattern discrimination learning, cats, 4553

united vs divided complex visual stimulus-patterns, analysis of perception, 8253

variation in brow & mouth & nose & eye height & eye shape, ratings of schematic faces on meaningfulness & meaning, college students, 8262

visual information processing of numerical inputs, graduate students, 4264

visual perception vs memory of abstract spatial patterns, left- & right-hemisphere-damaged patients, 1426

3-category pattern classification, judgments of levels of stimulus variability, college students, 2309

**Pavlovian Conditioning** (See Classical Conditioning)

**Pay** (See Salaries)

**Peabody Picture Vocabulary Test**

Arthur Adaptation of Leiter International Performance Scale vs Peabody Picture Vocabulary Test, IQ assessment, language-impaired children, 3498

factorial composition, Peabody Picture Vocabulary Test, Head Start 4 yr olds, 3955

matching of populations by use of Peabody Picture Vocabulary Test, adult schizophrenics vs nonschizophrenics, 3357

modified Peabody Picture Vocabulary Test vs Wide Range Achievement Test, reading comprehension measurement, school age children, 12016

Peabody Picture Vocabulary Test vs teacher ratings, verbal behavior, 4-5 yr-old urban slum-dwellers, 3975

Peabody Picture Vocabulary Test vs Slosson Intelligence Test vs Lorge-Thorndike Intelligence, reading achievement prediction, upper- & lower-middle class 3rd graders, 5916

race, scores on Peabody Picture Vocabulary Test, black vs white 5 6yr olds, 7962

Slosson Intelligence Test & Quick Test & Peabody Picture Vocabulary Test, correlations with WISC, 7 14 yr olds with reading problems, 8013

validation with California Achievement Test & temporal stability, Peabody Picture Vocabulary Test, 1st graders, 5990

**Peace Corps**

field-rating form, performance & adaptation, Peace Corps volunteers, implications for professional consultation in evaluation of selection & training in government agencies, 1961

high threat low motivation groups, experimentation with new role model behavior, Peace Corps volunteer human relations training program leaders, 7009

Self Focus Sentence Completion, egocentricity as response orientation or style, college & high school students & blue-collar workers & Peace Corps trainees, 5191

**Pearson Prod Moment Correl Coeff** (See Statistical Correlation)

**Pecking Order** (See Animal Dominance)

**Pederasty** (See Pedophilia)

**Pedestrian Accidents**

age & alcohol intoxication, responsibility for fatal highway crashes, automobile drivers vs. pedestrians 15 yr. & older, 2039

**Pediatricians**

life events, etiologic factors in diseases of children, survey of teachers & pediatricians & mental health workers, 11441

pediatrician's role in counseling & treatment, child with muscular dystrophy, 9577

**Pediatrics**

- collaborative program between child psychiatry & pediatric services, 5584  
 social worker's role, private pediatric group practice, 11820
- Pedophilia**  
 background & motives & personality dynamics & treatment research impressions, murder & sexually perverse crimes, rapists & murderers & pedophiles, 9386  
 response-contingent vs fixed punishment in aversion conditioning therapy, pedophilia, 31-yr-old slightly retarded male, 9746  
 sexual violence & pedophilia, exhibitionists, 3374
- Peer Relations**  
 academic achievement, social position, 16 18 yr olds, 7023  
 activity group with other children serving as monitors, therapy model for facilitating self-regulation, hyperactive children, 7679  
 adaptation of small-group psychosocial treatment programs, solving psychological difficulties, 18 29 yr old Vietnam veterans, 9856  
 adult constraint vs peer group action, subjective responsibility vs idea of justice development according to Piagetian categories, Lao 6 14 yr olds, 8868  
 age, conformity to peers, 3rd 8th graders, 10911  
 awareness of & conformity to modal pattern of dress, social acceptance by peers, high school sophomores, 7091  
 background factors, adjustment to abortion, unwed 14 20 yr old females, 8973  
 Barclay Classroom Climate Inventory, development & use for describing suspected problems, elementary school students, 5961  
 behavior category system for observational study, play behavior, 3-5 yr olds, 773  
 causal structures, relationship between delinquent peer association & delinquent involvements, adolescents, 11372  
 classroom management methods, classroom interaction, 5th graders, 5891  
 developmental level of group members & behavioral style of group teacher & purpose of group, personality characteristics, leaders in groups of 10 12 yr old children, 11143  
 drug crisis & social problems, internal self-control, 4989  
 ethological approach of seeking species characteristics & phylogenetic continuities, peer group dominance hierarchies, nursery schoolers to 4th graders, 10896  
 food & verbal reinforcement & peer pressure, modifying inappropriate classroom behavior, 24-yr-old blind socially & emotionally maladjusted female, 11991  
 individual &/or group token reinforcement, modification of social withdrawal from classroom peers, elementary school students, 1855  
 integration vs segregation of summer camps, peer acceptance & counselor attitudes & self-esteem, physically handicapped children, book, 9546  
 interpersonal skills, peer ratings & group cohesiveness, college students, 7021  
 parent vs peer drug usage, marihuana & other psychotropic drug use, high school students, 4997  
 peer & adult social interactions & deviations, 3 & 4 & 5 yr olds in Montessori nursery vs university laboratory preschool vs parent cooperative nursery, 5888  
 peer characteristics, academic performance, low-income preschoolers, 1881  
 peer contingency management deceleration of inappropriate comments, 9-yr-old boy in special education class, 7989  
 peer contingency management of behavior modification interventions, behaviorally disordered 8 11 yr olds, case report, 7710  
 peer group leadership program, drug abuse prevention, high school students, 7904  
 peer group structure, drug rehabilitation center, 5681  
 peer group, emotional security & school performance, implications for role of school psychologist, 6002  
 peer modeling vs verbal instruction vs no training, communication response skill training, severely retarded children, 5483  
 peer vs authority influences & effects, solidary opposition vs cooperation theory of inmate social structure, institutionalized male juvenile delinquents, 9414  
 peer- vs self-ratings of counselor competence, practicum counselors, 9171  
 peer-confrontation in therapeutic detention program, adolescents on court probation, 11821  
 peer-facilitator program, easing racial tensions, black & white 5th & 6th graders, 5873  
 peer-group acceptance, academic achievement, anxious vs nonanxious 8-13 yr olds, 5900
- peer-instructional & free-flowing & career-oriented model, vocational education, 3857  
 peer-observed psychotherapy vs traditional group & individual psychotherapy, drug addiction, institutionalized male addicts, 3646  
 peers & managers & working conditions, hysteria symptoms, male factory workers, 9254  
 perception of classroom climate, verbal participation in integrated classrooms, Indian & Eskimo 9th graders, 7897  
 personality development, peer relationships, 9th 11th graders, 7022  
 placing antisocial & prosocial boys in same group, antisocial behavior & effect on prosocial children, 9 12 yr old boys in summer camp, 5779  
 preferences for peers & parents & teachers, concern over evaluation by others, white & Aboriginal Australian adolescents, replication & extension of Epperson's study, 6949  
 questionnaire & sociometric test, leadership selection, institutionalized 8 17 yr old boys with behavior disorders, 1343  
 race & human relations training, peer ratings, black & white industrial foremen, 1969  
 relationship with best friend, self-disclosure, college students, 9016  
 salience & frequency & valence analysis, gender & religion & family & peer identities, adolescents in U.S. & Puerto Rico & Mexico, 921  
 selection & training, peer counselors, college students, 12025  
 self-image & social value & antisocial behavior & peer ratings, aggression measure development, working-class adolescents, 7362  
 sex differences & grade failure & good behavior, adjustment & motor activity & peer acceptance & intellectual ability & academic performance & need for special educational help, 6 11 yr olds, 3826  
 sex of peer, social & play behavior, 7-12 yr olds with Down's syndrome, 9461  
 sheet for pupils' characterization, systematization of psychopedagogic data, 12027  
 social acceptance, educable mentally retarded in regular school classes, 9955  
 social class & achievement & membership in dormitory & learning group, friendship choice in school, British secondary school students, 5062  
 teacher vs peer model's presence & performance level, motor behavior, 5th & 6th graders, 11708  
 Test of Objective Judgment vs Method of Paired Comparisons, assessing friendship & leadership for selection of potential officers, Australian officer candidates, 10039  
 training program, peer counseling group, college students, 12004  
 transfer from infant to primary school, peer group integration & adjustment to group work, 3928  
 use of tobacco & alcohol & marihuana vs. opiates & LSD & amphetamines & peer & parent & sibling drug use, drug use patterns, urban high school students, 884
- Peer Tutoring**  
 Equations learning game vs student teams vs games-teams combination, student peer tutoring & perceived difficulty & class satisfaction, 7th grade mathematics students, 7905
- Penicillins**  
 aspiration lesions & penicillin injection into hippocampus, auditory discrimination & fixed ratio & differential reinforcement of low rates, rats, 4527  
 extracellular unit activity in hippocampal penicillin foci, cats, 2481  
 lidocaine concentration in blood, penicillin-induced epileptogenic foci, cats, 2614  
 penicillin induced focal epileptogenesis in hippocampus, cats, 2594
- Penis**  
 castration & hormone replacement, mediation of mating induced increases in accessory reproductive organ size, male rats, 459  
 exposure to male & female nude films, penile volume & GSR, transsexuals & homosexuals, 11346  
 preputial gland weight, social dominance, male mice, 6775
- Penitentiaries** (See Prisons)
- Penology**  
 attitudes toward punishment & correction & sexual behavior, police vs white collar workers vs professionals vs housewives, 5081  
 changing decisions based upon information feedback concerning decision outcomes, decreasing ineffectiveness of traditional correctional treatment programming, 5790  
 corrections & correctional rehabilitation, book, 1737  
 cultural factors influencing society's perceptions of deviancy & corrections, juvenile delinquency, 7412

- German Democratic Republic Penal Code & importance of expert testimony of psychiatrist, sexual offenders, 5410
- needless incarceration, recommendations for further correctional research & evaluation, 5548
- penal ideological inconsistencies, correctional mental hospital management, 5814
- Soviet correctional measures for juvenile delinquency, 11364
- Pentobarbital**
- chlordiazepoxide vs sodium pentobarbital vs perphenazine vs paraldehyde, delirium tremens, male patients with history of alcoholism, 9664
- chlormpromazine & morphine & phentolamine & alpha-methyl-paratyrosine & pentobarbital & imipramine & phenmetrazine & dextroamphetamine sulfate & atropine sulfate & atropine methylatropine nitrate, cocaine self-administration, rhesus monkeys, 593
- chlormpromazine & or pentobarbital, pattern & number of responses in extinction, rats, 6622
- ethanol, aldosterone secretion, pentobarbital-anesthetized ethanol-infused dogs, 552
- intra-hypothalamic sodium pentobarbital, eating behavior & feed intake, chickens, 516
- ketamine hydrochloride & pentobarbital sodium, surgical anesthesia, rats, 605
- morphine & chlormpromazine & pentobarbital & diazepam, responding punished with varied intensities of electric shock, pigeons, 2623
- morphine & pentobarbital & dextroamphetamine & phenmetrazine & trifluoperazine & imipramine, cocaine self-administration behavior, monkeys, 8761
- morphine & sodium pentobarbital & chlormpromazine & naloxone, morphine specific seizure & death, polydextrolysine treated mice, 10675
- pentobarbital vs dextroamphetamine, body boundary definiteness & depersonalization feelings & fatigue & concentration, female 19-45 yr olds, 4576
- post trial intrathoracic administration of sodium pentobarbital, retention latencies for state dependent learning, rats, 4680
- reserpine & chlormpromazine & nembutal, brain & muscle dipeptides level, rats, 4625
- sodium pentobarbital, dissociated learning & state-dependent retention, monkeys, 6592
- sodium pentobarbital, state dependent learning, rats, 538
- Pentothal** (See Thiopental)
- Pentylene-tetrazol**
- pentylene-tetrazol in convulsive doses, state-dependent learning, mice, 568
- pentylene-tetrazol induced seizures, memory for 1-trial passive avoidance, mice, 8734
- strain differences & Metrazol, elicitation of photically evoked after-discharge, rats, 8575
- strychnine sulphate & Metrazol & dextroamphetamine sulphate & caffeine citrate & nicotine alkaloid, facilitation & disruption of long-term memory store, mice, 10661
- Pentylene-tetrazole** (See Pentylene-tetrazol)
- Peoples Republic Of China**
- abnormal homicide, Hong Kong, 11395
- autosomal dominant trait with incomplete penetrance vs autosomal recessive transmission, paroxysmal choreoathetosis, Chinese, 3533
- classless social organization within therapeutic community & acupuncture & group activities in psychiatric practice, Shanghai, China, 11528
- cognitive styles, Chinese vs American 4th & 5th graders from rural middle- vs working-class families, 4922
- psychiatric concept development in traditional Chinese medicine, 9225
- psychiatric processes & mental hospitals, China, 5812
- revolutionary optimism, mental illness, psychiatric patients of People's Republic of China, 7582

- stimulus structure, J. G. Taylor's behavioral theory of perception, 6169
- suggestibility, perception & motivational system of perception, adolescents, 8184
- symbolic transformation theory of percepts & concepts, discussion of U. F. Polyakov's findings for Russian schizophrenics, 1222
- theories & experiments of J. S. Bruner, perception & learning & cognitive development & education, book, 170
- theories of perception, 98
- Wertheimer's exercises & demonstrations, research in perception, 116
- work load & time & motivation changes & physiological & perceptual indicators, perception & performance during physical activity, college students & army draftees & 22 50 yr olds, 1997
- Perceptual Aftereffect** (See also Afterimage)
- adaptation of visual system to high contrast grating, orientation specificity & spatial frequency specificity of apparent contrast reduction, 4187
- adaptation procedure, gaze-contingent movement aftereffects, college students, 154
- adaptation to gratings, perceived orientation of single lines, college students, 6209
- age & sex & rod size & position, kinesthetic figural aftereffect, 13 & 21 yr olds, 10881
- aligning spot of light to apparent straightahead in dark & under illumination, aftereffects, college students, 10303
- authoritarianism & extraversion-introversion & anxiety & neuroticism, satiation of orientation, college students, India, 4169
- authoritarianism, spiral aftereffect, postgraduate students, 8166
- awakening from REM & non-REM sleep, durations of subsequent spiral aftereffects, 18 24 yr olds, 10269

comparison of methods for classifying augmenters vs moderates vs reducers, scoring kinesthetic figural aftereffect task performance, 8171

computer-controlled conditioning procedure, gaze-contingent shifts in color perception, 6187

dimenhydrinate & temazepam, spiral aftereffect as measure of motion sickness susceptibility, college students, 6603

distances of adapting & test gratings, adaptation to high-contrast grating & subsequent rise in threshold contrast for detecting similar gratings, 141

figural aftereffect vs retroactive-effect, concentric circles figure, 8148

illusion & figural aftereffect, induction- & test- & comparison-figure interactions, investigation of L. Ganz's argument, 10181

instructions & extraversion, length of spiral aftereffect, 16 20 yr olds, 8254

intermittent illumination below fusion frequency, extended border enhancement during binocular & monocular conditions, 4212

interocular transfer of tilt aftereffect, college students with good stereopsis & Ss without stereoscopic vision with vs without history of strabismus, 9512

judgment of "straightahead" using 1 vs 2 wrists, kinesthetic spatial aftereffects, college students, criticism of R. Over's neural enhancement theory, 101

mathematical theory, optical illusions & figural aftereffects, 8284

movement aftereffects contingent on color & pattern, directional asymmetry in duration of simple movement aftereffects, 8300

prolonged observation of slowly rotating linear patterns, circular after-images, 10301

random-dot stereograms without monocular inspection & test contours, figural aftereffects, college students, 10302

random-dot stereograms, aftereffects in binocular depth perception, college students, 4203

rectilinear arrays in prolonged inspection of convex lines of one color & concave lines of another color, curvature in oppositely colored aftereffects, 4213

sensory vs decision processes, anchor effects & aftereffects in judging weight & thickness of objects, college students, 10183

size, movement aftereffects, 10277

spiral aftereffect, spiral structural complexity, 8244

temporal factors, visual aftereffect of movement, test of sensory conditioning interpretation, 4188

type of visual feedback & distribution of practice, intermanual transfer of prism aftereffects, U.S. Navy Air Development Center employees, 8152

velocity & periodicity of adaptation & test grating & direction of motion of adaptation grating, motion aftereffect, college students, 10284

verbal briefing & practice with visual display, kinesthetic aftereffects, college students, 10201

**Perceptual Closure**

monocular motion parallax, under water absolute distance estimation, 2205

visual closure, perception of figure-ground relationships, males with vs without organic perceptual handicaps, 3537

**Perceptual Development**

age & cross-cultural differences, Piagetian spatial perception, 11 13 yr old Africans vs 6 7 yr old European children, 8896

age & sex & socioeconomic status, development of visual aesthetic preferences, 3 & 7 yr olds, 4842

auditory stimulation, perceptual motor development, premature infants, 2783

body flexibility, kinesthetic & visual perception in ontogenesis along developmental continuum, 5 6 vs 7 8 vs 9 10 vs 11 12 yr olds vs adults, 6811

development in early childhood, musical perception & ability, 745

developmental differences, tactile & visual sense system interactions measured by reaction time, 3 9 yr olds, 708

dimensional training using Kruskal-Shepard scaling & Procrustes rotation procedures, response mode in dimensionalizing, kindergartners, 8873

human-figure drawing, perceptual-cognitive & personality development, Mexican & Anglo-American 8.7 17.7 yr olds, 10828

importance of motor coordination & perceptual development, mentally retarded children, 3950

intellectual development & perceptual salience, intentional & incidental recall, 1st & 4th & 6th grade mildly retarded & average IQ children, 7462

jumping board activities, parental understanding of learning disabled children, 9451

logical thinking & concept formation & language development & perceptual skills & response style & reading ability & IQ & school achievement, problem solving ability, 2nd & 4th & 6th graders, 8890

miniature sand environments, visual & concept & imagery & tactual development, nursery school children, 9882

motion picture tests, form perception & visual span & temporal memory span & serial integration & spatial orientation measurement, 1st 6th graders, 2147

multiplication of asymmetrical transitive relations involving double asymmetry, matrices & pattern detection, 4 7 yr olds, 6848

perceptual ability & stimulus identifiability, paired-associate learning, 10 14 yr old educable mental retardates, 3486

perceptual pretraining, concept identification & preference, 5 vs 8 yr olds, 2797

perceptual skills training program, classroom performance, 7929

perceptual training during kindergarten, academic achievement, 3rd graders diagnosed as having potential learning disabilities at kindergarten level, 3948

perceptual training, reading achievement, 11928

perceptual-cognitive mechanisms & developing graphic & cognitive skills, children's drawings representation, 10861

spatial localization development, 3 5 yr olds, 4840

surprise at changes in quantity of color & number & length, nonverbal indices of concrete operational development, normal & retarded children, 6835

visual cliff discrimination, infant hooded rats, 8847

visual vs visual-haptic training with complex unnamed shapes, performance on visual & cross-modal matching tests, 3- vs 5-yr-olds, 6821

**Perceptual Discrimination** (See also Figure Ground Discrimination, Odor Discrimination, Pattern Discrimination)

bilateral transfer & practice, tactual discrimination, college students, 8191

developmental differences, person constancy in recognition, 4 18 mo olds, 2773

discrimination between mirror-image oblique lines oriented 45° to right vs left or between triangle vs circle, 12 13 yr old brain damaged vs 11 14 yr old mongoloids vs 7 13 yr old normals, 3536

discrimination of symmetric figures, determining reading readiness, 3 7 yr olds, 5987

discrimination vs reproduction tests, perceptual ability assessment, 5-yr-old nursery school students, 8154

fornix transections, visual & tactual object discrimination, monkeys, 4556

instructions from job & task training, subjective aspects of perception in discriminant cognitive tasks, 16 17 yr old apprentices, 8339

intradimensional & presence-absence discrimination, stimulus generalization & stimulus control, pigeons, 2754

irrelevant information, competing responses in identification & discrimination tasks, 177

logistic function, probability in weight comparison judgments under forced choice method, 10198

perceptual vs conceptual descriptions, decision strategies in categorization, college students, 268

physical separation of stimulus, peak shift in stimulus generalization, rats, 2723

practice & amount of stimulation, line-gap discrimination of skin, college students, 2141

sex & aspiration level, perceptual discrimination, college students, 8175

sex differences, lateralities, college students, 8153

steplike functions in vision & hearing, neural quantum theory in sensory discrimination, 6160

taste vs postgestional cues, discrimination between NaCl solutions vs poisonous LiCl solution, rats with vs without septal lesions, 8625

temporal relationship of feedback & stimulus information, discrimination-learning strategies, 2nd graders vs college students, 2763

timing of discrete motor responses, duration discrimination, 8195

transections of corpus callosum & anterior & hippocampal commissures, recognition & discrimination of tactile stimuli, right-handed patients, 11803

visual evoked potential, detection of acuity defects & astigmatism & amblyopia, 7544

## Perceptual Distortion

within-modality discrimination, memory of visual & auditory modalities presentation & high school & college students, 10458

**Perceptual Distortion** (See Illusions (Perception))

**Perceptual Disturbances** (See also Agnosia, Auditory Hallucinations, Hallucinations, Visual Hallucinations)

creation of new perceptual configurations, psychedelics as sociological vs medical or psychological phenomenon, 6974

demographic & cultural variables, hallucinations & clouding of sensorium, alcohol withdrawal patients, 1326

left vs right hemisphere lesions, visual perceptual defects, 1450

neurological functional & organic disorganization, imitation of gestures, 8 10 yr old learning disabled children, 1399

perceptual & emotional & cognitive aspects, hemiplegia, 3505

short-term memory, perceptual dysfunction construct, mental retardates, 9445

subjective changes in perceptual & cognitive functioning, schizophrenic & nonschizophrenic patients, 5321

term usage & diagnostic approaches & remedial techniques, perceptual handicap or reading disability, 5943

visual closure, perception of figure-ground relationships, males with vs without organic perceptual handicaps, 3537

word & letter reversals & Bender Gestalt rotation errors, 6 9 yr old normal vs mentally retarded readers, 3468

**Perceptual Fill** (See Perceptual Closure)

**Perceptual Localization** (See also Auditory Localization)

aligning spot of light to apparent straight-ahead in dark & under illumination, aftereffects, college students, 10303

connotative spatial symbolism development, 9 10 vs 14 15 vs 17 10 vs 34 45 yr olds, 2790

exposure time & transform magnitude & level of compensation & rate of decay, visual adaptation to tilt vs displacement, college students, 10289

eye movements, backward masking & perceived location, 10245

localization of point light source in visual field, latency & amplitude of evoked potentials in general cortex, turtles, 6397

rearrangements of time & space, perceptual adaptation in case of optical feedback to head movement, college students, 2139

same vs different locations of members of pairs of stimuli, intermodal localization latency, college students, 2154

spatial localization development, 3 5 yr olds, 4840

**Perceptual Measures** (See also Rod And Frame Test, Stroop Color Word Test)

apparatus to measure visual thresholds, 6191

correlation between error scores, Witkin's Rod and Frame Test & Piaget's water-line task, female college students, 2158

developmental differences, tactile & visual sense system interactions measured by reaction time, 3 9 yr olds, 708

discrimination vs reproduction tests, perceptual ability assessment, 5-yr-old nursery school students, 8154

etiologic, perceptual & psychophysiological & motor tests & Eysenck Personality Inventory, healthy males, 591

Guilford's structure of intellect model, analysis of McCarthy Scales of Children's Abilities, 2106

Hooper Visual Organization & Trail Making Test, discriminating brain damage, 9524

intercorrelations, equivalence judgment on English nonsense words & object-sorting tasks & estimation questionnaire, college students, 2287

Meta-Contrast Technique & Serial Afterimage Test, anxiety & defense against anxiety, patients suffering from manifest anxiety, 3381

Minnesota Percepto-Diagnostic Test retest reliability after 7 yrs, children, 2105

Minnesota Percepto-Diagnostic Test scores, discharge diagnosis, discharged psychiatric patients, 9252

Minnesota Percepto-Diagnostic Test, differentiating clinical groups, Ss with depressive & conversion & anxiety reactions & brain lesions & reactive & process schizophrenics & Parkinsonians & epileptics, 9213

motion picture tests, form perception & visual span & temporal memory span & serial integration & spatial orientation measurement, 1st 6th graders, 2147

Picture-Word & Figure-Word Tests vs Stroop Color-Word Test, interference test validity, 25 57 yr old firemen, 8163

research design problems, studies of sensory-response patterns in remedial reading, 5953

Rod-&-Frame Test vs psychological differentiation inventory, psychological differentiation measurement, 9104

## SUBJECT INDEX

## Perceptual Motor Processes

scholastic aptitude & perceptual skills test performance, Jewish vs. non-Jewish male college freshmen, relation to ethnic differences in child-rearing, 809

sensation & perception, patients with apraxia of speech vs aphasia & no apraxia, 1414

threshold values & supra-threshold intensity estimation, psychometric classification of standard odors, 124

variations in stimulus intensity range, psychophysical scaling, revision of S. Stevens's law, 4174

visual field testing using modified Goldmann perimeter & 2-alternative forced-choice procedure, 16-yr-old girl with constricted tubular visual fields & hysterical blindness, case report, 9341

**Perceptual Motor Coordination** (See also Physical Dexterity)

adaptation to rearranged ear-hand coordination, sensorimotor alterations confined to ear-hand responses, college & graduate students, 96

age & lever press rate, motor synchronization & respiration, 7 & 11 & 15 yr olds, 10169

eye-head angular displacements, vehicle steering, automobile drivers, implications for driver training devices & driver-vehicle visual requirements, 2034

Guilford's structure of intellect model, analysis of McCarthy Scales of Children's Abilities, 2106

levodopa therapy, sensorimotor coordination, Parkinson patients, 11604

pseudophone-produced distortion, intermanual transfer of adaptation to rearranged ear hand coordination, right-handed Ss, 2176

psychological & physical aspects, 2 17 yr olds with galactosaemia, 3538

time expenditure, accuracy at aiming task, military personnel, 10167

visual perception & visual-motor coordination, reading ability, elementary school students, longitudinal study, 1879

**Perceptual Motor Development** (See Motor Development, Perceptual Development)

**Perceptual Motor Learning** (See also Fine Motor Skill Learning, Gross Motor Skill Learning)

additional tactile stimulation vs eye hand coordination activities in perceptual-motor treatment program, 5 10 yr olds with developmental apraxia & poor tactile discrimination, 7574

decremental effects of massed practice on pursuit rotor task, performance & reminiscence on 2-hand coordinator task, male college students, test of C. L. Hull's reactive inhibition concept, 8301

E's supervisory behavior patterns, performance & reminiscence in perceptual-motor learning, high school students, 97

high & low frequency tracked targets, learning rhythmic hand movements, college students, 2129

increasing inertial resistance, performance & learning of motor tracking, college students, 8317

kinesthetic & visual-motor training, creative development, mentally retarded students, 3934

learning manual skills, young children, 726

male vs female audience & anxiety level, gross motor skill learning & performance, female college students, 8297

operant & motor-linguistic & psychotherapeutic treatment, adult stutterers, 7577

optimum feedback strategy, acquisition & retention of psychomotor skills, male college students, 4162

perceptual-motor skills, learning & school success, 7974

placebo effects, motor learning & performance, college & graduate students, 8311

prompted mental practice, flight skills learning, Air Force pilot trainees, 1966

random noise in operational feedback, learning aiming task, 10420

regulative functions of performance goals, motor learning, 8308

related vs unrelated arousal, learning & performance of pursuit rotor task, college students, 10319

reminiscence & rest time, pursuit rotor motor learning, college students, 91

sensorimotor training techniques, retarded children, 11415

stimulus coding & positional change, serial search performance, college students, 2321

visual-motor training, perceptual-motor adequacy & cognitive development & scholastic success, orthopedically handicapped preschoolers, 9945

**Perceptual Motor Processes** (See also Perceptual Motor Coordination, Physical Dexterity, Rotary Pursuit, Tracking, Visual Tracking)

auditory & visual perceptual abilities & chronological age, prediction of verbal control of perceptual-motor behavior, prekindergartners, 8881  
 blood alcohol concentration levels, stylus-tracking task performance, 21 28 yr olds, implications for automobile alcohol ignition interlock, 8751  
 choreotherapy, psychomotor rehabilitation, neurotic teenagers, 5575  
 class & race & intelligence & visual discrimination & motivation, perceptual-motor development, advantaged vs. disadvantaged white vs. black 1st graders, 1923  
 classically differentiated supplementary feedback cues, tracking performance, college students, 8305  
 cold water & hyperbaric exposure & isometric strength capabilities, cognitive & psychomotor & perceptual & physical performance underwater, 90  
 concept identification & mathematics-verbal aptitude & perceptual-motor skills performance & values, right- vs left-eye moving college students, 2248  
 discrimination vs reproduction tests, perceptual ability assessment, 5-yr-old nursery school students, 8154  
 field dependence & conceptual thinking & perceptual-motor deficits, chronic alcoholics, 7401  
 human control capabilities in closed loop control system, 12133  
 intelligence & reading & personality & achievement & visual-motor skills, predicting potential school problems, rural 6th graders referred for psychological services, 9917  
 interpolated activity & printing-hand sequence, bilateral reminiscence in inverted-reversed printing, right-handed college students, 8295  
 lateral dominance of left hemisphere, directional preference, baboons, 4805  
 mental illness & neuroleptic drugs, oscillatory hand & arm movement, measurement of psychomotor speed, book, 11676  
 mixed hand-eye dominance, cognitive style which influences susceptibility to geometric illusions, African Temne male skilled mine workers & Australian aboriginal Arunta, 8155  
 neuromotor perceptual training, physical & verbal activity level & dependency & aggression, 5 10 yr olds, 3853  
 neuroticism & extraversion, noise distraction, psychomotor performance, 321  
 perceptual-motor skill, intelligence, kindergartners, 8341  
 personality variables, perceptual motor measures, college students, 8146  
 positive vs negative mental practice, dart throwing accuracy, female clinical psychology students, 8307  
 presence of audience vs co-action group, psychomotor task performance, female college students, 8143  
 psychomotor activity variables, blood pressure changes, 10551  
 psychomotor skills, problem solving abilities, Navajo Indian vs Spanish-American vs Anglo-American junior high school students, 6938  
 psychomotor test validity, selection of sewing machine operators in rural South, 2260  
 Purdue Perceptual-Motor Survey & Southern California Perceptual-Motor Tests & Reflex Testing for Evaluating CNS Development, perceptual-motor dysfunction, emotionally disturbed vs normal 6 12yr olds, 7314  
 pursuit rotor & finger-tapping & paired-associates recall & TAT & motivation questionnaires & Eysenck Personality Inventory, motivation prediction, apprentice gas fitters, 12106  
 red vs green vs blue vs yellow vs gray surroundings, psychomotor task performance, 8145  
 reward vs punishment, mirror-tracing task performance, male college students, 8144  
 S & E's sex, pursuit rotor performance, college students, 6115  
 scuba facemasks, visual acuity & hand eye coordination, 2226  
 sensorimotor treatment, dichotic listening, 10-yr-olds with learning disabilities, 7447  
 sex & competition & ability, perceptual motor task, college students, 6221  
 shooting distance & golf ball & putter variability, alignment accuracy in golf putting, college students, 8310  
 simultaneous & separate saccadic eye movement vs manual tracking systems, eye vs motor latencies & information gain, 4223  
 size estimation & reaction time & object sorting & proverb interpretation & vigilance, performance profiles, schizophrenic & nonschizophrenic & mixed groups of hospitalized psychiatric patients, 3346  
 stress, manual missile guidance, military personnel, 12038

test length & difficulty level on card-sort & visual-motor coordination & problem-solving tests, performance after alcohol consumption, 21 35 yr old males, 2621  
 test-retest & item-analysis reliability, perceptual-motor laterality tasks, 8 13 yr olds, 2127  
 transformation of visual input into speech-motor output, reading, 2282  
 trazodone, psychomotor abilities & attention, documentation of trial effects by Early Clinical Drug Evaluation Processing System, 6589  
 unilateral lesions in entopeduncular nucleus & lateral hypothalamus & globus pallidus, control of limb movement & consummatory behavior, rats, 8638  
 unilateral vs conventional ECS therapy, memory & postparoxysmal confusion & psychomotor changes, patients, 5555  
 verbal cues, acquisition & retention of complex assembly tasks, moderately & severely mentally retarded, 3478  
 visual & tactual within- & cross-modal matching, sensory integration, normal vs retarded children, 7445  
 visual-motor training, perceptual-motor adequacy & cognitive development & scholastic success, orthopedically handicapped preschoolers, 9945  
 visual-perceptual & visual-motor & intersensory integration skills, reading achievement, 2nd & 4th graders, 9915  
**Perceptual Orientation** (See also Spatial Orientation (Perception))  
 adaptation of visual system to high contrast grating, orientation specificity & spatial frequency specificity of apparent contrast reduction, 4187  
 adaptation to gratings, perceived orientation of single lines, college students, 6209  
 authoritarianism & extraversion-introversion & anxiety & neuroticism, satiation of orientation, college students, India, 4169  
 empathy, perceptual orientation, college students, 7156  
 left-right discrimination difficulty, men vs women, 4176  
 localized thalamic lesion by electrocoagulation, unilateral visual defect in visual orientation & attention, cats, 6559  
 orientation errors during successive administration of Memory-for-Designs Test, organic vs psychotic vs nonpsychotic patients, 7247  
 presentation of various line sizes & orientations for varying display on-times followed by noise field, detection of line-size & line-orientation processing subroutines, college students, 10252  
 same vs opposite visual fields, identification of mirror-reversed vs nonreversed facial profiles, 2196  
 simultaneous exposure to optical displacement & tilt, change in visual direction & orientation, college students, 6211  
 square & diamond frameworks, discrimination of differently orientated lines, 4 & 5 yr olds, 10815  
 word length & display on & off times & horizontal vs vertical vs oblique display of words using computer-based CRT display system, attenuation of sequential blanking" effects for 2 interleaved words, 8264  
**Perceptual Stimulation** (See also Auditory Feedback, Auditory Stimulation, Delayed Auditory Feedback, Delayed Feedback, Illumination, Loudness, Noise Levels (Work Areas), Pitch (Frequency), Prismatic Stimulation, Sensory Feedback, Somesthetic Stimulation, Speech Pitch, Stereoscopic Presentation, Tachistoscopic Presentation, Tactual Stimulation, Taste Stimulation, Ultrasound, Visual Feedback, Visual Stimulation, White Noise)  
 ablation of anterior portion of right cingulate cortex, response to sensory stimuli, stump-tailed macaques, 10640  
 alterations in sensory excitability, context effects on sensory judgments, support for H. Helson's contention, 100  
 body scheme training through perceptual & motor stimulation, body scheme development & movement skills, 1st graders with severe congenital visual impairment, 11451  
 contingent vs noncontingent perceptual stimulation with spatially displaced source, operant response acquisition, 6-9 mo old infants, 10831  
 controlled momentary attention states, measuring perceptual learning, 10380  
 dextroamphetamine &/or amobarbital, response-contingent vs noncontingent sensory change on responding, rats, 6619  
 energy summation vs preparation enhancement, intersensory facilitation of reaction time, 10187  
 heterogeneous squad composition & odor cues, partial reinforcement extinction effect, rats, 8780  
 optokinetic & vestibular stimuli, motion perception, human Ss, 4177

perceptual & cognitive & emotional stimulation, sexual fantasies, males vs females, 5175

perceptual set, improving accuracy of report of stimulus attributes for which Ss are set to respond, 10172

phonic & kinesthetic & meaningful context methods, instructional rank-order of difficulty, kindergartners, 11923

sensory deprivation & normal sensory input & overload, reactivity, chronic schizophrenics, 9298

sensory stimulation, aversion & nonaversive reactions, mentally retarded, 7451

visual-emphasis vs auditory-phonic vs kinesthetic remedial approaches, reading improvement, 3rd graders, 7991

visual-motor training, perceptual-motor adequacy & cognitive development & scholastic success, orthopedically handicapped preschoolers, 9945

**Perceptual Style**

dimensional training using Kruskal-Shepard scaling & Procrustes rotation procedures, response mode in dimensionalizing, kindergartners, 8873

open vs closed style of adapting to aversive maternal control, attentiveness to negative self-relevant evaluative terms, college students, test of developmental model of paranoid behavior, 6877

perceptual part or whole preferences, ego nonego segregation, 4 6 & 17 & 22 60 yr olds, 9109

perceptual tempo manipulated by instructions to use reflective vs impulsive responding style, visual perceptual accuracy, black vs white male vs female 7 12 yr old educable mental retardates, 9446

projective animal drawings, assessment of perceptual rigidity, paranoid schizophrenics vs nonparanoid psychiatric patients, implications for clinical diagnosis, 9335

statistical correlation, achievement imagery & perceptual coding & intelligence, 8th 9th graders, 3192

**Performance**

contingent future orientation & achievement motivation, performance in simple & complex tasks, college students, 2440

goal setting vs financial incentives, perceptual-motor task performance, college students, 10499

high- vs low-evaluation instructions & self-awareness, task performance, college students, 2456

performance in stressful individual vs group tasks, complex investigation of mental states, sportsmen vs nonsportsmen, 7034

situationally devalued self-esteem & task ego-involvement, performance on word-sorting task, college students, 11163

special instructions on logical-tree construction & use & limiting vs not limiting instructional study time, performance accuracy on procedural tasks, male college students, 12065

stress, task performance & interpersonal relations, high vs low least preferred coworker highway engineers, 10035

willingness to take risks vs need for approval, task function performance in basketball, 11033

**Performance Tests**

Benton Test performance, brain-damaged vs non-brain-damaged children, 7501

distribution effect of dichotomous variables, measurement of performance, 6133

experimental chronic epilepsy, application of performance test, epileptic cats, 8592

flexed-arm hang test, arm & shoulder girdle endurance & grip strength, women, 2265

performance criteria for stabilometer learning, male college students, 8316

**Performing Arts** (See Dance, Drama, Music)

**Peripheral Nerve Disorders**

chronic alcoholism, peripheral nerve & muscle dysfunction, men & animals, 7393

**Peripheral Nerves** (See also Abducens Nerve, Acoustic Nerve, Cranial Nerves, Olfactory Nerve, Optic Nerve, Spinal Nerves, Vagus Nerve)

bilateral removal or disconnection of entire telencephalon & continuous electrical stimulation of peripheral nerves, hatching climax movements, chicks, 10608

peripheral nerve conduction velocity, mice with inbred mothers, 435

preconditioning train stimuli to center median nucleus, cortically-induced peripheral motor nerve activity, cats & monkeys, 6516

**Permissiveness (Parental)** (See Parental Permissiveness)

**Perphenazine**

chlorpromazine & perphenazine & trifluoperazine injected into hippocampus, conditioned defense reflex, rats, 572

computer analysis, chlorpromazine vs perphenazine amitriptyline effectiveness in anxiety/depressed states, inpatients, 9649

doxepin vs perphenazine-amitriptyline, anxiety & depression, outpatients, 3651

fluphenazine decanoate & fluspirilene & flupenthixol decanoate & fluphenazine enanthate & perphenazine enanthate, drug dosage & patient type & drug effectiveness, patients with functional or organic psychoses, 11597

neuroleptic & somatic medicines vs perphenazine enanthate, time & money expenditures, schizophrenics, 11643

perphenazine enanthate, metabolic & anatomical observations of brain, rats, 583

**Persecution**

premorbid asociality syndrome, scapegoating, hospitalized adolescent schizophrenics, 1281

psychiatric misjudgments in German restitution proceedings, claimants who were infants during Nazi regime, 8991

schizophrenic psychosis & persecutory delirium, paintings of Charles Filiger, 5305

**Persistence** (See Perseverance)

**Persistence**

academic aptitude & counseling resources & achievement motivation & high school achievement, persistence, disadvantaged college students, 7942

continuous vs partial reinforcement vs intermittent punishment during motor learning task pretraining, persistence during extinction, psychopathic vs nonpsychopathic female institutionalized delinquent 12 17 yr olds, implications for behavior modification programs, 7719

neuroticism & extraversion & sex & goal-set, physical persistence, 8303

partial reinforcement, vigor & persistence, within-S experiments, 2297

personality & motivation, mental persistence, males seeking admission to professional schools & students, 6259

positive vs negative vs no verbal reinforcement, task persistence, middle vs lower socioeconomic status 5th graders, 256

self-estimated task persistence, nonlinear academic achievement predictor, college students, 5907

stimulus & response factors, persistence to punishment, rats, 2666

straight-alley training in continuous & partial reward, persistence early & late in extinction, rats, 6756

**Personal Adjustment** (See Emotional Adjustment)

**Personal Information Form**

correspondence appearing as personal letter vs mimeograph copy, response rate to mail questionnaire survey, physical therapist, 3098

**Personal Orientation Inventory**

instructions to "fake good," Personal Orientation Inventory scores, college students, 7168

internal consistency, Personal Orientation Inventory, male prisoners, 3380

self-concept & personal orientation & self-disclosure, volunteer telephone counselors vs nonvolunteer college students, 7232

social desirability & psychometric characteristics of Personal Orientation Inventory, 4097

test reliability & validity, Personal Orientation Inventory, profession criticism reply, 9138

validation of Personal Orientation Inventory & Comrey Personality Scales, measurement of self-actualization, college students, 4117

validity & reliability, Personal Orientation Inventory, professional criticism, 9131

**Personal Space**

amount of space controlled cooperatively by small groups, human territorial behavior & social distance, 7025

attraction measured by degrees of attitude similarity, spatial behavior toward female confederate in dynamic space, females, 3079

attraction toward opposite sex, physical proximity, college students, 965

biographical variables & preference for party vs studying activity, high vs low density personal space preference, female college students, 5087

body build stereotypes, personal space schemata, kindergartners & 1st 3rd graders, 6825

crowding vs uncrowding by E, time estimation, process & reactive schizophrenics, 3364

## Personal Values

distance from familiar & strange & authority stimuli on Comfortable Interpersonal Distance scale, interpersonal distance, college students, 976

ethnicity & regional subcultural features, social distance perception, college students, 3018

general system theory's role in communicating information, personal space, 9047

interpersonal distance, verbal & nonverbal reinforcement cues, projective test responses, college students, 11062

interpersonal distance, visual interaction, college students, 5165

linguistic & symbolic cues, adjectival descriptions & social distance of racial & ethnic groups, college students, 2941

locus of control orientation, interpersonal distance preference, chronic schizophrenics vs nonschizophrenic patients vs normals, 7271

maternal physical affection & sibling structure, closeness to others on interpersonal distance measure, 3rd-4th graders & college students, 6892

modeling, personal space behavior, 5th & 6th graders, 7003

multivariate techniques, personal-space research, 5092

Pedersen Personal Space Measure, reliability & validity, college students, 998

perceived physical distance & eye contact, perceived intimacy, college students, 3068

personal space of self & other, consensual personal space, college students, 2955

personality & demographic variables, personal space, male college students, 7013

personality measures, interpersonal space, male college students & interviewer, 7015

personality, seating position & distance preferences in counseling & formal & home & social situations, college students, 7053

privacy, toilet seating preferences in dormitories, college students, implications for lavatory design, 5084

voluntary seating choice, group judgments of leadership figures, mental health professionals, 3034

war, social distance between belligerents, Indian Hindus & Muslims & Pakistanis, 932

**Personal Values**

achievement values & cognitive style & social class, Peruvian vs U.S. male high school seniors, 8926

anonymous vs name response condition, assessment of own vs school value systems & school satisfaction, males vs females attending single-sex high schools, 7952

birth order, development of personal value systems, college students, 4880

computer information & record-keeping systems, legal & social aspects of personal privacy, book, 6992

congruence of spouses' personal constructs, reported marital success, 7043

creativity, theoretical & aesthetic values, male high school students, 11152

curricular specialization in higher education, accentuation of value differences, male college students, 11876

ethical values of situations & their reported duration, college students, 8916

factor analysis of social desirability ratings, structure of behavioral values, college students, 11145

health importance & priorities, nurses vs low-income mothers of high-risk infants, 3276

inventory of personal value statements, structure of values, firemen & college students & nuns & homosexuals & Quakers, 7153

materialism vs humanism & individual vs institutional orientation, intergenerational value analysis, members of 3-generation families, 4824

milieu complexity & education & social involvement, implicative meaning of philotimo or love of honor, Greeks, 6955

need to believe in just world & Protestant Ethic & hereditary bias & authoritarianism & personal conscience vs social responsibility ethics, obstacles to upgrading nation's disadvantaged, 881

parent social belongingness & values learned at home & self-directedness & relationship with school & teacher, scholastic achievement, 7959

personal values & perception of other's value systems, conflict over means to reach mutually held endstates, self-defined activist vs establishment oriented college students, 3084

personality & value correlates, school perceptions, English student teachers, 5828

## SUBJECT INDEX

## Personality Correlates

social concern & other-centeredness, perceptions of induction & power assertion in maternal socialization practices, 5th & 8th graders, 10895

Specific Values Scale development & cross-cultural applicability, human values & activities & feelings, 17 55 yr olds, 9123

tendency to ascribe or deny responsibility to self, impact of norms on helping behavior, 5116

understanding of self & others & acceptance of societal values, use of LSD, 16 28 yr old users vs nonusers, 6973

value & validity of psychotherapeutic attention, psychology students, 11551

value adaptation to academic & industrial environments, PhD level scientists, 7-yr longitudinal study, 1942

value judgments & lifestyles & unique interactions, healthy personality, necessity for individualization in counseling focus, 9803

value orientation of S & value of stimulus words, perceptual selection & fixation & resonance, Japanese students, 8263

value systems, volunteers vs nonvolunteer college students, 3064

**Personality Assessment** (See Personality Measures)

**Personality Change**

activity analysis, personality change & pathology, 11341

adaptation to stress, personality trait change, experienced vs novice parachute jumpers, 6061

alcohol abstinence, personality & intelligence changes, jailed alcoholics, 9650

attitude & value & behavior & role & self-concept change, personal change, 7188

changes in student scores on personality inventory, evaluation of effectiveness of clinical psychology course, college students, 9888

college attendance, personality, book, 9916

disengagement from social roles in social time structure, readjustment to time & reintegration of personality, elderly, 4906

encounter group experience, changes in locus of control, college students, 9723

experiencing change at beginning vs middle vs end of therapy, personality change, 7591

experimental educational program participation, achievement & personality & values, college students, 5876

heavy use of marihuana, psychological health & personality change & depression & lack of motivation, college students, 10678

high vs lower social-economic position, consistency vs change in intelligence test scores & personality variables, longitudinal study from 7 17 yr old & 3-yr-study of 60 70 yr olds, 766

incarceration, changes in Taylor-Johnson Temperament Analysis, incarcerated soldiers entering & leaving correctional training program, 3779

long-term methadone treatment, personality & mood, heroin addicts, 1588

low- vs high-dose LSD exposure vs conventional group therapy, short-term effects on performance scores on personality inventories, patients with neurotic disorders, 11647

MMPI score changes, chronic hemodialysis patients, longitudinal study, 9516

personality change during college, book, 5832

personality changes on California Psychological Inventory, 1st vs 4th yr male medical students & female nursing students tested at entry vs graduation & dental students tested twice, 11189

personality on 16 PF before & after chronic illness, high school seniors, New Zealand, 3147

post-traumatic psychopath-like hysteroid personality changes, overvalued ideas of jealousy, brain-damaged patients, 11464

psychic phenomena with internal processes vs organic change of personality, psychopathometric study, patients with internal diseases, 11222

psychotherapeutic counseling, personality traits & neurosis, psychoneurotic patients, 9798

self-imposed restrictions vs problematic life circumstances & therapist role, personality changes, book, 1307

**Personality Characteristics** (See Personality Traits)

**Personality Correlates**

averaged evoked potentials, correlations with conventional measures of intelligence, 8503

biographical correlates, creative personality, gifted adolescents, 3172

biographical variables & preference for party vs studying activity, high vs low density personal space preference, female college students, 5087

conformity, self- & social-esteem, 21 24 yr old postgraduate Indian students, 7172

## Personality Correlates

correlation with personality & cognitive measures, contraceptive preferences, adults, 6970

cross-cultural differences, perceived locus of self & personality correlates, college students, North America & Latin America, 2844

cross-validation, personality correlates of A-B therapist scale, chronic alcoholic males, 3435

graphic expansiveness vs compressiveness & extraversion vs introversion, ESP, high school & junior college students, 1092

high degree of life style changes, personality & mood correlates, college students, 3156

high vs low stress conditions & emotionality, contingent negative variations & GSR, introverted vs extraverted male college students, 8514

Identity Achievement Scale, correlations with Srole's Anomie Scale & Christie's Machiavellianism IV Scale & Eysenck's Neuroticism Scale & Couch & Keniston's Yeasaying Scale & Jourard's Self-Disclosure Questionnaire & Rotter's Internal External Control Scale, college students, 3213

internal-external control & self-reinforcement & self-esteem, college students, 7144

Ma scale of MMPI & Kassorjian's social preference scale, assessment of inner- & other-directedness & hypomanic tendencies, college students, 3203

neuroticism & extraversion, obsessive & hysterical & oral personality, recovered depressed patients, 5363

obsessoid vs hysteroid personality & urinary excretion of 3-methoxy-4-hydroxy-mandelic acid, mood changes, young men, 10555

organizational & personality & interpersonal variables, role strain, department store salesgirls, 8059

orienting responses & field dependence & manifest anxiety & extraversion, differential conditioning of electrodermal responses & ability to verbalize CS UCS relations during postconditioning interview, 18 44 yr olds, 2317

personal distress & external or social orientation, coffee consumption, male alcoholic inpatients, 1349

personality & social correlates, mental retardation, 11 19 yr old mental retardates, 3492

personality & value correlates, school perceptions, English student teachers, 5828

personality characteristics & psychopathy & psychosomatic diseases & high morbidity associated occupations, alcoholism, Swedish adults, 1328

personality characteristics & sex differences, preferences in experiments, college students, 6342

personality correlates & cognitive complexity, student withdrawal or program change, college freshmen, 3895

personality correlates & moderate stability estimates, lateral eye movements following reflective questioning, 6 12 yr olds vs college students, 8436

personality correlates, conservative attitudes, book of readings, 3087

personality correlates, creativity, architecture students, 9136

personality correlates, habituation rate, male college students, 5214

personality correlates, learning without awareness, college students, implications for educational achievement, 4248

personality correlates, obese patients, 3570

personality correlates, venereal disease contraction, Australian soldiers in Vietnam war zone, 3524

personality correlates, vocational counseling outcomes, college students, 8022

personality factors on Eysenck Personality Inventory, social attitude correlates, 18-34 yr old female student teachers, 5242

physiological & personality correlates, responses to questionnaire on night & daytime sleep while experiencing sleep disturbances through 4 airplane noise levels, male vs female 19 24 yr olds, 10577

presurgical tendencies & hysterectomy, frequency & nature & pathogenesis of psychological complaints, 7808

psychiatric-psychological study of noninstitutionalized vs institutionalized XYY syndrome males in Denmark, 7251

psychological vulnerability vs nonvulnerability, hypersensitive reaction to inoculations, 11511

psychoticism & neuroticism, dexamphetamine effects on flash threshold & skin resistance, 6599

smoking, examination performance & temperamental aspects of personality & biochemical factors, medical students, 10947

standardized analysis of thematic projective data, personality correlates, precorony males, 11434

## SUBJECT INDEX

## Personality Development

superstition, conservatism, 5180

Wuerzburg Suggestibility Test Scores, correlation with social readiness & anxiety & forgetfulness-distractibility & cognitive & personality traits, 12 14 yr old girls, 11129

### Personality Development

age & social environment, disturbances in self-image, 3rd 12th graders, 8902

age & social environment, disturbances in self-image, 3rd-12th graders, 8902

biological considerations, temperament & trait development, children, 6481

birth order & personality development, vocational choice of becoming Carmelite nun, 8034

description & evaluation, university correspondence course on childhood personality development, 7933

dimensions of personality & meaning, self-ratings of personality, nurses, 5200

disengagement from social roles in social time structure, readjustment to time & reintegration of personality, elderly, 4906

early environmental stimulation & language & parent-child relations & personality & school behavior, psychological development of child, book, 2770

final product vs personal growth, understanding of creativity & creative process, Occident vs Orient, 5215

from instinct to identity, personality development, textbook, 4841

high vs lower social-economic position, consistency vs change in intelligence test scores & personality variables, longitudinal study from 7 17 yr old & 3-yr-study of 60 70 yr olds, 766

human-figure drawing, perceptual-cognitive & personality development, Mexican & Anglo-American 8.7 17.7 yr olds, 10828

intellectual capacity & development & psychomotoric rate & personality changes, male 6 14 yr olds with progressive muscular dystrophy, 3547

intelligence & reading & personality & achievement & visual-motor skills, predicting potential school problems, rural 6th graders referred for psychological services, 9917

Jung's archetype of order numbers & object relations, archetypal configurations & ego development, 5223

learning & personality development, children with learning problems, book of readings, 11414

long-term temporary separation from father, personality development, children & fathers, 2801

Mann's Marginal Personality Questionnaire & Junior Eysenck Personality Inventory & designation of terms describing child & adolescent & adult, 14 15 yr olds & 23-yr-old Irish students, investigation of K. Lewin's adolescent marginality theory, 8898

maternal affection, ambivalencies & personality development, children, book, 781

moral ideal, childhood development, school age children, USSR, 4882

normal physical activity & sports participation, personality development, children with epilepsy, 3512

one-to-one tutorial program, attitudes toward reading & personality factors & reading achievement, 3rd & 4th graders, 5878

open vs closed style of adapting to aversive maternal control, attentiveness to negative self-relevant evaluative terms, college students, test of developmental model of paranoid behavior, 6877

parental attitudes, primary transitional object development & use, children, 8899

parental vs outside family models, emergence of Machiavellianism, college students, 3002

parents' conservatism-liberalism, conservatism & liberalism attitudes, New Zealand high school dropouts, 4885

perceived personality & intelligence change in self & peers, 13 18 yr olds, 711

personal & vocational influences, identity building, preadolescent to adult females, book, 4875

personality & physiological growth changes, adolescence, 10877

personality development & achievement, children & adults, longitudinal study, 2800

personality development & dependency of child, marriage & family & parenthood, 4889

personality development during college students at 12 colleges, 5899

personality development from adolescence to adulthood, longitudinal study, 2802

personality development, boys suffering from muscular dystrophy, 3546

personality development, college students, book, 4872

personality development, peer relationships, 9th 11th graders, 7022

- personality development, textbook, 4877
- personality structure & development, theories & work of H. Sjöbring, 9140

attitudes toward hiring ex-convicts, management personnel, 12112

## Personnel Selection

biographical items, performance ratings by supervisors, middle managers, 4042  
 competency & attitude similarity, interview decisions regarding job recommendations & salaries, college students, 1952  
 competitive merit selection system, hiring government personnel, 8045  
 Cost of Attaining Personnel Requirements model, evaluating alternative recruiting-selection strategies, 1968  
 economical & political & sociological & industrial environmental changes of the 1970's, flexible computerized procedure for manpower resource selection & allocation, 6036  
 Equal Employment Opportunity Act of 1972, equality vs quality in employee recruitment, implications for state & local government personnel managers, 8041  
 ethnic group membership, job performance prediction, Caucasian vs Negro civil service & private firm clerical employees, 4017  
 evaluation of U.S. Army's selection & classification testing programs, 12079  
 flow of funds & information & personnel selection & training, law enforcement & judicial & mental health systems, 11754  
 group assessment of interpersonal traits technique, selection of college student therapeutic agents, 7210  
 history of drug abuse, military performance & adjustment, naval recruits, implications for enlistee selection, 891  
 individual differences, ratings of job applicants, employment interviewers, 10047  
 induced expectation, resume rating, college students & professional interviewers, 10034  
 learning consultants for external degree learners, training & personality & role, 1174  
 managerial behavior, international personnel selection decision process, upper-middle-level production & general management personnel, 4055  
 moderator variables, statistical accuracy & practical utility in predicting criterion scores for employee selection, male customer engineers, 1964  
 negative stereotyping with general vs specialized training, employee selection, college recruiters, 4012  
 number of judgments required & order of type of information & amount of information presented at 1 time, information favorability order & type of decision in simulated selection interview, 1959  
 personality evaluation, personnel selection, 3997  
 personnel selection methods, larger vs smaller Arizona local government jurisdictions, 8044  
 personnel selection tests, age discrimination, female clerical workers, 1950  
 professional value criterion, selection research, 12087  
 psychological selection test, apprentices, 3995  
 psychometric scale development, selecting child care personnel, child care workers, 9193  
 psychomotor test validity, selection of sewing machine operators in rural South, 2260  
 public policies, psychological tests in personnel work, 8040  
 pupil personnel services guidelines, recruiting & selecting & training & supervising & licensing of paraprofessionals, 1131  
 recruitment criteria & interviewer effectiveness, organizational performance, 6026  
 selection & education, production managers in socialist system, 4004  
 selection bias, employment & college admission, 12066  
 sex differences & years experience & selection procedures, state agency supervision, state rehabilitation agency administrative vs casework supervisors, 1742  
 staff selection procedures, developing collaborative organization, case study of Upward Bound program, 1813  
 SVIB, selecting Navy recruiters, 1949  
 task-orientation as measured by Likert scales vs B. Bass's ipsatized scales, validity for personnel selection, college students, 1967  
 team approach, overcoming specialized personnel shortages in personnel selection & training, corporation staff specialists & consulting psychologist & training consultant, 1962  
 test & criterion & decision & consultative & supporting orientation, personnel selection & placement & development, industrial psychologists, 3998  
 Test of Objective Judgment vs Method of Paired Comparisons, assessing friendship & leadership for selection of potential officers, Australian officer candidates, 10039  
 testing for educational & occupational selection in developing countries, review, 12082

## SUBJECT INDEX

## Personnel Training

training program using videotape feedback & behavior modification & microcounseling, improvement in job interviewing skills, culturally disadvantaged clients, 12064  
 weighted application blank, employee selection, 10017  
 Personnel Supply (See also Mental Health Personnel Supply)  
 job provision & employment of human potential, 1955  
 team approach, overcoming specialized personnel shortages in personnel selection & training, corporation staff specialists & consulting psychologist & training consultant, 1962  
 Personnel Training (See also Apprenticeship, Inservice Teacher Education, Management Training, Military Training, On The Job Training)  
 amount of simulator practice & fidelity of simulation, transfer of simulator training to job performance in collating task, college students, 12088  
 analysis of actions in reaction to danger signals during flight, design of training program to increase reaction to emergency situation efficiency, pilots, 8035  
 analysis of operator intellectual activity, man machine systems operations, implications for apprenticeship planning, 8075  
 conflict management training, police performance, patrolmen, 12090  
 federally sponsored manpower programs, socialization, adolescents, 12068  
 field-rating form, performance & adaptation, Peace Corps volunteers, implications for professional consultation in evaluation of selection & training in government agencies, 1961  
 flow of funds & information & personnel selection & training, law enforcement & judicial & mental health systems, 11754  
 group counseling, success in hospital aide & attendant training program, culturally disadvantaged trainees, 5762  
 group training, social skills, English restaurant employees, 10021  
 Hand Test variables, performance, patrolmen, 10073  
 individual trainee vs training program characteristics, prediction of training program outcomes, 6038  
 instruction using symbolic gestural code, beginning foreign laborers in industrial plants, France, 3996  
 job applicant interviewer training workshop, contrast effect error elimination, college students, 1975  
 job provision & employment of human potential, 1955  
 learning consultants for external degree learners, training & personality & role, 1174  
 MMPI & SVIB & Edwards Personal Preference Schedule & General Aptitude Test, MEDEX training program success prediction, exmilitary corpsmen medics, 4013  
 part vs whole training methods, appropriateness for & relation to particular tasks, industrial personnel, 6037  
 play & training of playground & recreation workers, book, 1963  
 programed instruction vs conventional teaching methods, training time & immediate learning & retention, 9896  
 pupil personnel services guidelines, recruiting & selecting & training & supervising & licensing of paraprofessionals, 1131  
 questionnaire method, training in group dynamics for process analysis, 2971  
 service & education model, mental health, 5259  
 simulated conference room situation Blue-Green" game, interorganization competition & conflict reduction, 6062  
 special instructions on logical-tree construction & use & limiting vs not limiting instructional study time, performance accuracy on procedural tasks, male college students, 12065  
 T-group training, staff development, English mental health center, 9192  
 team approach, overcoming specialized personnel shortages in personnel selection & training, corporation staff specialists & consulting psychologist & training consultant, 1962  
 team consensus feedback, image interpreter proficiency, enlisted men, 6025  
 test & criterion & decision & consultative & supporting orientation, personnel selection & placement & development, industrial psychologists, 3998  
 training & sleep deprivation & workplace lighting & layout, visual inspection of static vs dynamic patterns, 6046  
 training methods effectiveness for achieving training objectives, survey of training directors, 1956  
 training program using videotape feedback & behavior modification & microcounseling, improvement in job interviewing skills, culturally disadvantaged clients, 12064  
 visual environment of low-altitude navigation, chart interpretation, supplement for flight training, 10037

- wide-angle cinematic simulators, pilot training, 6033  
 4-session training program, teaching behavior modification techniques, nonprofessionals, 7215  
**Personnel** (See Also Related Terms)  
 mental health care, workers, 11790  
 possible detection & treatment, alcoholic employees, 5450  
 social functioning & order & causality between economic & social conditions & characteristic attitudes & behavior, urban working-class ethnic groups, book, 10915  
**Perspiration** (See Sweat)  
**Persuasion Therapy**  
 validity, counselor social reinforcement & persuasion scales, 9179  
**Persuasive Communication**  
 arousal role playing, persuasive communication effectiveness, college students, 1035  
 confidence, persuasive communication using language & paralanguage & body language, 1044  
 demographic & attitudinal & situational similarity of communicator & recipient, attitude change, 11042  
 distraction, increasing persuasion, 5127  
 ego-involvement, attitude change, college students, 10977  
 familiar- vs unfamiliar- committed vs uncommitted audiences, report of attitude change, college students who prepared counterattitudinal messages, 11064  
 inappropriate pressure to stop smoking, adverse effects, smokers, 904  
 initial attitude & source credibility & involvement, persuasion, college students, 3048  
 intelligence & socioeconomic status & sex, logical communication effect on superstitious attitudes, Indian high school students, 5079  
 intelligence & suggestibility & exposure to 1-sided argument vs both sides of argument on controversial topic, attitude change, college students in India, 7090  
 internal vs external locus of control, use of coercive vs persuasive power, college students, 3108  
 interpersonal comparison vs persuasive argumentation, group-induced shifts in individual choice, college students, 2965  
 personality type, use of available information in persuasive & interpersonal communication, college students, 11004  
 persuasive effectiveness of metaphors, reinforcement model, 11092  
 presentation of all positive vs negative instances, learning disjunctive concepts, college students, 2362  
 reassuring recommendations in fear-arousing speech, memory & attitude change & speaker evaluation, college students, 5086  
 regional identification in responses to written communications relevant & irrelevant to regional norms, communicator credibility, English-Canadian college students, 11098  
 sensory deprivation & persuasive messages, smoking reduction, smokers, 3593  
 sensory deprivation &/or antismoking message, attitude change toward cigarette smoking, college students, 1007  
 social-cognitive approach to therapy using dissonant persuasive communications & double bind, dissolution of fused identity, 3 female college students, 9592  
 speaker's self-persuasion, audience reaction, 3109  
**Pessimism**  
 assessments of social power & peace agreement & pessimism optimism & expectations of future conflict, 15 40 yr olds from Czechoslovakia & Norway & Poland & Spain & Sweden & Yugoslavia, 5005  
 research models, optimism-pessimism, 5234  
**Petit Mal Epilepsy**  
 double flashes & analysis of averaged evoked potentials, cyclic changes in excitation of visual cortex, patients with petit mal epilepsy, 9513  
**Pharmacology** (See also Psychopharmacology)  
 biochemical & pharmacological aspects of serotonin, book, 406  
 biochemical & pharmacological changes, sleep, research & commentary, book, 369  
 drug administration & dosage requirement, studies on drug effects on behavior, 4674  
 metabolic & neurochemical aspects, pharmacology of amphetamine & para-chloroamphetamine, 10697  
 metabolism & pharmacokinetics of Ludiomil, 588  
 neuropharmacology of aggression, critical review, 10504  
 occupation problems, dentists & pharmacists, 12102  
 pharmacological knowledge & study of drugs in well-defined model of behavior, understanding human information processing, 4628  
 pharmacology of cannabis, laboratory animals, 4644  
 pharmacology of sleeping, 10693  
 pharmacology of striatum & pathophysiology, Parkinsonism & chorea & tardive dyskinesia, 7518  
 pharmacology of Ludiomil, 547  
 physiology & pharmacology of sleep, 566  
 sedative & analgesic & antiinflammatory properties of zizyphus seeds, 10705  
**Pharmacotherapy** (See Drug Therapy)  
**Pharynx**  
 emotional blockings, pharyngeal & esophageal voice production, relevance to laryngectomized Ss, 9816  
**Phenelzine**  
 amitriptyline vs phenelzine, side effects & symptom improvement, depressed outpatients, 5643  
 L-tryptophan & phenelzine vs amitriptyline vs L-tryptophan & amethyldopa & ECS therapy, blood 5-hydroxytryptamine levels, endogenous depressive patients, 1581  
 phenelzine & placebo, chronic agoraphobic &/or socially phobic psychiatric outpatients, 7665  
 phenelzine & tryptophan & aminoacetic acid, mineral metabolism, chronic schizophrenics, 9645  
 phenelzine sulfate, depressive-anxiety, psychiatric patients, 5664  
**Phenmetrazine**  
 a-methyltyrosine, brain dopamine & norepinephrine & dextroamphetamine & phenmetrazine-induced locomotor activity, mice, 4670  
 chlorpromazine & morphine & phentolamine & alpha-methyl-paratyrosine & pentobarbital & imipramine & phenmetrazine & dextroamphetamine sulfate & atropine sulfate & atropine methylatropine nitrate, cocaine self-administration, rhesus monkeys, 593  
 CNS stimulants, behavior patterns & role of catecholamines, female rats pretreated vs not treated with a-methyl-p-tyrosine &/or reserpine, 4654  
 morphine & pentobarbital & dextroamphetamine & phenmetrazine & trifluoperazine & imipramine, cocaine self-administration behavior, monkeys, 8761  
 phenmetrazine, gross behavioral & electrographic alterations, cats & rats & dogs, 2649  
**Phenobarbital**  
 amitriptyline & diazepam & phenobarbital sodium, antidepressant vs sedative effects, depressed outpatients, 11662  
 bromazepam & phenobarbital, neurotic anxiety outpatients, 9692  
 febarbamate & difebarbamate & phenobarbital, impotence & frigidity, 5657  
 phenobarbital, acute effect on escape behavior, rats, 592  
**Phenomenology**  
 "Fifth Meditation" & Husserl's Cartesianism, 10115  
 existential phenomenology in contemporary psychiatry, 11519  
 heuristic ambiguities, A. Maslow's thinking about creativeness, 1104  
 historical context of phenomenological & existential & humanistic psychologies, aid to psychology students, book, 27  
 integration of phenomenological theories into objective framework, self-concept theory, 1073  
 object encounters & experiences & eidetic characteristics, phenomenological psychology of E. Husserl & analysis of French phenomenologists, 41  
 operative vs. thematic concept, life-world, 21  
 phenomenological concept of experience, 10126  
 phenomenological critique of psychology & relation of science & philosophy, views of M. Merleau-Ponty, 22  
 physiognomic perception of world, lived-vision & upright posture expressed through language, 1023  
 rationalistic phenomenology vs behaviorism, psychotherapy, 5593  
 research in psychology, phenomenological study of learning, book, 5824  
 tape recording of experiential stream, demonstration of how anticipated event enters & coconstitutes flow of experience, 45  
 transcendental significance, Husserl's psychology, 10114  
**Phenothiazine Derivatives** (See also Chlorpromazine, Fluphenazine, Mesoridazine, Perphenazine, Promazine, Thioridazine, Trifluoperazine, Triflupromazine)  
 anticonvulsive drugs & phenothiazines & other psychotropic drugs, teratogenic & mutagenic effects & therapeutic implications, literature review, 9696  
 phenothiazine & MAO inhibitors overdoses, suicide attempts & accidental poisoning, 3402  
 phenothiazine, good premorbid schizophrenics divided into paranoid-nonparanoid status, 9663

## Phenotypes

- pipotiazine & pipotiazine palmitate, hallucinations & delusions & paranoid thinking, chronic schizophrenics, 5636
- pipotiazine & pipotiazine undecylenate & pipotiazine palmitate, review of clinical trials, 5619
- pipotiazine palmitate & fluphenazine decanoate, social & work functioning & psychiatric symptoms, chronic schizophrenics, 1-yr study, 5628
- pipotiazine palmitate, clinical properties & side effects & duration of action, schizophrenics & paranoid psychotics, 5629
- pipotiazine palmitate, functional psychosis, hospitalized & openward patients, 5669
- pipotiazine palmitate, long-term treatment of chronic psychoses, chronic schizophrenics, 5663
- pipotiazine palmitate, 29 69 yr old hospitalized schizophrenics, 5630
- pipotiazine undecylenate vs fluphenazine enanthate, clinical evaluation, chronic schizophrenics, 5612
- pipotiazine, infantile neuropsychiatry, 9637

## Phenotypes

- D-tetrahydrocannabinol & cannabidiol & cannabinoid content, Cannabis sativa cannabinoid phenotypes, 10601
- degree of inference required, accuracy of personality ratings, clinicians rating psychiatric outpatients, 3263
- MMPI taken in 9th grade vs as married adult, assortative mating, married couples, 4430
- Multidimension Scalogram Analysis, time-sample emotional & exploratory & motor & inactivity behaviors, varied mouse strains, 4435

## Phenoxybenzamine

- phenoxybenzamine hydrochloride, psychosis in Fabry disease, case report, 5649

## Phenylalanine

- a-methyl-p-tyrosine- & p-chlorophenylalanine- & reserpine-induced cerebral monoamine depletion, circadian rhythm of locomotor activity, mice, 8707
- LSD & p-chlorophenylalanine & reserpine, uptake & retention of brain 5-hydroxytryptamine in vivo & in vitro, rats, 6683
- neuroleptics, cataleptogenic effects, rats with lesioned midbrain raphe & treated with p-chlorophenylalanine, 4450
- para-chlorophenylalanine, auditory discrimination of low intensity tone, rats, 576
- parachlorophenylalanine & tyrosine & 5-hydroxytryptophan & Ro-4-1284 & iproniazid phosphate, audiogenic seizure, rats, 2612
- reserpine & 6-hydroxydopamine & p-chlorophenylalanine & combinations, grooming behavior, mice, 8738
- termination of dietary treatment using standard doses of L-phenylalanine vs low-phenylalanine diet, behavioral consequences, phenylketonuric 4 5 yr olds, 7563

## Phenylketonuria

- oligophrenic children, follow-up study after 4 yrs, implications for treatment & systematic management, 5534
- phenylalanine, avoidance learning, monkeys, 4575
- phenylketonuria, degree of retardation, untreated children, 9436
- termination of dietary treatment using standard doses of L-phenylalanine vs low-phenylalanine diet, behavioral consequences, phenylketonuric 4 5 yr olds, 7563
- unrecognized & untreated phenylketonuria, resultant intellectual deficit in offspring & psychotic illnesses, adult siblings, 11486

## Pheromones

- coagulating gland secretion with & without bladder urine, production of aversive & aggression-inhibiting pheromone in olfactory signal, male albino mice, 8851
- feces-secreted aggregation pheromone, directional orientation in t maze, cockroaches, 4801
- female vaginal discharge, sexual activity, male hamsters, 10790
- ovariectomy vs adrenalectomy vs both & ergocornine & prolactin replacement, emission of maternal pheromone, postpartum female rats, 495
- preputial gland weight, social dominance, male mice, 6775
- stimulus control of maternal pheromone, lactating rats, 673

## Philippines

- attitudes toward mental disorder, U.S. vs Pakistani vs Filipino college students, 6950
- word association norms, Philippine college students, 1027

## Philosophies (See also Animism, Dualism, Epistemology, Existentialism, Humanism, Idealism, Intellectualism, Logic (Philosophy), Metaphysics, Mysticism, Pacifism, Pragmatism, Realism (Philosophy), Reductionism)

- American philosophers at turn of 19th century, symbolic interactionism development, 6102

## SUBJECT INDEX

## Phobias

- Aristotle's organism-environment interactionism, transformations by 20th century philosophers, 8099
- changes in philosophical basis of science, outmodedness of capitalistic psychological paradigms relating man & society & development, 2771
- clinical psychological analysis, personality of Lucius Annaeus Seneca, 5228
- conceptual system, philosophical orientation, college students, 11164
- cosmological & philosophical foundations, experimentalism, 8101
- dialectical materialism course, detection of contradictions in philosophical reasoning, college students, 7919
- discussion of K. Twardowski's contributions to philosophy & psychology & logic & epistemology, 37
- encyclopedia of philosophy, book, 6090
- historical influences of ideological frameworks, psychiatric concepts, 7576
- human vs natural science approach, human development & psychology, 2051
- mind-body relationship, psychosomatic medicine & psychophysiology, 5568
- mind-functions & yogic techniques, science of yoga, 6095
- mind body dualism implications of philosophical theories of person, misinterpretations of psychologists, 11157
- object encounters & experiences & eidetic characteristics, phenomenological psychology of E. Husserl & analysis of French phenomenologists, 41
- personalities & contributions to human well-being, S. Freud vs B. Russell, 6092
- philosophical biases of C. S. Sherrington & Pavlov, physiological experimentation, 368
- philosophical problems of freedom & dignity, B. F. Skinner, 2083
- philosophy & scientific objectivity, political & social systems, book, 2833
- philosophy of interpersonal relations, personal account of development, 10993
- philosophy of sleep, 10123
- philosophy of Martin Buber, counselor education, 5260
- precedents for integrative analysis of guilt, S. Kierkegaard's conceptualizations, 4069
- progressive & universal hedonism of C. J. Ducasse, contribution to systematic philosophy of normative ethics, 10130
- psychology, philosophy of science, 48
- psychoneural & psychoevent identity, monist & dualist views of mind & matter, 8087
- psychophysical process with cosmic & biological & animal-human levels, totality of real existence, book, 15
- self & social process, philosophy of G. H. Mead, 8097
- similarities & differences, philosophies of Spinoza & Freud, 6114
- Skinner's behaviorism & philosophical anarchism, 2308
- sutras of Patanjali, yoga psychology, book, 26
- theories of previous civilizations regarding creation & sources of good & evil, contemporary theories of aggression, 939
- Phobias (See also Acrophobia, Agoraphobia, Claustrophobia, Dismorphophobia, Ophidiophobia, School Phobia)
- aversive conditioning & systematic desensitization, adolescent habitual amphetamine users & phobias developed subsequent to adverse LSD reactions, 1686
- cognitive dissonance arousal, phobic responses, college students who reported fear of spiders on fear survey schedule, 3375
- conditioning vs flooding procedures, phobias, 5729
- contact phobia, mealtime segregation from patients, hospital attendants, 11855
- covert reinforcement treatment procedure of J. Cautela, rodent phobia, 20-yr-old female college student, 5695
- expectancy & feedback, systematic desensitization outcomes, spider-phobic college students, 9714
- expectations of effectiveness after reading treatment description, imaginal desensitization mediation, phobic Ss, 9741
- GSR patterns, systematic desensitization of phobias, neurotics, 9726
- imagery of feared stimuli, heart rate & skin conductance, review of previous studies, 1669
- level of demand for approach & mode of presentation of instruction, behavior avoidance test, college students, implications for psychotherapy outcome research, 7672
- massed vs spaced treatment sessions, systematic desensitization of spider phobia, college students, 11707

- Meta-Contrast Technique & Serial Afterimage Test**, anxiety & defense against anxiety, patients suffering from manifest anxiety, 3381
- phobias & obsessions & compulsions & anxiety reactions**, systematic desensitization, 9759
- psychotherapy & reciprocal inhibition therapy**, phobic 6 15 yr olds, progress evaluation 1 & 2 yrs after treatment or waiting period, 9600
- self-monitored feedback & /vs therapeutically oriented instructions**, rat phobic female college students, 1680
- systematic desensitization**, anorexia nervosa as weight phobia, case report, 3718
- systematic desensitization**, oral examination phobia, graduate student, 3679
- thought stopping & covert assertion**, treatment of phobias through anxiety reduction, 9620
- treatment tapes using signal-safety conditioning messages vs positive vs negative reinforcement**, overcoming mild insect phobias, female college students, 9725
- varied therapeutic techniques & eclectic approach**, air travel phobia, male patient, 11561
- verbal vs muscular vs pharmacologic relaxation induction**, systematic desensitization therapy, spider-phobic 16 20 yr olds, 7701
- Phobic Neurosis**
- mesoridazine & psychodrama treatment**, obsessive-compulsive-phobic symptomatology & neuroticism & extraversion, outpatient neurotics, 1479
- phenelzine & placebo**, chronic agoraphobic & /or socially phobic psychiatric outpatients, 7665
- prolonged sick leave & work resumption & work efficiency**, patients with obsessive-phobic & cenestopathic form of asthenic neurosis & other neurosis, longitudinal analysis, 1267
- Phonemes** (See also Consonants, Vowels)
- acquisition & transfer**, multiple grapheme-phoneme correspondence training, kindergartners, 3883
- classification of phrases which sound as if they made sense vs phrases which do not sound correct**, college students, disconfirmation of phonemic stage hypothesis for reading, 2298
- coding words into phoneme strings & computing distance between phoneme strings**, predicting judged sound similarity of word pairs, college students, 4285
- detection of phonemes or syllables determining perceptual units of speech**, 13-50 yr old listeners, 5153
- illusory presence of phonemes replaced by noise**, illusory changes of repeated words, college students, 8174
- phoneme identification & conceptual & physical identity**, speech processing, college students, 8213
- phonemic analysis**, predictor of error in aural communication, 11084
- phonemic discrimination deficits**, sensory aphasia, 1381
- phonemic segmentation**, reading & speech perception, 3919
- sign & token vs phonemic language acquisition**, chimpanzees, 624
- specified vs initial syllable vs initial phoneme of words**, reaction times in speech perception, college students, 2167
- training with cue orthographies retaining English alphabetic characters vs initial teaching alphabets**, transfer of grapheme discrimination from cued to traditional orthography, kindergartners, 9898
- underlying phonological vs surface phonemic representation**, optimal basis for orthography, 7119
- vocalization during display of letter strings & rehearsal during retention intervals**, phonemic encoding, young adults, 4291
- Phonetics** (See also Consonants, Morphemes, Phonemes, Syllables, Vowels, Words (Phonetic Units))
- articulation assessment & phonetic preschoolers & acoustic vigilance**, attention in acquisition of articulatory behavior, preschoolers, 11096
- meaning context**, utilization of phonetic features of words as effective cues, college students, 9076
- phonetic & graphic symbolism in Chinese language**, English-speaking college students, 9073
- phonetic training vs no phonetic training**, reported verbal transformations, college students, 5148
- phonetics & grammar & semantics**, teaching foreign languages, 11918
- response frequency & detection & identification of visual cues of phonatory mimics**, vowel perception, Roumanian-speaking person, 10230
- syllable nucleus duration**, internal representation of language, 5154
- synthetic word segments in context of real speech of zero semantic linkage**, central vs peripheral processes in speech perception, graduate students, 5163
- Phonics**
- applicability of spelling patterns to syllables & whole words**, phonics & word generalizations, 5135
- instructional sequence of components**, phonics discrimination behavior analysis approach to reading, 11917
- optometric vision therapy**, remediation of symbol-sound associations, academic underachievers, 11992
- phonics' blending training**, transfer of letter-naming skills in prereaders to word-naming task, 11926
- temporal alterations in auditory feedback during oral reading**, reading & pause & residual phonation time & word production errors, stutterers & clutterers, 7702
- Phonology**
- analysis of young child's developing speech**, phonology acquisition theory, book, 4832
- classification of phrases which sound as if they made sense vs phrases which do not sound correct**, college students, disconfirmation of phonemic stage hypothesis for reading, 2298
- less mature vs individual phonological system with own rules**, deviant articulation, clinical implications, 7486
- phoneme identification & conceptual & physical identity**, speech processing, college students, 8213
- phonologically similar vs dissimilar letter sequences & IQ & pure-tone & speech hearing & quality**, speech coding in short-term memory, deaf college students vs hearing housewives, 9441
- underlying phonological vs surface phonemic representation**, optimal basis for orthography, 7119
- Phosphatides**
- dextroamphetamine**, turnover & synthesis & metabolism of brain phosphatidylcholine, rats, 4603
- Phospholipids** (See Phosphatides)
- Phosphorylases**
- tranquilizer & antidepressants**, brain phosphorylase activity, rats, 8708
- Photic Threshold** (See Illumination; Visual Thresholds)
- Photographs**
- distance above ground & knowledge of reference differences**, distance judgments over ground & from photographs, conscripts, 12131
- distance judgments over ground & in photographs**, 12130
- iris-color & pupil-size & sex**, affect responses to photographs, college students, 8479
- photograph degradation**, image interpreter performance, military personnel, 10266
- photographic self-image confrontation**, therapeutic nursing care, chronic schizophrenic women, 9626
- photography & mirrors & films & videotape**, extension of self-awareness & self-concept, learning disabled vs gifted vs educable mentally retarded pre-adolescents, 5939
- stimulus appeal & knowledge of situation & S neuroticism**, differences in judging emotional states from facial expressions using photographs, 3080
- vivid vs poor visual imagery**, recall of colored photographs, male vs female high school & college students, 319
- Photopic Stimulation**
- flash intensity & suppression recovery effect due to flash stimulation**, patterns of unit activity in optic tract, cats, 8529
- isolation & photopic intensities**, photopic suppression of rod receptor potential, monkeys, 10544
- photopic & scotopic spectral sensitivity**, Cebus capucinus vs Lagothrix atelinae, 10803
- Photoreceptors** (See also Cones (Eye), Rods (Eye))
- electromagnetic analysis of human foveal cones**, explanation & consequences of Stiles-Crawford effect, 2243
- eye response to light flashes**, 2208
- monochromatic illumination in photoreceptors**, long-term adaptation, crustacea, 2750
- origin of light-evoked receptor potential of reticular cells in ommatidia of lateral eye**, horseshoe crab, 432
- photoreceptor movements**, optical scanning in lateral eyes, crustacea, 2523
- Phrases**
- basis of subjective groupings of sentence words**, college students, 7095

cultural learning & desire to communicate, development in construction of phrases, infants, 2788  
 modeling vs imitation training, sentence phrase acquisition, preschoolers, implications for language acquisition, 10882  
 recognition vs cued recall of phrases vs idioms, college students, 10370

**Phrenic Nerve** (See Spinal Nerves)

**Phylogenesis**  
 phylogenetic & ontogenetic personality structure development, nonobjective surrealist vs tribal vs schizophrenic art, 9237

**Physical Agility** (See also Physical Dexterity)  
 verbal praise & reproof, balance board performance, college students, 8299

**Physical Attractiveness**  
 athleticism & studiousness & brilliance & wealth rankings, impression formation, college students, 11035  
 beardedness & sex & geographic information, social perception, college students in Tennessee, 9011  
 body parts ratings & satisfaction for own & opposite-sex physical attractiveness, self-concept, male vs female college students, 7151  
 facial photographs of peers, stereotyping of facial attractiveness, 36 yr olds, 6887  
 judges' ratings & self-perceptions & date's perceptions of physical attractiveness, interpersonal attraction in dating situation, college students, 5088  
 orthodontic rehabilitation, social rank & courtship status & self-concept & personality measures, 5 yr follow-up study, 7812  
 perception of & satisfaction with own bodies & faces, 7127  
 physical attractiveness & perceived attitude similarity & academic achievement, interpersonal attraction, 5th & 11th graders, 6884  
 psychosexual adjustment, unattractive women, 4897  
 sex differences, stereotyping in perception of female physiques, male vs female college students, 3074  
 significance of physical appearance, implications of wish to change morphology, 9812

**Physical Development** (See also Motor Development, Prenatal Development, Psychomotor Development, Sexual Development, Speech Development)  
 alcohol & rearing under maternal & peer deprivation, growth rate & physical dependence & oral preference, infant monkeys, 6645  
 ascription of maturity from body proportion of outline human figure drawings, 3-5 yr olds, 762  
 birth weight, physical & cognitive development, monozygous twins dissimilar in size at birth, 6836  
 chronic lead ingestion, retardation of growth & development, mice, 8744  
 EEG, brain development, normal 3 15 vs mentally retarded 7 18 yr olds, 5471  
 endocrine & genetic forms of growth failure, psychosocial dwarfism syndrome, children, 3563  
 head circumference growth, babies, 8888  
 hormones & nutrition, growth rate, children, 10880  
 low birth weight, perinatal death & physical & intellectual development, 6852  
 maternal vitamin A excess during early fetal period, physical development & learning ability, rats, 6500  
 maturation age vs. perception of school environment, high school dropouts vs. graduates, 1888  
 methadone vs dextromethadone with vs without naloxone, growth, newborn mice, 4584  
 neonatal sodium levothyroxine stimulation, motor performance & physical growth & maze & avoidance learning, rats, 6604  
 neuromotor perceptual training, physical & verbal activity level & dependency & aggression, 5 10 yr olds, 3853  
 personality & physiological growth changes, adolescence, 10877  
 physical activity, psychological development, handicapped children, 5531  
 physical superiority for sports participation, blacks vs whites, 6927  
 premature delivery, physical development & emotionality & learning ability, rats, 6438  
 prenatal D-tetrahydrocannabinol, offspring physical maturation & reflexive & exploratory behavior development, rats, 10651  
 psychological & physical aspects, 2 17 yr olds with galactosaemia, 3538  
 qualitative physical & behavioral changes, 6 yr olds, professional criticism of W. Zeller's notion, 10832  
 social deprivation, motor strength & physical height & weight, high school students, 4862  
 social factors, maturation control, topminnows, 10712

somatological development, 740

#### Physical Dexterity

hand function measurement, 12 14 yr old educable mentally retarded vs normal girls, 7465

#### Physical Education

bilingual vs monolingual instruction, physical education, Spanish-speaking & non-Spanish-speaking 4th & 5th graders, 7914  
 computer-based storage & retrieval information systems application, health & physical education & recreation research, 8090

physical training program, physical fitness performance & body attitude & self-acceptance & attitude & physical & intellectual & emotional-interpersonal behaviors, male rehabilitation clients, 3773

play & sports, emotional health, 5880

psychological aspects, physical education & sport, book of selected readings, 5877

#### Physical Endurance

basic perceptual noise constant, psychophysical function of perceived exertion before & after work, 164  
 chronic institutionalization, physical working capacity & trainability, male geriatric mental patients, 7864

cold water & hyperbaric exposure & isometric strength capabilities, cognitive & psychomotor & perceptual & physical performance underwater, 90

dextro- & levamphetamine, swimming endurance, rats, 4563

flexed-arm hang test, arm & shoulder girdle endurance & grip strength, women, 2265

initial & initial-plus-interpolated total-body physical fatigue, learning & performance, male college students, 8292

physical training program, physical fitness performance & body attitude & self-acceptance & attitude & physical & intellectual & emotional-interpersonal behaviors, male rehabilitation clients, 3773

psychophysical loading & progressive endurance conditioning, biochemical correlates of adaptive responses, 425

task rest allowances based on strain on individual, 8079

work load & time & motivation changes & physiological & perceptual indicators, perception & performance during physical activity, college students & army draftees & 22 50 yr olds, 1997

#### Physical Exercise

(See Exercise)

#### Physical Fitness

demographic & physical characteristics & family background, physical activity attitudes, college students, 11028  
 fundamental motor skills & cardiovascular fitness, 16 18 yr old blind vs deaf vs nonhandicapped boys, 9491

locus of control & attitudes toward physical activity, cardiovascular fitness & physical exercise, college students, 8313

personality & body concept, athletic performance, 4222

physical fitness & perceived health status, dispensary visits & success in stressful training, Navy enlisted volunteers for underwater demolition team, 3994

physical training program, physical fitness & self-concept, hospitalized alcoholics, 9377

physical training program, physical fitness performance & body attitude & self-acceptance & attitude & physical & intellectual & emotional-interpersonal behaviors, male rehabilitation clients, 3773

physiological stress, mental task performance, physically-fit vs -nonfit people, 10417

self-appraisal of muscular strength & physical working capacity, middle-aged men, 165

strength & physical fitness & physical activity attitudes, wilderness backpackers vs nonbackpackers, 2273

systematic human relations training & physical fitness level, pre- & postinterpersonal skill levels, college students, 10999

#### Physical Growth

(See Physical Development)

#### Physical Handicaps

(Attit Toward)

blindfolding to simulate blindness, empathy for problems of blind students, supervisors & peer advisors, 11199

impairment characteristics, interpersonal functioning, applicants for disability benefits, 1455

parental attitudes towards child's body, satisfactory working arrangement between mind & body, understanding psychodynamics of physically abnormal children, 9531

#### Physical Strength

flexed-arm hang test, arm & shoulder girdle endurance & grip strength, women, 2265

muscular strength, motor performance, 20 64 yr old female divers, 6222

- self-appraisal of muscular strength & physical working capacity, middle-aged men, 165
- strength & physical fitness & physical activity attitudes, wilderness backpackers vs nonbackpackers, 2273
- Physical Therapy**  
integrating speech therapy with physiotherapy, neurologically handicapped children, 1480
- Physical Trauma** (See Injuries)
- Physical Treatment Methods** (See also Acupuncture, Adrenalectomy, Amputation, Artificial Respiration, Autopsy, Castration, Catheterization, Dental Treatment, Dialysis, Diuresis, Heart Surgery, Hemodialysis, Hypophysectomy, Hysterectomy, Immunization, Induced Abortion, Male Castration, Medical Treatment (General), Neurosurgery, Organ Transplantation, Ovariectomy, Pinealectomy, Plastic Surgery, Psychosurgery, Radiation Therapy, Surgery, Sympathectomy, Thalamotomy, Thyroidectomy, Vagotomy)  
amputations, medical aspects, 3764  
biopsychosynthesis as medical approach, self-awareness & infinity of growth & evolution, 7811  
diagnosis & treatment & rehabilitation, epilepsy, 3769  
heat & medication & mechanical treatment methods directed towards Zakharin-Heda zones of skin, somatic disturbances in neurotic patients, 11523  
Laborit's technique of hibernation, treatment of malignant catatonias, 1731  
medical aspects & rehabilitation & treatment, kidney diseases, 3783  
meditation & cobalt radiation therapy, patient attitudes, treatment of cancer, 11792  
rehabilitation & treatment, respiratory diseases, 3766  
social attitudes, treatment preferences, hospital psychiatrists, 1490
- Physically Handicapped** (See also Amputees)  
absence of object manipulation during infancy, cognitive development, male born without limbs, 4856  
body involvement, schizophrenics vs paraplegics vs normals, 1192  
dance therapy, body image as measured by Draw-A-Person test, psychiatric patients & physically handicapped children, 11562  
employment possibilities in information industry, physically disabled, 7541  
experience & training, facilitative conditions & confrontation frequency & client self-exploration, rehabilitation counselors & physically disabled clients, 1745  
felt inadequacy due to disability & opportunity to reciprocate, help seeking, college students, implications for embarrassment theory, 3549  
human relations skills, psychological adjustment, physically disabled college students, test of R. R. Carkhuff's theory, 9480  
impairment characteristics, interpersonal functioning, applicants for disability benefits, 1455  
integrating speech therapy with physiotherapy, neurologically handicapped children, 1480  
integration vs segregation of summer camps, peer acceptance & counselor attitudes & self-esteem, physically handicapped children, book, 9546  
mother-child interaction, physically handicapped 15-48 mo olds & their mothers, 7520  
parental attitudes towards child's body, satisfactory working arrangement between mind & body, understanding psychodynamics of physically abnormal children, 9531  
perceptual & emotional & cognitive aspects, hemiplegia, 3505  
positive reinforcement, proper posture & walking, physically handicapped severely retarded 20 yr old, 7723  
projective patterns, 3-12 yr old physically handicapped children, 5501  
self-concept, physically handicapped, 3532  
treatment & rehabilitation practices, physically disabled, book, 1741  
visual-motor training, perceptual-motor adequacy & cognitive development & scholastic success, orthopedically handicapped preschoolers, 9945
- Physically Ill Patients** (See Patients)
- Physicians** (See also Family Physicians, General Practitioners, Gynecologists, Pediatricians, Psychiatrists, Surgeons)  
alternative models, psychiatric training, foreign physicians, critique of J. K. Garetz & D. Garetz's proposals, 7234  
alternative models, training in psychiatry, foreign physicians, 7200  
attitudes toward consultation process, physicians, 9174  
attitudes toward dying patients, physicians, 5251  
attitudes toward hospital merger, management & operative employees & physicians, 10099
- Balint groups, doctor patient relationship & interaction patterns & verbal & nonverbal communication, implications for psychological training in premedical education, 9194  
behavior & response patterns to illness & healing, patients & scientists & doctors & public health officials, 7208  
biographical inventories, predicting career performance, physicians, 10067  
body positions & spatial relations, physician patient relationship, 9574  
body positions & spatial relations, physician patient relationship, 11532  
body psyche dynamism, relaxation technique with psychoanalytic orientation, importance for physician, 9619  
case-study approach of M. Balint, group history & dynamics & attitude in developing psychotherapeutic skills, physicians, 9151  
choosing right attitude toward disclosing diagnosis to terminal cancer patients, physicians, 9170  
consultation psychiatry role, teaching psychopharmacology in general hospital, 5262  
cooperation & communication among specialists dealing with common patient, counteracting division among physicians due to specialization & outdated knowledge, 11172  
demonstrators & group leader & "copilot" & administrator, development of Sils study week, physicians, Switzerland, 9178  
developing relationships with workers & managers & colleagues, establishing therapeutically valid relationships, physicians in industrial practice, 9157  
differential perceptions of prestige of medical specialties, physicians, 5275  
doctor's death attitudes, discussions from 12th International Symposium of Medical Psychology, 11209  
emotive factors & psychotherapeutic role of physician, pathogenesis of gastro-duodenal ulcer, 9594  
factors influencing internalization of belief systems, professional socialization into law & engineering & medicine & teaching, students, 8024  
global & multidimensional approach to illness, psychotherapeutic roles in hospital setting, hospital physicians & patients & medical team, 9838  
group-work experience, psychological training program, physicians, 9163  
incidence & treatment of alcoholism, physicians in private practice, survey, 1336  
job satisfaction, mortality & suicide rates, refraction vs surgical ophthalmologists, 11181  
knowledge of & attitudes toward suicide, physicians, 7223  
limitations, psychotherapeutic role of general practitioner, psychosomatic illnesses, 9587  
medical controls, medical & social & legal problems, physician patient relationships, 9149  
methods of M. Balint, perception of psychotherapeutic role, physician in training, 9175  
parental desires & doctors' obligations, right to life, mongoloid babies, 7245  
physician personality & sociocultural attitudes, physician-patient relationships, 5545  
physician role, health services from social psychology perspective, 5565  
physicians' degree of adherence to philosophy of institutions in which they practice, psychiatric patients' mental health, 9290  
physicians' roles in society, sex mores & population growth, 2909  
professional language usage, communication gap, psychiatrists & physicians, 3226  
psychiatric liaison program, integrated systematic approach to teaching psychiatry, attending physicians & house staff & medical students, 9172  
psychological & sociocultural & economic aspects of problems, management of psychosomatic illness, doctor nurse team approach, 9551  
psychosocial responsibilities, working in industrial organization or health administration, physicians, 9183  
questionnaire survey, attitudes & practices regarding erotic & nonerotic patient contacts, physicians, 11193  
role of psychological assistance to physician, treatment of disturbed patients, 11524  
roles of physician & social worker & psychiatric nurse, comprehensive mental health after-care services, discharged Norwegian psychiatric patients, 7236

## Physicists

scientific & psychotherapeutic models, physician-patient relationship, 11580  
semantic differential analysis, stimuli relating to concept of doctor, implications for transference, 5105  
underreporting of nonhospitalized self-injuries, physicians, 3273  
unfavorable reactions & inaccurate labeling by physicians to personality disorder cases, 7296

## Physicists

interest profiles, artists vs farmers vs ministers vs physicists vs real estate salesmen vs newsmen, 10044

## Physics

mechanical model of classical physics & modern physics principles, academic psychology, 8085

## Physiological Aging

adjustment to aging, male homosexuals over 50 yrs old, 7368  
aging, feelings of political powerlessness, 10940  
aging, reasoning ability & memory, 784  
alcohol effects, mental aging vs organic brain syndrome, 25 64 yr old alcoholic inpatients, 9427  
attitudes toward aging & death, youth culture, 4934  
biological & psychological & social aspects of aging & longevity, textbook, 2824  
disengagement from social roles in social time structure, readjustment to time & reintegration of personality, elderly, 4906  
experimental methods, study of aging & cohort succession, 10836  
genetic & biological factors, longevity, 10912  
growth hormone deficiency, premature aging, dwarf mice, 4655  
human relations & interactions, death process, 4907  
physiological & psychological & sociological aspects of aging, occupational therapy, 7587  
psychiatric symptomatology, patients over vs under 70 yrs of age with psycho-organic syndromes, 5326  
psychogeriatrics, physiological & psychological changes of aging, 4908  
retirement behavior & theory of disengagement, application to Shakespeare's King Lear, 794  
RNA & DNA, prolonging life, rats, 4638  
separation-individuation & self-realization & self-utilization, sense of aging in middle aged & senescence, 10913  
sex & age differences, calculation of androgyny score from biacromial & bi-iliac diameters, 20 90 yr olds, 792  
social labeling, social-breakdown syndrome" model for aging, applicability to elderly, 4905  
validation & analysis & cross-cultural utility, Adult Growth Examination for testing individual aging, 20-70 yr olds, Canada, 2111

## Physiological Arousal

trained-brain" extract injections vs extracts from aroused controls, interanimal transfer for nonshock passive avoidance task, rats, 8661  
activational & behavioral states, spontaneous skin potential responses, rats, 2509  
acute behavioral activation, temporal factors in sympatho-adrenomedullary activity, 19 33 yr old male students, 2533  
arousal & habituation, sleep development during monotonous stimulation, college students, 6427  
arousal effect of olfactory stimulation, neocortical & hippocampal electrical activities, cats, 6399  
arousal level & increased autonomic activity, habituation rate of orienting reflex, college students, 427  
arousal level in sleep & tactile stimulation, spontaneous smiles vs startles vs mouthing movements, 3 6 day olds, 8879  
arousal, appreciation for varied degrees of sex-relevant humor, college students, 426  
assessment of avoidance responses on D. J. Levis's phobic test apparatus, determination of increased physiological arousal & relationship to S's proximity to snake & self-report of fear, college students, 3315  
auditory frequencies equated for subjective loudness, responsiveness during sleep, college students, 385  
being observed, short- & long-term recall, 10442  
bicycle ergometer work, fatigue & critical flicker frequency & spiral aftereffect & reaction time, college students, 8309  
bilateral caudate nuclei lesions, reactivity & role of caudate nucleus & modulation of CNS arousal mechanisms, rats, 4497  
bilateral removal or disconnection of entire telencephalon & continuous electrical stimulation of peripheral nerves, hatching climax movements, chicks, 10608

## SUBJECT INDEX

## Physiological Arousal

catecholamine excretion & blood-alcohol level, alcohol-induced changes in mood & activation, males vs females, 2629  
cerebral cortex electrical stimulation, arousal response, cats, 6583  
cigarette smoking to control arousal level, 6616  
cognitive-physiological theory, emotion research, critical analysis, 338  
constant- vs variable-intensity lighting & constant- vs variable-intensity white noise, arousal during vigilance performance, college students, 10578  
ECS induced amnesia, cue-dependent maze learning, rats, 6549  
effort vs stress, psychophysiological reactions to mental tasks, 433  
electrical lateral hypothalamus stimulation & arousal & food deprivation, initiation of hoarding behavior, rats, 6517  
emotion & emotional behavior, 344  
emotional stress, nervous system properties, emotionally stable vs unstable wrestlers, 6471  
epinephrine, autonomic responsivity, psychopaths, criticism of S. Dinitz & H. Goldman & H. E. Allen & L. A. Lindner's work, 9278  
epinephrine, autonomic responsivity, psychopaths, reply to R. D. Hare's criticism, 9257  
etiofexine, perceptual & psychophysiological & motor tests & Eysenck Personality Inventory, healthy males, 591  
group size & apparatus type & amount, biorhythms in activity during free play, kindergartners, 2544  
high vs low arousal during acquisition phase of learning, short- & long-term memory, college & graduate students, 6320  
increased reading rate, covert oral behavior & physiological measures, college students & 8th 12th graders, 6457  
induced arousal shifts, changes in information-selection patterns in multisource monitoring, 18 24 yr old Navy enlistees, 10369  
induced muscular tension, time-estimation motor task, right-handed college students, 2150  
intelligence & arousal, averaged evoked potential, adults, 4369  
involuntary rest pauses, schizophrenics vs normals, 11244  
lateral amygdalar lesions, normalizing effect on dorsomedial amygdalar syndrome, dogs, 10616  
lopremon, thyrotropin & thyroid hormone elevation, normal females, 2636  
memory & arousal & cue factors, developmental changes in spontaneous alternation, rats, 6709  
natural sleep & arousal, brain temperature & dorsal hippocampal & neocortical EEG & EMG of neck muscles, rats, 6394  
neuroendocrine system, hormonal arousal & behavior, 4379  
neurophysiological concepts of excitation & inhibition, clinical measurements of arousal & habituation, psychiatric patients, 7285  
operant conditioning vs white noise masking vs arousal mechanisms, stuttering control, 11428  
overtraining & activation & water deprivation, bar pressing performance, rats, 6733  
pemoline, physiological & performance changes during sustained psychomotor tracking tasks, 40 65 yr. olds, 597  
personality variables, relationship to physiological responsivity & motor performance, research review, 2269  
physiological features of sleep-states & dreams & classification of sleep disorders, 378  
reaction time experiment with paired vs random sound light sequences, sequential analysis of conditioned EEG arousal, maladjusted 8 13 yr olds, 10520  
related vs unrelated arousal, learning & performance of pursuit rotor task, college students, 10319  
repetitive auditory vs no stimulation, time to sleep onset & habituation of skin conductance responses, college students, 371  
sensation-based vs emotion-based descriptions of having the teeth set on edge," college students, 8473  
sensory overload vs deprivation, EEG & polygraphic recordings, college students, 2495  
shock-induced anxiety, noise in visual system, postgraduate & college students & faculty members, examination of D. Vickers & T. Nettelbeck & R. Willson's noise index, 2536  
skin resistance & other physiological indices, simple cognitive ability, 180  
sleep & waking, cortical interneurons, monkeys, 4371  
sleep-wakefulness & stress & euphoria & energy during sleep deprivation, self-reported arousal & reaction time task performance, college students, 6426  
social environment symbolic stimuli, health changes, 7524  
Stanford Sleepiness Scale, quantification of sleepiness, college students, 2530

- stimulus concreteness-imagery & arousal, immediate & delayed recall of paired associates, college students, attempted replication of M. J. Butter's findings, 6329
- stress induced by oral academic examination & body build & psychological tests, physiological responses, male medical students, 8540
- stress-producing deception, effectiveness of debriefing, 6338
- systematic desensitization, induced anger & arousal, student nurses, 1647
- vigilance, phase coupling between heart beat and respiration, 19 41 yr olds, 6433
- visual sexual stimulation, ergic tension, married college students, 339
- 1- vs 2-stage bilateral hippocampal lesions, arousal level & learning & memory, rats, 4478
- 1-time onset vs continual verbal instructions to relax, GSR & pulse rate, 19 20 yr olds, 6451
- 6-hydroxydopamine injections into region of ventral noradrenergic pathway at mesencephalic level, sleep-waking states & norepinephrine & serotonin levels, female cats, 8648
- Physiological Correlates**
- angiographic & operator & anatomopathological data, gait apraxia, patients with frontal lesions vs patients with cerebral lesion bilaterally, 3552
- auditory & visual vigilance tasks, intermodal & intra-S consistency in EEG recordings, college students, 6387
- biological & ecological variables & socialization, body-build stereotypes in cross-cultural perspective, 8930
- brain stimulation, physiology of motivation, 518
- choice motor response presence vs absence & motivation & skeletal response conflict & information transmission rate, mean phasic skin resistance, college students, 8547
- clinical & biochemical & physiological changes, pre- vs postsuicidal states, attempted suicide cases, 7411
- delayed-alternation & visual discrimination learning, EEG correlates, female rhesus monkeys, 4329
- electrical stimulation of raphe dorsalis vs pontis & magnus nuclei, ponto-geniculate-occipital cortex wave suppression during REM sleep & mild arousal & orienting responses & feeding suppression when deprived of food, cats, 8630
- expectancy & physiological feedback, modifying fear behavior, review, 5698
- experience & artificial stress & separation & physiological correlate, dominant-subordinate relationship, male cockroaches, 10782
- factor analysis of physiological & performance measurements, variation patterns during sleep loss, 6469
- fatigue from performing high precision vigilance task or difficult driving, psychological & physiological & psychophysiological indices before vs during vs after task performance, 6454
- fluctuations in degree of cellular dispersion or aggregation, depression & anxiety & schizophrenia, 9264
- GSR patterns, systematic desensitization of phobias, neurotics, 9726
- imagining & suppression & concentration & search & choice, REMs & EEG alpha & tonic heart rate, female college students, 4407
- increased serum creatine phosphokinase & aldolase activities, differential diagnosis, acute paranoid & nonparanoid schizophrenia, 9305
- instructional suggestion & physiological cues, analogue fear, college students, 2436
- internally elicited thoughts, autonomic nervous system activity, college students, implications for cognitive mediation in operant autonomic conditioning & systematic desensitization, 6456
- lateral inhibitory interactions & blurring due to optic aberrations vs distortions from learned information sampling patterns & cue utilization, visual illusions & illusion decrement with continued inspection, 4198
- nutritional deprivation in early life, brain & spinal cord development & reversal learning & problem solving & activity, inbred mice, 6691
- performance in stressful individual vs group tasks, complex investigation of mental states, sportsmen vs nonsportsmen, 7034
- personality variables, relationship to physiological responsivity & motor performance, research review, 2269
- physiological & biochemical correlates, individual differences in prey killing & food dominance & novel stimulus situations, 6 8 wk old wolf cubs, 4394
- physiological & personality correlates, responses to questionnaire on night & daytime sleep while experiencing sleep disturbances through 4 airplane noise levels, male vs female 19-24 yr olds, 10577
- physiological correlates & cognitive components & causation & overt behavior, subjective aspects of emotion, view of W. James's theory, 6340
- physiological correlates, bicuculline induced seizures, baboons, 2625
- psychological vulnerability vs nonvulnerability, hypersensitive reaction to inoculations, 11511
- psychophysical loading & progressive endurance conditioning, biochemical correlates of adaptive responses, 425
- serum immunoglobulin levels, improved clinical course, schizophrenics, 1211
- sexual excitement & copulation, blood glucose level, boars, 6786
- simple reaction time task performance, heart rate & irrelevant somatic activity, 4 vs 5 vs 8 vs 10 yr olds vs college students, 10834
- simulated public speaking, anxiety indicated by increased palmar sweating & subjective tension-anxiety ratings, 23 45 yr olds, 417
- 2-flash threshold & skin conductance, psychoticism, normals, 2520
- Physiological Psychology** (See also Neuropsychology)
- human experimental psychology & animal learning & behavior & physiological psychology, current bibliography, 8084
- physiological psychology, book, 10503
- problems & progress, physiological psychology, 10511
- research techniques, psychophysiology vs physiological psychology, 4414
- Physiological Stress**
- acute & chronic stress, brain serotonin & 5-hydroxyindoleacetic acid, mice & rats, 2518
- auditory stimulation producing startle response, heart rate, stutterers vs nonstutterers, 3499
- cold pressor test & exercise & tilt & stress, plasma dopamine-b-hydroxylase activity, 18 20 yr olds, 431
- combined environmental stresses, human tolerance levels, 10576
- conditioned fear & conflict & immobilization procedures, ulceration in glandular & nonglandular portion of stomach, food-deprived vs nondeprived rats, 8556
- continuous shock or intermittent stress producing conditioned anxiety, recovery from experimentally induced gastric ulcers, rats, 10600
- dialysis, attitudes toward work, patient, 3767
- early social isolation, basal cortisol levels & adrenal cortex reactivity to ACTH injection or novel environment stress, rhesus monkeys, 8566
- ether anesthesia & surgical trauma resulting from acute pyloric ligation, gastric secretion, rats, 4445
- fatigue & stress, vigilance, inspection workers, literature review, 10069
- historical evolution of stress concept, 10586
- maternal stress, fertility & sex ratio, rats, implications for sex ratios of schizophrenic mothers, 4408
- mesoridazine & thioridazine, emotionally induced increases in forearm blood flow & systolic & diastolic blood pressure & heart rate, healthy medical students, 2619
- physiological & psychological reactive anxiety, heart rate & plasma corticosteroids situation, 11243
- physiological stress, mental task performance, physically-fit vs -nonfit people, 10417
- prolonged physical exercise, subjective symptomatology, young adults, 2262
- psychological vs physiological stress & functional vs physiological visual field, peripheral stimuli detection, 6204
- rotary acceleration, subjective & physiological effects, 10561
- sleep-wakefulness & stress & euphoria & energy during sleep deprivation, self-reported arousal & reaction time task performance, college students, 6426
- stress & strain measurement in static muscular work, determining optimal working rhythms, 10106
- stress induced by oral academic examination & body build & psychological tests, physiological responses, male medical students, 8540
- sustained linear acceleration, subjective & physiological responses, 10562
- transcendental meditation, autonomic stability in response to stress, 13 40 yr olds, 8558
- unpredictable shock stimulation, cholesterol synthesis & metabolism, rats, 4517
- vibration, perceptual & physiological responses, 10565
- weightlessness, physiological effects, 10549
- Physiology** (See Also Related Terms)

physiological characteristics, Pavlov's causal conditioned reflex", 6347  
 physiology & pharmacology of sleep, 566  
 physiology & psychology, learning & education, 5830  
 relationship between psychology & physiology, 6349  
 same- vs mixed-sex populations & density, social interaction & territorial & physiological measures, gerbils, 8838  
**Physiotherapy** (See Physical Therapy)  
**Physique** (See also Body Height, Body Weight, Obesity, Underweight)  
 personality variables & social interaction & physical attributes & subjective processes & social situation, social behavior, 937  
 sex & age differences, calculation of androgyny score from biacromial & bi-iliac diameters, 20 90 yr olds, 792  
**Physostigmine**  
 eserine & scopolamine, auditory cortex neuronal afterdischarges of auditory cortex, cats with isolated forebrains, 8731  
 eserine sulfate & anticholinesterase, depression in postural reflexes, precollicular decerebrate cats, 6663  
 length of confinement & intraperitoneal injection of scopolamine hydrobromide & physostigmine sulphate, spontaneous alternation behavior, rats, 8691  
 methscopolamine & physostigmine & neostigmine, neuron activity in midbrain & hippocampus & hypothalamus, rats, 4639  
 physostigmine & methylphenidate, antagonistic effects, manic & schizophrenic patients, 11629  
 physostigmine, acquisition of t-maze position discrimination, rats, 542  
 scopolamine & physostigmine & alterations in behavioral suppression, time-dependent changes in avoidance performance, rats, 527  
 scopolamine vs physostigmine, delayed response in t maze reversal learning set tested at several intervals, male mice, 8673  
 scopolamine HBr & methscopolamine bromide & physostigmine sulphate & neostigmine bromide, deprivation based activity & appetitive behavior, rats, 4557  
**Piaget (Jean)**  
 correlation between error scores, Witkin's Rod and Frame Test & Piaget's water-line task, female college students, 2158  
 creation of mental structure analogous to Piagetian concept of concrete operativity, intellectual change, 6 11 yr. olds, 742  
 formal operational thought, discussion of Piaget's postulates & experimental evidence, 739  
 future of education, Jean Piaget, book, 5834  
 genetic epistemology, Piaget's contributions, 697  
 Piaget/J., biography & theoretical discussion, book, 11  
 Piaget's & T. Kallet's cognitive development theories, implications for teaching, 4854  
 Piaget's concepts of experience & subject-object interaction, nature-nurture controversy & IQ tests, 10862  
 Piaget's theories, educational curriculum, book, 7909  
 Piaget's theory of development, application to language learning, 750  
 Piagetian theories & research vs analysis of regulation forms, psychopathology, dyspraxic & retarded & dysphasic & psychotic children & adult schizophrenics, 7254  
 Piagetian theory & helping professions, conference proceedings, 6915  
 Piagetian theory of how children learn, teaching methods & teacher-student interaction, use in preschool education, 3856  
 Piagetian theory, psychometry & implications for preschool & elementary school programs & handicapped children, 3841  
 Spanish annotated bibliography on work of J. Piaget, 6089  
 training with conceptual framework vs analog training vs stopwatch, solving of B. Inhelder & Piaget's pendulum problem, 5th graders, 6867  
**Piano** (See Musical Instruments)  
**Picketing** (See Social Demonstrations)  
**Picks Disease**  
 histological diagnosis, Pick's disease, 3561  
 ultrastructure & histochemistry, Creutzfeldt-Jakob disease & Alzheimers disease & senile dementia & Picks & Huntington's disease, 7543  
**Pigeons**  
 "learned laziness", autoshaped keypecking, pigeons, discussion of findings of L. A. Engberg et al, 2690  
 a-methyl-meta-tyrosine & a-methyl-tyramine & metaraminol, serotonin content in preparations of whole tissue & synaptosomes from telencephalon, pigeons, 10630  
 acquisition under mixed-delay & multiple-delay matching-to-sample, pigeons, 647  
 ambiguous stimulus paired with positive vs negative stimulus, ambiguous-cue problem performance, pigeons, 2713  
 aversive shock & timeout response, extinction in multiple schedule, pigeons, 4700  
 chlormethiazole & ketamine hydrochloride, safe & reliable anesthesia, pigeons, 6678  
 component duration, discrimination learning & behavioral contrast, homing pigeons, 8781  
 concurrent-chains schedules, preference for random-interval vs noncontingent reinforcement schedules, pigeons, 6728  
 contextual & trial stimulus lighting conditions, keypeck autoshaping, pigeons, 6760  
 correlation between reinforcement & compound stimulus elements, response strength to stimulus element common to 2 training compounds, pigeons, 8785  
 d-amphetamine punished responding under multiple fixed-ratio & interval schedules of reinforcement, pigeons, 4592  
 delay & noncontingent reinforcement schedules, response rate, pigeons, 8803  
 directed Pavlovian reactions, simple instrumental learning, pigeons, 642  
 discriminated autoshaping procedure & errorless discrimination acquisition, conditioned inhibition, pigeons, 6763  
 discrimination learning with 2 reinforced responses, transfer of training, pigeons, 10737  
 discrimination training on VI schedule, 2-way generalization peak shift, pigeons, 6697  
 extended discrimination training, behavioral contrast inhibitory stimulus control, pigeons, 4755  
 extinction vs omission training, response elimination, pigeons, 660  
 extinction-induced aggression during errorless discrimination learning, pigeons, 2714  
 feature positive vs feature negative stimulus arrangement, discrimination learning, pigeons, 2696  
 fixed interval vs differential reinforcement of low rate, operant behavior, pigeons vs crows, 8812  
 fixed ratio size & reinforcement delay, preratio pausing, pigeons, 2721  
 fixed- & variable-ratio & interval schedules of brief stimuli, second-order schedules of food reinforcement, pigeons, 4693  
 food & shock avoidance contingency, maintenance of keypecking, pigeons, 6751  
 food & water reinforcers, auto-shaped & consummatory responses, food- vs water-deprived pigeons, 4734  
 food deprivation, free-operant avoidance, pigeons, 4718  
 food reinforcement followed by shock for keypecks, transfer of keypecking to avoidance & escape, pigeons, 654  
 food-getting vs shock-avoidance, training procedure, control of treadle pressing by compound stimulus & each element, pigeons, 8786  
 food-peck recorder, pigeons, 2668  
 generalization along irrelevant angularity dimension & relevant wavelength dimension, pigeons, 10735  
 image structure & motion & color & luminance discrimination in frontal vs. lateral visual fields, pigeons, 686  
 intracellular dehydration, drinking behavior, pigeons, 8585  
 intradimensional & presence-absence discrimination, stimulus generalization & stimulus control, pigeons, 2754  
 intradimensional discrimination training, subsequent stimulus generalization & between- & within-test comparisons, pigeons, 6719  
 key color vs tone as signal for food, maintenance of key pecking, pigeons, 2717  
 key peck training in presence of visually & gravitationally vertical line & subsequent line orientation generalization with tilted chamber, visual field dependency effect & its reversibility, pigeons, selective attention interpretation, 2753  
 light stimulation, thalamus opponent-color units, pigeons, 2516  
 line color, differential discrimination on presence vs absence of vertical line on white surround, pigeons, 2742  
 mixed fixed-ratio schedule, altering proportion of components, pigeons, 4701  
 monocular & binocular viewing, head nystagmus in rotating drum with vertical black & white bars on inside, pigeons, 10798  
 morphine & chlorpromazine & pentobarbital & diazepam, responding punished with varied intensities of electric shock, pigeons, 2623

## Pigments

- odor detection thresholds, humans vs rats vs pigeons, 6802
- omission vs extinction, efficiency & durability of elimination of free operant, pigeons, 10741
- operant conditioning & auto-shaping, pigeon, 631
- overtraining, behavioral contrast & peak-shift, pigeons, 4708
- partial reinforcement, autoshaping procedure, pigeons, 8788
- pattern of disruption in extinction of chain FR 7-FR 7, pigeons, 2674
- procedures for varying information transmission, observing responses, pigeons, 2744
- rapid image displacement, suppression of visual signals in retina, pigeons, possible saccadic suppression mechanism, 4803
- recency of reinforcement, choice based on separately established response tendencies, pigeons, 4759
- reduction of uncertainty & conditioned reinforcement, observing stimulus source correlated with food vs no food, pigeons, 4733
- reinforcement duration & ratio size, discrete trials fixed-ratio responding, pigeons, 4691
- reinforcement for depressing foot treadle according to multiple VI/VI schedules & change to extinction schedule in 1 component & reinforcement for key pecking, behavioral contrast, pigeons, 4724
- reinforcement schedule, extinction of observing-key responses, pigeons, 8769
- response prevention vs response contingent blackout during interdimensional discrimination, dimensional control, pigeons, 8810
- response-produced stimuli, avoidance control, pigeons, 4706
- sequential randomness of stimulus events, simultaneous discrimination-learning, 8773
- shielded vs unshielded key light, keypecking in imperfect environment for autoshaping, pigeons, 6716
- shock induced stress, ethanol consumption, pigeons, 8793
- signaled reinforcement in multiple & concurrent VI schedules, behavioral contrast & preference, pigeons, 2724
- slide image vs stuffed model, schedule-induced aggression, pigeons, 8863
- steady state testing procedure, discriminability along wavelength of circular spot of light & orientation of white line, pigeons, 4822
- stimulus change contemporaneous with food presentation, responding in presence of free food, pigeons, 10765
- temporal modulation transfer functions, turtles & pigeons, 4812
- trace interaction, short-term memory, pigeons, 10739
- training on multiple-schedule where keypecking was reinforced on FI & VI schedule, response rates on generalization test, pigeons, 6740
- variability of reinforced response patterning, operant discrimination, pigeons, 2722
- VI reinforcement schedule & ad lib food & response key availability, eating & keypecking behavior, pigeons, replication of A. J. Neuringer's results, 6749
- white noise at different intensities, stimulus control, pigeons, 4723
- 2nd-order schedules & brief-stimulus durations at component completion, response patterning, pigeons, 2680
- Pigments**
- a-dimethyltyrosine, induction of body color yellow mutant phenocopy & male courtship behavior, drosophila strains, 4569
- body weight & flank gland size & pigmentation, social rank, female hamsters, 10779
- body weight & size & pigmentation of lateral flank glands, social interaction & rank, male hamsters, 10780
- color mixture, determination of spectral sensitivity of foveal blue-sensitive mechanism, 4202
- iris color, critical flicker frequency thresholds, college students, 6214
- lightness contrast & tachistoscopic duration & fundus pigmentation, magnitude determination of Mueller-Lyer illusion, college students, 8157
- measurement following lights bleaching various amounts of rhodopsin, dark adaptation at receptors in isolated retina, frogs, 4404
- melanocyte-stimulating hormone & melanocyte-stimulating hormone release-inhibiting hormone, visual discrimination & reversal learning, pigmented & nonpigmented male rats, 8739
- retinal pigment system, adult & tadpole platannas, discussion of possible origins from terrestrial ancestor, 363
- spectral sensitivity, visual pigment absorbance, 10305
- underwater light, significance of spectral position in rhodopsins, tropical marine fishes, 4415
- Pigs**

## SUBJECT INDEX

## Pitch (Frequency)

- behavioral thermoregulation, central & peripheral temperatures & EEG changes, pigs, 8498
- conditioned behavior & environmental factors, plasma corticosteroid levels, pigs, 405
- dominance hierarchy development & structure, domesticated pigs, 4781
- Pilocarpine**
- morphine sulfate & scopolamine hydrobromide & dextroamphetamine sulfate & pilocarpine nitrate & scopolamine methylbromide & a-methyl-p-tyrosine, aversive thresholds, monkeys, 4606
- pilocarpine, drinking behavior following acute & chronic diisopropylfluorophosphate treatment & during withdrawal, rats, 4642
- scopolamine & pilocarpine, aversive threshold, rats, 4607
- scopolamine hydrobromide & pilocarpine nitrate & dextroamphetamine sulfate & a-methyl-p-tyrosine, acquisition of operant discrimination, rats, 2608
- Pilots (Aircraft)** (See Aircraft Pilots)
- Pimozide**
- dextroamphetamine sulphate & chlorpromazine hydrochloride & a-methyl-p-tyrosine & pimozide, self-stimulation of noradrenergic cell concentrations of locus coeruleus at 21 sites, male rats, 8655
- pimozide vs caripramine, schizophrenia, hospitalized schizophrenic patients, 11639
- pimozide, behavior disorders in childhood & adolescence, 11660
- pimozide, chronic schizophrenics, 11618
- pimozide, dominant subordinate relationships in competing for foods, Wistar rat pairs, 4587
- pimozide, fatigue states, 11611
- pimozide, hypotension & mouth dryness & debility & thinness & antipsychotic uses, psychiatric patients, 5641
- pimozide, maintenance doses & side effects & effectiveness for long-term treatment, psychotics, 7632
- pimozide, personality disorders, outpatients, 11661
- pimozide, stress-induced psychic & functional disorders, patients with emotional disturbances, 11659
- Pinealectomy**
- developmental stage, seizure susceptibility, parathyroidectomized & pinealectomized rats, 6564
- pineal gland removal, dark-induced ethanol preference & ratio of water intake to ethanol intake, rats, 469
- pinealectomy vs septal lesions, intake of unpalatable fluids following maintenance on sodium deplete vs replete diets, male rats, 2565
- pinealectomy, consumption of water vs alcohol solution, congenitally blind rats, 8653
- Pipradrol**
- apomorphine & levodopa & amantadine & amphetamine & caffeine & amfonelic acid & pipradrol & methylphenidate, turning behavior, mice with unilateral 7-hydroxydopamine lesions in striatum, 461
- pipradrol hydrochloride, 21 65 yr. old mild to moderately depressed patients, 1564
- Pitch (Frequency)** (See also Speech Pitch, Ultrasound)
- age & sex & tonal acculturation, melodic perception & discrimination, 5 10 yr olds, 4186
- alternating dichotic presentation of tones vs monaural presentation, tone monitoring tasks, college students, 10216
- auditory frequencies equated for subjective loudness, responsiveness during sleep, college students, 385
- channel capacity for pitch of tones, female students, 2169
- continuous vs discontinuous frequency change, pitch perception of sound bursts, 2181
- fine structure of stimulus waveform, perception of pitch, 10232
- frequency & noise level, auditory masked thresholds, 132
- frequency analysis, Dutch vowels, male speakers, application to automatic speech recognition, 131
- hemispheric specialization, pitch & tone discrimination in linguistic stimuli, 5166
- low-frequency speech range sounds, scalp recorded early responses, humans, 10528
- modified ear mould, low frequencies in hearing aid amplification, 9533
- monaural & dichotic signal presentation & single- vs. 2-frequency conditions, simultaneous 2-channel auditory signal detection task, female college students, 134
- overlapping pitch ranges, perceptual grouping of successively-presented tones from 2 melodies, college students, 10210
- pitch & timbre, apparent location of sound in median sagittal plane, 10204

preference for tone stimuli ordered on frequency vs amplitude, auditory transposition, college students, 8201  
 signal frequency spectra, temporal acuity, 10212  
 signal interaural amplitude ratio & phase shift, binaural masking-level, 10225  
 standard tones of different frequencies, pure-tone equal-loudness judgments, high school students, 10221  
 training with pure tone, postdiscrimination gradients, college students, 8196  
 3rd-octave clicks vs tones, cortical evoked responses, humans, 4377  
**Pitch Discrimination**  
 anchor effects with biased probability of occurrence, absolute judgment of pitch, college students, 10208  
 hemispheric specialization, pitch & tone discrimination in linguistic stimuli, 5166  
 interference of intervening tones, pitch recognition, college students, 10209  
 interference tone & signal duration, frequency discrimination, college students, 6177  
 noise background, pitch discrimination, 18 37 yr olds, 2180  
 pure vs complex tones & presentation order & 2- vs 3-pitch alternatives, pitch discrimination in group- vs individual-testing room vs. with earphones, 19-23 yr. old music students, 133  
 sex & individual differences, pure tone threshold & loudness judgment & pitch discrimination & annoyance of repeating stimulus, 8205  
 temporal model on which pitch is derived from nerve impulse time patterns vs place model in which pitch is derived from basilar membrane excitation patterns, frequency difference limens for narrow bands of noise, 6178  
**Pitch Perception** (See also Pitch Discrimination)  
 overlapping pitch ranges, perceptual grouping of successively-presented tones from 2 melodies, college students, 10210  
 pitch perception, criticism of P. T. Brady's fixed-scale mechanism of absolute pitch, 2165  
 pitch perception, mathematical pattern-transformation model, 10233  
 relative phase & number of components, residue pitch, 2182  
**Pituitary Disorders** (See also Hypopituitarism)  
 acromegaly & gigantism with depression, female 18 yr old, 1185  
**Pituitary Dwarfism** (See Hypopituitarism)

- prior sleep, rehearsal & recoding & memory & learning ability, male students, 10336
- professional training & experience, aptitude test measures, 10342
- sequential vs organized rehearsal, organization in free recall, college students, 8467
- spacing of repetitions, picture memory, 6312
- special instructions on logical-tree construction & use & limiting vs not limiting instructional study time, performance accuracy on procedural tasks, male college students, 12065
- study list spacing of category instances & recognition test order & study frequency, recognition, college students, 10452
- type of visual feedback & distribution of practice, intermanual transfer of prism aftereffects, U.S. Navy Air Development Center employees, 8152
- verbal briefing & practice with visual display, kinesthetic aftereffects, college students, 10201
- vocalization during display of letter strings & rehearsal during retention intervals, phonemic encoding, young adults, 4291
- Practice Effects**
- continuous practice, inverted-reversed printing performance, right hand & eye dominant Ss, 2259
- direct practice of adjunct questions, short- & long-term recall of prose, 5th & 6th graders, 2431
- discrimination pretraining, intralist similarity phenomenon in developing beginning reading skills, kindergartners, 9895
- early lateralization dependent on E's degree of practice, acquisition of false laterality orientation in T maze, rats, 615
- familiarity & practice, paired-associate learning with nonsense shapes & object names varying in frequency, college students, 204
- familiarization feedback, performance on Raven Coloured Progressive Matrices, lower- & middle-class kindergartners, 12033
- free vs forced repeat method of reporting essential message information in brief form, gisting, 5141
- hippocampal lesions, pretraining effects on performance on differential-low-reinforcement-of-low-rate schedules, rats, 4482
- interitem associative strength & rehearsal & proactive inhibition, retention of paired-associate lists, college students, 10461
- nonword pronounceability & real word familiarity, encoding in categorization & recognition, college students, 8421
- overt rehearsal, recall of paired associates, investigation of R. C. Atkinson & R. M. Shiffrin's report, 4296
- overtraining, selective attention in intra- & extradimensional shift discrimination learning, 3rd graders, 2405
- practice effects, anagram problem solving, college students, 8376
- practice or reinforced practice, response speed deficit & intellectual performance modification, elderly, 4904
- practice, movement changes of upper limb while engaged in novel ball throwing task, college students, 8315
- rapid overt rehearsal & encoding, retention, college students, 2406
- repeated testing sessions & instructions for rehearsing digit sequences in 3 vs 4 digit groups & initial span level, digit sequence recall, young vs old adult females, 799
- stimulus retention differences, concept identification, college students + +, 8401
- white noise & message repetition, proverb interpretation, good & poor premorbid schizophrenics, 7297
- Pragmatism**
- idealistic value systems vs pragmatism, justifications for attitudinal positions toward Vietnam war, college students, 10953
- Praise**
- perceptions of anticipated vs absent interaction with working partners, laudatory judgments & expressions of sympathy, college students, 2945
- praise & monetary rewards, reading comprehension, 6th graders with reading deficits, 11916
- praise & money reinforcement, name recall after picture identification sessions, male schizophrenics, 3369
- praise to worker, work performance of adjacent worker, moderately retarded adults in sheltered workshop, implications for educational & rehabilitative settings, 3939
- teacher praise & criticism & directions & affection & responses, task behavior, preschoolers, 7887
- verbal praise & reproof, balance board performance, college students, 8299
- verbal praise vs attitude agreement vs objective correctness, recall of early childhood memories, 14-17 yr old male delinquents, 11721
- verbal reinforcement & praise vs piece of candy, discrimination learning, middle- vs working-class 1st graders, 5870
- Precognition**
- apparatus allowing avoidance of aversive electrical stimulus, investigation of precognition, jirds, 610
- computerized & automated precognition test, hamsters, 611
- Predictability (Measurement)**
- composite vs multiple criteria, industrial psychology measures, 10011
- conservatism in probability revision, generalizability of laboratory experiment results to more realistic inferential & decision-making situations, 10338
- estimation of J scales for unidimensional unfolding, 4135
- gain from selection, prediction in future samples, 4133
- individual difference predictability, responses to discrete stimulus presentations, 2126
- moderator effect of ambivalence, attitude measurement, college students, 4106
- moderator variables, statistical accuracy & practical utility in predicting criterion scores for employee selection, male customer engineers, 1964
- pooling vs subgrouping strategy, predictive accuracy, 2118
- predictive correlates, attitudes to multidisciplinary health care services, mothers, 9794
- S to variable ratio, generalizability of multiple regression equations, 6151
- stepwise regression for mixed mode predictor variables, 4131
- task predictability & cue validity, interpersonal learning of inference tasks involving both linear & nonlinear relations, college students, 8357
- Prediction** (See also Occupational Success Prediction)
- lost letter technique, prediction of 1972 presidential election outcome, 6998
- attitude-scale prejudice measures, predicting behavior in social influence-situation, college students, 3050
- auditory & visual perceptual abilities & chronological age, prediction of verbal control of perceptual-motor behavior, prekindergartners, 8881
- Automated Tri-informant Goal Oriented Progress Note, treatment effectiveness predictive validity, 11535
- availability as judgmental heuristic, judging class frequencies & probability of events, 10410
- background & cognitive & motivation variables, predicting persistence in university special educational opportunities program, 1908
- biographical data, creative performance prediction, 7186
- canonical correlation analysis, prediction of joint satisfaction with occupational success, farm family husbands & wives, 1979
- career plans & work interests & values, vocational adjustment prediction, adults with congenital heart disease, 3782
- college social & academic environment, predicting changes in attitudes, college students, 5914

- combining information from uncertain cues, predicting state of decision making in multiple-cue probability learning, 10384
- confidence in stimulus prediction, choice reaction time, college students, 10312
- contingency model of F. E. Fiedler, leadership style & effectiveness prediction for emergent leaders, college students, 2020
- direct estimation procedures, eliciting judgments about uncertain events, 10325
- driving record & demographic characteristics & attitudes & physiological & cognitive factors, home accident prediction, females, 2032
- extended use of moments of 2 distribution functions, predicting performance in pattern discrimination, college students, replication of L. Zusne's experiment, 69
- external vs internal constraints as measured in type of delinquency proneness scale proposed by Reckless & Dinitz, juvenile delinquency prediction, 7391
- feedback vs. subsequent omission of feedback, prediction strategies in nonmetric probability learning, college students, 205
- individual trainee vs training program characteristics, prediction of training program outcomes, 6038
- job performance, character & behavior disorder prediction, Navy enlisted men & Marines, 9209
- kindergarten reports, predicting learning disabilities, learning disabled boys, 7435
- model of system capable of assimilating probabilistic features of environment & making probabilistic predictions on basis of accumulated experiences, 6148
- multiple attribute model of consumer attitude, prediction of relative preferences for various TV shows, 11070
- oral-form discrimination test performance, speech performance prediction, 3rd graders, 3496
- personality variables, science & religious attitude prediction, 13 yr olds, 2841
- policy task predictability, policy conflict & change, college students, 969
- predictable vs unpredictable shock with vs without restraint, gastric secretion & total acid output, chronic gastric fistula rats, 8560
- preferences for predictability or unpredictability, norm violation, college & high school students, 5000
- prophets & spiritualists & clairvoyants & prophecy devices & superstitions, book, 8158
- psychological inventories, predicting attrition, U.S. Coast Guard Academy cadets & graduates, book, 6016
- pursuit rotor & finger-tapping & paired-associates recall & TAT & motivation questionnaires & Eysenck Personality Inventory, motivation prediction, apprentice gas filters, 12106
- recent life changes, subsequent illness rate prediction, navy & marine corps personnel, 1201
- rehabilitation service components, vocational outcome prediction, 7817
- rules determining intuitive predictions & judgments of confidence, contrast to normative principles of statistical prediction, 2325
- sampling procedures for item variance & covariance estimation, individual score prediction, 3957
- stuttering chronicity prediction checklist, 7482
- subjective expected utility, prediction of events, vocational & technical secondary school students, 285
- system parameters, semiautomatic radar surveillance performance prediction, college students, 6070
- task predictability & cue validity, interpersonal learning of inference tasks involving linear & nonlinear relations, college students, 212
- teachers' prediction of reading readiness, kindergarten teachers, 9910
- type III errors, educational research, 8131
- Prediction Errors** (See also Type I Errors, Type II Errors)
- differential process theory, differential college grade prediction, blacks vs whites, 7995
- Predictive Validity**
- algorithmic vs item forms, assessing behavior potential, 9th graders, 5972
- central-composite design regression equations, predictive validity for single operator performance in simulated surveillance system, college students, 6076
- collapsed vs uncollapsed within-Subject designs, prediction & cross-validation of video cartographic symbol location performance with black & white vs color TV monitors, Army officer cadets, 6077
- construct validity, achievement test in introductory psychology, 6145
- early detection & validity of predictive measures, learning problems, 5944
- ethnic group identification, validity of predictor measures in forecasting turnover, female Negro & Caucasian factory workers, 4024
- imagination vs hypnotic induction instructions, behavioral predictions from hypnotic responsiveness scores on Barber Suggestibility Scale & Stanford Susceptibility Scale, high school students, 9133
- internal & external Midi-Mults of E. Dean, prediction of long form MMPI scores, college students, 9106
- predictive efficiency of J. Holland occupational classification, application to retrospective work histories, 10031
- predictive validities of high school class rank & academic aptitude measures, students of low & high academic promise, 5982
- predictive validity & fairness in intergroup testing for educational selection, 9978
- predictive validity of supervisor & peer evaluations of emotional stability & task motivation & social compatibility, civilian vs U.S. Navy personnel at isolated Antarctic research station, 3983
- predictive validity, Rorschach Prognostic Rating Scale, neurotic patients being treated with behavior modification technique, 9739
- predictive validity, Scale for Assessing Suicide Risk, psychiatric patients, 9570
- predictive validity, Wechsler Preschool & Primary Scale of Intelligence, Mexican American 5 6 yr. olds, 1921
- reliability & predictive validity, conventional scores vs weighted scores of intelligence test, 10151
- selection criteria validity, predicting academic success, psychology graduate students, follow-up study, 7965
- Torrance Tests of Creative Thinking during high school & autobiographical information, prediction of adult creative achievement, gifted women vs men, longitudinal study, 5237
- validity assessment, predictors & criteria used in industrial psychology, 10003
- validity of Rhode Island Pupil Identification Scale, early detection of learning problems, kindergartners & 1st & 2nd graders, 3485
- Predisposition**
- age & behavioral predisposition to coronary heart disease, reaction time, 7491
- etiology & prevention, sociopsychological aspects of suicidal tendencies, 1704
- genetic components, neuroses, 2550
- genetics & stress & conditions of life attendant on social class position, schizophrenia interpretations, 1258
- nonconformity & need for evasion & depressive complex, suicidal tendency, psychopathic & neurotic patients with repeated car accidents, 9368
- predisposing personality & environment & stimulation of arousal & attention mechanisms in CNS, amphetamine psychosis, 1231
- social groups, attitudes towards social pathology, 5126
- Preference Measures** (See also Kuder Preference Record, Least Preferred Coworker Scale)
- canonical analysis, 16 PF & Vocational Preference Inventory, graduate students, 3979
- metric multidimensional scaling procedure, strength of preferences, graduate students, 341
- preference scaling techniques as aid in engineering system design, choice of playground equipment, 3rd 4th graders, 12129
- Preferences** (See also Aesthetic Preferences, Food Preferences, Occupational Preference)
- age & sex & adult estimates of preferences, incentive preferences, 4 7 & 8 11 yr olds, 4845
- age group & sex, color preference, 8 62 yr olds, 7109
- age, preference for black skin, 15 25 & 35 45 & 55 65 yr old black males, 2851
- analysis of children's preferences for various types of animals, 6336
- automatic apparatus, odor preference determination, rats, 688
- bilateral electrolytic amygdala lesions, food & water intake & saline & NaCl preference, rats, 6525
- birth order, expressed preferences for reading & consultation with authorities & nonauthorities & thinking & observation when in need of information, 9th-12th graders, 7143
- competitive success & failure, task preferences, 3rd graders, 9935
- concurrent-chains schedules, preference for random-interval vs noncontingent reinforcement schedules, pigeons, 6728

correlation with personality & cognitive measures, contraceptive preferences, adults, 6970  
 developmental differences in MA, novelty preference, retarded adolescents, 3476  
 egocentrism, transitivity-intransitivity of inferences about preferences, 6 & 9 & 11 yr olds, test of J. Smedslund's hypotheses, 6840  
 experience of drinking water at 12° vs 24° vs 36° C, preference for water temperatures, rats, 8848  
 exposure frequency, preferences for random shapes, college students, 10260  
 exposure to high- vs low-redundancy sequences & rating dimensions, preference for stimuli, college students, 6339  
 follower-maturity, preference for leadership style, college students in clinical training program, 3000  
 forebrain transplantation from trained vs naive donors, acquisition of dark avoidance & preference, newts, 4491  
 gender constancy, parent preference, 4 6 yr olds & college students, 4900  
 individual differences, preference for lecture with or without discussion vs independent study, college students, 7924  
 interest & pleasure in stimuli, visual preferences, monkeys, 8849  
 intermittent light presented at different frequencies & singly vs in pair-combinations, preference behavior in approach responses, visually naive chicks, 8772  
 linear programming, multidimensional analysis of individual differences in preference judgments, 8140  
 method & instructions & age, stimulus preference assignments, kindergartners & 1st & 3rd graders, 354  
 metric multidimensional scaling procedure, strength of preferences, graduate students, 341  
 misclassification in novel vs familiar stimulus identification task, affective preference, college students, 345  
 movement toward equalizing treatment of sexes, preferences for sex of offspring, male vs female college students in 1973 vs 1954, 8979  
 multiple attribute model of consumer attitude, prediction of relative preferences for various TV shows, 11070  
 personal preferences & self concept, empathic vs. non-empathic counselor education students, 1163  
 personality characteristics & sex differences, preferences in experiments, college students, 6342  
 personality, seating position & distance preferences in counseling & formal & home & social situations, college students, 7053  
 positive vs zero vs negative money values of hypotheses, hypotheses selection, 10363  
 preference for tone stimuli ordered on frequency vs amplitude, auditory transposition, college students, 8201  
 privacy, toilet seating preferences in dormitories, college students, implications for lavatory design, 5084  
 racial self-designation, preferences for counselors, black college students, 8004  
 rearing with temporal auditory pattern, subsequent preference for pattern, rats, 2747  
 receiving preferred vs nonpreferred vs randomly assigned therapy, fear reduction effectiveness, college students, 11546  
 reinforcement condition & base preference & base rate levels in 2-choice marble dropping task, base preference ratio & base rate & preference ratio & rate change, male vs female 4 yr olds, 10813  
 restricted posterior neocorticalization, brightness preference & discrimination, rats, 503  
 sex & age & educational level & length of hospitalization, treatment preferences, psychiatric patients, 7568  
 shock modifiability, preferences for signaled vs unsignaled inescapable shock, rats, 10722  
 stimulus affective characteristics, visual selection patterns, 7-11 yr olds, 2443  
 stimulus familiarity/novelty, preferences for letters vs letter-like shapes, 5 vs 10 yr olds, 10841  
 tactile preference, visually-impaired multiply-handicapped children, 7498  
 test validity & reliability, Music Preference Test of Personality, normal adults & psychiatric patients, 4115  
 transitivity & cognitive complexity, preferences for paired comparisons of 3 colors, college students, 2437  
 transitivity, preference patterns, 1st & 3rd & 5th graders & adults, 10805  
 value judgment intransitivity decrease & preference order invariance increase, school age children, 6824  
 visual preference, interspecies non-spatial habit reversal learning, rodents, 8852

**Preferred Rewards**

intergroup comparisons of intraperson differences, work reward preferences, 1980  
 signaled reinforcement in multiple & concurrent VI schedules, behavioral contrast & preference, pigeons, 2724

**Pregnancy**

acceptance vs denial on psychiatric grounds vs acceptance on medical grounds, therapeutic abortion, Scottish females, 2-yr follow-up study, 9815  
 analyst's pregnancy, transferences, female patients, 5742  
 counseling, pregnant pupils, 12003  
 decisions to inform expectant parents about available tests for possible genetic abnormalities, 7505  
 demographic characteristics & psychogenesis, referrals to psychiatric service, unwed pregnant adolescents, 1716  
 disturbed parental relationships & reliance on denial & ambivalence, mid-trimester abortion, women delaying vs not delaying legal requests, 2903  
 familial disposition & pregnancy factors & parental separation, mental breakdown, adolescents with schizophrenic mothers, 9303  
 food & water intake on 3 diets differing in palatability & caloric value, pregnant vs nonpregnant rats, 6446  
 gestational age & birth weight, quiet sleep duration, 1 2 day old newborns, 2761  
 imipramine before & during pregnancy, litter size, female rats, 8746  
 intense physical preparation, childbirth without pain, medical personnel's role, 9576  
 lateral hypothalamic lesions, placentalphagia, pregnant & nonpregnant rats, 6546  
 maternal vitamin A excess during early fetal period, physical development & learning ability, rats, 6500  
 methadone, pregnancy, women in maintenance program, 5618  
 movement in residential maze, virgin vs pregnant vs lactating mice, 6770  
 nutritional deprivation during pregnancy & lactation, maternal behavior, female rats, 10791  
 ovariectomy, scent-marking frequency & nest-building activity during pregnancy & lactation, gerbils, 521  
 pregnancy & abortion, developmental paradigm based on stage-specific conflicts of early vs middle vs late adolescence, unmarried adolescents, 2900  
 pregnancy stress in mothers, psychosomatic aspects of infantile pyloric stenosis, 11448  
 problem pregnancy counseling, 1697  
 Quick Test, intelligence assessment, pregnant indigent Negro adolescents, 231  
**Prejudice** (See also Religious Prejudices)  
 academic & clinical & federal government settings & applied & school psychology, discrimination against women in psychology, 4967  
 cross-cultural differences, prejudice & stereotyped attitudes toward homosexuality, college students, Brazil & Canada, 977  
 dogmatism, intergroup bias, college students, 3025  
 ethnicity & social status & racial prejudice, measurement of ethnic identity, 10933  
 experience as discriminator & object of discrimination, subsequent attitudes toward picnicking with black children, white 3rd graders, 3085  
 intragroup prejudice, anxiety & disturbed behaviors, hospitalized adolescents, 9850  
 locus of control, self-righteousness & hypocritical attitudes, college students, 3062  
 need to believe in just world & Protestant Ethic & hereditarian bias & authoritarianism & personal conscience vs social responsibility ethics, obstacles to upgrading nation's disadvantaged, 881  
 peer-facilitator program, easing racial tensions, black & white 5th & 6th graders, 5873  
 personnel selection tests, age discrimination, female clerical workers, 1950  
 prejudice against females, sentencing adolescent delinquents, 2908  
 prejudice level, inspection time & attractiveness ratings of photos of whites & blacks, white college students, 3070  
 race vs attitude differences, prejudice, 833  
 racial membership vs similarity of beliefs about racial issues, interpersonal evaluations, white male students, 7067  
 racial prejudice & race of target, physical aggression, college students, 3029  
 real vs perceived prejudice in white nurses, seeking health care, black families, 3583

- rural areas & upper caste level & lower educational group, measuring caste prejudice, college students, use of R. M. Singh's Caste Prejudice Scale, 4950
- sex & age & occupational & racial bias, official accident & violation records, 2036
- sex-biased vs sex-unbiased vs affirmative action sex-reversed wording & alphabetical vs sex-segregated listing of job advertisements, sex discrimination & job preference, female vs male college students, 3993
- sociocultural & personality factors, prejudice development, English-speaking South African students, 6896
- subtle prejudice & high expectations, life satisfaction & success, U.S. Chinese & Japanese minorities, 6944
- test-retest & internal consistency reliabilities of scale, measuring caste prejudice, college students, 4959
- therapy as status quo supporter, repression of racial minorities & women & homosexuals & poor & social sexual deviants, book, 4932
- threat of prejudice in own behavior, reverse discrimination as favorable behavior towards minority group members, white college students, 11030
- transference & countertransference in interracial therapeutic process, 15-yr-old girl with history of prepubertal psychic trauma & strong pre-oedipal ties with mother & prejudiced parents, 3619
- Premarital Counseling**  
dynamic counseling & direct instruction based on individual needs, treating sexual problems, college students, 7769
- Premarital Intercourse**  
attitude scale, reliability & validity for premarital sex attitudes, 992  
theoretical framework & model design, decisions about premarital intercourse, 5104
- Premature Birth**  
auditory stimulation, perceptual motor development, premature infants, 2783  
autocorrelation, periodicity of successive recurrences of sleep states, normal premature vs full-term infants, 8569  
computer-assisted data processing of manually precoded sleep patterns, monitoring of sleep, premature vs full-term infants at comparable conceptual ages, use in clinical assessment, 7546  
crying & responsivity to increasingly stressful neurological examination items, premature infants at 31 33 vs 34 36 vs 38 42 wks conceptual age vs full term infants at 38 42 wks conceptual age, 6829  
motor retardation & cerebral dysfunction & retarded maturation, prematurely born infants, 5291  
physical abnormalities & IQ & perceptual motor processes & speech defects, premature babies, 5 yr follow-up study, 9212  
premature delivery, physical development & emotionality & learning ability, rats, 6438  
premature vs full-term births, anxiety & depression in early postpartum period, mothers, 11250  
Premature Infant Activity Schedule, time-sampling measure of infant's behavior & caretaker's activity, 4825  
tape recording of mother's voice vs unknown female voice vs white noise, cardiac responsivity, low-birth-weight premature infants, 2541
- Premature Ejaculation**  
behavior therapy, orgasmic & erectile failure & premature ejaculation, 1668  
hypnosis & posthypnotic amnesia & symbolic language, obsessive-compulsive pattern reversal, 38-yr-old patient with ejaculation precox, 9591
- Premenstrual Tension**  
menstrual cycle, correlations between mood & weight & urinary potassium-sodium ratios, female 18 25 yr olds, renin-angiotensin-aldosterone hypothesis of premenstrual tension, 10566
- Prenatal Development** (See also Embryo, Fetus)  
fetal androgen, development of sex differences & brain development, literature review, 6864  
genetic risk & prenatal diagnosis, selective abortion, 2912  
LSD, human chromosomes & human development in utero, 598  
prenatal administration of dextroamphetamine, offspring activity & passive avoidance learning, rats, 6665  
prenatal D-tetrahydrocannabinol, offspring physical maturation & reflexive & exploratory behavior development, rats, 10651  
simple EEG electrode, intrauterine signal analysis of human fetus, 6407
- Prenatal Developmental Stages** (See also Embryo, Fetus)  
**Preschool Age Children**  
ability to identify & discriminate synthetic speech stimuli series varying in voice onset time, stop consonant perception, kindergartners vs 2nd graders, 10847  
accepting vs rejecting mother vs unknown female model, imitative behaviors, male vs female 5 yr olds, 4894  
achievement of conservation, knowledge & use of dimensional language, lower- & middle-class kindergartners & 1st & 2nd graders, 6863  
acquisition & transfer, multiple grapheme-phoneme correspondence training, kindergartners, 3883  
acquisition & use of morphological rules, high-risk vs learning disabled vs achieving 3.7 10.2 yr olds, 5491  
adjacency vs order vs positioning vs linearity spatial characteristics in configuration graphic reconstruction, representative space evolution, 3.6-7 yr olds, 6872  
age & item cue delay, storage & decay of spatial information, white middle-class kindergartners vs 3rd vs 6th graders vs college students, 4847  
age & sex & adult estimates of preferences, incentive preferences, 4-7 & 8-11 yr olds, 4845  
age & sex & conversation vs construction task, interpersonal visual behavior during dyadic interaction, 4 6 vs 7 9 vs 10 12 vs adults, 4891  
age & sex & presentation rate, speech comprehension, kindergartners vs 2nd graders, 8884  
age & sex & socioeconomic status, development of visual aesthetic preferences, 3 & 7 yr olds, 4842  
age & sex, distinguishing fantasy from reality, 3 5 yr olds, 751  
age & socioeconomic status & health & sex, sucking of tongue & lips, very young children & adolescents, 2768  
age differences, ability to describe verbally spatial relations in line drawings, 4 7yr olds, 4823  
age differences, 24-hr sleep patterns, 2-3 vs 4-6 yr olds, 4406  
age, skin color awareness & preferences, London 3 5 yr olds, 2805  
aggressive affect of words, recall, kindergartners, 8360  
animism factor, conceptions of life, kindergartners & 1st graders, 722  
aperture-viewing vs sequential piecemeal vs whole presentation conditions, shape recognition, 4.8 10.9 yr olds, 10819  
art specialist in art curriculum, artistic achievement, 2 7 yr old retardates vs 3 4 yr old normals, 1911  
articulation assessment & phonetic preschoolers & acoustic vigilance, attention in acquisition of articulatory behavior, preschoolers, 11096  
ascription of maturity from body proportion of outline human figure drawings, 3 5 yr olds, 762  
assertive behavior, cognitive performance, preschool children for Head Start population, 6845  
attention to mathematically ordered transforming stimuli, 1 3 yr olds, 2781  
attentional mechanisms, devaluation of forbidden activity in forced-compliance situation, kindergartners, 7093  
auditory & visual perceptual abilities & chronological age, prediction of verbal control of perceptual-motor behavior, prekindergartners, 8881  
auditory evoked response wave form during REM & Stage 2 sleep, 27 60 mo olds, 8534  
base syntax development, normal 1 3 yr olds vs 3 9yr old linguistically deviant children, 9473  
behavior category system for observational study, play behavior, 3 5 yr olds, 773  
behavior modification, mean length of language response, deaf preschoolers, 7715  
behavioral maturity, Anglo-American vs Mexican-American 3 5 yr olds, 6876  
binary prediction, short-term memory, pre-school age children, 2389  
body build stereotypes, personal space schemata, kindergartners & 1st-3rd graders, 6825  
Buctouche preschool project evaluation, cultural deficit alleviation & school readiness growth stimulation, preschoolers, Canada, 3899  
CA & MA & IQ, verbal imitation, 5 yr olds, 10816  
CA & MA & IQ, verbal imitation, 5 yr olds, 10860  
CA & model reward, imitative behavior, kindergartners vs 2nd & 3rd graders, 4846  
Canter Background Interference Procedure & Bender Gestalt Test & Draw-A-Man Test & Draw-A-Woman Test, assessment of developmental progress, Negro & Caucasian Head Start children, 5957

- childhood autonomy crises, psychosocial development & aggression, 23 yr old Utku Eskimo children, 2811
- choice of nonsensical vs hostile-aggressive humor alternative for incomplete drawing, 4 & 5 yr olds, 9118
- cognitive & psychomotor & affective measures, school readiness, 5 yr olds, 9975
- cognitive approach, social adjustment problems, preschool age children, book, 10910
- color distraction, color vs form response on matching task, nursery school vs nonschooled Ghanaian 3-6 yr olds, 4827
- communication skills, 5 yr olds with high-risk neonatal histories, 9062
- communicative & linguistic competence during play, isolated vs not isolated culturally deprived vs middle-class 3-4 yr olds, 8880
- computer-assisted remedial education program, identification of handicapping conditions in children, inservice preschool & elementary school teachers, 5936
- concepts of physical causality, attribution of psychological causality, kindergartners & 1st graders, 721
- confidence rating procedure, decision processes in recognition memory for 2-digit numbers, kindergartners & 3rd graders, 6301
- conflict, moral judgment, preschoolers & 2nd graders & adults, 10905
- conflicting locating cues in regular pattern homologous stimuli, spatial reference systems, 3-6 yr olds, 6814
- context of accompanying picture, sentence comprehension, 3-7 yr olds, 5140
- contrast categories, auditory perception of rhyming, kindergartners, 9072
- copying object's location & orientation within 2-dimensional spatial layout, spatial reference system development, 4 & 6 & 10 yr olds, 10873
- creative acts in children's play, traditional nursery school program evaluation, 3846
- culturally adapted version of D. G. Brown's It Scale for Children, development of sex roles, 3-9 yr olds, Yugoslavia, 2808
- daily reading by mothers, vocabulary growth, Head Start children, 9889
- designation of location of terminal vs nonterminal member of ordinal series, relational size problems, 4-5 yr olds, 10820
- development of phrase structure rules involved in tag questions, 5- & 8- & 11-yr-olds, 8894
- developmental aspects, reading & writing of digits & numbers, 4-8 yr olds, 10878
- developmental differences, identity & equivalence conservation, kindergartners vs 1st vs 2nd graders, 2785
- developmental differences, serial & standard free & labeling free & labeling cued recall, kindergartners vs 5th vs 9th graders, 2766
- developmental differences, tactile & visual sense system interactions measured by reaction time, 3-9 yr olds, 708
- developmental differences, thinking in concrete images, preschool children, 4867
- developmental norms, finger-to-thumb apposition & forearm movement, 4-8 yr olds, 731
- developmental rotation in mental development, 1-6 yr olds, 8895
- diagnostic & intervention procedures, prevention & identification of potentially noncategorizable disabled preschool children, 5871
- differential orienting responses, intra- vs extradimensional learning & transfer, preschoolers & 1st & 2nd graders, 10403
- dimensional training using Kruskal-Shepard scaling & Procrustes rotation procedures, response mode in dimensionalizing, kindergartners, 8873
- dimensions & positive vs negative concepts, affective symbolism of spatial forms, Zambian vs Yugoslavian preschoolers, 4949
- discrimination of symmetric figures, determining reading readiness, 3-7 yr olds, 5987
- discrimination vs reproduction tests, perceptual ability assessment, 5-yr-old nursery school students, 8154
- disjunctive concept utilization, 3-5 yr olds, 747
- distraction levels & informed vs uninformed instructions & reward vs neutral vs punishment vicarious consequence treatments, visual attention & recall in observational learning, preschoolers & 2nd graders, 10848
- drawings of man, frustrated vs nonfrustrated 4 yr olds, 6828
- educational provision to facilitate language acquisition, preschoolers, 1832
- EEG, brain development, normal 3-15 vs mentally retarded 7-18 yr olds, 5471
- engaging in activity for extrinsic reward, intrinsic interest, 3-5 yr old nursery school children, 10498
- ethological & interview & experimental approaches, parent-child interaction, 2 yr. old boys, 776
- ethological approach of seeking species characteristics & phylogenetic continuities, peer group dominance hierarchies, nursery schoolers to 4th graders, 10896
- exposure to new knowledge & discussions of racial differences, attitudes toward blacks, upper-middle-class white children & black child in private preschool, 5822
- extent & kind of external control during training, resistance to temptation, 58-75 mo olds, 10824
- eye fixation response & visual attention, 2-9 3-8 vs 4-9 5-3 yr olds, 2767
- F. Goodenough's & D. Harris's scoring methods, Draw-a-Man Test performance, 5- & 11-yr-old English children, 763
- facial photographs of peers, stereotyping of facial attractiveness, 3-6 yr olds, 6887
- factor analysis with orthogonal rotation, Frostig Developmental Test of Visual Perception, kindergartners, replication of J. R. Thomas & B. S. Chissom's work, 2776
- factorial composition, Peabody Picture Vocabulary Test, Head Start 4 yr olds, 3955
- factorial composition, 1960 revision of short form of Stanford-Binet, culturally disadvantaged 3-5 yr olds in Head Start, 3964
- fading vs learning-set procedure under pretest vs no pretest conditions, conservation of length, 4-5 yr olds, 4849
- familial variables, expression of violent aggression, black preschoolers & their mothers, 963
- family & social background, solving simple arithmetical problems on perceptual or imaginal level, 4-7 yr olds, 2313
- fantasies, individuation & affect & morality development & cognitive functioning, nursery school children, book, 6818
- feedback & basic 1-sentence rules, conservation of liquid quantity & 2 logically complementary nonconservation problems, 5-yr-old kindergartners, 8416
- field independent field dependent cognitive style, continuous-discontinuous concept attainment, middle-class kindergartners, 2791
- field-dependence & sex & verbal reinforcement, conformity, disadvantaged preschool children, 1066
- formula of A. S. Kaufman, applicability for abbreviating Wechsler Preschool & Primary Scale of Intelligence, 5-6 yr olds, 9988
- free food intake before lunch, judging consequent consumption & role of internal cues in food control, 4-6 yr olds, 6822
- free play vs imitation, associative fluency, nursery school Ss discussion of M. A. Wallach & N. Kogan's associative theory of creativity, 6875
- grammatical & semantic complexity & use frequency in parental speech, grammatical morpheme acquisition, 16-40 mo olds, 6844
- Graph's Games, communication of mathematical concepts, young children, 11894
- group size & apparatus type & amount, biorhythms in activity during free play, kindergartners, 2544
- Haeusslerman approach, evaluation of perceptual & cognitive functioning & language competence & short-term retention, preschool age children, book, 1924
- hierarchical factor analysis, Wechsler Preschool & Primary Scale of Intelligence, 8124
- home-based educational intervention, maternal teaching behavior & child's academic achievement, low-income urban homes, 11932
- hospitalization, oedipal reactions, 5-yr-old girl, 11251
- incidental vs intentional learning, verbal recall & visual recognition of same stimuli, kindergartners, 2376
- individual differences, productivity in cognitive problem solving & memory, preschool children, 4237
- information source use, self-instruction on paired-associate learning task, 4 yr olds, 2326
- integration into regular preschool, hearing impaired children, 3944
- intra- vs extradimensional shift learning, preschool children vs junior college students, 8876
- intralist interference & imagery, paired-associate learning & memory, deaf 6-10 yr olds & hearing 4-5 yr olds, 7538
- labeling & delayed recall, short-term memory, kindergartners vs 1st vs 4th graders, 4835
- learning manual skills, young children, 726
- learning of doing-saying sequence using contingent reinforcement, development of correspondence between verbal & nonverbal behavior, Head Start children, 3937

- linguistic factors vs underlying conceptual differences, asymmetry in acquisition of polar adjective pairs, 3 4 yr olds, 2784
- lithyrium sodium vs dextroamphetamine, psychotic & severely disturbed nonpsychotic euthyroid preschoolers, 9643
- maternal employment & sex role & social class, childhood development, infants & preschool & school age children & adolescents, 714
- maternal reinforcement styles used in teaching their children, individual differences in responses, black & white English & Israeli 4 yr olds, 6889
- measurement, social & emotional development, preschool age children, book, 8883
- medical & dental & psychological screening, early identification of developmental deficits, preschool age children, 9450
- mental health center efforts, psychoeducational consultation to Title III preschool program, preschoolers, follow-up intervention, 11791
- method & instructions & age, stimulus preference assignments, kindergartners & 1st & 3rd graders, 354
- miniature sand environments, visual & concept & imagery & tactual development, nursery school children, 9882
- model distinctiveness & prior imitative training, imitative play behaviors, nursery-school & 2nd-grade Ss, 2760
- model's response patterns, response patterns in observational learning, preschool children, 8417
- modeling & task history, generalized imitation on nonimitative visual discrimination, 4-5 yr olds, 2378
- modeling vs imitation training, sentence phrase acquisition, preschoolers, implications for language acquisition, 10882
- mother as therapist & social punishment, autistic-like behavior, 3 yr old, 9738
- mother-child interaction, physically handicapped 15 48 mo olds & their mothers, 7520
- multiplication of asymmetrical transitive relations involving double asymmetry, matrices & pattern detection, 4 7 yr olds, 6848
- naturally-motivated expectancy, changes in Easter drawings drawn before vs after Easter, kindergartners & 1st graders, 1110
- negative punishment contingency, aggressive behavior on nursery school bus, 2 preschool brothers, 7881
- object- & dimension-referent response sets, false recognition errors, kindergartners & 2nd & 6th graders, 10812
- onset of smiling & sitting alone, early mental retardation diagnoses, 5 mo to 6 yr olds referred for developmental problems, 1400
- operant training, acquisition & generalization in number relations & conservation, 3-5 yr olds, 10855
- operativity, cognitive development in reading, 5 yr old readers & nonreaders, 6841
- oral form recognition training, articulation change, 4-6 yr olds with articulation disorders, 3497
- overtraining reversal effect, discrimination learning, 3 5 & 8 10 yr olds, 8419
- parent-child training program, mentally retarded preschoolers & their mothers, 5937
- parental background & economic & social living conditions, weekly & residential nursery children in Czechoslovakia, 702
- Peabody Picture Vocabulary Test vs teacher ratings, verbal behavior, 4 5 yr-old urban slum-dwellers, 3975
- peer characteristics, academic performance, low-income preschoolers, 1881
- perceptual part or whole preferences, ego nonego segregation, 4 6 & 17 & 22 60 yr olds, 9109
- perceptual training emphasizing perceptual awareness & role-taking ability vs conservation & spatial perspective, racial preferences, kindergartners, 821
- perceptual-motor skill, intelligence, kindergartners, 8341
- Piagetian theory of how children learn, teaching methods & teacher-student interaction, use in preschool education, 3856
- picture methods, assessing aggressive & prosocial & avoidance responses to frustration, 3 5 yr olds, 5239
- predictive validity, Wechsler Preschool & Primary Scale of Intelligence, Mexican American 5-6 yr. olds, 1921
- pretraining in relevant vs irrelevant stimulus dimension & set size, learning multiple discriminations with letters of alphabet, 4-6 yr old girls, 5886
- Problem Checklist & Social Competence Scale validity, assessment of emotional disturbance, 3 7 yr. olds in day care centers & day treatment facilities & mental hospitals, 1257
- progressive facilities & length in institution, psychomotor development, institutionalized 1 mo to 6 yr old children, 6865
- projective patterns, 3 12 yr old physically handicapped children, 5501
- puzzle vs regular form of Children's Apperception Test, apperceptive responses, preschool children, 9114
- race & age differences, McCarthy Scales of Children's Abilities, black vs white 2 8yr olds, 6823
- race & sex of model & student, imitation learning, white vs black preschool age children, 4826
- race, performance on Wechsler Preschool & Primary Scale of Intelligence, 4-6yr olds, 6943
- radio telemetry, evaluating verbal behavior, preschool children, use in study of communication disorders, 7104
- random presentation vs verbal elaboration vs presentation in categories, free-recall of pictorial items, kindergartners, 8444
- reconstruction ability, recognition for seriation, black 4 & 5 yr olds, 6838
- reinforcement condition & base preference & base rate levels in 2-choice marble dropping task, base preference ratio & base rate & preference ratio & rate change, male vs female 4 yr olds, 10813
- reinforcement vs nonreinforcement for imitative behavior prior to observation of model exhibiting aggressive behavior, imitation in free-play situation, kindergartners, 6810
- reliability & validity, Visual Efficiency Scale, preschool age children, 10261
- repetition vs discrimination of same different pairs of nonsense syllables, 4 8 yr olds, 8885
- reversible active vs passive sentence presentation & mean length of utterance, word order & sentence comprehension, 19 38 mo olds, 10856
- reward, probability learning, preschool age children, 8869
- Rossano tests & separated E & orientable optotype, visual acuity measurement, 5 6 & 9 11 yr olds, 2246
- self- & mother-concept, black vs white 3 6 yr olds, need for longitudinal studies of self-esteem, 8900
- sentence presentation containing nested & self-embedded relative clause combinations, imitation, 4 vs 6 vs 8 yr olds vs college students, 716
- sentence recall task using meaningful & anomalous & random word groups, semantic & syntactic development, lower-class black & middle- & lower-class white kindergartners & 1st & 3rd graders, 6847
- sex & cultural differences, nonverbal interactions, English vs Bushman 2-6 yr olds, 5054
- sex differences, play activities & social interaction, nursery school children, 4886
- sex differences, relationship between cognitive style & intelligence, disadvantaged preschoolers, 250
- sex-role identification, humor based on sex-inappropriate behavior, 3 5 yr olds, 6878
- shading & linear perspective & position on plane & monocular vs binocular viewing, sensitivity to pictorial depth, 36-93 mo olds, 8218
- Sheridan Tests for Young Children & Retardates graded-balls visual acuity measurement, normal 2yr olds & handicapped children under 12 yrs old, 8274
- sibling structure & interaction, categorization style, kindergartners & 2nd graders & 2 & 4 yr older siblings, 6842
- signal detection model associating positive vs negative evaluative responses, racial attitudes, black vs white preschoolers, 2872
- similarity between classical conditioning & 1st language acquisition, young children, 10842
- simple reaction time task performance, heart rate & irrelevant somatic activity, 4 vs 5 vs 8 vs 10 yr olds vs college students, 10834
- single paired-associates list, immediate vs delayed recall, 3 vs 6 vs 9 yr olds, 6853
- size concept-discrimination problem-solving, U.S. nursery schoolers vs Netherlands West Indies kindergartners, 4943
- social & emotional adjustment measures, preschool age & infant retardates with cerebral palsy, 3504
- social class & associated variables, intelligence, 5 yr olds, 725
- social interactions representing happy & afraid & sad & angry emotions, empathy development, Chinese vs American middle-class vs disadvantaged 3 6 yr olds, 6882
- social reinforcement, form diversity & emergence of new forms in blockbuilding, 4-yr-old females, 772
- socioeconomic status & cognitive style, free-play & school-related tasks, kindergartners, 10857
- socioeconomic status & parental punishment & IQ & sex, aggressive behavior, 3 & 5 & 7 & 9 yr olds, longitudinal study, 2821

- socioeconomic status, conservation of identity & equivalence, lower- & middle-class kindergartners & 1st & 2nd graders, 4864
- sound & speechreading & fingerspelling & signs & printed words, receptive communication, deaf 4-6 yr olds, 5527
- spatial localization development, 3-5 yr olds, 4840
- speech & language training program, esophageal sound production & articulation & language expression, 2-yr-old laryngectomized boy, 7579
- speech usage, frequency of disfluency, 4-yr-old nursery school boys, 9079
- square & diamond frameworks, discrimination of differently orientated lines, 4 & 5 yr olds, 10815
- statistical correlation, Slosson Intelligence Test & Stanford-Binet Intelligence Scale, 4 12 yr olds, 8016
- Stephens Delys Reinforcement Contingency Interview, assessment of locus of control, preschool & older children, 6880
- stimulus control vs reinforcement control effects, imitative behavior, 3-5 yr olds, 2315
- stimulus familiarity/novelty, preferences for letters vs letter-like shapes, 5 vs 10 yr olds, 10841
- stimulus parameter of physical environment, children's play behavior, 4 5 yr olds, 8477
- stimulus physical size & age, age judgments using human figures drawings & photographs, 3 9 yr olds, 4857
- stimulus-response similarity, match-to-sample performance, 4 5 yr olds, 8406
- structured vs unstructured activity, development of rhythmic behavior, preschool children, 755
- surface structure complexity & transformational sentence type & sentence length, sentence imitation, 4-5 yr olds, 2789
- syllable complexity, syntactic & phonemic errors in sentence repetition, 4-6 yr old with deviant speech, 11420
- systematic social & token reinforcement, modification of racial & color concept attitudes, black & white preschoolers, 6900
- tachistoscopically presented simple geometric forms & spatial position markers, processing & memory of identity vs position information, kindergartners vs 3rd vs 6th graders vs adults, 10858
- teacher praise & criticism & directions & affection & responses, task behavior, preschoolers, 7887
- temperamental characteristics & behavioral disorders, 3 7 yr olds with at least 1 mentally ill parent, 1244
- temporal clusters & individual differences, play & social interaction, preschool children, 4898
- temporal pairing & presence of common attributes in different discriminanda, reversal & nonreversal shifts, rural Mexican 4 5 vs 6 7 vs 9 10 yr olds, 2757
- temporal vs aspectual markers, verb tense form used to describe performed actions, children between ages of 2 yrs 11 mo & 8 yrs 7 mo, 6815
- thought development, preschool children, book, 2792
- topic of death in curriculum, guidelines for teachers of preschoolers, 3854
- training mothers in behavior modification principles, play interaction, 4 10 yr old educable mental retardates, 9734
- transitive inference in young children, criticism of P. E. Bryant & T. Trabasso's claims & reply by Bryant, 6873
- TV viewing habits, male vs female 3 vs 4 vs 5 yr olds from upper socioeconomic backgrounds in New Zealand, implications for language development & learning, 10851
- urban vs rural-provincial origin & family socioeconomic status, ability level before school entry & later scholastic success, Slovenian preschool age children, 3922
- Utah Test of Language Development, screening language disabilities, kindergartners, 9456
- validity of Rhode Island Pupil Identification Scale, early detection of learning problems, kindergartners & 1st & 2nd graders, 3485
- verbal discrimination training vs discussion group, training to consider intentions when making moral judgments, 48 54 mo olds, 705
- verbal interaction patterns in home, mothers & their familial children & 4 yr olds & other persons, 6886
- verbal labels vs perceptual cues, positive transfer, kindergartners & 2nd graders, 10870
- verbal rule instruction concerning identity vs reversibility, conservation of discontinuous & continuous quantity, 5 yr olds, 6851
- verbalization, autoregulation discriminative responses to visual stimuli, 3 4 yr olds, 4838
- visual & haptic dimensional preference for planometric stimuli, preschoolers & kindergartners & 1st graders, 2153
- visual &/or verbal feature emphasis, acquisition & transfer of form discrimination, kindergartners, 10840
- visual perceptual abilities, hearing vs deaf 4.4 6.8 yr old boys, 3515
- visual vs visual-haptic training with complex unnamed shapes, performance on visual & cross-modal matching tests, 3- vs 5-yr-olds, 6821
- visual-motor training, perceptual-motor adequacy & cognitive development & scholastic success, orthopedically handicapped preschoolers, 9945
- voice therapy, elimination of voice abuse, language-delayed Head Start 4 5 yr olds, 7425
- Wechsler Preschool & Primary Scale of Intelligence & Rutgers & Goodenough & Goodenough-Harris IQ scores, lower socioeconomic black 3 5 yr olds, 9964
- Wechsler Preschool & Primary Scale of Intelligence vs Stanford Binet Intelligence Scale scores, disadvantaged preschool children, 5960
- 2-choice discrimination procedure, receptive vocabulary skills, delayed vs nondelayed 18 & 27 mo olds, 7429
- Preschool Education**
- Buctouche preschool project evaluation, cultural deficit alleviation & school readiness growth stimulation, preschoolers, Canada, 3899
- color distraction, color vs form response on matching task, nursery school vs nonschooled Ghanaian 3 6 yr olds, 4827
- creative acts in children's play, traditional nursery school program evaluation, 3846
- enrichment preschooling, vocabulary vs auditory association vs grammatic closure vs operational thinking, white vs black 5 6 yr olds, 8 mo follow-up, 9881
- integration into regular preschool, hearing impaired children, 3944
